

# BIKE RACK BEAUTIFICATION PROJECT

Sonoma County Transit

April 2022

This document includes preliminary staff recommendations for bike rack installation.

**Bus stop #323**

Location HWY 12/ Thompson Ave	Landmark Park and Ride lot/AC. Beacon Gas	Routes 30, 32, 34
----------------------------------	---	----------------------

**Recommendation:**

Highly Suggest installation

**Approval needed:**

This park and ride is operated by Sonoma County Transit. No external approval required.

**Projected work required:**

Would require installation of small concrete pad along red circles. If the slope in the bark causes installation issues, may install on existing sidewalk (blue rectangle).

**Notes:**

Due to the slope closest to the bus stop, the recommendation is for the rack to be installed approximately 53 feet east of the bus stop. There are also destinations nearby that would benefit from the additional bike parking (ice cream shop).

**Bus stop #322**

Location HWY 12/ Siesta Way	Landmark Siesta Plaza/Ac. Beacon Gas	Routes 30, 32, 38
--------------------------------	---	----------------------

**Recommendation:**

Highly Suggest installation

**Approval needed:**

This may require Caltrans approval

**Projected work required:**

Install only

**Notes:**

The bike rack would be installed on the 3-foot wide strip running adjacent to the simme seat. Due to the asphalt it would need to be along the concrete space available. This would allow for 3 parked bikes and ADA accessibility.

**Bus stop #319**

Location Verano Ave/Main Street	Landmark Maxwell Farm Regional Park	Routes 30, 32, 34
------------------------------------	--	----------------------

**Recommendation:**

Highly Suggest installation

**Approval needed:**

-

**Projected work required:**

Install only

**Notes:**

The bike rack would be installed on the 6 foot by 4 foot space available adjacent to the shelter.

**Bus stop #290**

(google image not up to date)

Location Verano Ave/West of Main St	Landmark Intersection/FAHA	Routes 30, 34, 38
--	-------------------------------	----------------------

**Recommendation:**

Highly Suggest installation

**Approval needed:**

-

**Projected work required:**

Install only

**Notes:**

Installation at 6 foot by 4-foot pad to the right of the shelter

**Bus stop #287**

Location HWY 12/ Encinas	Landmark Ac. Brookside Mobile Manor	Routes 30
-----------------------------	--	--------------

**Recommendation:**

Suggest installation

**Approval needed:**

This may require Caltrans approval

**Projected work required:**

Install only

**Notes:**

Installation adjacent to the bench. SCT also plans on replacing the existing bench.

**Bus stop #321**

Location HWY 12/ Encinas	Landmark Brookside Mobile Manor	Routes 30, 32
-----------------------------	------------------------------------	------------------

**Recommendation:**

Suggest installation

**Approval needed:**

This may require Caltrans approval or property owner

**Projected work required:**

A small pad will need to be poured next to the existing bus pole.

**Notes:** There is a slope that may require additional work.

**Bus stop #288**

Location HWY 12/ Verano	Landmark McDonald's	Routes 30, 34
----------------------------	------------------------	------------------

**Recommendation:**

Suggest installation

**Approval needed:**

This may require Caltrans approval and/or McDonald's

**Projected work required:**

Would need input from McDonald's regarding placement, but could be located to the rear of existing Simme seat.

**Notes:** The current Simme seat will need to be relocated, adjacent to the light standard due to ADA requirements.

**Bus stop #825**

Location Railroad Ave./Cherry Ave	Landmark @stop sign	Routes 32, 34
--------------------------------------	------------------------	------------------

**Recommendation:**

Suggest installation

**Approval needed:**

This may require Caltrans approval and/or property owners.

**Projected work required:**

A small pad would need to be poured on current landscaping.

**Notes: -**

**Bus stop #291**

Location Verano Ave/Willow	Landmark @intersection/Ac from Willow St	Routes 30, 34
-------------------------------	--	------------------

**Recommendation:**

Suggest installation

**Approval needed:**

This may require Caltrans approval and/or property owners.

**Projected work required:**

A small pad would need to be poured on current landscaping.

**Notes:** A Simme seat would be installed in addition to the bike rack. Landscaped piece is 4-foot wide, allowing for two bikes to be parked.

**Bus stop #318**

Location Verano Ave/Willow	Landmark East of intersection by cul-de-sac sign	Routes 30, 32, 34
-------------------------------	---	----------------------

**Recommendation:**

Suggest installation

**Approval needed:**

This may require Caltrans approval and/or property owners.

**Projected work required:**

A small pad would need to be poured on current landscaping.

**Notes:** A Simme seat would be installed in addition to the bike rack. Landscaped piece is at a slope and additional work may be necessary.

**Bus stop #329**

Location Agua Caliente/Lake Street	Landmark Along Sonoma Village Apartments	Routes 32, 34
---------------------------------------	--	------------------

**Recommendation:**

Possible installation

**Approval needed:**

This may require approval by property owners.

**Projected work required:**

A small pad would need to be poured on current landscaping. Note: due to the slope a retaining wall may be needed and there are potential irrigation issues.

**Notes:** A Simme seat would be installed in addition to the bike rack. Landscaped piece is at a slope (3-feet of flat prior to slope) and additional work may be necessary.

**Bus stop #281**

Location HWY 12/Mountain Ave	Landmark Svc.	Routes 30, 32, 34
---------------------------------	------------------	----------------------

**Recommendation:**

Suggest installation

**Approval needed:**

This may require approval by Caltrans

**Projected work required:**

-

**Notes:** Installation at rear of the sidewalk would allow for 4-feet of sidewalk and 2-feet for bike. That would allow for one bike to be parked on the sidewalk and one to be parked in the landscaped area.

## Bus stop #282

Location HWY 12/ Lichtenberg Ave	Landmark East of Sonoma Auto Svc.	Routes 30, 32, 34
-------------------------------------	--------------------------------------	----------------------

### Recommendation:

Suggest installation

### Approval needed:

This may require approval by Caltrans

### Projected work required:

A small pad would need to be poured on the landscaping.

**Notes:** Installation at rear of the sidewalk in the landscaping to allow for ADA accessibility.

## Bus stop #324

Location HWY 12/ Boyes Blvd	Landmark Ac. Boyes Hot Springs Post Office	Routes 30, 32, 34
--------------------------------	---	----------------------

### Recommendation:

Suggest installation

### Approval needed:

This may require approval by owner of lot.

### Projected work required:

A small pad would need to be poured into the landscaping.

**Notes:** The pad could be poured at the rear of the shelter or near the adjacent fence which would allow for one bike to be parked.

## Bus stop #292

Location Verano Ave/Bay Street	Landmark North of El Verano P.O.	Routes 30, 32, 34, 38
-----------------------------------	-------------------------------------	--------------------------

### Recommendation:

Possible installation

### Approval needed:

Approval required by owner of lot.

### Projected work required:

A small pad would need to be poured into the landscaping of a residential home.

**Notes:** The pad could be poured at the rear of the bus stop and include a Simme seat.

## Bus stop #320

Location HWY 12/ Verano	Landmark Vineyard Shopping Ctr/Pals Grill	Routes 30, 32, 38
----------------------------	---	----------------------

### Recommendation:

Possible installation

### Approval needed:

Approval required by owner of shopping center

### Projected work required:

A small pad would need to be poured into the landscaping and possibly a retaining wall due to the slope.

**Notes:** If we proceed we should have the easement include space for the bench to allow adequate access to sidewalk.

---

Bus Stops that are not viable candidates for  
bike rack installation.

*Many of these location have issues related to ADA accessibility and  
do not support installation.*

---

## Bus stop #327

Location HWY 12/Marin Ave	Landmark Cannon School of Music	Routes 30, 32
------------------------------	------------------------------------	------------------

### Notes:

Due to the retaining wall, space is limited and installation would block ADA accessibility.

## Bus stop #284

Location HWY 12/ Hawthorne Ave	Landmark East of BBQ Smokehouse/AC. West Handmade burgers	Routes 30
-----------------------------------	--	--------------

### Notes:

Installation would impede ADA accessibility.

## Bus stop #286

Location HWY 12/ Siesta Way	Landmark Beacon Gasoline/Ac. Fiesta Plaza	Routes 30
--------------------------------	--	--------------

### Notes:

Could only be installed if on the gas station property and would potentially cause a hazard to cars entering and exiting the station.

## Bus stop #326

Location HWY 12/Mountain Ave	Landmark AC. La Morenita Market 2- turnout	Routes 30, 32, 34
---------------------------------	--	----------------------

### Notes:

Bike rack installation would impeded ADA accessibility.

## Bus stop #279

Location Agua Caliente/Hwy 12	Landmark Across from Fire-Station	Routes 30, 34
----------------------------------	--------------------------------------	------------------

### Notes:

Bike rack installation would require a retaining wall be put in by property owners.

## Bus stop #293

Location Grove St/Bay Street	Landmark E. of Bay St Turnout	Routes 30, 32, 34
---------------------------------	----------------------------------	----------------------

### Notes:

No sidewalk available for installation. This is a gravel space in front a residence. However, SCT is considering installing a Simme seat.

## Bus stop #317.1

Location Railroad/Craig Ave	Landmark Craig Ave Baptist Church	Routes 34
--------------------------------	--------------------------------------	--------------

### Notes:

The surroundings do not represent a need for a bike rack and space is not available to ensure ADA accessibility. The church could provide easement on property for bike rack.

## Bus stop #826

Location Railroad/Craig Ave	Landmark @stop sign	Routes 32, 34
--------------------------------	------------------------	------------------

### Notes:

#### Not Viable

The surroundings do not represent a need for a bike rack and space is not available to ensure ADA accessibility. Although there is room near crosswalk it would impede access to the slope.

## Bus stop #317.2

Location Railroad Ave./Cherry Ave	Landmark @intersection	Routes 34
--------------------------------------	---------------------------	--------------

### Notes:

There are no sidewalks for installation. Area does not support the need for a bike rack.

## Bus stop #289

Location HWY 12/ Main Street	Landmark AC. Maxwell Farms Regional Park/W. of McDonalds	Routes 30, 34
---------------------------------	--	------------------

### Notes:

This stop is located in a bike lane and pedestrian foot path.

## Bus stop #330

Location Agua Caliente/Lake Street	Landmark By Spring Creek Apartments	Routes 30, 32, 34
---------------------------------------	--	----------------------

### Notes:

Location does not have enough sidewalk space to accommodate. Possible with easement into landscaped area but would have to be to the right of the footpath. 60 inches of sidewalk giving only 12 inches for the rack.

## Bus stop #278

(google map image out of date)

Location Agua Caliente/Lake Street	Landmark At Speed limit sign	Routes 30, 34
---------------------------------------	---------------------------------	------------------

### Notes:

Sidewalk space will not accommodate ADA standards. Due to tree roots, pad could not be placed in the dirt.

## Bus stop #280

(google map image out of date)

Location HWY 12/Marin Ave	Landmark East of Marin Ave & Sonoma Teen Svc.	Routes 30
------------------------------	---	--------------

### Notes:

#### Not Viable

Bike racks would impede ADA accessibility and utility boxes would not allow for any additional amenities at this stop.

## Bus stop #325

Location HWY 12/ Lichtenberg Ave	Landmark East of Sonoma Auto Svc.	Routes 30, 32, 34
-------------------------------------	--------------------------------------	----------------------

### Notes:

Not enough distance between retaining wall and curb for ADA access.

## Bus stop #283

Location HWY 12/ Boyes Blvd	Landmark Sonoma Mission Inn/W. of BHS USPS	Routes 30
--------------------------------	--	--------------

### Notes:

Not enough distance between retaining wall and curb for ADA access.
