

Paid Candidate Statements

Statements are prepared by the candidate and are printed at the expense of the candidate unless otherwise determined by the governing body. Statements can be translated by a third party and printed in Spanish at an additional cost. Each candidate's statement is printed exactly as submitted by the candidate, including errors. A full list of candidates appears on the Sample Ballot, minus any qualified write-in candidates.

Member of the State Assembly, 10th District	Member of the State Assembly, 10th District
<p>VERONICA "RONI" JACOBI</p> <p>We need bold optimal action for climate solutions now! As an engineer, mother, foster-mother, former Santa Rosa Councilwoman, bilingual and raised by immigrant grandparents, I have the passion, education, experience, heart, and grit to make wise use of our hard-earned tax dollars. I'm promising 25% of my Assembly salary to nonprofits. I've created the "California Good Jobs, Housing and Climate Plan" for our urgently needed changes. This includes interwoven affordable housing and food security, fire defense, forest management, drought readiness, carbon pollution fees, public banking, and carbon-farming incentives. We have what's needed to solve climate disruption, but we need political will. I have the will! I'll stand strong for clean water, air, and energy; youth-enriching schools; regenerative agriculture; gun control; and user-friendly transit. I'll safeguard neighborhoods, greenbelts, coastal areas, and parks. I'm committed to universal healthcare, government transparency, fiscal responsibility, campaign finance reform, and cost-effective infrastructure maintenance. I co-founded Sonoma County Water Coalition; founded OurGreenChallenge.org; Served on executive boards: Sierra Club Sonoma Group, Sonoma County Conservation Council, National Women's Political Caucus; provided family eldercare; coached Special Olympics. I have been endorsed by former Congresswoman Lynn Woolsey; Marsha Dupre and Matt Maguire, former Councilmembers; by Norman Solomon, Richard Meinberg, Dan Monte and by many local leaders and residents, giving these reasons: integrity, intellect, leadership, energy engineering experience, accomplished civic record, listening skills, compassion, exceptional preparation, creativity, determination, multi-solutions systems thinking. Elect a community and environmental award-winner who's advanced climate progress for over 20 years. Together, let's champion solutions for our future! I respectfully request your vote. We live in an amazing place and I'm proud to represent you in the State Assembly.</p> <p>Together, we've protected our natural resources, made progress on building an economy that works for everyone, repaired California's failing infrastructure, increased wages and benefits for working families, and assured that underserved communities don't fall through the cracks.</p> <p>Today, we're faced with enormous challenges. The COVID-19 pandemic and a reality check on racial equality require us to never go back to normal. We must work toward health and social equity. My guiding principles include advancing an informed and independent perspective in the Legislature.</p> <p>At a time when California is not getting the support or cooperation we deserve from the federal government on issues we care about, I will continue fighting for the values of Californians.</p> <p>Partnering with local leaders, nonprofits, and advocacy groups, I am proud that we have advanced policies to: expand access to healthcare, fight for equality, prioritize the climate crisis, safeguard communities from wildfires, regulate PG&E, protect human rights of immigrants, reinvest in our schools, keep assault weapons off our streets, and keep pressure on San Quentin so we never repeat the mistakes that led to the disastrous transfer of COVID positive prisoners.</p> <p>There is only one California. The world often follows California's leadership in setting public policies that enhance our quality of life. I am honored to serve you in this process and respectfully ask for your vote.</p>
