LOCATION

The work to be done and referred to herein is in Sonoma County, State of California, and is the OBAG 2-REHABILITATION OF VARIOUS ROADS, FEDERAL AID PROJECT NO. STPL 5920 (166). Project shall be constructed in accordance with the Special Provisions (including the payment of not less than the minimum wage rates set forth therein) and the contract annexed hereto and also in accordance with the Project Plans, Standard Plans, dated 2018, the Standard Specifications, dated 2018, the current General Prevailing Wage Rates according to the California Department of Industrial Relations, and the current issue of the California Department of Transportation publication entitled "Labor Surcharge and Equipment Rental Rates," on file with the California Department of Industrial Relations (telephone 415 703-4774).

Bids are submitted for the entire work. The total amount of the bid for comparison purposes will be determined on the basis of item price and then the total of the individual items. The total of unit basis items will be determined by extension of the item price bid on the basis of the estimated quantity set forth for the item.

The bidder shall set forth for each item of work, in clearly legible figures, an item price and a total of the item in the respective spaces provided for this purpose. In the case of unit basis items, the amount set forth under the "Total" column shall be the extension of the item price bid on the basis of the estimated quantity for the item.

In case of discrepancy between the unit price and the total set forth for a unit basis item, the unit price shall prevail, except as provided in (a) or (b), as follows:

- (a) If the amount set forth as a unit price is unreadable or otherwise unclear, or is omitted, or is the same as the amount as the entry in the item total column, then the amount set forth in the item total column for the item shall prevail and shall be divided by the estimated quantity for the item and the price thus obtained shall be the unit price;
- (b) (Decimal Errors) If the product of the entered unit price and the estimated quantity is exactly off by a factor of ten, one hundred, etc., or one-tenth, or one-hundredth, etc. from the entered total, the discrepancy will be resolved by using the entered unit price or item total, whichever most closely approximates percentage-wise the unit price or item total in the County of Sonoma's Final Estimate of cost.

If both the unit price and the item total are unreadable or otherwise unclear, or are omitted, the bid may be deemed irregular. Likewise if the item total for a lump sum item is unreadable or otherwise unclear, or is omitted, the bid may be deemed irregular unless the project being bid has only a single item and a clear, readable total bid is provided.

Symbols such as commas and dollar signs will be ignored and have no mathematical significance in establishing any unit price or item total or lump sums. Written unit prices, item totals and lump sums will be interpreted according to the number of digits and, if applicable, decimal placement. Cents symbols also have no significance in establishing any unit price or item total since all figures are assumed to be expressed in dollars and/or decimal fractions of a dollar. Bids on lump sum items shall be item totals only; if any unit price for a lump sum item is included in a bid and it differs from the item total, the items total shall prevail.

The foregoing provisions for the resolution of specific irregularities cannot be so comprehensive as to cover every omission, inconsistency, error or other irregularity which may occur in a bid. Any situation not specifically provided for will be determined in the discretion of the County of Sonoma, and that discretion will be exercised in the manner deemed by the County of Sonoma to best protect the public interest in the prompt and economical completion of the work. The decision of the County of Sonoma respecting the amount of a bid, or the existence or treatment of an irregularity in a bid, shall be final.

It is hereby agreed that the undersigned, as bidder, shall furnish a Faithful Performance Bond and a Labor and Materials Bond, each in the amount of one hundred percent (100%) of the total amount of this Proposal, to the County of Sonoma and at no expense to said County, executed by a responsible surety acceptable to said County, in the event that this Proposal is accepted by said County of Sonoma.

If this Proposal shall be accepted and the undersigned shall fail to contract as aforesaid and to give the bond in the sum to be determined as aforesaid, with surety satisfactory to the Department of Transportation and Public Works of Sonoma County, within 8 days, not including Saturdays, Sundays and legal holidays, after the bidder has received notice that the contract has been awarded, the Department of Transportation and Public Works may, at its option, determine that the bidder has abandoned the contract, and thereupon this Proposal and the acceptance thereof shall be null and void and the forfeiture of such security accompanying this Proposal shall operate and the same shall be the property of the County of Sonoma.

The undersigned, as bidder, declares that the only persons or parties interested in the Proposal as principals are those named herein; that this Proposal is made without collusion with any other person, firm, or corporation; that he has carefully examined the location of the proposed work, the annexed proposed form of contract, and the plans therein referred to; and he proposes and agrees if this Proposal is accepted that he will contract with the County of Sonoma, in the form of the copy of the contract annexed hereto, to provide all necessary machinery, tools, apparatus and other means of construction, and to do all the work and furnish all the materials specified in the contract, in the manner and time therein prescribed, and according to the requirements of the Engineer as therein set forth, and that he will take in full payment therefor the following item prices, to wit:

OBAG 2 – Rehabilitation of Various Roads
COUNTY PROJECT NO. C14050
FEDERAL AID PROJECT NO. STPL 5920 (166)

ADDENDUM NO. 2

I. Bidder Inquiries

1. Question: *“The current bid date of January 4, 2021 falls on the Monday after the New Year weekend. As our office is typically closed between Christmas and New Year’s Day bidding a project on January 4th, 2021 will be difficult.*

We are requesting that the County revise the bid date to the second week of January (January 11th) or later.”

Response: Bid opening date has been moved to January 12, 2021.

2. Question: *“In review of the above project, there are a number of quantity breakdowns missing for the Dutton Ave section of roadway. Will these be forthcoming?”*

Response: Revised Plan Sheet 14 is included in this Addendum 2 as Attachment A. This includes added quantity tables for Minor Concrete and Overlay Asphalt Concrete.

3. Question: *“Another questions. Caltrans Permits Attachment B. I did not see these in the specifications.”*

Response: This was included in Addendum 1 as Attachment A.

4. Question: *“Per SP80 84-9.03B They say remove thermoplastic stripes and marking. Please provide a quantity for the amount of removal to be included in the paid bid item.*

Response: Existing thermoplastic traffic stripes may remain. Pavement markings shall be removed prior to paving. Quantity for existing pavement markings to be removed is approximately equal to the amount to be placed shown in the quantity tables for each road.

5. Question: *“The specification are telling me what the Caltrans Encroachment Permits may cost, but do not mention the City Of Santa Rosa. Can you let me know what the Santa Rosa Permit cost is?”*

Response: Please contact City of Santa Rosa to determine these encroachment permit costs.

6. Question: *“There are not quantity summaries given for the work on Dutton Ave for the ADA Ramps or HMA Overlay items of work. Please provide as provided for the work on Corby and Stony Point.”*

Response: These quantities are shown on Revised Plan Sheet 14 attached as Attachment A to this Addendum 2.

7. Question: *“Sheet 21 shows a gas valve to be adjusted to grade on Dutton Avenue near the intersection with Hearn Ave. There is no bid item for adjust gas valve to grade on the Dutton Ave. bid schedule. How will this work be paid?”*

Response: PG&E is to adjust this gas valve cover with own forces.

8. Question: *“Will the County consider extending the bid date for this project? With the holidays and new year in the coming weeks it may be difficult to get pricing from all qualified subcontractors and suppliers.”*

Response: Yes, bid opening date is moved to January 12, 2021.

II. Changes to Notice to Bidders:

- NTB 1, 2nd Sentence in first paragraph is changed to read: “The County requires that bidders submit their bids electronically on the County’s Supplier Portal, until 2:00 p.m., as determined by the time and date stamp on the Supplier Portal on January 12th, 2021.
- NTB 2, last paragraph is changed to read: “Technical questions should be emailed to Anthony Moore at tpwbidinquiries@sonoma-county.org at the Department of Transportation and Public Works. Only questions received no later than December 31st, 2020 will receive a response.”
- NTB 3, first paragraph is changed to read: “A final Addendum, if necessary, will post on the County’s Supplier Portal on or before January 7th, 2021.

III. Changes to Plans:

ADDENDUM NO. 3

I. Bidder Inquiries

1. Question: *“Can you please let me know what the DBE goal is for this project?”*

Response: The DBE goal is 12% (Revised per this Addendum 3)

2. Question: *“Removal of the existing Guardrail wood posts and blocks involves handling and disposal of Treated Wood Waste (TWW). Enclosed please find several e-mails relative to current discussions and negotiations with State Agencies pertaining to handling of TWW. The Special Provisions for this project do not address the TWW generated by this project. The County is considered the "Generator" of the TWW. How does the county want the disposal of this Hazardous Waste to be Bid, so that all Bidders are on the same page, ie: Deliver the TWW to the County yard for disposal by the County?”*

Response: Wood posts for guard rail to be removed are to be considered treated wood waste. As of January 1, all treated wood waste is considered to be hazardous waste and must be transported to a California Class I disposal facility. The two operating facilities in California are Clean Harbors Buttonwillow and CWM Kettleman Hills. Out of state disposal is not permitted.

3. Question: *“Anthony – I hope being one day late will not affect being able to respond to the questions I have in regards to the guardrail work on this project.”*

On Stony Point Road we are tying into the bridge rail at all 8 locations. The existing guardrail is not Midwest and there for is not at 31” in height. Our new railing is Midwest so it will be 31” in height. This will mean we cannot connect to the bridge as it is currently and new bridge connections will need to be designed. Who is covering the costs to redesign, build and install these bridge connections? I have attached a drawing trying to show what is different. There are no standard drawings showing how to connect from Midwest guardrail to this style bridge rail.

Second question is that the Comments state we are to install 25’ of Strengthened Midwest Guardrail System. In looking at the bridges we can only get 7 posts at the 3’ 1.5” spacing as required by the Cal Trans Standard plans for the strengthening. I have marked up a plan sheet to make sure I am seeing it

how you expect it to be built and in accordance with Cal Trans Standards for Strengthening Midwest Guardrail Systems”.

Response: Question 1 – The new SRT 350-31 terminal system top of rail will be at 31” height for the length of 37.5 LF. The remaining 25 LF of rail will be the transition from the 31” height to the bridge rail at 27” height to top of rail.

Response: Question 2 – Match existing 7 post layout for strengthened Midwest Guardrail post section. First 3 posts are 10” x 10” x 8’ wood posts with 8” x 8” x 1’-1/2” wood blocks (Steel posts with plastic blocks may be substituted as described in Caltrans Standard Plan A77R6). Remaining 4 posts are standard size with 3’-1-1.2” spacing.

II. Changes to Notice to Bidders:

- NTB 2, under “General Information”, DBE Contract Goal is changed from 14% to 12%.
- NTB 2, 4th paragraph from the top is changed to read: “The Contractor shall possess a Class A license and a Hazardous Substance Removal Certificate at the time of bid submittal.”

III. Changes to Special Provisions:

- Page SP 75 – Under Section 83. Railings and Barriers, **Add to Section 83-1.04:** Payment for disposal of treated wood waste resulting from guard rail post removal is included in payment per LF for **Remove Metal Beam Guard Rail** (Bid Item 26A and 30C).

IV. Changes to Plans:

- Depth of Replace Asphalt Concrete Surfacing on Corby Avenue and Dutton Avenue is changed from 0.50’ to 0.35’ (same total CY). See revised plan sheets 2, 8, 14 (Attachment A, B, and C of Addendum 3)
