WHAT IS THE RECOVERY & RESILIENCY FRAMEWORK?
The Framework is a vision for how the County will recover from the October 2017 wildfires, a vision for a resilient future, and an approach to achieve it. The Framework is a foundation for integration of recovery efforts County-wide, and is informed by residents, community partners, County departments, cities and other jurisdictions in the County.

The Framework draws from the structure, functions, roles, and principles in the Federal Emergency Management Agency’s National Disaster Recovery Framework (NDRF). Like the NDRF, the Framework serves as a platform and forum for the ways the County and community build and sustain recovery capabilities. A focus of the Framework is planning and preparedness before a disaster occurs. Planning includes coordination with partners, risk mitigation, continuity planning, identifying resources and developing capacity to manage the recovery process.

WHAT ARE THE 5 STRATEGIC AREAS OF RECOVERY?
The Framework is structured around recovery efforts in five critical strategic areas –

- **Strategy Area 1**
  COMMUNITY PREPAREDNESS & INFRASTRUCTURE
  County-wide awareness, Infrastructure, systems

- **Strategy Area 2**
  HOUSING
  Diverse, affordable, accessible places to live

- **Strategy Area 3**
  ECONOMY
  New jobs, businesses, opportunities

- **Strategy Area 4**
  SAFETY NET SERVICES
  Care for people who need extra help

- **Strategy Area 5**
  NATURAL RESOURCES
  Healthy and well-managed land and water
WHAT ARE THE FRAMEWORK’S GUIDING PRINCIPLES?
The ways that we plan for the next disaster, incorporate input, collaborate to build the right capabilities, mitigate threats, care for our citizens, and implement the goals and actions in this Framework are guided by the following core principles:

- Social Equity
- Pre-Disaster Recovery Planning
- Leadership and Local Primacy
- Engaged Partnerships
- Timeliness and Flexibility
- Resilience and Sustainability
- Unity of Effort
- Psychological and Emotional Recovery

HOW CAN INDIVIDUALS BE PREPARED?
In a disaster, community members should be prepared with a minimum of 72 hours worth of essential supplies for you, your family, and your pets. Learn how to prepare for disasters, including what to add to your preparedness kits, sign up for alerts, and find detailed information during active emergencies at SoCo Emergency: https://socoemergency.org/
