RE: Addendum #1 to 2021 CoC Local RFP – New Projects from Reallocated Dollars

September 3, 2021 the Sonoma County Continuum of Care released its local Request for Proposals (RFP) for the 2021 Continuum of Care Competition. The Request for Proposals included information about both funding for new Bonus projects, DV Bonus Projects, reallocation, and renewals of existing projects.

After the release of the RFP, additional funding through strategic reallocations of existing funding to create new projects was made available. A total of \$503,912 is now available for new projects through reallocation.

New projects created with reallocated dollars are limited to the following projects:

- Permanent Supportive Housing (PSH) projects that serve 100% chronically homeless individuals and families or meet the requirements of DedicatedPlus as defined in Section III.C.3.F of the FY 2018 NOFA
- Permanent housing-Rapid Re-Housing Projects (PH-RRH) serving individuals, transition age youth, or families. Priority is given to PH-RRH projects that serve 100% chronically homeless.
- Joint Transitional Housing-Rapid Re-Housing Projects (PH-RRH) which include transitional housing and permanent housing-rapid rehousing in a single project to serve individuals and families experiencing homelessness, including victims of domestic violence. Joint TH-RRH projects serving 100% chronically homeless are given priority.
- Homeless Management Information System (HMIS) Project that can only be carried out by the HMIS Lead, which is the recipient or subrecipient of an HMIS grant, and that is listed on the HMIS Lead form in the CoC Applicant Profile in e-snaps (and HMIS Lead can also apply for funding for comparable database for victim service providers).
- Coordinated Entry System Supportive Services Only Project to develop or operate a centralized coordinated assessment system.

Scoring for projects created through reallocation will be the same as scoring for Bonus Projects.
