

## Springs Municipal Advisory Council Consejo Asesor Municipal de los Springs

### Ad Hoc Update/Actualización de Ad Hoc

**Ad Hoc name/Nombre de Ad Hoc:**

Bicycle Rack Ad Hoc

**Meeting date/Fecha de Reunión:**

August 9, 2023

**Project description/descripción de proyecto:**

Goal: To beautify the Springs by placing 5 bicycle racks along Highway 12 corridor at SC Transit bus stops

- The Ad Hoc has worked in collaboration with Art Escape and Sonoma County Transit.
- SC Transit provided an analysis of the potential sites, funding for the bike racks and installation once the MAC decides on the locations.
- Art Escape provided the artistic talent, expertise and time to beautify the racks.

Image: vinyl wrapped bicycle racks. Pictured from left to right Springs MAC member Jesus Alcaraz, ArtEscape Director Kate Otorlongo, Supervisor Susan Gorin.

**Current update/Actualización:**

- Racks have been wrapped and delivered to Supervisor Gorin's office.
- Racks are ready to be installed.
- Installation: If it simply is installing the bicycle racks on existing sidewalks, installation can take one or two days. If constructing a new concrete slab or if other modifications are necessary, installation will take longer. SC Transit will also like to install new electronic real-time signs at the stops with the new bicycle racks.
- Seek council approval on final 5 locations to install bicycle racks.
  1. Bus Stop 323  
HWY 12/Thompson
  2. Bus Stop 322  
HWY 12/Siesta Way
  3. Bus Stop 320  
HWY 12/Verano
  4. Bus Stop 324  
HWY 12/Boyes Blvd
  5. Bus Stop 281  
HWY 12/Mountain Ave
- Ribbon cutting ceremony—should we do one? Need budget for ribbon unless we have donation from an organization/ArtEscape?

**Next steps/Pasos a seguir:**

- After today's approval, the Ad Hoc will reach out to SC Transit with approved sites for installation.
- Work on ribbon cutting event, press release, flyer, outreach

**Council Questions, Thank you!/Preguntas del consejo, Gracias!**
