Executive Summary:

Employees of the County of Sonoma in the job classification of Park Ranger Assistants have been in the Unrepresented Bargaining Unit 0000. The County and SEIU have reached an agreement to recognize SEIU as the exclusive representative of the Park Ranger Assistants. The actions in this item administratively implement this agreement.

Discussion:

In February 2017, SEIU filed a Meyers Milius Brown Act (MMBA) recognition petition with the Public Employment Relations Board (PERB), seeking recognition as the exclusive bargaining representative for Park Ranger Assistants employed by the County. Park Ranger Assistants are an extra-help classification and SEIU represents extra-help for classifications in their bargaining units. The County responded to PERB on April 10, 2017, stating SEIU had not filed a recognition petition with the Employee Relations Officer, as required by the Article II – Representation Proceedings, of the County’s Employee Relation’s

Policy. On April 18, 2017, PERB dismissed SEIU’s petition for recognition because the County has adopted local rules, the Employee Relations Policy, which include the process for requests for representation recognition, and PERB therefore lacks authority to process the instant recognition petition.

On July 20, 2017, SEIU filed an unfair labor practice charge with PERB, against the County. On February 8, 2018, the County and SEIU reached the attached settlement agreement in this matter, whereby the County agreed to recognize and confirm that SEIU had effectively petitioned the County for modification of the existing bargaining unit via the MMBA Petition filed with PERB in 2017. The County also agreed to stipulate to the appropriateness of the proposed modified bargaining unit. The County and SEIU agreed to proceed in accordance with the County’s Employee Relations Policy (ERP) regarding SEIU’s unit modification petition.

In accordance with the County’s ERP, the County notified the appropriate parties and employees that the petition was properly filed and provided the required open window period to allow for competing petitions. No competing petition was filed and, as agreed in the settlement agreement, the required “card check” was conducted by the State Mediation and Conciliation Services on March 21, 2018, to verify the required number of signature cards for majority designation had been obtained by SEIU. State Mediation has certified that a majority of the eligible bargaining unit members, Park Ranger Assistants, have signed membership cards. All requirements of Article II of the ERP have been met.

Human Resources recommends the Board recognize Service Employees International Union (SEIU) as the exclusive employee organization representing the job classification of Park Ranger Assistant and that the classification be placed in SEIU Service & Technical Support Non-Supervisory Unit 0005.

Charging Party,

v.

COUNTY OF SONOMA,

Respondent.

PERB Case No.: SF-CE-1503-M
SETTLEMENT AGREEMENT

In the interest of promoting harmonious labor relations between the parties and to avoid the uncertainty, inconvenience, and expense of litigation, Charging Party Service Employees International Union, Local 1021 ("SEIU") and Respondent County of Sonoma ("County"), collectively "the Parties," in settlement of the above-captioned unfair practice charge and complaint pending before the Public Employment Relations Board ("PERB"), agree as follows:

1. A dispute has arisen between the Parties regarding: (1) SEIU's February 2017 MMBA Representation Petition, filed with PERB, seeking recognition as the exclusive bargaining representative for all full-time, part-time, and extra-help Park Ranger Assistants employed by the County, and (2) the County's local rules governing representation and unit modification petitions;
2. On July 20, 2017, SEIU filed a charge against the County regarding the above-described dispute, to which the County responded on September 5, 2017. PERB subsequently issued a Complaint on November 13, 2017. On November 30, 2017, the County filed an Answer to the Complaint, denying any and all allegations of wrongdoing;
3. In consideration and exchange for the County's agreement in Paragraph 4 of this Agreement, SEIU hereby withdraws its pending Unfair Practice Charge and Case No. SF-CE-1503-M with prejudice and requests that PERB issue a Notice of Dismissal and Case Closure;

4. In consideration and exchange for SEIU's agreement in Paragraph 3 of this Agreement, the County agrees:
- a. The County recognizes and confirms that SEIU has effectively petitioned the County for modification of the existing bargaining unit via the MMBA Representation Petition Form filed with PERB in February 2017, thereby invoking the unit modification procedures set forth in the County's Employee Relations Policy ("ERP"). This stipulation is solely in furtherance of this Settlement Agreement and is non-precedential in terms of applying the ERP's unit modification procedures going forward;
 - b. The Parties will proceed in accordance with the ERP regarding SEIU's unit modification petition. For the purpose of effecting the terms of this Agreement, SEIU's petition will be deemed received by the County on the fifth business day from the date SEIU signs this Agreement. The County will stipulate to the appropriateness of the proposed modified bargaining unit;
 - c. Following completion of the applicable notice requirements in the ERP, including Article II, Section 4, the County will agree to contact the California State Mediation and Conciliation Service ("SMCS") to conduct a "card check" to determine representation of the newly added Park Ranger Assistant positions; and
 - d. In the event SMCS determines that SEIU has majority status, the County will recognize SEIU as the exclusive representative of all full-time, part-time, and extra-help Park Ranger Assistants and place those Park Ranger Assistants in the existing Service and Technical Support Non-Supervisory bargaining unit (Unit 0005). The Parties' agreement in this regard will be incorporated into the Parties' existing labor agreement upon completion of negotiations for a successor MOU.

5. This Agreement does not constitute an admission of wrongdoing, contract or statutory violation, or liability on the part of either party to this Agreement, and shall be non-precedential;
6. This Agreement represents a full and complete resolution of the claims and disputes between the Parties based upon the above-referenced matters;
7. All Parties shall bear their own costs of litigation associated with the unfair practice charge and complaint; and
8. The undersigned parties represent that they have read and understand the terms of this Agreement, and that they are authorized to execute this Agreement on behalf of their principles.

Title: Sonoma Development Center (SDC) County Input in Transition Planning

Recommended Actions:

Sonoma Development Center Transition Planning:

- A) Approve a minute order authorizing staff from various County departments and agencies to engage in the Sonoma Development Center transition planning and governance structure development.
- B) Support legislation to implement recommended governance structure consistent with County interests.

(First District)

Executive Summary:

In May 2015, Governor Jerry Brown's budget proposal called for closure of California's remaining development centers. Patient care at the Sonoma Development Center (SDC) is now mandated by the State to be terminated by the end of 2018 and the buildings shut down. The State has indicated that while they want to maintain ownership of the property that it cannot continue to be a revenue drain. The annual costs of maintaining the site, even without the residential developmental services, is estimated at between \$12-18 million per year. The almost 900 acre site has important biological and natural resources as well as being the largest employer in Sonoma Valley.

Planning as to disposition of the property is now on a fast track as Governor Brown's Administration has indicated that a plan needs to be in place by the end of the calendar year and legislative proposals to address the SDC transition needs to be considered in this legislative session. Meaningful input into this process from the County requires participation by a number of County departments and agencies including Permit Sonoma, County Administrator, County Counsel, Recorder-Assessor's Office, General Services, Agricultural Preservation and Open Space District, Regional Parks, General Services, Auditor Controller Treasurer Tax Collector, Sonoma County Water Agency and Economic Development Board.

This item is to authorize dedication of County resources for this project and to support related legislation.

Discussion:

The transition of the Sonoma Development Center from a patient serving facility operated by the California Department of Development Services to a new use and controlling entity is on a fast track. With the closure of current operations scheduled for the end of 2018 there is an immediate need to create a governance structure, or process to arrive at a governance structure, to control the site and to engage in a resource protection and development process. On a regional scale, SDC represents a critical wildlife corridor while its 200 acre campus also has been an important local employer and represents economic development opportunities. Current proposals moving forward include a trust based loosely on the Presidio Trust in San Francisco that took over the military base from the federal government. Other governance models or process path are likely to also emerge from this dynamic broad stakeholder situation. County interests to be met by any shift in State control of the property, are numerous, and include the following:

1. Maintain local control and authority of land use planning (specifically including General Plan, zoning and building code laws) and entitlement process;
2. Insure robust public participation regarding development plans and approvals;
3. Require that at least half, if not a majority, of governance board members are from Sonoma County (with representation from the immediate Glen Ellen area) and appointed by the Board of Supervisors;
4. Structure future governance so that there is no County liability related to SDC;
5. Provide for tax collection consistent with current law e.g., possessory interest tax and Special District taxation;
6. Protect watershed and groundwater recharge;
7. Require that all water rights be maintained as public rights;
8. Maintain compliance of water and wastewater systems with all legal requirements;
9. Recommend that State complete site planning phases;
10. State/Trust/Governing Entity to pay for County land use process e.g., specific plan;
11. Clearly define and secure State's or other entity with financial capacity to be responsibility for environmental remediation on the site (e.g., asbestos removal, soil and groundwater contamination);
12. Secure and define adequate State appropriations for pre-development building security and immediate restoration of infrastructure, including but not limited to buildings, water and wastewater;
13. Insure permanent protection of natural resources through fee transfer of designated lands to State Parks, Regional Parks or other conservation entities; and
14. Authorize bond authority for the Trust or other controlling entity for County approved defined purposes and allow leveraging the land for bond security.

A key priority of the Sonoma County Legislative Platform is to support State and community stakeholders to develop future plans for the SDC site, leveraging locally-informed priorities and preserving critical environmental and recreational resources on the SDC site.

To fully engage in this initial governance design and legislative implementation effort will involve significant involvement of the multiple County departments and agencies mentioned above. Most involvement at this initial phase will be at the Department/Agency Head or senior manager level and

should not impact current operations. General Services will provide lead project management services, estimated to be 300 hours over the next six months. County Counsel will play an active role in drafting governance documentation and legislation which is estimated to be between 120-150 hours through the end of the legislative session (August). This likely can be absorbed with current capacity if there is a commitment to make up any year end revenue shortfalls. Similarly, the County Administrator’s Office will be significantly involved in community engagement and legislative support that is estimated to be 100 hours over the next six months. Following establishment of a governance model and depending on the outcome, Permit Sonoma may require additional staff and increased time commitment by the impacted departments.

Narrative Explanation of Fiscal Impacts:

Over the next six months most department and agency costs can be absorbed in support of the project. This would include approximately \$30,000 – 40,000 of County Counsel time which might need reimbursement from contingencies at year end if otherwise supplants revenue necessary to meet budget. In addition, General Services lead project management support is estimated at up to \$60,000. Sufficient appropriations are available in FY 17-18 Non-Departmental budget based on third quarter estimates to cover \$15,000 of costs. In FY 18-19 staff will use general fund contingencies to cover up to \$85,000 of project costs. Impacts beyond six months are unknown due to uncertainties regarding final governance structure and development plan.

Title: Approval of California's Land Reuse and Revitalization Act (CLRRRA) Program Agreement for Roseland Village Environmental Remediation

Recommended Actions:

1. Authorize the Executive Director of the Community Development Commission (Commission) to
 - a. Execute A CLRRRA Program Agreement (Agreement) with the North Coast Regional Water Quality Control Board (Water Board) on behalf of the Commission regarding the environmental remediation of the Roseland Village redevelopment site (Site), and
2. As part of the Site remediation, prepare and submit a Response Plan to the Water Board in order to achieve a "No Further Action" notice from the Water Board. Site remediation work will be carried out by Mid-Pen Housing Corp., the master developer operating under an Exclusive Right to Negotiate with the Commission

Executive Summary:

This Board item approves staff's recommendation that the Executive Director of the Commission be authorized to enter into the CLRRRA Agreement on behalf of the Commission, and that staff work with the Water Board, environmental consultants and Mid-Pen Housing Corporation to complete all environmental remediation activities on the Site as required by this CLRRRA Agreement.

Discussion:

The California Land Reuse and Revitalization Act of 2004 (CLRRRA) was enacted by Assembly Bill No. 389, Montanez, on September 23, 2004. CLRRRA provides for an eligible bona fide purchaser (BFP) to qualify for specified immunities from liability response costs or damage claims under applicable state statutes. Under CLRRRA, a BFP seeking the immunities provided by this Act is required to enter into a CLRRRA Program Agreement. As a BFP, the Commission meets the CLRRRA requirement to enter into such an agreement.

Background:

Historically the Roseland Village Shopping Center site was used for low impact agricultural farming and during the past half century it has been used as neighborhood shopping center.

The Commission purchased the Site in 2011. Since that time, four commercial buildings have been removed from the Site that were used for a grocery store (former Alberston's); storage; laundromat; dry cleaner (Roseland Cleaners); and a bowling alley. A gasoline service station was also formerly located on the Site. The retail building that remains on the Site is used as a Dollar Tree store. The dry cleaner operated from 1965 until 1971 and was demolished in 2009. The neighboring bowling alley, warehouse, and Albertson's store were demolished in 2014/2015.

Since 1988 investigation and remedial activities have been undertaken pursuant to the Water Board's jurisdiction with respect to both the dry cleaner and the gasoline service station. The Water Board issued a notice of proposed no further action for the gasoline service station under the Water Board's Low Threat Closure Policy on November 18, 2016. After investigation into the polluting entities and consideration of possible remedies available from them, it was determined that CLRRRA provided the highest level of protection and remedy available here. The Commission previously entered into an Exclusive Right to Negotiate Agreement with Mid-Pen Housing Corp. while a Disposition and Development Agreement (DDA) is negotiated. The two parties are close to completing these negotiations, and a completed DDA will be brought back to the Board of Commissioners for review in early summer of 2018.

Key Considerations:

The Water Board has determined (1) that the Site is eligible under the CLRRRA and qualifies for the Agreement; and (2) the Commission is a bona fide purchaser (BFP). As such, the Commission will be entitled to the immunities provided for by CLRRRA, subject to its limitations and conditions, upon entry into this Agreement. Any successor-in-interest to the Site (such as Mid-Peninsula Housing or any other purchaser of a portion of the site) will also be entitled to the immunities set forth by the CLRRRA.

The major elements of the Agreement are summarized below.

Site Eligibility: In December 2016 the Commission submitted to the Water Board a complete application and All Appropriate Inquiries (AAI) report that provided sufficient information for the Water Board to prepare this Agreement; to determine the Site is an eligible site under Health and Safety Code section 25395.79.2, and to determine that the Commission meets the conditions that apply as of the effective date of the Agreement to qualify as a BFP pursuant to Health and Safety Code 25395.69.

Site Assessment Report: The Water Board has found that the Site Assessment Plan/Report of Findings, developed under the documents, "Work Plan for Additional Investigation: CPT Groundwater and Soil Gas Sampling," and a, "Health Risk Assessment," is adequate and contains all necessary information required pursuant to applicable regulations, and approved the Site Assessment plan/Report of Findings on January 19, 2018.

Response Plan. The Water Board has determined that a Response Action is necessary to prevent or eliminate an unreasonable risk to human health and/or the environment. As part of this Agreement, the Commission shall submit a Response Plan to the Water Board for approval. The Response Plan may include Interim Response Actions to reduce unreasonable risk to human health and safety for the

anticipated mixed-use development of the Site, and Final Response Actions, including a long-term operation and maintenance plan, to reduce unreasonable risk to the environment.

Notification of Prospective Change in Land Use: The Commission is required to seek approval from the Water Board in the event there are any future changes in the proposed land use program for the Site from mixed – use residential.

Land Use Controls: The Water Board retains the right to impose land use controls on the property as part of the final Certificate of Completion.

Operations and Maintenance: If the Water Board determines long-term Operations and Maintenance Plan (O & M) is required, as provided in an approved Response Plan, the Water Board may, as a condition of issuing a certificate of completion, enter into an O&M agreement with the Commission that governs long-term O&M activities and that provides for adequate financial assurance, if required of a government agency.

Further Response Actions. The Water Board may require the Commission to conduct further response actions **only** under the circumstances set forth in this Agreement.

Cost Recovery: The Commission is required to reimburse the Water Board for all Water Board Oversight Costs (Costs) of monitoring the Agreement. Costs under this Agreement are estimated to be \$68,500.

Actions Requested: The Commission seeks Board approval to authorize the Executive Director to enter into the CLRRRA Agreement. By approving this recommended course of action, the Board moves closer to providing additional affordable housing and to revitalizing the Roseland community.

Prior Board Actions:

07/19/16 - Authorized Commission to execute a Professional Services Agreement with Mid-Pen Housing Corporation, LLC, to use \$1.55 million of funds from the Successor Agency to the Sonoma County Redevelopment Agency to perform pre-development services required for the Commission to obtain entitlement approvals for public improvements to be made for the Roseland Village redevelopment project.

01/26/16 - Authorized the Commission to negotiate a Development and Disposition Agreement with Mid-Pen Housing Corporation for construction of a mixed-use development on the Roseland Village Site.

01/26/16 - Authorized the Commission to execute an Agreement for Professional Services with Harris & Lee Environmental Sciences, LLC, to continue Environmental Remediation, Monitoring, Testing, and related work for the Roseland Village Neighborhood Center Project.

07/21/15 – Authorized CDC/GSD to execute an amendment to the Interagency Agreement, to amend the term to 12/31/2018, to revise the scope of work and budget to include all anticipated project costs.

03/03/15 – Authorized CDC to issue a Request for Qualifications and Preliminary Proposals to identify development partner.

09/24/13 – Approved Inter-Agency Agreement between CDC and GSD for planning / project management.

01/18/11 – Approved \$6.92 million Public Improvements Agreement for the Roseland Redevelopment Project.

07/13/10 –Approved acquisition of the Roseland Village Shopping Center.

Strategic Plan Alignment Goal 2: Economic and Environmental Stewardship

By entering into the CLRRRA Agreement the Commission will take a major step towards the implementation of the Roseland Village project which will help support the goal of “Economic and Environmental Stewardship”. By investing in the Roseland neighborhood the Commission will support the creation of more affordable housing, more market rate housing and additional economic opportunities. It is incumbent on the Commission to manage its properties in an environmentally sustainable manner, and this cleanup effort is directly aimed at achieving that goal.

STANDARD AGREEMENT

for participating under California's Land Reuse and Revitalization Act (CLRRA) Program

Docket No. _____

Overview

The California Land Reuse and Revitalization Act of 2004 (CLRRA) was enacted by Assembly Bill No. 389, Montanez, on September 23, 2004.¹ CLRRA provides for an eligible bona fide purchaser (BFP), innocent landowner (ILO), or contiguous property owner (CPO) (a "Person" under this Agreement) to qualify for specified immunities from liability for certain response costs or damage claims under applicable state statutes. Under CLRRA, a Person seeking the immunities provided by this Act is required to enter into an agreement. By entering into this Agreement, Sonoma County Community Development Commission (SCCDC) meets the CLRRA requirement to enter into such an agreement, as a BFP. The CLRRA program is a voluntary program afforded to qualifying Persons and does not alter existing state law regarding liability for releases or discharges of hazardous substances or hazardous materials not addressed by this Agreement.

SCCDC and the North Coast Regional Water Quality Control Board (Water Board) hereby agree as follows:

1. Introduction

- 1.1 Parties. This Agreement is entered into by SCCDC and Water Board, who are collectively the "Parties" to this Agreement.
- 1.2 Site Description. This Agreement applies to the "Site" which is defined as the real property located at 650, 655, 665, 759, 761, 765, 777, 779, 805 Sebastopol Road in Santa Rosa, Sonoma County, California 95401, identified by Sonoma County Assessor's Parcel Number 125-111-037. The Site is approximately 6 acres in size and is located north of Sebastopol Road between Roseland Avenue and Dutton Avenue. The Site is surrounded with commercial and retail uses to the south, east and west. There is a former bulk oil facility to the north. Roseland Elementary School is located approximately 0.1 miles southwest of the Site. The closest residential housing is located about 300 feet south of the Site. A diagram of the Site and a location map are attached as Exhibit A.
- 1.3 Jurisdiction. CLRRA, as codified in Health and Safety Code (HSC) section 25395.92, authorizes Water Board to enter into an agreement with SCCDC with respect to the Site.

¹ Assembly Bill No. 389 added Chapter 6.82 (commencing with section 25395.60) and Chapter 6.83 (commencing with section 25395.110) to Division 20 of the Health and Safety Code. Section 25395.109 was amended by Stats. 2016, Ch. 166, Sec. 1. Effective January 1, 2017 to extend CLRRA until January 2027 unless a later enacted statute, that is enacted before January 1, 2027, deletes or extends that date.

- 1.4 Purpose. The purpose of this Agreement is to implement CLRRRA for the assessment and remediation of the Site, so that SCCDC may qualify for the immunities afforded under CLRRRA and Water Board may be reimbursed for the costs incurred by Water Board.
- 1.5 Agreement Not an Admission. Entry into this Agreement by SCCDC does not constitute an admission of fact or liability or conclusion of law for any purpose or proceeding nor does it limit or waive any defense to responsibility or liability that may be available to SCCDC under any provision of law.
- 1.6 Agreement Not a Limitation. Nothing in this Agreement limits Water Board's authority to conduct a response action Water Board determines is necessary to protect public health and safety or the environment pursuant to an applicable statute. Except as otherwise expressly provided, nothing in this Agreement limits Water Board's authority to issue an order or take any other action under any provision of law to protect public health and safety or the environment or to pursue any existing legal, equitable or administrative remedies pursuant to state or federal law.

2. Definitions

- 2.1 Unless otherwise specified, definitions of terms used in this Agreement are those set forth in HSC, Division 20, Chapters 6.82 and 6.83.
- 2.2 "Applicable statute" means the statutory provisions listed in HSC §25395.66(a)-(e).

3. Findings

- 3.1 Site History. Historically the Site was used for low impact agricultural farming and during the past half century it has been used as neighborhood shopping center. Four commercial buildings have been removed from the Site that were used for a grocery store (former Alberston's); storage; laundromat; dry cleaner (Roseland Cleaners); and a bowling alley. A gasoline service station was also formerly located on the Site. The retail building that remains on the Site is used as a Dollar Tree store. The dry cleaner operated from 1965 until 1971 and was demolished in 2009. The neighboring bowling alley, warehouse, and Albertson's store were demolished in 2014/2015. Investigation and remedial activities have been undertaken pursuant to the Water Board's jurisdiction since 1988 with respect to both the dry cleaner and the gasoline service station. The Water Board issued a notice of proposed no further action for the gasoline service station under the Water Board's Low Threat Closure Policy on November 18, 2016. Investigation and remedial activities, including under the CLRRRA Agreement, continue with respect to the dry cleaner.
- 3.2 Site Eligibility. In December 2016, SCCDC submitted to Water Board a complete application and All Appropriate Inquiries (AAI) report that provides

sufficient information for Water Board, pursuant to HSC section 25395.92(c), to prepare this Agreement, to determine that the Site is an eligible site under HSC section 25395.79.2, and to determine that SCCDC meets the conditions that apply as of the effective date of this Agreement to qualify as a BFP pursuant to HSC §25395.69. Based on the information submitted in the application and the AAI report, Water Board has determined that the Site meets the definition of a "Site" specified under HSC section 25395.79.2 because it is real property located in an urban infill area and its redevelopment is complicated by the presence of hazardous materials and is not excluded as an NPL site or state superfund site and is not solely impacted by a petroleum release.

- 3.3 Eligibility of SCCDC. Based on the information submitted in the application and AAI report, Water Board has determined that SCCDC meets the definition of a BFP pursuant to HSC §25395.69 and that SCCDC made all appropriate inquiries pursuant to HSC section 25395.65 and meets the conditions under HSC section 25395.80 that apply as of the effective date of this Agreement. The AAI report consists of the following documents:

1. All Appropriate Inquiry- Phase I Environmental Site Assessment, 665 Sebastopol Rd, Santa Rosa, CA 95407 prepared by Harris & Lee Environmental Sciences, LLC, dated June 18, 2010.

4. Immunities, Withdrawal and Termination

- 4.1 Immunities. SCCDC will be entitled to the immunities provided for by CLRRRA, subject to its limitations and conditions, upon entry into this Agreement. Any successor-in-interest to the Site will also be entitled to the immunities set forth by the CLRRRA provided: (a) such successor-in-interest executes a written agreement (in the form attached hereto as Exhibit E) to assume any remaining obligations under the Agreement not performed by SCCDC, including, without limitation, long-term operation and maintenance; (b) Water Board finds that such successor-in-interest meets all of the qualifying conditions of HSC section 25395.80 and either section 25395.69 or 25395.70 of CLRRRA, as applicable; and (c) Water Board accepts the assumption by such successor-in-interest of the remaining obligations under this Agreement. Water Board's acceptance of the successor-in-interest qualifying under the conditions of HSC section 25395.80 and either section 25395.69 or section 25395.70 of CLRRRA, as applicable, shall be evidenced solely by Water Board's execution of the assumption agreement by such successor-in-interest. Such agreement shall then be incorporated into the Agreement as a subsequent Exhibit.
- 4.2 Withdrawal and Termination. The circumstances and procedures under which SCCDC or Water Board may withdraw from or terminate this Agreement, and the consequences of withdrawal or termination are as set forth in CLRRRA.
- 4.3 Opportunity to Cure. SCCDC shall be given an opportunity to cure within a reasonable period of time before Water Board terminates this Agreement for an unapproved material deviation from the Agreement pursuant to HSC

sections 25395.81(c)(1) and 25395.93(d) of CLRRA.

5. Activities

- 5.1 Activities. SCCDC and Water Board agree that the following activities are to be conducted under this Agreement in accordance with the schedule contained in Exhibit B.
- 5.2 Site Assessment. SCCDC has previously made all known data and information concerning contamination at the Site whether or not such data and information was developed pursuant to this Agreement to Water Board. SCCDC has provided the Water Board additional data, which was developed under a “Work Plan for Additional Investigation: CPT Groundwater and Soil Gas Sampling”. These documents, in addition to a Health Risk Assessment (HRA), were prepared in accordance with HSC §25356.1.5(b), (c), and (d) constitute the Site Assessment Plan/ Report of Findings required under HSC section 25395.94(b) and (c).
- 5.2.1 Approval of Site Assessment Plan. The Water Board finds the Site Assessment Plan/Report of Findings is adequate and contains all necessary information required pursuant to HSC §25395.94(b) and (c). The Water Board approved the plan on January 19, 2018 and notified appropriate persons, including the public drinking water system that relies on impacted groundwater for public drinking water purposes.
- 5.3 Response Plan. The Water Board has determined that a response action is necessary to prevent or eliminate an unreasonable risk to human health and/or the environment. SCCDC shall submit a Response Plan to Water Board for approval. The Response Plan may include Interim Response Actions to reduce unreasonable risk to human health and safety for the anticipated mixed use development of the Site, and Final Response Actions, including a long-term operation and maintenance plan, to reduce unreasonable risk to the environment. The Interim Response Actions may be completed concurrent with redevelopment of the Site. The Final Response Actions may be completed concurrent with and following redevelopment of the Site. Once the Response Plan is approved, SCCDC shall implement the plan. The Response Plan shall contain the information specified in HSC section 25395.96(a) and (b) and shall provide that implementation of the plan will place the site in condition that allows it to be used for its reasonably anticipated future land use without unreasonable risk to human health and safety and the environment. Public participation shall meet the requirements of HSC section 25395.96, including a Water Board public meeting if requested. Upon approval of the Response Plan, Water Board will notify all appropriate persons including the City of Santa Rosa and the County of Sonoma.
- 5.3.1 Agreement to Implement Response Plan. Pursuant to HSC section 25395.92(d)(1), SCCDC agrees to take all actions required for a response action pursuant to HSC, Division 20, Chapter 6.8 and Water

Code Division 7. Required actions may include actions necessary to prevent an unreasonable risk before approval of the Response Plan.

- 5.3.2 Schedule for Compliance. The Response Plan shall include a timetable that identifies a schedule for compliance with the response action activities required for the site.
 - 5.3.3 Determination of Appropriate Care. Within sixty (60) calendar days after Water Board receives the Response Plan submitted under Section 5.2, Water Board will make a written determination as to whether proper completion of the Response Plan will constitute appropriate care for the purposes of HSC section 25395.67(a).
 - 5.3.4 Certificate of Completion. If Interim Response Actions are completed, the Water Board will issue a Letter of Completion of Interim Response Actions upon a finding that unreasonable risk to human health and safety for the anticipated mixed use development of the Site have been achieved. Water Board will issue a certificate of completion upon determining that all response actions have been satisfactorily completed in accordance with the approved Response Plan and that, based upon the data provided to Water Board at the time of the determination, no further remedial action, except only compliance with operation and maintenance and land use restriction requirements, if any, is necessary. If the Response Plan includes long-term obligations that have not been completed, including operation and maintenance (O&M) requirements or monitoring, Water Board will not issue a certificate of completion unless Water Board determines that all response actions other than the long-term O&M requirements and monitoring in the Response Plan have been completed, SCCDC has submitted an adequate long-term O&M plan (O&M Plan) and SCCDC has demonstrated initial compliance with the O&M Plan.
 - 5.3.5 Notification of Prospective Change in Land Use. After the Response Plan is approved, SCCDC shall notify Water Board of any proposed change in the use or anticipated use of the property other than the anticipated mixed use residential project. If the proposed change in use or anticipated use of the property requires a higher level of protection than use or anticipated use identified in the Response Plan, Water Board may require SCCDC to prepare and implement a new response plan that takes into account the change in use or anticipated use of the property. SCCDC shall not make any change in use of the property inconsistent with any recorded land use control without the express approval of Water Board made in accordance with HSC section 25395.99(f).
- 5.4 Land Use Controls. SCCDC will execute and record any land use controls required under the approved Response Plan.

- 5.5 Operation and Maintenance. If Water Board determines long-term O&M is required, as provided in an approved Response Plan, Water Board may, as a condition of issuing a certificate of completion, enter into an O&M agreement with SCCDC that governs long-term O&M activities and that provides for adequate financial assurance, if required of a government agency. Under such circumstance, SCCDC shall select financial assurance provisions from the options available in Title 22, California Code of Regulations section 66264.145. Water Board may agree to the assignment and termination of SCCDC's O&M obligations, if any, if it is provided satisfactory evidence of financial assurance for the O&M obligations by the assignee and such successor enters into an acceptable O&M Agreement with Water Board. Such agreement shall not be unreasonably withheld.
- 5.6. CEQA Compliance. SCCDC shall submit to Water Board all documentation necessary for compliance with the California Environmental Quality Act, Public Resources Code sections 21000-21177 (CEQA).
- 5.7 Final Reports. For all final reports, SCCDC shall submit one hard (paper) copy and one electronic copy with all applicable signatures and certification stamps as a text-readable Portable Document Formatted (pdf) file Adobe Acrobat version 7.0 or lower or Microsoft Word 2003 formatted file (doc) or lower.
- 5.8 Endangerment.
- 5.8.1 SCCDC shall notify Water Board's Project Manager immediately upon learning of any previously unknown condition that endangers public health or safety or that poses an unreasonable risk to human health and safety or the environment.
- 5.8.2 In the event Water Board determines that any activity (whether or not pursued in compliance with the Agreement) may pose an imminent or substantial endangerment to the health and safety of people on the Site or in the surrounding area or to the environment, Water Board may order SCCDC to stop further implementation of the Agreement for such period of time as may be needed to abate the endangerment.
- 5.9 Further Response Actions. Water Board may require SCCDC to conduct further response actions only under the circumstances set forth in CLRRA.
- 5.10 Disclosure Provisions. SCCDC will provide all notices and satisfy reporting requirements required by state or federal law with respect to the discovery or release of hazardous substances at the site.
- 5.11 Exclusion from Permit Requirements. Water Board may exclude any portion of a response action conducted entirely on a site subject to an approved Response Plan from the hazardous waste facilities permit requirements if the Response Plan specifies that the response action will be conducted in

compliance with the standards, requirements, criteria or limitations specified in HSC section 25395.100(b), including any condition imposed by Water Board.

- 5.12 Access. While SCCDC is the owner of the Site, SCCDC shall provide access to the Site and take all reasonable efforts to obtain access to offsite areas to which access is necessary to implement the Agreement. Such access shall be provided to Water Board's employees, contractors, and consultants at all reasonable times. Nothing in this paragraph is intended or shall be construed to limit in any way the right of entry or inspection that Water Board or any other agency may otherwise have by operation of any law.
- 5.13 Notification of Field Activities. SCCDC shall inform Water Board at least seven (7) calendar days in advance of all field activities pursuant to the Agreement and shall allow Water Board and its authorized representatives to take duplicates of any samples collected pursuant to the Agreement.

6. Oversight, Management and Payment

- 6.1 Oversight Agreement Managers and Project Managers. Matthias St. John, is designated by Water Board as its manager for this Agreement. Benjamin Wickham is designated by SCCDC as its manager for this Agreement. Each SCCDC will provide at least ten (10) calendar day advance written notice to the other SCCDC of a change of its designated agreement manager. All notices, documents and communications unless otherwise specified will be sent to the following addresses:

To: Matthias St. John
North Coast Regional Water Quality Control Board
5550 Skylane Blvd. Suite A
Santa Rosa CA 95403-1072

To: Benjamin
Wickham
Sonoma County Community Development Commission
1440 Guerneville Road
Santa Rosa, CA 95403

- 6.2 Payment of Water Board's Costs. SCCDC shall follow the procedures for payment of Water Board's oversight costs.
- 6.2.1 Costs Included. SCCDC shall reimburse Water Board for all Water Board's costs. Subject to the provisions of section 6.2.6 below, SCCDC will reimburse Water Board costs in accordance with HSC Division 20, Chapter 6.66. Water Board's costs are recoverable pursuant to HSC section 25360.
- 6.2.2 Cost Estimate. An estimate of Water Board oversight costs is contained in Exhibit C. The cost estimate is the estimated cost of Water Board oversight of the activities discussed in Section 5, above. The Parties

acknowledge that the cost estimate is not the final cost figure. Water Board will provide an updated Cost Estimate if the estimated oversight cost increases or the scope of work changes. If the Parties revise the Cost Estimate in Exhibit C, such revision will be incorporated into this Agreement as an amendment to Exhibit C.

6.2.3 SPayment Procedures. Water Board will invoice SCCDC quarterly. SCCDC shall pay all invoices within sixty (60) calendar days of the mailing date of the invoice. If payment is not received by Water Board within sixty (60) calendar days of the date of the invoice, SCCDC may be deemed to be in material default of this Agreement. Any payment for billing not received by Water Board within sixty (60) calendar days is subject to interest based on applicable Federal and State laws and regulations, including but not limited to Health and Safety Code section 25360.1.

6.2.4 Billing Address. Water Board will provide a Statement of Account to SCCDC at least quarterly. SCCDC's billing address is:

Sonoma County Community Development Commission
1440 Guerneville Road
Santa Rosa, CA 95403

6.2.5 Payment Address. All payments made by SCCDC pursuant to this Agreement shall be by check made payable to Water Board, and bearing on its face the project code for the Site 2010082 and the docket number of this Agreement. Payments shall be sent to:

State Water Resources Control Board
SCP Program
P.O. Box 944212
Sacramento, California 94244-2120

6.2.6 Dispute Resolution. If SCCDC disputes Water Board's billing, or any part thereof, SCCDC shall notify Water Board's assigned project manager and attempt to informally resolve the dispute with Water Board's project manager [and supervisor or branch chief]. If SCCDC desires to formally request dispute resolution with regard to the billing, SCCDC shall file a request for dispute resolution in writing within forty-five (45) calendar days of the date of the billing in dispute. The written request shall describe all issues in dispute and shall set forth the reasons for the dispute, both factual and legal. If the dispute pertains only to a portion of the costs included in the invoice, SCCDC shall pay all costs that are undisputed in accordance with this section. The filing of a notice of dispute pursuant to this section shall not stay the accrual of interest on any unpaid costs pending resolution of the dispute. The written request shall be sent to:

State Water Resources Control Board-SCP Fees
1001 I Street, 18th Floor
Sacramento, CA 95814

A copy of the written request for dispute resolution shall also be sent to the person designated by Water Board to receive submittals under this Agreement. A decision on the billing dispute will be rendered by the Special Assistant for Cost Recovery and Reimbursement Policy or other Water Board designee.

- 6.2.7 Effect of Billing Dispute. The existence of a billing dispute shall not excuse, stay, or suspend any other compliance obligation or deadline required pursuant to this Agreement.

7. Additional Provisions

- 7.1 Exhibits. All Exhibits are incorporated into this Agreement by reference.
- 7.2 Liens. Water Board shall have a lien on the property constituting the Site for its unrecovered costs of any response action carried out at the Site, if the response action increased the fair market value of the site that existed before the response action was initiated. Water Board and SCCDC may agree to substitute a lien on another property or other assurance of payment for the unrecovered response costs.
- 7.3 Proponent Liabilities. Except as specified in CLRRRA, nothing in the Agreement shall constitute or be considered a satisfaction or release from liability for any condition or claim arising as a result of SCCDC's past, current, or future operations.
- 7.4 Government Liabilities. The State of California (State) shall not be liable for any injuries or damages to persons or property resulting from acts or omissions by SCCDC or by related parties in carrying out activities pursuant to the Agreement, nor shall the State of California be held as a party to any contract entered into by SCCDC or its agents in carrying out the activities pursuant to the Agreement.
- 7.5 Third Party Actions. In the event that the SCCDC is a party to any suit or claim for damages or contribution to which Water Board is not a party, relating to the Site, SCCDC will notify Water Board in writing within ten (10) calendar days after service of the complaint in the third-party action. However, failure to give such notice within ten (10) calendar days will not be a material breach of the Agreement, and this requirement confers no rights on any third parties not party to the Agreement.
- 7.6 California Law. The Agreement shall be governed, performed and interpreted under the laws of the State of California.
- 7.7 Severability. If any portion of the Agreement is ultimately determined not to be enforceable, that portion will be severed from the Agreement and the severability shall not affect the enforceability of the remaining terms of the Agreement.
- 7.8 Parties Bound. The Agreement applies to and is binding, jointly and severally,

upon SCCDC and business entity successors and assigns, and upon any successor agency of Water Board that may have responsibility for and jurisdiction over the subject matter of the Agreement.

7.9 Amendment. This Agreement may be amended in writing by mutual agreement of Water Board and SCCDC. Any agreed upon amendment shall be in writing, shall be signed by both parties, shall be effective upon the date the amendment is signed by Water Board and, once signed by Water Board, is incorporated in this Agreement.

7.9.1 An amendment may include changes to the terms and conditions of this Agreement, including changes to the Schedule in Exhibit B and the Cost Estimate in Exhibit C and addition of another party in Exhibit D (provided that the party meets all of the qualifying conditions of HSC section 25395.80 and either section 25395.69 or section 25395.70, as applicable) and any other changes Water Board determines to be necessary. Such amendment shall then be incorporated into the Agreement as a subsequent Exhibit.

7.10 Effective Date. The effective date of this Agreement is the date when this Agreement is fully executed.

7.11 Representative Authority. Each undersigned representative of the Parties to this Agreement certifies that she or he is fully authorized to enter into the terms and conditions of this Agreement and to execute and legally bind the Parties to this Agreement.

7.12 Counterparts. The Agreement may be executed and delivered in any number of counterparts, each of which when executed and delivered shall be deemed to be an original, but such counterparts shall together constitute one and the same document.

NOTES & DISCLAIMERS:

An Environmental Response Plan has not been submitted, therefore an accurate timeline or evaluation of oversight costs cannot be assessed. These costs should be regarded as **estimates**. Due to the various job classifications and salary rates that expend SCP resources, an average of \$170 per hour was used for projection purposes. The \$170 hourly rate does not reflect salary increases which cannot accurately be predicted.

In compliance with the California Water Code (Porter-Cologne), Section 13304 and Assembly Bill 2057, the Water Board will continue to separately send the SCCDC an *annual* estimate of costs that include:

1. A detailed estimate of the work to be performed or services to be provided;
2. A statement of the expected outcome of that work;
3. The billing rates of all individuals and classes or employees expected to engage in the work; and
4. An estimate of all expected charges to be billed to you by this agency.

[MONTH, DATE, YEAR] AMENDMENT TO ADD AN ADDITIONAL PARTY

This Amendment is made and entered into, by and between the State of California, Water Resources Control Board (“Board”) and [Existing BFP, CPO or ILO] and [Name of Additional Party] (the " Additional Party") (collectively referred to as the “Parties”).

1. The Standard Agreement for participating under California's Land Reuse and Revitalization Act (CLRRA) Program, Water Board Docket No. ____ (the "Agreement") is amended to replace “[**Name of existing BFP, CPO, IO named in the Agreement**]” with “[**Name of existing BFP, CPO, ILO named in the Agreement**] and [**Name of Additional Party**]
2. The **Additional Party** agrees to comply with the amended Agreement.
3. The Board has verified that the **Additional Party** meets the requirements and conditions for a [**CHOOSE ONE: Bona fide purchaser pursuant to HSC section 25395.69, Contiguous Property Owner pursuant to HSC section 25395.70, or Innocent landowner pursuant to HSC section 25395.75**] and has made all appropriate inquiries pursuant to HSC section 25395.65 and section 25395.80.
4. Submittals to the **Additional Party**, pursuant to section 6.1 of the Agreement, shall be addressed as follows:

[Name of Company]
[Street Address]
[City, County, State, Zip Code]
Attention:
Telephone:

ASSIGNMENT AND ASSUMPTION AGREEMENT

This ASSIGNMENT AND ASSUMPTION AGREEMENT (this “*Assumption Agreement*”) is dated as of [_____] [____], 2006 (the “*Effective Date*”), by and among [NAME OF ORIGINAL PARTY/PARTIES TO THE CLRRA AGREEMENT], a [_____] (“*Assignor(s)*”), [NAME OF ASSIGNEE/SUCCESSOR], a [_____] (“*Assignee*”), and, for purposes of consenting to this Assumption Agreement only, the State of California, Water Resources Control Board (“*Board*”).

RECITALS

WHEREAS, Assignor is a party to that certain Standard Agreement For Participating Under California’s Land Reuse and Revitalization Act Program, by and between Assignor and Department, dated as of [_____] (the “*CLRRA Agreement*”);

WHEREAS, Assignor wishes to assign to Assignee all of its obligations (from and after the Effective Date) pursuant to this Assumption Agreement effective as of the Effective Date, and Assignee wishes to assume all of Assignor’s obligations (to the extent arising from and after the Effective Date) with respect to the CLRRA Agreement effective as of the Effective Date; and

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby expressly acknowledged, the parties hereto agree as follows:

1. Assumption. Effective as of the Effective Date, Assignee agrees to hereby assume all of the remaining obligations (to the extent arising from and after the Effective Date) of the CLRRA Agreement.

2. Water Board’s Determinations. Water Board has determined that the Assignee meets all of the qualifying conditions of HSC Section 25395.80 and either Section 25395.69 or 25395.70 of CLRRA, as applicable, and is qualified to perform any remaining obligations under the CLRRA Agreement, including, without limitation, long- term operation and maintenance, and, by execution of this Assumption Agreement, has agreed to assume such obligations.

3. Further Actions. Water Board hereby consents to the Assumption by the Assignee of the Assignor’s remaining obligations under the CLRRA Agreement. Assignor and Assignee each covenants and agrees, at its own expense, to execute and deliver, at the request of the other party hereto, such further instruments of transfer and assignment and to take such other action as such other party may reasonably request

to more effectively consummate the assignments and assumptions contemplated by this Agreement.

4. Counterparts. This Assumption Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

5. Binding Effect. This Assumption Agreement shall be binding upon, and shall inure to the benefit of the parties, and each of their respective successors and permitted assigns.

6. Governing Law. This Assumption Agreement shall be governed by, and be construed in accordance with, the laws of the State of California.

IN WITNESS WHEREOF, the parties have executed this Assumption Agreement on the date first set forth above.

Title: Disposition and Development Agreement with Satellite Affordable Housing Associates for an Affordable Housing Project at 20269 Broadway, Sonoma, California.

Recommended Actions:

Authorize the Executive Director of the Sonoma County Community Development Commission (Commission) to execute a Disposition and Development Agreement (DDA) with Satellite Affordable Housing Associates (SAHA) for construction of an affordable housing project at 20269 Broadway, Sonoma consisting of 48 apartments (the Development Project).

Executive Summary:

Approval of this agenda item will authorize the Executive Director of the Commission to execute a DDA with SAHA for an affordable housing project at 20269 Broadway in the City of Sonoma. Under the DDA, the Commission will transfer the property to SAHA for construction of 48 affordable rental apartments on the property.

Background:

In 2007, the City of Sonoma's Community Development Agency (CDA) purchased the vacant 1.9-acre property located at 20269 Broadway using Redevelopment Low & Moderate Income Housing Set-Aside Funds. In 2012, when the California Legislature dissolved redevelopment agencies, the City decided not to retain the former CDA's housing functions. Therefore, all of the CDA's non-cash housing assets, including the Broadway property, transferred by operation of law to the Sonoma County Housing Authority as "Housing Successor Entity". As the parent agency of the Housing Authority, the Commission manages the housing assets, which, under Community Redevelopment Law (CRL), must be used for affordable housing purposes.

Developer Selection Process:

The Commission issued a Request for Proposals (RFP) on September 14, 2015, soliciting a qualified developer for construction of an affordable housing project on the Broadway property. Seven developers responded to the RFP. A Technical Advisory Scoring Committee (TASC) comprised of Commission and City of Sonoma staff reviewed all of the proposals, conducted interviews of the developers, and ranked the proposals. SAHA's proposal was judged to be superior to the other finalists, and their focus on homeless and disabled veterans addresses a prioritized unmet need. In addition, their proposal provides a greater overall affordability to future tenants and a greater percentage of extremely low-income units.

At its meeting on January 12, 2016, the Commission's Community Development Committee reviewed the TASC recommendation and concurred with the selection of SAHA as the selected developer of the Broadway property. The Board approved the recommendation at its meeting on January 16, 2016.

Project Status:

The Development Project was approved by the Sonoma Planning Commission in late 2017, and has received all discretionary entitlements. The Development Project has received local financing commitments of over \$2 Million to date. SAHA has stated their intention to apply for 9% tax credits in the second competitive round of 2018; applications are due in July. Based on the Development Project's projected tie-breaker score and the fact that it fits into the Rural Set-Aside category, SAHA is very optimistic about their prospects for receiving a tax credit award.

Disposition and Development Agreement:

The Disposition and Development Agreement between the Commission and the Developer contains the following major provisions.

- The Development Project consists of 48 affordable housing units.
- The site will be conveyed to SAHA as the Developer for the Appraised Value.
- Prior to conveyance from the Commission SAHA must demonstrate the following: (1) that financing has been assembled; (2) that approval from the City of Sonoma for preliminary building permits has been secured; and (3) all necessary agreements for the development of the site have been properly executed.
- The Commission shall provide SAHA with Acquisition Assistance, in the form of a Low Moderate-Income Housing Asset Fund (LMIHAF) Loan for the Purchase Price of the Site, currently estimated at \$2 Million, to assist Developer in developing the Project (the "LMIHAF Loan").
- The developer will seek financing for the project from the Low Moderate-Income Housing Asset Fund program, the County Fund for Housing, the federal Community Development Block Grant program, and the federal HOME Investment Partnership program (in aggregate called "Commission Loans"). These programs offer financing through competitive application processes announced by published Notices of Funding Availability ("NOFAs").
- The Developer intends on utilizing other financing including a construction loan and Low Income Housing Tax Credits for the development of the project.
- The Commission shall have the right to review and approve all plans and drawings which may be required by the City of Sonoma with respect to any permits and entitlements which are required to be obtained to develop the Project.
- All costs of the Project shall be borne exclusively by the Developer.
- The Developer is solely responsible for the remediation of any hazardous materials on the Site.

- In the event of an uncured Developer default, and after the applicable mortgage holder has right to cure the default, the Commission may purchase the mortgage, deed of trust or other security interest by payment to the holder of the amount of the unpaid debt, plus any accrued and unpaid interest.
- The Commission has the right to terminate the Agreement if the Developer fails to perform under the Agreement prior to the Conveyance of the Site.
- The Commission has the Option to repurchase the Site if the Developer does not proceed in accordance with the Agreement.

Next Steps:

Following the execution of the DDA by both parties, SAHA will proceed to open escrow and commence the process of meeting the conditions precedent required for the conveyance of the Site. SAHA anticipates participating in applying for funding from the sources identified above, as well as applying for Tax Credits.

Alternatives:

Under alternative to approving the Executive Director to execute the Agreement, the Commission could reissue an RFP for the project, or direct staff to liquidate the Broadway property and use sales proceeds for other affordable housing or homelessness assistance activities in compliance with CRL.

Prior Board Actions:

01/16/16 – Approved the selection of Satellite Affordable Housing Associates as the developer of the Site.

05/14/13 – Approved sale of property located at 20269 Broadway, Sonoma, California

11/13/12 – Authorized CDC to perform all functions associated with ownership of real properties acquired through dissolution of redevelopment, in compliance with the CDC’s adopted Procurement Policy and all other applicable laws, regulations and policies.

Strategic Plan Alignment Goal 1: Safe, Healthy, and Caring Community

The development of an affordable housing project at a vacant parcel in the City of Sonoma will promote economic development and affordable housing opportunities for the broader Sonoma Valley community. These investments will bring safe, healthy, and secure living environments for Sonoma County residents.

DISPOSITION AND DEVELOPMENT AGREEMENT

This Disposition and Development Agreement (“Agreement”) is entered into as of the _____ day of _____, 2018 (“Effective Date”) by and between the SONOMA COUNTY COMMUNITY DEVELOPMENT COMMISSION, a public body, corporate and politic (the “Commission”) and SATELLITE AFFORDABLE HOUSING ASSOCIATES (the “Developer”). The Commission and the Developer (sometimes individually referred to herein as a “Party” and collectively referred to herein as the “Parties”) hereby agree as follows:

1. SUBJECT OF AGREEMENT

1.1 Purpose of Agreement

The purpose of this Agreement is to facilitate the development of certain property (the “Site”) situated within the City of Sonoma, originally purchased with Redevelopment Low and Moderate Income Housing Funds, by assisting in the financing of an affordable rental housing development. The development shall consist of not less than forty-eight-(48) residential dwelling units, with forty-seven-(47) of the units restricted for rental and occupancy by “Eligible Tenants” at an “Affordable Rent,” (as those terms are defined in Section 1.4 below) and related improvements (collectively the “Project”).

The Commission financial assistance in this Agreement shall be utilized to effectuate a portion of the Commission’s overall affordable housing program pursuant to the requirements of California Health and Safety Code Section 33334.3 regarding use of Low and Moderate Income Housing Asset Funds to improve, increase and preserve the community’s supply of low-income housing. The conveyance to Developer of the Site and the Developer’s development thereon of an affordable rental housing project and subsequent occupancy thereof by households of limited incomes, all as provided in this Agreement, are in the vital and best interests of the Commission and the health, safety and welfare of Sonoma County residents, and in accord with the public purposes and provisions of applicable state and local laws and requirements under which the Project has been undertaken.

1.2 The Site

The “Site” is currently owned by the Commission and consists of that certain real property located at 20269 Broadway (Assessor Parcel No. 128-181-001-000) in the City of Sonoma, County of Sonoma. The Site is zoned as mixed use and is classified as an historic site. The Site is depicted on the Site Map, which is attached hereto and incorporated herein as Attachment No. 1. The legal description of the Site is set forth on Attachment No. 2, which is attached hereto and incorporated herein by this reference.

1.3 Parties to the Agreement

A. The Commission

The Commission is a public body, corporate and politic, exercising governmental functions and powers pursuant to Health and Safety Section 34110 *et seq.* The principal office of the

Commission is located at 1440 Guerneville Road, Santa Rosa, CA 95403, or such other address as Commission shall hereafter designate in writing to Developer.

“Commission”, as used in this Agreement, includes the Sonoma County Housing Authority as the Successor Housing entity of the Sonoma Community Development Agency of the City of Sonoma, previous owner of the Property, and any and all assignees of or successors to the Commission’s rights, powers and responsibilities.

B. The Developer

The Developer is Satellite Affordable Housing Associates, a California nonprofit corporation. The principal office and mailing address of the Developer for purposes of this Agreement is 1835 Alcatraz Avenue, Berkeley, CA 94703.

By executing this Agreement, each person signing on behalf of the Developer warrants and represents to the Commission that the Developer has the full power and authority to enter into this Agreement, that all authorizations required to make this Agreement binding upon the Developer have been obtained, and that the person or persons executing this Agreement on behalf of the Developer are fully authorized to do so.

Whenever the term “Developer” is used in this Agreement, such term shall include any and all assignees, or successors in interest as herein provided.

1.4 Definitions

“Acquisition Assistance” means financial assistance from the Commission, in an amount which is the Purchase Price of the Site. The Acquisition Assistance shall be provided to Developer at the Close of Escrow, in the form of a credit towards the Purchase Price. Acquisition Assistance is also referred to as the Low and Moderate Housing Asset Fund Loan or the LMIHAF Loan.

“Affordable Rent” means the amount of monthly rent, including a reasonable utility allowance, that does not exceed the maximum allowable rent to be charged by Developer and paid by Extremely Low Income Households, Very Low Income Households, and Low Income Households, as the case may be, occupying the Units as determined pursuant to Health and Safety Code Section 50053(b), and the regulations promulgated pursuant to or incorporated therein.

“AHP Loan” means a loan to be made to the Developer by a financial institution reasonably approved by the Commission, pursuant to the Affordable Housing Program of the Federal Home Loan Bank of San Francisco, as described in the Financing Proposal.

“AMI” means the median family income (adjusted for family size) for the Sonoma County area as annually estimated by the United States Department of Housing and Urban Development pursuant to Section 8 of the United States Housing Act of 1937, and as published annually by the California Department of Housing and Community Development (“HCD”) pursuant to Title 25, Section 6932 of the California Code of Regulations. If HCD ceases annually to publish median incomes, the Commission shall reasonably determine an adequate substitute manner for determining the AMI.

“Annual Financial Statement” means the financial statements prepared by Developer for each calendar year, including a balance sheet, income statement, statement of retained earnings, statement of cash flow, and footnotes thereto, prepared in accordance with generally accepted accounting principles consistently applied, as audited by an independent certified public accountant.

“Appraisal” means an appraisal performed in accordance with the Uniform Standards of Professional Appraisal Practice (“USPAP”). The interest appraised in each appraisal shall be a fee simple interest in the Site. The Appraisal of the Site shall determine the “fair market value” or the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, as enumerated in the Appraisal Institute’s definition of “fair market value.” Each appraisal shall include industry-standard information and analysis to support such current fair market value determination.

“Appraiser” means an appraiser selected by the Commission, with the consent of the Developer, which consent will not be unreasonably delayed, withheld or denied.

“Assignment Agreement” means an Assignment and Assumption Agreement that may be entered into between SAHA and a limited partnership to be formed for the purpose of securing an Investor Limited Partner.

“City” means the City of Sonoma, a California municipal corporation, having its offices at #1 The Plaza, Sonoma, CA 95476. The City is not a party to this Agreement and shall have no obligations hereunder.

“Close of Escrow” or “Closing Date” shall have the meaning ascribed in Section 2.3 hereof].

“Commission Affordable Rental Housing Agreement” means a Regulatory Agreement and Declaration of Covenants and Restrictions, to be recorded as a covenant against the Site, substantially in the form attached hereto and incorporated herein as Attachment No. 10.

“Commission Deed of Trust” means a Deed of Trust With Assignment of Rents to secure a Commission Note, substantially in the form attached hereto and incorporated herein as Attachment No. 8.

“Commission Loan” means, collectively and if applicable, any Commission Loan which may derive from Low Moderate Income Housing Asset Funds, Community Development Block Grant funds, funds pursuant to the HOME Investment Partnerships Program (42 U.S.C. 12701, et seq.), funds from the County Fund for Housing, or any other source of funds administered by the Commission for development of the Project, as described in the Financing Plan.

“Commission Note” means a Promissory Note, substantially in the form attached hereto and incorporated herein as Attachment No. 7, in favor of Commission, evidencing the Commission Loan.

“Commission Title Policy” means the ALTA Lender’s Policy of Title Insurance that the Commission shall obtain from the Title Company, together with such endorsements as may be

reasonably requested by Commission with liability in the amount of the Commission Loan, covering the Site, showing title vested in Developer, and insuring the validity and priority of, respectively, the Commission Deed of Trust, Option Agreement, Commission Regulatory Agreement, Memorandum, and Notice of Affordability Restrictions, subject only to the exceptions authorized by this Agreement.

“Commission’s Conditions to Closing” means the conditions set forth in Section 2.4.A of this Agreement, which must be satisfied, or waived by the Commission in its sole and absolute discretion, on or before the Outside Closing Date.

“Construction Lender” means the first trust deed lender that provides the Construction Loan. The Construction Lender may or may not also be the Take-Out Lender. The Construction Lender shall be an Institutional Lender or a governmental entity.

“Construction Loan” means a loan to finance residential construction for the Project.

“Days” means calendar days and the statement of any time period herein shall be calendar days, and not business days, unless otherwise specified.

“Developer” means Satellite Affordable Housing Associates (“SAHA”), or a limited partnership formed by SAHA, in which SAHA or an affiliate of SAHA retains a general partner interest, and which assumes all Project assets and liabilities from SAHA.

“Developer Fee” means funds paid to the Developer as compensation for developing the Project, as specified in Section 3.4 of the Agreement.

“Developer’s Conditions to Closing” shall have the meaning ascribed in Section 2.4.B.

“Developer Title Policy” shall have the meaning ascribed in Section 2.6 hereof.

“Effective Date” means the later of the dates this Agreement is executed on behalf of Commission and Developer, which date shall be inserted in the preamble of this Agreement.

“Eligible Tenant” means a household which qualifies as an Extremely Low Income Household, a Moderate Income Household, or a Very Low Income Household.

“Environmental Response Actions” means any and all activities, data compilations, preparation of studies or reports, interaction with environmental regulatory agencies, obligations and undertakings associated with Phase I environmental investigations, removal activities, remediation activities or responses to inquiries and notice letters, as may be sought, initiated or required in connection with any local, state or federal governmental or private party claims, including any claims by the Developer.

“Environmental Response Costs” means any and all costs associated with Environmental Response Actions including, without limitation, any and all fines, penalties and damages.

“ERNA” means the Exclusive Right to Negotiate Agreement entered into between the Commission and SAHA, dated as of September 27, 2016.

“Evidence of Financing” means evidence that the Developer has, or will have, prior to the Close of Escrow, the financial capability necessary for the development of the Project on the Site pursuant to this Agreement. The evidence of financing shall be submitted by the Developer to the Executive Director within the time set forth in the Schedule of Performance and shall include all of the requirements set forth in Section 4.7 of this Agreement.

“Executive Director” means the individual duly appointed to the position of Executive Director of the Commission, or his or her authorized designee. Whenever an administrative action is required by the Commission to implement the terms of this Agreement, the Commission’s Executive Director, or his or her authorized designee, shall have authority to act on behalf of the Commission, except with respect to matters reserved for the Commission Board’s determination.

“Extremely Low Income Household” shall have the meaning as set forth in Health & Safety Code Section 50106, as in effect as of the date of the Commission’s Regulatory Agreement.

“Financing Plan” means the Developer’s plan for financing the acquisition of the Site and the development of the Project, which is attached hereto and incorporated herein as Attachment No. 4. Developer may only make material revisions to the Financing Plan with the Commission’s prior written approval.

“Governmental Requirements” means all present and future laws, ordinances, statutes, codes, rules, regulations, orders and decrees of the United States, the state, the county, the city, or any other political subdivision in which the Site is located, and any other state, county, city, political subdivision, agency, Commission, instrumentality or other entity exercising jurisdiction over the Site.

“Grant Deed” shall have the meaning ascribed in Section 2.1 hereof.

“Hazardous Materials” means any substance, material or waste which is (1) defined as a “hazardous waste,” “hazardous material,” “hazardous substance,” “extremely hazardous waste,” or “restricted hazardous waste” under any provision of California law; (2) petroleum; (3) asbestos; (4) polychlorinated biphenyls; (5) radioactive materials; (6) designated as a “hazardous substance” pursuant to Section 311 of the Clean Water Act, 33 U.S.C. Section 1251 et seq. (33 U.S.C. Section 1321) or listed pursuant to Section 307 of the Clean Water Act (33 U.S.C. Section 1317); (7) defined as a “hazardous substance” pursuant to the Resource Conservation and Recovery Act, 42 U.S.C. Section 6901 et seq. (42 U.S.C. Section 6903) or its implementing regulations; (8) defined as a “hazardous substance” pursuant to Section 101 of the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. Section 9601 et seq. (42 U.S.C. Section 9601); or (9) determined by a California, federal or local governmental authority to be capable of posing a risk of injury to health, safety or property. Notwithstanding the foregoing, “Hazardous Materials” shall not include such products in quantities as are customarily used in the construction, maintenance, rehabilitation, management, operation and residence of residential developments or associated buildings and grounds, or typically used in residential activities in a manner typical of

other comparable residential developments, or substances commonly ingested by a significant population living within the community, including without limitation alcoholic beverages, aspirin, tobacco and saccharine.

“Indemnitees” shall have the meaning ascribed in Section 2.9.F hereof.

“Institutional Lender” means a state or federally chartered financial institution which is capable of providing service or otherwise aiding in the financing of the Project based on the reasonable determination of the Commission and the Developer.

“Investor Limited Partner” means a person or entity who (i) is an experienced limited partner and investor in multifamily housing developments receiving low income housing tax credits issued by the State of California or the United States federal government and (ii) has obtained or is contractually obligated to obtain a limited partnership or limited liability company membership interest in the Developer whereby it will receive ninety percent (90%) or more of the Tax Credits generated in connection with the Project. Commission shall have the right to reasonable prior approval of the identity of the Investor Limited Partner and of the terms and conditions of the Partnership Agreement or other agreement specifying the terms and conditions, including but not limited to terms and conditions concerning timing and amounts of cash contributions toward Project development costs in return for an interest in the owner of the Project and the right to receive Tax Credits.

“Low and Moderate Income Housing Asset Fund” (LMIHAF) means Commission funds and/or assets derived from Redevelopment Housing Assets as defined in Health & Safety Code Section 33000 *et seq.*

“LMIHAF Deed of Trust” means a Deed of Trust with Assignment of Rents to secure a LMIHAF Note, substantially in the form attached hereto and incorporated herein as Attachment No. 8.

1.5 Prohibition Against Change in Ownership, Management and Control of Developer and Prohibition Against Transfer of the Site

The qualifications and identity of the Developer are of particular interest to the Commission. It is because of these qualifications and identity that the Commission has entered into this Agreement with the Developer. Consequently, no person, whether a voluntary or involuntary successor of Developer, shall acquire any rights or powers under this Agreement nor shall the Developer assign all or any part of this Agreement, the Site, or the Commission Regulatory Agreement without the prior written approval of the Commission. A voluntary or involuntary sale or transfer of any interest in the Developer or the Site during the term of this Agreement shall be deemed to constitute an assignment or transfer for the purposes of this Section 1.5, and the written approval of the Commission shall be required prior to effecting such an assignment or transfer. During the term of this Agreement and the Commission Regulatory Agreement the Developer shall not, except as permitted by this Agreement, assign or attempt to assign this Agreement or any rights or duties herein, nor make any total or partial sale, transfer, conveyance, or assignment of the whole or any part of the Site or any of the improvements thereon, nor take any action that results in a change in the ownership or with respect to the identity of the parties in control of the Developer, without the prior written approval of the Commission.

Notwithstanding any other provision of this Agreement to the contrary, Commission approval of an assignment or transfer of this Agreement or transfer of the Site or Project, or any part thereof or interest therein shall not be required in connection with any of the following:

(a) the conveyance or dedication of any portion of the Site to the City of Sonoma, or other appropriate governmental entity, including public utilities, where the granting of such easements permits or facilitates the development of the Project on the Site;

(b) the mortgage, deed of trust, sale and leaseback, or other form of conveyance required for any reasonable method of financing or refinancing the development of the Project on the Site that is set forth in the Financing Plan or has otherwise been approved, in writing, by the Executive Director;

(c) the transfer of the Site or Project or any part or interest therein from the Developer to a limited partnership controlled by SAHA or an affiliate of SAHA as its general partner (the “Tax Credit Limited Partnership”), for the purpose of admitting a tax credit investor as a limited partner;

(d) the transfer to the Investor Limited Partner of a limited partnership interest in Developer;

(d) the transfer by the Investor Limited Partner of a limited partnership interest to an entity that has the same general partner or managing member as the Investor Limited Partner;

(e) the removal by the Investor Limited Partner of the general partner for a default under the Partnership Agreement, provided the replacement general partner is approved, in writing, by the Commission.

(f) the transfer of the Site or Project or any part or interest therein from the Tax Credit Limited Partnership to SAHA or an entity owned and controlled by SAHA, and an assumption of the Commission Loan by such transferee at or before the end of the fifteen (15)-year compliance period as described in Section 42(i)(1) of the Internal Revenue Code of 1986 (26 U.S.C. Section 42 (i)(1)), pursuant to an option agreement as described in the Partnership Agreement (the “Partnership Agreement Option Agreement”), provided that the transferee expressly assumes the obligations of the Developer under this Agreement, the Commission Deed of Trust, the Commission Note, the Option Agreement, and the Commission Regulatory Agreement, utilizing a form of assignment and assumption agreement approved by Commission counsel;

Notwithstanding anything in this Section 1.5 to the contrary, in the absence of specific written agreement by Commission, no transfer or assignment by Developer or any successor in interest to Developer, whether or not requiring the approval by Commission, shall be deemed to relieve Developer or any successor party from the obligation to timely complete development of the Project, and no transfer or assignment by Developer or any successor in interest to Developer shall be effective unless and until the transferor and transferee execute and deliver to Commission an Assignment Agreement in a form and with content reasonably acceptable to Commission’s legal counsel.

This Section 1.5 shall not be applicable to the leasing of individual Units to Eligible Tenants (including the leasing of the Management Unit to the Management Agent) made in accordance with this Agreement and the Commission Regulatory Agreement and no Assignment Agreement shall be required in connection therewith.

1.6 Representations by the Developer

The Developer represents and warrants to the Commission as follows:

i. The Developer is a duly organized nonprofit public benefit corporation and is in good standing under the laws of the State of California and has duly authorized, executed and delivered this Agreement and any and all other agreements and documents required to be executed and delivered by the Developer in order to carry out, give effect to, and consummate the

transactions contemplated by this Agreement. This Agreement is enforceable against the Developer in accordance with its terms.

ii. The Developer does not have any contingent obligations or contractual agreements which will materially adversely affect the ability of the Developer to carry out its obligations hereunder.

iii. There are no pending or, so far as is known to the Developer, threatened, legal proceedings to which the Developer is or may be made a party to or to which it or any of its property is or may become subject, which have not been fully disclosed in the material submitted to the Commission, which will materially adversely affect the ability of the Developer to carry out its obligations hereunder.

iv. There is no action or proceeding pending or, to the Developer's best knowledge, threatened, looking toward the dissolution or liquidation of the Developer and there is no action or proceeding pending or, to the Developer's best knowledge, threatened, by or against the Developer which could affect the validity and enforceability of the terms of this Agreement, or adversely affect the ability of the Developer to carry out its obligations hereunder.

v. The execution and delivery of this Agreement and all other documents to be executed by Developer pursuant to this Agreement will not constitute or result in any default or event that with notice or the lapse of time, or both, would be a default, breach, or violation of any other agreement, instrument, or arrangement by which Developer is bound.

vi. The execution and delivery of this Agreement and all other documents to be executed by Developer pursuant to this Agreement and the consummation of the transactions contemplated herein will not violate any provision of or require any consent, authorization, or approval under any law or administrative regulation or any other order, award, judgment, writ, injunction or decree applicable to, or any governmental permit or license issued to Developer.

vii. No representation, warranty, or covenant of Developer in this Agreement, or in any document or certificate furnished or to be furnished to Commission pursuant to this Agreement, contains or will contain any untrue statement of a material fact or omits or will omit to state a material fact necessary to make the statements contained herein or therein not misleading.

viii. All financial information delivered to Commission, including, without limitation, information relating to the financial condition of Developer and the Project, accurately represents such financial condition and has been prepared in accordance with accepted accounting principles consistently applied, unless otherwise noted in such information. Developer shall notify Commission in writing of any material changes to such information delivered to the Commission.

ix. The Developer has, and will as required by its obligations hereunder, dedicate, allocate and otherwise make available, sufficient financial and other resources to perform its obligations under this Agreement.

Each of the foregoing items i to ix, inclusive, shall be deemed to be an ongoing representation and warranty and shall survive the Close of Escrow for the Site. The Developer

shall advise the Commission in writing if there is any material change pertaining to any matters set forth or referenced in the foregoing items i to ix, inclusive.

1.7 Representations by the Commission

The Commission represents and warrants to Developer as follows:

i. Commission is a public body, corporate and politic, which is authorized to transact business pursuant to Health and Safety Code Section 34143. Commission has full right, power and lawful authority to transfer the Site as provided herein and the execution, performance, and delivery of this Agreement by Commission has been fully authorized by all requisite actions on the part of Commission. The parties who have executed this Agreement on behalf of Commission are authorized to bind Commission by their signatures hereto.

ii. Commission does not, as far as is known to Commission, have any contingent obligations or contractual agreements which will materially adversely affect the ability of Commission to carry out its obligations hereunder.

iii. There are no pending or, so far as is known to Commission, threatened, legal proceedings to which Commission is or may be made a party or to which it or any of its property is or may become subject, which will materially adversely affect the ability of Commission to carry out its obligations hereunder.

iv. There is no action or proceeding pending or, to Commission's knowledge, threatened, looking toward the dissolution or liquidation of Commission and there is no action or proceeding pending or, to Commission's knowledge, threatened by or against Commission which could affect the validity and enforceability of the terms of this Agreement, or adversely affect the ability of Commission to carry out its obligations hereunder.

v. To Commission's knowledge, the Site is not currently in violation of any law, ordinance, rule, regulation or requirement applicable to its use and operation.

vi. Commission is not the subject of a bankruptcy proceeding.

vii. To Commission's knowledge, no Hazardous Materials, (as defined in Section 2.9 below) other than those identified in the Phase I, are now or have been released, used, or stored on or within any portion of the Site in violation of applicable laws or regulations governing the release, use, or storage of Hazardous Materials, and there has not been any federal, state, or local enforcement, clean-up, removal, remedial, or other governmental or regulatory actions instituted or completed affecting the Site.

viii. To Commission's knowledge, the execution and delivery of this Agreement and all other documents to be executed by Commission pursuant to this Agreement will not constitute or result in any default or event that with notice or the lapse of time, or both, would be a default, breach, or violation of any other agreement, instrument, or arrangement by which Commission is bound.

ix. To Commission’s knowledge, the execution and delivery of this Agreement and all other documents to be executed by Commission pursuant to this Agreement and the consummation of the transactions contemplated herein will not violate any provision of or require any consent, authorization, or approval under any law or administrative regulation or any other order, award, judgment, writ, injunction or decree applicable to, or any governmental permit or license issued to Commission.

x. To Commission’s knowledge, no representation, warranty, or covenant of Commission in this Agreement, or in any document or certificate furnished or to be furnished to Developer pursuant to this Agreement, contains or will contain any untrue statement of a material fact or omits or will omit to state a material fact necessary to make the statements contained herein or therein not misleading.

As used in this Section 1.7, the term “knowledge” or “known” means the actual (not constructive or imputed) knowledge of the Commission Executive Director, without any investigation or inquiry or duty of investigation or inquiry.

2. CONVEYANCE OF THE SITE

2.1 Acquisition of the Site; Purchase Price

The Developer shall acquire a fee simple title to the Site pursuant to a grant deed substantially in the form attached hereto and incorporated herein as Attachment No. 6 (“Grant Deed”). The purchase price for the Site (the “Purchase Price”), which is being credited to Developer in the form of the Acquisition Assistance, is the Appraised Value of the Site as established by an Appraisal conducted by an MAI prior to Developer making application to the TCAC.

2.2 Escrow

A. Opening of Escrow. Commission and Developer agree to open an escrow (the “Escrow”) with Old Republic Title Company, 630 3rd St. Suite 201, Santa Rosa, CA 95404 (the “Escrow Agent”), by the time established therefor in the Schedule of Performance. This Agreement constitutes Commission’s and Developer’s escrow instructions for the Commission’s sale and Developer’s purchase of the Site and a duplicate original of this Agreement shall be delivered to the Escrow Agent upon the opening of the Escrow. The Escrow Agent is hereby empowered to act under this Agreement, and the Escrow Agent, upon indicating within five (5) days after the opening of the Escrow its acceptance of the provisions of this Article 2, in writing, delivered to the Commission and the Developer, shall carry out its duties as Escrow Agent hereunder. In the event of any conflict or inconsistency between the additional escrow instructions required by the Escrow Agent and the provisions of this Agreement, the provisions of this Agreement shall supersede and control. Any amendment of the escrow instructions set forth or described herein shall be in writing and signed by both Commission and Developer. At the time of any authorized amendment to the escrow instructions, the Escrow Agent shall agree, by signing below an appropriate statement on such an amendment, to carry out its duties as Escrow Agent under such an amendment. All communications from the Escrow Agent to Commission or Developer shall be in writing and directed to the addresses and in the manner established in Section

7.1 of this Agreement for notices, demands, and communications between Commission and Developer.

B. Deposits Into Escrow. Commission and Developer shall deposit the following documents and pay into the Escrow the following fees, charges and costs promptly after the Escrow Agent has notified the Commission of the total amount of such fees, charges and costs, but not earlier than five (5) days prior to the scheduled date for the Close of Escrow:

1. Developer shall deposit the amount of One Hundred Dollars (\$100) as a good faith deposit (the "Deposit"). In the event the Escrow closes, the Deposit shall be applied towards Developer's closing costs;

2. Developer shall pay the Escrow fee;

3. Developer shall pay the costs, if any, of drawing the Grant Deed;

4. Developer shall pay recording fees, if any;

5. Commission and Developer shall pay their respective Notary fees;

6. Developer shall pay all costs for the Developer Title Policy.

7. Developer shall pay for any transfer tax and any state, county or city documentary stamps.

Commission shall deposit with the Escrow Agent the fully executed Grant Deed, Commission Deed of Trust, Option Agreement, Commission Regulatory Agreement, Notice of Affordability Restrictions, and Memorandum.

C. Escrow Officer Obligations. The Escrow Officer shall notify the Commission and Developer when all outstanding documents, including the Grant Deed, Commission Deed of Trust, Option Agreement, Commission Regulatory Agreement, Notice of Affordability Restrictions, and Memorandum have been executed and submitted to Escrow by the applicable party.

Upon confirmation by the Escrow Agent that all of the Commission's Conditions to Closing and all of the Developer's Conditions to Closing have been satisfied, or waived by the appropriate party, the Escrow Agent shall record the following documents in the following order of recordation: (1) Grant Deed, (2) Commission Deed of Trust, (3) Option Agreement, (4) Commission Regulatory Agreement, (5) Memorandum, and (6) Notice of Affordability Restrictions. The date such documents are recorded shall be referred to herein as the "Close of Escrow" or the "Closing Date."

All funds received in the Escrow shall be deposited by the Escrow Agent, with other escrow funds of the Escrow Agent in an interest-earning general escrow account or accounts with any state or national bank doing business in the State of California. Such funds may be transferred to any other general escrow account or accounts. All disbursements shall be made by check of the Escrow Agent.

Any amendment to these escrow instructions shall be in writing and signed by the Commission. At the time of any amendment, the Escrow Agent shall agree to carry out its duties as Escrow Agent under such amendment.

2.3 Conveyance of Title and Delivery of Possession

Provided that the Developer is not in default under this Agreement and all of Commission's Conditions to Closing and Developer's Conditions to Closing have occurred, and subject to any mutually agreed upon extensions of time, Commission shall convey to the Developer title to the Site. The Commission and the Developer agree to perform all acts necessary to conveyance of title on or before the Outside Closing Date.

Possession shall be delivered to the Developer concurrently with the conveyance of title at the Close of Escrow, except that limited access may be permitted before the Close of Escrow as permitted in Section 2.9 of this Agreement. The Developer shall accept title and possession on said date.

2.4 Conditions to Close of Escrow

A. Commission's Conditions to Closing. The Commission's obligation to convey the Site to Developer and the closing of the Escrow shall, in addition to any other condition set forth herein in favor of the Commission, be conditional and contingent upon the satisfaction, or waiver by the Commission in its sole and absolute discretion, on or before the Outside Closing Date, of each and all of the following conditions (collectively, "Commission's Conditions to Closing"):

i. Developer shall have delivered to Commission or deposited into Escrow the Commission Deed of Trust, duly executed and acknowledged by Developer, the Commission Regulatory Agreement, duly executed and acknowledged by Developer, the Option Agreement, duly executed and acknowledged by Developer, the Notice of Affordability Restrictions, duly executed and acknowledged by Developer, and the Memorandum, duly executed and acknowledged by Developer, and all other sums and documents required of Developer by this Agreement;

ii. Developer shall have submitted to the Executive Director the authorizing resolution approving this Agreement and the transactions contemplated hereby;

iii. Developer shall have submitted to the Executive Director the evidence of insurance required pursuant to Section 4.9 of this Agreement;

iv. Developer shall have submitted to the Executive Director the financial statements required by Section 3.7, and the Executive Director shall have approved the same;

v. Developer shall have submitted to the Executive Director Developer's Evidence of Financing, in accordance with Section 4.7 herein, and the Executive Director shall have approved the same;

vi. Developer shall have conducted a Phase I Environmental Site Assessment to identify potential environmental concerns that would need to be remediated prior to development activity on the Site;

vii. Developer shall have obtained all of the Project Entitlements;

viii. Developer shall have executed and delivered to Commission the Commission Note and the Assignment of Architectural Agreements and Plans and Specifications, in the form attached to the Commission Note as Exhibit "B" (the "Assignment of Plans") concurrently with Developer's execution of this Agreement, and Developer shall not be in default of any term or condition thereof;

ix. On the Closing Date, the Title Company shall be irrevocably committed to issue the Commission Title Policy;

x. The Project Financing Disbursement Agreement shall have been fully executed, and shall provide disbursement of the Commission Loan prior to disbursement of the Construction Loan.

xi. All representations of Developer contained herein shall be true and correct in all material respects;

xii. Escrow Agent holds and will deliver to Commission the instruments and funds to be delivered to Commission under this Agreement; and

xiii. Developer is not in material default of any term or condition of this Agreement.

B. Developer's Conditions to Closing. Developer's obligation to acquire the Site from Commission and the closing of the Escrow shall, in addition to any other condition set forth herein in favor of the Developer, be conditional and contingent upon the satisfaction, or waiver by the Developer in its sole and absolute discretion, on or before the Outside Closing Date, of each and all of the following conditions (collectively, "Developer's Conditions to Closing"):

i. Commission has deposited into Escrow the Grant Deed, duly executed and acknowledged by Commission, and all other sums and documents required of Commission by this Agreement;

ii. On the Closing Date, the Title Company shall be irrevocably committed to issue the Developer Title Policy insuring fee title to the Site is vested in Developer;

iii. Developer shall have obtained all of the Project Entitlements;

iv. Escrow Agent holds and will deliver to Developer the instruments to be delivered to Developer under this Agreement;

v. the Developer has approved the environmental condition of the Site and agrees to acquire the Site in its present condition;

vi. Developer has received a reservation of Tax Credits; and

vii. Commission is not in material default of any term or condition of this Agreement.

C. Waiver. Commission may at any time or times, at its election, waive any of the conditions set forth in Section 2.4.A above to its obligations hereunder, but any such waiver shall be effective only if contained in a writing signed by Commission and delivered to Developer. Developer may at any time or times, at its election, waive any of the conditions set forth in Section 2.4.B above to its obligations hereunder, but any such waiver shall be effective only if contained in a writing signed by Developer and delivered to Commission.

D. Failure of Conditions Precedent; Termination. In the event that by the Outside Closing Date each of the conditions set forth in Section 2.4.A is not fulfilled, or waived by Commission pursuant to Section 2.4.C, Commission may, at its option, terminate this Agreement and the Escrow opened hereunder, thereby releasing the parties from further obligations hereunder. In the event that by the Outside Closing Date each of the conditions set forth in Section 2.4.B are not fulfilled, or waived by Developer pursuant to Section 2.4.C, Developer may, at its option, terminate this Agreement and the Escrow opened hereunder, thereby releasing the parties from further obligations hereunder. In the event this Agreement is terminated, all documents and funds delivered by Developer to Commission or Escrow Agent shall be returned immediately to Developer and all documents and funds delivered by Commission to Developer or Escrow Agent shall be returned immediately to Commission. Nothing in this Section 2.4.D shall be construed as (i) releasing any party from liability for any default of its obligations hereunder or breach of its representations and warranties under this Agreement occurring prior to the termination of this Agreement and/or the Escrow to be opened hereunder, or (ii) releasing the Developer from its indemnifications obligations hereunder, all of which shall survive termination of this Agreement.

2.5 Condition of Title

The Commission shall convey to the Developer fee simple title to the Site free and clear of all recorded liens, encumbrances, encroachments, assessments, leases and taxes except the provisions of the Grant Deed, the Commission Deed of Trust, the Commission Regulatory Agreement, the Option Agreement, the Memorandum, the Notice of Affordability Restrictions and the standard printed conditions and exceptions contained in the American Land Title Association (ALTA) standard owner's policy of title insurance that is regularly issued by the Title Company in transactions similar to the one contemplated by this Agreement, as approved by Developer pursuant to this Section 2.4. Prior to the Effective Date, Commission has caused the Title Company to deliver to Developer a standard preliminary title report with respect to the Site as Order No. 4906-3688662, together with legible copies of the documents underlying the exceptions set forth in said report (collectively, the "Title Report"). Developer has approved of the condition of title as reflected in the Title Report.

2.6 Title Insurance

Concurrently with recordation of the Grant Deed, the Escrow Agent shall instruct the Title Company to provide and deliver to the Developer an ALTA standard form policy of title insurance that does not require a survey, together with such endorsements as may be reasonably requested by Developer, issued by the Title Company insuring that the title is vested in the Developer, or its assignee, as applicable, in the condition reflected in the Title Report (the “Developer Title Policy”). The Title Company shall provide the Commission with a copy of the Developer Title Policy. The Developer shall pay all costs of the Developer Title Policy.

Commission shall obtain from the Title Company an ALTA lender’s policy of title insurance, together with such endorsements as may be reasonably requested by Commission with liability in the amount of the Commission Loan, covering the Site, showing title vested in Developer, and insuring the validity and priority of, respectively, the Commission Deed of Trust, Option Agreement, Commission Regulatory Agreement, Memorandum, and Notice of Affordability Restrictions, subject only to the exceptions authorized by this Agreement (the “Commission Title Policy”).

2.7 Taxes and Assessments

Ad valorem taxes and assessments, if any, on the Site, and taxes upon this Agreement or any rights hereunder, levied, assessed or imposed for any period commencing prior to conveyance of title shall be borne by the Commission. All ad valorem taxes and assessments levied or imposed for any period commencing after close of the Escrow shall be paid by the Developer.

2.8 Conveyance Free of Possession

The Site shall be conveyed free of any possession or right of possession by any person except that of the Developer and the easements and other encumbrances of record (subject to Developer’s right to review the condition of title pursuant to Section 2.5). Inspections; Condition of Site

A. Right of Entry

i. In connection with Developer’s due diligence investigations of the Site, Commission hereby grants to Developer, and its affiliates, agents, contractors and employees, a license (the “License”) to enter upon the Site in order to conduct any and all inspections, investigations, tests and studies (including, without limitation, architectural inspections, engineering tests, soils, seismic and geologic reports and environmental testing) with respect to the Site (“Due Diligence Investigations”) as Developer may reasonably elect to make, all at Developer’s sole cost and expense. Developer shall notify the Commission Executive Director, which may be by written or telephonic notice, prior to a planned entry on the Site and provide information to the Commission Executive Director as to the purpose of the planned entry and the estimated time for completing the particular Due Diligence Investigation. All Due Diligence Investigations performed on the Site shall be undertaken in conformance with all applicable laws and requirements, including obtaining any and all permits, and the City’s Municipal Code, including but not limited to the City’s Noise Ordinance. Developer acknowledges that the Site is adjacent to a residential area and so no Due Diligence Investigations shall be performed other than

between the hours of 8 a.m. and 5 p.m. Monday through Saturday except as otherwise permitted or limited by the Commission Executive Director.

ii. Commission may revoke this License (i) upon written notice to Developer if, in the reasonable judgment of the Commission Executive Director, such revocation is necessary to protect public health, safety, or welfare; or (ii) upon two (2) business days' written notice to Developer that Developer is in violation of the terms of this Agreement or of any applicable law, statute, ordinance, rule, or regulation pertaining to the Due Diligence Investigations or Developer's entry upon the Site pursuant to this Agreement, if Developer has failed to cure such violation within that period of two (2) business days following Developer's receipt of notice from Commission.

iii. The License shall terminate and be void as of the termination of this Agreement.

iv. Developer shall cause to have its Due Diligence Investigations conducted in accordance with all laws applicable thereto, and in a good and workmanlike manner.

B. Lien Free. Developer shall keep the Site free and clear of any mechanic's or materialmen's liens arising out of Developer's Due Diligence Investigations. The provisions of this paragraph shall survive the termination of this Agreement for any reason whatsoever.

C. Obligations Upon Expiration/Termination. Upon the earlier of (i) the termination of the License, or (ii) the termination of this Agreement, Developer shall promptly (a) repair any damage to the Site caused by Developer's or any of its representatives' entry thereon, and (b) remove Developer's or any of its representatives' personal property from the Site. The provisions of this paragraph shall survive the expiration or early termination of this Agreement for any reason whatsoever.

D. Insurance

i. Without limiting Developer's indemnification obligations as set forth in this Agreement, Developer, prior to any entry on the Site by Developer or its employees, agents, representatives, consultants, or contractors, shall procure and maintain, at its sole cost and expense, for the period of such entry, policies of insurance in conformance with the Commission's requirements set forth in Attachment 11.

a. Commission reserves the right at any time during the term of this Agreement to reasonably change the amounts and types of insurance required by giving Developer not less than thirty (30) days advance written notice of such change.

ii. Prior to any entry onto the Site by Developer or its employees, agents, representatives, consultants, or contractors, Developer shall provide the Commission Executive Director with Certificates of Insurance evidencing the above insurance coverages and said Certificates of Insurance have been reasonably approved by Commission. Said Certificates are to reflect that the insurer will provide 30 days written notice to Commission of any cancellation of coverage and if the Accord certificate form is used the word "endeavor to" shall be stricken from the insurer's written notification section. In the event any of said policies of insurance are

reduced in limits or cancelled for any reason, Developer shall, prior to the cancellation date, submit new evidence of insurance, in conformance with this paragraph.

iii. Developer shall not enter upon the Site for the purpose of the Due Diligence Investigations until Developer has provided the Commission Executive Director with the required Certificate of Insurance and the Commission Executive Director has approved same.

iv. The provisions of any workers' compensation or similar act shall not limit the obligations of Developer under this Agreement. Developer expressly agrees not to use any statutory immunity defenses under such laws with respect to Commission or its officers, officials, members, employees, agents, representatives, or volunteers acting in an official capacity.

v. Developer agrees to provide immediate notice to Commission of any claim or loss against Developer arising out of any acts or omissions of Developer under this Agreement. Commission assumes no obligation or liability by such notice, but has the right to monitor the handling of any such claim or claims if they are likely to involve the Commission or any officer, official, member, employee, agent, representative, or volunteer acting in an official capacity.

E. "As Is". The Commission has provided the Developer with all information of which it has actual knowledge concerning the physical condition of the Site, including, without limitation, information about any "Hazardous Materials," as defined herein. The Developer acknowledges and agrees that any portion of the Site that it acquires from the Commission pursuant to this Agreement shall be purchased "AS IS" "WHERE IS" "WITH ALL FAULTS," in its current physical condition, with no warranties of any kind or nature, express or implied, except those warranties set forth in Section 1.7 above, as to the physical condition thereof, the presence or absence of any latent or patent condition thereon or therein, including, without limitation, any Hazardous Materials thereon or therein, and any other matters affecting the Site.

F. Indemnity. The Developer agrees, from and after the date of recordation of the Grant Deed, to defend (by counsel reasonably satisfactory to the Commission), indemnify, protect and hold harmless the Commission and its respective officers, directors, members, beneficiaries, employees, agents, attorneys, representatives, legal successors and assigns (collectively, the "Indemnitees") from, regarding and against any and all liabilities, obligations, orders, charges, decrees, judgments, liens, demands, actions, "Environmental Response Actions" (as defined in Section 2.9 I below), claims, losses, damages, fines, penalties, expenses, "Environmental Response Costs" (as defined in Section 2.9.I below), administrative and judicial proceedings, remedial action requirements, enforcement actions of any kind, or costs of any kind or nature whatsoever, together with fees (including, without limitation, reasonable attorneys' fees and experts' and consultants' fees), (collectively, "Claims") occurring during and caused by Developer's use and occupancy of the Site, and resulting from or in connection with the actual or claimed generation, storage, handling, treatment, transportation, use, presence, placement, migration, removal, release, storage, decontamination, cleanup, and /or disposal of Hazardous Materials at, on, in, beneath or from the Site after the Close of Escrow, unless (i) caused by the negligence or willful misconduct of Indemnitees, (ii) related to the underground storage tank identified in the Phase I, or (iii) related to the existence, prior to any removal activities of Developer, of the asbestos concrete pipe identified in the Phase 1 (but not if any such Claims were,

directly or indirectly, caused by the Developer, including during Developer's removal thereof). The Developer's defense, indemnification, protection and hold harmless obligations herein shall include, without limitation, the duty to respond to any governmental inquiry, investigation, claim or demand regarding the Hazardous Materials, at the Developer's sole cost. The foregoing indemnity shall further apply to any residual contamination on or under the Project, or affecting any natural resources, and to any contamination of any property or natural resources arising in connection with the generation, use, handling, treatment, storage, transport or disposal of any such Hazardous Materials occurring after the Close of Escrow, and irrespective of whether any of such activities were or will be undertaken in accordance with all federal, state, and local laws, ordinances, regulations, orders, and directives pertaining to Hazardous Materials in, on, or under the Project or any portion thereof. The provisions of this section shall survive expiration of the Term, or the termination, of this Agreement, and shall remain in full force and effect.

G. Environmental Provisions. Developer hereby acknowledges and agrees that (i) this Section is intended as the Commission's written request for information (and Developer's response) concerning the environmental condition of the Site as required by California Code of Civil Procedure Section 726.5, and (ii) each representation and warranty in this Agreement (together with any indemnity obligation applicable to a breach of any such representation and warranty) with respect to the environmental condition of the Site is intended by the parties to be an "environmental provision" for purposes of California Code of Civil Procedure Section 736.

H. Release and Waiver. Developer hereby releases and waives all rights, causes of action and claims the Developer has or may have in the future against the Indemnitees arising out of or in connection with any Hazardous Materials at, on, in, beneath or from the Site, other than any Hazardous Materials identified in Phase I, that occur after the Close of Escrow. In furtherance of the intentions set forth herein, the Developer acknowledges that it is familiar with California Civil Code Section 1542, which provides as follows:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED THIS SETTLEMENT WITH THE DEBTOR."

The Developer hereby waives and relinquishes any right or benefit which it has or may have under California Civil Code Section 1542, or any similar provision of the statutory or non-statutory law of any other applicable jurisdiction to the full extent that it may lawfully waive all such rights and benefits, with respect to Section 2.9H of this Agreement.

Developer's Initials: _____

I. Materiality. The Developer acknowledges and agrees that the defense, indemnification, protection and hold harmless obligations of the Developer for the benefit of the Commission set forth in this Agreement are a material element of the consideration to the Commission for the performance of its obligations under this Agreement, and that the Commission

would not have entered this Agreement unless the Developer's obligations were as provided for herein.

3. FINANCING

As set forth in Sections 3.1-3.5 below and in the Financing Plan, Developer contemplates financing the acquisition of the Site and development of the Project thereon with a combination of funds from the proceeds of the following: (i) the Acquisition Assistance utilizing a LMIHAF Loan; (ii) the Commission Loan(s); (iii) the Construction Loan; (iv) an AHP Loan; (v) the Investor Limited Partner's equity contribution to be obtained through the syndication of tax credits; (vi) any of various State of California programs that may be available; and (vii) City of Sonoma grants and loans and such other financing sources as may be obtained by Developer in accordance with the terms and conditions of this Agreement. Developer shall utilize all of such funding exclusively for the development of the Project on the Site, and not for any other purpose.

3.1 Acquisition Assistance

The "Acquisition Assistance" is financial assistance from the Commission, in an amount which is the Purchase Price of the Site. The Acquisition Assistance shall be provided to Developer at the Close of Escrow, in the form of a credit towards the Purchase Price.

3.2 Low Moderate Income Housing Asset Fund Loan; Subordination

Commission shall provide Developer with Acquisition Assistance, in the form of Low Moderate Income Housing Asset Fund (LMIHAF) Loan for the Purchase Price of the Site to assist Developer in developing the Project (the "LMIHAF Loan"). The LMIHAF Loan shall be secured against the Site by a recorded LMIHAF Deed of Trust, recorded upon transfer of fee simple title to the Site to Developer at Close of Escrow. Developer shall repay the LMIHAF Loan in accordance with the terms of the Commission Note. Repayment of the LMIHAF Loan shall be secured by the LMIHAF Deed of Trust. The Commission agrees to subordinate the LMIHAF Deed of Trust to the lien for the deed(s) of trust securing the Construction Loan and the Takeout Loan, as well as any loan from a State of California agency if so required, and to subordinate the Commission Regulatory Agreement to the lien for the deed(s) of trust securing the Construction Loan and the Takeout Loan and any loan from a State of California agency if so required. The LMIHAF Deed of Trust shall be in senior lien position with the deeds of trust securing the Commission Loan (if any) and AHP Loan (if any).

3.3 Commission Loans

The Commission administers several programs for financing affordable housing development, including the Low Moderate Income Housing Asset Fund program, the County Fund for Housing, the federal Community Development Block Grant program, and the federal HOME Investment Partnership program (in aggregate called "Commission Loans"). These program offer financing through competitive application processes announced by published Notices of Funding Availability ("NOFAs"). Commission acknowledges that Developer's Financing Plan envisions use of Commission Loan(s), subject to successful competitive application(s). Each of Commission's Loan programs have policies that define eligibility requirements for application, as

well as the eligible uses and procedures for documentation and disbursement of Commission Loan proceeds.

3.4 Developer Fee

The Developer shall be entitled to a Developer Fee in an amount not exceeding the maximum amount allowed under the TCAC regulations effective at the time the Developer receives a Tax Credit reservation; provided, however, that the amount of the Developer Fee that can be paid to the Developer shall not exceed One Million Four Hundred Thousand Dollars (\$1,400,000) or such greater amount allowed by any other funding source set forth in the Financing Plan if approved in writing by Commission. Except for the Developer Fee and the Partnership Management Fee, no compensation from any source shall be received by or be payable to the Developer or any affiliate of the Developer in connection with the provision of development and construction management services for the construction of the Project.

3.5 Other Developer Financing for the Project

A. AHP Loan. Developer shall timely submit a complete application for the AHP Loan and shall diligently pursue the receipt of the same.

B. Construction Loan. Developer shall obtain a Construction Loan in an amount that, when combined with the sum of the Tax Credits, the AHP Loan, the LMIHAF Loan, and the Commission Loan(s) (if any)) is sufficient to complete construction of the Project.

C. Tax Credits. Developer shall (i) prepare and submit a complete application to TCAC for an allocation of Tax Credits as soon as feasible following the Effective Date of this Agreement; and (ii) apply to reputable institutional investors qualified to act as the Investor Limited Partner. If Developer does not receive a reservation of Tax Credits by the Outside Closing Date, then Commission or Developer may terminate this Agreement pursuant to Section 2.4.D upon written notice to the other; provided, however, that Commission's Executive Director may, in her sole and absolute discretion, permit Developer to make additional reapplications. In the event there are subsequent applications for an allocation of Tax Credits, Commission reserves all rights to re-evaluate the amount of the Commission Loan, which evaluation shall be undertaken by the Executive Director and the Commission's financial advisor; therefore, the principal amount of the Commission Loan may change due to such re-evaluation, which would require further negotiations between the parties and the mutually agreeable amendment and/or restatement of this Agreement.

Developer agrees to promptly submit to Commission all of the following documents at such time as the same are submitted by Developer to the TCAC or other applicable body or when such documents are received by Developer, as applicable (any documents submitted prior to the Effective Date of this Agreement shall also have been submitted by Developer to Commission and reviewed by Commission prior to the Effective Date of this Agreement):

i. A true and correct copy of the preliminary reservation letter from TCAC, a copy of the letter of intent from the Investor Limited Partner reflecting the total amount of the syndication proceeds and the timing of the payment of such proceeds.

ii. A complete copy of the Tax Credit Regulatory Agreement (4 California Administrative Code § 10340(c)). (As more fully discussed in Section 3.11 of the Commission Regulatory Agreement, should Commission be prevented by a final order of a court of competent jurisdiction, applicable and binding appellate opinion, or regulatory body with jurisdiction from enforcing, for any reason, the affordability restrictions set forth in this Agreement, Commission shall be a third-party beneficiary under said agreement and shall have full authority to enforce any breach or default by Developer thereunder in the same manner as though it were a breach or default under this Agreement.)

iii. Complete copies of all correspondence or transmittals from the TCAC or other jurisdiction (such as the Internal Revenue Service) containing any notification regarding the Project's noncompliance with applicable provisions of the Tax Credit Program.

D. PV Rebate. Developer shall timely submit a complete application for the PV Rebate, if available, and shall diligently pursue the receipt of the same.

In addition to the foregoing sources of funding for the Project, Developer shall diligently seek other sources of funding that are or may be available to help fund the Project.

3.6 Project Budget; Project Pro Forma

The anticipated sources and uses of funds for the development of the Project are set forth in the Project Budget (Attachment No. 14). The financial projections for the Project are set forth in the Project Pro Forma (Attachment No. 15).

3.7 Developer Submittals

Promptly upon Developer's receipt of a notification of an award of any of the financing described in the Financing Plan, Developer shall submit to the Commission copies of all of the correspondence and other documentation received in connection with the same.

Within five (5) days after the Effective Date, Developer shall provide to Commission a copy of SAHA's most recently prepared Annual Financial Statement, and a copy of SAHA's most recent internally prepared, unaudited financial statement, which shall include a balance sheet, income statement, statement of retained earnings, statement of cash flows, and footnotes thereto, prepared in accordance with generally accepted accounting principles consistently applied.

4. DEVELOPMENT OF THE SITE

4.1 Scope of Development

The Project will be comprised of the construction of an affordable multifamily rental housing complex containing not less than forty-eight-eight (48) apartment dwelling units, and shall include all of the on-site private improvements necessary for the development and all public improvements required pursuant to the conditions of approval issued with the Project Entitlement issued by the City, and shall be in accordance with all approved plans and permits, all as set forth in this Agreement and in the Scope of Development.

4.2 Plans, Drawings, and Related Documents

By the time set forth for the applicable items in the Schedule of Performance, the Developer shall prepare and submit to the City for its approval, and shall obtain the City's approval of, all plans, drawings, and documents for the Project in conformance with all requirements of the City and which contain the overall plan for development of the Site in sufficient detail to enable the City to evaluate the proposal for conformity to the requirements of the Sonoma Municipal Code and this Agreement. The Site shall be developed as established in this Agreement and the aforementioned documents, except as changes may be mutually agreed upon between the Developer and the Commission; provided that any changes shall be consistent with the material terms of this Agreement.

The landscaping and finish grading plans, if any finish grading plans are required by the City, shall be prepared by a professional landscape architect or registered civil engineer who may be the same firm as the Developer's architect or civil engineer.

During the preparation of all drawings and plans, staff of the Commission and the Developer shall hold regular progress meetings to coordinate the preparation of, submission to, and review of drawings, plans and related documents by, the City. The staff of the Commission and the Developer shall communicate and consult informally as frequently as is necessary to insure that the formal submittal of any documents to the Commission can receive prompt consideration.

Developer acknowledges that execution of this Agreement by the Commission does not constitute approval by the City of any of the required permits or applications, and the City retains unfettered discretion in the processing of the same.

4.3 Review and Approval of Plans, Drawings, and Related Documents

The Commission and the City shall have the right to review and approve all plans and drawings which may be required by the City with respect to any permits and entitlements which are required to be obtained to develop the Project, including any changes therein.

During each stage of the processing of plans for the Project, the Commission and the City shall have the right to require additional information. If the City determines that such a submittal is not complete or not in accordance with procedures, such tender shall not be deemed to constitute a submittal for purposes of satisfying the Schedule of Performance; provided, however, Developer shall prepare a detailed written report of any such deficiency or noncompliance with procedures and Developer shall revise and resubmit such plans in accordance with the Schedule of Performance and such written report.

If the Developer desires to make any substantial changes in the construction plans for the Project after the approval thereof by the Commission and the City, the Developer shall submit the proposed changes to the Commission and the City for their approval. If the construction plans, as modified by the proposed change, conform to the requirements of this Section 4.3 and the Scope of Development, the Commission will approve the proposed change and will endeavor to obtain, at no cost to Commission, the City's approval of the same.

4.4 Project Entitlements

Prior to, and as one of the Commission's Conditions to Close, as set forth in Section 2.4.A, Developer shall (i) obtain from the City of Sonoma approval for all plans, drawings, and related documents required for the Project, such that immediately after the Close of Escrow for the Site Developer shall be entitled to obtain grading and building permits for the Project; and (ii) obtain from the City of Sonoma all permits and entitlements necessary for the Project as required in this Agreement, by applicable State law, by City code, and all other applicable law, including but not limited to, Environmental Review, a Parking Exception, Site Design, Architectural Review, any conditional use permit, any zone change, any variance, and any vacation of public rights of way, the approval of which by the City of Sonoma is subject to the City's legislative discretion (all of the foregoing, the "Project Entitlements"). Commission agrees to fully cooperate with, and assist, at no cost to Commission, Developer in its pursuit of Project Entitlements, subject to Commission's exercise of its legislative discretion and without any representation, warranty, or guaranty by Commission that the City will issue, or will issue with conditions, any Project Entitlement. Without limiting the generality of the foregoing, Commission shall review all submittals by Developer in a timely manner and shall provide Developer with all information, in Commission's possession or control, that Developer may reasonably request in writing in connection with the Project Entitlements (or the pursuit thereof).

4.5 Cost of Development

All costs for planning, designing, and constructing the Project, including but not limited to all development and building fees, broker's fees and commissions, site remediation (if any), grading and preparation costs, off-site and on-site construction and improvement costs shall be borne exclusively by the Developer. The Developer shall also bear all costs related to discharging the duties of the Developer set forth in this Agreement.

4.6 Construction Schedule

The Developer shall commence and complete construction of the Project by the respective times established therefor in the Schedule of Performance in Attachment No. 5.

4.7 Evidence of Financing

Within the time set forth in the Schedule of Performance, and as a condition precedent to Commission's obligation to transfer the Site to Developer, Developer shall submit to the Executive Director evidence reasonably satisfactory to the Executive Director that Developer has, or will have, prior to the Close of Escrow, the financial capability necessary for the development of the Project on the Site pursuant to this Agreement. Such evidence of financial capability (collectively, the "Evidence of Financing") shall include all of the following:

Copies of executed letters of commitment or preliminary reservations or awards (if final commitment letters are not yet available) from the funding sources described in the Financing Plan in an amount sufficient, collectively, to complete construction of the Project, or reasonably final construction loan documents along with evidence reasonably satisfactory to the Executive Director that the sources of said financing intend to execute the same and provide an initial funding on or

before the Close of Escrow. Any such agreement shall provide for notice of default to Commission, and the right to cure required by Section 4.21.

Evidence of sufficient take out financing, including both permanent loan and any other funds, in a form reasonably satisfactory to the Executive Director, such that the Executive Director can determine that sufficient funding for the Project will be available.

A true and correct copy of the preliminary reservation letter from TCAC, a copy of the letter of intent from the Investor Limited Partner reflecting the total amount of the syndication proceeds and the timing of the payment of such proceeds, and evidence of the source and amount of any bridge financing that will be procured in an interim basis, and the terms under which the bridge financing is being provided.

A copy of Developer's most recently prepared Annual Financial Statement, and a copy of Developer's most recent internally prepared, unaudited financial statement, which shall include a balance sheet, income statement, statement of retained earnings, statement of cash flows, and footnotes thereto, prepared in accordance with generally accepted accounting principles consistently applied.

A copy of a fee-based construction contract or guaranteed maximum price construction contract between Developer and its general contractor for all of the improvements required to be constructed by Developer hereunder, certified by Developer to be a true and correct copy thereof; and

The Executive Director shall complete his or her review of and approve or disapprove Developer's Evidence of Financing within the time set forth in the Schedule of Performance. If the Executive Director shall disapprove such Evidence of Financing, he or she shall do so by written notice to Developer stating the reasons for such disapproval. In such event, Developer shall promptly resubmit its Evidence of Financing not less than thirty (30) days after receipt of the Executive Director's disapproval, the Executive Director shall reconsider such resubmittal within the same number of days allowed for the initial submittal, and the deadlines in the Schedule of Performance shall be extended accordingly.

4.8 Indemnity Requirements

The Developer shall indemnify, defend, and hold harmless the Indemnitees from all claims or suits for, and damages to, property and injuries to persons, including accidental death (including expert witness fees, attorneys fees, and costs), which may be caused by any of the Developer's activities under this Agreement except to the extent caused by the negligence or willful misconduct of any of the Indemnitees.

4.9 Insurance Requirements

General. Commencing on the Effective Date hereof and ending on the expiration date of the Commission Regulatory Agreement, Developer shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to the Executive Director, policies of insurance in conformance with the Commission's requirements set forth in Attachment No. 11.

4.10 City and Other Governmental Commission Permits

Before commencement of construction or development of any buildings, structures or other works of improvement upon the Site or in connection with any off-site improvement, the Developer shall, subject to Section 4.4, at its own expense, secure or cause to be secured any and all permits which may be required by the City or any other governmental agent affected by such construction, development or work. Developer shall be obligated to pay all necessary fees and to timely submit to the City final drawings with final corrections to obtain building permits; the Commission will, without obligation to incur liability or expense therefor, use reasonable efforts to assist Developer in obtaining issuance of building permits and certificates of occupancy for construction that meet the requirements of the Sonoma Municipal Code.

4.11 Maintenance During Construction

Developer shall, prior to completion of construction, maintain all portions of the Site undergoing construction in a neat and orderly condition to the extent practicable and in accordance with industry health and safety standards.

4.12 Rights of Access

For purpose of assuring compliance with this Agreement, officers, directors, members, employees, representatives, and agents of the Commission shall have the right of access to the Site without charges or fees, at normal business hours during the Term of this Agreement for the purposes of this Agreement, including, but not limited to, (i) the inspection of the work being performed in constructing the Project, so long as they comply with all safety rules, and (ii) following completion of construction, to inspect the ongoing operation and management of the Project to determine the same is in conformance with the requirements of this Agreement and the Commission Regulatory Agreement. The Commission shall not cause any delay in the construction or operation of the Project by its entry pursuant to this Section 4.12. The Developer acknowledges that the Commission is under no obligation to supervise, inspect, or inform the Developer of the progress of construction, or operations and the Developer shall not rely upon the Commission therefore. Any inspection by the Commission during the construction is entirely for its purposes in determining whether the Developer is in compliance with this Agreement and is not for the purpose of determining or informing the Developer of the quality or suitability of construction. The Developer shall rely entirely upon its own supervision and inspection in determining the quality and suitability of the materials and work, and the performance of architects, subcontractors, and material suppliers. Notwithstanding any provision of this Agreement to the contrary, Developer shall not bear any liability to the Commission for injury to any Commission employee or representative occurring during the exercise of the Commission's right of entry pursuant to this Section 4.12, unless caused by the willful misconduct of the Developer.

4.13 Compliance with Local, State and Federal Laws

The Developer shall carry out, and shall ensure that its contracts and subcontractors carry out the Project in conformity with all applicable federal, state, and local laws, ordinances, regulations, and rules, including but not limited to the Americans With Disabilities Act (42 U.S.C.

Section 12101, *et seq.*), California Government Code Section 4450, *et seq.*, California Government Code Section 11135, *et seq.*, the Unruh Civil Rights Act (California Civil Code Section 51, *et seq.*), and all applicable state and local labor and wage laws., now in force or that may be enacted hereafter.

4.12 Labor and Wage Standards,

The Developer shall perform under this Agreement and carry out its performance under this Agreement, including without limitation the construction of the Project, in conformity with all applicable federal, state, and local labor and wage standards, including, without limitation, the Sonoma Living Wage Ordinance (Sonoma Municipal Code Chapter 2.70), and all applicable federal and state labor and wage standards, as to the Site, provided, however, Developer and its contractors, successors, assigns, transferees, and lessees are not waiving their rights to contest any such laws, rules or standards.

Developer shall perform the contract in conformity with the Sonoma Living Wage Ordinance (Sonoma Municipal Code Chapter 2.70). Developer expressly acknowledges and agrees that this contract is subject to the provisions of the County of Sonoma Living Wage Ordinance (Article XXVI of Chapter 2 of the Sonoma County Code), requiring payment of a living wage to covered employees. Noncompliance during the term of the Funding Agreement will be considered a material breach and may result in termination of the Funding Agreement or pursuit of other legal or administrative remedies.

The Developer acknowledges that the provision of the Acquisition Assistance, in combination with any other public funding Developer may obtain to develop the Project, constitutes financial assistance that may cause the Project to be a “public work” as defined in California Labor Code Section 1720(a) and (b). Developer acknowledges that Labor Code Section 1720(c)(4) provides that the construction or rehabilitation of affordable housing units for low- or moderate-income persons that are paid for solely with moneys from the Low and Moderate Income Housing Fund established pursuant to Health and Safety Code Section 33334.3, or that are paid for by a combination of private funds and funds available pursuant to Health and Safety Code Section 33334.2 or 33334.3, do not constitute a project that is paid for in whole or in part out of public funds, and therefore may not be considered a “public work” for purposes of Labor Code Section 1720(a) or (b). Nothing in this Agreement constitutes a representation or warranty by the Commission that the Project is not subject to Labor Code Section 1720(a), and all applicable statutory and regulatory provisions related thereto. The Developer waives any right of reimbursement for any “increased costs” under Labor Code Section 1781 with respect to the Project. If required by applicable law, the Developer must pay, and shall cause the contractor and subcontractors, to pay prevailing wages in the construction of the Project as required by Labor Code, Division 2, Part 7, Chapter 1, commencing with Section 1720 *et seq.* If required by applicable law, the Developer must, and shall cause the contractor and subcontractors, to comply with all other applicable provisions of Labor Code Section 1720 *et seq.* and implementing regulations of the California Department of Industrial Relations. The Developer expressly waives any right of reimbursement for any “increased costs” under Labor Code Section 1781 with respect to the Project. The Developer shall indemnify, protect, defend and hold harmless the Indemnitees, with counsel reasonably acceptable to the Commission, from and against any and all loss, liability, damage, claim, fines, penalties, cost, expense and/or “increased costs” (including reasonable

attorneys fees, court and litigation costs, and fees of expert witnesses) arising out of the failure or alleged failure of any person or entity (including a Developer, its contractors and subcontractors) to pay prevailing wages pursuant to California Labor Code, Division 2, Part 7, Chapter 1, commencing with Section 1720 *et seq.*, and the implementing regulations of the California Department of Industrial Relations, in connection with Project. The indemnification provided herein survives the Term or termination of this Agreement.

4.14 Anti-Discrimination

Pursuant to Section 33435 and 33050 of the California Community Redevelopment Law, the Developer for itself and its successors and assigns, agrees, that in the construction of the Project on the Site or other performance under this Agreement, the Developer shall not discriminate against any employee or applicant for employment on any basis listed in subdivision (a) or (d) of Section 12955 of the Government Code, as those bases are defined in Sections 12926, 12926.1, subdivision (m) and paragraph (1) of subdivision (p) of Section 12955 and Section 12955.2 of the Government Code.

4.15 Taxes and Assessments

After the conveyance of title by Commission to Developer or its assignee, the Developer shall pay prior to delinquency all real estate taxes and assessments on the Site for any period subsequent to the conveyance of title and possession, so long as the Developer retains any ownership interest therein. The Developer shall remove or have removed any levy or attachment made on the Site or any part thereof, or assure the satisfaction thereof within a reasonable time but in any event prior to any sale or transfer of all or any portions thereof. Notwithstanding the above, the Developer shall have the right to contest the validity or amounts of any tax, assessment, or encumbrance available to the Developer in respect thereto, and nothing herein shall limit the remedies available to the Developer in respect thereto.

4.16 Right of the Commission to Satisfy Other Liens on the Site After Title Passes

After the conveyance of title by Commission and prior to the completion of construction, and after the Developer has had written notice and has failed after a reasonable time, to challenge, cure, or satisfy any liens or encumbrances on the Site which are not otherwise permitted under this Agreement, the Commission shall have the right but no obligation to satisfy any such liens or encumbrances and receive immediate reimbursement of the costs thereof from the Developer. Notwithstanding the above, the Developer shall have the right to contest the validity or amounts of any tax, assessment, or encumbrance available to the Developer in respect thereto.

4.17 Limitation on Encumbrances

Except as otherwise permitted by this Agreement, including but not limited to Section 3.5, Developer shall not mortgage the Site or any portion thereof or any interest therein, any other mortgages or conveyances for financing that encumber the Site or any portion thereof, without the prior written approval of the Executive Director, which approval shall not be unreasonably withheld

4.18 Holder Not Obligated to Construct Improvements

The holder of any mortgage, deed of trust or other security interest authorized by this Agreement shall in no way be obligated by the provisions of this Agreement to construct or complete the Project or to guarantee such construction or completion, nor shall any covenant or any other provision in the Grant Deed for the Site, the Commission Regulatory Agreement or the Option Agreement be construed so to obligate such holder. Nothing in this Agreement shall be deemed to construe, permit or authorize any such holder to devote the Site to any uses or to construct any improvements thereon other than those uses or improvements provided for or authorized by the City of Sonoma General Plan, any applicable specific plan, and applicable zoning, as the same may be amended from time to time.

4.19 Notice of Default to Mortgage, Deed of Trust or Other Security Interest Holders; Right to Cure

Whenever the Commission shall deliver any notice or demand to the Developer with respect to any breach or default by the Developer in completion of construction of the Project, the Commission shall at the same time deliver a copy of such notice or demand to each holder of record of any mortgage, deed of trust or other security interest authorized by this Agreement who has previously made a written request to the Commission therefor; provided, however, that the Commission shall have no liability to any such holder for failure by the Commission to provide notice to such holder. Each such holder shall (insofar as the rights of the Commission are concerned) have the right, at its option, within sixty (60) days after the receipt of the notice, to cure or remedy or commence to cure or remedy any such default and to add the cost thereof to the security interest debt and the lien on its security interest. In the event there is more than one such holder, the right to cure or remedy a breach or default of the Developer under this Section 4.19 shall be exercised by the holder first in priority or as the holders may otherwise agree among themselves, but there shall be only one exercise of such right to cure and remedy a breach or default of the Developer under this Section 4.20. Nothing contained in this Agreement shall be deemed to permit or authorize such holder to undertake or continue the construction or completion of the Project (beyond the extent necessary to conserve or protect the improvements or construction already made) without first having expressly assumed the Developer's obligations to the Commission by written agreement satisfactory to the Commission. The holder in that event must agree to complete, in the manner provided in this Agreement, the construction to which the lien or title of such holder relates and submit evidence satisfactory to the Commission that it has the qualifications and financial responsibility necessary to perform such obligations. Any such holder properly completing such improvements shall be entitled, upon written request made to the Commission, to a Release of Construction Covenants from the Commission.

4.20 Failure of Holder to Complete Improvements

In any case where, sixty (60) days after an uncured default by the Developer in completion of construction under this Agreement, the holder of any mortgage, deed of trust or other security interest creating a lien or encumbrance upon the Site has not exercised the option to construct, or if it has exercised the option and has not proceeded diligently with construction, the Commission may purchase the mortgage, deed of trust or other security interest by payment to the holder of the amount of the unpaid debt, plus any accrued and unpaid interest. If the ownership of the Site has

vested in the holder, the Commission, if it so desires, shall be entitled to a conveyance of the Site from the holder to the Commission upon payment to the holder of an amount equal to the sum of the following:

1. The unpaid mortgage, deed of trust or other security interest debt at the time title became vested in the holder (less all appropriate credits, including those resulting from collection and application of rentals and other income received during foreclosure proceedings);
2. All expenses with respect to foreclosure, including reasonable attorneys' fees and trustee's fees;
3. The net expenses, if any (exclusive of general overhead), incurred by the holder as a direct result of the subsequent management of the Site or part thereof;
4. The costs of any authorized improvements made by such holder; and
5. An amount equivalent to the interest that would have accrued on the aggregate of the amounts in Subparagraphs 1-4 had all such amounts become part of the mortgage or deed of trust debt and such debt had continued in existence to the date of payment by the Commission.

4.21 Right of Commission to Cure Mortgage, Deed of Trust or Other Security Interest Default.

In the event of a default or breach by the Developer of a mortgage, deed of trust or other security interest with respect to the Site prior to the completion of the Project, and the holder has not exercised its option to complete the construction, the Commission may cure the default prior to completion of any foreclosure. In such event, the Commission shall be entitled to reimbursement from the Developer of all costs and expenses incurred by the Commission in curing the default. The Commission shall also be entitled to a lien upon the Site to the extent of such costs and disbursements. Any such lien shall be subject to mortgages, deeds of trust or other security interests executed for the sole purpose of obtaining funds to purchase and develop the Site as authorized herein.

5. USE OF THE SITE

5.1 Affordable Housing

Developer hereby covenants and agrees, for itself and its successors and assigns, to use and maintain the Site during the term of the Commission Regulatory Agreement only as a rental apartment housing project with forty-eight-eight (48) Units, with forty-seven (47) of such Units to be rented to and occupied by Eligible Tenants at the applicable Affordable Rent, all as more fully described in the Commission Regulatory Agreement.

5.2 Management Agreement and Procedures

The Developer shall submit to the Commission for approval the proposed management agreement with the Management Agent and written guidelines or procedures for tenant selection,

operation and management of the Project, implementation of the income certification, and reporting requirements of the Commission Regulatory Agreement. Commission shall review and approve, conditionally approve, or deny any proposed management agreement within fifteen (15) days after submittal. Any written disapproval shall specify the reasons for such disapproval. In the event the Commission disapproves of the written guidelines, the Developer shall thereafter submit revised guidelines and procedures to the Commission, and the same timelines and procedures for approval or disapproval shall apply to the revised guidelines and procedures as set forth above for the original submission.

5.3 Uses In Accordance with Redevelopment Plan

The Developer covenants and agrees for itself, its successors, its assigns, and every successor in interest to the Site or any part thereof that the Developer and such successors and assignees, shall devote the Site to the uses specified in California Redevelopment Law, the Grant Deed, the Commission Regulatory Agreement, and this Agreement for the periods of time specified therein. The foregoing covenants shall run with the land.

5.4 Nondiscrimination

Developer covenants by and for itself and any successors in interest that there shall be no discrimination against or segregation of any person, or group of persons on any basis listed in California Government Code Section 12955(a), as defined in Government Code Section 12925 *et seq.* and Section 12955 *et seq.*, in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Site, or any part thereof, nor shall Developer, or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees or vendees of the Site, or any part thereof. The foregoing covenants shall run with the land.

Developer agrees for itself and any successor in interest that Developer shall refrain from restricting the rental, sale, or lease of any portion of the Site, or contracts relating to the Site, on the basis of race, color, creed, religion, sex, marital status, ancestry, or national origin of any person. All such deeds, leases or contracts shall contain or be subject to substantially the following nondiscrimination or nonsegregation clauses:

A. In deeds: “The grantee herein covenants by and for himself or herself, his or her heirs, executors, administrators, and assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of any basis listed in subdivision (a) or (d) of Section 12955 of the Government Code, as those bases are defined in Sections 12926, 12926.1, subdivision (m) and paragraph (1) of subdivision (p) of Section 12955, and Section 12955.2 of the Government Code, in the sale, lease, sublease, transfer, use, occupancy, tenure, or enjoyment of the premises herein conveyed, nor shall the grantee or any person claiming under or through him or her, establish or permit any practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees, or vendees in the premises herein conveyed. With respect to familial status, this covenant shall not be construed to apply to housing for older persons, as defined in Section 12955.9 of the Government Code, nor shall it be construed to affect

Sections 51.2, 51.3, 51.4, 51.10, 51.11 of the Civil Code, relating to housing for senior citizens. Subdivision (d) of Section 51 of the Civil Code and subdivisions (n), (o), and (p) of Section 12955 of the Government Code shall apply to this covenant. The foregoing covenants shall run with the land.”

B. In leases: “The lessee herein covenants by and for himself or herself, his or her heirs, executors, administrators, and assigns, and all persons claiming under or through him or her, and this lease is made and accepted upon and subject to the following conditions: “That there shall be no discrimination against or segregation of any person or group of persons, on account of any basis listed in subdivision (a) or (d) of Section 12955 of the Government Code, as those bases are defined in Sections 12926, 12926.1, subdivision (m) and paragraph (1) of subdivision (p) of Section 12955, and Section 12955.2 of the Government Code, in the leasing, subleasing, transferring, use, occupancy, tenure, or enjoyment of the premises herein leased nor shall the lessee himself or herself, or any person claiming under or through him or her, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy, of tenants, lessees, sublessees, subtenants, or vendees in the premises herein leased. With respect to familial status, this covenant shall not be construed to apply to housing for older persons, as defined in Section 12955.9 of the Government Code, nor shall it be construed to affect Sections 51.2, 51.3, 51.4, 51.10, 51.11 of the Civil Code, relating to housing for senior citizens. Subdivision (d) of Section 51 of the Civil Code and subdivisions (n), (o), and (p) of Section 12955 of the Government Code shall apply to this covenant. The foregoing covenants shall run with the land.”

C. In contracts pertaining to the realty: “There shall be no discrimination against or segregation of, any person or group of persons on account of any basis listed in subdivision (a) or (d) of Section 12955 of the Government Code, as those bases are defined in Sections 12926, 12926.1, subdivision (m) and paragraph (1) of subdivision (p) of Section 12955, and Section 12955.2 of the Government Code, in the sale, lease, sublease, transfer, use, occupancy, tenure, or enjoyment of the premises which are the subject of this agreement, nor shall the grantee or any person claiming under or through him or her, establish or permit any practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees, or vendees in the premises herein conveyed. With respect to familial status, this covenant shall not be construed to apply to housing for older persons, as defined in Section 12955.9 of the Government Code, nor shall it be construed to affect Sections 51.2, 51.3, 51.4, 51.10, 51.11 of the Civil Code, relating to housing for senior citizens. Subdivision (d) of Section 51 of the Civil Code and subdivisions (n), (o), and (p) of Section 12955 of the Government Code shall apply to this covenant. The foregoing covenants shall run with the land.”

The covenants established in this Agreement shall, without regard to technical classification and designation, be binding for the benefit and in favor of the Commission, its successors and assigns, and any successor in interest to the Site, together with any property acquired by the Developer pursuant to this Agreement, or any part thereof. The covenants against discrimination shall remain in effect in perpetuity. The Commission agrees that the provisions of this Section 5.4 shall not prevent the application of a preference for applicants living or working in the City of Sonoma to the extent such a preference does not violate federal or state fair housing statutes and regulations.

5.5 Effect of Violation of the Terms and Provisions of this Agreement After Completion of Construction

The Commission is deemed the beneficiary of the terms and provisions of this Agreement and of the covenants running with the land, for and in its own rights and for the purposes of protecting the interests of the community and other parties, public or private, in whose favor and for whose benefit this Agreement and the covenants running with the land have been provided. The Agreement and the covenants shall run in favor of the Commission, without regard to whether the Commission has been, remains or is an owner of any land or interest therein in the Site or in the Project Area. The Commission shall have the right, if this Agreement or covenants are breached, to exercise all rights and remedies, and to maintain any actions or suits at law or in equity or other property proceedings to enforce the curing of such breaches to which it or any other beneficiaries of this Agreement and covenants may be entitled.

5.6 Maintenance of the Site

The Developer shall maintain the Project on the Site in conformity with the Sonoma Municipal Code and the requirements of the Commission Regulatory Agreement, and shall keep the Site free from any graffiti and from any accumulation of debris or waste materials.

The Developer shall also maintain the landscaping required to be planted under the Scope of Development in a healthy and attractive condition. If, at any time, Developer fails to maintain the Site or any portion thereof, and said condition is not corrected as soon as reasonably possible after written notice from the Commission, either the Commission may enter the Site or applicable portion thereof to perform the necessary maintenance thereon and Developer shall pay such costs as are reasonably incurred for such maintenance plus a fifteen percent (15%) administrative fee. This covenant shall run with the land and shall remain in effect for the term of the Redevelopment Plan.

5.7 Duty to Prevent Hazardous Materials Contamination

Developer shall take all reasonable precautions to prevent the release of any Hazardous Materials into the environment. Such precautions shall include compliance with all Governmental Requirements with respect to Hazardous Materials. In addition, Developer shall install and utilize such equipment and implement and adhere to such procedures as are consistent with the standards generally applied by apartment complexes in Sonoma County, California as respects the disclosure, storage, use, removal, and disposal of Hazardous Materials in, on, under or about the Site.

5.8 Obligation of Developer to Remediate Premises

Notwithstanding the obligation of Developer to indemnify Commission and its officers, officials, members, employees, agents, and representatives pursuant to Section 2.9.F, Developer shall, at its sole cost and expense, promptly take (i) all actions required by any federal, state, regional, or local governmental Commission or political subdivision or any Governmental Requirements, and (ii) all actions necessary to make full economic use of the Site for the purposes contemplated by this Agreement and the Commission Regulatory Agreement, which requirements or necessity arise from the presence upon, about or beneath the Site, prior to Commission's conduct

of a foreclosure sale or acceptance of a deed in lieu thereof, of any Hazardous Materials or “Hazardous Materials Contamination” for which Developer is responsible. Such actions shall include, but not be limited to, the investigation of the environmental condition of the Site, the preparation of any feasibility studies or reports and the performance of any cleanup, remedial, removal or restoration work. As used in this Agreement, the term “Hazardous Materials Contamination” means the contamination (whether presently existing or hereafter occurring) of the improvements, facilities, soil, groundwater, air or other elements on, in or of the Site by Hazardous Materials, or the contamination of the buildings, facilities, soil, groundwater, air or other elements on, in or of any other property as a result of Hazardous Materials at any time emanating from the Site.

5.9 Environmental Inquiries

Developer, when it has received any notices of violation, notices to comply, citations, inquiries, clean-up or abatement orders, or cease and desist orders related to Hazardous Materials or Hazardous Material Contamination, or when Developer is required to report to any governmental Commission any violation or potential violation of any Governmental Requirement pertaining to Hazardous Materials or Hazardous Material Contamination, shall concurrently notify Commission’s Executive Director, and provide to him/her a copy or copies, of the environmental permits, disclosures, applications, entitlements or inquiries relating to the Site, the notices of violation, notices to comply, citations, inquiries, clean-up or abatement orders, cease and desist orders, reports filed pursuant to self-reporting requirements, and reports filed or applications made pursuant to any Governmental Requirement relating to Hazardous Materials and underground tanks, and Developer shall report to the Executive Director, as soon as possible after each incident, any unusual, potentially important incidents.

In the event of a responsible release of any Hazardous Materials into the environment, Developer shall, as soon as possible after it becomes aware of the release, furnish to the Executive Director a copy of any and all reports relating thereto and copies of all correspondence with governmental agencies relating to the release. Upon request of the Executive Director, Developer shall furnish to the Executive Director a copy or copies of any and all other environmental entitlements or inquiries relating to or affecting the Site including, but not limited to, all permit applications, permits and reports including, without limitation, those reports and other matters which may be characterized as confidential.

6. DEFAULTS AND REMEDIES

6.1 Defaults – General

Subject to the extensions of time set forth in Section 7.3, failure or delay by either party to perform any term or provision of this Agreement constitutes a default under this Agreement. If either party defaults with regard to any of the provisions of this Agreement, the non-defaulting party shall serve written notice of such default upon the defaulting party. If the default is not cured or commenced to be cured by the defaulting party within thirty (30) days after service of the notice of default (or within such other period as is set forth herein), the non-defaulting party shall be entitled to pursue whatever remedies to which such party is entitled under this Agreement.

6.2 Legal Actions

A. Specific Performance. The non-defaulting party, upon expiration of applicable notice and cure periods, shall be permitted, but not obligated, to commence an action for specific performance of the terms of this Agreement, or to cure, correct or remedy any default hereunder or to obtain any other legal or equitable remedy consistent with the purpose of this Agreement. In this regard, Developer specifically acknowledges that Commission is entering into this Agreement for the purpose of assisting in the redevelopment of the Site and the provision of affordable housing and not for the purpose of enabling Developer to speculate in land. Commission shall also have the right to pursue damages for Developer's defaults but in no event shall Developer be entitled to damages of any kind from Commission, including, without limitation, damages for economic loss, lost profits, or any other economic or consequential damages of any kind.

B. Institution of Legal Actions; Attorney's Fees. Any legal actions must be instituted in the Superior Court of the County of Sonoma, State of California, or in the Federal District Court in the Northern District of California. In the event of any litigation between the parties hereto, the prevailing party shall be entitled to receive, in addition to the relief granted, its reasonable attorney's fees and costs and such other costs incurred in investigating the action and prosecuting the same, including costs for expert witnesses, costs on appeal, and for discovery.

C. Applicable Law. The laws of the State of California shall govern the interpretation and enforcement of this Agreement, without regard to conflict of law principles.

D. Acceptance of Service of Process. In the event that any legal action is commenced by the Developer against the Commission, service of process on the Commission shall be made by personal service upon the Executive Director or in such other manner as may be provided by law.

In the event that any legal action is commenced by the Commission against the Developer, service of process on the Developer shall be made by personal service upon any officer or director of the Developer and shall be valid whether made within or without the State of California or in such other manner as may be provided by law.

6.3 Rights and Remedies Are Cumulative

Except as otherwise expressly stated in this Agreement, the rights and remedies of the parties are cumulative, and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

6.4 Inaction Not a Waiver of Default

Any failures or delays by either party in asserting any of its rights and remedies as to any default shall not operate as a waiver of any default or of any such rights or remedies, or deprive either such party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert or enforce any such rights or remedies.

6.5 Termination

A. Termination by the Developer. In the event that prior to the Close of Escrow:

a. Commission is in material default of this Agreement, and any such failure is not cured within thirty (30) days, or for those defaults which cannot reasonably be cured within thirty (30) days, commenced to be cured within said thirty (30) day period and thereafter diligently prosecuted to completion, after written demand by the Developer; or

b. the Commission fails to satisfy any or all of Developer's Conditions to Close by the time established therefor in the Schedule of Performance; then, at the option of the Developer, upon written notice thereof to the Commission, all provisions of this Agreement shall terminate and be of no further force and effect. Thereafter, except as provided in the next sentence, neither the Commission nor the Developer shall have any further rights against or liability to the other with respect to this Agreement. Nothing in this section shall be construed as (i) releasing any party from liability for any default of its obligations hereunder or breach of its representations and warranties under this Agreement occurring prior to the termination of this Agreement and/or the Escrow to be opened hereunder, or (ii) releasing the Developer from its indemnifications obligations hereunder, all of which shall survive termination of this Agreement.

B. Termination by the Commission. In the event that prior to the Close of the Escrow:

a. The Developer does not submit certificates of insurance, Evidence of Financing, construction plans, drawings and related documents, or any other submittals as required by this Agreement, in the manner and by the dates respectively provided in this Agreement therefor; or

b. The Developer fails to satisfy any or all of Commission's Conditions to Close by the time established therefor in the Schedule of Performance (including any extensions to the dates in the Schedule of Performance); or

c. Any representation or warranty contained in this Agreement or in any application, financial statement, certificate or report submitted to the Commission in connection with this Agreement proves to have been incorrect in any material and adverse respect when made and continues to be materially adverse to the Commission; then, at the option of the Commission, upon such written notice thereof to the Developer as may be set forth above, this Agreement shall be terminated. Thereafter, except as provided in the next sentence, neither party shall have any further rights or liability against the other under this Agreement. Nothing in this section shall be construed as (i) releasing any party from liability for any default of its obligations hereunder or breach of its representations and warranties under this Agreement occurring prior to the termination of this Agreement and/or the Escrow to be opened hereunder, or (ii) releasing the

Developer from its indemnifications obligations hereunder, all of which shall survive termination of this Agreement.

In the event that at any time during the Term of this Agreement:

d. The Developer (or any successor in interest) assigns or attempts to assign the Agreement or any rights therein or in the Site in violation of this Agreement; or

e. There is a change in the ownership of the Developer contrary to the provisions of Section 1.5 hereof; or

f. The Developer is in material default hereof, and such default or failure is not cured within thirty (30) days, or for those defaults which cannot reasonably be cured within thirty (30) days, commenced to be cured within said thirty (30) day period and thereafter diligently prosecuted to completion, after the date of written demand therefor by the Commission; or

g. A court having jurisdiction shall have made or entered any decree or order (1) adjudging the Developer or Developer's general partner to be bankrupt or insolvent, (2) approving as properly filed a petition seeking reorganization of the Developer or seeking any arrangement for the Developer under the bankruptcy law or any other applicable debtor's relief law or statute of the United States or any state or other jurisdiction, (3) appointing a receiver, trustee, liquidator, or assignee of the Developer in bankruptcy or insolvency or for any of their properties, or (4) directing the winding up or liquidation of the Developer, if any such decree or order described in clauses (1) to (4), inclusive, shall have continued unstayed or undischarged for a period of ninety (90) days unless a lesser time period is permitted for cure under any other mortgage on the Site, in which event such lesser time period will apply under this subsection (f) as well; or prior to sooner sale pursuant to such sequestration, attachment, or execution. The occurrence of any decree or order in this subsection shall act to accelerate automatically, without the need for any action by the Commission, the indebtedness evidenced by the Commission Note; or

h. The Developer shall have assigned its assets for the benefit of its creditors (other than pursuant to a mortgage loan) or suffered a sequestration or attachment of or execution on any substantial part of its property, unless the property so assigned, sequestered, attached or executed upon shall have been returned or released within ninety (90) days after such event (unless a lesser time period is permitted for cure under any other mortgage on the Site, in which event such lesser time period shall apply under this subsection (g) as well) or prior to sooner sale pursuant to such sequestration, attachment, or execution. The occurrence of any of the items or actions in this subsection shall act to accelerate automatically, without the need for any action by the Commission, the indebtedness evidenced by the Commission Note; or

i. The Developer shall have voluntarily suspended its business or, if the Developer is a partnership, the partnership shall have been dissolved or terminated; or

j. There shall occur any default declared by any lender under any loan document related to any loans, other than the Commission Loan(s), secured by a deed of trust on the Project, all cure periods provided by such loan document has expired without a remedy of

default and the default has not been waived by the lender and, as a result, such lender has the right to accelerate repayment of such loan. The occurrence of any such default under this subsection shall act to accelerate automatically, without the need for any action by the Commission, the indebtedness evidenced by the Commission Note; then, at the option of the Commission, upon such written notice thereof to the Developer as may be set forth above, this Agreement shall be terminated. Thereafter, except as provided in the next sentence, neither party shall have any further rights or liability against the other under this Agreement. Nothing in this section shall be construed as (i) releasing any party from liability for any default of its obligations hereunder or breach of its representations and warranties under this Agreement occurring prior to the termination of this Agreement and/or the Escrow to be opened hereunder, or (ii) releasing the Developer from its indemnifications obligations hereunder, all of which shall survive termination of this Agreement./

6.6 Option Agreement

In addition to any rights and remedies available to Commission hereunder, Commission shall be entitled, in its sole and absolute discretion, to repurchase the Site, or a portion thereof, with all of the improvements thereon, from Developer in the event that, (i) Developer fails to commence construction of the Project within certain specified timeframes (“Repurchase Option I”), (ii) after commencement of construction, Developer fails to continuously proceed with, and complete, construction of the Project (“Repurchase Option II”) within certain specified timeframes, or (iii) Developer transfers or suffers an involuntary transfer of the Site, or a portion thereof, in violation of the terms hereof (“Repurchase Option III”). Said repurchase rights shall be as set forth in an option agreement to be recorded against the Site at the Closing, substantially in the form attached hereto and incorporated herein as Attachment No. 9 (“Option Agreement”).

6.7 Right of Reverter and Power of Termination

In addition to any other rights and remedies available to Commission hereunder, Commission shall be entitled, in its sole and absolute discretion, to reenter and take possession of the Site, subject to all liens and other matters of record, with all of the improvements thereon, from Developer in the event that prior to Commission’s issuance of a Release of Construction Covenants for the Project, (i) Developer fails to commence construction of the Project prior to the Outside Closing Date, or (ii) after commencement of construction, Developer fails to continuously proceed with, and complete construction of the Project within certain specified timeframes, or (iii) Developer transfers or suffers an involuntary transfer of the Site, or a portion thereof, in violation of the terms hereof. Said rights shall be as set forth in the Grant Deed pursuant to which Commission shall convey the Site to Developer.

6.8 Commission’s Option to Acquire Plans

Subject to the rights of any senior lenders, if this Agreement is terminated for any reason other than as a result of an Commission default, at the option of the Commission, which may be exercised in the Commission’s sole and absolute discretion, the Developer shall deliver to the Commission an executed assignment in a form reasonably acceptable to the Commission of the Developer’s right to use all plans, blueprints, drawings, sketches, specifications, tentative or final subdivision maps, landscape plans, utilities plans, soils reports, noise studies, environmental assessment reports, grading plans and any other materials relating to the construction of the Project

on the Site (the “Plans”), together with copies of all of the Plans, as have been prepared for the development of the Site to date of the termination. Notwithstanding the foregoing, however, Developer does not covenant to convey to the Commission the copyright or other ownership rights of third parties. Commission understands and agrees that the assignment to Commission under this Section 6.8 is subject and subordinate to any assignment which Developer may make to the Construction Lender, and Commission agrees to execute any documents required by such lender acknowledging and effectuating such subordination of Commission’s rights in and to the assignment. Commission’s acquisition or use of the Plans or any of them shall be without any representation or warranty by Developer as to the accuracy or completeness of any such Plans, and Commission shall assume all risks in the use of the Plans.

7. GENERAL PROVISIONS

7.1 Notices, Demands and Communications Between Parties

Written notices, demands and communications between the Commission and the Developer shall be sufficiently given if (i) delivered by hand, (ii) delivered by reputable same-day or overnight messenger service that provides a receipt showing date and time of delivery, or (iii) dispatched by registered or certified mail, postage prepaid, return receipt requested, to the principal offices of the Commission and the Developer at the addresses specified in Section 1.3.A and 1.3.B, respectively. Such written notices, demands and communications may be sent in the same manner to such other addresses as either party may from time to time designate by mail as provided in this Section 7.1.

Any written notice, demand, or communication shall be deemed received immediately if delivered by hand or delivered by messenger in accordance with the preceding paragraph, and shall be deemed received on the third (3rd) day from the date it is postmarked if delivered by registered or certified mail in accordance with the preceding paragraph.

Copies of any such written notice, demand, or communication shall also be sent to the following entities:

If notice is sent to Commission, then to: Office of County Counsel
575 Administration Drive #105A
Santa Rosa, CA 95403
Attn: Alegria De La Cruz, Esq.

If notice is sent to Developer, then to: Goldfarb & Lipman LLP
1300 Clay Street, 9th Floor
Oakland, CA 94612
Attn: Karen Tiedemann, Esq.

And

7.2 Conflicts of Interest

No member, officer, official, or employee of the Commission shall have any personal interest, direct or indirect, in this Agreement, nor shall any member, official or employee participate in any decision relating to the Agreement which affects his personal interests or the interests of any corporation, partnership or association in which he is directly or indirectly interested.

7.3 Enforced Delay; Extension of Times of Performance

In addition to specific provisions of this Agreement, performance by either party hereunder shall not be deemed to be in default, and all performance and other dates specified in this Agreement shall be extended, where delays or defaults are due to: war; insurrection; strikes; lockouts; riots; floods; earthquakes; fires; casualties; acts of God; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation; governmental restrictions or priority; litigation; unusually severe weather; inability to secure necessary labor, materials or tools; delays of any contractor; subcontractor or supplier; acts or omissions of the other party; acts or failures to act of the City of Sonoma, or the Commission, or any other public or governmental agency or entity (except that the acts or failures to act of the Commission shall not excuse performance by the Commission); or any other causes beyond the control or without the default of the party claiming an extension of time to perform. Notwithstanding anything to the contrary in this Agreement, an extension of time for any such cause shall be for the period of the enforced delay and shall commence to run from the time of the commencement of the cause, if notice by the party claiming such extension is sent to the other party within thirty (30) days after the commencement of the cause. Times of performance under this Agreement may also be extended in writing by the mutual agreement of Commission and Developer. The Commission Executive Director shall also have the authority on behalf of Commission to administratively approve extensions of time not to exceed a cumulative total of two (2) years.

Notwithstanding the foregoing portion of this Section 7.3, the Developer is not entitled pursuant to this Section 7.3 to an extension of time to perform because of past, present, or future difficulty in obtaining suitable construction financing for the development of the Site, or because of economic or market conditions.

7.4 Provision Not Merged with Deeds None of the provisions of this Agreement are intended to or shall be merged by any grant deed transferring title to any real property which is the subject of this Agreement from Commission to Developer or any successor in interest, and any such grant deed shall not be deemed to affect or impair the provisions and covenants of this Agreement.

7.5 Non-Liability of Officials and Employees of the Commission

No member, official or employee of the Commission shall be personally liable to the Developer, or any successor in interest, in the event of any default or breach by the Commission or the City or for any amount which may become due to the Developer or its successors, or on any obligations under the terms of this Agreement.

7.6 Parties Not Co-Venturers Nothing in this Agreement is intended to or does establish the Commission and the Developer as partners, co-venturers, or principal and agent with one another.

7.7 Warranties The Commission expresses no warranty or representation to the Developer as to fitness or condition of the Site for the building or construction to be conducted thereon.

7.8 Interpretation; Entire Agreement, Waivers; Attachments

The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction that might otherwise apply.

This Agreement integrates all of the terms and conditions mentioned herein or incidental hereto, and supersedes all negotiations or previous agreements between the parties or their predecessors in interest with respect to all or any part of the subject matter hereof.

All waivers of the provisions of this Agreement must be in writing by the appropriate authorities of the Commission and the Developer, and all amendments hereto must be in writing by the appropriate authorities of the Commission and the Developer. Except as otherwise expressly provided, in any circumstance where under this Agreement either party is required to approve or disapprove any matter, approval shall not be unreasonably withheld.

The exhibits and attachments to this Agreement are incorporated herein and made a part hereof.

7.9 Time of Essence

Time is of the essence in the performance of this Agreement.

7.10 No Brokers

Each party represents to the other party that it has not had any contact or dealings regarding the Site, or any communication in connection with the subject matter of this transaction, through any real estate broker or other person who can claim a right to a commission or finder's fee. If any broker or finder makes a claim for a commission or finder's fee based upon a contact, dealings, or communications, the party through whom the broker or finder makes this claim shall indemnify, defend with counsel of the indemnified party's choice, and hold the indemnified party harmless from all expense, loss, damage and claims, including the indemnified party's attorneys' fees, arising out of the broker's or finder's claim. The provisions of this section shall survive expiration of the Term or other termination of this Agreement, and shall remain in full force and effect.

7.11 Maintenance of Books and Records

Developer shall prepare and maintain all books, records, and reports necessary to substantiate Developer's compliance with the terms of this Agreement.

7.12 Right to Inspect

Commission shall have the right, upon not less than twenty-four (24) hours' notice, at all reasonable times during business hours, to inspect the books and records of the Developer pertinent to the purposes of this Agreement. Said right of inspection shall not extend to documents privileged under attorney-client or other such privileges.

7.13 Binding Effect of Agreement

This Agreement shall be binding upon and shall inure to the benefit of the parties hereto, their legal representatives, successors, and assigns. This Agreement shall likewise be binding upon and obligate the Site and the successors in interest, owner or owners thereof, and all of the tenants, lessees, sublessees, and occupants of such Site. Each and every contract, deed, or other instrument hereafter executed covering or conveying the Site shall be held conclusively to have been executed, delivered, and accepted subject to the terms and provisions hereof, regardless of whether such terms and provisions are set forth in such contract, deed, or other instrument, unless the Commission expressly releases the Site from the requirements of this Agreement.

7.14 Severability

Wherever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under applicable law. If, however, any provision of this Agreement shall be prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

7.15 Counterparts

This Agreement may be executed in counterparts, each of which, when this Agreement shall have been signed by all the parties hereto, shall be deemed to be an original, and such counterparts shall constitute one and the same instrument.

7.16 Amendments to this Agreement

The Developer and the Commission agree to mutually consider reasonable requests for amendments to this Agreement which may be made by either of the Parties hereto, the Investor Limited Partner, or the Construction Lender, provided such requests are consistent with this Agreement and would not substantially alter the basic business terms included herein. The Commission's Executive Director shall have the authority to approve, on behalf of the Commission, amendments to this Agreement that would not substantially alter the basic business terms or substantially increase the cost or risk of this Agreement to the Commission. All other amendments shall require the action of the Commission Board. All amendments, including those authorized to be approved by the Commission's Executive Director, shall be in writing and shall be signed by authorized representatives of Commission and Developer. The Commission's Executive Director shall have the authority, on behalf of the Commission, to approve extensions of time in Developer's performance under this Agreement, including, but not limited to, times of performance set forth in the Schedule of Performance, for a cumulative period of up to two (2) years.

IN WITNESS WHEREOF, the Commission and the Developer have signed this Agreement on the respective dates set forth below.

Title: Resolutions to Apply for Disaster Assistance Grants

Recommended Actions:

- A) Adopt a Resolution designating the Water Agency's General Manager, Assistant General Managers, and Chief Engineer/Director of Groundwater Management, on behalf of the Sonoma Valley County Sanitation District, to file applications and execute agreements for federal and/or state disaster financial assistance, effective for all open and future disasters for up to three (3) years from the date of approval.
- B) Adopt a Resolution designating the Water Agency's General Manager, Assistant General Managers, and Chief Engineer/Director of Groundwater Management, on behalf of the Russian River County Sanitation District, to file applications and execute agreements for federal and/or state disaster financial assistance, effective for all open and future disasters for up to three (3) years from the date of approval.

Executive Summary:

The presidential disaster declaration following the October 2017 wildfires resulted in a \$200 million allocation of federal funds to California's Hazard Mitigation Grant Program. This statewide competitive grant program makes funds available for activities that will lessen damage to people, structures, and infrastructure in the event of a future disaster.

The Sonoma Valley County Sanitation District (Sonoma Valley District) and the Russian River County Sanitation District (Russian River District) each would like to apply to this grant program to help fund the seismic retrofit of secondary treatment clarifiers at their respective wastewater treatment plants. As part of natural hazard reliability assessments conducted by both the Sonoma Valley District and the Russian River District in 2013, the clarifiers located at the wastewater treatment plants for the two respective districts have been identified as the primary vulnerable elements of the treatment processes. In the event of a major earthquake, the clarifiers would likely sustain substantial damage, rendering them inoperable,

and posing significant risks to public health and the environment. Grant funding could provide up to 75% of the estimated costs of these projects.

The Water Agency is coordinating its disaster assistance applications with the County and other agencies by participating on the Grants Steering Committee. In the wake of the October wildfires, the County Administrator's Office and its Office of Recovery and Resilience convened a steering committee to help vet and prepare disaster assistance applications across the County family of departments, districts, and agencies. The Grants Steering Committee has reviewed the two grant projects proposed herein.

This item requests the Sonoma Valley County Sanitation District's Board of Directors (Sonoma Valley Board) and the Russian River County Sanitation District's Board of Directors (Russian River Board) to adopt Resolutions designating the Sonoma County Water Agency's General Manager, Assistant General Managers, and Chief Engineer/Director of Groundwater Management as duly authorized representatives of each Board to apply for and receive grant funding from FEMA and/or the California Governor's Office of Emergency Services, and to provide the assurances and agreements required by these funding agencies for all open and future disasters for a period of up to three (3) years following the date of approval. The language and form of this resolution are provided by the California Governor's Office of Emergency Services.

Discussion:

The Sonoma Valley District and the Russian River District have each prepared a Local Hazard Mitigation Plan (Local Plan) for their respective jurisdictions. The Local Plans are part of the Districts' efforts to be prepared for natural and other disasters by identifying physical vulnerabilities and developing strategies to alleviate their impacts. As a condition of receiving certain FEMA grant funds, FEMA requires that the Local Plan be formally updated and adopted every five years. Sonoma Valley District's Local Plan was prepared, approved by FEMA, and adopted by its Board in September 2016. The Russian River District's Local Plan is currently under FEMA review, and when it is approved staff will submit it to its Board for adoption.

The Local Plans set forth the goals the Sonoma Valley District and the Russian River District, respectively, want to achieve in terms of hazard and loss prevention for their infrastructure and systems. Sonoma County is located in an area impacted by multiple natural hazards, including floods, wildfires, landslides, and mudflows. Recent hazard assessments have shown that earthquakes and flooding represent the largest threats to sanitation districts. California Geological Survey maps show that vulnerability to earthquakes is elevated in both Districts' service areas.

Seismic Retrofit of Secondary Treatment Clarifiers

A clarifier is a circular settling tank with interior steel components that are intended to slow down flow and allow solids from the raw water to settle out before the treated water exits the tank and moves on to tertiary treatment. The clarifiers are reinforced concrete structures, and the projects entail replacement of the interior mechanical components. Construction will be limited to work within the concrete tanks, and will involve removal of mechanical components, likely by crane or excavator with assistance by laborers removing anchor bolts and fasteners, as necessary. Following removal of all interior mechanical components, the surface will be prepared and the new mechanical components will be installed within the clarifiers. All staging for construction and parking areas will be located onsite at the

wastewater treatment facility. At each site, the clarifiers will be retrofitted one at a time to provide for continuity in wastewater treatment.

Mitigation goals for the proposed projects include: 1) increase operational resilience and the reliability of the wastewater treatment plant's process facilities during natural disasters; 2) reduce risks to public health and safety; 3) mitigate potential water quality impacts from the discharge of either raw or partially treated wastewater; and 4) maintain the continued production of tertiary treated recycled water for beneficial reuse and offset of potable/groundwater use. Project activities will include design, environmental documentation, and construction.

Sonoma Valley County Sanitation District Project

The Sonoma Valley District is the sole entity providing public wastewater collection and, treatment for the City of Sonoma and the nearby communities of Agua Caliente, Boyes Hot Springs, Eldridge, El Verano, Fetter Hot Springs, Glen Ellen, Vineburg, and Temelec. The Sonoma Valley District's Local Plan identifies secondary treatment clarifiers at high risk of catastrophic damage in the event of significant ground shaking during an earthquake. There are two 2 million gallon, 140 foot diameter, secondary clarifiers in use at the District's treatment facility.

The proposed project will allow the Sonoma Valley District to continue to provide wastewater collection and treatment, and recycled water distribution and disposal services to a population of approximately 42,000 people in the Sonoma Valley portion. There are approximately 17,030 equivalent single family dwelling units in the Sonoma Valley District's service area. In addition, those living in the vicinity of the treatment facility and outside of the service area will also benefit from the project, because the project is preventing catastrophic damage that will likely result in partially treated wastewater being discharged to Schell Creek, a tributary to Sonoma Creek that flows to San Pablo Bay, and with attendant fines and significant public health and safety risks. The public relies on the domestic and industrial sanitation services supplied by the Sonoma Valley District to be functional in both emergency and non-emergency circumstances.

In addition, the Sonoma Valley District's recycled water users will also benefit from the project, because the project is preventing catastrophic damage that will likely result in loss of service of recycled water. The Sonoma Valley District provides recycled water for agricultural irrigation (vineyards, pastureland, and environmental enhancement), rural residential irrigation, and environmental restoration of North San Pablo Bay wetlands. Several projects have been completed or are underway to provide urban reuse for schools and a park. Without operational clarifiers, the wastewater sent to the clarifiers would be adversely affected to the point of being non-compliant and unsuitable for recycled water distribution purposes. The clarifiers represent a critical part of the treatment process that allows the Sonoma Valley District to provide recycled water in compliance with federal and state regulations, to offset peak water demand in Sonoma Valley, and offset groundwater use for potable or agricultural purposes that may be stressing aquifer conditions in some areas of Sonoma Valley.

Cost and Schedule

The project is estimated be completed within 36 months of award and to cost approximately \$3,022,000, with 75% (\$2,266,000) in federal grant money and 25% (\$754,000) paid in local cost share. The source of

the local cost share will be provided by the Sonoma Valley District's construction fund. Grant applications are due July 1, 2018 and successful projects are anticipated to be awarded 12 to 18 months after the application deadline.

Russian River County Sanitation District

The Russian River District is the sole entity providing public wastewater collection and, treatment for the communities of Rio Nido, Guerneville, Guerneville Park, and Vacation Beach. The Russian River District's Local Plan identifies secondary treatment clarifiers at high risk of catastrophic damage in the event of significant ground shaking during an earthquake. There are three clarifiers at the Russian River District facility: two 115,000 gallon, 40-foot diameter clarifiers and one 320,000 gallon, 60-foot diameter clarifier.

The proposed project will allow the Russian River District to continue to provide wastewater collection and treatment, and recycled water distribution and disposal services to a population of approximately 3,160 equivalent single family dwelling units in its service area. In addition, those living downriver from the treatment facility and outside of the service area will also benefit from the project, because the project is preventing catastrophic damage that will likely result in partially treated wastewater being discharged to the Russian River and with attendant fines and significant public health and safety risks. The public relies on the domestic and industrial sanitation services supplied by the Russian River District to be functional in both emergency and non-emergency circumstances.

Cost and Schedule

The project is estimated be completed within 36 months of award and to cost approximately \$2,984,000, with 75% (\$2,239,000) in federal grant money and 25% (\$746,000) paid in local cost share. The source of the local cost share will be provided by the Russian River District's construction fund. Grant applications are due July 1, 2018 and successful projects are anticipated to be awarded 12 to 18 months after the application deadline.

County-Wide Grant Steering Committee

In the wake of the October wildfires, the County Administrator's Office and its Office of Recovery and Resilience convened a Grants Steering Committee to help vet and prepare disaster assistance applications across the County family of departments, districts, and agencies. The Water Agency is coordinating its disaster assistance applications with the County and other agencies and is participating on the Grants Steering Committee, which has reviewed the two grant projects proposed herein.

Recommendations

Staff recommends that the Board of Directors of the Sonoma Valley County Sanitation District and the Board of Directors of the Russian River County Sanitation District each adopt resolutions designating the Water Agency's General Manager, Assistant General Managers, and Chief Engineer/Director of Groundwater Management as authorized agents of the Boards to apply for, accept awards, and enter into agreements for Federal and/or State disaster funds.

The resolutions can be adopted as either a disaster-specific resolution or a "universal" resolution that is effective for all open and future disasters up to three years of the date of approval. The disaster-specific

option limits the designated agents’ authority to a particular grant or project. Additional resolutions would be required for any subsequent grant or disaster approved for funding. Staff recommends adopting the “universal” version to enable the Districts’ staff to efficiently interact with FEMA in the wake of disasters such as our recent flood and fire events. Federally declared disasters, such as the Napa earthquake, the Valley fire in Lake County, and the state-wide floods and wildfires of 2017, activate numerous potential funding programs that often have short windows to apply. If the universal option is adopted, staff will keep the Districts’ Boards informed of any subsequent grant awards via staff update reports.

Prior Board Actions:

12/15/2015: Resolution to formally adopt the Sonoma Valley County Sanitation District’s Local Hazard Mitigation Plan.

Strategic Plan Alignment Goal 3: Invest in the Future

County Goal 3: Invest in the Future: Retrofitting these clarifiers is an investment in our infrastructure that identifies vulnerabilities requiring mitigation measures to ensure minimal damage in the event of a natural disaster.

Water Agency Organizational Goals and Strategies, Goal 1: Increase organizational efficiency, effectiveness, and resilience to natural disasters.

Cal OES Form 130 Instructions

A Designation of Applicant's Agent Resolution for Non-State Agencies is required of all Applicants to be eligible to receive funding. A new resolution must be submitted if a previously submitted Resolution is older than three (3) years from the last date of approval, is invalid or has not been submitted.

When completing the Cal OES Form 130, Applicants should fill in the blanks on page 1. The blanks are to be filled in as follows:

Resolution Section:

Governing Body: This is the group responsible for appointing and approving the Authorized Agents.

Examples include: Board of Directors, City Council, Board of Supervisors, Board of Education, etc.

Name of Applicant: The public entity established under the laws of the State of California. Examples include: School District, Office of Education, City, County or Non-profit agency that has applied for the grant, such as: City of San Diego, Sacramento County, Burbank Unified School District, Napa County Office of Education, University Southern California.

Authorized Agent: These are the individuals that are authorized by the Governing Body to engage with the Federal Emergency Management Agency and the Governor's Office of Emergency Services regarding grants applied for by the Applicant. There are two ways of completing this section:

1. **Titles Only:** If the Governing Body so chooses, the titles of the Authorized Agents would be entered here, not their names. This allows the document to remain valid (for 3 years) if an Authorized Agent leaves the position and is replaced by another individual in the same title. If "Titles Only" is the chosen method, this document must be accompanied by a cover letter naming the Authorized Agents by name and title. This cover letter can be completed by any authorized person within the agency and does not require the Governing Body's signature.
2. **Names and Titles:** If the Governing Body so chooses, the names **and** titles of the Authorized Agents would be listed. A new Cal OES Form 130 will be required if any of the Authorized Agents are replaced, leave the position listed on the document or their title changes.

Governing Body Representative: These are the names and titles of the approving Board Members.

Examples include: Chairman of the Board, Director, Superintendent, etc. The names and titles **cannot** be one of the designated Authorized Agents, and a minimum of two or more approving board members need to be listed.

Certification Section:

Name and Title: This is the individual that was in attendance and recorded the Resolution creation and approval.

Examples include: City Clerk, Secretary to the Board of Directors, County Clerk, etc. This person **cannot** be one of the designated Authorized Agents or Approving Board Member (if a person holds two positions such as City Manager and Secretary to the Board and the City Manager is to be listed as an Authorized Agent, then the same person holding the Secretary position would sign the document as Secretary to the Board (not City Manager) to eliminate "Self Certification.")

Title: Funding of Green Business Program

Recommended Actions:

- a) Authorize Water Agency's General Manager and the Director of General Services to execute an agreement between the Sonoma County Water Agency and the County of Sonoma through its General Services department to provide funding for business-related water quality and conservation efforts for the amount of \$30,000 for one year, agreement terminates on June 30, 2019.
- b) Authorize Water Agency's General Manager and the Director of General Services to execute an agreement between the Sonoma Valley County Sanitation District and the County of Sonoma through its General Services department to provide funding for business related water quality and conservation efforts for the amount of \$20,000 for one year, agreement terminates on June 30, 2019.

Executive Summary:

This item requests approval to enter into two agreements with the General Services Green Business Program; \$30,000 and \$20,000, respectively, through June 30, 2019, for water conservation and the reduction of sanitation inflows.

Discussion:

HISTORY OF ITEM/BACKGROUND

The long-term management of water resources is important in the Sonoma County Water Agency's (Water Agency) service area. The implementation of proven practices and approaches for achieving long-term reductions in per capita water demand which may improve supply reliability, reduce the impact of short-term water shortage conditions, and provide a more accurate basis for future water management planning efforts. Water Agency is committed to assisting the region through financial support, technical support, and program management of water use efficiency for the Water Agency's water retailers through the Sonoma-Marin Saving Water Partnership.

In 2001, the Economic Development Board inherited the Green Business Program (Program) in collaboration with the Water Agency and the Sonoma Valley County Sanitation District (District). The Economic Development Board housed and supported the Program until 2015, at which point the General Services Department (General Services) assumed responsibility for administering the Program via two separate agreements with the Water Agency and the District. Under a separate two-year agreement with the Water Agency, the Economic Development Board continued to play an auxiliary role to General Services to offer its expertise in event coordination and marketing to Sonoma County businesses. General Services has gained experience working with businesses and implementing environmental programs. Currently, General Services manages Sonoma County Energy Watch, Energy Upgrade California, and the Property Assessed Clean Energy program (including the Sonoma County Energy Independence Program).

The Program is part of the California Green Business Network, whose mission is to assist businesses to operate sustainably as well as profitably. General Services works with local government agencies to provide assistance to small-to- medium sized businesses who choose to go through the process of becoming "Green". To be certified, participants must be in compliance with all environmental regulations and meet program standards for saving water, conserving energy, preventing pollution, and minimizing waste.

The Water Agency and the District collaborate with General Services to implement the Program to reduce water demands, reduce waste water flows, and educate business customers on water saving opportunities.

AGREEMENTS

Agreement between Water Agency and General Services

Under the proposed agreement, General Services will be responsible for:

1. Administration of the Program.
2. Collaboration with the Water Agency on the development and distribution of a quarterly newsletter.
3. Marketing of water use efficiency programs focused on commercial customers.
4. Collaboration with the County of Sonoma to deliver the annual award certificate program for businesses that are leaders in water use efficiency.

The agreements will not exceed \$30,000 in fiscal year 2017/2018 for Sonoma County Water Agency.

Agreement between the Sonoma Valley County Sanitation District (District) and General Services

Under the proposed agreement, General Services will be responsible for:

1. Working with the District to implement the Program.
2. Encouraging businesses receiving water audits to reduce consumption through fixture replacement or retrofit.
3. Collaboration with the Water Agency on the development and distribution of a quarterly newsletter.
4. Marketing of water use efficiency programs focused on commercial customers in District service area to reduce wastewater flows to the District, reduce Total Suspended Solids (TSS) and Biochemical Oxygen Demand (BOD).

The agreement will not exceed \$20,000 in fiscal year 2017/2018 for Sonoma Valley County Sanitation District.

RECOMMENDATIONS

Water Agency, District, and General Services staff recommend that the Boards authorize the Water Agency General Manager and the Director of General Services to execute agreements between the Sonoma County Water Agency and the County, and the District and the County to implement the Program in the amounts of \$30,000 and \$20,000, respectively. The term end date for each agreement is June 30, 2019.

Prior Board Actions:

05/19/2015: Approved agreements between Water Agency and County of Sonoma General Services Department, and Sonoma County Valley Sanitation District and County of Sonoma General Services to fund the Green Business Program. Costs were \$100,000 and \$60,000, respectively; term end for both is June 30, 2017.

From 2001 to 2015 the Board of Directors of the Water Agency, and Sonoma Valley County Sanitation District authorized annual agreements for funding Economic Development Board for the program.

Strategic Plan Alignment Goal 2: Economic and Environmental Stewardship

These agreements support Goal 2 because General Services, through the Green Business Program promotes water use efficiency in the Water Agency service area.

Water Supply and Transmission System, Goal 1: Protect drinking water supply and promote water-use efficiency.

Water Agency Water Supply Goals and Strategies, Goal 3: Ensure that water will be available to customers at all times, including during short- term emergencies, such as earthquakes, and long-term challenges caused by extended droughts and global climate change.

Agreement for Funding of the Green Business Program

This agreement (“Agreement”) is by and between Sonoma County Water Agency (“Water Agency”) and County of Sonoma (“County”). The Effective Date of this Agreement is the date the Agreement is last signed by the parties to the Agreement, unless otherwise specified in Article 6 (Term of Agreement).

RECITALS

- A. Water Agency and County mutually desire to educate and assist the private sector business community with environmental issues including, but not limited to, water quality and efficiency of use within the commercial, industrial, and institutional (CII) sector of the Water Agency’s service area.
- B. County has existing relationships with local businesses and expertise in identifying and researching efficiency of water use activities and opportunities for businesses that will assist Water Agency in accomplishing its water quality, conservation, and educational goals.
- C. Water Agency desires to fund County to provide support to assist area businesses in adopting water-efficient, cost-effective practices through contacting business owners and arranging for water audits.
- D. The Sonoma Green Business Program began through the Bay Area Association of Governments (ABAG) in 1996. The Sonoma Green Business Program works with the following sectors: Office/Retail, Restaurants, Small Manufacturers, Wineries, Home Offices, Printers, Hotels, Automotive (body and shop), Janitorial Cleaning Services, Property Managers, Car Washes, Grocery Stores, Dentists and Schools.
- E. The Sonoma Green Business Program certifies local businesses that adopt water- efficient, cost effective practices and other sustainability measures, including conserving energy, preventing pollution and minimizing waste.

In consideration of the foregoing recitals and the mutual covenants contained herein, the parties hereto agree as follows:

AGREEMENT

1. RECITALS

- 1.1. The above recitals are true and correct.

2. COORDINATION

3. COUNTY RESPONSIBILITIES

3.1. County is responsible for the following tasks:

- a. Administer and maintain the Sonoma Green Business Program.
- b. Coordinate the Sonoma Green Business Program and its purchases. This shall include:
 - i. Verifying that participants are in compliance with all environmental regulations that meet program standards for saving water, conserving energy, preventing pollution, and minimizing waste.
 - ii. Maintaining a database to include applicant, certified, recertified, denied, and revoked businesses.
 - iii. Developing and printing program marketing materials including:
 - a) Window decals
 - b) Sonoma Green Business Program checklists and business reports for both certified and denied businesses.
 - iv. Publicity, education, and outreach.
 - v. Verification that an applicant business has met program standards through permit and compliance confirmation and collection of checklists from relevant audits of the applicant business.
 - vi. Annually recognize the businesses that have obtained the Green Business Certification.

3.2. Records. County shall maintain complete and accurate records of all transactions in compliance with generally accepted accounting principles for enterprise accounting as promulgated by the American Institute of Certified Public Accountants and the Governmental Accounting Standards Board. Such

records shall be available to Water Agency at all reasonable times for inspection and analysis.

- 3.3. Reporting. County shall supply an annual report which includes a summary of the number of newly certified and recertified businesses broken down by category, reflecting any pertinent data as far as quantifiable water saved, waste-water saved, energy conserved, pollution prevention, and solid waste minimization.
- 3.4. Newsletter and Public Relations Content. Green business will develop newsletter and public relations publications. If requested, Water Agency will work with County to develop content.
- 3.5. Content Online Accessibility.
 - a. *Accessibility*: Water Agency policy requires that all documents that may be published to the Web meet accessibility standards to the greatest extent possible, and utilizing available existing technologies.
 - b. *Standards*: Those responsible for preparing content intended for use or publication on a Water Agency/County-managed or Water Agency/County-funded web site must comply with applicable federal accessibility standards established by 36 C.F.R. section 1194, pursuant to section 508 of the Rehabilitation Act of 1973, as amended (29 U.S.C. section 794(d)), and Water Agency's Web Site Accessibility Policy located at <http://webstandards.sonoma-county.org>.
 - c. *Certification*: With each final receivable intended for public distribution (report, presentations posted to the Internet, public outreach materials), County shall include a descriptive summary describing how all deliverable documents were assessed for accessibility (e.g. Microsoft Word accessibility check; Adobe Acrobat accessibility check, or other commonly accepted compliance check).
 - d. *Alternate Format*: When it is strictly impossible due to the unavailability of technologies required to produce an accessible document, County shall identify the anticipated accessibility deficiency prior to commencement of any work to produce such deliverables. County agrees to cooperate with Water Agency staff in the development of alternate document formats to maximize the facilitative features of the impacted document(s); e.g., embedding the document with alt-tags that describe complex data/tables.
 - e. *Noncompliant Materials; Obligation to Cure*: Remediation of any materials that do not comply with Water Agency's Web Site Accessibility Policy shall be the responsibility of County. If Water Agency, in its sole and absolute discretion, determines that any deliverable intended for use or publication on any Water Agency/County-managed or Water Agency/County-funded Web site does not comply with Water Agency Accessibility Standards, Water Agency will promptly inform County in writing. Upon such notice, County shall, without charge to Water Agency, repair or replace the non-compliant materials within such period of time as specified by Water Agency in writing.

If the required repair or replacement is not completed within the time specified, Water Agency shall have the right to do any or all of the following, without prejudice to Water Agency's right to pursue any and all other remedies at law or in equity:

- i. Cancel any delivery or task order;
 - ii. Terminate this Agreement pursuant to the provisions of Paragraph 7; and/or
 - iii. In the case of custom Electronic and Information Technology (EIT) developed by County for Water Agency, Water Agency may have any necessary changes or repairs performed by itself or by another contractor. In such event, County shall be liable for all expenses incurred by Water Agency in connection with such changes or repairs.
- f. *Water Agency's Rights Reserved:* Notwithstanding the foregoing, Water Agency may accept deliverables that are not strictly compliant with Water Agency Accessibility Standards if Water Agency, in its sole and absolute discretion, determines that acceptance of such products or services is in Water Agency's best interest.

4. WATER AGENCY'S RESPONSIBILITIES

- 4.1. Coordination. Water Agency shall coordinate with County's staff to attend meetings.
- 4.2. Collaborate with County and EDB. Share progress of work detailed in this Agreement to allow collaboration between partners.
 - a. Green Business Program Site Assessments. If County requests, Water Agency will perform a water audit of the applicant business within 30 days of audit request. Water Agency will coordinate with the applicant business directly to schedule a convenient water audit time and date.
 - b. During the audit of the business, Water Agency will complete the water audit as per internal Bay Area Green Business Program Business requirements, as well as the "Water Conservation" portion of the Bay Area Green Business Program Checklist (Checklist).
 - c. Upon completion of the audit, Water Agency will return the completed program checklist to County.
 - d. If a business fails a component of the Sonoma Green Business Program and is not recognized, or becomes derecognized and requires recertification, there will be no requirement by Water Agency for an additional water audit or additional checklist completion.
- 4.3. Site Assessment Training. If requested by County, Water Agency will offer training or job shadow to the Green Business staff that need to conduct a site visit to determine if water efficiency standards are met

- 4.4. Newsletter and Public Relations Content. If requested, Water Agency will work with County's staff to develop newsletter and public relations content.
- 4.5. Reimbursement. Water Agency shall process for requests for reimbursements as described in Section 5.4.
- 4.6. Items to be Provided. Water Agency logo or other identifying material, as requested by County.

5. FUNDING AND REIMBURSEMENT

- 5.1. Water Agency's maximum obligation to County under this Agreement shall not exceed **\$30,000**.
- 5.2. Availability of Funding in Subsequent Fiscal Years.
 - a. Water Agency's performance under this Agreement in subsequent years is contingent upon appropriation of funds by Water Agency's Board of Directors. Water Agency shall have no liability under this Agreement if sufficient funds are not appropriated in subsequent fiscal years by Water Agency's Board of Directors for the purpose of this Agreement. Amount of funding planned for appropriation for this Agreement is as follows:

<i>Fiscal Year</i>	<i>Planned Appropriation</i>
2017/2018	\$30,000

- b. If funding for this Agreement for any fiscal year is reduced or eliminated by Water Agency's Board of Directors, Water Agency shall have the option to either terminate this Agreement in accordance with Article 7 (Termination) or offer an amendment to County to reflect the reduced amount
- 5.3. Invoices. County shall annually submit an invoice to Water Agency that shows or includes Water Agency's Project-Activity Code T0315P006.
- 5.4. Reimbursement. Upon approval of each invoice, Water Agency will reimburse County by initiating a cost-applied expenditure transfer of funds, or journal voucher transfer, from Water Agency to County. All approved payment requests and subsequent cost-applied transfer of funds will be submitted to the County Auditor within 30 calendar days of receipt of the invoice.

6. TERM OF AGREEMENT

- 6.1. This Agreement shall expire on June 30, 2019, unless terminated earlier in accordance with the provisions of Paragraph 7 (Termination).

7. TERMINATION

- 7.1. At any time and without cause, Water Agency has the right, in its sole discretion, to terminate this Agreement by giving five calendar days' written notice to County. In the event of such termination, Water Agency will pay County for

services satisfactorily rendered to the date of termination. In addition, should County fail to perform any of its obligations hereunder, within the time and in the manner herein provided, or otherwise violate any of the terms of this Agreement, Water Agency may immediately terminate this Agreement by giving County written notice of such termination, stating the reason for termination. In the event of such termination, Water Agency will pay County for services satisfactorily rendered to the date of termination. However, Water Agency will deduct from such amount the amount of damage, if any, sustained by Water Agency by virtue of the breach of the Agreement by County. Water Agency's

MUTUAL INDEMNIFICATION

- 8.1. Each party shall indemnify, defend, protect, hold harmless, and release the other, its officers, agents, and employees, from and against any and all claims, loss, proceedings, damages, causes of action, liability, costs, or expense (including attorneys' fees and witness costs) arising from or in connection with, or caused by any act, omission, or negligence of such indemnifying party or its agents, employees, contractors, subcontractors, or invitees. This indemnification obligation shall not be limited in any way by any limitation on the amount or type of damages or compensation payable to or for the indemnifying party or its agents, employees, contractors, subcontractors, or invitees under workers' compensation acts, disability benefit acts, or other employee benefit acts.

9. ADDITIONAL REQUIREMENTS

- 9.1. Bottled Water. In accordance with Sonoma County Water Agency Board of Directors Resolution No. 09-0920, dated September 29, 2009, no Water Agency funding shall be used to purchase single-serving, disposable water bottles for use in Water Agency facilities or at Water Agency-sponsored events. This restriction shall not apply when potable water is not available.
- 9.2. Authority to Amend Agreement. Changes to the Agreement may be authorized only by written amendment to this Agreement, signed by both parties. Changes to lengthen time schedules or make minor modifications to the scope of work, which do not increase the amount paid under the Agreement, may be executed by the Water Agency's General Manager in a form approved by County Counsel.
- 9.3. No Waiver of Breach. The waiver by Water Agency of any breach of any term or promise contained in this Agreement shall not be deemed to be a waiver of such term or promise or any subsequent breach of the same or any other term or promise contained in this Agreement.
- 9.4. Construction. To the fullest extent allowed by law, the provisions of this Agreement shall be construed and given effect in a manner that avoids any violation of statute, ordinance, regulation, or law. The parties covenant and agree that in the event that any provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be

affected, impaired, or invalidated thereby. County and Water Agency acknowledge that they have each contributed to the making of this Agreement and that, in the event of a dispute over the interpretation of this Agreement, the language of the Agreement will not be construed against one party in favor of the other. County and Water Agency acknowledge that they have each had an adequate opportunity to consult with counsel in the negotiation and preparation of this Agreement.

- 9.5. No Third-Party Beneficiaries. Nothing contained in this Agreement shall be construed to create and the parties do not intend to create any rights in third parties.
- 9.6. Applicable Law and Forum. This Agreement shall be construed and interpreted according to the substantive law of California excluding the law of conflicts. Any action to enforce the terms of this Agreement or for the breach thereof shall be brought and tried in the County of Sonoma.
- 9.7. Captions. The captions in this Agreement are solely for convenience of reference. They are not a part of this Agreement and shall have no effect on its construction or interpretation.
- 9.8. Merger. This writing is intended both as the final expression of the Agreement between the parties hereto with respect to the included terms and as a complete and exclusive statement of the terms of the Agreement, pursuant to Code of Civil Procedure section 1856. Each Party acknowledges that, in entering into this Agreement, it has not relied on any representation or undertaking, whether oral or in writing, other than those which are expressly set forth in this Agreement. No modification of this Agreement shall be effective unless and until such modification is evidenced by a writing signed by both parties.
- 9.9. Survival of Terms. All express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.
- 9.10. Time of Essence. Time is and shall be of the essence of this Agreement and every provision hereof.

Agreement for Funding of the Green Business Program

This agreement (“Agreement”) is by and between Sonoma Valley County Sanitation District (“District”) and County of Sonoma (“County”). The Effective Date of this Agreement is the date the Agreement is last signed by the parties to the Agreement, unless otherwise specified in Article 6 (Term of Agreement).

RECITALS

- A. District and County mutually desire to educate and assist the private sector business community with environmental issues including, but not limited to, water quality and efficiency of use within the commercial, industrial, and institutional (CII) sector of the District’s service area.
- B. County has existing relationships with local businesses and expertise in identifying and researching efficiency of water use activities and opportunities for businesses that will assist District in accomplishing its water quality, conservation, and educational goals.
- C. The Sonoma Green Business Program (Program) began through the Bay Area Association of Governments (ABAG) in 1996. The Program works with the following sectors: office/retail, restaurants, small manufacturers, wineries, home offices, printers, hotels, automotive (body and shop), janitorial cleaning services, property managers, car washes, grocery stores, dentists and schools.
- D. The Sonoma Green Business Program certifies local businesses that adopt water- efficient, cost effective practices and other sustainability measures including conserving energy, preventing pollution and minimizing waste.
- E. District desires to fund County to provide support to assist area businesses in adopting water use efficiency programs focused on commercial customers in District service area to reduce wastewater flows to the District, reduce Total Suspended Solids (TSS) and Biochemical Oxygen Demand (BOD).
- F. Sonoma County Water Agency operates the District under contract with District. References to District employees are understood to be Sonoma County Water Agency employees acting on behalf of the District.

In consideration of the foregoing recitals and the mutual covenants contained herein, the parties hereto agree as follows:

AGREEMENT

1. RECITALS

- 1.1. The above recitals are true and correct.

2. COORDINATION

2.1. Cooperation with District. County shall coordinate the work with District’s Project Manager. Contact information and mailing addresses:

3. COUNTY’S RESPONSIBILITIES

3.1. In addition to implementing the Program, the County shall provide education and outreach of the Program in the District service area. County shall cooperate with District to do the following:

- a. Develop and distribute public information materials relating to water audits, high water using fixture replacement through the Program newsletter.
- b. Promote and market water use efficiency programs focused on commercial customers in District service area to reduce wastewater flows to the District, reduce Total Suspended Solids (TSS) and Biochemical Oxygen Demand (BOD).

3.2. Records. County shall maintain complete and accurate records of all transactions in compliance with generally accepted accounting principles for enterprise accounting as promulgated by the American Institute of Certified Public Accountants and the Governmental Accounting Standards Board. Such records shall be available to District at all reasonable times for inspection and analysis.

3.3. Coordination. County shall coordinate meetings in which the District staff shall attend.

3.4. Content Online Accessibility.

- a. *Accessibility:* District policy requires that all documents that may be published to the Web meet accessibility standards to the greatest extent possible, and utilizing available existing technologies.
- b. *Standards:* Those responsible for preparing content intended for use or publication on a District/County-managed or District/County-funded web site must comply with applicable federal accessibility standards established by 36

C.F.R. section 1194, pursuant to section 508 of the Rehabilitation Act of 1973, as amended (29 U.S.C. section 794(d)), and District's Web Site Accessibility Policy located at <http://webstandards.sonoma-county.org>.

- c. *Certification*: With each final receivable intended for public distribution (report, presentations posted to the Internet, public outreach materials), County shall include a descriptive summary describing how all deliverable documents were assessed for accessibility (e.g. Microsoft Word accessibility check; Adobe Acrobat accessibility check, or other commonly accepted compliance check).
- d. *Alternate Format*: When it is strictly impossible due to the unavailability of technologies required to produce an accessible document, County shall identify the anticipated accessibility deficiency prior to commencement of any work to produce such deliverables. County agrees to cooperate with District staff in the development of alternate document formats to maximize the facilitative features of the impacted document(s); e.g., embedding the document with alt-tags that describe complex data/tables.
- e. *Noncompliant Materials; Obligation to Cure*: Remediation of any materials that do not comply with District's Web Site Accessibility Policy shall be the responsibility of County. If District, in its sole and absolute discretion, determines that any deliverable intended for use or publication on any District/County-managed or District/County-funded Web site does not comply with District Accessibility Standards, District will promptly inform County in writing. Upon such notice, County shall, without charge to District, repair or replace the non-compliant materials within such period of time as specified by District in writing. If the required repair or replacement is not completed within the time specified, District shall have the right to do any or all of the following, without prejudice to District's right to pursue any and all other remedies at law or in equity:
 - i. Cancel any delivery or task order;
 - ii. Terminate this Agreement pursuant to the provisions of Paragraph 7; and/or
 - iii. In the case of custom Electronic and Information Technology (EIT) developed by County for District, District may have any necessary changes or repairs performed by itself or by another contractor. In such event, County shall be liable for all expenses incurred by District in connection with such changes or repairs.
- f. *District's Rights Reserved*: Notwithstanding the foregoing, District may accept deliverables that are not strictly compliant with District Accessibility Standards if District, in its sole and absolute discretion, determines that acceptance of such products or services is in District's best interest.

4. DISTRICT’S RESPONSIBILITIES

- 4.1. Reimbursement. District shall expedite and process all requests for reimbursements as described in Section 5.4.
- 4.2. Items to be Provided. District logo or other identifying material, as requested by County.

5. FUNDING AND REIMBURSEMENT

- 5.1. District’s maximum obligation to County under this Agreement shall not exceed **\$20,000**.
- 5.2. Availability of Funding in Subsequent Fiscal Years.
 - a. District’s performance under this Agreement in subsequent years is contingent upon appropriation of funds by District’s Board of Directors. District shall have no liability under this Agreement if sufficient funds are not appropriated in subsequent fiscal years by District’s Board of Directors for the purpose of this Agreement. Amount of funding planned for appropriation for this Agreement is as follows:

<i>Fiscal Year</i>	<i>Planned Appropriation</i>
2017/2018	\$20,000

- b. If funding for this Agreement for any fiscal year is reduced or eliminated by District’s Board of Directors, District shall have the option to either terminate this Agreement in accordance with Article 7 (Termination) or offer an amendment to County to reflect the reduced amount
- 5.3. Invoices. Annually submit an invoice to District that shows or includes the District’s, Project-Activity Code “V0041P006.”
- 5.4. Reimbursement. Upon approval of each invoice, District will reimburse County by initiating a cost-applied expenditure transfer of funds, or journal voucher transfer, from District to County. All approved payment requests and subsequent cost-applied transfer of funds will be submitted to the County Auditor within 30 calendar days of receipt of the invoice.

6. TERM OF AGREEMENT

- 6.1. This Agreement shall expire on June 30, 2019, unless terminated earlier in accordance with the provisions of Paragraph 7 (Termination).

7. TERMINATION

- 7.1. At any time and without cause, District has the right, in its sole discretion, to terminate this Agreement by giving five calendar days’ written notice to County. In the event of such termination, District will pay County for services satisfactorily rendered to the date of termination. In addition, should County fail

to perform any of its obligations hereunder, within the time and in the manner herein provided, or otherwise violate any of the terms of this Agreement, District may immediately terminate this Agreement by giving County written notice of such termination, stating the reason for termination. In the event of such termination, District will pay County for services satisfactorily rendered to the date of termination. However, District will deduct from such amount the amount of damage, if any, sustained by District by virtue of the breach of the Agreement by County. District's right to terminate may be exercised by Water Agency's General Manager.

8. MUTUAL INDEMNIFICATION

- 8.1. Each party shall indemnify, defend, protect, hold harmless, and release the other, its officers, agents, and employees, from and against any and all claims, loss, proceedings, damages, causes of action, liability, costs, or expense (including attorneys' fees and witness costs) arising from or in connection with, or caused by any act, omission, or negligence of such indemnifying party or its agents, employees, contractors, subcontractors, or invitees. This indemnification obligation shall not be limited in any way by any limitation on the amount or type of damages or compensation payable to or for the indemnifying party or its agents, employees, contractors, subcontractors, or invitees under workers' compensation acts, disability benefit acts, or other employee benefit acts.

9. ADDITIONAL REQUIREMENTS

- 9.1. Bottled Water. In accordance with Sonoma County Water Agency Board of Directors Resolution No. 09-0920, dated September 29, 2009, no Water Agency funding shall be used to purchase single-serving, disposable water bottles for use in Water Agency facilities or at Water Agency-sponsored events. This restriction shall not apply when potable water is not available.
- 9.2. Authority to Amend Agreement. Changes to the Agreement may be authorized only by written amendment to this Agreement, signed by both parties. Changes to lengthen time schedules or make minor modifications to the scope of work, which do not increase the amount paid under the Agreement, may be executed by the Water Agency's General Manager in a form approved by County Counsel.
- 9.3. No Waiver of Breach. The waiver by District of any breach of any term or promise contained in this Agreement shall not be deemed to be a waiver of such term or promise or any subsequent breach of the same or any other term or promise contained in this Agreement.
- 9.4. Construction. To the fullest extent allowed by law, the provisions of this Agreement shall be construed and given effect in a manner that avoids any violation of statute, ordinance, regulation, or law. The parties covenant and agree that in the event that any provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of

the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated thereby. County and District acknowledge that they have each contributed to the making of this Agreement and that, in the event of a dispute over the interpretation of this Agreement, the language of the Agreement will not be construed against one party in favor of the other. County and District acknowledge that they have each had an adequate opportunity to consult with counsel in the negotiation and preparation of this Agreement.

- 9.5. No Third-Party Beneficiaries. Nothing contained in this Agreement shall be construed to create and the parties do not intend to create any rights in third parties.
- 9.6. Applicable Law and Forum. This Agreement shall be construed and interpreted according to the substantive law of California excluding the law of conflicts. Any action to enforce the terms of this Agreement or for the breach thereof shall be brought and tried in the County of Sonoma.
- 9.7. Captions. The captions in this Agreement are solely for convenience of reference. They are not a part of this Agreement and shall have no effect on its construction or interpretation.
- 9.8. Merger. This writing is intended both as the final expression of the Agreement between the parties hereto with respect to the included terms and as a complete and exclusive statement of the terms of the Agreement, pursuant to Code of Civil Procedure section 1856. Each Party acknowledges that, in entering into this Agreement, it has not relied on any representation or undertaking, whether oral or in writing, other than those which are expressly set forth in this Agreement. No modification of this Agreement shall be effective unless and until such modification is evidenced by a writing signed by both parties.
- 9.9. Survival of Terms. All express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.
- 9.10. Time of Essence. Time is and shall be of the essence of this Agreement and every provision hereof.

Title: Summary Vacation of Hydraulic Maintenance and Access Easement for Oak Creek Subdivision

Recommended Actions:

- A) Adopt a resolution determining that vacating any remaining interests in the hydraulic maintenance and access easement granted to the Sonoma County Water Agency in 1978, located in the Town of Windsor on Assessor's Parcel Numbers 163-190-023, 163-190-024, 163-190-025, 163-190-026, and 163-190-027 will not have a significant adverse effect on the environment; and
- B) Authorize the summary vacation of a hydraulic maintenance and access easement that is not required for purposes of the Water Agency and has not been used for the purpose for which it was dedicated or acquired for five consecutive years immediately preceding the proposed vacation.

Executive Summary:

This item will allow for the summary vacation of the remaining easement rights associated with a hydraulic maintenance and access easement that was granted to the Sonoma County Water Agency (Water Agency) in 1978. Portions of the easement rights have already been vacated to allow for the development of the property encumbered by the easement. However, a portion of the original easement is still retained by the Water Agency. A property owner affected by the remaining easement rights has requested that Water Agency vacate the remaining portions of the hydraulic maintenance and access easement.

Discussion:

The Sonoma County Water Agency was requested by the property owner of 6166 Lockwood Drive to vacate the remaining portions of a hydraulic maintenance and access easement affecting lots located on Lockwood Drive, Windsor. The hydraulic maintenance and access easement was granted to the Water Agency on August 2, 1978, and recorded in Book 3433, Page 589 of Official Records of the County of Sonoma for the construction and maintenance of flood detention reservoirs relating to the Oak Creek Subdivision Project. As the reservoirs were not constructed and the easement was not being used for the purpose that it was acquired, portions of the easement were vacated to allow for development of the property. On September 1, 1987, and on September 8, 1999, two separate portions of the easement were vacated at the request of property owners to allow for development of the properties. The only apparent

portion of the easement still held by the Water Agency is for access across Assessor's Parcel Numbers 163-190-023 (6166 Lockwood Drive), 163-190-024 (6162 Lockwood Drive), 163-190-025 (6158 Lockwood Drive), 163-190-026 (6154 Lockwood Drive), and 163-190-027 (6150 Lockwood Drive). All parcels are located in the Town of Windsor. The access has not been used for the purpose that it was acquired for a minimum of five years preceding the request to vacate the easement rights. Although the Water Agency has identified some properties still encumbered by the 1978 hydraulic maintenance and access easement, it is the intent of this vacation to vacate any and all remaining rights in the easement.

As the easement has not been used for the purpose for which it was dedicated or acquired for five consecutive years immediately preceding the proposed vacation, Section 8333(a) of the Streets and Highways Code authorizes the Board of Directors to summarily vacate a public service easement under such circumstances. Water Agency staff has determined that vacating the easement will have no adverse effect on the Water Agency.

In accordance with Section 65402 of the Government Code, the Water Agency requested the Town of Windsor Community Development Department to determine whether the vacation of the easement would comply with the Town's General Plan. As the Community Development Department did not respond within 40 days to the request, per Section 65402 of the Government Code, the vacation of the easement is deemed to be in conformance with the County's General Plan.

The General Manager has determined that declaring the afore stated properties surplus is exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15312 (Surplus Government Property Sales) because the properties are no longer necessary for the operations of a hydraulic maintenance and access easement and the parcels are not in an area of statewide, regional, or area wide concern and due to its size and shape, it is incapable of independent development. Water Agency staff has prepared a Notice of Exemption in accordance with CEQA, the State CEQA Guidelines, and the Water Agency's Procedures for the Implementation of CEQA.

Water Agency staff recommends that the Board adopt the attached Resolution, determining that the Water Agency no longer requires the easement for the purposes of the Water Agency and vacation of the easement will not have a significant impact on the environment, because the property is not located in an area of statewide concern and does not have significant values for wildlife or other environmental purposes, and authorizing summary vacation of the Water Agency hydraulic maintenance and access easement.

RESOLUTION OF THE BOARD OF DIRECTORS OF THE SONOMA COUNTY WATER AGENCY (WATER AGENCY) DETERMINING THAT VACATING A HYDRAULIC MAINTENANCE AND ACCESS EASEMENT LOCATED IN THE TOWN OF WINDSOR WILL NOT HAVE A SIGNIFICANT ADVERSE EFFECT ON THE ENVIRONMENT; AND AUTHORIZING THE SUMMARY VACATION OF AN EASEMENT THAT HAS NOT BEEN USED

Whereas, Division 9, Part 3, Chapters 2 through 4 (commencing with Section 8310) of the California Streets and Highways Code provides for summary vacation when certain conditions are met; and

Whereas, on August 2, 1978, the Water Agency was granted a hydraulic maintenance and access easement for the construction and maintenance of flood detention reservoirs, recorded in Book 3433, Page 589 of Official Records of the County of Sonoma; and

Whereas, a property owner affected by the easement has requested the Water Agency to vacate said easement as it adversely affects their property; and

Whereas, the property interest described below has been found to be a public service easement and has not been used for the purpose that it was acquired for five years immediately preceding the proposed vacation, meeting the requirements of Section 8333 of the California Streets and Highways Code; and

Whereas, portions of the easement have already been vacated by previous Board actions; and

Whereas, it is the intent of this vacation to vacate all remaining portions/rights of said easement; and

Whereas, pursuant to Section 65402 of the California Government Code, the proposed vacation has been submitted to the Community Development Department of the Town of Windsor within whose jurisdiction the proposed vacation is situated, and has been deemed to be in conformance with the general plan of said agency; and

Resolution #

Date:

Page 2

Whereas, the Water Agency's General Manager has determined that the proposed vacation of easement is exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15312, Surplus Government Property Sales, because the property is not located in an area of statewide concern, does not have significant values for wildlife or other environmental purposes, and due to its size and shape, it is incapable of independent development; and

Whereas, the Water Agency, as the Lead Agency under CEQA, has prepared a Notice of Exemption for the summary vacation for the Project in accordance with CEQA, the State CEQA guidelines, and the Water Agency's Procedures for the Implementation of CEQA; and

Now, Therefore, Be It Resolved that the Board of Directors, hereby finds, determines, declares, and resolves that:

1. The foregoing recitals are true and correct.
2. Based on review of the Notice of Exemption prepared by Water Agency staff, this Board hereby determines that the Summary Vacation of the Sonoma County Water Agency Hydraulic Maintenance and Access Easement in the Town of Windsor recited in item number 5 (below) is hereby exempt from the requirements of CEQA pursuant to Section 15312 Surplus Government Property Sales, because the property is not located in an area of statewide concern, does not have significant values for wildlife or other environmental purposes and due to its size and shape, it is incapable of independent development.
3. The Board of Directors of the Sonoma County Water Agency finds that the Water Agency no longer requires the easement referred to below for the purposes of the Water Agency.
4. The Board of Directors of the Sonoma County Water Agency finds the need for the easement referred to below to be unnecessary because the easement has not been used for the purpose for which it was acquired for five consecutive years immediately preceding the proposed vacation, and that this resolution is prima facie evidence of the facts stated.

Title: Sonoma County Water Agency Procurement of two Vacuum Trucks

Recommended Actions:

Adopt a Resolution Authorizing Adjustments to the Board Adopted Budget for Fiscal Year 2017-2018 for the Sonoma County Water Agency General Fund and Equipment Fund, each in the Amount of \$448,733 for the procurement of two vacuum trucks for hauling wastewater.

Executive Summary:

This item requests that the Board of Directors (Board): Adopt a Resolution Authorizing the Sonoma County Water Agency (Water Agency) to purchase to Vacuum Trucks to facilitate the daily hauling of raw wastewater from the Occidental County Sanitation District Wastewater lift station to the Airport-Larkfield-Wikiup Sanitation Zone treatment plant.

Discussion:

The Occidental County Sanitation District (District) service area covers approximately 55 acres and provides service to approximately 120 parcels. Treated wastewater is sent to Graham's Pond which has been utilized as a year-round storage reservoir since 1977 and is located on private property at 5502 Graton Road, near Occidental. However, North Coast Regional Water Quality Control Board (Regional Board) analysis has determined that Graham's Pond is a water of the United States due to its construction and location at the headwaters of Dutch Bill Creek. The pond was originally constructed as an agricultural pond.

The District's wastewater treatment facility is permitted by the Regional Board under the Waste Discharge Requirements adopted in Order No. R1-2012-0101 (Order), dated December 6, 2012. The Order implements provisions of the North Coast Regional Board Water Quality Control Plan (Basin Plan), whereby no wastewater treatment facility is allowed to discharge waste to the Russian River or its tributaries during the period of May 15 through September 30. Since Graham's Pond is considered a water of the United States subject to National Pollutant Discharge Elimination System permit requirements and a tributary to the Russian River, it is not permissible to discharge secondary-treated effluent into the pond

from May 15 through September 30. However, because Graham’s Pond is the only storage pond currently available to the District, it is not possible for the District to meet this requirement of Order No. R1-2012-0101, and the District continues to discharge secondary-treated effluent into the pond year-round.

On February 6, 2018, the Board approved of the Occidental County Sanitation District Wastewater Transport Compliance Project, which will allow for wastewater from the District to be transferred to and treated at the Airport-Larkfield-Wikiup Sanitation Zone treatment plant located at 800 Aviation Blvd in an unincorporated area of Sonoma County. By transferring the District wastewater to the Airport-Larkfield-Wikiup Sanitation Zone, Project would eliminate the discharge and storage of secondary-treated effluent into Graham’s Pond, and eliminate direct discharge to Dutch Bill Creek during the wet season.

Through analysis, staff has determined two vacuum trucks are required to facilitate the daily (typically Monday-Friday) hauling of raw wastewater from the District lift station to the Airport-Larkfield-Wikiup treatment plant. In addition, staff has determined that this is the most cost effective way to haul the wastewater. The Water Agency’s fleet does not currently possess the trucks necessary to implement the District’s hauling operations and needs to purchase the two tanker trucks. The procurement will be made through the National Joint Powers Alliance Contract 081716-NAF for the purchase of two new 2018 Peterbilt 4,200 gallon vacuum trucks for a total of \$448,733.

The Water Agency recommends the Board Authorize the General Manager of the Water Agency to procure vacuum trucks necessary to haul wastewater.

ALTERNATIVES

Failure to purchase vacuum trucks will result in higher hauling cost.

Prior Board Actions:

- 02/06/2018 Board Action approving the Occidental County Sanitation District Wastewater Transport Compliance Project
- 12/12/2017 Resolution 17-0483 determining that the Occidental County Sanitation District to Airport-Larkfield-Wikiup Sanitation Zone Wastewater Transport Project will not have a significant adverse effect on the environment; adopting the Initial Study and Negative Declaration of Environmental Impact for the project; approving the Project, making certain related findings, and authorizing the filing of a Notice of Determination.

Strategic Plan Alignment Goal 2: Economic and Environmental Stewardship

Waste Water Treatment and Water Reuse, Goal 1: Improve operational reliability of wastewater treatment and water reuse systems. This items supports this goal by eliminating the discharge of secondary treated wastewater into Dutch Bill Creek and will now discharge treated wastewater through land irrigation.

Title: Fiscal Year 2017-18 Third Quarter Budget Adjustments

Recommended Actions:

Adopt a Concurrent Budget Resolution adjusting departmental budgets by approximately \$582,000 to carry out operations and delivery of services through the end of the current fiscal year, which are consistent with prior board actions. Of the total, \$10,000 is within the General Fund budgets, and approximately \$572,000 in Other Funds.

Executive Summary:

Throughout the fiscal year many County Departments, Agencies and Districts experience the need to make adjustments to the revenues and/or expenditure appropriations in their budgets. As a result, the County Administrator's Office coordinates with all County departments and agencies on a quarterly basis to summarize and present a consolidated request for appropriations changes that align with prior Board direction. The proposed consolidated budgetary adjustments do not include any new programs or initiatives not previously approved by the Board.

Following these adjustments, the FY 2017-18 revised budget will be \$1.8 billion. Staff is requesting that the Board approve approximately \$582,000 in this third quarterly consolidated budget adjustments necessary to carry out operations and delivery of services through the end of the current fiscal year.

Discussion:

The FY 2017-18 total current revised budget is \$1.817 billion. This report includes a recommendation to increase budgeted expenses by approximately \$582,000, revenues/reimbursement by approximately \$513,000 and use of accumulated non-General Fund balances by \$68,000. If budget changes are approved, the total revised county-wide FY 2017-18 Budget will be approximately \$1.818 billion (including transfers within county departments/agencies). Additionally, contingencies will be utilized to finance various fee waivers previously approved by the Board.

At the direction of the County Administrator, budget changes include only adjustments that are consistent with prior board direction. A complete list totaling \$582,160 in budgetary changes is included as Exhibit A of the attached Budget Resolution.

While the Gross Expenditure change totals \$582,160, this consolidated adjustment package also includes a transfer in the amount of \$200,000 in salary savings in the Main Adult Detention Facility in the Sheriff's Department to Sheriff's Training. Typically, the Sheriff's Training budget is funded with salary savings from the Patrol budget; however, due to the personnel expenses incurred as a result of the October Wildfires, these savings are not available. Detention salary savings is available due to unbudgeted savings from employees in leave without pay status and unanticipated vacancies. This transfer allows the Sheriff's Department to carry out the programs and services approved in the FY 2017-18 budget.

In addition to the above transfer, the most significant budgetary adjustments associated with the \$582,000 gross expenditure change are as follows:

1. Appropriating \$250,000 in Regional Parks Capital Projects from the State Parks Habitat Conservation Fund Program to Hood Mountain McCormick; consistent with Board item #12 on 9/27/16.
2. Appropriate \$160,000 in the Roads Division from Countywide Mitigation Fund accumulated balance to the Capital Improvement fund for costs associated with the Dry Creek Road at Highway 101 Interchange Congestion Relief project, pursuant to the Intergovernmental Funding Agreement with the City of Healdsburg; consistent with Board item #23 on 12/5/17.

Prior Board Actions:

10/24/17: Fiscal Year 2017-18 First Quarter Budget Adjustments
3/20/18: Fiscal Year 2017-18 Second Quarter Budget Adjustments

Strategic Plan Alignment Goal 4: Civic Services and Engagement

Periodic review of the County budget supports uninterrupted services to County residents, and provides fiscal transparency to the public.

Title: Housing Recovery Ballot Measure

Recommended Actions:

A) Accept the budget plan needed to develop and place a housing recovery ballot measure on the November 2018 ballot, and direct staff to draft ballot measure options for consideration by the Board of Supervisors no later than July 10, 2018.

B) Adopt Budgetary Resolution programming \$92,000 of available fund balance from the General Fund Dissolved Redevelopment Areas Residual Tax (also known as Reinvestment and Revitalization) to cover current year estimated costs to develop draft ballot measure options. (4/5 vote)

Executive Summary:

Community stakeholders and leaders concerned about the severe shortage of affordable and workforce housing have been discussing placing a General Obligation Housing Recovery Bond or a similar measure on the November 2018 ballot in the approximate amount of \$300 million.

The fire disaster exacerbated an already severe shortage of housing in Sonoma County. Your Board has been working closely with elected officials from the nine cities and other community leaders on ways to address the problem, and has directed staff to create new and more effective structures to facilitate the development of substantially greater numbers of homes at all income levels over the next five years.

County tools and assets including land, regulatory and permitting authority, as well as the capacity to pool financial resources, are being readied for deployment in new and more urgent ways. Your Board has further expressed a desire for the housing strategies to be undertaken at a regional level and with a county-wide perspective, consistent with planning work being carried out in the broader nine-county Bay Area region. Addressing the housing shortage through this lens will not only aid the affordability

crisis facing Sonoma County, but will also facilitate broad economic revitalization, mitigate the effects of climate change, and lead to resilience at the regional, neighborhood and homeowners scale.

Sonoma County has been offered assistance from investors, funders, planners, and regulators at the regional, state and national levels. These added resources can be strategically leveraged through bond proceeds.

The resources needed to develop and place a measure on the ballot in November include staff time in the following departments: County Administrator's Office, the Community Development Commission, the Auditor Controller Treasurer Tax Collector, and County Counsel. The total department expense is estimated at \$98,000. Other pre-election expenses include a Financial Advisor, Bond Counsel, and educational outreach with a combined estimated expense of \$25,000. Finally, there is an estimated election cost of \$300,000. If the policy direction is to pursue a general obligation bond measure, in an abundance of caution to ensure compliance with state constitutional restrictions on GO bonds, staff recommends elections costs should not be charged back to the issuance even if the measure passes.

It is anticipated that staff will bring back draft ballot measure options on July 10, 2018 for Board of Supervisors' consideration. If the Board desires to place a measure on the ballot, the Board would need to call the election on the measure on or before August 10, 2018.

Discussion:

Community stakeholders and leaders have been discussing placing a Housing Recovery Bond or a similar measure on the November 2018 ballot. There is recognition that Sonoma County lost nearly 5,300 homes in the 2017 wildfires, in addition to a pre-fire severe shortage of homes countywide for households of all income levels. Recent discussions by the Santa Rosa City Council, Sonoma County Transportation Authority, and the Board of Supervisors have begun to center on a goal of adding 30,000 new housing units in the County within five years. A significant, and as-yet undetermined portion of new homes will need to be affordable to households of modest means, and developing housing that's affordable to low-income working families as well as seniors and people with disabilities on fixed incomes requires substantial public subsidies. Proceeds of a housing recovery measure would be leveraged and blended with other sources of public and private capital to the greatest extent possible, to maximize the number of homes that can be produced. A to-be-determined portion will also be set aside to assist property owners with rebuilding lost homes.

The County Administrator's Office, the Community Development Commission, the Auditor Controller Treasurer Tax Collector, and County Counsel have evaluated the County resources and processes necessary to assess the feasibility of a county-wide General Obligation Housing Recovery Bond or a similar ballot measure in order to help determine the feasibility of such a ballot measure being called.

The policy framework that will guide development of the housing recovery measure has been created through a collaborative process involving numerous stakeholders and interested parties. The current version of this policy framework, Version 5 from April 6, 2018, is attached to this report. With this framework established, County professional staff will ensure that the policy framework meets the legal

restrictions placed on GO bond or similar measures, and develop both the ballot language and guidelines for administration of the ensuing program.

If it is considered feasible, the Board of Supervisors may direct staff to develop the specifics of the housing recovery measure for consideration on or before the July 10, 2018 board meeting.

The total department expense is estimated at \$98,000. Other pre-election expenses include a Financial Advisor, Bond Counsel, and educational outreach with a combined estimated expense of \$25,000. Finally, there is an estimated election cost of \$300,000. If a general obligation bond measure is pursued, staff recommends election cost should not be charged back to the bond issuance out of an abundance of caution to ensure compliance with state constitutional restrictions on GO bonds. Of the \$423,000 estimated expenses, \$31,000 is already budgeted staff time, \$92,000 is requested from FY17/18 to perform pre-election efforts, and the remaining \$300,000 is recommended to come from FY18/19 Contingency.

The estimated resources needed are:

Department Cost Estimates	Expense	Hours
Community Development Commission	\$ 15,000	160
County Administrator's Office	\$ 16,000	175
County Counsel	\$ 51,000	200
Auditor Controller Treasurer Tax Collector	\$ 16,000	175
Department Sub-total	\$ 98,000	710

Non-departmental Cost Estimates	Expense
Pre-election Financial Advisor contract	\$ 15,000
Pre-election Bond Counsel contract	\$ 5,000
Pre-election educational outreach	\$ 5,000
Register of Voters election cost	\$ 300,000*
Non-department Sub-total	\$ 325,000

Total Estimated Cost	\$ 423,000
-----------------------------	-------------------

** Will be included in the FY 2018-19 Supplemental Budget and financed through the use of FY 2018-19 General Fund Contingencies*

To place a measure on the ballot requires a process that includes developing the ballot measure, the formal approval process to place that measure on the ballot, and the date by which a final decision must be made in order to meet the November 2018 election date.

The next step in this process is for your Board to direct staff to develop a draft ballot measure options for the Board of Supervisors to consider. It is anticipated that the draft measure options would be ready for consideration by the Board of Supervisors on or before July 10, 2018.

If directed, it is anticipated that a final measure would be considered by your Board on July 24, 2018, with a final deadline to place the measure on the ballot for November 2018 on or before August 10th 2018.

Prior Board Actions:

April 17, 2018 - the Board of Supervisors approved a Minute Order Resolution directing the County Administrator’s Office, the Community Development Commission, the Auditor Controller Treasurer Tax Collector, and County Counsel to evaluate the County resources and processes necessary to assess the feasibility of a county-wide General Obligation Housing Recovery ballot measure and present that information at the May 8, 2018 Board of Supervisors meeting.

Narrative Explanation of Fiscal Impacts:

In addition to the pre-referral expenses, and assuming passage of the measure, there will be post issuance expenses for administering the bonds by the Auditor Controller Treasurer Tax Collector, as well as administrative expenses by the Commission to manage the proceeds over time. The scope of work will depend upon the how the measure is structured and how the use of the proceeds are designed. Some portion of these expenses, to be determined with bond counsel’s assistance, will be coverable through proceeds. While the portion not covered through proceeds may be subject to a future cost sharing from those jurisdictions, such agreements have not yet been considered.

At this time it is premature to provide a cost estimate for this body of post issuance related work.

- A) Reappoint Leonard Thompson as a full member of the Fire Services Advisory Council, and reappoint Nick Silva and Nance Jones as alternate members.
- B) Appoint Mark Heine, Mike Nicholls, and Jason Boaz as a full members of the Fire Services Advisory Council, and Tony Gossner and Justin McNulty as alternates.
- C) Appoint full members to the Second At-Large seat and Alternate seat of the Fire Advisory Council as directed by the Fire Services Ad Hoc.
- D) Authorize the Director of Fire and Emergency Services to execute agreements with Sonoma County fire agencies for October fires unreimbursed expenses incurred fighting the Sonoma Complex Fires, as approved by the Fire Advisory Council at the March 8, 2018, meeting. Total amount of all reimbursements not-to-exceed \$500,000.

Executive Summary:

The Fire Services Advisory Council (Council) was created to advise the Board of Supervisors on matters related to Fire Services. The initial appointments were made on April 19, 2016, and four members and their alternates have terms that are expiring on April 30, 2018.

Region 5, located in the western portion of the county, has selected Mike Nicholls as the primary member, and Nance Jones to continue as the alternate. Region 6, located in the northern portion of the county, has selected Jason Boaz as the primary member and Justin McNulty as the alternate. Region 7, located in the central portion of the county, has selected Mark Heine as the new primary member, and Tony Gossner to now serve as the alternate. Region 9, located in the southwest portion of the county, has chosen to reappoint Leonard Thompson as the primary member, and Nick Silva as the alternate.

Doug Williams was appointed to one of the At-large seat 2 by the Board of Supervisors, with Chuck Abshear as his alternate. Staff recommend that Doug Williams and Chuck Abshear be reappointed to full terms as the Primary and Alternate members for the second At-large seat. Staff recommend that the Board confirm these appointments. The devastating Sonoma Complex Fires that started early in the

morning of October 9, 2017, are considered the most devastating in California's history. Through the California Office of Emergency Services, local fire agencies provide support to combat large wildland fires throughout the State. Support is administered under the California Master Mutual Aid Agreement, and agencies are reimbursed for Assistance By Hire (ABH) costs associated with this effort. Due to the magnitude of this event, reimbursement from the state may not fully cover expenses that agencies incurred, which may lead to cash-flow issues. Funding the gaps created by ABH unreimbursed expense shortfalls will allow agencies to recoup monies arising from these shortfalls.

The Fire Service ad hoc, in conjunction with the Fire Service Advisory Council, will be returning to the Board for a full update on the status of the Fire Service Project on June 11, 2018.

Discussion:

Regional Councilmember Appointments

As part of the 2014 Board priorities the county launched a multi-year project to create a more efficient, effective, and sustainable fire services in Sonoma County. In December 2015 staff returned to the Board to present consensus recommendations from the project's stakeholder Advisory Committee regarding a governance model for the fire system. The Advisory Council has been meeting for two years and is currently engaged in a process to develop a longer-term plan for fire service delivery improvement in Sonoma County.

While the governance model recommendations saw a single agency as a long-term vision, it was not deemed practical in the short term. Instead, it opted for a Regional Model to assist with coordination and incentivize collaboration between agencies. The model consists of seven geographical regions based on existing dispatch zones and the establishment of a countywide Fire Services Advisory Council.

On April 19, 2016, the Board created the Council to advise the Board of Supervisors on matters related to Fire Services. The Council originally consisted of 9 members, including 7 selected by agencies providing fire services in geographic regions of the county and 2 at large members selected by the Board of Supervisors. A map of the regions is attached. On February 21, 2017, the Board approved creation of a 10th seat to represent the Sonoma County Volunteer Fire Companies Association. Each member has an alternate. Going forward, all members will serve two-year terms. To ensure continuity, four members and their alternates were initially assigned one-year terms in order to ensure that future terms will be staggered. These one-year terms were selected by lot at the first meeting of the Council, in accordance with the bylaws of the Council. The seats that drew two-year terms were those for Region 5, Region 6, Region 7, and Region 9, as well as the second at large seat.

Regions 5, 6, 7, and 9 held public meetings of their regional councils in order to select members for the next 2-year terms beginning in May 2018. Region 5 voted to appoint Mike Nicholls, Cazadero Community Services District Board Member, as its primary member and reappointed Nance Jones, Russian River Fire Protection District Board Member as the alternate. Mike Nicholls will replace Russian River FPD Board member Mark Emmett.

Region 6 voted to appoint Jason Boaz, Fire Chief of Healdsburg Fire Department, as its primary member and Justin McNulty, Battalion Chief of Cloverdale FPD, as the alternate. Region 7 voted to appoint Mark Heine, Fire Chief of Rincon Valley/Windsor FPD, as its primary member, and appoint Tony Gossner, Fire Chief of Santa Rosa Fire Department as the alternate. Region 9 voted to continue with Leonard Thompson, Fire Chief of Petaluma FD as its primary member and Nick Silva, Fire Chief of Lakeville Volunteer Fire Company as the alternate.

For the second at-large seat, after careful review of the applications, staff recommends continuing with Doug Williams as the primary member and Chuck Abshear as the alternate. Both have provided excellent service on the Board and Doug Williams has played a key role in acting as the appointed Council Chair since the inception of the Advisory Council. With a key report due to the Board of Supervisors' Fire Advisory Council Ad-Hoc, and critical work being done via the Council's Planning and Finance Committees, staff feel that it is important to continue with the current members who have been engaged in the process for another term.

ABH Reimbursements

The 2017 Sonoma Complex Fires have taxed local agencies that responded to these incidents. State reimbursements for ABH expenses have not fully covered the total expenses that County fire agencies have absorbed in response to the Complex Fires. The local effects of the fires came on top of a long, difficult season in which County agencies have provided support to other agencies throughout the state. While County agencies will receive reimbursement, the gap in unreimbursed ABH expenses is causing agency cash-flow issues. The Board of Supervisors has allocated \$1.3 million of Proposition 172 Public Safety Funding and \$1 million of Measure L Transient Occupancy Tax revenue toward the Fire Service Project for fiscal 2017-18, in addition to approximately \$850,000 dedicated to paying for dispatch fees. Of this total, nearly \$2 million remains to be allocated. The Council voted at its March 8, 2018, meeting to recommend agency reimbursements as properly documented and presented to the Council. As of April 19, 2018, eight departments had submitted requests totaling \$155,341. Additional requests may be received and staff are reviewing documentation, so the final number is not certain and staff are requesting authorization to meet potential submissions.

With Board approval today, the Director of Fire and Emergency Services would be authorized to sign reimbursement agreements to cover unreimbursed ABH expenses incurred fighting the Sonoma Complex Fires. Total amount of agreements not-to-exceed \$500,000.

Prior Board Actions:

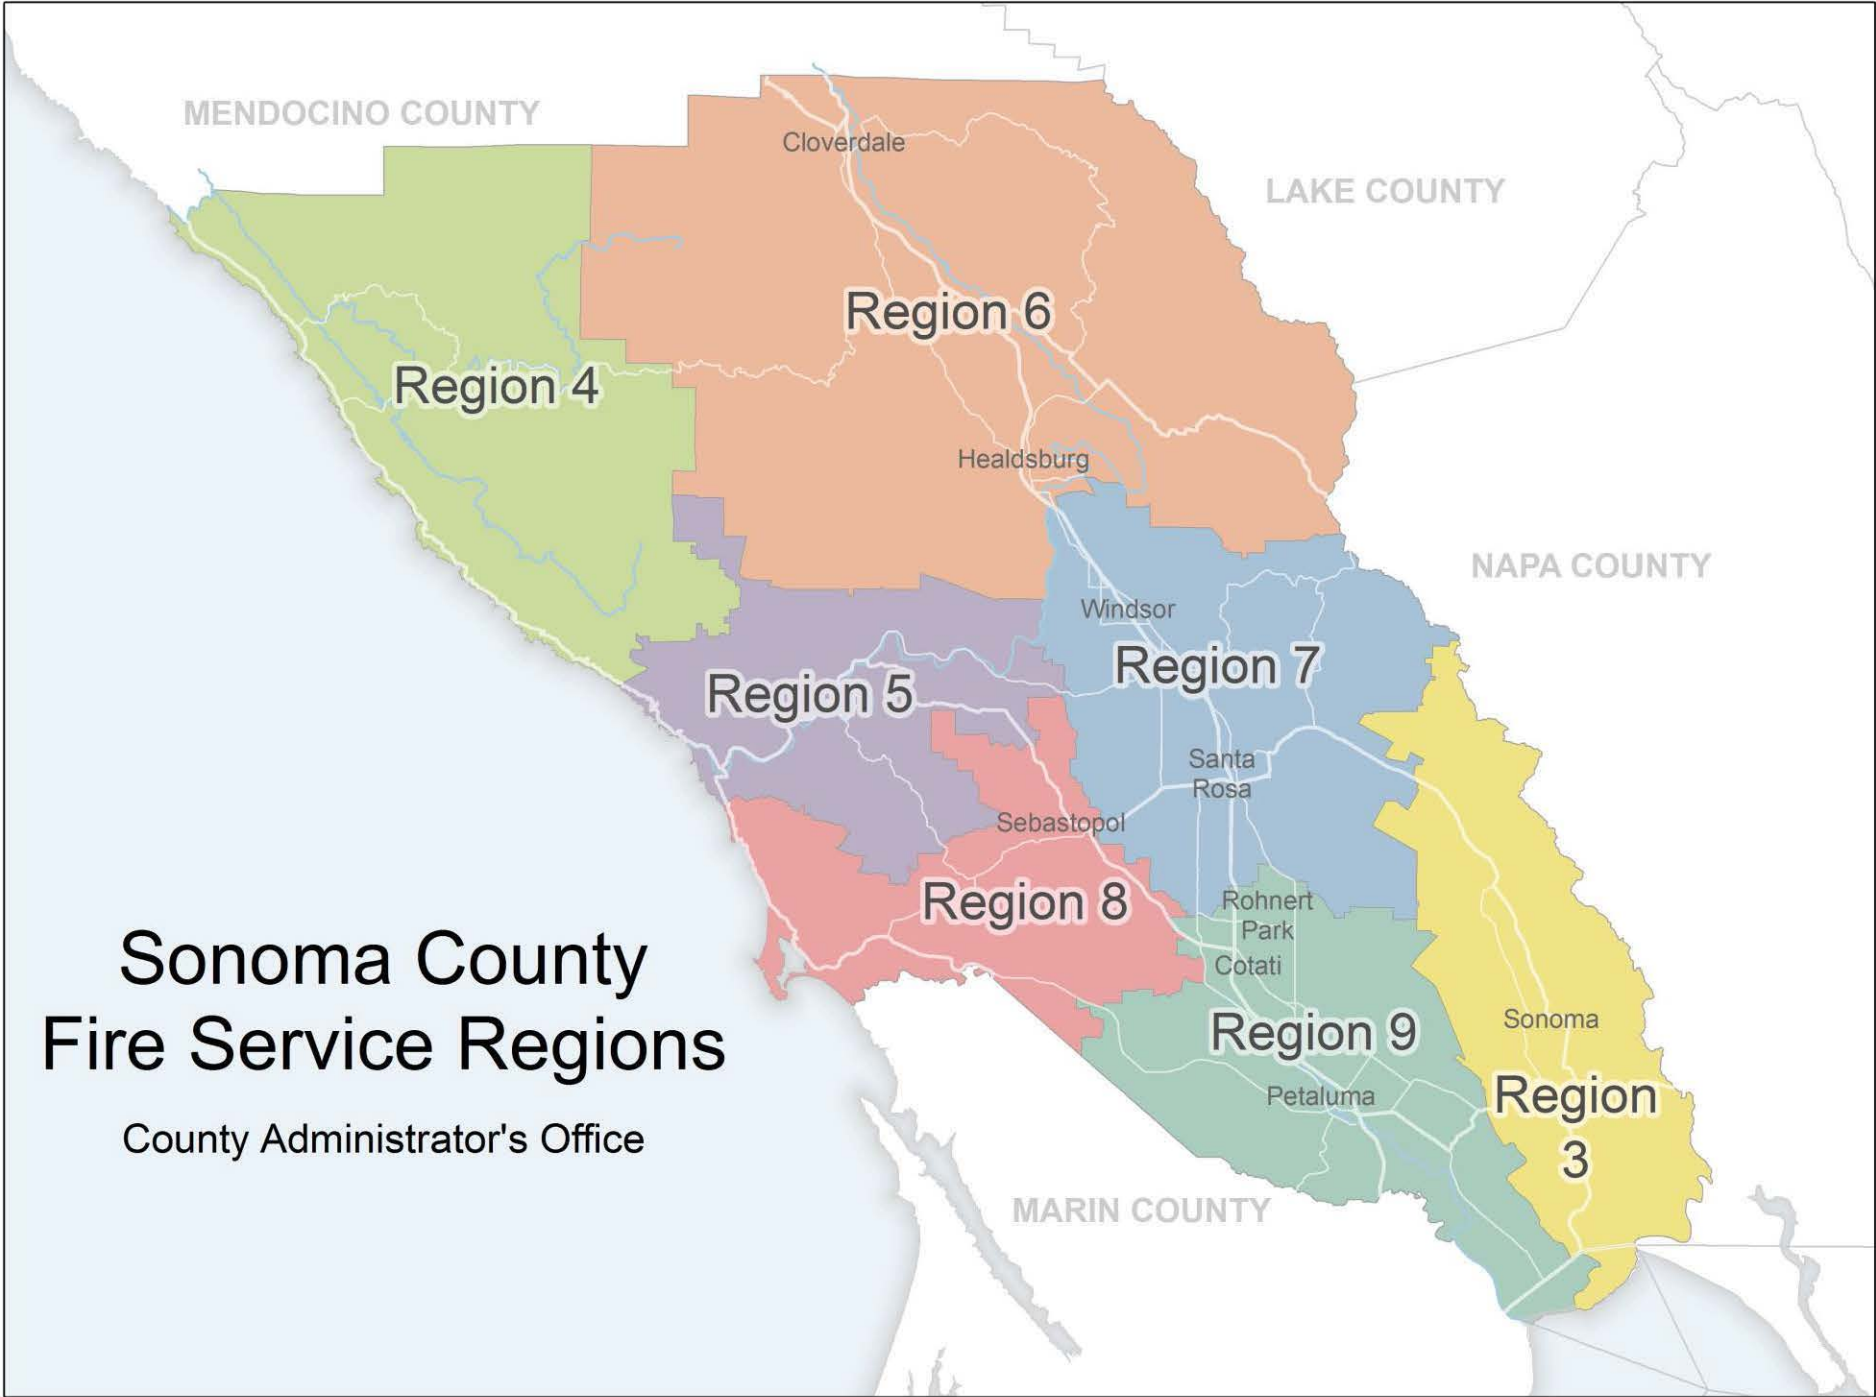

- 09-12-2017: Appointed Nick Silva to the Fire Services Advisory Council, Region 9 alternate.
- 04-25-2017: Fire Advisory Council one-year term seats were reappointed.
- 02-21-2017: Added a seat to the Fire Services Advisory Council to represent the Sonoma County Volunteer Fire Companies Association.
- 04-19-2016: Adopted a resolution creating the Fire Services Advisory Council and appointing its initial members.

Strategic Plan Alignment Goal 1: Safe, Healthy, and Caring Community

Fire and emergency services are critical to the safety, health, and well-being of Sonoma County's residents and visitors.

Title: Extend Proclamation of Local Emergency Due to Sonoma Complex Fire

Recommended Actions:

Adopt a Resolution Extending the Proclamation of Local Emergency Issued on October 9, 2017, for another 30 Days Due to Damage Arising from the Complex Fire.

Executive Summary:

This item requests the Board of Supervisors adopt a resolution approving a 30-day extension of the October 9, 2017 Proclamation of a Local Emergency in the Sonoma County Operational Area due to the effects of the Complex Fire. The Complex Fire began on Sunday, October 9, 2017, causing extreme property damage and health and safety concerns. The County Administrator proclaimed the Existence of a Local Emergency on October 9, 2017, and the Board of Supervisors adopted Resolution No. 17-0389 ratifying that proclamation on October 10, 2017. The fires left a large debris field in their wake. The removal of debris from a wildfire disaster creates unique concerns due to the potential presence of hazardous materials and the large scale of the incident and will require significant resources to remove. As long as the residential and commercial fire debris remains on the ground, it poses an imminent and extensive threat to public health and safety, the environment (including creating serious concerns for water quality and supply due to the presence of hazardous materials and the damage to sewer service laterals), public infrastructure, and undamaged property. As required by Government Code section 8630, the Board must review the proclamation of local emergency every 30 days and determine if there is a need for continuing the local emergency.

Discussion:

The Complex Fire began on Sunday, October 9, 2017. In response, the Emergency Operations Center (EOC) was activated at approximately 12:00 a.m. on Monday, October 9, 2017, to assist with managing the impacts. In the early morning hours on Monday, the County issued advisory evacuation notices to various impacted

areas of Sonoma County. Shelter was made available at various locations throughout the County, and first responders were actively engaged in multiple areas throughout the County as the complex fires' advanced.

The County Administrator/Director of Emergency Services issued a Proclamation of Existence of Local Emergency in Sonoma County Operational Area in the early morning hours of Monday, October 9, 2017, as soon as reports of quickly-moving fires and health and safety concerns arrived. Later that day, the County Administrator supplemented that Proclamation and requested state and federal assistance. The Board of Supervisors ratified the County Administrator's Proclamation of the Existence of a Local Emergency on October 10, 2017. California Government Code section 8630 of Article 14, Local Emergency, of Chapter 7 of the Emergency Services Act requires that the County review the need for continuing the local emergency at least once every 30 days until the governing body terminates the local emergency.

The scope of disaster caused by the fast-moving fire and widespread scale of the destruction instigated the Governor of the State of California to proclaim a State of Emergency (declaring eligibility for State assistance) and brought about the President of the United States to issue a Declaration of a Major Disaster for the State of California, making the Complex Fires eligible for Federal assistance. The Sonoma Complex Fires resulted in the most devastating wildfires in the history of the State of California. In Sonoma County alone, the fires caused the death of at least 24 people, charred 110,720 acres, destroyed 6,950 structures (including 5,091 housing structures), and displaced more than 100,000 Sonoma County residents.

The Sonoma Complex Fires left a large debris field in their wake, which creates unique removal concerns due to the potential presence of hazardous materials and the large scale of the incident and poses a threat to public health and safety. Debris cleanup has proceeded via both public and private cleanup programs. The total number of properties included within the debris removal program was 4,866, including 3,691 properties that participated in the public-cleanup program, and 1,175 properties that participated in the private program.

As of May 2, 2018, 3,684 properties have participated in the public debris cleanup program. All properties within the public program have been cleaned or are in the process of being cleaned. The final two properties—which required bridge installation—began work on May 1, 2018. Approximately 90 of the public-program properties are being revisited to remove additional newly eligible debris. Staff anticipated that all cleanup of the public properties will be completed by mid- to late-May.

Additionally, a total of 1,177 properties participated in the private debris cleanup program—755 County, 540 City. Roughly 75 percent of the properties in the private-cleanup program—884 (422 County, 344 City) of the 1,177 properties—have received approved clearance letters from the City and County. Many of the remaining 593 private-cleanup properties have cleaned up the properties but are still in the process of preparing and correcting final submittals.

The cleanup efforts in Sonoma County were aided by a relatively light rainy season, a series of late season rainstorms have dropped more than 10 inches of rain on the fire burned areas in a short amount of time. As long as the fire debris properties remain to be cleared on the ground, it poses an imminent and extensive threat to public health and safety, the environment (including creating serious concerns for water quality and supply due to the presence of hazardous materials and the damage to sewer service laterals), public infrastructure, and undamaged property.

Staff recommend that the Board adopt the attached Resolution finding that the severity and pervasiveness of the Sonoma Complex Fires disaster poses an ongoing and imminent threat to public safety and undamaged property that warrants the need to extend the local emergency as authorized by Government Code section 8630.

Prior Board Actions:

**RESOLUTION OF BOARD OF SUPERVISORS OF THE COUNTY OF SONOMA, STATE OF CALIFORNIA
DECLARING THE NEED FOR CONTINUING THE LOCAL EMERGENCY PURSUANT TO GOVERNMENT
CODE SECTION 8630 DUE TO THE SONOMA COMPLEX FIRES AND CONCURRENTLY EXTENDING THE
PROVISIONS OF CALIFORNIA PENAL CODE SECTION 396 PROHIBITING PRICE GOUGING IN TIMES
OF EMERGENCY FOR ANOTHER 30 DAYS**

WHEREAS, California Government Code section 8630 and Section 10.5, Chapter 10 of the Sonoma County Code, empowers the County Administrator to proclaim the existence of a local emergency when the county is affected or likely to be affected by a public calamity is subject to ratification by the Board of Supervisors at the earliest practicable time; and

WHEREAS, conditions of extreme peril to the safety of persons and property arose within the County caused by threat of the existence of multiple fires, referred to as the Sonoma Complex Fire, commencing on or about midnight on the 9th day of October, 2017, at which time the Board of Supervisors of the County of Sonoma was not in session; and

WHEREAS, the County Administrator of the County of Sonoma did proclaim the existence of a local emergency within the Sonoma County Operational Area on the 9th day of October, 2017 and then made another proclamation with a request that the Governor of the State of California make available California Disaster Act Assistance and seek all available forms of disaster assistance and relief programs, including a request for a Presidential Declaration of a Major Disaster; and

WHEREAS, the scope of disaster caused by the fast-moving and widespread scope of the destruction of the fire, including loss of many homes and evacuation of thousands of people, caused the Governor of the State of California to proclaim a State of Emergency and declare eligibility for Fire Management Assistance Grant and other relief programs; and

WHEREAS, the Federal Government made a Presidential Declaration of the existence of a major disaster for the State of California (FEMA-4344-DR), dated October 10, 2017, and related determinations and amendments; and

WHEREAS, on October 10, 2017, the Board of Supervisors of the County of Sonoma adopted Resolution No. 17-0389 ratifying the County Administrator's Proclamations of the existence of a local emergency relating to the Sonoma Complex Fires; and

WHEREAS, California Government Code section 8630 of Article 14, Local Emergency, of Chapter 7 of the Emergency Services Act requires that the County review the need for continuing the local emergency at least once every 30 days until the local governing body terminates the local emergency; and

WHEREAS, the Sonoma Complex Fires resulted in the most devastating wildfires in the history of the State of California, causing the death of at least 24 people, charring 110,720 acres, destroying 6,950 structures (including 5,091 housing structures), and displacing thousands of Sonoma County residents; and

WHEREAS, the Sonoma Complex Fires left a large debris field in their wake, creating unique removal concerns due to the potential presence of hazardous materials and the large scale of the incident; and

WHEREAS, the total number of properties included within the debris removal program is 4,866, including 3,691 properties that participated in the public cleanup program, and 1,175 properties that participated in the private program; and

WHEREAS, as of May 2, 2018, 3,684 properties have participated in the public debris cleanup program; and

WHEREAS, all properties within the public program have been cleaned or are in the process of being cleaned; and

WHEREAS, approximately 90 of the public-program properties are being revisited to remove additional newly eligible debris, which the County anticipates will be completed by mid- to late-May; and

WHEREAS, as of May 2, 2018, 1,177 properties have participated in the private debris cleanup program—755 County, 540 City; and

WHEREAS, approximately 75 percent of the properties in the private-cleanup program—884 (422 County, 344 City) of the 1,177 properties—have received approved clearance letters from the City and County; and

WHEREAS, despite the remarkable efforts of the debris removal forces, 593 private-program properties still remain to be cleared and/or released back to the respective property owners; and

WHEREAS, the cleanup efforts in Sonoma County were aided by a relatively light rainy season, a series of late season rainstorms have dropped more than 10 inches of rain on the fire burned areas in a short amount of time; and

WHEREAS, as long as the fire debris properties remain to be cleared on the ground, it poses an imminent and extensive threat to public health and safety, the environment (including creating serious concerns for water quality and supply due to the presence of hazardous materials and the damage to sewer service laterals), public infrastructure, and undamaged property; and

WHEREAS, due to the severity and pervasiveness of the Sonoma Complex Fires disaster, there is an ongoing and imminent threat to public safety and undamaged property that support the need to continue the local emergency.

NOW, THEREFORE, IT IS HEREBY DECLARED that the Board of Supervisors hereby finds there is an ongoing and imminent threat to public safety and undamaged property that warrant the need to extend the local emergency as authorized by Government Code section 8630; and

IT IS FURTHER PROCLAIMED AND ORDERED that the local emergency ratified by Resolution No. 17-0389, as previously amended and extended by Resolution No. 17-0431 on November 7, 2017, and subsequently extended for a further 30 days by Resolution No. 17-0457 on December 5, 2017, and for a further 30 days by Resolution No. 17-0515 on December 29, 2017, and for a further 30 days by resolution No.18-0022 on January 23, 2018, and for a further 30 days by resolution No.18-0056 on February 13, 2018, and for a further 30 days by resolution No.18-0068 on February 27, 2018, for a further 30 days by resolution No.18-0095 on March 20, 2018, and for a further 30 days by resolution No.18-0131 on April 17, 2018, is hereby extended for a another 30 days in accordance with Government Code section 8630 and shall continue in full force and effect as originally proclaimed by the County Administrator on October 9, 2017, and nothing contained herein shall be construed modify, invalidate, or otherwise affect any provision of said Proclamation of local emergency.

Title: Sonoma County Outdoor Recreation Economic Impact Report

Recommended Actions:

Accept The 2018 Sonoma County Outdoor Recreation Economic Impact Report

Executive Summary:

The item to present for acceptance by the Board, is the completed 2018 Sonoma County Outdoor Recreation Economic Impact Report. This initiative was proposed by the Outdoor Recreation Business Council, forming part of the 12-Month Action Plan.

Discussion:

The Sonoma County Economic Development Board (EDB), in partnership with the Outdoor Recreation Business Council, Sonoma County Regional Parks and Sonoma County Tourism is pleased to present the County's first Outdoor Recreation Industry Report. This report examines the current state of the outdoor recreation industry in Sonoma County and considers future opportunities to grow and support this emerging sector in the years ahead. The report is also posted on the EDB website at the following link: <http://sonomaedb.org/Current-Projects/Outdoor-Recreation/>.

The Outdoor Recreation sector in Sonoma County comprises more than 330 outdoor recreation-related businesses across a broad array of activities, including biking, hiking, golfing, water sports, and equestrian activities, and is home to national outdoor recreation manufacturers such as CamelBak, Marmot, and Yuba Bikes.

While Sonoma County is best known for its internationally-acclaimed food and wine, the natural beauty and pastoral landscapes also draw outdoors enthusiasts to the region. According to the 2017 Sonoma County Tourism Industry Survey, "Scenery" is the top reason for visitors to come to Sonoma County. As its reputation for outdoor recreational pursuits continues to grow, Sonoma County has the opportunity to harness and support the continued health of its tourism industry by fostering its reputation as a premier destination for outdoor tourism. By strengthening the visibility of Outdoor Recreation, we hope to increase revenues for local outdoor recreation businesses and at the same time- increase tourism spending by extending visitors stays and promoting off-season outdoor pursuits. The goal of the EDB and the Outdoor Recreation Business Council over the next 12 months is to

spotlight Outdoor Recreation as a vital part of our local economy.

For the report’s methodology, we surveyed outdoor businesses directly to measure the economic impact of outdoor recreation. Of the 330 businesses we identified – encompassing outdoor and outdoor-related businesses – we had a total of 76 survey responses (23% response rate).

Key Findings:

- The outdoor recreation sector has an economic impact of \$731 million and employees 4,500 people in Sonoma County.
- The \$731 million measures only the economic impact of those businesses surveyed and offers a rough estimation of the greater outdoor recreation economy of 330 businesses. If taking into account visitor spending related to outdoor activities and endurance event spending, the economic impact number would likely be significantly higher.
- To bolster our understanding of the outdoor recreation sector, the report also includes the economic impact of one of the County’ premier endurance events-- the 2017 IRONMAN Santa Rosa. We found that this event alone generates in \$2.8 million in total economic impact. This gives you an idea of the impact outdoor recreation and endurance events has on the County’s economy.
- Survey highlights:
 - Top three challenges reported by businesses: Seasonality of business, Workforce and Marketing/sales.
 - 70% were optimistic about their business outlook in the upcoming year.
 - 74% of businesses maintained or improved sales in 2016 compared to 2015.
 - 89% of survey responses see “high potential” for attracting outdoor enthusiasts to Sonoma County.

This report was released at the inaugural Outdoor Recreation Business Summit on March 28th at CamelBak headquarters in Petaluma. Firstly, we were honored to have Supervisor David Rabbitt speak, along with Senator McGuire, Tara Moeller (Senior Director of Marketing at CamelBak), and Tim Zahner (Chief Operation Officer at Sonoma County Tourism). Secondly, a select and diverse panel of influential outdoor recreation businesses communicated insightful stories to the audience of launching and growing their businesses in Sonoma County, and thoughts for the future.

In collaboration with Sonoma County Tourism, we are pleased to announce the first ever Sonoma County Outdoors Recreation Month, occurring in May this year. The month presents opportunities for all outdoor recreation businesses to utilize SCT’s tools, and are encouraged to provide specially priced goods and or services for the outdoor recreation marketplace to attract both visitors and locals in similar fashion to our annual Sonoma County Restaurant Week.

These two initiatives represent part of the approved 12-Month Action Plan formed by the Outdoor Recreation Business Council.

LEVERAGING SONOMA COUNTY'S NATURAL BEAUTY

The Sonoma County Economic Development Board (EDB), in partnership with the Outdoor Recreation Business Council, Sonoma County Regional Parks and Sonoma County Tourism is pleased to present the County's first Outdoor Recreation Industry Report.

Over the last decade, the Outdoor Recreation sector has shown robust growth at the national level. According to the Outdoor Industry Association, outdoor recreation generated \$887 billion in direct spending for the U.S. economy in 2017, a 37% increase from its 2012 valuation. In California alone, Outdoor Recreation generated \$92 billion in direct consumer spending, the highest state spending in the nation, producing 691,000 direct jobs and \$6.2 billion in state and local taxes in 2017.

The Outdoor Recreation sector in Sonoma County comprises more than 330 outdoor recreation-related businesses across a broad array of activities, including biking, hiking, golfing, water sports, and equestrian activities, and is home to national outdoor recreation manufacturers such as CamelBak, Marmot, and Yuba Bikes.

upcoming year

While Sonoma County is best known for its internationally-acclaimed food and wine, the natural beauty and pastoral landscapes also draw outdoors enthusiasts to the region. According to the 2017 Sonoma County Tourism Industry Survey, "Scenery" is the top reason for visitors to come to Sonoma County. As its reputation for outdoor recreational pursuits continues to grow, Sonoma County has the opportunity to harness and support the continued health of its tourism industry by fostering its reputation as a premier destination for outdoor tourism. This report will examine the current state of the outdoor recreation industry in Sonoma County and consider future opportunities to grow and support this emerging sector in the years ahead.

“There is a great opportunity to build collaboration between the outdoor recreation businesses and the food and beverage industry. Showcasing where to go and what outdoor activities Sonoma County has to offer along with where to eat/drink after and before your activity. We have world class trails and world class beer/wine/food. These go hand in hand. We’ve got it all.”

NATIONAL IMPORTANCE

Over the last decade, outdoor recreation has become one of the fastest-growing sectors in the United States. According to the Outdoor Industry Association (OIA), outdoor recreation generated \$887 billion in direct spending for the U.S. economy in 2017, a 37% increase from its 2012 spending and supports 7.6 million jobs in the process. In California alone, Outdoor Recreation generated \$92 billion in direct consumer spending in 2017, the highest spending in the nation, with 691,000 direct jobs and \$6.2 billion in state and local taxes.

Recognizing outdoor recreation’s growing influence in the national economy, the federal government recently authorized outdoor recreation activities to be counted as a unique part of the United States gross domestic product (GDP). This milestone means that starting in 2018, the Bureau of Economic Analysis (BEA) will measure and benchmark the outdoor recreation sector against other well-established industries.

In February 2018, the BEA released its preliminary numbers for outdoor recreation and reports that

outdoor recreation accounts for \$373 billion, or two percent of the entire United States GDP. Moreover, the outdoor recreation sector grew at 3.8% in 2016, outpacing the overall U.S. economy’s growth rate of 2.8% for that year.

Amy Roberts, executive director of Outdoor Industry Association, states, “We are extremely excited that outdoor recreation is now counted as an official U.S. industry and a major contributor to the U.S. economy—this further validates our broad and growing economic impact.”

INDUSTRY SNAPSHOT

OUTDOOR ECONOMY IN SONOMA COUNTY

Sonoma County is well-known as a world-class tourist destination due to its internationally-recognized wine, food and scenic outdoors. The county's \$1.93 billion tourism industry supports 11% of the workforce, and is directly tied to the success of the local economy. The continued health of the county's tourism industry and the local economy relies heavily on its ability to create unique experiences that not only attract new visitors, but encourage them to return. It is also vital for the county to continue to invest in emerging business sectors as the economic recovery continues its momentum.

In the 2017 Sonoma County Tourism Industry Survey, tourism businesses identified outdoor recreation, culinary tourism, and eco-tourism as three promising areas for growth for the county. These results reflect the tourism industry's awareness of the growth potential in the county's array of outdoor recreation offerings. Embracing outdoor recreation businesses and the activities they support is a lucrative opportunity for the county's tourism industry and the local economy.

According to the Outdoor Industry Association, outdoor enthusiasts spend \$92 billion annually on outdoor recreation related activities in California. Other regions, including Utah, Portland, OR, and Bend, OR, have successfully marketed themselves as outdoor destinations and have helped their regions to capture more of the \$887 billion national outdoor recreation economy. The result is a growing outdoor industry that strengthens the regional economy by increasing tourism and creating new jobs. Sonoma County has the opportunity to harness these outdoor recreation dollars to enhance and support our outdoor recreation businesses and activities.

OUTDOOR RECREATION AND TOURISM

MAJOR IMPACT IN SONOMA COUNTY

According to the 2017 Annual Tourism Report, Sonoma County welcomed a record number of tourists in 2016 and is on track to post even larger numbers in 2017. While tourism is on the rise nationally, Sonoma County has distinguished itself from state and competing wine counties with additional visitors. Outdoor recreation pursuits, wellness establishments, craft breweries and farm-to-table restaurants complement the traditional draw of wine tastings, bringing in a greater tourist mix to Sonoma County compared to other wine-growing counties.

KEY FINDINGS

- Retail and hospitality establishments are benefiting from the buoyant Bay Area economy as well as the overall national economy, which has drawn an increase in both day trips and overnight stays.
- Hotel occupancy rates rose for the seventh consecutive year in 2016 reaching an all-time high of 78%.
- Visitor spending is on the rise. Average daily room (ADR) rates rose 20% from 2014-2016, along with an increase in expenditures on food, wine, and activities.
- Businesses have a positive outlook for tourism in the coming year, seeing a high potential for growth in the industry.

OUTDOOR RECREATION AND TOURISM

ATTRACTING VISITORS TO SONOMA COUNTY

The 2017 Annual Tourism Industry Report asked local businesses to rate local assets (excluding wine) between 1 and 5 based on their ability to attract visitors to the region. Scenery, Culinary Offerings, and Outdoor Recreation were ranked as the top three draws in the survey, with outdoor recreation ranking 4.45 out of 5. Taken alone, the high score is an excellent sign of the health of the outdoor recreation sector, particularly as Outdoor Recreation also outscored the thriving Craft Beer, Cider, & Spirits and the Spa/Wellness categories.

As visitors to Sonoma County continue to discover and enjoy outdoor pursuits, such as hiking, biking, camping, and water sports, maintaining the county’s scenic beauty and bucolic landscapes will be integral to visitors’ enjoyment of the County and the overall health of the tourism industry.

NICHE MARKET OPPORTUNITIES

The 2017 Annual Tourism Report asked tourism-related businesses to indicate what activities might be successful niche market opportunities in Sonoma County.

Three of the ten activities identified as having the most growth potential were outdoor recreation activities. Over 50% of respondents identified Cycling as one of the top market opportunities, ranking it third overall. Hiking was ranked fourth as 48%, and Water Recreation was ranked eighth at 31%. Taken together, these results indicate an increased marketing opportunity for outdoor recreation activities.

The report also finds that younger cohorts, Millennials (those born 1982 - 2000) and Generation Z (those born after 1995), display similar spending patterns and place a premium on experiences rather than consumer products. As these cohorts grow older, they will likely demand more outdoor recreation activities and experiences when visiting Sonoma County.

SONOMA COUNTY OUTDOOR ATTRIBUTES

DIVERSITY OF OFFERINGS

Sonoma County's picturesque landscape lends itself to an array of outdoor pursuits. The winding trails of Sonoma County provide miles of scenic beauty for runners, cyclists, and equestrians alike. Biking and trail sports enthusiasts benefit from the many nearby regional and state parks in Sonoma County, including Annadel State Park, which boasts rugged trails while equestrian boarding and training facilities are ensconced throughout the county.

Watersports businesses, including fishing, boating, paddle sports, and surfing, can be found along Sonoma County's rivers, lakes, and 55 miles of pristine coastline of the Pacific Ocean.

Sonoma County's 16 golf courses can accommodate every skill level and are located in some of Sonoma County's most beautiful landscapes. Outdoor retailers give a face to outdoor recreation in the downtown areas of cities and towns throughout the county.

Camping is a popular subsector in the county, with many private, state, and regional parks offering year-round camping facilities. The Russian River is a popular base for summer camping, as tourists often pair their camp stay with other outdoor pursuits as part of their Sonoma County vacation.

Motorized Sports (defined as car, motorcycles, and all-terrain vehicles) has a smaller presence in Sonoma County, most notably through Sonoma Raceway, a year-round motorsport complex and host to several well-established annual racing events.

With Sonoma County known for its scenic beauty, it's no surprise that many local operators have found success in running an array of sightseeing and nature tours, from ballooning and zip-lining to birding and walking tours.

Manufacturing outdoor recreation products is a noteworthy subsector of the outdoor recreation industry, with products designed and produced in Sonoma County being sold throughout the

United States and internationally. Well-known firms such as CamelBak, Marmot, and Yuba Bikes give Sonoma County a national reputation as a hub for outdoor recreation.

SONOMA COUNTY OUTDOOR ATTRIBUTES

ABUNDANT PUBLIC LANDS

Sonoma County has an array of publicly-owned land that is enjoyed for outdoor recreational pursuits. Covering roughly 95,000 acres (8.4% of the county's acreage), these lands allow visitors and residents to appreciate the diversity of landscapes throughout the county, from redwood groves and bucolic valleys to scenic hiking trails and dramatic coastline.

Sonoma County is home to 11 California State parks and 56 Sonoma County Regional Parks. Lake Sonoma, a popular boating, fishing, and equestrian destination, is operated on federal lands. There are also several noteworthy city parks—such as Howarth Park in Santa Rosa and Shollenberger Park in Petaluma—that offer a plethora of outdoor recreation pursuits.

The parks system and the natural beauty are important resources for the outdoor recreation economy in Sonoma County. The Sonoma County Regional Park system alone draws more than 5 million visitors a year, an increase of 35% over the last five years. For 2018, the Regional Park system sold 26,000 annual passes, an increase of 42% since 2012, illustrating the strong demand for access to outdoor recreation pursuits. A recent survey conducted by Sonoma County Regional Parks of its members, found that the three most popular activities when visiting a regional park are:

- Hiking (including walking and trail running)
- Bird Watching
- Dog-friendly activities

The county is a nationally significant site for geographical and biodiversity. Calculating the economic impact of the county's public lands is greater than the sum of its attendance figures. Public lands contribute a real dollar value, beyond the intangible benefits. Fresh air, beautiful landscapes, and unforgettable experiences attract not only tourists, but also new residents coming to settle in Sonoma County, who bring skills vital to a strong economy. With a vast array of public lands, Sonoma County's economy and character are greatly enhanced.

SONOMA COUNTY WILDFIRES

While the devastating wildfires of October 2017 burned several parks in eastern Sonoma County, the vast majority of parkland in the county was not touched by the fires. Parks along the Sonoma Coast, the Russian River, and the county's central corridor were not harmed and are attracting hikers, campers, fishers, birdwatchers, paddlers, and other visitors from throughout the region and state.

Of the Regional parks impacted by the fires, all but one, are fully reopened. Because Sonoma County's parks are all situated in fire-adapted ecosystems, the burned parkland will largely recover on its own. As it does, it will likely attract visitors from around the state who want to see the outstanding wildflower displays found only after wildfires. The landscapes' recovery also presents a unique opportunity for park managers to offer hiking tours and outdoor recreation programming focused on healing and rejuvenation.

An area of economic impact that shouldn't be overlooked is the role parks played in preventing further fire devastation in communities. Parks like Hood Mountain and Shiloh Ranch border city boundaries and gave firefighters the buffer needed to keep flames from reaching surrounding neighborhoods.

IMPACT OF OUTDOOR RECREATION

In May 2017, the Economic Development Board conducted a survey of Sonoma County’s outdoor recreation businesses to gain a better understanding of this sector. A total of 76 outdoor recreation businesses responded to the survey, a response rate of approximately 23%.

INDUSTRY VALUE

The 76 businesses that participated in the 2017 Outdoor Recreation Survey together generate an economic impact of \$249 million in the county. The majority of this stems from \$142 million of direct economic effect, which represents the wages and sales of final goods and services. These businesses also generate \$59 million in indirect economic effect, which refers to the wages and cost of production for those products and services in the intermediary supply chain that ultimately help produce final goods and services. Finally, the surveyed businesses generate \$48 million in induced economic effect, which refers to the unrelated businesses like restaurants, physicians, and grocery stores which are not a part of the supply chain but still depend on the wages of the Outdoor Recreation industry’s workforce. The total tax revenue generated for the state and county is \$7.53 million.

WORKFORCE

The 76 surveyed businesses support 4,530 full time equivalent jobs when scaled up to 333 companies. The top five industries whose employment positively benefits from outdoor recreation are Real Estate, Full-Service Restaurants, Employment Services, Services to Businesses, and Wholesale Trade.

PROJECTIONS

The surveyed businesses produce \$249 million in economic effect, roughly \$92,500 per employee. This generally reflects national data; the OIA measures the national economic impact of outdoor recreation at \$887 billion, or \$117,000 per employee. After removing survey outliers and assuming the remaining 61 surveyed businesses are a fair representation of the outdoor recreation sector, the total economic impact of outdoor recreation in Sonoma County is \$731 million.

BUSINESS SURVEY: BUSINESS PROFILE

BUSINESS ACTIVITY

The graph on this page illustrates the primary business activity of the surveyed businesses. Outdoor Tours/Sightseeing companies comprise the largest percentage of survey respondents at 21.7%, Golfing at 15.1%, and Bicycling and Water Sports, both at 12.3%.

BUSINESS SIZE

Almost 77% of surveyed businesses have 10 or fewer employees. Of the 76 businesses surveyed, the largest employers were those in golfing, making up 42% of full-time, and 23% of part-time workers. This is likely due to the large number of staff required to run a golf course. Motorized Sports employ the largest share of part-time workers at 36%.

YEARS IN OPERATION

Nearly 74% of businesses have been in operation 10 or more years, a strong sign of the industry’s fit for the county. This suggests businesses have adequate demand for their goods or services to buffer economic volatility or changes in consumer preference (e.g. increased usage of online shopping).

Interestingly, 15% of respondents have been in operation five years or less, which points to an increase in entrepreneurial activity since the end of the recession in 2012.

BUSINESS SURVEY: BUSINESS OUTLOOK

SALES REVENUE

Outdoor recreation businesses in Sonoma County cover a wide range of activities, from smaller-scale businesses to companies with significantly larger business operations.

- 29% have annual sales over \$1 million
- 20% have annual sales \$500,000 - \$1 million
- 51% have annual sales \$500,000 or less

SALES OPERATIONS

Overall, 74% of businesses maintained or improved sales in 2016 compared to the previous twelve months. 40% of surveyed businesses saw an increase in their sales, while 34% were constant in year-over-year sales. Only one-quarter (26%) of businesses saw a decrease in sales.

FINDING EMPLOYEES

Businesses were split in their ability to find qualified employees, with 62% reporting difficulties and 38% reporting no difficulties.

SEASONALITY

As one might expect, 65% of surveyed businesses list Summer as their busiest season. However, Spring (16%) and Fall (16%) had strong showings. Off-peak season offers huge potential for growth in Sonoma County, as only 3% of respondents list Winter as their busiest season.

BUSINESS SURVEY: CUSTOMER PROFILE

CUSTOMER BASE

Businesses report that the top consumers of outdoor recreation products and services are people ages 35-54, accounting for 51% of all purchases. This “mid-professional” cohort are higher earners and expected to remain a top spending group throughout the decade.

The second highest group of customers are people ages 55-65+, which accounts for 32% of all purchases.

Finally, the youngest age group (18-34 year olds) accounts for only 17% of current purchases.

BUSINESS SALES

Overall, Sonoma County’s outdoor recreation businesses report a customer base coming from a healthy mix of local residents and visitors (non-Sonoma County residents).

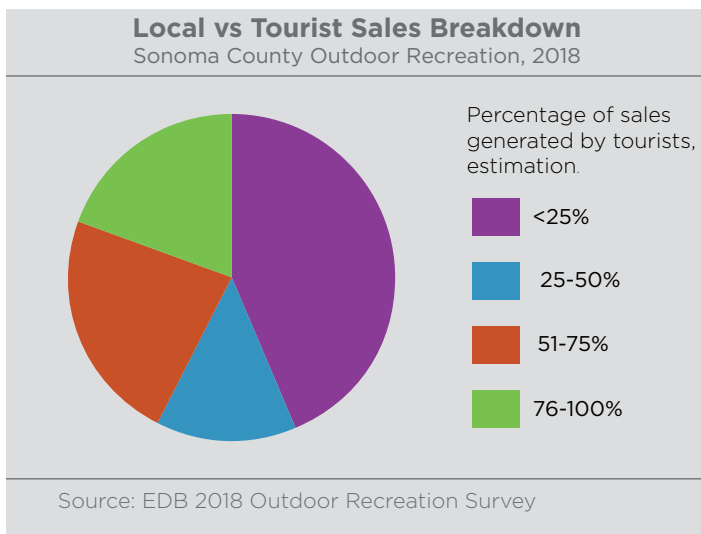

Sales Revenue from Local versus Visitors:

- 58% generate more sales from locals
- 42% generate more sales from visitors

Strong local demand is important for the sector and is larger than tourist spending for outdoor recreation products and services. Of the 58% of businesses reporting more sales from locals, 44% of these estimate that more than three-quarters of their sales come from locals.

At the same time, over 42% of businesses report that the majority of their sales (over half) comes from visitors. Of that, 19% of businesses rely on visitors for more than three-quarters of their annual sales.

Maintaining a balance between local and visitor outdoor recreation spending will contribute to the overall health and continued growth of outdoor recreation businesses.

BUSINESS SURVEY: CHALLENGES

BUSINESS CHALLENGES

The 2017 Sonoma County Outdoor Recreation Survey asked outdoor recreation business owners to rank their biggest challenges from 1 (biggest challenge) to 8 (smallest challenge).

TOP BUSINESS CHALLENGES

1. Seasonality of Business

Seasonality was the top business challenge reported in the survey. Summer remains the high season for outdoor recreation businesses. Winter could provide a growth opportunity for the outdoor recreation sector and lead to innovation during the low season to attract off-peak business. How businesses respond to the “winter gap” for outdoor recreation in Sonoma County may contribute to their success and expansion.

2. Workforce Issues

The survey examined workforce issues and found that 62% of businesses report difficulty in finding qualified employees, a jump of 10% since businesses were last surveyed in 2015. It should be noted that this workforce trend is common across many industries in Sonoma County and is not likely to abate soon. If the industry cannot find a path forward in attracting and retaining talent, its growth may suffer as a result.

For those businesses reporting difficulty finding employees, reasons include:

- Difficulty finding good people who want to work seasonally
- Difficulty finding reliable employees
- Lack of specialized skills and/or expertise for outdoor business needs (bike mechanic, equestrian, etc.)
- Lack of affordable housing

A bright spot on the horizon—38% of businesses reported no difficulty in finding employees. This workforce confidence is considerably stronger than many other industries in the county, which suggests that the outdoor recreation sector may be insulated from other more impacted sectors such as agriculture and hospitality.

3. Marketing/Sales

Respondents point to “increased competition from online services” and “managing the multiple ways that customers contact businesses—by social media, email, website, and telephone” as contributing to the challenges of marketing and increasing their business sales. Others reported changing consumer preferences, such as the “declining popularity of some outdoor activities, such as golf.”

BUSINESS SURVEY: OPPORTUNITIES

ATTRACTING OUTDOOR ENTHUSIASTS

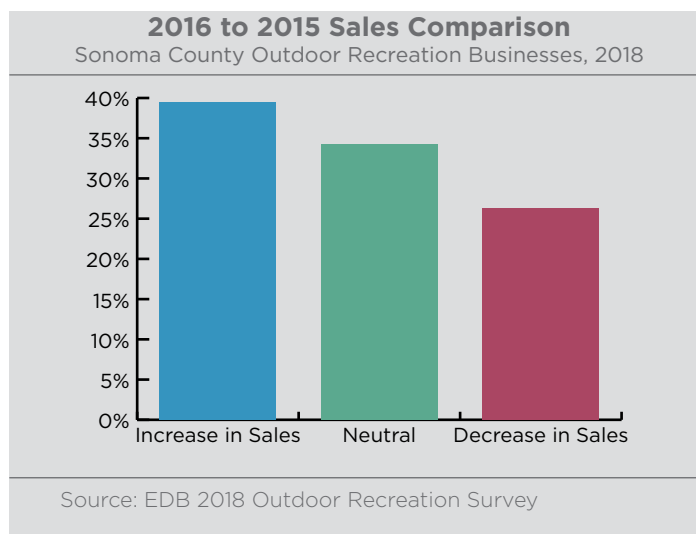

Over 89% of respondents rate Sonoma County as having “high potential” for attracting outdoor recreation enthusiasts, an undeniably positive sign for the industry. With nearly two-thirds (63%) of responding businesses in operation for over 15 years, the optimism from these long-established businesses reflects the current state of the industry and bodes well for the long term health of the outdoor recreation sector.

2016 TO 2015 SALES COMPARISON

Businesses were asked to compare their sales in 2016 with 2015. Overall, 74% of businesses maintained or improved sales over the year. Almost 40% of businesses reported an increase in sales in 2016 compared to the previous year. Approximately 34% maintained the same sales as the previous year. Only one-quarter (26%) saw a decline in sales.

FUTURE OUTLOOK

The final graph supports the positive takeaways from the graphs above. 70% of businesses are optimistic in their business outlook over the next year.

LOOKING AHEAD

INTEGRATING PUBLIC LANDS

Sonoma County Integrated Parks Plan is a planning document outlining future parks and outdoor recreation infrastructure projects envisioned for the county. Sonoma County Regional Parks has identified a proposed 13-mile bicycle and pedestrian trail that would link Santa Rosa and Sonoma, and the wineries, restaurants, and inns between the two cities. The trail will be pursued as public funding becomes available. Similar trail studies are in progress for proposed bicycle trails between Petaluma and Sebastopol and along the Russian River, again with future construction dependent on a funding source.

SMART MULTI-USE PATHWAY CONSTRUCTION

Along with the completion of the Sonoma-Marín Area Rail Transit (SMART) linking Sonoma and Marin counties, progress continues on a multi-use walking and biking pathway that will run parallel to the transit line. When completed in 2021, the 70-mile pathway can be used by outdoor recreation enthusiasts to explore Sonoma County's outdoor offerings.

LOOKING AHEAD

GROWTH OF OUTDOOR ENDURANCE EVENTS

With its varied terrain and scenic back-country roads, Sonoma County has become one of the nation’s leading regions for hosting outdoor endurance events. Some of Sonoma County’s most well-known events include the IRONMAN Santa Rosa, Levi’s Gran Fondo (rated #1 Gran Fondo in the United States), and the Santa Rosa Marathon, as well as an assortment of smaller but equally well-loved sporting events. Collectively, these events bring in millions of dollars in commerce and expenditure for not only outdoor-recreation businesses, but also hospitality and retail businesses throughout the County.

MEASURING ECONOMIC IMPACT: 2017 IRONMAN SANTA ROSA

The Sonoma County EDB recently partnered with the City of Santa Rosa and Chamber to measure the economic impact of one the county’s premier events—IRONMAN Santa Rosa (formerly Vineman).

ATHLETES

- 1,763 athletes participated (71% males and 29% females).
- Athletes came from 29 countries across six continents. The top five participating countries were the U.S. (1,637), Canada (32), Japan (19), the United Kingdom (14), and Mexico (13).

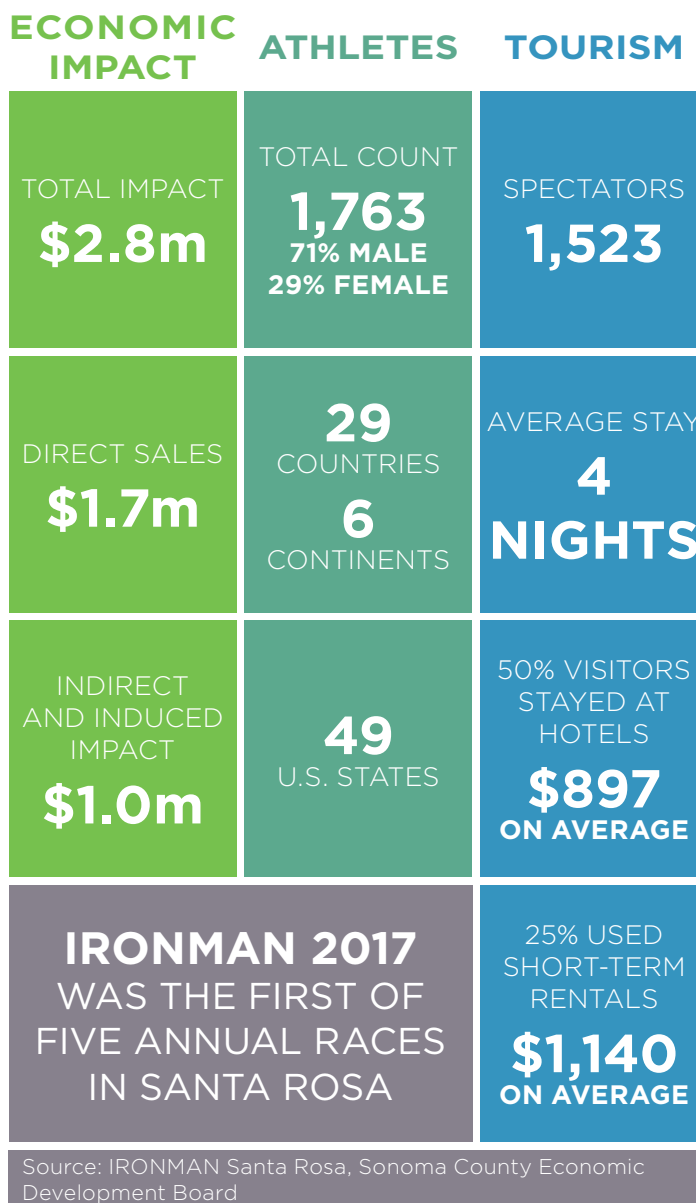

SPECTATORS

In all, the event attracted over 1,500 non-athlete tourists and spectators. These visitors stayed for an average of four nights. Half of visitors stayed at hotels and spent \$897 on average, while a quarter of visitors spent an average of \$1,140 on short-term rentals.

The number of non-athlete tourists attending the IRONMAN indicates a niche market opportunity to create activities and experiences for this group and increase tourist dollars.

ECONOMIC IMPACT

The race generated \$2.8 million of total economic impact for Sonoma County businesses and residents. \$1.7 million of the impact was in direct sales to hotels, restaurants, wineries, bars, retail stores, and other local businesses. This initial direct infusion of funds resulted in \$1.0 million as a consequence of indirect and induced consumption from local grocery, financial services, advertisement, media, and printing companies.

Background of the Outdoor Recreation Business Council

In 2017, the Economic Development Board joined with outdoor recreation businesses to launch the County’s first Outdoor Recreation Business Council to address key issues and emerging opportunities within this emerging sector.

Goals and Objectives

The key aims of the Council are to:

- Create recognition of the importance of the outdoor recreation sector in Sonoma County.
- Support and grow outdoor sector by providing networking and development opportunities.
- Help brand Sonoma County as a premier destination to experience outdoor activities.
- Connect with other businesses within the industry for strength in numbers.
- Develop high-impact initiatives to cultivate the outdoor recreation and hospitality sectors.
- Tackle issues and opportunities related to workforce development, permits, licensing, etc.
- Facilitate the benefits of shared resources and experience.
- Be a valued voice representing one of the fastest-growing sectors in the county.

METHODOLOGY

The outdoor recreation economic impact number was derived from data collected in the Outdoor Recreation Survey. The survey was conducted from 2017-2018 and asked an array of questions; namely, for data on 2016 employment. Businesses were asked how many full-time and part-time staff they employed over the past year, as well as the estimated average hours per week each of their part-time staff worked. These numbers were used to total the number of “full-time equivalent workers” by calculating the number of 40-hour work weeks which each business employed.

The next step involved IMPLAN modeling. This required each business to be assigned an IMPLAN industry code depending on its subsector. The number of “full-time equivalent workers” and businesses’ respective industry codes were then input into IMPLAN to allow it to analyze the Outdoor Recreation industry’s impact on the Sonoma County economy.

IMPLAN generated results showing the top industries affected, the amount of state and county tax revenue, as well as the direct effect, indirect effect, and induced effect on the county economy. The latter three are summed to give the final economic impact value.

To estimate the total industry value for both jobs and economic impact, the report extrapolated total industry numbers under the assumption that the 76 businesses surveyed were a reasonable representation of the whole industry. There is an approximated 333 Outdoor Recreation businesses, currently in business in Sonoma County. For the extrapolation, the report scaled up its data collected from the 76 respondents to 333 businesses. This report emphasizes that these extrapolations are estimates. Additional survey participation in future years will further refine this number.

Title: Hazardous Materials Equipment Purchase

Recommended Actions:

Adopt a Resolution authorizing budgetary adjustments to the FY 2017-18 Final Budget for the Fire and Emergency Services Department totaling \$50,000 to provide funding for the purchase of Self-Contained Breathing Apparatus cylinders for use by Hazardous Materials field staff during response to hazardous materials emergencies.

Executive Summary:

The air cylinders for Self-Contained Breathing Apparatus (SCBA) used by the Sonoma County Hazardous Materials (Hazmat) Response Team are due for replacement starting in July 2018. The \$50,000 requested to fund this purchase is available in the reserve account of the Hazardous Materials Division.

Discussion:

A one-hour air cylinder is used with each SCBA maintained by the County's Hazmat Team (Team). The Team has twelve SCBAs, requiring twelve air cylinders and an equal number of spares. The Hazmat Team has an additional twelve air cylinders on its spill response trailer and other vehicles used by qualified staff to respond to hazardous materials emergencies and to assist with fire investigations. A total of thirty-six air bottles are due for replacement.

Air bottles such as those used by the Hazmat Team must be hydrostatically tested (hydro-tested) on a regular basis. During a hydro-test, an SCBA cylinder is examined to ensure it can safely hold its rated pressure. The Hazmat Team uses one-hour bottles, which are filled to 3500 pounds per square inch (PSI). This regular testing is crucial because SCBA cylinders can rupture if there is degradation in structural integrity. According to Department of Transportation regulations, after fifteen years, air bottles no longer qualify for hydro-testing and must be decommissioned. The air bottles used by the Hazmat Team will reach their 15-year lifespan in July 2018. As a result, they must be replaced to ensure the safety of Hazmat Personnel when conducting investigations and responding to emergency spills countywide.

Title: Sonoma Raceway Fire Protection Services Agreement

Recommended Actions:

Approve and authorize the Chair to execute a four-year agreement for supplemental fire protection services with Sonoma Raceway for 2018 through 2021 large events. The contract is estimated annually at \$195,505 and is fully reimbursed by Sonoma Raceway.

Executive Summary:

The Fire and Emergency Services Department has been providing special event services under agreement for supplemental fire protection services to Sonoma Raceway for the past 15 years. Provided services provided include: fire code inspections, code enforcement, fire suppression and standby, emergency medical and rescue service, hazardous materials inspection and mitigation, incident command, and situation management. The population increase resulting from event visitors and participants creates a significantly greater demand for said services. Enhanced service levels are necessary to ensure that there is adequate response capabilities present to provide for public safety. During the prescribed event periods, fire service levels are increased to the Sonoma Raceway service area by Fire and Emergency Services Department resources.

Discussion:

Contractual agreements have been used between the County and Sonoma Raceway to define terms and conditions for the provision of specific service level enhancements. The previous agreement provided a four year term, commencing on January 1, 2014 and ending on October 31, 2017 with the ability to extend the agreement to December 31, 2017. The proposed agreement provides a four year term, commencing on January 1, 2018 and ending on December 31, 2021. The contract covers the largest events: NASCAR, NHRA, and IndyCar. Per the provisions of the agreement, the County has the right, at any time and without cause, to terminate the agreement by giving thirty (30) days written notice to Sonoma Raceway.

The Sonoma Raceway currently reimburses the County of Sonoma for all direct and indirect costs for providing agreement defined services through the Department's authorized fee schedule. This

agreement, along with the Raceway's Use Permit and Incident Action Plans, formalize the fees and provide guidelines for both parties as to the roles and responsibilities for events held at Sonoma Raceway.

The estimated cost of the provision of supplemental fire protection services for the 2018 race season events is \$195,505. Direct costs are in addition to the noted expenditures and include the rental costs of RV campers, mule response transportation units, automatic electronic defibrillator, communication equipment and meal expenses. The agreement allows for additional costs to be recovered over the contract limits for the term of agreement that are outside the control of the Fire and Emergency Services Department. All direct, indirect, personnel, equipment and other expenses shall be reimbursed to the Fire and Emergency Services Department as specified in the agreement and per the Department's fee schedule. Exhibits B1-B4 of the Sample Agreement (A1) reflect planned staffing levels for each event.

Staffing levels are based upon actual attendance at each event and the volume of overnight camping and may be increased or decreased as necessary. Proposed staffing levels are of sufficient quantity to deliver an effective initial attack force to control and mitigate most situations. During raceway events, Fire and Emergency Services Logistics staff are utilized and staggered throughout the day. Fire and Emergency Services Hazmat and Fire Inspector staff are utilized each day for Operations and Incident Command coverage. The remainder of the personnel is made up of Volunteer Fire Company volunteers and Sonoma County fire district staffing. Total county personnel varies from five to six staff per day, three are Extra Help. Should emergency situations create a demand for additional resources, they would be acquired through normal operating processes. These additional resources would be subject to terms and conditions of regularly existing cost recovery agreements such as the California Master Mutual Aid Agreement or local automatic aid agreements. The services provided at the events will not interfere with the regular fire and emergency services that is provided by the Fire and Emergency Services Department countywide.

The Department Director requests that the Board of Supervisors approves and authorizes the Chair to execute the agreement for supplemental fire protection services with the Sonoma Raceway for the 2018-2021 major events.

Prior Board Actions:

07/30/2013: Executed a four year agreement with the Raceway from January 2014 through December 2017.

Strategic Plan Alignment Goal 1: Safe, Healthy, and Caring Community

Provide quick, effective emergency response for a concentrated, temporary population.

AGREEMENT FOR SUPPLEMENTAL FIRE PROTECTION SERVICES

This Agreement for Supplemental Fire Protection Services (“Agreement”), dated as of _____, 20__ (“Effective Date”) is entered into by and between the County of Sonoma, a political subdivision of the State of California, Sonoma County’s Fire and Emergency Services Department (“County”), a division of the County, and Speedway Motorsports, Inc./Sonoma Raceway (“Racetrack”), a North Carolina Incorporated Company. For purposes of this Agreement, the County and Racetrack shall be collectively referred to as “parties” or “the parties.”

RECITALS

WHEREAS, Racetrack has requested supplemental fire protection services that are considered to be beyond the normal and regular fire protection services that the County would otherwise provide to Racetrack; and

WHEREAS, the parties agree and recognize that, pursuant to Sonoma County Municipal Code, California Fire Code, California’s Health and Safety Code, and all other applicable laws, County has sole and exclusive jurisdiction over fire prevention and California Fire Code enforcement for the entire Racetrack during Major Events, including but not limited to: the racetrack, hot pit, grand stand, racecar garages, and all existing facilities located in the unincorporated areas of Sonoma County; and

WHEREAS, Racetrack represents that all persons with firefighting training or experience, whether paid or volunteer, who render services at Racetrack and who are not employed by, and on-duty for, County on the day of an event, are covered by Racetrack’s Workers’ Compensation Insurance; and,

WHEREAS, this Agreement covers events requiring supplemental fire protection services in accordance with terms and conditions of the Conditional Use Permit and the Racetrack’s Major Event Schedule. Events are set forth in Exhibit A (“Exhibit A”), attached hereto for calendar years 2018 thru 2021, for which Racetrack states the projected attendance estimate, including the public participants, staff and all people that will be present on the Racetrack Property and the Lakeville Property. These attendance estimates will be updated as needed.

NOW THEREFORE, in consideration of the foregoing recitals and the mutual covenants contained herein, the parties hereto agree as follows:

AGREEMENT

1. SCOPE OF SERVICES.

1.1. **Supplemental Fire Protection Services.** County shall utilize qualified firefighters, who are employed or contracted by County to render fire protection services as set forth in this Agreement. Fire protection services shall include, but are not limited to:

- a. (1) Fire prevention; (2) fire suppression; (3) rendering emergency medical aid as a first responder; (4) planning activities and participating in safety-related planning sessions, roundtables or drills for Raceway events; and, (5) any other fire protection activity or item, which in the sole discretion of the County Chief, or his/her on-site representative or designee, is prudent or necessary.
- b. The County shall not have first responder obligation for any incident occurring on the racetrack or in the hot pit.
- c. Providing primary fire and emergency services off track, the rendition of such services, the standard of performance thereof in accordance with applicable laws and County Fire SOP's, and the immediate control of assigned personnel so employed shall at all times remain the responsibility of the Director/County Fire Chief ("County Chief"), or his/her on-site representative or designee.
- d. Requiring all firefighting personnel to meet the policy, training, safety guidelines and procedures as established in consultation with the County Chief and County Training Officer.

Exhibits B1-B4 ("Exhibit B"), attached hereto and incorporated herein by this reference, set forth the specific levels of staffing, resources and services to be provided, as well as the date(s) services are scheduled. The specified hours of service include travel time to and from the event location and shall be defined in the Incident Action Plan ("IAP"). The IAP shall be made available by County to Racetrack prior to the event. All IAPs developed by the County shall be provided to the Racetrack, within 30 days prior to each event.

The requirements of County, whether normal or extraordinary, shall be deemed paramount in this Agreement. In the event of an unanticipated emergency which, at the sole discretion of the County Chief, or his/her on-site representative or designee, requires the use of any employees, vehicles, and/or equipment contemplated by this Agreement, the County Chief, or his or her designee, may withdraw personnel, vehicles, and/or equipment without the consent of Racetrack, and without any liability therefrom. Minimum staffing to remain one engine and one mule.

- 1.2 Supervision. The County Chief, or his/her on-site representative or designee, will operate under the California Incident Command System (ICS) and will be present at all times and a designated County Fire employee as designated by the County Chief, or his/her designee, will serve as Incident Commander. Overall Incident Command will remain with County, unless and until County delegates responsibility, at which time command will be transferred per standard ICS protocol.

In recognition of County's professional expertise in the area of fire protection, the parties agree that, in the event of a dispute between the parties as to the manner of performance of fire protection services, the determination by the County Chief, or his/her on-site representative or designee, shall be final and conclusive. County is bound to abide by bargaining agreements covering its employees rendering services pursuant to this Agreement.

At the conclusion of each event, County will provide emergency response data and to Racetrack within 60 days following the last day of each event. This data will be collected from dispatch records of emergency responses that occurred during the event. The copies of the dispatch records will be provided at least 30 days to the Racetrack by the County at the conclusion of each event.

- 1.3 Racetrack's Use of Non-County Fire Fighters. As set forth in the IAP, Racetrack shall have the obligation to provide certain staffing and equipment for the racing events in accordance with this Agreement. Should Racetrack fail to comply with its obligations under this Agreement to provide the identified staffing and/or equipment, the County Chief, or his or her on-site representative or designee, shall have the right, but not the obligation, to backfill for any missing staff or equipment. In the event that this occurs, Racetrack shall reimburse County for the costs of such additional staffing or equipment. Such costs shall be considered a "Direct Cost" as outlined in Section 2 'Payment'.

Racetrack warrants and represents that all personnel and equipment that it provides in accordance with this Agreement shall meet all qualifications of the IAP. Racetrack shall, upon County request, provide the County Chief with a written certification that it has reviewed the qualifications of all its personnel that are scheduled to staff the particular event and certifies to County that all personnel on the list meet the minimum qualifications and training requirements under this Agreement.

Racetrack warrants and represents that it provides all personal protective equipment to its personnel for use at the events covered by this Agreement. Racetrack shall appoint a properly qualified person to inspect and maintain all such personal protective equipment in accordance with the applicable National Fire Protection Association standards.

For medical emergencies, Racetrack personnel shall review, learn, understand and conform to all Sonoma County's Emergency Medical Services protocols. All medical emergencies shall be immediately reported to the Fire Dispatch Center located in the Multiple Agency Command Center (MACC) following the incident reporting and response requirements in accordance with the specific Incident Action Plan.

2. PAYMENT. The Racetrack shall pay the Service Costs of Fire and Emergency Services staff providing services at Racetrack events. These costs are set forth in Exhibit B. For each event, Exhibit B (1, 2, 3 or 4) will outline an estimate of the Service Costs for the level of event attendance projected. Exhibit B will be updated based on the IAP prior to each event. After each event, the corresponding final Exhibit B (1, 2, 3, or 4) will provide the actual Service Costs for that event.

- 2.1. The Racetrack shall additionally pay Direct Cost items as set forth in Exhibit C "Exhibit C". Items designated as Direct Costs include, but are not limited to:

- meals, beverages, Automatic Electronic Defibrillators (“AEDs”), communications equipment, motor home rentals, mule response vehicles and, miscellaneous supplies. Charges for Direct Cost items are in addition to the Service Costs. In March of each year of this Agreement, County shall provide to the Racetrack updated projections of staffing costs reflecting any changes in compensation of County employees or its contracted agents resulting in increased rates for staff, engine companies, and other County provided resources.
- 2.2 Racetrack shall make payment for services rendered by County or its agent, to the specific payee as described by the billing invoice provided by County. County shall prepare written invoice statement following each event from which the payee information is clearly provided. County will provide timecard/hours worked information for the Grandstand Crewmembers following each event. Racetrack agrees to provide workers’ compensation coverage and payroll for all Grandstand Crewmembers.
- 2.3 County invoice will be provided to Racetrack upon completion of each Racetrack event. County must receive full payment within thirty (30) days of the date that the invoice is mailed. County shall include receipts for any Direct Cost item for which County is invoicing Racetrack. In the event that Racetrack disputes any invoice, invoice amount or Direct Cost item, Racetrack shall provide written notice of the dispute and all grounds for the dispute within thirty (30) days of the date that the invoice is mailed. Within ten (10) days of receiving notice of a disputed invoice, the Parties shall meet at a mutually agreed time and place to attempt to resolve the disputed invoice. Any undisputed portion of the invoice and all undisputed Direct Cost items shall be due and payable within thirty (30) days that the invoice is mailed as is required earlier in this paragraph.
3. TERM OF AGREEMENT. The term of this Agreement shall be from January 1, 2018 to December 31, 2021, unless terminated earlier in accordance with the provisions of Article 4 below. The County Chief shall have the right, on behalf of County, to enter into an extension of the term of this Agreement for additional events within the term of the Agreement, upon such terms and conditions that are acceptable to the County Chief and Racetrack. At the end of the term, the County Chief shall review the Agreement for consideration of renewal.
4. TERMINATION.
- 4.1 Termination Without Cause. Notwithstanding any other provision of this Agreement, at any time and without cause, County shall have the right, in its sole discretion, to terminate this Agreement by giving thirty (30) days written notice to Racetrack.
- 4.2 Termination for Cause. Notwithstanding any other provision of this Agreement, should Racetrack fail to perform any of its obligations hereunder, within the time and in the manner herein provided, or otherwise violate any of the terms of this Agreement, County may immediately terminate this Agreement by giving Racetrack written notice of such termination, stating the reason for termination.

4.3 Delivery of Work Product and Final Payment Upon Termination.

In the event of termination, Racetrack, within 14 days following the date of termination, shall deliver to County all reports, original drawings, graphics, plans, studies, and other data or documents, in whatever form or format, assembled or prepared by Racetrack or Racetrack's subcontractors, consultants, and other agents in connection with this Agreement and shall submit to County an invoice showing the services performed, hours worked, and copies of receipts for reimbursable expenses up to the date of termination.

4.4 Payment Upon Termination. Upon termination of this Agreement by County, County shall be entitled to receive as full payment for all services satisfactorily rendered and reimbursable expenses properly incurred hereunder, an amount which bears the same ratio to the total payment specified in the Agreement as the services satisfactorily rendered hereunder by County bear to the total services otherwise required to be performed for such total payment; provided, however, that if services which have been satisfactorily rendered are to be paid on a per-hour or per-day basis, County shall be entitled to receive as full payment an amount equal to the number of hours or days actually worked prior to the termination times the applicable hourly or daily rate; and further provided, however, that if County terminates the Agreement for cause pursuant to Section 4.2, County shall deduct from such amount the amount of damage, if any, sustained by Racetrack by virtue of the breach of the Agreement by Racetrack.

4.5 Authority to Terminate. The Board of Supervisors has the authority to terminate this Agreement on behalf of the County. In addition, the Purchasing Agent or County Chief, in consultation with County Counsel, shall have the authority to terminate this Agreement on behalf of the County.

5. INDEMNIFICATION. Racetrack agrees to accept all responsibility for loss or damage to any person or entity, including County, and to indemnify, hold harmless, and release County, its officers, agents, and employees, from and against any actions, claims, damages, liabilities, disabilities, or expenses, that may be asserted by any person or entity, including Racetrack, that arise out of, pertain to, or relate to Racetrack's or its agents', employees', contractors', subcontractors', or invitees' performance or obligations under this Agreement. Racetrack agrees to provide a complete defense for any claim or action brought against County based upon a claim relating to such Racetrack's or its agents', employees', contractors', subcontractors', or invitees' performance or obligations under this Agreement. Racetrack's obligations under this Section apply whether or not there is concurrent or contributory negligence on County's part, but to the extent required by law, excluding liability due to County's conduct. County shall have the right to select its legal counsel at Racetrack's expense, subject to Racetrack's approval, which shall not be unreasonably withheld. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for Racetrack or its agents under workers' compensation acts, disability benefits acts, or other employee benefit acts.

6. INSURANCE. With respect to performance of work under this Agreement, Racetrack shall maintain and shall require all of its subcontractors, Racetracks, and other agents to maintain, insurance as described in Exhibit C, which is attached hereto and incorporated herein by this reference.
7. PROSECUTION OF WORK. The execution of this Agreement shall constitute County's authority to proceed immediately with the performance of this Agreement. Performance of the services hereunder shall be completed within the time required herein, provided, however, that if the performance is delayed by earthquake, flood, high water, or other Act of God or by strike, lockout, or similar labor disturbances, the time for County's performance of this Agreement shall be extended by a number of days equal to the number of days Racetrack has been delayed.
8. EXTRA OR CHANGED WORK. Extra or changed work or other changes to the Agreement may be authorized only by written amendment to this Agreement, signed by both parties. Changes which do not exceed the delegated signature authority of the Department may be executed by the Department Head in a form approved by County Counsel. The Board of Supervisors or Purchasing Agent must authorize all other extra or changed work which exceeds the delegated signature authority of the Department Head. The parties expressly recognize that, pursuant to Sonoma County Code Section 1-11, County personnel are without authorization to order extra or changed work or waive Agreement requirements. Failure of Racetrack to secure such written authorization for extra or changed work shall constitute a waiver of any and all right to adjustment in the Agreement price or Agreement time due to such unauthorized work and thereafter Racetrack shall be entitled to no compensation whatsoever for the performance of such work. Racetrack further expressly waives any and all right or remedy by way of restitution and quantum meruit for any and all extra work performed without such express and prior written authorization of the County.
9. REPRESENTATIONS OF RACETRACK.

9.1 Standard of Care. County has relied upon the professional ability and training of Racetrack as a material inducement to enter into this Agreement. Racetrack hereby agrees that all its work will be performed and that its operations shall be conducted in accordance with generally accepted and applicable professional practices and standards as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Racetrack's work by County shall not operate as a waiver or release.

9.2 Status of Racetrack. The parties intend that Racetrack is not to be considered an agent or employee of County and is not entitled to participate in any pension plan, worker's compensation plan, insurance, bonus, or similar benefits County provides its employees. In the event County exercises its right to terminate this Agreement pursuant to Article 4, above, Racetrack expressly agrees that it shall have no recourse or right of appeal under rules, regulations, ordinances, or laws applicable to employees.

9.3 No Suspension or Debarment. Racetrack warrants that it is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in covered transactions by any federal department or agency. Racetrack also warrants that it is not suspended or debarred from receiving federal funds as listed in the List of Parties Excluded from Federal Procurement or Non-procurement Programs issued by the General Services Administration. If the Racetrack becomes debarred, Racetrack has the obligation to inform the County.

9.4 Taxes. Racetrack agrees to file federal and state tax returns and pay all applicable taxes on amounts paid pursuant to this Agreement and shall be solely liable and responsible to pay such taxes and other obligations, including, but not limited to, state and federal income and FICA taxes. Racetrack agrees to indemnify and hold County harmless from any liability which it may incur to the United States or to the State of California as a consequence of Racetrack's failure to pay, when due, all such taxes and obligations. In case County is audited for compliance regarding any withholding or other applicable taxes, Racetrack agrees to furnish County with proof of payment of taxes on these earnings.

9.5 Records Maintenance. Racetrack shall keep and maintain full and complete documentation and accounting records concerning all services performed that are compensable under this Agreement and shall make such documents and records available to County for inspection at any reasonable time. Racetrack shall maintain such records for a period of four (4) years following completion of work hereunder.

9.6 Conflict of Interest. Racetrack covenants that it presently has no interest and that it will not acquire any interest, direct or indirect, that represents a financial conflict of interest under state law or that would otherwise conflict in any manner or degree with the performance of its services hereunder. Racetrack further covenants that in the performance of this Agreement no person having any such interests shall be employed. In addition, if requested to do so by County, Racetrack shall complete and file and shall require any other person doing work under this Agreement to complete and file a "Statement of Economic Interest" with County disclosing Racetrack's or such other person's financial interests.

9.7 Statutory Compliance/Living Wage Ordinance. Racetrack agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies, including but not limited to the County of Sonoma Living Wage Ordinance, applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Racetrack expressly acknowledges and agrees that this Agreement may be subject to the provisions of Article XXVI of Chapter 2 of the Sonoma County Code, requiring payment of a living wage to covered employees. Noncompliance during the term of the Agreement will be considered a material breach and may result in termination of the Agreement or pursuit of other legal or administrative remedies.

9.8 Nondiscrimination. Without limiting any other provision hereunder, Racetrack shall comply with all applicable federal, state, and local laws, rules, and regulations in

regard to nondiscrimination in employment because of race, color, ancestry, national origin, religion, sex, marital status, age, medical condition, pregnancy, disability, sexual orientation or other prohibited basis, including without limitation, the County's Non-Discrimination Policy. All nondiscrimination rules or regulations required by law to be included in this Agreement are incorporated herein by this reference.

9.9 AIDS Discrimination. Racetrack agrees to comply with the provisions of Chapter 19, Article II, of the Sonoma County Code prohibiting discrimination in housing, employment, and services because of AIDS or HIV infection during the term of this Agreement and any extensions of the term.

9.10 Assignment of Rights. Racetrack assigns to County all rights throughout the world in perpetuity in the nature of copyright, trademark, patent, right to ideas, in and to all versions of the plans and specifications, if any, now or later prepared by Racetrack in connection with this Agreement. Racetrack agrees to take such actions as are necessary to protect the rights assigned to County in this Agreement, and to refrain from taking any action which would impair those rights. Racetrack's responsibilities under this provision include, but are not limited to, placing proper notice of copyright on all versions of the plans and specifications as County may direct, and refraining from disclosing any versions of the plans and specifications to any third party without first obtaining written permission of County. Racetrack shall not use or permit another to use the plans and specifications in connection with this or any other project without first obtaining written permission of County.

9.11 Ownership and Disclosure of Work Product. All reports, original drawings, graphics, plans, studies, and other data or documents ("documents"), in whatever form or format, assembled or prepared by Racetrack or Racetrack's subcontractors, Racetracks, and other agents in connection with this Agreement shall be the property of County. County shall be entitled to immediate possession of such documents upon completion of the work pursuant to this Agreement. Upon expiration or termination of this Agreement, Racetrack shall promptly deliver to County all such documents, which have not already been provided to County in such form or format, as County deems appropriate. Such documents shall be and will remain the property of County without restriction or limitation. Racetrack may retain copies of the above- described documents but agrees not to disclose or discuss any information gathered, discovered, or generated in any way through this Agreement without the express written permission of County.

9.12 Authority. The undersigned hereby represents and warrants that he or she has authority to execute and deliver this Agreement on behalf of Racetrack.

10. DEMAND FOR ASSURANCE. Each party to this Agreement undertakes the obligation that the other's expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arise with respect to the performance of either party, the other may in writing demand adequate assurance of due performance and until such assurance is received may, if commercially reasonable, suspend any performance for which the agreed return has not been received. "Commercially reasonable" includes not only the conduct of a party with

respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding thirty (30) days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance. Nothing in this Article limits County's right to terminate this Agreement pursuant to Article 4.

11. ASSIGNMENT AND DELEGATION. Neither party hereto shall assign, delegate, sublet, or transfer any interest in or duty under this Agreement without the prior written consent of the other, and no such transfer shall be of any force or effect whatsoever unless and until the other party shall have so consented.

12. Method and Place of Giving Notice, Submitting Bills and Making Payments. All notices, bills, and payments shall be made in writing and shall be given by personal delivery or by U.S. Mail or courier service. Notices, bills, and payments shall be addressed as follows:

TO: COUNTY: Fire and Emergency Services Department
2300 County Center Drive, Ste. 220B
Santa Rosa, CA 95403
Fax: (707) 565-1172

TO: RACETRACK: Speedway Motorsports, Inc./
Sonoma Raceway
29355 Arnold Drive
Sonoma, CA 95476

When a notice, bill or payment is given by a generally recognized overnight courier service, the notice, bill or payment shall be deemed received on the next business day. When a copy of a notice, bill or payment is sent by facsimile or email, the notice, bill or payment shall be deemed received upon transmission as long as (1) the original copy of the notice, bill or payment is promptly deposited in the U.S. mail and postmarked on the date of the facsimile or email (for a payment, on or before the due date), (2) the sender has a written confirmation of the facsimile transmission or email, and (3) the facsimile or email is transmitted before 5 p.m. (recipient's time). In all other instances, notices, bills and payments shall be effective upon receipt by the recipient. Changes may be made in the names and addresses of the person to whom notices are to be given by giving notice pursuant to this paragraph.

13. MISCELLANEOUS PROVISIONS.

13.1 No Waiver of Breach. The waiver by County of any breach of any term or promise contained in this Agreement shall not be deemed to be a waiver of such term or provision or any subsequent breach of the same or any other term or promise contained in this Agreement.

13.2 Construction. To the fullest extent allowed by law, the provisions of this Agreement shall be construed and given effect in a manner that avoids any violation of statute, ordinance, regulation, or law. The parties covenant and agree that in the event that any provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated thereby. Racetrack and County acknowledge that they have each contributed to the making of this Agreement and that, in the event of a dispute over the interpretation of this Agreement, the language of the Agreement will not be construed against one party in favor of the other. Racetrack and County acknowledge that they have each had an adequate opportunity to consult with counsel in the negotiation and preparation of this Agreement.

13.3 Consent. Wherever in this Agreement the consent or approval of one party is required to an act of the other party, such consent or approval shall not be unreasonably withheld or delayed.

13.4 No Third Party Beneficiaries. Nothing contained in this Agreement shall be construed to create and the parties do not intend to create any rights in third parties.

13.5 Applicable Law and Forum. This Agreement shall be construed and interpreted according to the substantive law of California, regardless of the law of conflicts to the contrary in any jurisdiction. Any action to enforce the terms of this Agreement or for the breach thereof shall be brought and tried in Santa Rosa or the forum nearest to the city of Santa Rosa, in the County of Sonoma.

13.6 Captions. The captions in this Agreement are solely for convenience of reference. They are not a part of this Agreement and shall have no effect on its construction or interpretation.

13.7 Merger. This writing is intended both as the final expression of the Agreement between the parties hereto with respect to the included terms and as a complete and exclusive statement of the terms of the Agreement, pursuant to Code of Civil Procedure Section 1856. No modification of this Agreement shall be effective unless and until such modification is evidenced by a writing signed by both parties.

13.8. Survival of Terms. All express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

13.9 Time of Essence. Time is and shall be of the essence of this Agreement and every provision hereof.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the Effective Date.

Exhibit D – Insurance Requirements

Racetrack shall maintain insurance as described below unless such insurance has been expressly waived by the attachment of a *Waiver of Insurance Requirements*.

County reserves the right to review any and all of the required insurance policies and/or endorsements, but has no obligation to do so. Failure to demand evidence of full compliance with the insurance requirements set forth in this Agreement or failure to identify any insurance deficiency shall not relieve Racetrack from, nor be construed or deemed a waiver of, its obligation to maintain the required insurance at all times during the term of this Agreement.

1. Workers Compensation and Employers Liability Insurance

- a. Required if Racetrack has employees.
- b. Workers Compensation insurance with statutory limits as required by the Labor Code of the State of California.
- c. Employers Liability with minimum limits of \$1,000,000 per Accident; \$1,000,000 Disease per employee; \$1,000,000 Disease per policy.
- d. The policy shall be endorsed to include a written waiver of the insurer's right to subrogate against County.
- e. Required Evidence of Insurance:
 - i. Subrogation waiver endorsement; and
 - ii. Certificate of Insurance.

2. General Liability Insurance

- a. Commercial General Liability Insurance on a standard occurrence form, no less broad than Insurance Services Office (ISO) form CG 00 01.
- b. Minimum Limits: \$10,000,000 per Occurrence; \$10,000,000 General Aggregate; \$10,000,000 Products/Completed Operations Aggregate. Title: Sonoma Raceway Radio Communications Site

Recommended Actions:

- A) Approve construction plans and specifications prepared by GHD, dated 2/26/18, for public bid.
- B) Approve Notice of Categorical Exemption prepared by Permit and Resource Management Department, Environmental Review Division.

Executive Summary:

This project is an 80' tall Radio Tower and Equipment Vault located at Sonoma Raceway. Currently there are no county radio facilities at this location which creates a gap in the essential services telecommunication network at and around the Raceway, Marin County, Sonoma Valley, and the Petaluma area. The work will consist of the installation of an 80 foot radio tower, emergency generator, and construction of an 18'X40' communication vault to house radio equipment. This new site will provide better communications for emergency response personnel and others resulting in better service to the surrounding community.

Discussion:

Project Description

The County of Sonoma maintains a network of wireless communication facilities that provides voice radio and wireless data communication for essential services, including the 911 dispatch system, emergency fire services, emergency medical response services, law enforcement, and other first responder, public safety and public works agencies. Sonoma Raceway will be a new communication site with an 80 foot tower to provide radio coverage in the south eastern area of the county.

Stantec was the initial architect of record when the project started in 2012. The project was shelved in 2015 due to lack of funding. Capital funding for design and construction was allocated in FY 17/18 and

on 12/18/2017 a Master Service Agreement with GHD was used to provide the redesign, construction drawings and specifications.

The project has been reviewed by Permit and Resource Management Department, Environmental Review Division for compliance with the California Environmental Quality Act. The recommendation of the review is a Categorical Exemption under Section 15303 of the State CEQA Guidelines. The project consists of the construction of new, small structures.

The project is scheduled to be advertised, for two consecutive weeks, and released for bidding on May 27, 2018 through the County’s Purchasing Portal. General Services will return to the Board of Supervisors for authorization to contract for construction on July 24, 2018.

Prior Board Actions:

12/11/2012 - Authorize the Chair of the Board to execute a consulting contract with Stantec for design and construction administration services for the Sears Point Radio Tower & Vault project.

Strategic Plan Alignment Goal 1: Safe, Healthy, and Caring Community

The radio tower upgrade projects support the public safety needs of the residents of Sonoma County by providing continued, and improved communication coverage through this and surrounding areas. These projects also provide needed infrastructure for future communications systems expansion and upgrades.

Sonoma County proposes to carry out the following project. Pursuant to Section 23A-11 of the Sonoma County Code, it has been determined that this project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA):

Project Title: Sears Point Communications Tower Site Project

Lead Agency / County Agency of Filing: Sonoma County

Project Proponent (Applicant): Sonoma County Department of General Services

Project Location: Sonoma Raceway, 29355 Arnold Drive, southeast of Sonoma, APN 068-150-056

Date of Approval:

Exemption Filed With: Sonoma County Clerk

PROJECT DESCRIPTION: The Sonoma County Department of General Services proposes to lease land and construct a new 80-foot tall communication tower and a 20 x 20-foot equipment building, including a diesel emergency generator, at the Sears Point Raceway, southeast of the city of Sonoma, near the intersection of Highway 37 and 121. The new tower will provide improved radio coverage for all Disciplines: Communications, Inter Operability, Animal Control, County Parks, and the Sonoma County Water Agency. The site is located in the hilly western portion of the site above the race track, on the flanks of Cougar Mountain, and near existing water tanks, and will provide coverage from Schellville to east of Skaggs Island. This location is critical to the County's ability to provide a reliable communications network for emergency services.

The new tower will be a triangular steel lattice tower, approximately eight feet wide at the base, and six feet wide at the top. The tower will not include lighting for aircraft, as that is not required for towers under 200 feet. The equipment building will be painted a brown to dark brown color for blending into the surrounding hillside, and the tower and mounting hardware will be painted a non-reflective gray color to blend with the skyline. An existing access road to the proposed site will require minor grading and rocking to have an all weather surface. The pad for the building and the tower will be cut into the hillside to create a flat area, requiring an approximately five-foot high retaining wall. The pad will be approximately 1,188 square feet in size to support the new tower, the 200 square foot equipment building, a new generator, and a surrounding walkway. Utility trenching will be needed to connect the tower to power from a nearby location down slope from the tower site, near the MACC building. No trees or shrubs will be removed to construct the proposed project.

REASON WHY THIS PROJECT IS EXEMPT: The proposed project is categorically exempt under Section 15303 of the State CEQA Guidelines. The project consists of the construction of new, small structures.

This Notice of Exemption is filed pursuant to the provisions of Section 15062 of the State CEQA Guidelines.

Title: Lease Amendment for Probation Department at 2777 Cleveland Avenue

Recommended Actions:

Authorize the General Services Director to execute a lease amendment with 2777 Cleveland Ave., LLC (Landlord), in order to: 1) redefine the leased premises, consisting of 2,953 sq. ft. of office space, located at 2777 Cleveland Avenue, Santa Rosa and leased by the Probation Department Adult Investigations Unit; 2) provide for additional tenant improvements; and 3) specify rent. 2nd Action

Executive Summary:

This matter involves a proposed lease amendment to provide for additional tenant improvements, reconfiguration of the Premises, and rent reduction for the Probation Department lease at 2777 Cleveland Avenue, Santa Rosa. On August 15, 2017, your Board approved execution of a lease with 2777 Cleveland Ave., LLC (the Landlord), for 3,529 sq. ft. of office space. Additional tenant improvements were requested by Probation staff to address safety concerns. Requested improvements included the provision of a restroom for the sole use by County, by partitioning it from the common areas of this multi-tenant building, and installation of additional exterior lighting in the parking lot associated with the Premises. In exchange for the loss of use of the common-area restroom, the Landlord requested use of Suite 105, previously included in the Premises leased by County. The reconfigured Premises would be reduced from 3,529 sq. ft. to 2,953 sq. ft. of office space, and the rent would be reduced from \$6,352 per month to \$5,315 per month, retroactive to March 1, 2018. If your Board takes the requested action, this matter will return to the Board on or about May 8, 2018, for consideration and consummation of the proposed lease amendment.

Discussion:

General. On August 15, 2017, your Board approved execution of a lease with 2777 Cleveland Ave., LLC (the Landlord), for 3,529 sq. ft. of office space located in Suites 5 through 9, at 2777 Cleveland Avenue, Santa Rosa (the Premises), for the purposes of providing the primary office space for the Probation Department's Adult Investigations Unit, who were relocated from the Family Justice Center at 2755

Mendocino Avenue, Santa Rosa. This unit is composed of 13 Deputy Probation Officers, two Supervising Probation Officers and one clerical support staff member. The Adult Investigations Unit prepares pre-sentence reports on cases involving felonies or misdemeanor crimes of a violent or sexual nature. Officers assigned to this unit also support the Superior Court by preparing reports that cover a variety of sentencing related issues, which includes the calculation of custodial credits and requests for the expungement of criminal records.

The Landlord for the Premises performed tenant improvements as originally provided in the Lease, and the Lease commenced on December 1, 2017. However, prior to moving Probation staff into the Premises, the labor representative for Probation staff requested additional tenant improvements be completed to address and satisfy Probation staff safety concerns. The Landlord agreed to perform these tenant improvements in order to expedite the move of Probation staff from the Family Justice Center.

Proposed Lease Amendment. Staff has negotiated terms for the proposed lease amendment as follows:

- Revised Premises: 2,953 sq. ft. of office space, located in Suites 6 through 9, at 2777 Cleveland Avenue, Santa Rosa. Please see Attachment 1.
- Rent: \$5,315 per month, or \$1.80 per sq. ft. The \$1.80 per sq. ft. rent rate approximates fair market value for similar-sized offices within a 1-mile radius of the Premises (central Santa Rosa area). Lease rates within this radius range from \$1.60 to \$2.00 per sq. ft. Rent will be increased annually by 3% in Year 3 and each year of the term, pursuant to the proposed lease amendment, and concurrent with the original Lease. As the additional tenant improvements will be completed on or about March 1, 2018. Rent would be reduced from \$6,352 per month to \$5,315 per month, effective and retroactive to March 1, 2018.
- Tenant Improvements: The tenant improvements include the provision of a restroom for County use only, separated from the building common areas by a wall and locking door; additional exterior lighting; installing covers over existing mail slots to prohibit public access to the interior Premises; and additional door hardware for security purposes. These improvements will be completed by the Landlord at Landlord's sole cost and expense.
- Termination: County may terminate the lease for any reason with 365 days' notice, without penalty.

Funding. The lease costs to fund the Probation Department's Adult Investigations Unit would be paid for by a combination of AB109 and General fund based sources.

Procedural Authority. A notice of intent for this lease transaction was published for the required three-week period pursuant to Government Code Section 25350 and the Board's action of April 10, 2018.

Prior Board Actions:

04-10-18—Declared intent to enter into the subject amendment

08/15/17—Authorized the General Services Director to execute the Lease
 07/11/17—Declared intent to enter into the Lease for 2777 Cleveland Avenue, Santa Rosa

Strategic Plan Alignment Goal 1: Safe, Healthy, and Caring Community

The leased Premises at 2777 Cleveland Avenue, Santa Rosa, California will serve to promote the Board’s Work Priorities and further the Board’s goal of increasing public confidence in County safety and justice services through more efficient and effective delivery of Probation Adult Investigation Unit program services by providing the Probation Adult Investigations Unit staff the office space to prepare pre-sentencing reports for the Courts, which include recommendations for the removal from the community of those individuals that pose a threat to public safety as well as the conditions under which individuals will be re-integrated into the community.

Total Sources	127,289	63,785	64,901

Narrative Explanation of Fiscal Impacts:

On 08/15/17, The Board originally approved one-time moving expenses and lease rent for the Fiscal Year 17-18 as follows:

1-time move expenses	\$ 86,971
Lease rent (September 2017-June 2018)	<u>63,522</u>
Total Fiscal Year 17-18 costs	\$150,493.

The commencement date for the original Lease occurred on 12/01/17. The original Rent per month was \$6,352. To date, Probation has made rent payments for the months of December, 2017 through February, 2018, for a total of \$19,056.

The total expenses for the Fiscal Years 2017-18, 2018-19 and 2019-20 are re-calculated, per the proposed lease amendment, as follows:

	Approved by Board on 08/15/17	Proposed (new)	Difference
FY17-18 Expenses (1-time Moving costs and rent)	\$150,493	\$127,289	\$ 23,204 Savings

PREMISES

FIRST AMENDMENT TO OFFICE LEASE

This First Amendment ("First Amendment"), dated as of _____, 2018 ("Effective Date"), is by and between **2777 CLEVELAND AVE., LLC**, a California limited liability company (hereinafter called "Landlord"), and the **COUNTY OF SONOMA**, a political subdivision of the State of California (hereinafter called "Tenant"). All capitalized terms used herein shall, unless otherwise defined, have the meaning ascribed to those terms in the Lease (as defined below). Landlord and Tenant are sometimes collectively referred to herein as the "parties" and singularly, as "party."

R E C I T A L S

WHEREAS, Landlord and Tenant entered into that certain Lease dated August 24, 2017 ("Lease"), for premises located at 2777 Cleveland Avenue, Suites 105 through 109, California ("Premises"), which are situated within that certain office building, commonly known as the North Building (the "North Building"); and

WHEREAS, Landlord and Tenant desire to amend the Lease in order to: (i) redefine the Premises, for the addition of the North Building restroom, and the elimination of Suite 105 from the Premises; (ii) provide for additional work of improvement for the Premises; (iii) recalculate the Rent based upon the modified Premises as of March 1, 2018; and (iv) modify other certain terms of the Lease as more particularly set forth below.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

A G R E E M E N T

1. The foregoing Recitals are true and correct.
2. Effective as of the Effective Date of this First Amendment, the Lease is hereby modified as follows:
 - A. Section 1.1 of the Lease is hereby deleted in its entirety and replaced with the following:

"1.1 Landlord hereby leases to Tenant and Tenant leases from Landlord those certain premises located at **2777 Cleveland Avenue, Suites 106, 107, 108 and 109**, described in Exhibit A-2 attached hereto ("Premises"), which are situated in that certain office building ("Building"), which Building is situated on that certain real property commonly known as Sonoma County Assessor's Parcel Number 015-492-004, located in the City of Santa Rosa, County of Sonoma, State of California ("Real Property"). Subject to verification as provided in Subsection 1.4.2, the Rentable Area (as defined in Section 1.4) and Usable Area (as defined in Section 1.4) of the Premises are two thousand nine hundred fifty-three (2,953) sq. ft. and two thousand six hundred thirty (2,630) sq. ft., while the Rentable Area of the Building is nine thousand six hundred eight (9,608) square feet. The Building, the areas servicing the Building, and the land on which the Building and those

areas are located (as shown on the site plan attached to this Lease as **Exhibit B**) are sometimes collectively referred to as the "Real Property".

B. Section 1.3 of the Lease is hereby deleted in its entirety and replaced with the following:

"1.3 Preparation of Premises; Acceptance. Landlord, at Landlord's sole cost and expense, shall prepare the Premises for Tenant's occupancy as described in **Exhibit C and Exhibit C-1**, attached hereto and by this reference made a part hereof. If this Lease conflicts with **Exhibit C and Exhibit C-1**, **Exhibit C and Exhibit C-1** shall prevail. Landlord hereby represents and warrants to Tenant that Landlord shall complete the Premises in accordance with the terms and conditions of **Exhibit C and Exhibit C-1**, even in the event that Landlord fails to obtain financing for some or all of the improvements. The general contractor (shall comply with the applicable provisions of California Labor Code Sections 1720.2 and 1770 et seq., regarding prevailing wages. Landlord shall cause all work under **Exhibit C and Exhibit C-1** to be performed in accordance with Tenant's sustainability practices, including any third-party rating system concerning the environmental compliance of the Building or the Premises, as the same may change from time to time. Landlord further agrees to engage a qualified third-party CalGreen or similarly qualified professional during the design phase through implementation of all work set forth in **Exhibit C and Exhibit C-1** to review all plans, material procurement, demolition, construction and waste management procedures to ensure the leasehold improvement project is in full conformance with Tenant's sustainability practices, and to obtain and maintain compliance with CalGreen on or promptly after the date of Substantial Completion (as defined below)."

C. Section 2.3.3 is hereby added to the Lease as follows:

2.3.3 Evidence of when the Landlord's work, as specified in **Exhibit C-1**, has been substantially performed shall be an acknowledgement to that effect in the form shown in **Attachment C-4**, Certificate of Substantial Performance of Tenant Improvements performed by Landlord, attached hereto and by this reference made a part hereof, signed by Landlord's representative and Tenant's representative. Substantial Completion of Landlord's Work or "substantially completed" is when: (a) construction of the Tenant Improvements have been substantially completed in accordance with **Exhibit C-1**; (b) Landlord's representative has confirmed that the Tenant Improvements have been constructed in accordance with **Exhibit C-1**; (c) Landlord's Representative and Tenant's Representative agree that all work has been substantially performed, such agreement not to be unreasonably withheld; (d) there is no incomplete or defective work that unreasonably interferes with Tenant's use of the Premises; (e) the Tenant Improvements are ready for occupancy by Tenant (including the signed **Attachment C-4**), except for the completion of Tenant's Work; and (f) water and sewer utilities and garbage services are hooked up and available for use by Tenant in the Premises.

D. Section 4.3 of the Lease is hereby deleted in its entirety and replaced with the following:

"4.3 Rental Adjustments. Rent for Year 1 shall be adjusted as outlined below. Beginning on the second anniversary of the Commencement Date and on each successive anniversary thereafter during the Lease Term, Base Rent shall be increased by three percent (3%), as follows:

Year 1:	December 1, 2017 - February 28, 2018	\$ 6,352.20 per month
	March 1, 2018 - November 30, 2018	\$ 5,315.40 per month
Year 2:	December 1, 2018 - November 30, 2019	\$ 5,315.40 per month
Year 3:	December 1, 2019 - November 30, 2020	\$ 5,474.86 per month
Year 4:	December 1, 2020 - November 30, 2021	\$ 5,639.11 per month
Year 5:	December 1, 2021 - November 30, 2022	\$ 5,808.28 per month.”

E. **Exhibit A** is hereby deleted and replaced with **Exhibit A-2**. **Exhibit C-1, Attachment C-3** and **Attachment C-4** are hereby deemed attached to the Lease.

3. Except to the extent the Lease is specifically amended or supplemented hereby, the Lease, together with exhibits is, and shall continue to be, in full force and effect as originally executed, and nothing contained herein shall, or shall be, construed to modify, invalidate or otherwise affect any provision of the Lease or any right of Landlord or Tenant arising thereunder.

4. This First Amendment shall be governed and construed under the internal laws of the State of California, and any action to enforce the terms of this First Amendment or for the breach thereof shall be brought and tried in the County of Sonoma.

LANDLORD AND TENANT HAVE CAREFULLY READ AND REVIEWED THIS FIRST AMENDMENT AND EACH TERM AND PROVISION CONTAINED HEREIN AND, BY EXECUTION OF THIS FIRST AMENDMENT, SHOW THEIR INFORMED AND VOLUNTARY CONSENT THERETO.

IN WITNESS WHEREOF, the parties hereto have executed this First Amendment as of the Effective Date.

Title: Main Adult Detention Facility Dayroom Camera Project - Request to Award Installation Contract

Recommended Actions:

Award a contract with Integrated Security Controls, Inc., in the amount of \$170,515 for procurement and installation of a digital video camera recording system within selected inmate housing dayrooms and recreation yards at the Main Adult Detention Facility.

Executive Summary:

General Services is seeking Board approval to award a contract, following a competitive public bid process, for procurement and installation of a digital video camera recording system within selected inmate housing dayrooms and recreation yards at the Main Adult Detention Facility. This stand-alone digital camera system will augment existing analog camera systems within the facility and allow for storage and retrieval of incidents. This offers greater oversight and protection to both inmates and staff as event details can be scrutinized allowing for greater transparency.

Discussion:

Background:

The existing analog camera system within Main Adult Detention Facility allows for monitoring of inmates and staff along key movement corridors and entry points. This limited number of cameras monitors, without the ability to record activity along with the camera monitor placement leaves large areas of the facility unobserved. Areas such as inmate dayrooms and recreation yards offer the potential for incidents between inmates or inmates and staff and it is desirable to increase camera coverage in these areas as well as have the ability to record incidents for subsequent review and evaluation.

Project Description:

The project encompasses design, procurement and installation of a stand-alone digital video camera recording system comprising 36 cameras and recording with storage sufficient to accommodate 366 days of data (one year and one day) with access to viewing and retrieval from the facility Central

Control. The new system will offer the ability to record incidents as they occur within the housing modules and recreation yards. The placement of cameras will maximize coverage and serve as crucial record of evidence to provide information to investigations, potentially allowing for a clearer account of events.

Project Implementation and Phasing:

General Services has worked with the Sheriff and Pennell Consulting, Inc., a professional security design consulting firm, to ensure strategic deployment of the cameras. Pennell Consulting Inc., developed the design documents for installation. The initial phase of the project focuses on the first floor of the facility and will include the following intake and detention housing modules: Booking and Intake, Vehicular Sallyport, R-Mod, I- Mod, Mental Health, and the Infirmary. Supporting these will be a server room and viewing/retrieval station. It is hoped that in future phases additional cameras will be added to expand the system throughout other floors. The system has been design with future expansion in mind.

Public Bid:

A notice inviting bids for the Main Adult Detention Facility Dayroom Camera project was issued March 11, 2018. A mandatory pre-bid meeting and site-walk was held on March 20, 2018, for which four firms pre-qualified, and three firms attended. There was a formal question and answer period in which three firms posed bid- related questions. The bid opening was held on April 3, 2018 at 2:00 PM. Notice of Intent to Award was issued on April 9, 2018.

Bid Results:

Public Contract Code section 20128 provides that the contract shall be awarded to the lowest responsible bidder. One contractor submitted a bid for the Main Adult Detention Facility Dayroom Camera project. The bid results were as follows:

Bidders Name	Location	Base Bid
Integrated Security Controls, Inc.	Santa Rosa, CA	\$170,515

Schedule:

Upon Board approval, work is scheduled to start in June, 2018 and it is anticipated to be completed in August, 2018.

Prior Board Actions:

None.

Strategic Plan Alignment Goal 1: Safe, Healthy, and Caring Community

The installation of a digital video camera recording system allows for greater oversight and security, as well as serving as crucial record of evidence for investigations, thereby protecting both inmates and staff.

Title: Emergency Medical Services - Support for Exclusive Operating Area Ambulance Services Extension

Recommended Actions:

Authorize the Chair to submit a letter expressing County support for a one-year extension request of the California Emergency Medical Services Authority for the Exclusive Operating Area Ambulance Services Agreement covering central Sonoma County and work with the area's Assembly members and State Senator to support this request.

Executive Summary:

This item requests Board support for a request of the California Emergency Medical Services Authority for the approval of a one-year extension to the current Exclusive Operating Area Ambulance Services Agreement which covers much of central Sonoma County. The extension is requested to allow the Department of Health Services, administering the Coastal Valleys Emergency Medical Services Agency, to complete a comprehensive stakeholder process that was delayed by the October 2017 fires.

Discussion:

California state law establishes oversight and coordination of the provision of emergency medical services (EMS) in a two-tier system. The state-level tier is the California Emergency Medical Services Authority, which works with Local Emergency Medical Services Agencies (LEMSAs) designated by the county Boards of Supervisors. In Sonoma County, the Department of Health Services has been designated as the LEMSA and administers the EMS system as the Coastal Valleys Emergency Medical Services Agency, providing services to both Sonoma County and Mendocino County. The scope of services provided cover a wide variety of components of emergency medical care under the direction of a designated Medical Director including approval of emergency medical dispatching, pre-hospital care, hospital emergency room and trauma center services, and medical-health system disaster response. Much of the Sonoma County local emergency medical services agency responsibilities are spelled out in an emergency medical services ordinance.

One portion of the LEMSA scope is the regulation of ambulance services providing advanced life support transport for patients to and between hospitals. In order to provide the best patient care, ambulance services in the core area of Sonoma County (see attached map) have been provided under an exclusive operating area agreement since 1991. This area serves 250,000 Sonoma County residents and sees over 50,000 calls for service each year. By limiting services to one competitively procured provider in the area, the exclusive operating area agreement ensures that the first responders and the ambulance providers are closely coordinating together and focused on effective patient care for all instead of many providers trying to maximize their own revenues through competing for insured or affluent patients in the area.

Each year the LEMSA submits an Emergency Medical Services Plan to the California Emergency Medical Services Authority for review and approval. The California Emergency Medical Services Authority also approves the ambulance agreement for the exclusive operating area, conferring protection from anti-trust concerns during the term of the agreement which, essentially, sets up a monopoly for several years for those services in order to achieve more effective patient care. Periodically the LEMSA conducts comprehensive system-wide stakeholder outreach to ensure that the services delivered are up to date and to set the stage for the next competitive procurement of ambulance services for the exclusive operating area.

Last fall, Coastal Valleys Emergency Medical Services Agency (Coastal Valleys) began this process with the stakeholder kick-off meeting scheduled for October 10, 2017. As a result of the October fires, the kick-off was delayed, with the fires requiring the time and energies of Coastal Valleys staff and the vast majority of system stakeholders as well. The kick-off was delayed until February 9, 2018. Not only did this four month delay reduce the time available for the stakeholder process and the procurement of the next set of ambulance services for the core area but it also introduced a new focus, disaster preparedness and response, to ensure that lessons learned from the October fires can be appropriately incorporated into the emergency medical services ordinance and the ambulance services agreement going forward.

The current exclusive operating area ambulance services agreement expires June 30, 2019. In order to provide seamless services for this critical area, the procurements allow for a six month transition period for the new ambulance service provider after execution of the agreement. The project plan for the stakeholder and procurement process accounted for this but a four month delay from the fires makes conducting both a comprehensive stakeholder process and the procurement very challenging. Stakeholders and staff have discussed the possibility of an extension with representatives of the California Emergency Medical Services Authority and while not encouraging, the California Emergency Medical Services Authority will review a formal request (attached) recognizing the unique circumstances. Staff have asked for a one year extension for a number of reasons. First, the stakeholder process, which has been underway since February 2018, is proving to be more robust than originally anticipated in the project plan. Second, while disaster preparedness and emergency response are always included within the scope of the services, the October fires have highlighted the opportunity to further address these service areas, to incorporate lessons learned into the baseline for the ordinance and agreement, and to evaluate potential changes in service delivery needs for all types of major natural disasters. Finally, the alignment of the term of an exclusive operating area agreement with the County fiscal year is beneficial. There are many elements of the Coastal Valleys' budget and operations that track to the services provided in the exclusive operating area agreement and having those identified

before the County budget is prepared ensures that staff resources can be in place to implement and monitor the next agreement appropriately.

The Board's support and willingness to engage our local Assembly members and State Senator will encourage the California Emergency Medical Services Authority to reach a favorable decision on the extension request. The Board's Legislative Program includes State Priority Number 7 - Emergency and Disaster Preparedness and Assistance which seeks state assistance for appropriate emergency operations plans and recognizes the need to work with other agencies and the community for preparedness and response, something the comprehensive stakeholder process is doing and needs the time to do well. The request for state assistance is also consistent with Guiding Principles 3 and 10 of the Legislative Program, regarding actions that support the County Strategic Plan and advancing the health, vibrancy, and resiliency of local communities. A draft letter from the Board of Supervisors Chair to the California Emergency Medical Services Authority conveying the Board's support of the extension request is attached. Also, with your approval, staff will work with each Board Member in reaching out to our legislative delegation to secure assistance from them as well in support of this extension request. Should the California Emergency Medical Services Authority deny the request for extension, staff will work to present the Board with options to consider going forward.

Prior Board Actions:

On September 27, 2011 the Board authorized the Director of Health Services to execute an amendment to the American Medical Response West contract for emergency ground ambulance services increasing user fees effective October 1, 2011.

On December 16, 2008 the Board authorized the County Director of Emergency Medical Services Agency to execute the Emergency Ground Ambulance Services Agreement with American Medical Response West.

Strategic Plan Alignment Goal 1: Safe, Healthy, and Caring Community

Extending the current Exclusive Operating Area Ambulance Services Agreement allows for continuation of services while a comprehensive stakeholder process is performed as part of a competitive process that was delayed due to the October 2017 fires.

COASTAL VALLEYS EMS AGENCY

SERVING MENDOCINO AND SONOMA COUNTIES

May 9, 2018

Howard Backer, MD
Director, California Emergency Medical Services Authority
10901 Gold Center Drive, Suite 400
Rancho Cordova, CA

Dear Dr. Backer,

Sonoma County is nearing the end of the final extension of our 2009-2019 EOA contract with American Medical Response. Our contract was awarded to AMR in 2008 based on a competitive RFP process approved by the EMS Authority. The current agreement expires on June 30th, 2019.

In mid-2017 Coastal Valleys EMS Agency was on track to facilitate a system evaluation and stakeholder engagement process to inform the construction of the next contract and enable an RFP to move forward for a vendor. CVEMSA had secured an EMS Consulting firm to provide support and manage the information gathering and RFP development process; the Abaris Group was retained for the project work. The kickoff meeting for the stakeholder engagement process was scheduled for October 10th 2017.

October 10th found our Sonoma County stakeholders and State-wide partners engaged in a very different effort. The impact of the North Bay Wildfires on the regional medical health system is well understood by EMSA as a key partner in our response and recovery effort. What may be less clear is the impact the disaster had to our agency, our responders and our partner agency stakeholders. Focus on the EOA project was not possible for either CVEMSA, our county leadership or many of our partners as we and they worked through the process of response and recovery. Our recovery in fact is still very much an ongoing process, with Environmental Health and fiscal demands taking up much of our leadership and stakeholder bandwidth. Communities hard hit by the fire will be rebuilding for some time, and the service providers and municipal government partners so key to a successful EMS system project will have many conflicting demands on their attention.

Our process is moving once more. We have engagement with our County leadership and system stakeholders and a strong desire to look at our system with a different perspective than we would have otherwise. That new normal will take some careful, thoughtful consideration of our EMS system in light of the fire events. Although we have unparalleled damage to repair, we have perhaps an unparalleled opportunity to gain support for system improvements. These improvements likely will encompass a revision to the Sonoma County EMS Ordinance in addition to an extensive stakeholder process to review the current system. We don't want to rush that process. If we try to move too quickly, we will not have the crucial support for the process and the system, including the key core ambulance services provided for the majority of county residents through our Exclusive Operating Area that the process creates. We have had six stakeholder engagement meetings and are on track to continue those as we work through educating our stakeholders and addressing any issues they bring to the table. We are confident that the result will be an EMS system supported by a community of partners; effectively delivering field medical care sustainably, accountability and collaboratively within our County.

Because we lost actual process time and more importantly have identified areas that stakeholders feel require addressing prior to designing the next EMS EOA, including lessons learned from reviewing the disaster response and recovery, we are keenly interested in retaining the current provider as our exclusive provider of ALS and Emergency Ambulance Service until we have completed a careful EMS System review, improvement and EOA development and vendor selection process via RFP.

We have begun discussions with AMR and have confidence that they can continue to offer services provided under the existing exclusive contract. The geographic area covered by Sonoma County EOA #1 will remain unchanged prior to an RFP release and a new competitive process for vendor selection. Oversight of the provider's rates will continue, with any rate adjustment approved by the LEMSA per the existing contract. At the present time, the only change contemplated to the current agreement will be an extension of the end date through Month Date Year.

CVEMSA looks forward to a collaborative effort with the Authority as we work through the process of restoring our community and our EMS system. We understand there are significant limitations on the ability of EMSA and LEMSA's to create exclusive operating areas for very valid reasons. We do believe we have had events occur outside of our ability as a system organizer to manage within the timeframe remaining to run a successful community –supported competitive process. Ultimately the burden will fall on our patients if we cannot do so and do not extend the existing contract. That burden will take the form of a return to the competitive market-driven service model. We feel the risk to the patients from that eventuality exceeds that of extending the EOA agreement for a brief time while continuing to move to our next RFP.

To that end, CVEMSA is formally submitting a request to the California EMS Authority to continue the geographic area submitted as EOA#1 in the 2017 CVEMSA EMS Plan as served by American Medical Response as the exclusive provider of Advanced Life Support and Emergency Ambulance services under the terms and conditions of the current contract amended through June 30, 2020.

Respectfully submitted,

Bryan Cleaver
EMS Administrator

Dear Dr. Backer

The fires in Northern California during October, apart from being the most devastating in California history, have impacted our county in an almost inconceivable variety of ways. In the past 6 months, we have learned a great deal about how extensive those impacts have been.

One of these impacts has been to our Local Emergency Medical Services Agency (Coastal Valleys EMSA) work with the first responder and emergency medical service providers in the stakeholder outreach for continuous quality improvement, particularly with respect to ambulance services that are provided under an Exclusive Operating Area agreement serving 240,000 in residents in the core of the county. Consistent with long established practice and timed for completion in order to conduct the next competitive procurement for these services, the kick-off for that process was scheduled for October 10, 2017.

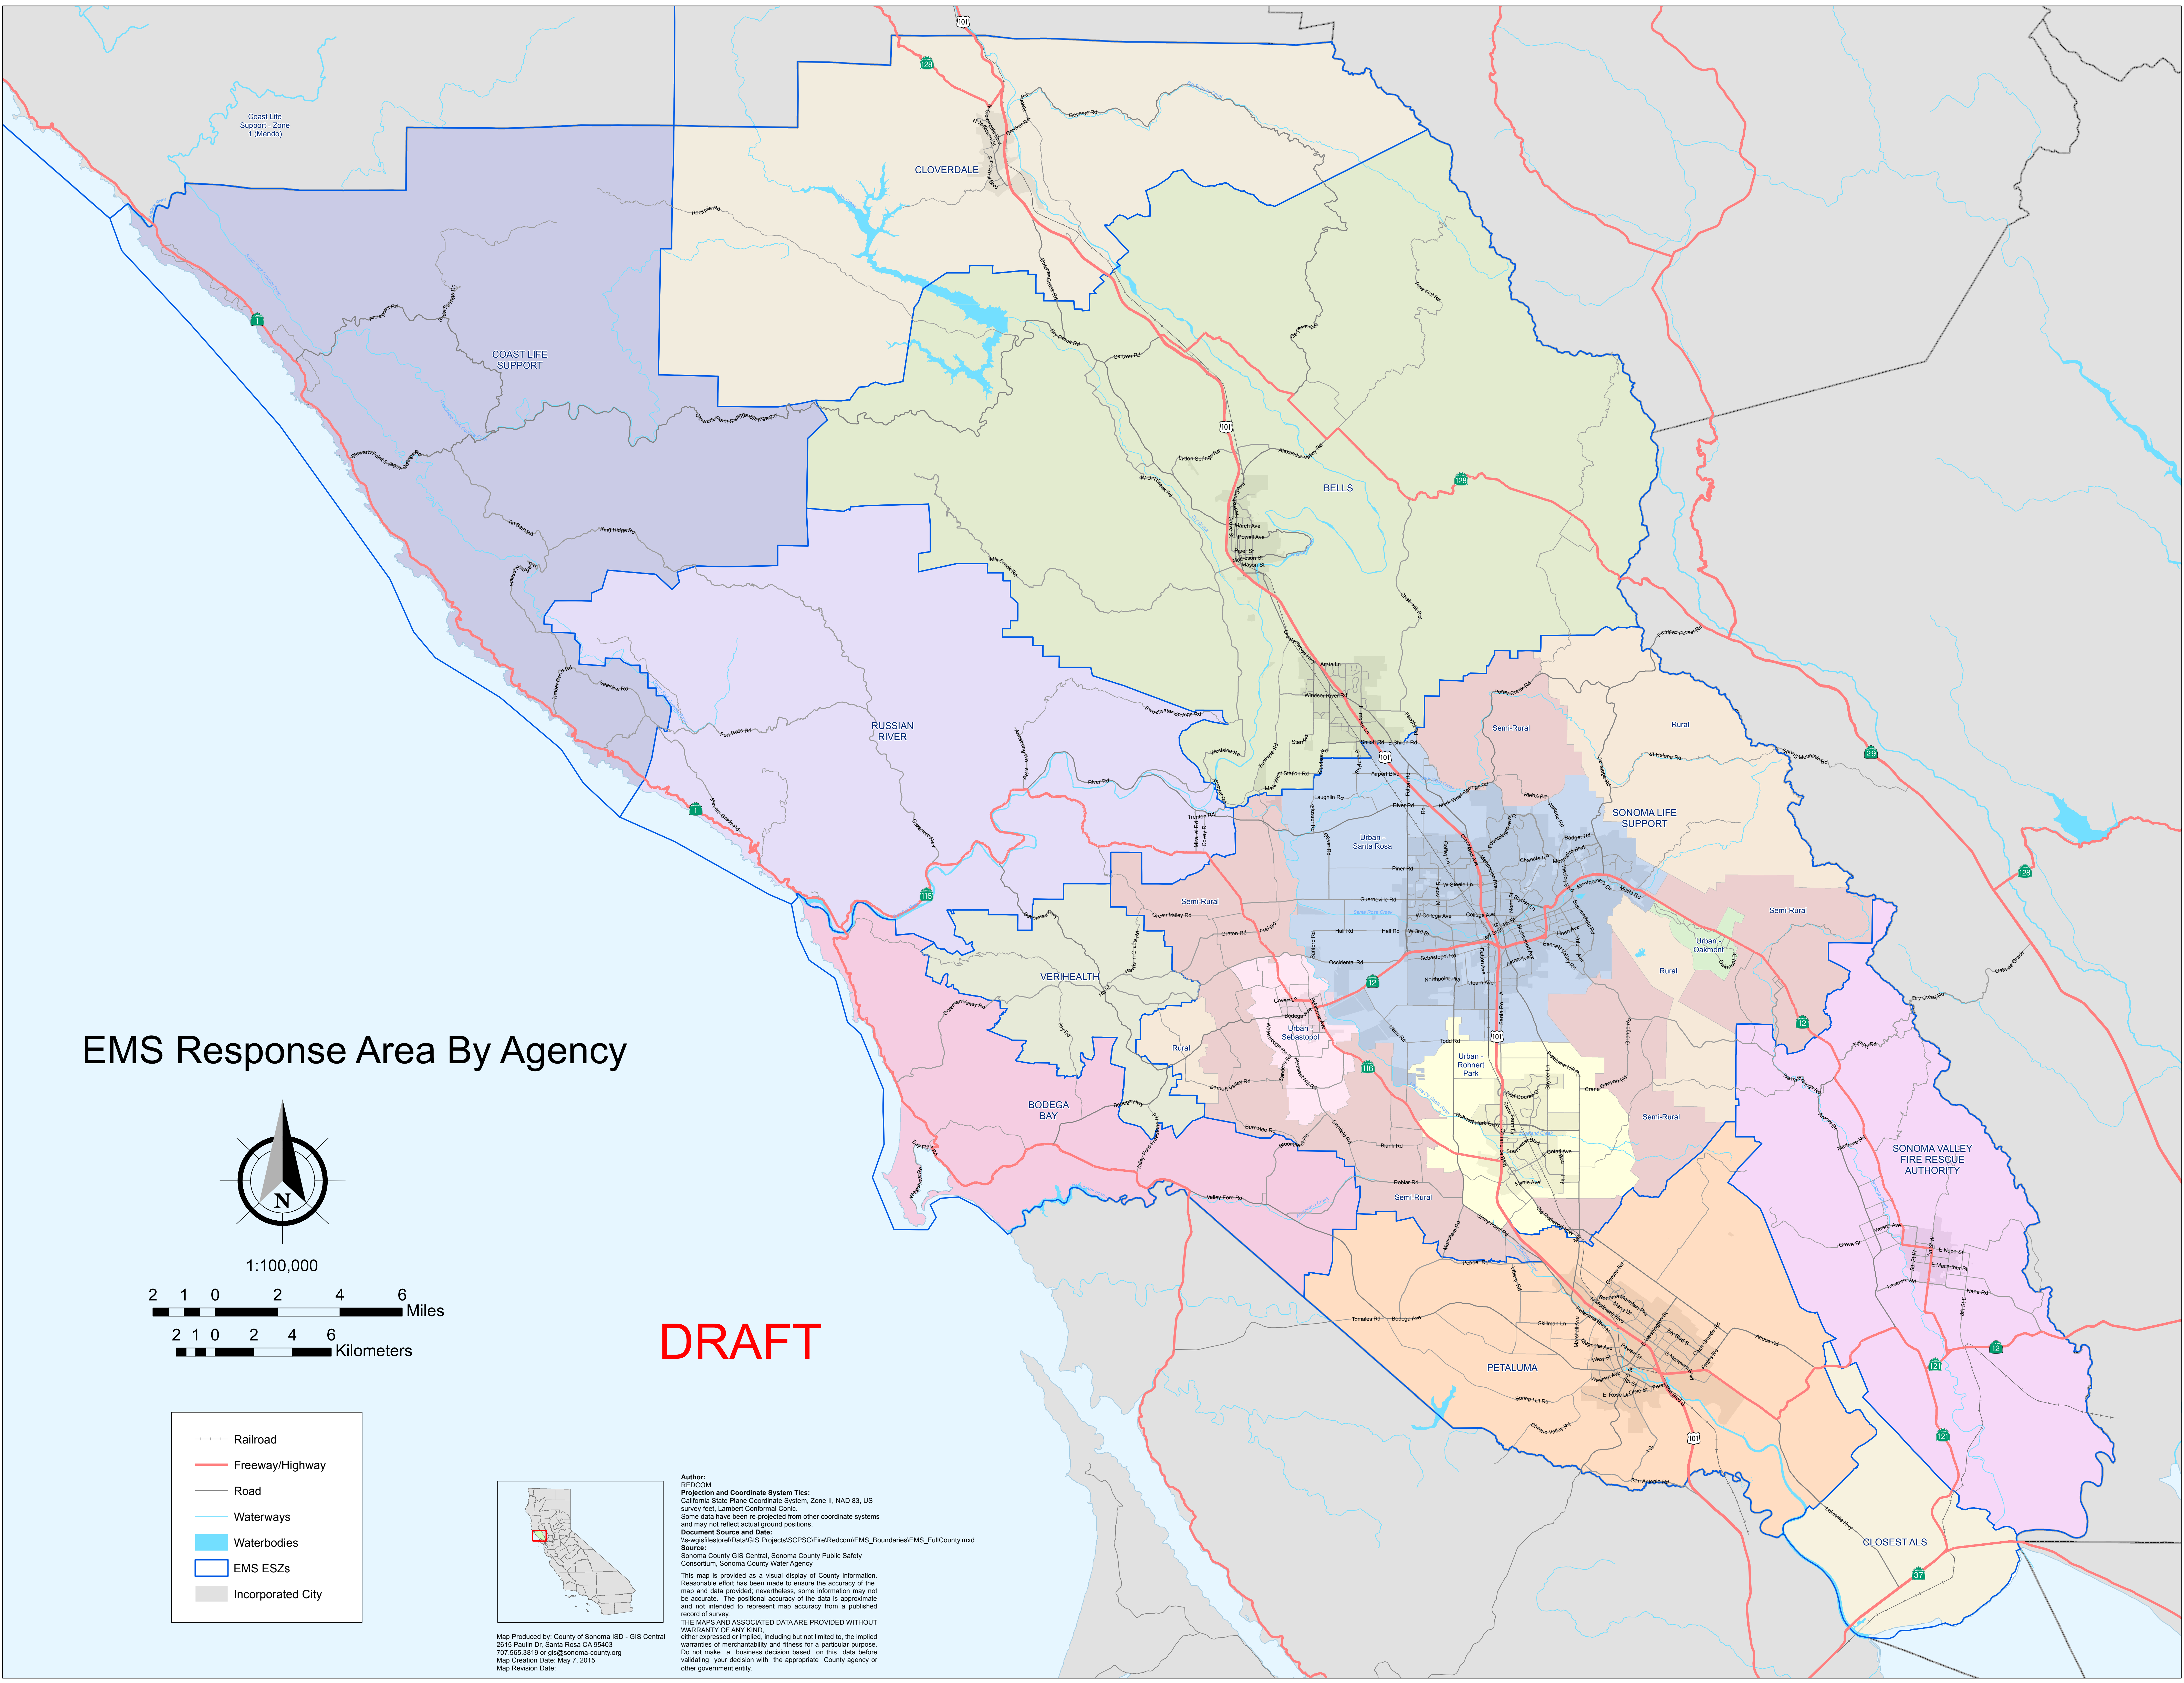

As you can imagine, the Coastal Valleys staff and all the stakeholders of the EMS system in the County were deeply engaged at that moment in response to the devastating fires in the county. Not only did this work disrupt the short-term schedule of the effort, it affected many of the stakeholders personally thorough loss of homes and the need to support recovery efforts for themselves and thousands of others in the community. This delayed the effort significantly, to the point where it was only possible to begin again in February 2018.

But in addition to the four month delay, the fires not only tested the emergency response capabilities of the system but provided a stark reminder that the events and system must be rigorously reviewed and examined for the lessons learned so that the system can be better prepared for future emergencies. We cannot ignore the need to engage in a more thorough process than was originally envisioned. The system's stakeholders and the public we serve cannot have less.

Yet, this puts Coastal Valleys EMSA in a difficult position, for there simply isn't enough time in order to complete the comprehensive stakeholder process and incorporate improvements into the next competitive procurement within the current term of the agreement and provide for enough time to transition safely to the next ambulance provider after the procurement. The risk of returning to the dangerous practice of ambulance organizations fighting each other for patients in the area or degradation of medical and health outcomes with the loss of ability to provide for the coordinated delivery of services in a environment characterized by daily ambulance competition is too great to proceed without a fully functioning Exclusive Operating Area agreement in place.

The Board of Supervisors has learned of this challenge facing Coastal Valleys and of the critical role the California Emergency Medical Services Authority has in approving any extension of exclusive operating area agreements under the annual EMS plans for our County.

We unanimously and strongly urge you to support Coastal Valley's request for a one year extension dated May 7, 2018 so that they can continue their comprehensive stakeholder engagement process and competitive procurement for the next Exclusive Operating Area ambulance services agreement.

Title: Agreement between In-Home Supportive Services (IHSS) Public Authority and Human Services Department.

Recommended Actions:

Approve the Agreement for Services between the Human Services Department and the In-Home Supportive Services (IHSS) Public Authority effective beginning on July 1, 2018 and ending on June 30, 2021.

Executive Summary:

The IHSS Public Authority contracts with Human Services for the staff required to perform the State mandated services, including the operations of the registry, referral, background screening, and training. The agreement includes a Registry Supervisor and the Registry staff needed to perform the mandated services, as well as overhead costs associated with these positions and other County Departments' services. Human Services and Public Authority may negotiate changes to the Human Services staff positions to best meet the needs of both parties.

In addition, the contract delegates the supervision of the IHSS Payroll Supervisor to the Public Authority Manager. IHSS Payroll is a Human Services function. The Human Services Section Manager shall retain responsibility of IHSS policy and operations. The IHSS Payroll Supervisor and payroll staff are Human Services Department employees.

The reimbursement for services provided under this agreement is budgeted in accordance with the annual allocation established through the County budget process.

Discussion:

Historical Background:

IHSS Program: IHSS is a Human Services Department program mandated by the State to serve clients who need assistance (shopping, cooking, housecleaning, bathing, etc.) in order to live in their homes. Those eligible are aged, blind, and disabled clients of public assistance or with low incomes.

IHSS Public Authority: By statute, the purpose of the IHSS Public Authority is twofold: 1) to act as the employer of record for IHSS caregivers for the purpose of collective bargaining over wages, hours, and other conditions of employment; and, 2) to provide specific functions (referral, registry, screening, and training) to IHSS clients and caregivers. On 06/05/01, the Board of Supervisors approved an ordinance to establish the IHSS Public Authority, as an independent public entity, with members of the Board of Supervisors serving as the Board of Directors. Through an Interagency Agreement between the Public Authority and the County, the Public Authority operates within the Human Services Department.

The current agreement between Human Services and IHSS Public Authority was approved by the Board on June 26, 2012. The term of the agreement ran from fiscal year to fiscal year unless amended or terminated. It has been determined that a three-year term is preferred. The primary change involves authorizing the IHSS Public Authority Manager the responsibility of supervising the IHSS Payroll Supervisor. The request is to approve an agreement that begins on July 1, 2018 and expires on June 30, 2021.

INTRACOUNTY MEMORANDUM OF UNDERSTANDING

BETWEEN

Sonoma County Human Services Department

AND

Sonoma County In-Home Supportive Services Public Authority

IHSS Registry and Related Services

Term: July 1, 2018 – June 30, 2021
HSD Agreement Number: AA-PA-IHSS-1821

Preamble

This Memorandum of Understanding (hereinafter “MOU”) is entered into by and between the County of Sonoma Human Services Department (hereinafter “Human Services”) and the County of Sonoma In-Home Supportive Services (IHSS) Public Authority (hereinafter “IHSS-PA”).

WHEREAS, it is the mutual objective of Human Services and IHSS-PA to establish a working agreement with respect to the In-Home Supportive Services Registry, Referral, Training, and Screening program; and

WHEREAS, IHSS-PA desires to have staff assigned for purposes of providing registry, referral, training, and screening services; and

WHEREAS, both Human Services and IHSS-PA desire to integrate services for the benefit of Sonoma County residents; and

WHEREAS, Human Services is willing to provide staff on the terms and conditions set forth herein,

NOW, THEREFORE, Human Services and IHSS-PA agree to the following provisions:

General Provisions

I. Purpose

The purpose of the MOU is to establish the roles and responsibilities of the parties in order to provide the In-Home Supportive Services (IHSS) registry, referral, training, and screening services.

The Sonoma County In-Home Supportive Services (IHSS) Public Authority is a non-County public legal entity, created by the Sonoma County Board of Supervisors on June 12, 2001. The establishment of the IHSS Public Authority was the result of State Law (AB 1682) that required every county in California without a Public Authority to:

- 1) Establish an IHSS advisory committee comprised of a majority of consumers;

- 2) Establish an "employer of record" for individual IHSS workers for the purposes of collective bargaining over wages, benefits, and other terms and conditions of employment.

Additionally the IHSS-PA provides recruitment and maintenance of a registry of screened and approved IHSS workers, and training assistance to increase the skills and knowledge of both IHSS workers and consumers.

Each party to this MOU shall perform the services and shall complete all obligations assigned to that party as described in "Exhibit A: Scope of Work" (hereinafter "Exhibit A").

II. Term

- A. The term of this MOU shall be from July 1, 2018 through June 30, 2021 unless terminated earlier in accordance with the provisions in II.B. below.
- B. Either party to this MOU may terminate the MOU for convenience and without cause. Termination shall be effected by giving the other party thirty (30) days advance written notice of the effective date of termination. In the event of a termination by IHSS-PA, Human Services shall be entitled to receive compensation for any services satisfactorily performed through the date of termination.

III. Allocation of Responsibilities

Human Services shall be responsible for damages caused by the negligence of its officers, agents and employees occurring in the performance of this MOU. IHSS-PA shall be responsible for damages caused by the negligence of its officers, agents and employees occurring in the performance of this MOU. It is the intention of Human Services and IHSS-PA that the provision of this paragraph be interpreted to impose on each party responsibility for the negligence of their respective officers, agents and employees.

IV. Notices and Correspondence

All written correspondence shall be sent to:

V. Confidentiality

- A. Both parties agree to require its employees to comply with the provisions of Section 10850 of the Welfare and Institutions Code and Division 19 of the California Department of Social Services Manual on Policy and Procedures,

and with Human Services Department Administrative Manual, Section 1-4, Confidentiality, to ensure that:

1. All applications and records concerning any individual made or kept by any public officer or agency in connection with the administration of any provision of the Welfare and Institutions Code relating to any form of public social services for which grants-in-aid are received by that state from the federal government will be CONFIDENTIAL, and will not be open to examination for any purpose not directly connected with the administration of such public social services.
2. No person will publish, disclose or use or permit or cause to be published, disclosed or used any confidential information pertaining to an applicant or recipient.
 - a. Both parties agree to inform all employees, agents and partners of the provisions and that any person knowingly and intentionally violating the provisions of this paragraph is guilty of a misdemeanor.
 - b. Both parties understand and agree that this provision shall survive any termination or expiration of this MOU.

VI. Nondiscrimination

- A. Both parties shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination in employment because of race, color, ancestry, national origin, religion, sex, marital status, age, medical condition, pregnancy, disability, sexual orientation or other prohibited basis. All nondiscrimination rules or regulations required by law to be included in this MOU are incorporated herein by this reference.
- B. Both parties understand and agree that administrative methods and/or procedures which have the effect of subjecting individuals to discrimination or otherwise defeating the objectives of the applicable and aforementioned laws will be prohibited.
- C. Both parties and subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement.

VII. Record Retention/Access

- A. Human Services acknowledges that applicable portions of the Social Security Act and the Omnibus Budget Reconciliation Act of 1980 require inclusion of a provision requiring Human Services to allow the Secretary of the Department of Health and Human Services (HHS) and other authorized Federal officials, access to Human Services' books and records as they relate to services provided pursuant to this MOU (in accordance with Section 1861 (V) (1) (I) of the Social Security Act). Therefore, if the value or cost of services rendered to IHSS-PA pursuant to this MOU is ten thousand dollars (\$10,000.00) or more over a twelve (12) month period, Human Services agrees as follows:
 1. Until the expiration of four (4) years after the furnishing of any service pursuant to this MOU, Human Services shall, upon written request, make

available to the Secretary of HHS, the Secretary's duly authorized representative, the Controller General or the Controller Generals' duly authorized representative, this subcontract and such books, documents and records as may be necessary to certify the nature and extent of the cost of value of services performed by Human Services hereunder.

2. The availability of Human Services' books, documents, and records shall be subject at all times to such criteria and procedures for seeking and obtaining access as may be promulgated by the Secretary of HHS by regulation or other applicable laws.

VIII. Rights to Data

Subject to compliance with all applicable laws and regulations regarding the confidentiality of patient records, the parties to this MOU may use in any manner all aggregate data, reports, or other materials produced out of the performance of this MOU.

IX. Dispute Resolution

- A. Both parties shall continue to perform the obligations undertaken herein in the event of any dispute arising under this MOU.
- B. Both parties shall make a good faith effort to resolve such dispute through negotiation prior to the commencement of an action in any state or federal court.
- C. No lawsuit pertaining to any matter arising out of or under this MOU shall be instituted in any state other than California.

X. Assignment/Delegation

Neither party hereto shall assign, sublet or transfer any interest in this Agreement or any duty hereunder without written consent of the other, and no assignment shall be of any force or effect whatsoever unless and until the other party shall have so consented.

XI. Merger

This writing is intended both as the final expression of the MOU between parties hereto, with respect to the terms, and as a complete and exclusive statement of the terms of the MOU. No amendment to this MOU shall be effective unless and until such amendment is evidenced in writing and signed by both parties.

IN WITNESS WHEREOF, the parties hereto have executed this MOU as the Effective Date.

Exhibit A: Scope of Work

1. Human Services Roles & Responsibilities

- 1.1. Human Services will provide a Registry Supervisor and the Registry staff (referred to as Human Services Registry staff) needed to perform the mandated services detailed in 1.4.

Human Services and Public Authority may negotiate changes to the Human Services staff positions to best meet the needs of both parties.

- 1.2. Human Services shall provide bilingual staff and translation services as needed.
- 1.3. Human Services will provide a Registry Supervisor and Home Care Support Specialists as part of the Public Authority Registry Program (referred to as Human Services Registry staff).
- a) The Registry Supervisor shall be supervised by the IHSS-PA Manager. The Registry Supervisor's evaluation shall be completed by the IHSS-PA Manager, with input from the Human Services Section Manager. The evaluation will be held in the Human Services personnel files.
 - b) Human Services Registry staff (including Home Care Support Specialists and Home Care Aides) shall be supervised by the Registry Supervisor. Registry staff performance evaluations shall be completed by the Registry Supervisor, with input from the IHSS-PA Manager and the Human Services Section Manager. The evaluations will be held in the Human Services personnel files.
 - c) Human Services Registry staff schedules will be designed to accommodate the needs of the IHSS-Public Authority.
- 1.4. Human Services Registry staff shall provide the following services:
- a) Provide State-mandated enrollment functions for all new IHSS workers, including Department of Justice background checks, in-person orientation, completion of required forms, and the collection of valid photo ID and Social Security card.
 - b) Provide Registry recruitment, application processing, orientations, applicant interviews, reference checks, criminal background checks, and enrollment.
 - c) Referral of IHSS workers from the Registry to consumers as requested and assistance with matching an appropriate IHSS worker to meet the needs of the consumer.
 - d) Provide consumers with support in the areas of recruitment, screening, interviewing, supervising, and managing IHSS workers.

- e) Provide IHSS workers and consumers access to training opportunities.
 - f) Provide initial assessment, eligibility determination, home care agency referral, and related support for the Human Services-funded Urgent Substitute Provider Program.
- 1.5. Human Services shall delegate responsibility for the supervision of the IHSS Payroll Supervisor to the IHSS-PA Manager. IHSS Payroll remains a Human Services Department function. The Human Services Section Manager will retain responsibility for IHSS Payroll policy and operations. The Payroll Supervisor and payroll staff are Human Services Department employees.
- a) The IHSS Payroll Supervisor shall be supervised by the IHSS-PA Manager. The Payroll Supervisor's evaluation shall be completed by the IHSS-PA Manager, with input from the Human Services Section Manager. The evaluation will be held in the Human Services personnel files.
 - b) IHSS Payroll staff shall be supervised by the IHSS Payroll Supervisor. Payroll staff performance evaluations shall be completed by the Payroll Supervisor, with input from the IHSS-PA Manager and the Human Services Section Manager. The evaluations will be held in the Human Services personnel files.
- 1.6. Human Services shall provide live electronic CMIPS access to the IHSS-PA.
- 1.7. Human Services staff shall meet with IHSS-PA Manager on a monthly basis, at a minimum, to discuss program functions, as well as other IHSS and Public Authority-related issues.
- 1.8. Public Authority staff shall attend regularly scheduled monthly IHSS and Division staff meetings.
- 1.9. Human Services Registry staff shall abide by all IHSS-PA operational policies and procedures.

2. IHSS-Public Authority Roles & Responsibilities

- 2.1. IHSS-PA shall be the employer of record of IHSS workers and perform the following functions:
- a) Conduct appropriate background screening of potential IHSS workers; and
 - b) Establish a registry of screened and approved potential IHSS workers for consumers that best match the requested needs of the consumer;
 - c) Provide potential IHSS workers with referrals to consumers;

d) Provide training for both IHSS workers and consumers.

2.2. The IHSS-PA Manager shall:

- a) have full autonomy to direct the functions of the IHSS Registry Services;
- b) have oversight of operational issues related to this MOU;
- c) oversee the Registry operations, including direct supervision of the Registry Supervisor;
- d) oversee the IHSS Payroll operations, including direct supervision of the IHSS Payroll Supervisor;
- e) have input into the selection, supervision and evaluation of Human Services staff provided through this MOU;
- f) meet with Human Services staff on a monthly basis, at a minimum, to discuss program functions, as well as other IHSS and Public Authority-related issues

2.3. The IHSS-PA shall abide by all confidentiality requirements addressed in this MOU when using CMIPS data and other consumer related information.

2.4. IHSS-PA shall abide by Adult Protective Services mandated reporter laws and report all suspicions of elder and dependent adult abuse and neglect.

3. Funding

- A. Public Authority shall reimburse Human Services for actual costs from Public Authority State and Federal allocations on a quarterly basis.
- B. Human Services shall pay 25% FTE of the IHSS-PA Manager salary and benefit costs to provide supervision of IHSS Payroll.

Title: Area Agency on Aging FY 2018-19 Area Plan Update

Recommended Actions:

Approve the Area Agency on Aging FY 2016-20 Area Plan Update for FY 2018-19 and authorize the Chairperson of the Board of Supervisors to sign the Transmittal Letter to California Department of Aging, a condition to receive federal funding.

Executive Summary:

The Sonoma County Area Agency on Aging is required by the California Department of Aging to develop an Area Plan every four years and update it annually. The plan establishes annual goals and objectives that serve to improve the lives of older adults, adults with disabilities, and their caregivers in Sonoma County.

Discussion:

The Board of Supervisors has been designated as the governing body of the Sonoma County Area Agency on Aging by the California Department of Aging (CDA) since 1980. The Area Agency on Aging is responsible for planning and developing policy and advocating for the needs of seniors, adults with disabilities, and their caregivers as well as administering Older Americans Act funding. These federal funds assist seniors and people with disabilities remain independent and safe at home and in the community as long as possible.

The California Department of Aging distributes the federal funds to local Area Agencies on Aging for the provision of services for seniors (persons 60 and older). The Sonoma County Area Agency on Aging receives over \$2 million annually from the California Department of Aging and contracts with local community-based service providers to support programs such as home delivered meals, senior lunch programs in congregate sites, case management, transportation, as well as others.

Area Agency on Aging Area Plan Update

As described in Title 22, Chapter 3, Article 1.8 of the California Code of Regulations, each Area Agency on Aging is required to develop and maintain a four-year area plan which informs the community on needs, available services and service gaps for seniors as well as the Area Agency on Aging's plans to address these issues during the four-year planning cycle. Goals and objectives are developed reflecting the results of the extensive needs assessment in 2015. This needs assessment was included in the four-year 2016-2020 plan and comprehensive community report "*The Art of Aging*" approved by the Board of Supervisors on May 24, 2016.

Each fiscal year, the Area Agency on Aging is required to provide the California Department of Aging an update to the four-year plan. The FY 2018-19 Area Plan Update provides a progress report on objectives identified in the 2016-2020 Four-Year Area Plan as well as identifying new objectives to the Area Plan Update. The additional objectives were developed and approved by the Area Agency on Aging Advisory Council as recommended by Area Agency on Aging (AAA) staff. The objectives are a combination of contractual requirements and ongoing evaluation of older adults needs in Sonoma County. These objectives include:

- Collaborate with local agencies in the implementation of a "Getting to Know Your Neighbor Campaign" to reduce isolation and assist in disaster preparedness.
- AAA Advisory Council members and AAA Staff provide older adult perspective and participate in initiatives and workgroups in response to 2017 October wildfires (i.e. housing shortage, rebuild, and county disaster preparedness).
- Expand stress reduction programs for family caregivers by partnering with Redwood Caregiver Resource Center to provide additional evidence-based trainings and support groups.
- Partner with the Aging Together/Age Friendly to support and promote an "Age-Friendly Hiring" event focusing on accessing the skilled, experienced, productive population ready to join the workforce of local businesses.

The FY 2018-19 Area Plan Update was approved by the Area Agency on Aging Advisory Council at its Public Hearing on April 18, 2018.

To accomplish the goals and objectives set forth in the Area Plan and effectively administer the Older Americans Act funding locally, the Area Agency on Aging maintains a strong voice in the community on senior issues. Examples of the Area Agency on Aging's effective advocacy includes:

- Convening community partners to create a Countywide Coalition: Opening Doors for Lesbian, Gay, Bisexual, Transgender, and Intersex (LGBTQI) Older adults in Sonoma County Coalition for improved interagency connections to better serve the LGBTQI community.
- Creating AAA Housing Committee to evaluate housing options for older adults, create short, medium, and long-term recommendations to inform policy makers and stakeholders on increasing available, appropriate, housing for older adults.
- AAA Advisory Council members and AAA staff join County of Sonoma Initiatives including Aging Together and Age Friendly Cities to ensure the inclusion of the needs and contributions of older

adults in every conversation.

Prior Board Actions:

The Sonoma County Board of Supervisors has annually approved the Area Plans and Updates as presented to the Board by the Area Agency on Aging at the following meetings:

- May 16, 2017, the Board approved the 2017/18 Area Plan Update
- May 24, 2016, the Board approved the Area Agency on Aging Four-Year Area Plan 2016-2020
- May 12, 2015, the Board approved the 2015/16 Area Plan Update
- May 20, 2014, the Board approved the 2014/15 Area Plan Update
- May 14, 2013, the Board approved the 2013/14 Area Plan Update
- May 15, 2012, the Board approved the Area Agency on Aging Four-Year Area Plan 2012-2016

Strategic Plan Alignment Goal 1: Safe, Healthy, and Caring Community

The Area Agency on Aging Area Plan Update includes goals and objectives to help improve the lives of older adults in Sonoma County.

Title: An Ordinance No. 3836R Permit and Permit Extensions to Sonoma County Water Agency;
ROI18-0003

Recommended Actions:

Adopt a resolution issuing a roiling permit (Ordinance No. 3836R) and necessary permit extensions to Sonoma County Water Agency for in-channel work and Annual Stream Maintenance Activities.

Executive Summary:

Section VIII of Ordinance No. 3836R requires that an application for a permit be filed with the Board of Supervisors prior to the performance of certain prescribed work or operations in a river, stream, or channel which may decrease the clarity of these waterways.

Concurrent Resolution No. 88-1220 of the Board of Supervisors requires that applications for permits describe the work or operations to be done, the purpose of the work or operations, the manner in which the work or operations will be carried out, and the time within which the work or operations will be completed. Pursuant to the Resolution, applications must be accompanied by a copy of the agreement required by Section 1601 et seq. of the California Fish and Wildlife Code and water discharge permits applicable to the work or operations, if any, pursuant to the Porter-Cologne Water Quality Control Act. Applications by public agencies must also be accompanied by evidence of compliance with the California Environmental Quality Act.

The application submitted by the Sonoma County Water Agency complies with the requirements of the 3836R Ordinance. The applicant represents that no significant residual impacts affecting water clarity of the rivers or streams of the County of Sonoma will result. The applicant proposes to perform routine maintenance in various channels. Lower bank vegetation management work outside the flow channel may be performed through 15 November 2018. Emergency removal of dead wood and debris piles threatening a bridge or other structure may be performed at any time during the year. The work is proposed to commence no earlier than 15 May 2018 and be completed by 31 December 2018.

It should be noted that the work described in the application has been performed in accordance with permit requirements in the past years. As described in the application and demonstrated in practice in previous permitting periods, the work will likely require greater than 30 days to complete. To accomplish this, the permit may be extended for additional 30-day periods if such permit period extensions are approved by the Board of Supervisors as requested in this agenda item. The Director of the Permit and Resource Management Department shall confirm the need for each permit extension immediately prior to the expiration of the current permit period to ensure that the work is not yet completed and an additional 30-day period extension is necessary. Seven 30-day extensions may be required.

The 3836R permit and 30-day extensions require a 4/5 approval vote by the Board according to the requirements of the 1988 ballot measure creating the 3836R Ordinance.

Discussion:

Prior Board Actions:

2/21/2017: Board adopted Resolution Number 17-0085 issuing permit and permit extensions to Sonoma County Water Agency for Annual Stream Maintenance Activities.

Strategic Plan Alignment Goal 2: Economic and Environmental Stewardship

This permit allows maintenance of many channels the Water Agency is responsible for, to keep them functioning properly. Maintenance activities include the following: landscaping, fencing, mowing, structure maintenance, grading and reshaping channels, debris removal, and spraying of herbicides to inhibit nuisance vegetation.

**Resolution Of The Board Of Supervisors Of The County Of Sonoma, State Of California, Issuing
 A Permit and Permit Extensions Pursuant to Section VIII of Ordinance No. 3836R Of The
 County Of Sonoma To Sonoma County Water Agency To Perform Routine Maintenance Work
 In Various Channels.**

Whereas, Section VIII of Ordinance No. 3836R requires that an application for a permit be filed with the Board of Supervisors prior to the performance of certain prescribed work or operations in a river, stream, or channel which may decrease the clarity of a river or stream; and

Whereas, an application was filed by Russian River Recreation and Park District for an Ordinance No. 3836 permit for routine maintenance work in various rivers, streams, and channels at the Permit and Resource Management Department in the manner prescribed by Resolution No. 88-1220 as amended by Resolution No 89-0746 of the Board of Supervisors; and

Whereas, the Board of Supervisors has reviewed said application; and

Whereas, the work requires greater than 30 days to complete, as described in the application and as demonstrated in past years; and

Whereas, the requirements of section VIII of the Sonoma County Code include a restriction to perform permitted activities within a period of 30 days, except that additional 30-day permit periods may be granted by the Board of Supervisors, and a requirement that all approval votes be by a 4/5th majority of the Board of Supervisors

Now, Therefore, Be It Resolved

That the Board of Supervisors finds and determines that the work and operations described on said application is necessary and that the work and operations will be performed in a manner which will not unreasonably decrease the clarity of the waters of the rivers or streams of the County of Sonoma;

2. That a permit is hereby granted to applicant to perform the work and operations described in the aforementioned application;
3. That permit extensions are hereby granted to the applicant to perform the work described herein for additional 30-day periods commencing on June 14, 2018 subject to the Director of PRMD confirming the need for the permit extension immediately prior to the expiration of the permit period;
4. That the work and operations shall be performed in the manner described in the application and in accordance with the terms and conditions of any applicable agreement required by Section 1601 et seq. of the California Fish and Wildlife Code, any applicable waste discharge permit issued pursuant to the Porter-Cologne Water Quality Control Act (commencing at Section 13000 of the California Water Code), and Chapter 26A of the Sonoma County Code and any plans adopted pursuant thereto;

General Information

Work cannot start until after the Sonoma County Board of Supervisors has approved the application for a Roiling Permit.

Ordinance No. 3836R is an initiative measure adopted by the electorate of Sonoma County on June 7, 1988. The Ordinance requires that a roiling permit be issued prior to performing the types of work described on the application form. The permit can only be issued upon a four-fifths vote of the Sonoma County Board of Supervisors and only for a maximum period of 30 days. Permits may be extended for additional 30 day periods upon an additional four-fifths vote of the Board of Supervisors. The Board designated the Permit and Resource Management Department (PRMD) as the administering agency of this Ordinance.

Permit applications are filed at PRMD, 2550 Ventura Avenue, Santa Rosa, California 95403, by mail or in person. Roiling permits are subject to CEQA. Applications by other than public agencies must be accompanied by evidence that the proposed work or operations have been submitted for review to the Permit and Resource Management Department pursuant to Article III of Chapter 23A of the Sonoma County Code. Such applications shall not be deemed completed until such environmental review has been completed. Applications by departments of the County of Sonoma must be accompanied by evidence of compliance with Article II of Chapter 23A of the Sonoma County Code. Applications by other public agencies must be accompanied by either a Notice of Determination or a Notice of Exemption filed by such public agency pursuant to the California Environmental Quality Act (CEQA).

Because the ordinance requires each permit to be authorized by a four-fifths vote of the Board of Supervisors, the issuance of a permit requires at least two weeks after compliance with CEQA requirements have been demonstrated (but cannot occur until the Board takes action at a regularly scheduled Board meeting).

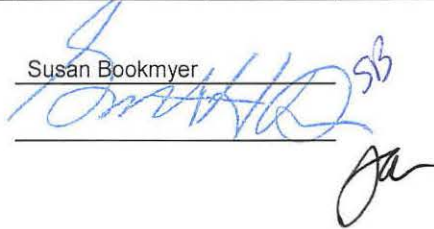

The categories of work described on the application form may require an Agreement Regarding Proposed Stream or Lake Alteration with the California Department of Fish and Game pursuant to Section 1601 et seq. of the California Fish and Game Code and waste discharge requirements issued by a Regional Water Quality Control Board pursuant to the Porter-Cologne Water Quality Control Act (commencing at Section 13000 of the California Water Code). The work may also require a permit issued by the United States Army Corps of Engineers pursuant to Section 404 of the Federal Clean Water Act. In addition, the work may be subject to other Federal, State, and local governmental regulations. It is the applicant's responsibility to comply with all applicable laws and regulations.

Sonoma County Water Agency Stream Maintenance Activities for DRN-003 application 2018

The Water Agency owns, or has easements to maintain hydraulic capacity, on approximately 75 miles of engineered flood control channels. The channels are primarily located in the vicinity of Santa Rosa, Rohnert Park, Cotati, Petaluma, and Sonoma. The Water Agency also has responsibilities to maintain hydraulic capacity over approximately 100 miles of modified or natural channels in the County.

The Water Agency stream maintenance activities support a proactive regional approach to flood protection and stream and wildlife habitat restoration. Planned stream maintenance activities for the 2017 season includes:

A. Sediment Management

Sediment management refers to the removal of excess sediment from and along flood channels. Sediment management activities are generally conducted from June 15th to October 15th when streams are typically at their driest. The number of sediment removal projects undertaken and the quantity of sediment removed in a given year depend on the frequency and extent of past maintenance activities, as well as weather and hydrologic conditions during recent years. The Water Agency's preferred approach for sediment removal projects is to use the least environmentally damaging approach that is reasonable, not prohibitive in cost, and time-efficient.

B. Bank Stabilization

The Water Agency performs repairs of eroding banks as a routine maintenance within the engineered channels where it has maintenance authority. Bank stabilization involves the repair and stabilization of eroded or eroding stream or reservoir banks. Destabilized banks that are not repaired will continue to erode and shed sediment into the channel.

The Water Agency's approach for stabilizing banks includes minimizing hardscape by back-filling with soil, installing erosion control fabric, seeding with grasses and planting of native riparian trees to provide additional bank stability and increase canopy in the channel.

C. Vegetation Management

The degree of vegetation management performed depends on local reach conditions, neighboring land uses, and existing channel conveyance capacity. Vegetation management activities include: willow pruning and removal; blackberry removal; cattail removal; ludwigia removal; tree pruning and removal; exotics removal; mowing; and nursery stock tree planting. Vegetation management activities are overseen by a biologist, certified arborist, or other qualified personnel.

D. Habitat Restoration/Enhancement

The Water Agency's approach for habitat restoration/enhancement activities can include construction of habitat features; installation of plantings; and vegetation management (as described above). The Water Agency's approach is to improve habitat in the creeks and channels in the County.

The above activities are completed with the goal of transitioning the streams into waterways that not only provide flood protection, but also provide good riparian habitat and water quality. The goal is a mature riparian canopy with alders, maples, and other trees that grow tall and stretch their branches over the creek. Over the long-term, the establishment of a mature riparian canopy is expected to reduce the level of routine maintenance that is required. This will be completed over several years by selectively thinning and brush and multi-trunk tree species and planting single-trunk, canopy forming trees on stream banks.

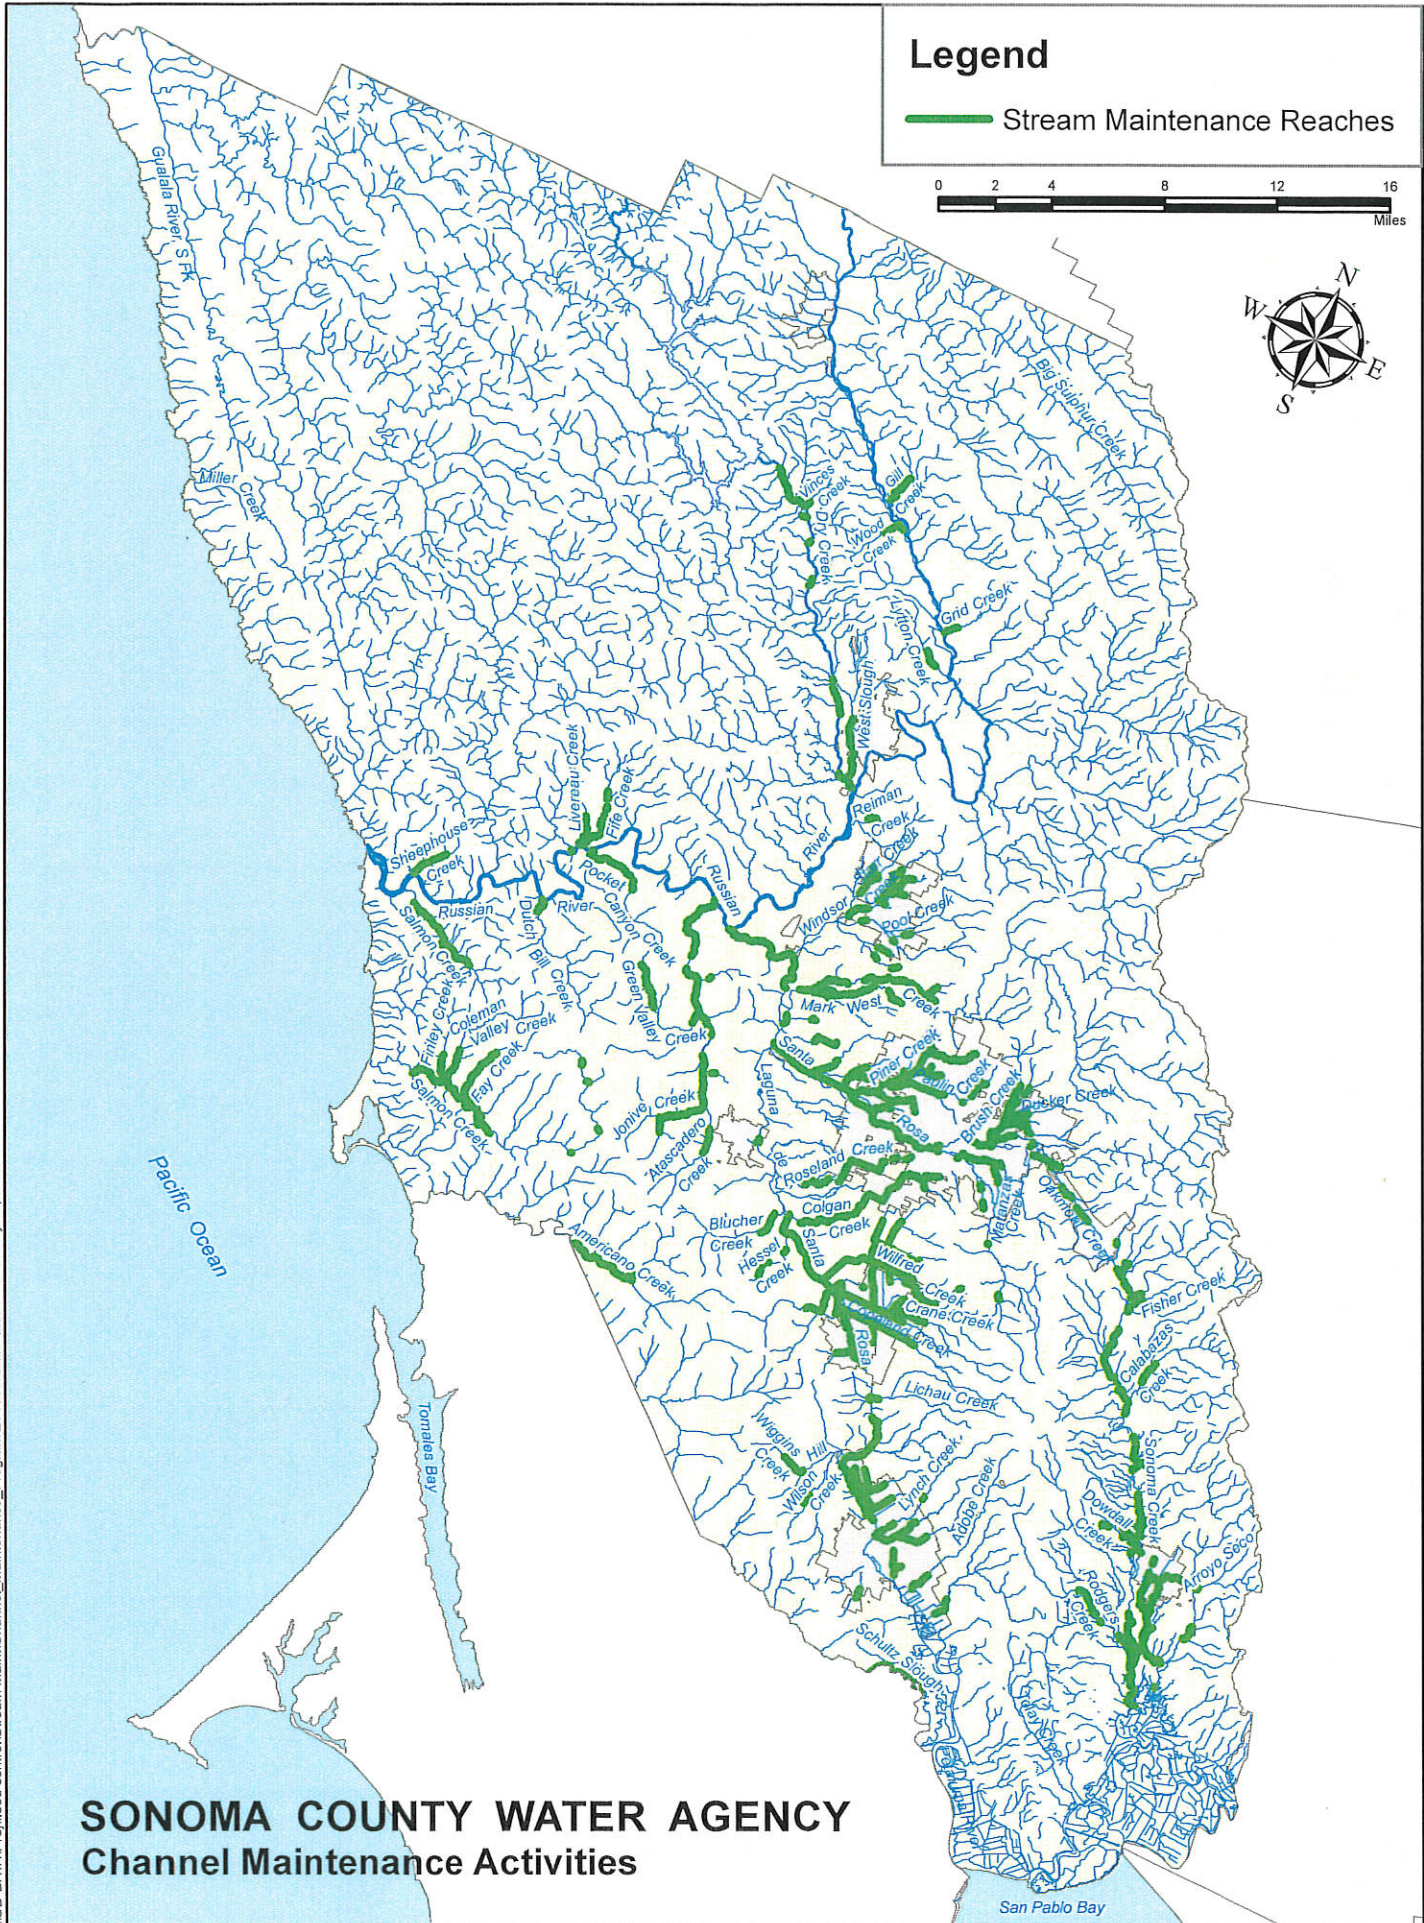

E. Other Maintenance Activities include:

- Access Road Maintenance
- V-Ditch Maintenance
- Culvert Repair and Installation
- Debris Removal
- Fence Maintenance
- Graffiti Removal

Maintenance work conducted in modified and natural channels is conducted on an as needed basis and usually occurs as a result of notification of a problem by an adjacent landowner or public entity. In general, this type of work is performed relatively infrequently (15–20 times each year). The most common type of work conducted in these channels is the removal of blackberry thickets or fallen trees that significantly increase the potential for flood damage to structures. Trash or vegetation debris may also cause a blockage and require removal. Periodically, sediment removal may be required in engineered portions of modified channels (culverts).

Title: An Ordinance No. 3836R Permit and Permit Extensions to Russian River Recreation and Park District; ROI18-0002

Recommended Actions:

Adopt a resolution issuing a roiling permit (Ordinance No. 3836R) and necessary permit extensions to Russian River Recreation and Park District for the recreation dam installation, maintenance, and removal at Johnson's and Vacation Beaches (Russian River).

Executive Summary:

Sonoma County requires that an application for a permit, known as a roiling permit, be filed with the Board of Supervisors prior to work or operations in a river, stream, or channel which may decrease the clarity of these waterways. The recommended resolution will issue a roiling permit to the Russian River Recreation and Park District for summer flash board installation at Johnson's and Vacation Beaches between 15 May and 15 October 2018. Permit and permit extensions for work within a channel or stream must be approved by the Board of Supervisors.

Discussion:

In May of each year, after winter flood waters have subsided, two flash board dams are installed. One just downstream from Johnson's Beach Resort, and the other, several miles downstream, at the Vacation Beach Sumer Crossing. These dams form two lakes which provide public recreation opportunities. Fish ladders are installed at both locations to facilitate fish passage.

Section VIII of Ordinance No. 3836R requires that an application for a permit be filed with the Board of Supervisors prior to the performance of certain prescribed work or operations in a river, stream, or channel which may decrease the clarity of these waterways.

Concurrent Resolution No. 88-1220 of the Board of Supervisors requires that applications for permits describe the work or operations to be done, the purpose of the work or operations, the manner in which the work or operations will be carried out, and the time within which the work or operations will be

completed. Pursuant to the Resolution, applications must be accompanied by a copy of the agreement required by Section 1601 et seq. of the California Fish and Wildlife Code and water discharge permits applicable to the work or operations, if any, pursuant to the Porter-Cologne Water Quality Control Act. Applications by public agencies must also be accompanied by evidence of compliance with the California Environmental Quality Act.

The application submitted by Russian River Recreation and Park District complies with the requirements of the 3836R Ordinance. The applicant represents that no significant residual impacts affecting water clarity of the Russian River will result. The applicant proposes to install and remove recreational dams at Johnson's and Vacation Beaches on the Russian River. The work is proposed to commence no earlier than 15 May 2018 and is scheduled to be completed by 15 October 2018.

It should be noted that the work described in the application has been performed in accordance with permit requirements in the past years. As described in the application and demonstrated in practice in previous permitting periods, the work will likely require greater than 30 days to complete. To accomplish this, the permit may be extended for additional 30-day periods if such permit period extensions are approved by the Board of Supervisors as requested in this agenda item. The Director of the Permit and Resource Management Department shall confirm the need for each permit extension immediately prior to the expiration of the current permit period to ensure that the work is not yet completed and an additional 30-day period extension is necessary. Five 30-day extensions may be required.

The 3836R permit and 30-day extensions require a 4/5 approval vote by the Board according to the requirements of the 1988 ballot measure creating the 3836R Ordinance.

Prior Board Actions:

5/9/17: Board adopted Resolution Number 17-0188 issuing permit and permit extensions to Russian River Recreation and Park District for beach grooming and installation and removal of summer dams.

Strategic Plan Alignment Goal 2: Economic and Environmental Stewardship

The permit will allow the Russian River Recreation and Park District to properly maintain the beaches, and the flashboard dams at Johnson's and Vacation Beaches on the Russian River promoting safe public summer recreation.

Resolution Of The Board Of Supervisors Of The County Of Sonoma, State Of California, Issuing A Permit and Permit Extensions Pursuant to Section VIII of Ordinance No. 3836R Of The County Of Sonoma To Russian River Recreation And Park District For The Recreation Dam Installation, Maintenance, And Removal At Johnson's And Vacation Beaches.

Whereas, Section VIII of Ordinance No. 3836R requires that an application for a permit be filed with the Board of Supervisors prior to the performance of certain prescribed work or operations in a river, stream, or channel which may decrease the clarity of a river or stream; and

Whereas, an application was filed by Russian River Recreation and Park District for an Ordinance No. 3836 permit for recreation dam installation, maintenance, and removal on the Russian River, at the Permit and Resource Management Department in the manner prescribed by Resolution No. 88-1220 as amended by Resolution No 89-0746 of the Board of Supervisors; and

Whereas, the Board of Supervisors has reviewed said application; and

Whereas, the work requires greater than 30 days to complete, as described in the application and as demonstrated in past years; and

Whereas, the requirements of section VIII of the Sonoma County Code include a restriction to perform permitted activities within a period of 30 days, except that additional 30-day permit periods may be granted by the Board of Supervisors, and a requirement that all approval votes be by a 4/5th majority of the Board of Supervisors

Now, Therefore, Be It Resolved

1. That the Board of Supervisors finds and determines that the work and operations described on said application is necessary and that the work and operations will be performed in a manner which will not unreasonably decrease the clarity of the waters of the rivers or streams of the County of Sonoma;

2. That a permit is hereby granted to applicant to perform the work and operations described in the aforementioned application;

3. That permit extensions are hereby granted to the applicant to perform the work described herein for additional 30-day periods commencing on June 14, 2017 subject to the Director of PRMD confirming the need for the permit extension immediately prior to the expiration of the permit period;

4. That the work and operations shall be performed in the manner described in the application and in accordance with the terms and conditions of any applicable agreement required by Section 1601 et seq. of the California Fish and Wildlife Code, any applicable waste discharge permit issued pursuant to the Porter-Cologne Water Quality Control Act (commencing at Section 13000 of the California Water Code), and Chapter 26A of the Sonoma County Code and any plans adopted pursuant thereto;

Be It Further Resolved that the permit is hereby granted to the applicant pursuant to Section 25526.6 of the Government Code.

General Information

Work cannot start until after the Sonoma County Board of Supervisors has approved the application for a Rolling Permit.

Ordinance No. 3836R is an initiative measure adopted by the electorate of Sonoma County on June 7, 1988. The Ordinance requires that a rolling permit be issued prior to performing the types of work described on the application form. The permit can only be issued upon a four-fifths vote of the Sonoma County Board of Supervisors and only for a maximum period of 30 days. Permits may be extended for additional 30 day periods upon an additional four-fifths vote of the Board of Supervisors. The Board designated the Permit and Resource Management Department (PRMD) as the administering agency of this Ordinance.

Permit applications are filed at PRMD, 2550 Ventura Avenue, Santa Rosa, California 95403, by mail or in person. Rolling permits are subject to CEQA. Applications by other than public agencies must be accompanied by evidence that the proposed work or operations have been submitted for review to the Permit and Resource Management Department pursuant to Article III of Chapter 23A of the Sonoma County Code. Such applications shall not be deemed completed until such environmental review has been completed. Applications by departments of the County of Sonoma must be accompanied by evidence of compliance with Article II of Chapter 23A of the Sonoma County Code. Applications by other public agencies must be accompanied by either a Notice of Determination or a Notice of Exemption filed by such public agency pursuant to the California Environmental Quality Act (CEQA).

Because the ordinance requires each permit to be authorized by a four-fifths vote of the Board of Supervisors, the issuance of a permit requires at least two weeks after compliance with CEQA requirements have been demonstrated (but cannot occur until the Board takes action at a regularly scheduled Board meeting).

The categories of work described on the application form may require an Agreement Regarding Proposed Stream or Lake Alteration with the California Department of Fish and Game pursuant to Section 1601 et seq. of the California Fish and Game Code and waste discharge requirements issued by a Regional Water Quality Control Board pursuant to the Porter-Cologne Water Quality Control Act (commencing at Section 13000 of the California Water Code). The work may also require a permit issued by the United States Army Corps of Engineers pursuant to Section 404 of the Federal Clean Water Act. In addition, the work may be subject to other Federal, State, and local governmental regulations. It is the applicant's responsibility to comply with all applicable laws and regulations.

**RUSSIAN RIVER RECREATION & PARK DISTRICT
STREAMBED ALTERATION PERMIT
PROJECT DESCRIPTION AND PROJECT CONDITIONS**

HISTORY: In excess of the past fifty years the summer flash boards located downstream from Johnson's Beach Resort and at Vacation Beach summer crossing have been installed by the Russian River Recreation and Park District. Fish ladders are installed at both locations to facilitate fish passage. Installation has occurred after May 15th with removal by October 15th of each year.

PERIOD OF OPERATION: A one year permit is requested with the work period between 5/15/2018 and 10/15/2018.

PROJECT OUTLINE AND WORK METHODS: In May of each year, after winter flood waters have subsided, two flash board dams are installed. One just downstream from Johnson's Beach Resort, and the other, several miles downstream at the Vacation Beach Summer Crossing. The boards are placed into existing channel structures after debris from the channels and bottom sills are removed. Installation is done by hand. Heavy equipment is not used in the river channel or flowing waters. A winch cable from a dry land vehicle may be used to pull debris away from the channel uprights. All removed debris is moved off site to a disposal area. Fish ladders are installed to facilitate fish passage.

Title: Lot Line Adjustment, Jackson Family Investments III, LLC; LLA17-0015

Recommended Actions:

Adopt a Resolution approving a Lot Line Adjustment between two parcels subject to Conditions of Approval and a Land Conservation Act Contract for property located at 3225 Bloomfield Road, Twin Hills; APN 025-100-007.

Executive Summary:

Staff has determined that the adjusted parcels would be consistent with the County's Uniform Rules for Agricultural Preserves and the Land Conservation Act and recommends approval of the Lot Line Adjustment, resulting in two parcels 140 acres and 350 acres in size. Lot Line Adjustments on lands under a Land Conservation Contract require that the Board of Supervisors make certain findings of consistency with the Land Conservation Act requirements. The adjusted parcels meet all of the required findings and will enhance the agricultural operations as noted in the attached resolution.

Discussion:

Project Description:

This is a request for a Lot Line Adjustment between two parcels (see Attachment D). The legal parcels are under one Assessor Parcel Number for property tax purposes. The current lot sizes are: 158.95+/- acres (Lot A) and 331.48+/- acres (Lot B). The Lot Line Adjustment will result in two parcels 140+/- acres (Lot A) and 350+/- acres (Lot B). The Lot Line Adjustment is being requested to improve management of both sites and include the residence on the larger parcel.

Project Location and Zoning:

The affected parcels are located approximately 2.5 miles northeast of the unincorporated town of Bloomfield on Bloomfield Road.

Lot A currently has a single family dwelling, three barns, a well and pump house, an irrigation pond, and is planted in 64 acres of vineyard. Lot B currently has two irrigation ponds, two wells, and is planted in

196 acres of vineyard. After the lot line adjustment, resulting Lot A will contain an irrigation pond and 82 acres of vineyard. Resulting Lot B will contain the dwelling, barns, wells, two irrigation ponds, and 178 acres of vineyard.

In 1996, the County formerly recognized the Lots as separate legal parcels under file number ACC96-0185 and ACC96-0186. Both Lots are zoned LEA (Land Extensive Agriculture) 160-acres/dwelling unit density, and have the Z (Accessory Unit Exclusion), RC 50/50 (Riparian Corridor with 50-foot setbacks for residential and agricultural uses), and RC 100/50 (Riparian Corridor 100-foot setback for residential uses and 50-foot setback for agricultural uses) combining districts.

Land Conservation Act:

State regulations for Land Conservation Contracts and the *Sonoma County Uniform Rules for Agricultural Preserves and Farmland Security Zones* (Uniform Rules) require that the amount of land under contract after a Lot Line Adjustment remain the same as it was before the Lot Line Adjustment and that the adjusted parcels continue to meet all the requirements for a contract. The Lot Line Adjustment will not result in a reduction of land under contract and each parcel individually meets the requirements for a contract as both lots will continue to be devoted to agriculture with at least 50% of each parcel planted in vineyard. Staff has determined the Lot Line Adjustment can meet all of the required findings as described in the attached Resolution.

Both lots are currently under the same Non-Prime (Type II) Land Conservation Act Contract. To facilitate a Lot Line Adjustment, Government Code Section 51257 permits the contracting parties to rescind the existing contract and simultaneously enter into new contracts if the required findings can be made. A condition of approval requires that prior to recording the grant deeds for the adjusted parcels, the owner apply to rescind the existing Land Conservation Act contract and replace it with new contracts for the reconfigured parcels in accordance with the Uniform Rules. To reflect the current agricultural use of each parcel, the replacement contracts will be updated to Prime (Type I) Land Conservation Act Contracts.

Staff Recommendation:

Staff recommends the Board find the project consistent with Government Code Section 51257 and approve the proposed Lot Line Adjustment subject to the attached Conditions of Approval.

Prior Board Actions:

None.

Strategic Plan Alignment Goal 2: Economic and Environmental Stewardship

The Board of Supervisors has endorsed the continuation of the County’s agricultural preserve program to preserve a maximum amount of the limited supply of agricultural, open space, scenic, and critical habitat lands within the county, to discourage premature and unnecessary conversion of such lands to urban land uses, to promote vitality in the agricultural economy, and to ensure an adequate, varied, and healthy supply of food and fiber for current and future generations. Land Conservation Act Contracts support agriculture and agribusiness by assisting in the preservation of agricultural land through the incentive of reduced property taxes in exchange for retaining the land in agricultural production.

4/5 Vote Required

Resolution Of The Board Of Supervisors Of The County Of Sonoma, State Of California, Approving A Lot Line Adjustment Between Two Parcels Of 158.95 +/- Acres And 331.48 +/- Acres, Resulting In Two Parcels Of 140 +/- Acres And 350 +/- Acres With Conditions Of Approval Requiring That The Existing Land Conservation (Williamson) Act Contract Be Rescinded And Replaced With New Contracts Requested By Jackson Family Investments III, LLC Located at 3225 Bloomfield Road, Twin Hills; APN 025-100-007.

Whereas, a request has been made by Jackson Family Investments III, LLC for a Lot Line Adjustment between two parcels of 158.95 +/- and 331.48 +/- acres in size resulting in two parcels of 140 +/- and 350 +/- acres in size both under Land Conservation Contracts on non-prime agricultural land located at 3225 Bloomfield Road, Twin Hills; APN 025-100-007; zoned LEA (Land Extensive Agriculture) 160 acres/dwelling unit, Z (Accessory Dwelling Unit Exclusion), RC 50/50 (Riparian Corridor 50 foot setback for residential and agricultural uses), RC100/50 (100-foot setback for residential uses and 50-foot setback for agricultural uses); Supervisorial District No. 2; and

Whereas, to facilitate a Lot Line Adjustment, Government Code Section 51257 authorizes parties to a Land Conservation Act Contract or Contracts to mutually agree to rescind the Contract or Contracts and simultaneously enter into a new Contract or Contracts, if certain findings are made by the Board of Supervisors; and

Whereas, on December 13, 2011, the Board of Supervisors adopted the updated *Sonoma County Uniform Rules for Agricultural Preserves and Farmland Security Zones* (Uniform Rules) (Resolution No. 11-0678); and

Whereas, consistent with the Uniform Rules the Lot Line Adjustment has been reviewed for its compliance with those rules as well as the Subdivision Map Act and the Sonoma County Subdivision Ordinance; and

Whereas, in accordance with the provisions of the law, the Board of Supervisors held a public hearing on May 8, 2018, at which time all interested persons were given an opportunity to be heard; and

Whereas, Section 15305(a) of Title 14 of the California Code of Regulations (CEQA Guidelines) provides that Lot Line Adjustments are exempt from the California Environmental Quality Act; and

Whereas, the purpose of the Lot Line Adjustment is to adjust property lines to improve management of both sites and include the residence on the larger parcel. Both lots are subject to Non-Prime Land Conservation Act Contracts; and

Whereas, Government Code Section 51257 requires that the Board of Supervisors make certain findings before existing Land Conservation Act Contracts may be rescinded and replaced to facilitate a Lot Line Adjustment.

Now, Therefore, Be It Resolved that the Board of Supervisors makes the following findings consistent with Government Code Section 51257:

- a. The new contracts will enforce and restrict the adjusted boundaries of the contracted parcels for an initial term for at least as long as the unexpired term of the rescinded contracts but for not less than 10 years.
- b. There is no net decrease in the amount of the acreage restricted by a contract. Both parcels are currently under contract and both of the parcels resulting from the Lot Line Adjustment will be under contracts.
- c. All of the land under contract will remain under contract.
- d. At least 50 percent of each resulting parcel is in agricultural use, as Lot A is 140+/- acres in size and contains 82 acres of vineyard, which is approximately 58.5 percent of the parcel; and Lot B is 350+/- acres in size and contains 178 acres of vineyard, which is approximately 50.8 percent of the parcel.
- e. The replacement contracts will be updated to Prime (Type I) Land Conservation Act Contracts to reflect the current agricultural use of each parcel.
- f. After the Lot Line Adjustment, the parcels of land subject to contract will be large enough to sustain their agricultural use, as defined in Section 51222. The lots resulting from the Lot Line Adjustment will be 140 +/- acres and 350 +/- acres. The resulting 140 acre and 350 acre parcels will exceed the 10-acre minimum acreage requirement for Prime contracts and will exceed the minimum gross income requirement of \$1,000 per planted acre per year, as the parcels currently generate an annual average income of \$3,508.00 per planted acre of vineyard. All of the structures and landscaped areas are compatible uses and will be located on the 350 acre resulting parcel. The area occupied by compatible uses is approximately 0.23 acres which is less than the

5 acre maximum established for compatible uses in the Uniform Rules.

- g. The Lot Line Adjustment would not compromise the long term agricultural productivity of the parcel or other agricultural lands subject to the contract or contracts. The Lot Line Adjustment is being undertaken in order to improve features and management of the parcels. The Lot Line Adjustment will not compromise other agricultural lands in the area under contract.
- h. The Lot Line Adjustment will not result in adjacent lands being removed from agriculture.
- i. The Lot Line Adjustment does not result in a greater number of developable parcels than existed prior to the adjustment, or an adjusted lot that is inconsistent with the General Plan. In the current configuration and at the designated density of 160 acres per dwelling unit, the 158.95 +/- acre parcel cannot be divided and the 331.48 +/- acre parcel could potentially be divided into two parcels. After the Lot Line Adjustment there will be one parcel of 140 +/- acres which will not be able to be divided and one parcel of 350 +/- acres that could potentially be divided into two parcels. Therefore, the Lot Line Adjustment results in the same number of developable parcels that existed prior to the adjustment. The Lot Line Adjustment is consistent with the General Plan.

Be It Further Resolved that the Board of Supervisors hereby finds that substantial evidence in the record before it supports the above findings, and further finds that the Lot Line Adjustment meets the requirements of the above findings.

Be It Further Resolved that the Board of Supervisors finds the requested action categorically exempt from the California Environmental Quality Act pursuant to Section 15305, of the State CEQA Guidelines, which provides that minor alterations in land use limitations such as Lot Line Adjustments are exempt from the California Environmental Quality Act.

Be It Further Resolved that the Board of Supervisors hereby grants the requested Lot Line Adjustment subject to the Conditions of Approval in Exhibit "A," attached hereto which includes a condition to rescind and replace the existing Non-Prime (Type II) Land Conservation Act Contract with two new Prime (Type I) Land Conservation Contracts based on the new parcel configurations and the current agricultural use of each parcel.

Be It Further Resolved that the Board of Supervisors designates the Clerk of the Board as the custodian of the documents and other material which constitute the record of proceedings upon which the decision herein is based, including the original executed Contract and Land Conservation Plan. Project Description: This is a request for a Lot Line Adjustment among two parcels, 158.95 +/- acres (Lot A) and 331.38 +/- acres (Lot B), resulting in two parcels, 140.32 +/- acres (Lot A) and 349.86 +/- acres (Lot B) in size. The Lot Line Adjustment is being requested to improve management of both sites and include the residence on the larger parcel.

NOTE: Amendments and changes to approved Lot Line Adjustment conditions may be considered by the Board of Supervisors at a later date if additional information justifies the changes and does not increase the intensity of use approved by the original approval. The Director of Permit Sonoma will determine if a public hearing is necessary and if additional fees are required.

NOTE: These conditions must be met and the application validated within 24 months (from May 8, 2018) unless a request for an extension of time is received before the expiration date.

To be Reviewed and Approved by the County Surveyor:

"The conditions below have been satisfied BY _____ DATE _____

1. A draft description, prepared by a licensed land surveyor or civil engineer authorized to practice land surveying, showing the combination of lots or transfer of property shall be submitted to the County Surveyor for approval. The following note shall be placed on the deed or deeds. "The purpose of this deed is for a reconfiguration of the lands of Jackson Family Investments III, LLC, a Delaware Limited Liability Company, as described by recorded Document No. 1996-0113751 and 1996-0113752, Sonoma County Records, APN 025-100-007, ACC96-0185 and ACC96-0186. This deed is pursuant to LLA17-0015 on file in the office of the Sonoma County Permit and Resource Management Department. It is the express intent of the signatory hereto that the recordation of this deed extinguishes any underlying parcels or portions of parcels." It is the responsibility of the surveyor/engineer preparing the deeds to insure that the information contained within the combination note is correct. Note: The County Surveyor may modify the above described note.
2. A site plan map of the Lot Line Adjustment shall be prepared by a licensed surveyor or civil engineer and attached to the deed(s) to be recorded. The site plan shall be subject to the review and approval of the County Surveyor. The following note shall be placed on said plan:

"THIS EXHIBIT IS FOR GRAPHIC PURPOSES ONLY. Any errors or omissions on this exhibit shall not affect the deed description."

3. Submit verification to Planning that taxes and/or assessments, which are a lien and termed as payable, are paid to the Treasurer-Tax Collector's Department on all parcels affected by the adjustment. The Treasurer-Tax Collector knows the amount of the tax due.
4. Prior to Permit Sonoma stamping the grant deed(s) for the Lot Line Adjustment the property owner(s) shall execute a Right-to-Farm Declaration on a form provided by Permit Sonoma to be submitted before the Lot Line Adjustment is cleared by Permit Sonoma for recordation. The Right-to-Farm Declaration shall be recorded concurrently with the Permit and Resource Management Department approved Lot Line Adjustment grant deed(s) to reflect the newly configured parcels.
5. Prior to Permit Sonoma stamping the grant deed(s) for the Lot Line Adjustment, the property owners shall submit all application materials and applicable filing fees to rescind and replace the existing Non-Prime Land Conservation Act Contract with two new Prime Land Conservation Contracts, one for each resulting parcel. Once the Lot Line Adjustment grant deeds are recorded, Permit Sonoma can proceed with processing the new contracts.
6. After approval of the deed description by the County Surveyor, a grant deed or deeds shall be prepared with all attachments such as the Site Plan listed in Condition #2 above.
7. Deed of Trust agreements, which encumber only portions of accepted legal lots, are violations of the Subdivision Map Act; therefore, prior to the Permit Sonoma approval of the deeds for recordation, the applicant(s) shall submit either recorded documents or documents to be recorded concurrently with the Lot Line Adjustment deeds, showing that any Deed of Trust agreements on the subject properties will conform with the adjusted lot boundaries.
8. The packet containing all documents to be recorded shall be submitted to Permit Sonoma, Project Review for approval prior to recording. The approval will be noted by the planner placing a stamp on the front of the deeds to be recorded.
9. After approval by Project Review the grant deeds shall be recorded and a copy of the deed or deeds shall be submitted to Permit Sonoma.
10. This "At Cost" entitlement is not vested until all permit processing costs are paid in full. Additionally, no grading or building permits shall be issued until all permit processing costs are paid in full.

Title: Climate Change Action Resolution

Recommended Actions:

Approve and adopt the Climate Change Action Resolution to support a county-wide framework for reducing greenhouse gas emissions and to pursue local actions that support the identified goals therein.

Executive Summary:

The Regional Climate Protection Authority collaborated with a countywide Staff Working Group under the direction of the Regional Climate Protection Authority Board of Directors to develop a document entitled, Climate Action 2020 Plan: A Regional Program for Sonoma County Communities. Climate Action 2020 builds on prior commitments to reduce greenhouse gas emissions through a community-wide climate action plan for all communities in Sonoma County. The Regional Climate Protection Authority developed Climate Action 2020 over the course of several years, with input from all local city councils, the Board of Supervisors, local government staff, expert consultants, community sustainability leaders, and hundreds of members of the public. The Plan proposed that each local government contribute towards a countywide greenhouse gas reduction target of 25% below 1990 levels by 2020. The Regional Climate Protection Authority certified an Environmental Impact Report and adopted the Climate Action Plan in 2016, and was subsequently litigated. The Superior Court found the Environmental Impact Report inadequate and the Regional Climate Protection Authority declined to appeal.

The Climate Action 2020 Plan is not able to be adopted at this time and staff recommends adopting the enclosed Resolution to provide support and policy direction for future efforts related to climate change and greenhouse gas emission reductions.

Discussion:

Action on a worldwide basis is required to address the various adverse impacts of increasing greenhouse gas emissions, which range from rising sea levels, flooding and drought to the increased risk of wildfires, and the destruction of ocean ecosystems through rapid ocean acidification. According to NASA, seventeen of the 18 warmest years in the 136-year record all have occurred since 2001, and the warmest year on record was 2016. In 2017 our planet passed 400 ppm of CO₂ in the atmosphere, up from the low 300s just in 1960. Without

intervention, this trajectory will result in greenhouse gas emission concentrations that existed in the geologic past when palm trees and reptiles were found in the Arctic. The last time the planet had a concentration of 300 to 400 ppm of CO₂, sea levels were at least 15-25 meters higher than present levels, and CO₂ is currently projected to rise far above current concentrations.

The Sonoma County Regional Climate Protection Authority was formed in 2009 to coordinate countywide climate protection efforts among Sonoma County's nine cities and the County of Sonoma. The goal of the Regional Climate Protection Authority is to collaborate with local agencies on setting goals, pooling resources, and formalizing partnerships to create local solutions to complement State, Federal, and private sector actions to reduce emissions of greenhouse gases.

The Regional Climate Protection Authority collaborated with a countywide Staff Working Group under the direction of the Regional Climate Protection Authority Board of Directors to develop a document entitled, *Climate Action 2020 Plan: A Regional Program for Sonoma County Communities*. *Climate Action 2020* builds on prior commitments to reduce greenhouse gas emissions through a community-wide climate action plan for all communities in Sonoma County. The Regional Climate Protection Authority developed *Climate Action 2020* over the course of several years, with input from all local city councils, the Board of Supervisors, local government staff, expert consultants, community sustainability leaders, and hundreds of members of the public. The Plan proposed that each local government contribute towards a countywide greenhouse gas reduction target of 25% below 1990 levels by 2020.

California River Watch filed an unproductive challenge to the Regional Climate Protection Authority's adoption of the plan on the grounds of the inadequacy of the Environmental Impact Report, not because it opposed the measures in the plan, but instead because it opposed using the plan for subsequent CEQA review. Although the Environmental Impact Report utilized standard regional traffic methodologies and the inventory methodologies used by the State of California in setting and explaining statewide targets, a Superior Court judge disagreed with these methodologies and suggested that worldwide travel should be analyzed by local governments. The Regional Climate Protection Authority Board of Directors elected not to appeal due to its own limited funds and because the 2020 goal was incompatible with lengthy litigation. Additional planning actions will be needed in any case to address post-2020 targets.

Although *Climate Action 2020* cannot be used for CEQA processing due to the Superior Court's order, it can still serve as an advisory resource for the Regional Climate Protection Authority's work to coordinate countywide climate protection efforts. The concepts contained in the plan are intended to advance smart land use, resource efficiency, carbon free electricity, fuel switching, and are aligned with the climate action strategies articulated in the State Scoping Plan established to achieve the goals of AB 32 and SB 32. To create more clear direction for Regional Climate Protection Authority staff on an ongoing basis, the Regional Climate Protection Authority Board adopted Resolution No. 2017-003, officially updating greenhouse gas emission reduction targets and policy goals to reduce greenhouse gasses and prepare for local climate impacts. The intent of the resolution is to achieve the same policy impetus behind climate action as would have the *Climate Action 2020* plan, notwithstanding the setback from the lawsuit.

Taking policy action at a city and county level through adoption of the attached resolution is intended to help create countywide consistency and clear guidance about coordinated implementation of the greenhouse gas reduction measures. If adopted, the attached resolution could provide some of the comprehensive policy framework that had been proposed in *Climate Action 2020*. In addition to Regional Climate Protection

Authority Resolution No. 2017-003, a similar resolution has already been adopted by the City of Sebastopol, the City of Sonoma, the City of Cloverdale, and the Town of Windsor. Therefore, it is recommended that the Board of Supervisors of Sonoma County approve the adoption of the Climate Change Action Resolution.

Prior Board Actions:

July 8, 2008 - The Board of Supervisors approved development of Regional Climate Protection Coordination Plan.

September 12, 2006 - The Board of Supervisors approved the Climate Protection Action Plan as the road map to create the reductions immediately below.

September 27, 2005 – The Board of Supervisors, along with all other local jurisdictions in the County, committed to a community-wide goal of a 25 percent reduction in greenhouse gas emissions from our 1990 baseline levels by the year 2015.

August 20, 2002 - The Board of Supervisors approved a Resolution committing the county to participate in the International Council for Local Environmental Initiatives Climate Protection Campaign to set a target to reduce the county's internal operations greenhouse gas emissions by 20% of year 2000 baseline levels to approximately 30,000 tons per year by the year 2010.

Strategic Plan Alignment Goal 2: Economic and Environmental Stewardship

Adoption of the Climate Change Action Resolution serves to support the strategic goal of economic and environmental stewardship by providing county-wide coordinated implementation of greenhouse gas reduction measures. By providing a clear framework, the Climate Change Action Resolution has the potential to direct policy toward providing energy and cost savings, air quality and public health improvements, local job creation, resource conservation, climate resilience, and enhanced equity.

Resolution Of The Board Of Supervisors Of The County Of Sonoma, State Of California, Reaffirming Its Intent To Reduce Greenhouse Gas Emissions As Part Of A Coordinated Effort Through The Sonoma County Regional Climate Protection Authority And To Adopt Local Implementation Measures As Identified In Climate Action Plan 2020 and Beyond

Whereas, climate change is a real and increasingly urgent threat that demands action at every level of government; and

Whereas, actions taken by local governments to reduce greenhouse gas emissions (GHGs) provide multiple benefits by providing energy and cost savings, air quality and public health improvements, local job creation, resource conservation, climate resilience, and enhanced equity; and

Whereas, the State of California has adopted policy targets to reduce GHGs by 40% from 1990 levels by 2030 and by 80% from 1990 levels by 2050; and

Whereas, the Sonoma County General Plan 2020 includes a section on Energy which includes strong policy language related to the reduction of GHGs; and

Whereas, Sonoma County participates in a coordinated, countywide collaboration to address climate change via the Sonoma County Regional Climate Protection Authority (RCPA); and

WHEREAS, the success of the RCPA depends on the participation of and collaboration with all local jurisdictions, and a commitment to pool resources towards common goals; and

WHEREAS, the RCPA has adopted the same GHG reduction targets as the State of California; and

WHEREAS, the RCPA has established twenty goals to reduce GHG emissions and nine goals to prepare for local climate impacts; and

WHEREAS, the RCPA and Sonoma County collaborated through the Climate Action Plan 2020 and Beyond project to develop Measures specific to Sonoma County that will result in the reduction of GHG and result in substantial environmental and community benefits.

Now, Therefore, Be It Resolved that Sonoma County agrees to work towards the RCPA's countywide target to reduce GHG emissions by 40% below 1990 levels by 2030 and 80% below 1990 levels by 2050; and

Be It Further Resolved, that Sonoma County adopts the following goals to reduce GHG emissions, and will pursue local actions that support these goals:

1. Increase building energy efficiency
2. Increase renewable energy use
3. Switch equipment from fossil fuel to electricity
4. Reduce travel demand through focused growth
5. Encourage a shift toward low-carbon transportation options
6. Increase vehicle and equipment fuel efficiency
7. Encourage a shift toward low-carbon fuels in vehicles and equipment
8. Reduce idling
9. Increase solid waste diversion
10. Increase capture and use of methane from landfills
11. Reduce water consumption
12. Increase recycled water and greywater use
13. Increase water and waste-water infrastructure efficiency
14. Increase use of renewable energy in water and wastewater systems
15. Reduce emissions from livestock operations
16. Reduce emissions from fertilizer use
17. Protect and enhance the value of open and working lands
18. Promote sustainable agriculture
19. Increase carbon sequestration
20. Reduce emissions from the consumption of goods and services; and

Be It Further Resolved, that Sonoma County will continue to work to increase the health and resilience of social, natural, and built resources to withstand the impacts of climate change; and

Be It Further Resolved, that Sonoma County has the goal of increasing resilience by pursuing local actions that support the following goals:

1. Promote healthy, safe communities
2. Protect water resources
3. Promote as sustainable, climate-resilient economy
4. Mainstream the use of climate projections

Title: Zone Change to add the Vacation Rental Exclusion (X) Combining Zone to 32 parcels in Glen Ellen; File ZCE17-0008

Recommended Actions:

Adopt an Ordinance rezoning 32 parcels in Glen Ellen on Morningside Mountain Drive, Vigilante Road, and Oso Trail to add the Vacation Rental Exclusion (X) Combining Zone. APNs: Various; see attached list.

Executive Summary:

On April 3, the Board took a straw vote (3-2) to add the Vacation Rental Exclusion (X) Combining Zone to 32 parcels in Glen Ellen on Morningside Mountain Drive, Vigilante Road, and Oso Trail; and continued the item to May 8, 2018 on consent.

Discussion:

The proposed Ordinance has been revised to reflect the Board's straw vote on April 3, 2018 adding the X Combining Zone to 32 parcels in Glen Ellen on Morningside Mountain Drive, Vigilante Road, and Oso Trail, as shown in Exhibit A attached to the Ordinance.

Prior Board Actions:

04/03/2018: The Board took a straw vote to add the Vacation Rental Exclusion (X) Combining Zone to 32 parcels in Glen Ellen on Morningside Mountain Drive, Vigilante Road, and Oso Trail.

05/24/2016: The Board applied the Vacation Rental Exclusion (X) Combining Zone to about 5,469 parcels in the 1st and 4th Districts. Ordinance No. 6168 became effective on June 23, 2016. At this time, the Board indicated that property owners may apply for additional rezonings to add the X Combining Zone.

03/15/2016: The Board adopted Ordinance No. 6145 making changes to the Vacation Rental Code, and adopted Resolution of Intention 16-0085 directing staff to consider application of the Vacation Rental Exclusion (X) Combining Zone to a variety of parcels in the 1st and 4th Districts. Ordinance No. 6145 became effective on April 14, 2016.

Strategic Plan Alignment Goal 1: Safe, Healthy, and Caring Community			
Application of the Vacation Rental Exclusion (X) Combining Zone to 32 parcels on Morningside Mountain Drive, Vigilante Road, and Oso Trail in Glen Ellen will preserve existing housing stock, reduce traffic and fire danger, and improve neighborhood compatibility.

Title: Public Safety Realignment Implementation Plan for Fiscal Year 2018-19

Recommended Actions:

Approve the Community Corrections Partnership's recommended Public Safety Realignment Implementation Plan for Fiscal Year 2018-19. The Plan prioritizes public safety and supports rehabilitative services designed to reduce offenders' future involvement in the criminal justice system.

Executive Summary:

This report presents the Community Corrections Partnership's recommended Public Safety Realignment Implementation Plan for fiscal year 2018-19, describes changes compared to the current year plan, and highlights some recent program successes.

As in past years, this year's Plan funds established programs to supervise and rehabilitate offenders. Different from past years, this year's Plan reduces expenditures within several areas to help bring expenditures in line with revenues. Most programs remaining in the recommended FY 2018-19 budget largely or exclusively serve realigned offenders. An exception—the Pretrial program—primarily serves non-realigned populations but remains in the recommended fiscal year 2018-19 budget as a vital program that reduces incarceration time while protecting public safety. However, the Community Corrections Partnership budget will be unable to sustain pretrial programming in future years. Accordingly, this report recommends an alternate funding solution.

Discussion:

2011 Public Safety Realignment

In response to a federal court order to reduce prison overcrowding, California's Public Safety Realignment Act (Assembly Bill 109) took effect October 1, 2011, and mandated sweeping changes to the criminal justice system by shifting the responsibility for managing select adult offenders from the State to each of the 58 counties. Because of this legislation, the Sonoma County Sheriff's Office and Probation Department now supervise over 500 offenders, comprising 221 inmates and 319 individuals

supervised in the community, who formerly would have been supervised by the California Department of Corrections and Rehabilitation.

State Funding

To assist counties in handling this increased workload, the State provides dedicated funding, with sales taxes providing approximately 90% of funding and vehicle license fees providing the remaining 10%. In earlier years, State revenues exceeded Community Corrections Partnership expenses such that local reserves grew to \$7.4 million in FY 2015-16. Since then, expenses have exceeded revenues due to a change in the State's funding formula, which reduced Sonoma County's share of statewide funding, combined with increasing program expenses. As a result, we expect to fully expend Community Corrections Partnership reserves by FY 2021-22, assuming continuation of the services recommended for FY 2018-19.

FY 2018-19 Community Corrections Partnership Budget

The Community Corrections Partnership's FY 2018-19 budget includes 57.5 full-time equivalent position allocations and \$13,706,066 in funding for the following departments: Sheriff's Office (\$4,922,923), Probation Department (\$6,703,421), Department of Health Services (\$1,039,386), Human Services Department (\$275,185), District Attorney's Office (\$366,637), Public Defender's Office (\$226,314), County Counsel (\$50,000), and Information Systems Department (\$25,000). Departments include their allocations in their respective recommended budgets. The Plan also includes \$97,200 for the Superior Court to provide competency assessments to those awaiting trial. The overall budget reduces expenditures by \$524,000 compared to the approved FY 2017-18 budget.

Consistent with prior years, the FY 2018-19 Plan promotes evidence-based programming and upstream investments by using proven strategies to help offenders successfully complete supervision and reduce future involvement in the justice system. Furthermore, the Plan supports the strategic goals, guiding principles, and recommendations of the *Sonoma County Criminal Justice System Master Plan 2015 Update*.

FY 2018-19 Recommended Budget and Cost Control Update

The Community Corrections Partnership recommends allocating \$13,706,066 for all services, which exceeds expected revenue by \$921,403, thereby reducing reserves from \$4,485,026 to \$3,563,623. This deficit represents a large improvement from last year, when we requested approval for FY 2017-18 expenses that exceeded expected revenues by \$2.6 million. At that time, we described a three-step approach toward future budget stability. Following are the steps and the progress we've made.

Step 1: Initiate no new programs in FY 2017-18 and eliminate existing programs to the extent possible without jeopardizing public safety.

In considering program cuts, the Community Corrections Partnership Executive Committee ranked programs according to the impacts they were expected to have on the AB 109 realigned offender population, using a tiered approach in which Tier 1 programs are those specifically for realigned

offenders; Tier 2 programs assist with the criminal justice system overall, but may not directly or exclusively impact AB 109 offenders; and Tier 3 programs provide ancillary benefits to the criminal justice system. Using this approach, the Executive Committee eliminated three lower-tier programs in FY 2017-18.

Step 2: Hold a series of budget-focused meetings.

The Executive Committee’s budget meetings culminated in a four-hour meeting on February 26, 2018, at which nine programs were reduced or eliminated, totaling over \$900,000 in reductions (Table 1). After accounting for increases in remaining programs related to salary and benefits, the Community Corrections Partnership’s recommended FY 2018-19 budget is \$524,000 less than costs approved in the FY 2017-18 budget. The remaining programs in the recommended FY 2018-19 budget largely or exclusively serve realigned offenders, excepting the Pretrial program discussed below.

Tier Level	Major Program	Department	Program Description	FY 2017-18 CCP Approved	FY 2018-19 CCP Approved	Year-Over-Year Variance
1,2	In-Custody Programming	Health Services	Starting Point SUD Services	\$269,074	\$179,074	(\$90,000)
1,2	Community-Based Programming	Human Services	Business Representative Contract	\$58,000	\$0	(\$58,000)

Total				\$1,661,498	\$749,550	(\$911,948)

Table 1. FY 2018-19 Program Reductions.

Step 3: Pursue alternative funding sources for some programming such as transitional housing and mental health care.

Probation, in partnership with the Community Development Commission and InterFaith Shelter Network, pursued and secured \$4 million in State funding for transitional housing. Funding began in December 2017 and provides an additional 39 critically needed beds to Probation’s inventory. In addition to serving a clear community need, this stable housing improves offenders’ chances of success in other Community Corrections Partnership-funded community-based programming such as the Day Reporting Center, mental health services, and employment services. Finally, the State funding allows the Community Corrections Partnership to focus remaining resources on high-priority community supervision and custody programs.

Separately, Health Services recently awarded a request for proposals to California Human Development to pursue Drug Medi-Cal reimbursement at the Day Reporting Center. Once this program becomes State-certified, it will reduce the Community Corrections Partnership’s expenses for contractor-provided substance use disorder services.

Future Steps: As previously reported to the Board, even with successful implementation of last year’s budget stabilization measures, the Community Corrections Partnership cannot continue funding existing

Tier 1 programming while also maintaining the Pretrial program, which is critical to the criminal justice system but does not directly serve realigned offenders. The Community Corrections Partnership expects that cuts to Pretrial would increase incarceration rates, force early releases from jail, and increase overall costs to Sonoma County compared to less expensive and more rehabilitative community supervision alternatives. The attached letter from Community Corrections Partnership Chair David Koch details a proposed solution in which funding for this program gradually shifts from the Community Corrections Partnership to County General Fund. The Program Highlights section below describes the Pretrial program and its recent performance.

Program Highlights

Pretrial Services

Traditionally, courts have based decisions of release from pre-adjudication incarceration partly on defendants’ ability to meet financial burdens of bond or bail, a system that may release dangerous defendants while incarcerating those who pose little risk to their communities. By contrast, under the Pretrial services program, a collaboration between the Sheriff’s Office, the Probation Department, and the Superior Court, release decisions consider defendants’ risk of 1) posing a threat to public safety, and 2) failing to appear in court. By using a validated assessment tool to predict these risks, the program protects the public and allows lower-risk defendants to continue productive, law-abiding activities, regardless of financial status, while awaiting adjudication.

Informed by these assessments, the Superior Court determines appropriate levels of Pretrial supervision, which can range from monthly check-ins at the Probation Office to field visits from a Probation Officer coupled with GPS and alcohol electronic monitoring to detention.

The Court began using pretrial services in January 2015, and the program has grown rapidly in recent months, soaring from 70 pretrial grants in January 2017 to 160 grants in February 2018, as judges increasingly embrace this risk-based approach. The program has proven largely successful as measured by failures to appear and new criminal referrals (Table 2). Technical violations represent Probation’s active supervision of participants to prevent new crimes and failures to appear in court.

“We have over 200 out of custody and on pretrial—that is a major success. If it weren’t for that, we would be over-crowded, and we would be releasing people on early release orders without supervision. So pretrial is very successful and the electronic monitoring programs are very good.”

Day Reporting Center

Serving as the central point of evidence-based programming and structure for felony offenders, the Day Reporting Center provides a detention alternative to traditional incarceration for adults who meet the program criteria. The Probation Department collaborates with the Sheriff's Office, the Department of Health Services, and the Human Services Department to provide seamless, offender-engaged reentry service coordination that begins in custody, continues through supervision, and transitions the offender to ongoing community-based supports and services when supervision ends. Services include life skills, vocational skills, substance abuse treatment, and Cognitive Behavioral Intervention, a program developed in collaboration with the University of Cincinnati Corrections Institute. The program includes 55 group sessions where participants take accountability for past actions, learn new ways to handle difficult and risky situations, and create a support system and plan for success.

"The classes here at the DRC were very helpful for me in everyday life, especially in reference to my anger issues. I often use many of the skills I learned when I felt myself getting angry or when I was in a situation that was potentially dangerous. I thank you for helping me achieve my goals."

—Day Reporting Center Participant

Since Probation assumed operation of the Day Reporting Center in January 2015, 209 participants have successfully completed Cognitive Behavioral Intervention (Table 3).

Program	Began Participation	Successfully Completed	Successful Completion Rate
Cognitive-Based Interventions - Comprehensive Curriculum	676	209	31%
Cognitive-Based Interventions - Advanced Practice	150	106	71%
Substance Abuse Outpatient Treatment	200	67	34%
Aggression Replacement Training	75	40	53%

Table 3. Participation in and Completion Rates of DRC Programs (January 2015 through March 2018).

While we strive to increase successful completion rates, we also acknowledge that this is a challenging program that serves participants with long histories of criminal behavior and/or substance abuse. As such, we view partial program completions more favorably than no programming at all. Indeed, preliminary analysis by Resource Development Associates, our contracted evaluation partner, suggests even partial completion of Day Reporting Center programming contributes to statistically significant recidivism reduction. An initial study comparing Post-Release Community Supervision offenders¹ who attended the Day Reporting Center to those who did not attend found that 14% of participants

¹ Post-Release Community Supervision offenders are those who, prior to California's Public Safety Realignment Act, would have been supervised by State Parole upon release from prison but who now receive community supervision from county probation departments.

reoffended during the one-year period following the start of supervision versus 31% of non-participants. Future studies will address other variables that might explain differences between the two groups, such as differing levels of participation in other interventions. For now, however, we are encouraged by initial findings and will continue implementing and evaluating evidence-based practices.

Program participation has also been shown to reduce monetary costs associated with recidivism. The Washington State Institute for Public Policy² calculates benefit-to-cost ratios for various interventions. Although based on the Washington economy, the Institute's studies are rigorous and instructive. The figures below represent the dollars of community benefit for every one dollar of program cost:

- Cognitive-behavioral intervention: \$6.32
- Employment counseling and job training: \$9.75
- Community-based outpatient drug treatment: \$13.45
- Intensive supervision (surveillance plus treatment such as cognitive behavioral intervention or chemical dependency treatment): \$16.25

The Community Corrections Partnership's recommended FY 2018-19 budget provides funding for all of the above programs.

As of February 2018, the Day Reporting Center is serving 201 participants, well above the design capacity of 150 participants.

Detention Services

Home Confinement. The Community Corrections Partnership funds the staff needed to oversee the Sheriff's Office electronic monitoring program. This program has been essential in helping the Sheriff's Office manage the population of the adult detention facilities by allowing qualified inmates to serve their sentences in the community. In calendar year 2017, the program placed 508 inmates into home confinement—46% more than in 2016—saving 15,987 jail days, with 90% of participants successfully completing their sentences in-home.

Inmate Programs. The Community Corrections Partnership funds the cost of the Inmate Programs Sergeant and approximately 30% of inmate education and development programs offered in the Sheriff's Office adult detention facilities. The Programs Sergeant continues to improve and expand the inmate program offerings and re-entry services. Over the last year, a culinary certificate pilot program was implemented, and several existing programs, such as tablet-based programming, canine intervention therapy and puppy training, and mental health services were expanded. Several new re-entry services were established for inmates being released into the community as well as an in-house felony restoration-to-competency program.

Eligibility Services

In its eligibility programs, Human Services has taken 77 applications for Medi-Cal, 68 for CalFresh, and 23 for General Assistance since February 2017, with a 91% approval average rate.

Program Highlights Conclusion

While we are encouraged by these program highlights, the true test is the degree to which our programs reduce participant recidivism. To this end, the Community Corrections Partnership and Resource Development Associates will continue collecting and processing data to measure participant involvement in the criminal justice system following program participation. We look forward to delivering additional study results to the Board in the coming years.

Prior Board Actions:

08/16/2011 – 06/06/2017: The Board approved the Community Corrections Partnership’s Annual Realignment Implementation Plan and Budget.

Strategic Plan Alignment Goal 1: Safe, Healthy, and Caring Community

The Community Corrections Partnership’s FY 2018-19 Realignment Implementation Plan aligns with the County’s strategic goal of promoting a safe, healthy, and caring community. The Plan includes continued funding for a jail unit to maintain capacity commensurate with need, plus additional resources to monitor offenders effectively in the community. It also includes innovative public safety programs, such as pretrial services and electronic monitoring, which provide cost-effective detention alternatives, while protecting public safety. Finally, recommended funding will support a variety of health, education, and human services programs. These services address offenders’ needs, bolster their skills, improve their employment prospects, and foster integration into the community.

RE: Pretrial Services Funding Proposal

Dear Sheryl,

The Pretrial Services funding proposal which appears below was approved by the Community Corrections Partnership (CCP) on 2/26/2018. This action was taken in conjunction with approval of the overall CCP budget submitted for the Board's consideration. The CCP budget for program services was reduced for FY 2018-19 by \$524,000 in order to balance the budget and align expenditures with projected revenue while maintaining an ongoing reserve equal to two months of expenses (currently \$2.3 million). This action is consistent with information provided to Board members earlier in FY 2017-18.

As discussed previously, the policy position adopted by the CCP Executive Committee is to sever Pretrial Services funding from the CCP budget and shift this expense to the County General Fund, phased in over a 4-year period, as described in the accompanying table. During FY 2018-19, CCP reserves will fully fund Pretrial Services. In FY 2019-20 and FY 2020-21, funding for Pretrial Services is proposed as a mix of CCP reserves and County General Fund. Beginning FY 2021-22, County General Fund would fully fund Pretrial Services. In formulating this proposal, the CCP recognized that Pretrial Services benefits the entire criminal justice system, including helping to manage the jail population. Also of note is that less than 1% of the defendants participating in Pretrial Services are AB109 offenders—the very population CCP funds are expected to serve.

A potential revenue offset to use of County General Fund comes by way of pending "bail reform" legislation. In the event the State Legislature and Governor approve such legislation during this session, counties are likely to receive funding for legislatively

mandated pretrial services functions. The program developed in Sonoma County meets best practices standards and very likely would be eligible for funding. I, and the rest of the CCP Executive Committee, look forward to working with your office on advocacy efforts toward securing appropriate State funding in support of this vital program. Additionally, were CCP revenues to increase and/or underspending to occur, the CCP would consider directing a portion of the amount over the CCP's reserve target toward Pretrial Services funding, thus reducing the County General Fund obligation.

I appreciate your consideration of this proposal and welcome the opportunity to respond to any questions that may arise.

Respectfully submitted,

Title: Highway 12 Bridge Mitigation Restoration Maintenance Cooperative Agreement

Recommended Actions:

Approve and authorize the Director of Regional Parks to execute reimbursement agreement and any necessary amendments with Caltrans for maintenance and monitoring of mitigation planting for the recent replacement of the Laguna de Santa Rosa bridge in the amount of \$402,500 with a term ending July 31, 2027.

Executive Summary:

Caltrans recently replaced the Laguna de Santa Rosa Bridge located on Highway 12 at the eastern edge of Sebastopol. Mitigation for the impacts of bridge replacement consisted, in part, of on-site plantings of 361 native trees and shrubs. Planting was completed on July 21, 2017 and will be maintained and monitored for one year by the installing contractor. Beginning in July, 2018, Sonoma County Regional Parks (SCRP) will take over the maintenance and monitoring of the mitigation planting for a total of nine years. The completed mitigation planting will allow Caltrans to meet permitting requirements for the bridge replacement. The total reimbursement for maintenance and monitoring of the mitigation planting from Caltrans to SCRCP will be \$402,500 for the nine year period of agreement.

Discussion:

History

From 2015-2017, Caltrans replaced the Laguna de Santa Rosa Bridge spanning the Laguna de Santa Rosa at the eastern edge of Sebastopol along Highway 12 at post mile 9.6. Due to the impacts of bridge replacement, the California Department of Fish and Wildlife and the North Coast Regional Water Quality Control Board required on-site mitigation of 361 native trees and shrubs to compensate for the loss of native plants during construction. Planting was completed on July 21, 2017 and will be maintained and monitored for the first year by the installing contractor.

Discussion of the local area

The “middle reach” of the Laguna de Santa Rosa waterway spans a complex of public and private ownership with a mix of trail intersections, pedestrian and vehicular crossings, and opportunities for public access. The precise location of mitigation planting spans several parcels on the north and south side of Highway 12 and east and west sides of the Laguna de Santa Rosa. The mitigation planting crosses numerous parcels and ownership, all within the Caltrans right of way. Fee title property ownership includes the City of Sebastopol and the State of California. The planting area is approximately 1 acre in size and in the immediate vicinity of several trails including the Laguna de Santa Rosa the Joe Rodota Trails operated by SCRCP and the Meadowlark Field and Americorps Trails owned and operated by the City of Sebastopol.

Due to ongoing presence of SCRCP in the area to operate trails, and the staff expertise in maintaining mitigation plantings and coordinating with other local stakeholders, Caltrans identified SCRCP as an ideal partner to maintain the mitigation planting over time.

Future activities

As described in the attached contract, beginning in July, 2018, Sonoma County Regional Parks (SCRCP) will take over the maintenance and monitoring of the mitigation planting for a total of nine years. Caltrans will deposit \$200,000 with SCRCP in the first year of this executed contract and \$202,500 after the completion of the fourth year of maintenance and monitoring. The total contract amount for maintenance and monitoring of the mitigation planting paid from Caltrans to SCRCP will be \$402,500.

Prior Board Actions:

None.

Strategic Plan Alignment Goal 2: Economic and Environmental Stewardship

Restoration of the Laguna de Santa Rosa broadly promotes the protection of natural resources in Sonoma County including the protection of water quality and wildlife habitat.

COOPERATIVE AGREEMENT

This AGREEMENT, ENTERED INTO EFFECTIVE on _____, 2018, is between the STATE OF CALIFORNIA, acting by and through its Department of Transportation, referred to herein as “CALTRANS,” and

SONOMA COUNTY REGIONAL PARKS, a public agency, referred to herein as “SCRP”.

RECITALS

1. CALTRANS and SCRП, herein referred to as “PARTIES,” pursuant to Streets and Highways Code sections 114 and 130, are authorized to enter into this Agreement.
2. CALTRANS replaced the Laguna De Santa Rosa Bridge, No. 20-035 at PM 9.6 on State Route 12 (SR 12) in Sebastopol, in Sonoma County, referred to herein as “PROJECT.”
3. CALTRANS is owner and operator of SR-12 and the NEPA/CEQA lead agency for the PROJECT. The following permits have been issued in relation to the PROJECT:
 - a. Pursuant to Fish and Wildlife Code sections 1600 et seq., California Department of Fish and Wildlife (“CDFW”) issued to CALTRANS a Streambed Alteration Agreement (Notification No. 1600-2012-0159-3, dated January 16, 2013) for PROJECT, referred to herein as “1600” and attached hereto as Exhibit A.
 - b. Pursuant to Clean Water Act Section 401, the California Regional Water Quality Control Board-North Coast Region (“RWQCB”) issued to CALTRANS a Water Quality Certification for disturbances to the waters of the United States and waters of the State associated with the Russian River Hydrologic Unit No. 1114, (Certification No. 1B12122WNSO, dated February 7, 2013) for PROJECT, referred to herein as “401” and attached hereto as Exhibit B.
 - c. Pursuant to Section 404 of the Clean Water Act, the Dept. of the Army, San Francisco District, US Army Corps of Engineers, issued Nationwide Permit File No. 2008-00255N on January 11, 2013, for the permanent and temporary placement of fill in wetlands associated with the Laguna de Santa Rosa. Caltrans subsequently provided compensation in full for these impacts through its purchase of .5 credits of wetland creation and .3 credits of wetland preservation of suitable habitat from the Desmond Mitigation Bank on September 11, 2013.

4. CDFW and RWQCB, are collectively known as “PERMITTING AGENCIES.”
5. PERMITTING AGENCIES approved Caltrans “On-Site Restoration Plan” on May 8, 2014.
6. CALTRANS, in order to comply with MITIGATION REQUIREMENTS outlined in the 401 Certification from the RWQCB (Condition 32), and 1600 Agreement from CDFW (Compensatory Measure 3.1), intends to fund work for maintenance and monitoring of plantings, control of invasive species and, as more specifically described in the “SCOPE OF WORK” for the PROJECT attached hereto as Exhibit C and made a part of this Agreement.
7. On-site mitigation plantings were completed July 21, 2017 and will be monitored and maintained for one year; subsequently, SCRP will begin maintaining the on-site mitigation plantings beginning July 2018 for a total of nine years, to meet the PERMITTING AGENCIES’ maintenance and monitoring requirement.
8. SCRP desires to assist CALTRANS in satisfying MITIGATION REQUIREMENTS by assisting with the LAGUNA DE SANTA ROSA MITIGATION PROJECT referred to herein as “MITIGATION PROJECT,” and more particularly described in Exhibit C, attached hereto and made a part of this Agreement and referred to herein as “SCOPE OF WORK” and Exhibit D (Plant List and Planting Plan).
9. CALTRANS has determined that the estimated cost of satisfying MITIGATION PROJECT is \$402,500 described in Exhibit C, attached hereto and made a part of this Agreement.
10. PARTIES now define herein below the terms and conditions under which this Agreement will be implemented.

SECTION I

SCRIP AGREES:

1. All work performed by SCRP, or performed on SCRP’s behalf, shall be performed in accordance with all state and federal laws, regulations, policies, procedures, and standards.
2. To submit draft monitoring reports to CALTRANS for comment and approval, for nine (9) years (with monitoring anticipated to begin in July 2018 and end nine (9) years later, currently anticipated to be year 2027 by November 1st of each year. Said reports shall contain all of the information described in Exhibit C, (Scope of Work) attached hereto and made a part of this Agreement.
3. To address CALTRANS’ comments on the draft monitoring report and thereafter submit a final draft monitoring report to CALTRANS within fourteen (14) calendar days of

receipt for nine (9) years (with monitoring anticipated to begin in the year 2018 and end nine (9) years later, currently anticipated to be year 2027) for CALTRANS' review and approval.

4. If at any time during the nine (9) year monitoring period (with monitoring anticipated to begin in the year 2018 and end nine (9) years later, currently anticipated to be year 2027) it is determined by CALTRANS that progress towards the success criteria, as described in Exhibit A is not being achieved, then SCRP shall implement any remedial or adaptive management measures necessary to meet the success criteria. Mitigation monitoring annual reporting will be the main document used in establishing the trending success of the mitigation and whether remedial or adaptive management measures are required.
5. To use one hundred percent (100%) of CALTRANS' funds provided pursuant to this Agreement, in order to satisfy SCRP's obligation and responsibilities set forth in this Agreement.
6. To submit an initial invoice in the amount of \$200,000 to CALTRANS within thirty (30) days of execution of this Agreement and prior to commencement of any work performed by SCRP
7. To prepare and submit to CALTRANS the final invoice in the amount of \$202,500 after completing and submitting to Caltrans the Fourth Year Monitoring Report.
8. If work performed under this Agreement is done under contract (not completed by SCRP's own employees) and is governed by the California Labor Code's definition of a "public work" (section 1720(a)(a)), SCRP will conform to sections 1720 – 1815 of the California Labor Code and all applicable regulations and coverage determinations issued by the Director of Industrial Relations.
9. To include wage requirements in all contracts for "public work" and will require their contractors and consultants to include prevailing wage requirements in all agreement-funded subcontracts for "public work."
10. To retain all books, documents, papers, accounting records, and other evidence pertaining to costs incurred, including support data for cost proposals, and to make such materials available at the respective offices of CALTRANS at all reasonable times for three (3) years after the termination date of this Agreement. CALTRANS, the Federal Highway Administration, or any duly authorized representative of the Federal Government shall have access to any books, records, and documents of SCRP that are pertinent to this Agreement for audits, examinations, excerpts, and transactions, and copies thereof shall be furnished when requested.

SECTION II

CALTRANS AGREES:

1. To deposit with SCRP within forty-five (45) days of receipt of signed invoice, the amount of \$200,000, which figure represents initial payment of the estimated cost and to deposit with SCRP \$202,500 after SCRP completes and submits the Fourth Year Monitoring Report to Caltrans. CALTRANS' total obligation to SCRP for MITIGATION PROJECT costs shall not exceed the amount of \$402,500.
2. CALTRANS will obtain written confirmation from PERMITTING AGENCIES that MITIGATION REQUIREMENTS have been met and provide a copy to SCRP.

SECTION III

IT IS MUTUALLY AGREED:

1. All obligations of CALTRANS under the terms of this Agreement are subject to the appropriation of resources by the Legislature, State Budget Act authority and the allocation of funds by the California Transportation Commission (CTC).
2. All applicable laws, rules and policies relating to the use of federal or state funds shall apply notwithstanding other provisions of this Agreement.
3. The PARTY that discovers hazardous material (HM) will immediately notify the other PARTY(IES) to this Agreement. HM-1 is defined as hazardous material (including but not limited to hazardous waste) that may require removal and disposal pursuant to federal or state law, whether it is disturbed by MITIGATION PROJECT or not. HM-2 is defined as hazardous material (including but not limited to hazardous waste) that may require removal and disposal pursuant to federal or state law, only if disturbed by MITIGATION PROJECT. Management activities associated with either HM-1 or HM-2 include, without limitation, any necessary manifest requirements and designation of disposal facility.
4. CALTRANS, independent of MITIGATION PROJECT, is responsible for any HM-1 found within existing State Highway System (SHS) right of way. CALTRANS will undertake, or cause to be undertaken, HM-1 management activities with minimum impact to PROJECT schedule and will pay, or cause to be paid, all costs associated with HM-1 management activities.
5. CALTRANS has no responsibility for management activities or costs associated with HM-1 found outside the existing SHS right of way. If HM-1 is found outside existing SHS right of way, under state and federal law responsibility for such HM-1 rests with the owner(s) of the parcel(s) on which the HM-1 is found. If HM-1 is found outside the existing SHS right of way, PARTIES will reassess the feasibility of the

MITIGATION PROJECT and mutually agree on a course of action prior to the commencement of any additional work.

6. Neither SCRP nor any officer or employee thereof is responsible for any injury, damage, or liability occurring by reason of anything done or omitted to be done by CALTRANS and/or its agents under or in connection with any work, authority, or jurisdiction conferred upon CALTRANS under this agreement. It is understood and agreed that CALTRANS will fully defend, indemnify, and save harmless SCRP and all of its officers and employees from all claims, suits, or actions of every name, kind, and description brought forth under, but not limited to, tortious, contractual, inverse condemnation, or other theories or assertions of liability occurring by reason of anything done or omitted to be done by CALTRANS and/or its agents under this agreement.
7. Neither CALTRANS nor any officer or employee thereof is responsible for any injury, damage, or liability occurring by reason of anything done or omitted to be done by SCRP and/or its agents under or in connection with any work, authority, or jurisdiction conferred upon SCRP under this agreement. It is understood and agreed that SCRP will fully defend, indemnify, and save harmless CALTRANS and all of its officers and employees from all claims, suits, or actions of every name, kind, and description brought forth under, but not limited to, tortious, contractual, inverse condemnation, or other theories or assertions of liability occurring by reason of anything done or omitted to be done by SCRP and/or its agents under this agreement.
8. In the event of any breach of this Agreement by either PARTY, the other PARTY may enforce this Agreement by any means available at law or in equity. In the event of litigation, mediation or arbitration to resolve any breach of, or dispute related to this Agreement, each PARTY agrees to pay for their own attorneys' cost and expenses, without regard to who prevails.
9. A failure by either PARTY to enforce any provision of this Agreement shall not be construed as a continuing waiver, or as a waiver of the right to compel enforcement of that provision.
10. This Agreement may be executed in several counterparts and all counterparts so executed shall constitute one agreement that shall be binding on all of the PARTIES, notwithstanding that all of the PARTIES are not a signatory to the original or the same counterpart. If any provision of this Agreement is held invalid, the other provisions shall not be affected thereby.
11. No alteration or variation of the terms of this Agreement shall be valid unless made by a formal amendment executed by the PARTIES hereto and no oral understanding or agreement not incorporated herein shall be binding on any of the PARTIES hereto.

12. This AGREEMENT shall terminate upon written confirmation from PERMITTING AGENCIES that MITIGATION REQUIREMENTS have been met. However, all indemnification, document retention, audit, claims, environmental, legal challenge, hazardous material, operation, maintenance, and ownership articles will remain in effect until terminated or modified in writing by mutual agreement.

Subject: Final Lake or Streambed Alteration Agreement
Notification No. 1600-2012-0158-3
Laguna de Santa Rosa Bridge Replacement

Dear Mr. Jensen:

Enclosed is the final Streambed Alteration Agreement ("Agreement") for the Laguna de Santa Rosa Bridge Replacement ("Project"). Before the Department may issue an Agreement, it must comply with the California Environmental Quality Act ("CEQA"). In this case, the Department, acting as a responsible agency, filed a notice of determination ("NOD") on January 16, 2013, based on information contained in Laguna de Santa Rosa Bridge Replacement Project Negative Declaration, the lead agency prepared for the Project.

Under CEQA, filing a NOD starts a 30-day period within which a party may challenge the filing agency's approval of the project. You may begin your project before the 30-day period expires if you have obtained all necessary local, state, and federal permits or other authorizations. However, if you elect to do so, it will be at your own risk.

If you have any questions regarding this matter, please contact, Melissa Escaron, Staff Environmental Scientist, at (707)339-0334 or Melissa.Escaron@wildlife.ca.gov.

STREAMBED ALTERATION AGREEMENT
NOTIFICATION NO: 1600-2012-0159-R3
Laguna de Santa Rosa

CALIFORNIA DEPARTMENT OF TRANSPORTATION
LAGUNA DE SANTA ROSA BRIDGE REPLACEMENT PROJECT

This Streambed Alteration Agreement (Agreement) is entered into between the California Department of Fish and Game (DFG) and California Department of Transportation (Permittee) or as represented Jeffrey G. Jensen.

RECITALS

WHEREAS, pursuant to Fish and Game Code (FGC) section 1602, Permittee notified DFG on May 12, 2012 that Permittee intends to complete the project described herein.

WHEREAS, pursuant to FGC section 1603, DFG has determined that the project could substantially adversely affect existing fish or wildlife resources and has included measures in the Agreement necessary to protect those resources.

WHEREAS, Permittee has reviewed the Agreement and accepts its terms and conditions, including the measures to protect fish and wildlife resources.

NOW THEREFORE, Permittee agrees to complete the project in accordance with the Agreement.

PROJECT LOCATION

The project is located where State Route 12 crosses the Laguna de Santa Rosa, at Post Mile 9.63, east of the City of Sebastopol, in the County of Sonoma, State of California.

PROJECT DESCRIPTION

Caltrans proposes to replace the existing 33.5-foot-wide, 220.25-foot-long, two-lane Bridge over Laguna de Santa Rosa (stream) with a new 58-foot-wide, 236-foot-long, two-lane bridge. The proposed bridge will have three spans and two bents. Four retaining walls are also proposed at the corners of the new bridge to minimize the amount of earthwork, land acquisitions, and impacts to environment. The new bridge alignment will shift to the south to minimize impacts to state and federally listed plant species, riparian trees, wetlands and other aquatic resources, and the bridge elevation will be increased by 3.5 feet. Caltrans proposes to construct half of the new bridge on the south side of the existing one, demolish the existing bridge, and then build the second half of the new bridge.

The Pacific Gas and Electric Company, AT&T, and Comcast plan to relocate gas, electric, telephone, and cable utilities during the summer of 2013, prior to the replacement of the bridge. The bridge replacement will be constructed in three stages over two construction seasons.

Bridge Replacement Project Overview

Stage 1

Following the relocation of the utilities, which will occur in 2013, the majority of the work during Stage 1 construction (the first bridge replacement construction season) will be along the southern side of the new bridge alignment. To accommodate Stage 1 work a southern temporary access road will be cleared and graded for access of large equipment, such as pile-driving equipment, cranes, drill rigs, bulldozers, excavators, trucks, etc. Once the temporary access road is created, a temporary access pad will be built. Stage 1 work will include installing sheet piling to create eight temporary cofferdams, cast-in-steel-shell (CISS) concrete piling, and temporary formworks. Once the bents and abutments are completed, the superstructure will be constructed which will consist of setting pre-cast girders and casting a concrete bridge deck. Concurrent with the bridge construction, permanent retaining walls and embankments will be constructed on the southeast and southwest sides from the southern temporary access road. Temporary fill materials such as a temporary water diversion, temporary access road, temporary access pad, and temporary cofferdams, will be removed by October 15. Erosion control measures will then be implemented to stabilize disturbed natural areas. The shoring between the existing and new abutment will be left in place between the first season and second season to protect the abutments and roadway embankment behind the abutments from scour. Once the southern half of the new bridge is completed, traffic will be shifted from the existing structure to the new structure. Depending on the construction progress and schedule, construction may start on the northern portion (Stage 2) of the new structure during the first construction season.

Stage 2

Notification #1000-2012-0159-R3
Streambed Alteration Agreement
Page 3 of 17

During Stage 2 most of the work will occur along the northern side of the new replacement bridge alignment. The northern temporary access road will be constructed, the southern temporary access road and temporary access pad will be reestablished, and the existing bridge structure will be removed, including the footing piles to at least 3 feet below the existing grade. A protective cover (heavy plastic or plywood) will be placed on the creek bottom as part of the temporary access pad to prevent concrete debris from falling onto the waterway during bridge demolition. The northern half of the bridge will be built similarly to the southern half. A closure concrete pour will be required to connect the Stage 1 and Stage 2 bridges together.

Stage 3

Stage 3 work within DFG jurisdiction includes the removal of all temporary fills and other temporary works. Any voids within the creek remaining from the removal of the original bridge footings will be filled with native soil material.

Utility Relocation

The utilities, including poles and electrical lines, will be relocated during 2013, the season prior to Stage 1 construction. Electrical lines will be rerouted from along the south side of the bridge to the north side. Most of the poles will be relocated to the north side of SR 12, and set with a crane from the existing SR 12 or from an existing dirt path. An alternate access route will be used if a crane is infeasible. A gas line, currently attached to the existing bridge, will be relocated and bored underground on the north side using directional drilling techniques. The bore will be approximately 850 feet long, up to 32 feet deep, and at least 20 feet below the bottom of the creek channel. The bore holes will be located within developed areas outside of DFG jurisdiction.

Temporary Construction Access Road

Two temporary construction access roads are required for project construction and equipment access and will be between 15 and 30 feet wide. Clearing and grading of the temporary access road will be required to construct an access that is safe for large equipment such as pile-driving equipment, cranes, drill rigs, bulldozers, excavators, and trucks. The temporary construction access roads will consist of a bottom pavement-reinforcing fabric with a layer of 6-inch rock (type A) or railroad ballast no. 25 (type B). The temporary construction access roads will be located both north and south of SR 12. The southern temporary access road will be constructed on the south side of the road during the first construction season to allow access for the Stage 1 bridge construction. This temporary access road will start at the Village Campground driveway, extend across the streambed and end on the east side of the stream. The southern temporary construction access road will be removed by October 15 of the first construction season, and be re-established up to the eastern bridge abutment during the second construction season. During Stage 2, the southern temporary construction access will require passing under the Stage 1 bridge construction, which will limit the use to small equipment and foot traffic. Large equipment will operate from the existing bridge, new bridge, and through the development of the northern temporary

construction access road. The northern temporary access road will extend from the staging area to the stream, then turn and extend to the east for the length of the proposed northeast retaining wall 2.

Temporary Access Pad, Stream Diversion, and Trestle

A temporary stream access pad will be constructed to access the area under the bridge. The temporary stream access pad will be approximately 235 feet by 62 feet during Stage 1, and approximately 230 feet by 28 feet during Stage 2. The temporary access pad will consist of a bottom layer of subgrade enhancement textile with a layer of 6-inch rock overlaid with another subgrade enhancement textile and a top layer of aggregate base. Crane mats may be placed over the gravel pad to provide support. The final design of the temporary stream access pad will depend on water level in the Laguna de Santa Rosa.

To create a dry work area and divert flows around the work area, grading of wetted areas of the streambed will be necessary and gravel bags will be placed as needed to direct flows towards the main channel. A temporary crossing over the main channel will be required as part of the temporary access pad during Stages 1 and 2. Construction of a 62 foot by 60 foot temporary trestle is proposed for Stage 1, and a 43 foot by 60 foot temporary trestle is proposed for Stage 2. The temporary trestle will be removed by October 15 of each year.

Sheet Piling Cofferdams

Sheet piling will be installed at the abutments, bents, and wing walls prior to foundation work. The sheet piling will be vibrated or driven to elevation around the new foundation locations. Sheet piling will be used to create eight cofferdams for dewatering activities, and to protect the new abutments from scour. Four cofferdams totaling approximately 5,913 cubic yards on the southern side of the bridge will occupy approximately 3,493 square feet (0.08 ac) during the first season. Another four cofferdams totaling approximately 7,052 cubic yards on the northern side of the bridge will occupy approximately 4,108 square feet (0.09 ac) during the second season. The temporary sheet piles will be removed through the use of vibratory hammer, direct pull, or clamshell grab. Approximately 6,795 cubic yards of sheet pile shoring will remain permanently below the original grade along approximately 6,601 square feet (0.15 ac) of the banks of the creek.

The temporary sheet piling between the existing and new roadway will remain in place between the first season and second season to protect the existing roadway and structure from scour and erosion caused by the offset of the new abutments. The top of the shoring will be installed to the existing roadway grade or higher and will be installed or cut flush with the abutments so that the sheet piling do not obstruct the waterway during higher winter flows.

Foundation Work

Once the cofferdams are in place, construction activities associated with the

construction of the permanent foundations for abutments, bents, and wing walls, will consist of pumping out excess water, excavating for the footings, installing Cast In Steel Shell (CISS) piling, placing pile concrete, reinforcement steel, concrete forms, and footing concrete.

Retaining Walls

Four retaining walls approximately 20 feet long, 160 feet long, 193 feet long, and 298 feet long will be constructed at each of the bridge corners. These retaining walls will total 660 cubic yards. The retaining walls will also contain the roadway widening cut/fill activities, which will require clearing and grubbing vegetated areas north and south of SR 12. The retaining walls will be constructed from the temporary access roads with the methods described above for Foundation Work. The area behind the retaining walls will then be backfilled with approximately 3,856 cubic yards of clean soil to support the proposed roadway.

Erosion Control

All disturbed areas will be treated with standard Caltrans erosion control methods during and after construction, including the period between Stages 1 and 2. At the wing wall on the north side of the west abutment, exposed slopes will be protected from erosion by installing coir netting secured with wooden stakes. In areas of frequent inundation, coir logs will also be installed. The slopes will be hydroseeded with a suitable mix of native plant species appropriate to the area.

Drainage

The existing pipe and two drainage inlets south of SR 12 will be removed to facilitate widening of the south side of the road west of the bridge. A new 18-inch Alternative Pipe Culyert (APC) will be constructed across the roadway to drain stormwater flows north and into the proposed 18-inch APC, which will be installed north of SR 12 to replace the existing APC on the south side. Overside drains are proposed on the north side and south sides of SR 12 to drain stormwater flows into the waterway.

Proposed Equipment

Cranes will be used for multiple parts of the construction from setting up of the trestle and pile driving to delivery of materials and setting precast girders. Excavators will operate from the temporary construction access roads and temporary access pad and will be used for excavation at the abutments. Drilling equipment will operate from the temporary access pad and be used to clean out the CISS piles. Concrete pumps will operate from the existing roadway, temporary construction access roads, and temporary access pad and will be used to pour concrete for the structure. Baker tanks will be located at the temporary access pad and may be used to store water prior to discharge from dewatered excavations and cleaned out piles. Directional drilling equipment will be used to bore under the creek for utility relocation activities. Other equipment may include loaders, manlifts, paver, hoerem, jackhammers, backhoes, dozers, gradalls, and compaction equipment.

Staging

All project staging will occur outside of DFG 1602 jurisdiction.

Project Schedule

The relocation of utilities is scheduled for summer 2013. Construction of the bridge will span over 2 years and is scheduled to start June 2014 and end December 2015. Construction activities in the stream will occur between June 15 and October 15 of each year to minimize potential impacts to sensitive species. Caltrans will remove riparian trees between September 1 and February 15 to avoid impacts to nesting birds. Tree trimming will precede utility relocation and tree removal will precede road construction activities. The project area to the south of SR 12 will be cleared of vegetation between September 1 and October 15 in 2013 and grubbed in June 2014. The project area to the north of SR 12 will be cleared of vegetation between September 1 and October 15 in 2014 and grubbed in June 2015.

PROJECT IMPACTS

Existing fish or wildlife resources the project could substantially adversely affect include:

- Riparian habitat
- Native trees
- Arroyo willow thicket habitat
- Oregon ash thicket habitat
- North coast riparian forest
- Central California Coastal Steelhead habitat
- Central California Coast Coho habitat
- California Coastal Chinook Salmon habitat
- Aquatic invertebrates
- Amphibians
- Black crowned night herons
- Double crested cormorants
- Migratory bird nesting
- Raptors
- Western pond turtles and habitat
- Bats and habitat
- Emergent wetlands

The adverse effects the project could have on the fish or wildlife resources identified above include:

- Tree removal
- Increased shading
- Permanent and temporary loss of natural bed and bank
- Permanent and temporary loss of riparian habitat
- Loss of avian nesting, foraging, and roosting sites
- Disruption of nesting

- Loss of bat habitat
- Loss of Western pond turtle habitat
- Loss of amphibian habitat
- Degradation and/or loss of salmonid habitat
- Water quality degradation
- Short-term release of contaminants

MEASURES TO PROTECT FISH AND WILDLIFE RESOURCES

1. Administrative Measures

Permittee shall meet each administrative requirement described below:

- 1.1 Documentation at Project Site. Permittee shall make the Agreement, any extensions and amendments to the Agreement, and all related notification materials and California Environmental Quality Act (CEQA) documents, readily available at the project site at all times and shall be presented to DFG personnel, or personnel from another state, federal, or local agency upon request.
- 1.2 Providing Agreement to Persons at Project Site. This Agreement and any extension and amendments shall be onsite at all times during Project activities.
- 1.3 Access to DFG Lands. This Agreement does not authorize entry to DFG-owned lands. Permittee shall obtain written permission from DFG before entering DFG-owned lands.
- 1.4 Notification of Conflicting Provisions. Permittee shall notify DFG if Permittee determines or learns that a provision in the Agreement might conflict with a provision imposed on the project by another local, state, or federal agency. In that event, DFG shall contact Permittee to resolve any conflict.
- 1.5 Project Site Entry. Permittee agrees that DFG personnel may, with notification of the Resident Engineer, enter the project site at any time to verify compliance with the Agreement.

2. Avoidance and Minimization Measures

To avoid or minimize adverse impacts to fish and wildlife resources identified above, Permittee shall implement each measure listed below. These conditions apply to DFG jurisdiction as described in the Project Description above.

- 2.1 To minimize adverse impacts to fish and wildlife all work within the bed, bank, channel, and associated riparian habitat shall be confined to the period of June 15 to October 15. Trees and shrubs may be removed using mechanical hand tools between

January 1 and June 14, and between August 31 and December 31, as long as tree removal activities are consistent with Conditions 2.3 and 2.5 below. Stumps shall remain in place until ground disturbing activities begin. Trees and shrubs can be removed between June 15 and August 30 as long as activities are consistent with Conditions 2.3 and 2.5 below. Revegetation work is not confined to this time period.

2.2 At least 30-days prior to commencing project activities covered by this Agreement, the Permittee shall submit to DFG, for review and approval, the qualifications for a number of biologists (Qualified Biologist) that shall oversee the implementation of the conditions in this Agreement. At a minimum, the Qualified Biologists shall have a combination of academic training and professional experience in biological sciences and related resource management activities. The Qualified Biologists shall communicate to the Resident Engineer when any activity is not in compliance with this Agreement and the Resident Engineer shall immediately stop the activity that is not in compliance with this Agreement.

2.3 To protect nesting birds, no project activities shall occur from February 15 through August 31 unless nesting bird surveys have been completed by a Qualified Biologist. To prevent nest abandonment, a Qualified Biologist shall survey within 500 feet of the proposed Project for nesting birds. If nests are found within the Project site or 500 feet from the Project then a Qualified Biologist shall establish a 50-foot buffer radius for nests of non-raptor bird species or a 300-foot buffer radius for raptor nests. A Qualified Biologist shall monitor the nesting birds and shall increase the buffer, through the Resident Engineer, if it is determined the birds are showing signs of unusual or distressed behavior that may be the result of Project activities. To prevent encroachment, the established buffer(s) shall be clearly marked by high visibility material. Surveys shall be conducted during periods of peak activity (early morning, dusk) and shall be of sufficient duration to observe movement patterns. Identified nests shall be reported to DFG. The buffer area shall be marked with high visibility material, protected from work activities and avoided until the young have fledged, as determined by a Qualified Biologist. During work, should birds indicate unusual or distressed behavior that could be indicative of future nest abandonment, a Qualified Biologist shall stop work immediately, through the Resident Engineer, and consult DFG on how to proceed.

2.4 Within 48 hours prior to construction, a Qualified Biologist shall conduct a wildlife survey, at the appropriate time of day, focusing on presence of Western pond turtle (*Clemmys marmorata*) and Foothill yellow legged frog (*Rana boylei*). If any Western pond turtles or Foothill yellow legged frogs are found, a Qualified Biologist shall relocate the animal downstream of the project site in appropriate habitat.

2.5 A Qualified Biologist shall conduct a habitat assessment for potentially suitable bat roosting habitat, including within the open expansion joints of the bridge and trees, March 1 to April 15 or August 31 to October 15 prior to bridge construction activities. If the habitat assessment reveals the bridge structure is

suitable roosting habitat for bats, then appropriate exclusionary measures will be implemented prior to bridge construction during the period between March 1 to April 15 or August 31 to October 15. Potential avoidance efforts may include exclusionary blocking or filling potential roosting cavities with foam, visual monitoring, and staging project work to avoid bats. If bats are known to use the bridge structure, exclusion netting shall not be used. If the habitat assessment reveals suitable bat habitat within trees, and tree removal is scheduled from April 16 through August 30 and/or October 16 through February 28, then presence/absence surveys shall be conducted two to three days prior to any tree removal or trimming. If presence/absence surveys are negative, then tree removal may be conducted by following a two-phased tree removal system. If presence/absence surveys indicate bat occupancy, then the occupied trees shall only be removed from March 1 through April 15 and/or August 31 through October 15 by following the two-phased tree removal system. The two-phased removal system shall be conducted over 2 consecutive days. The first day (in the afternoon), limbs and branches are removed by a tree cutter using chainsaws or other hand tools only. Limbs with cavities, crevices, or deep bark fissures are avoided, and only branches or limbs without those features are removed. On the second day, the entire tree shall be removed.

2.6 If any wildlife is encountered during the course of project activities, said wildlife shall be allowed to leave the area unharmed and on their own volition.

2.7 The Resident Engineer or designated representative and a Qualified Biologist shall be onsite during dewatering and aquatic species relocation activities. Capture and relocation shall be conducted in a manner that minimizes stress and injury to captured animals. Capture methods may include dip nets. All nets shall be made of a soft braded nylon material that is non-abrasive. Electrofishing shall be used as a last resort. A relocation site shall be identified and the most direct transportation route shall be determined prior to any capture. The number of animals captured and moved at any one time shall be limited to the number that can be relocated without stress or injury. Prior to handling animals, all hands and equipment shall be wetted down with stream water and shall be free of any materials including hand sanitizers, sunscreen or insect repellent. No animals shall be handled with dry hands or dry equipment. Exclusionary netting or other barriers shall be used to prevent relocated animals from re-entering the dewatered work area. An aeration system shall be used in any live well or other holding facility. Dissolved oxygen levels shall be maintained above 8 parts per million. Water from the local collection site shall be used in live wells or other holding facilities during loading and transport. At no time shall chlorinated tap water be used. Water temperatures within any live well or other holding facility shall be kept at or below water temperature at the collection site. No non-native animals captured shall be returned to the stream or released alive.

2.8 Permittee shall comply with all applicable state and federal laws, including the California and Federal Endangered Species Act. This Agreement does not authorize the take of any state or federally endangered listed species. Liability for any take of

Notification #1600-2012-0159-R3
Streambed Alteration Agreement
Page 10 of 17

incidental take of such species remains the responsibility of the Permittee for the duration of the project. Any unauthorized take of listed species may result in prosecution and nullification of the Agreement.

2.9 The perimeter of the work site shall be adequately fenced using high visibility Environmentally Sensitive Area (ESA) fencing to prevent damage to adjacent riparian habitat. No construction activities, within the riparian zone, will be allowed within the habitat protected by the ESA fencing (this does not preclude activities from occurring on the bridge or deck work above the ESA area).

2.10 Permittee shall conduct work defined in the above project description, and within the project area, during periods of dry weather. The project area is defined as the bed, bank, channel, and associated riparian habitat. The Permittee shall monitor forecasted precipitation. When $\frac{1}{4}$ inch or more of precipitation is forecasted to occur, the Permittee shall stop work before precipitation commences. No activity of the project may be started if its associated erosion control measures cannot be completed prior to the onset of precipitation. After any storm event, the Permittee shall inspect all sites currently under construction and all sites scheduled to begin construction within the next 72 hours for erosion and sediment problems and take corrective action as needed. Seventy-two hour weather forecasts from National Weather Service shall be consulted and work shall not start back up until runoff ceases and there is less than a 30% forecast for precipitation for the following 24-hour period.

2.11 Permittee shall utilize erosion control measures throughout all phases of operation where sediment runoff from exposed slopes threatens to enter waterways. At no time shall silt laden runoff be allowed to enter the stream or directed to where it may enter the stream. Erosion control installations shall be monitored for effectiveness and shall be repaired or replaced as recommended by a Qualified Biologist or Water Quality Monitor to the Resident Engineer. As needed to prevent sediment transport, Permittee shall deploy soil stabilizer such as hydroseeding, netting, erosion control mats, mulch, fiber rolls, silt fences, check dams, and flow velocity dissipation devices. Permittee shall stabilize and equip construction site entrances and exits with tire washing capability. Materials containing monofilament or plastic shall not be used. Erosion and sediment control measures shall be installed prior to unseasonable rain storms.

2.12 To the extent practicable, Permittee shall leave the root masses of removed trees and shrubs in place. Disturbance or removal of vegetation shall not exceed the minimum necessary to complete operations.

2.13 To the extent practicable Permittee shall not remove oak trees. Oak trees within the project site that can be avoided shall be fenced along their drip line with high visibility ESA fencing.

2.14 Pending accessibility for maintenance activities, and roadway and bridge geometrics, biofiltration swales or strips shall be installed on both bridge approaches, and on both sides of the roadway, and maintained in perpetuity.

2.15 Permittee shall not permit the operation of equipment within the main channel of the Laguna de Santa Rosa at any time.

2.16 The site shall be dewatered as necessary to provide an adequately dry work area. Any muddy or otherwise contaminated water shall be pumped to a settling tank prior to re-entering the creek. Work site dewatering can be accomplished using pumps and or siphons.

2.17 Permittee shall design the horizontal directional drilling operation in such a way as to minimize the risk of spills of all types. Permittee shall use lower pressure and greater boring depths in areas with frac out potential. If the potential for frac out exists, the Permittee shall prepare a contingency plan to address the release of drilling lubricants. The frac out contingency plan shall include a containment and remediation plan, include staging location of vacuum trucks and equipment, equipment list, and necessary hose lengths. The contingency plan shall include emergency contact phone numbers for prompt response by biological monitors. Permittee shall call biological monitors as soon as a spill is suspected. Permittee shall notify the United State Fish and Wildlife Service (USFWS) and DFG in the event of a frac out. Permittee shall not resume project activities until the spill has been remediated and approval to resume has been granted by the USFWS and DFG.

2.18 If, as currently anticipated, utility relocation commences the year prior to bridge construction activities, all utility relocation will occur from the existing pavement, the existing dirt path on the northeast side of the highway, or from the proposed Alternative Access Route described in the Streambed Alteration Agreement Notification Package (Figure 1).

2.19 If the gradient of the streambed is altered during project operations, Permittee shall return its contours as close as possible to pre-project conditions. Pre-project condition shall be defined (e.g. by engineered plans, LIDAR, geomorphological cross-sections) and dated prior to the commencement of the project. Permittee shall be liable for restoration of contours to pre-project conditions in the event that subsequent erosion is caused by the project.

2.20 Concrete shall be excluded from surface water for a period of 30-days after it is poured/sprayed. During that time the concrete shall be kept moist and runoff from the concrete shall not be allowed to enter any water body. Commercial sealants may be applied to the concrete surface where difficulty in excluding flow for a long period may occur. If sealant is used, water shall be excluded from the site until the sealant is cured. If groundwater comes into contact with fresh concrete, it shall be prevented from flowing towards surface water.

2.21 Staging and storage areas for equipment, materials, fuels, lubricants and solvents, shall be located outside of the creek channel and banks. Stationary equipment such as motors, pumps, generators, compressors and welders, located within or adjacent to the creek shall be positioned over drip pans. Any equipment or vehicles driven and/or operated within or adjacent to the stream must be checked and maintained daily, to prevent leaks of materials that if introduced to water could be deleterious to aquatic life.

2.22 Refueling of mobile construction equipment and vehicles shall not occur within 50 feet of any water body, or anywhere that spilled fuel could drain to a water body. Refueling of stationary equipment requiring breakdown and setup to move will remain in place. All equipment shall be refueled with appropriate drip pans, absorbent pads, and water quality Best Management Practices. Equipment and vehicles operating in the project area shall be checked and maintained daily to prevent leaks of fuels, lubricants, or other liquids.

2.23 Permittee shall plan appropriately to ensure all work within DFG jurisdiction be completed by October 15 of each year. DFG will not grant work extensions beyond October 15 of each year.

3. Compensatory Measures

3.1 Permittee shall submit an Onsite Restoration Plan for temporary impacts within 3 months of the issuance of this Agreement. The Onsite Restoration Plan shall be based on the Tree Survey Results for the State Route 12 Laguna de Santa Rosa Bridge Replacement Project, prepared by CH2MHill, dated December 3, 2007 (Attachment 1). The Onsite Restoration plan shall include a plant palette of native species to be used, success criteria, a monitoring a reporting schedule, and corrective actions to be taken if mitigation measures do not meet the approved success criteria. All plantings shall be derived from locally available genotypes. The Permittee shall monitor the survival and vigor of onsite plantings for a period of 10 years to ensure attainment of 75% survivorship. Permittee shall control invasive species as needed to ensure attainment of 75% survivorship after 10 years.

3.2 At the issuance of this Agreement DFG has not approved an offsite mitigation location. At least 60 days prior to commencement of construction the Permittee shall submit a detailed North Coast Riparian Forest Habitat Mitigation Plan (Habitat Mitigation Plan) to DFG for review and written approval. The Habitat Mitigation Plan shall mitigate permanent north coast riparian forest habitat impacts at a minimum of a 3:1 acreage ratio. Mitigation shall be based on all trees regardless of diameter at breast height. The Habitat Mitigation Plan shall include proposed mitigation locations, a plant palette of native species to be used, success criteria, a monitoring a reporting schedule, and corrective actions to be taken if mitigation measures do not meet the approved success criteria. The Permittee shall monitor the survival and vigor of offsite plantings for a period of 10 years to ensure attainment of 75% survivorship. Offsite mitigation may

include a combination of habitat restoration, creation, enhancement, and/or preservation of habitat that will support a similar plant community to that found at the project site, including but not limited to the following species: red willow; valley oak; coast live oak; California walnut, black oak; California rose; arroyo willow; Oregon ash; blue elderberry, and hawthorn. The Habitat Mitigation Plan shall be based on the Tree Survey Results for the State Route 12 Laguna de Santa Rosa Bridge Replacement Project, prepared by CH2MHill, dated December 3, 2007 (Attachment 1).

CONTACT INFORMATION

Any communication that Permittee or DFG submits to the other shall be in writing and any communication or documentation shall be delivered to the address below by U.S. mail, fax, or email, or to such other address as Permittee or DFG specifies by written notice to the other:

To Permittee:

LIABILITY

Permittee shall be solely liable for any violations of the Agreement, whether committed by Permittee or any person acting on behalf of Permittee, including its officers, employees, representatives, agents or contractors and subcontractors, to complete the project or any activity related to it that the Agreement authorizes.

This Agreement does not constitute DFG's endorsement of, or require Permittee to proceed with the project. The decision to proceed with the project is Permittee's alone.

SUSPENSION AND REVOCATION

DFG may suspend or revoke in its entirety the Agreement if it determines that Permittee or any person acting on behalf of Permittee, including its officers, employees, representatives, agents, or contractors and subcontractors, is not in compliance with the Agreement.

Before DFG suspends or revokes the Agreement, it shall provide Permittee written notice by certified or registered mail that it intends to suspend or revoke. The notice shall state the reason(s) for the proposed suspension or revocation, provide Permittee an opportunity to correct any deficiency before DFG suspends or revokes the Agreement, and include instructions to Permittee, if necessary, including but not limited to a directive to immediately cease the specific activity or activities that caused DFG to issue the notice.

ENFORCEMENT

Nothing in the Agreement precludes DFG from pursuing an enforcement action against Permittee instead of, or in addition to, suspending or revoking the Agreement.

Nothing in the Agreement limits or otherwise affects DFG's enforcement authority or that of its enforcement personnel.

OTHER LEGAL OBLIGATIONS

This Agreement does not relieve Permittee or any person acting on behalf of Permittee, including its officers, employees, representatives, agents, or contractors and subcontractors, from obtaining any other permits or authorizations that might be required under other federal, state, or local laws or regulations before beginning the project or an activity related to it.

This Agreement does not relieve Permittee or any person acting on behalf of Permittee, including its officers, employees, representatives, agents, or contractors and subcontractors, from complying with other applicable statutes in the FGC including, but not limited to, FGC sections 2050 et seq. (threatened and endangered species), 3503 (bird nests and eggs), 3503.5 (birds of prey), 5650 (water pollution), 5652 (refuse disposal into water), 5901 (fish passage), 5937 (sufficient water for fish), and 5948 (obstruction of stream).

Nothing in the Agreement authorizes Permittee or any person acting on behalf of Permittee, including its officers, employees, representatives, agents, or contractors and subcontractors, to trespass.

AMENDMENT

DFG may amend the Agreement at any time during its term if DFG determines the amendment is necessary to protect an existing fish or wildlife resource.

Permittee may amend the Agreement at any time during its term, provided the amendment is mutually agreed to in writing by DFG and Permittee. To request an amendment, Permittee shall submit to DFG a completed DFG "Request to Amend Lake or Streambed Alteration" form and include with the completed form payment of the corresponding amendment fee identified in DFG's current fee schedule (see Cal. Code Regs., tit. 14, § 699.5).

TRANSFER AND ASSIGNMENT

This Agreement may not be transferred or assigned to another entity, and any purported transfer or assignment of the Agreement to another entity shall not be valid or effective, unless the transfer or assignment is requested by Permittee in writing, as specified below, and thereafter DFG approves the transfer or assignment in writing.

The transfer or assignment of the Agreement to another entity shall constitute a minor amendment, and therefore to request a transfer or assignment, Permittee shall submit to DFG a completed DFG "Request to Amend Lake or Streambed Alteration" form and include with the completed form payment of the minor amendment fee identified in DFG's current fee schedule (see Cal. Code Regs., tit. 14, § 699.5).

EXTENSIONS

In accordance with FGC section 1605(b), Permittee may request one extension of the Agreement, provided the request is made prior to the expiration of the Agreement's term. To request an extension, Permittee shall submit to DFG a completed DFG "Request to Extend Lake or Streambed Alteration" form and include with the completed form payment of the extension fee identified in DFG's current fee schedule (see Cal. Code Regs., tit. 14, § 699.5). DFG shall process the extension request in accordance with FGC 1605(b) through (e).

If Permittee fails to submit a request to extend the Agreement prior to its expiration, Permittee must submit a new notification and notification fee before beginning or continuing the project the Agreement covers (Fish & G. Code, § 1605, subd. (f)).

EFFECTIVE DATE

The Agreement becomes effective on the date of DFG's signature, which shall be: 1) after Permittee's signature; 2) after DFG complies with all applicable requirements under the California Environmental Quality Act (CEQA); and 3) after payment of the applicable FGC section 711.4 filing fee listed at http://www.dfg.ca.gov/habcon/ceqa/ceqa_changes.html.

TERM

Notification # 1600-2012-0158 RJ
Streambed Alteration Agreement
Page 16 of 17

This Agreement shall expire on December 31, 2017, unless it is terminated or extended before then. All provisions in the Agreement shall remain in force throughout its term. Permittee shall remain responsible for implementing any provisions specified herein to protect fish and wildlife resources after the Agreement expires or is terminated, as FGC section 1605(a)(2) requires.

AUTHORITY

If the person signing the Agreement (signatory) is doing so as a representative of Permittee, the signatory hereby acknowledges that he or she is doing so on Permittee's behalf and represents and warrants that he or she has the authority to legally bind Permittee to the provisions herein.

AUTHORIZATION

This Agreement authorizes only the project described herein. If Permittee begins or completes a project different from the project the Agreement authorizes, Permittee may be subject to civil or criminal prosecution for failing to notify DFG in accordance with FGC section 1602.

BY THE EXECUTIVE OFFICER:

- 1. On May 30, 2012, the North Coast Regional Water Quality Control Board (Regional Water Board) received an application from the California Department of Transportation (Caltrans), requesting Federal Clean Water Act (CWA), section 401, Water Quality Certification (certification) for activities related to the proposed Highway 12 – Laguna de Santa Rosa Project (project).
2. The proposed project is located in Sonoma County on State Route 12 (SR12) between post miles (PM) 9.2 and 10.0. The purpose of the project is to replace the existing, deteriorating two-lane bridge with a new two-lane bridge built to current design standards.

- period (approximately July 2013 through October 2013) and the bridge replacement phase would occur over a two-year period (approximately June 2013 through December 2015).
3. Caltrans has determined that the proposed project would result in 0.04 acres of permanent impacts to U.S. wetlands and 70 linear feet (0.01 acres) of permanent impacts to Other Waters of the U.S. (Laguna de Santa Rosa). The proposed project would also permanently impact approximately 0.57 acres (317 linear feet) of riparian vegetation.
 4. Caltrans has determined that the proposed project would result in 0.26 acres (11,361 feet²) of temporary impacts to U.S. wetlands, 68 linear feet (0.45 acres, 25,069 feet²) of temporary impacts to Other Waters of the U.S. (Laguna de Santa Rosa), and 21 linear feet (0.004 acres, 160 feet²) of temporary impacts to Other Waters of the U.S. that are tributary to the Laguna de Santa Rosa. The project would also result in approximately 0.80 acres (425 linear feet) of temporary impacts to riparian vegetation.
 5. On-site mitigation for temporary impacts to jurisdictional wetlands and waters would include re-vegetation and monitoring of disturbed areas. Mitigation for permanent and temporary wetland impacts would be provided by purchase of 0.5 acres of mitigation bank credits. Off-site mitigation for permanent impacts to riparian habitat would involve restoration of approximately 1.7 acres of riparian habitat in the Laguna de Santa Rosa watershed.
 6. Project implementation would result in approximately 0.55 acres of new and 0.26 acres of reworked impervious surface area (0.81 acre treatment obligation). Caltrans has proposed using a vegetated filter strip to treat 0.31 acres of impervious area. Because Caltrans was unable to reduce the filter strip slope and thereby increase treatment performance, a fifty percent treatment credit will be given (0.155 acres). Additionally, because Caltrans cannot provide treatment of impervious area for direct discharges to the Laguna de Santa Rosa, an additional 0.50 acres of stormwater treatment shall be required. Caltrans will off-set the overall treatment deficit of 1.31 acres by using treatment credits from the Caltrans-funded Sonoma County Fairground low impact development (LID) retrofit project. Caltrans currently holds 2.23 acres of treatment credit from the LID retrofit Project and 0.92 acres of treatment credit would remain after applying the treatment credit for this project.
 7. The proposed project would be divided into utility relocation and bridge replacement phases. The utility relocation phase would occur over a one year period (approximately July 2013 through October 2013) and the bridge replacement phase would occur over a two-year period (approximately June 2013 through December 2015). The project would result in approximately 3.2 acres of disturbed soil area. Caltrans will prepare a Stormwater Pollution Prevention Plan detailing Best Management Practices to control pollution from the project area during construction. All disturbed areas within the project will be appropriately stabilized and/or replanted with appropriate native vegetation.
 8. Caltrans received authorization from the U.S. Army Corps of Engineers on January 11, 2013, to implement the project under Nationwide Permit Nos. 12 (*utility line*

activities) and 14 (*linear transportation projects*) pursuant to Clean Water Act, section 404. Caltrans has also entered into a 1602 Streambed Alteration Agreement with the California Department of Fish and Game. On May 10, 2010, Caltrans, acting as lead agency, certified a Negative Declaration for the proposed project in order to comply with the California Environmental Quality Act (CEQA) (State Clearing House No. 2008012074). The Regional Water Board has considered the environmental documentation, including any proposed changes, and incorporates any avoidance, minimization, and mitigation measures into the project as a condition of approval to avoid significant affects to the environment.

9. The Laguna de Santa Rosa watershed is listed on the Clean Water Act section 303(d) list as impaired for sediment, temperature, nitrogen, phosphorus, indicator bacteria, dissolved oxygen, and mercury. In addition, activities that impact the riparian zone and reduce riparian vegetation are identified as sources contributing to increased stream temperatures. A focus on measures to reduce sediment discharges to surface waters from construction areas, and measures to avoid, minimize, and mitigate impacts on riparian zones is essential for achieving TMDL, Basin Plan, and CEQA compliance.
10. Pursuant to Regional Water Board Resolution R1-2004-0087, Total Maximum Daily Load Implementation Policy Statement for Sediment-Impaired Receiving Waters within the North Coast Region (Sediment TMDL Implementation Policy), the Executive Officer is directed to "rely on the use of all available authorities, including existing regulatory standards, and permitting and enforcement tools to more effectively and efficaciously pursue compliance with sediment-related standards by all dischargers of sediment waste."
11. Pursuant to Regional Water Board Resolution R1-2012-0013, Implementation of the Water Quality Objective for Temperature in the North Coast Region (Temperature Implementation Policy), Regional Water Board staff is directed to address factors that contribute to elevated water temperatures when issuing 401 certifications or WDRs (permits) for individual projects. Any permit should be consistent with the assumptions and requirements of temperature shade load allocations in areas subject to existing temperature TMDLs, including EPA- established temperature TMDLs, as appropriate. If applicable, any permit or order should implement similar shade controls in areas listed as impaired for temperature but lacking a TMDL and region-wide as appropriate and necessary to prevent future impairments and to comply with the intrastate temperature objective.
12. The federal antidegradation policy requires that state water quality standards include an antidegradation policy consistent with the federal policy. The State Water Board established California's antidegradation policy in State Water Board Resolution No. 68-16. Resolution No. 68-16 incorporates the federal antidegradation policy where the federal policy applies under federal law. Resolution No. 68-16 requires that existing quality of waters be maintained unless degradation is justified based on specific findings. The Regional Water Board's Basin Plan implements, and incorporates by reference, both the State and federal antidegradation policies. This certification is consistent with applicable federal and State antidegradation policies, as it does not authorize the discharge of increased concentrations of pollutants or increased volumes of treated wastewater, and does not otherwise authorize degradation of the waters affected by this project.

CDOT – HWY 12
 Laguna de Santa Rosa Bridge Replacement
 WDID No. 1B12122WNSO

- 2 -

February 7, 2013

13. To ensure compliance with Water Quality Objectives within the Basin Plan, adequate wetland and riparian protection and stringent requirements to avoid, minimize, and mitigate the sediment and temperature impacts associated with the proposed project will be incorporated as enforceable conditions in this Water Quality Certification. In addition, Caltrans will be required to conduct surface water monitoring, sampling, and analysis in accordance with the conditions of the Water Quality Certification. Additionally, storm water runoff monitoring, sampling, and analysis will be conducted as required by the State Water Resources Control Board (SWRCB) National Pollutant Discharge Elimination System (NPDES) Permit for Storm Water Discharges from the State of California, Department of Transportation (Caltrans) Properties, Facilities and Activities Order No. 99 – 06 - DWQ. The surface water data collected will be utilized to assess the adequacy of BMPs during construction as well as site specific mitigation measures proposed to minimize impacts to the environment, including sediment and temperature impacts.
14. This discharge is also regulated under State Water Resources Control Board Order No. 2003-0017-DWQ, "General Waste Discharge Requirements for Dredge and Fill Discharges That Have Received State Water Quality Certification," which requires compliance with all conditions of this certification.

Receiving Waters: Laguna de Santa Rosa in Russian River Hydrologic Unit No. 1114

Filled and/or
 Excavated Areas: Permanent – streams (Waters of U.S.): 70 linear feet (0.01 acres)
 Permanent – wetlands (Waters of U.S.): 0.04 acres
 Permanent – riparian areas (Waters of State): 0.57 acres (317 linear feet)
 Temporary – streams (Waters of U.S.): 89 linear feet (0.46 acres)
 Temporary – wetlands (Waters of U.S.): 0.26 acres
 Temporary – riparian Areas (Waters of State): 0.80 acres (425 linear feet)

Dredge Volume : None

Fill Volume : Permanent - 972 cubic yards
 Temporary – 2,790 cubic yards

Mitigation proposed: On-site: Restoration of 89 linear feet of jurisdictional waters and 0.26 acres of jurisdictional wetlands
 Off-site: 1.7 acres of riparian habitat restoration and purchase of 0.5 acres of wetland mitigation bank credit

Latitude/Longitude: 38.40348 / -122.81616

Accordingly, based on its independent review of the record, the Regional Water Board certifies that the Caltrans – Highway 12 Laguna de Santa Rosa Bridge Replacement Project (WDID No. 1B12122WNSO), as described in the application will comply with sections 301,

302, 303, 306 and 307 of the Clean Water Act, and with applicable provisions of state law, provided that the Caltrans complies with the following terms and conditions:

All conditions of this certification apply to Caltrans (and all its employees) and all contractors (and their employees), sub-contractors (and their employees), and any other entity or agency that performs activities or work on the project (including the off-site mitigation lands) as related to this Water Quality Certification.

1. This certification action is subject to modification or revocation upon administrative or judicial review, including review and amendment pursuant to Water Code section 13330 and title 23, California Code of Regulations, section 3867.
2. This certification action is not intended and shall not be construed to apply to any discharge from any activity involving a hydroelectric facility requiring a Federal Energy Regulatory Commission (FERC) license or an amendment to a FERC license unless the pertinent certification application was filed pursuant to title 23, California Code of Regulations, section 3855, subdivision (b) and the application specifically identified that a FERC license or amendment to a FERC license for a hydroelectric facility was being sought.
3. The validity this certification is conditioned upon total payment of any fee required under title 23, California Code of Regulations, section 3833, and owed by the applicant.
4. All conditions required by this certification shall be included in the Plans and Specifications prepared by Caltrans for the Contractor. In addition, Caltrans shall require compliance with all conditions included in this certification in the bid contract for this project.
5. Caltrans shall provide a copy of this certification and State Water Resources Control Board (SWRCB) Order No. 2003-0017-DWQ (web link referenced below) to the contractor and all subcontractors conducting the work, and require that copies remain in their possession at the work site. Caltrans shall be responsible for work conducted by its contractor or subcontractors.
6. For both the utility relocation and bridge replacement contracts, the Regional Water Board shall be notified in writing each year at least five working days (working days are Monday – Friday) prior to the commencement of ground disturbing activities, water diversion activities or construction activities with details regarding the construction schedule. The notification will allow Regional Water Board staff to be present on-site during installation and removal activities, and to answer any public inquiries that may arise regarding the project. Caltrans shall provide Regional Water Board staff access to the project site to document compliance with this certification.
7. The Resident Engineer (or appropriately authorized agent) shall hold on-site water quality permit compliance meetings (similar to tailgate safety meetings) to discuss permit compliance, including instructions on violation avoidance and violation reporting procedures. The meetings shall be held at least every other week, before forecasted storm events, and when a new contractor or subcontractor arrives to begin work at the site. The contractors, subcontractors and their employees, as well as any inspectors or monitors assigned to the project, shall be present at the meetings. Caltrans shall maintain dated sign-in sheets for attendees at these meetings, and shall make them available to the Regional Water Board on request.

8. All activities and best management practices (BMPs) shall be implemented according to the submitted application materials (dated May 2012 and October 2012) and the findings and conditions of this certification. BMPs for erosion, sediment, turbidity and pollutant control shall be implemented and in place at commencement of, during, and after any ground clearing activities, construction activities, or any other project activities that could result in erosion, sediment, or other pollutant discharges to waters of the State. The BMPs shall be implemented in accordance with the Caltrans Construction Site Best Management Practice Manual (CCSBMPM) and all contractors and subcontractors shall comply with the CCSBMPM. In addition, BMPs for erosion and sediment control shall be utilized year round, regardless of season or time of year. Caltrans shall stage erosion and sediment control materials at the work site. All BMPs shall be installed properly and in accordance with the manufacturer's specifications. If the project Resident Engineer elects to install alternative BMPs for use on the project, Caltrans shall submit a proposal to Regional Water Board staff for review and concurrence.
9. Caltrans shall prioritize the use of wildlife-friendly biodegradable (not photo-degradable) erosion control products wherever feasible. Caltrans shall not use or allow the use of erosion control products that contain synthetic netting for permanent erosion control (i.e. erosion control materials to be left in place for two years or after the completion date of the project). If Caltrans finds that erosion control netting or products have entrapped or harmed wildlife, personnel shall remove the netting or product and replace it with wildlife-friendly biodegradable products. Caltrans shall not use or allow the use of erosion control products that contain synthetic materials within waters of the United States or waters of the State at any time. Caltrans shall request approval from the Regional Water Board if an exception from this requirement is needed for a specific location.
10. Herbicides and pesticides shall not be used within the project. If Caltrans has a compelling case as to why herbicides and pesticides should be used, they may submit a request along with a BMP plan to the Executive Officer of the Regional Water Board for review, consideration, and concurrence.
11. Work in flowing or standing surface waters, unless otherwise proposed in the project description and approved by the Regional Water Board, is prohibited. If construction dewatering of groundwater is found to be necessary, Caltrans shall use a method of water disposal other than disposal to surface waters (such as land disposal) or Caltrans shall apply for coverage under the Low Threat Discharge Permit or an individual National Pollutant Discharge Elimination System (NPDES) Permit and receive notification of coverage to discharge to surface waters, prior to the discharge.
12. Caltrans is prohibited from discharging waste to waters of the State, unless explicitly authorized by this certification. For example, no debris, soil, silt, sand, bark, slash, sawdust, rubbish, cement or concrete or concrete washings, welding slag, oil or petroleum products, or other organic or earthen material from any construction or associated activity of whatever nature, other than that authorized by this certification, shall not be allowed to enter into waters of the State. Except for temporary stockpiling of waste generated during demolition operations ("temporary" in this instance means generated and removed during the same working day), waste materials shall not be placed within 150 linear feet of waters of the State or where the materials may be

washed by rainfall into waters of the State. Exceptions to the 150-foot limit may be granted on a case-by-case basis provided Caltrans first submits a proposal in writing that is found acceptable by Regional Water Board staff or the Regional Water Board liaison to Caltrans.

13. Caltrans shall implement a demolition debris containment plan to prevent demolition waste from entering State waters. The strategy may be detailed either in the SWPPP submitted with the Notice of Intent for the bridge construction contract or submitted separately to the Water Board. Demolition shall not commence until the demolition plan has been found acceptable to Water Board staff or the Caltrans liaison to the Regional Water Board.
14. Caltrans shall submit, subject to review and concurrence by the Regional Water Board staff or Caltrans liaison to the Regional Water Board, a dewatering and/or diversion plan that appropriately describe the dewatered or diverted areas and how those areas will be handled during construction. The diversion/dewatering plans shall be submitted no later than 30 days prior to conducting the proposed activity. Information submitted shall include the area or work to be diverted or dewatered and method of the proposed activity. All diversion or dewatering activities shall be designed to minimize the impact to waters of the State and maintain natural flows upstream and downstream. All dewatering or diversion structures shall be installed in a manner that does not cause sedimentation, siltation or erosion upstream or downstream. All dewatering or diversion structures shall be removed immediately upon completion of project activities.
15. In-channel work, including removal of stream diversion structures, shall only be conducted between June 15 and October 15; extensions shall not be granted. This certification does not authorize Caltrans to draft surface waters.
16. Fueling, lubrication, maintenance, storage and staging of vehicles and equipment shall be prohibited within waters of the State. Fueling of individual equipment types within waters of the State may be authorized if Caltrans first prepares a fueling plan that:
 - 11) Identifies the specific piece of machinery that may require fueling within waters of the State;
 - 12) Provides justification for the need to refuel within State waters. The justification shall describe why fueling outside of jurisdictional waters is infeasible; and
 - 13) Includes a narrative of specific BMPs that shall be employed to prevent and capture fuel releases.

Fueling of equipment within waters of the State shall be prohibited until the above mentioned plan has been approved by Regional Water Board staff or the Regional Water Board liaison for Caltrans. The fueling plan may be submitted individually, included in the project Storm Water Pollution Prevention Plan (SWPPP), or submitted as a SWPPP amendment.

17. Fueling, lubrication, maintenance, storage and staging of vehicles and equipment shall not result in a discharge or a threatened discharge to any waters of the State or the U.S. At no time shall Caltrans use any vehicle or equipment which leaks any substance that may impact water quality.

18. Caltrans shall implement appropriate BMPs to prevent the discharge of equipment fluids to the stream channel. The minimum requirements shall include: storing hazardous materials at least 150 linear feet outside of the stream banks; checking equipment for leaks and preventing the use of equipment with leaks; and pressure washing or steam cleaning equipment to remove fluid residue on any of its surfaces prior to its entering any stream channel in a manner that does not result in a discharge to waters of the State.
 19. If, at any time, an unauthorized discharge to surface water (including wetlands, rivers or streams) occurs, or any other water quality problem arises, the associated project activities shall cease immediately until adequate BMPs are implemented. The Regional Water Board shall be notified promptly and in no case more than 24 hours after the unauthorized discharge or water quality problem arises.
 20. Caltrans and their contractor are not authorized to discharge wastewater (e.g., water that has contacted uncured concrete or cement, or asphalt) to surface waters, ground waters, or land. Wastewater may only be disposed of to a sanitary waste water collection system/facility (with authorization from the facility's owner or operator) or a properly-licensed disposal or reuse facility. If Caltrans or their contractor proposes an alternate disposal method, Caltrans or their contractor shall request authorization from the Regional Water Board. Plans to reuse or recycle wastewater require written approval from Regional Water Board staff.
 21. Concrete shall be excluded from surface water for a period of 30-days after it is poured/sprayed. During that time the concrete shall be kept moist and runoff from the concrete shall not be allowed to enter any water body. Commercial sealants may be applied to the concrete surface where difficulty in excluding flow for a long period may occur. If sealant is used, water shall be excluded from the site until the sealant is cured. If groundwater comes into contact with fresh concrete, it shall be prevented from flowing towards surface water.
 22. Caltrans shall provide analysis and verification that placing non-hazardous waste or inert materials (which may include discarded product or recycled materials) will not result in degradation of water quality, human health, or the environment. All project-generated waste shall be handled, transported, and disposed in strict compliance with all applicable State and Federal laws and regulations. When operations are complete, any excess material or debris shall be removed from the work area and disposed of properly and in accordance with the Special Provisions for the project and/or Standard Specification 7-1.13, Disposal of Material Outside the Highway Right of Way. Within 30 days of disposing of materials off-site Caltrans shall submit to the Regional Water Board the satisfactory evidence provided to the Caltrans Engineer by the Contractor referenced in Standard Specification 7-1.13. In accordance with State and Federal laws and regulations, Caltrans is liable and responsible for the proper disposal of waste generated by their project.
 23. All imported fill material shall be clean and free of pollutants. All fill material shall be imported from a source that has the appropriate environmental clearances and permits. The reuse of low-level contaminated solids as fill on-site shall be performed in accordance with all State and Federal policies and established guidelines and must be submitted to the Regional Water Board for review and concurrence.
-

24. Gravel bags used within the Laguna de Santa Rosa shall meet the gravel specifications described below in condition number 25. Gravel bag fabric shall be nonwoven polypropylene geotextile (or comparable polymer) and shall conform to the following requirements:
- 11) Mass per unit area, grams per square meter, min ASTM Designation: D 5261 – 270
 - 12) Grab tensile strength (25-mm grip), kilonewtons, min. ASTM Designation: D4632* 0.89
 - 13) Ultraviolet stability, percent tensile strength retained after 500 hours, ASTM Designation: D4355, xenon arc lamp method 70 or appropriate test method for specific polymer
 - 14) Gravel bags shall be between 600 mm and 800 mm in length, and between 400 mm and 500 mm in width.
 - 15) Yarn used in construction of the gravel bags shall be as recommended by the manufacturer or bag supplier and shall be of a contrasting color. The opening of gravel-filled bags shall be secured to prevent gravel from escaping. Gravel-filled bags shall be between 13 kg and 22 kg in mass.
 - 16) Caltrans shall request approval from the Regional Water Board if an exception from this requirement is needed for a specific location.
25. Gravel used in the construction of the temporary Laguna de Santa Rosa access pad shall:
- 11) Consist of mechanically-rounded and washed, and/or river run gravel obtained from a river or creek bed;
 - 12) Be clean, hard, sound, durable, uniform in quality, and free of disintegrated material, organic matter, or other deleterious substances;
 - 13) Be composed entirely of particles that have no more than one fractured face;
 - 14) Have a cleanliness value of at least 85, using the Cleanness Value Test Method for California Test No. 227; and
 - 15) Have a diameter no less than 0.75 inches in diameter, and no greater than four inches in diameter.
26. The Laguna de Santa Rosa temporary access pad shall be completely removed on or before October 15. Extensions shall not be granted. Installation or removal of the temporary access pad shall not impact the form or substrate of the Laguna de Santa Rosa. Caltrans shall conduct pre- and post-surveys of the Laguna to ensure that installation or removal of the temporary access pad did not impact the Laguna's form or substrate. If Caltrans finds there was an impact, then the Laguna de Santa Rosa shall be restored to its previous conditions and documentation shall be provided to the Regional Water Board no later than 30 days from completion of the post-construction survey.
27. In order to demonstrate compliance with receiving water limitations and water quality objectives surface water monitoring shall be conducted. When conducting surface water monitoring Caltrans shall establish discharge, upstream (background) and downstream monitoring locations to demonstrate compliance with applicable water quality objectives. The downstream location shall be no more than 100 feet from the discharge location.

- 11) Surface water monitoring shall be conducted whenever a project activity is conducted within waters of the State (e.g. including but not limited to the installation, use or removal of stream diversions, pile installations, and cofferdams). Measurements and observations shall be collected from each sampling location four times daily.
- 12) Surface water monitoring shall be conducted immediately when any project activity has mobilized sediment or other pollutants resulting in a discharge and/or has the potential to alter background conditions within waters of the State (including but not limited to storm water runoff, concrete discharges, leaks, and spills.). The continuing frequency is contingent upon results of field measurements and applicable water quality objectives.

Surface water monitoring field measurements shall be taken for pH and turbidity. In addition, visual observations of each location shall be documented daily for each established monitoring location and monitoring event and include the estimate of flow, appearance of the discharge including color, floating or suspended matter or debris, appearance of the receiving water at the point of discharge (occurrence of erosion and scouring, turbidity, solids deposition, unusual aquatic growth, etc.), and observations about the receiving water, such as the presence of aquatic life. If a project activity has reached a steady state and is stable, then Caltrans may request a temporary reprieve from this condition from the Regional Water Board until an activity or discharge triggers the monitoring again.

- 28. Whenever, as a result of project activities (in-stream work or a discharge to receiving waters), downstream measurements exceed any water quality objective 100 feet downstream of the source(s) all necessary steps shall be taken to install, repair, and/or modify BMPs to control the source(s). The frequency of surface water monitoring shall increase to hourly and shall continue until measurements demonstrate compliance with water quality objectives for each parameter listed below and measured levels are no longer increasing as a result of project activities. In addition, the overall distance from the source(s) to the downstream extent of the exceedence of water quality objectives shall be measured.

Monitoring results shall be reported to appropriate Regional Water Board staff person by telephone within 24 hours of taking any measurements that exceed the limits detailed below (only report turbidity if it is higher than 20 NTU).

pH	<6.5 or >8.5 (any changes >0.5 units)
turbidity	20% above natural background

Monitoring results and upstream and downstream pictures within the working and/or disturbed area and discharge location shall be taken and submitted to the appropriate Regional Water Board staff within 24 hours of the incident. All other monitoring data documenting compliance with water quality objectives shall be reported on a monthly basis and is due to the Regional Water Board by the 15th of the following month.

- 29. Post Storm Event Reports:

- 11) Once the project has begun ground-disturbing activities, and subsequent to a qualifying rain event that exceeds 0.5-inches of precipitation, Caltrans shall inspect the project within 24 hours and take photos of all discharge locations, and disturbed areas, including all excess materials disposal areas, in order to demonstrate that erosion control and revegetation measures are present and have been installed appropriately and are functioning effectively. A brief report containing these photos, corrective actions (if necessary), and any surface water monitoring results collected pursuant to this Order or the Construction General Permit (SWRCB Order 2009-009 DWQ) shall be submitted to the Regional Water Board within 10 days after the end of the qualifying rain event. Inspections are required daily during extended rain events. Once the project site is stable, in a steady state (channel- ground- or vegetation-disturbing activities have ceased), and has demonstrated sufficient and effective erosion and sediment control, Caltrans may request a reprieve from this condition from the Regional Water Board. At least one post-construction inspection is required to demonstrate sufficient and effective erosion and sediment control and compliance with the Basin Plan.
 - 12) Rain events are periods of precipitation that that are separated by more than 48-hours of dry weather. Rainfall amounts may be taken from on-site rain gauges, from the nearest California Data Exchange Center station (<http://cdec.water.ca.gov>), or by a custom method or station approved by Regional Water Board staff.
30. Grubbing of vegetation shall not occur in areas of temporary impact, as identified in the application materials. Vegetation within these areas shall be cleared to no less than one inch from the soil surface.
 31. To avoid and minimize impacts, temporary access roads shall employ reinforcing fabric and temporary soil confinement systems when placed over jurisdictional wetlands and waters. Applicable road locations and crossing designs shall be consistent with the Water Pollution Control Details included in Attachment A of this certification.
 32. Caltrans shall submit a mitigation and monitoring plan (MMP) to address on-site and off-site mitigation measures for temporary and permanent project impacts to jurisdictional wetlands, waters, and riparian vegetation. Bridge replacement construction shall be prohibited until a MMP has been found acceptable to the Executive Officer. The MMP shall include:
 - 11) A proposal to revegetate and monitor all temporarily impacted jurisdictional waters and riparian areas. The proposal shall include:
 - a. A planting palette, planting plans, and proposed seed mixes;
 - b. Success criteria, including vigor, percent cover, percent invasive cover, and 75% survival of trees at the end of ten years. Final success criteria for wetland restoration may be considered at five years;
 - c. Corrective actions to be taken if mitigation measures do not meet the proposed success criteria;

- d. A plan to re-vegetate all temporarily impacted areas in the first full planting season (November to April) subsequent to the year construction is complete and erosion control is established in the impacted area. Caltrans shall include a plan to stabilize areas above the Laguna de Santa Rosa Ordinary High Water Mark using appropriate native soil-stabilizing species;
 - e. An invasive plant control plan;
 - f. A monitoring period of no less than ten years;
 - g. Photo-documentation; and
 - h. Annual reporting at the end of years 0 (as-built), 1, 3, 5, 7, 9, and 10. Caltrans shall propose report delivery deadlines;
- ii) A proposal to restore no less than 1.7 acres of riparian habitat in the Laguna de Santa Rosa watershed. Caltrans may partner with the Laguna de Santa Rosa Foundation to restore riparian habitat adjacent the north bank of Gravenstein Creek at "The Brown Farm," or, at an alternative site found acceptable to the California Department of Fish and Wildlife and the Regional Water Board. The proposal shall include:
- a. Mitigation goals;
 - b. A planting palette, planting plans, and proposed seed mixes;
 - c. A plan to implement the mitigation no later than Fall 2014;
 - d. Success criteria;
 - e. An invasive plant control plan;
 - f. Photo-documentation;
 - g. Corrective actions to be taken if mitigation measures do not meet the proposed success criteria;
 - h. A monitoring period of no less than ten years, and
 - i. Annual reporting at the end of years 0 (as-built), 1, 3, 5, 7, 9 and 10. Caltrans shall propose report delivery deadlines.

Project construction shall be prohibited until the MMP has been found acceptable to the Executive Officer. Utility relocation work may commence in advance of MMP acceptance provided specific activities and restoration measures related to the utility relocation activities are first submitted to and found acceptable by Regional Water Board staff or the Caltrans liaison to the Regional Water Board.

- 33. Prior to commencement of bridge construction, Caltrans shall submit confirmation of the purchase of credits equivalent to no less than 0.5 acres of seasonal wetland establishment from a United States Army Corps of Engineers-approved mitigation bank within the appropriate service area.
- 34. Caltrans shall install a compost-amended vegetated filter strip to treat roadway stormwater runoff. The strip shall be no less than 9,821 square feet, have a slope not greater than 25 percent, and be situated adjacent westbound SR12, approximately between post-miles 9.74 and 9.81. The strip shall be entered into the District's permanent stormwater treatment BMP database and monitored and maintained to ensure BMP efficacy.
- 35. In the event of any violation or threatened violation of the conditions of this certification, the violation or threatened violation shall be subject to any remedies, penalties, process or sanctions as provided for under applicable state or federal law.

- For the purposes of section 401(d) of the Clean Water Act, the applicability of any state law authorizing remedies, penalties, process or sanctions for the violation or threatened violation constitutes a limitation necessary to assure compliance with the water quality standards and other pertinent requirements incorporated into this certification. In response to a suspected violation of any condition of this certification, the State Water Board may require the holder of any federal permit or license subject to this certification to furnish, under penalty of perjury, any technical or monitoring reports the State Water Board deems appropriate, provided that the burden, including costs, of the reports shall bear a reasonable relationship to the need for the reports and the benefits to be obtained from the reports. In response to any violation of the conditions of this certification, the Regional Water Board may add to or modify the conditions of this certification as appropriate to ensure compliance.
36. The Regional Water Board may add to or modify the conditions of this Order, as appropriate, to implement any new or revised water quality standards and implementation plans adopted or approved pursuant to the Porter-Cologne Water Quality Control Act or section 303 of the Clean Water Act.
 37. This certification is not transferable. In the event of any change in control of ownership of land presently owned or controlled by the Applicant, the Applicant shall notify the successor-in-interest of the existence of this certification by letter and shall forward a copy of the letter to the Regional Water Board. The successor-in-interest must send to the Regional Water Board Executive Officer a written request for transfer of this certification to discharge dredged or fill material under this Order. The request must contain the following:
 - 11) requesting entity's full legal name;
 - 12) the state of incorporation, if a corporation;
 - 13) address and phone number of contact person; and
 - 14) a description of any changes to the project or confirmation that the successor-in-interest intends to implement the project as described in this Order.
 38. Except as may be modified by any preceding conditions, all certification actions are contingent on: a) the discharge being limited, and all proposed revegetation, avoidance, minimization, and mitigation measures being completed, in strict compliance with Caltrans' project description and CEQA documentation, as approved herein, b) Caltrans shall construct the project in accordance with the project described in the application and the findings above, and c) compliance with all applicable water quality requirements and water quality control plans including the requirements of the Water Quality Control Plan for the North Coast Region (Basin Plan), and amendments thereto. Any change in the design or implementation of the project that would have a significant or material effect on the findings, conclusions, or conditions of this Order must be submitted to the Executive Officer of the Regional Water Board for prior review, consideration, and written concurrence. If the Regional Water Board is not notified of a significant alteration to the project, it will be considered a violation of this Order, and Caltrans may be subject to Regional Water Board enforcement actions.

Scope of Work

Sonoma County Regional Parks

Laguna de Santa Rosa/Hwy 12 Bridge – Native Plant Plantings

Maintain and Monitor Vegetative Restoration 2018-2028

Task #1 SCRCP will assume responsibility for the maintenance of plantings on both sides of the highway on approximately less than 1 acre. This shall include monitoring the irrigation system, and weeding by hand around individual plants as well as mechanically between plants.

Task #2 SCRCP will monitor and maintain the condition and survival of the planting as needed to attain 75% survivorship/cover at end of years 2,3,5,7,9,10.

Task #3 SCRCP will replace plants with the same species and container size as those originally planted bi-annually as needed, to ensure 100% plant presence.

Task #4 SCRCP will conduct plants counts monthly and record dead and replaced plants in monthly logs. SCRCP will oversee and direct permanent and seasonal staff to conduct this work. Occasionally, Regional Parks will utilize volunteer groups if there is a specific task that requires a lower level of skill. Reports will be submitted by the end of the calendar year (December 31st) and will include an accounting of costs, a summary of site conditions, photographs and recommendations for any remedial actions.

Task 1.	Maintain and Weed Planting				
Years 2-5	\$20K/yr	x 4 yrs	\$80,000

Countywide

Title: FY 2018-19 ADA Paratransit Services Agreement

Recommended Actions:

Approve and authorize Chair to execute an Agreement with Sonoma County Volunteer Center for Countywide Americans with Disabilities Act (ADA) Paratransit Services for the period of July 1, 2018 through June 30, 2019, in an amount not to exceed \$2,333,292.

Executive Summary:

As a fixed-route transit operator, Sonoma County Transit is required to provide complementary Americans with Disabilities Act paratransit service within $\frac{3}{4}$ mile of all its routes during the same days and hours as its fixed-route service operates. To meet federal Americans with Disabilities Act requirements, all paratransit trip requests, made by eligible clients, must be provided regardless of trip purpose, cost or number of trips taken within any period of time.

Demand for Americans with Disabilities Act paratransit service has been steadily growing over the past five years with a projected 55% increase in paratransit trips taken when comparing projected FY 2017-18 (60,468 projected) with 2012-13 (39,111).

This action would renew the County's agreement with the Sonoma County Volunteer Center to provide countywide Americans with Disabilities Act (ADA)-compliant paratransit services. Under this agreement, the Volunteer Center will continue to serve as Sonoma County Transit's ADA paratransit services provider through FY 2018-19, under the name of "Sonoma County Paratransit".

Discussion:

The Volunteer Center has provided Americans with Disabilities Act paratransit service, on an annual basis, for Sonoma County since 2002. Prior to that time, the Volunteer Center provided general public dial-a-ride service for both Sonoma County and the city of Santa Rosa.

Under the Americans with Disabilities Act and its implementing regulations, fixed-route transit operators are required to provide complementary paratransit service within $\frac{3}{4}$ of a mile of their fixed-route service

during the same hours and days that fixed-route services are provided. All trip requests, made by eligible passengers, must be met regardless of their trip purpose. Operators are required to provide, at a minimum, all next-day requested trips.

The Americans with Disabilities Act requires transit operators to provide a sufficient level of paratransit service such that no eligible passenger is denied paratransit service due to capacity limitations. Transit operators that do not meet the required “no-denial” level of service jeopardize their federal funding eligibility and expose themselves to potential legal liability.

Within Sonoma County, there are approximately 4,300 individuals that have qualified and signed up for paratransit services. For many of these individuals, the services provided under this agreement are their sole access to on-going medical care, as well as social activities, shopping and educational opportunities. It is projected that Sonoma County Paratransit will provide 64,519 paratransit passenger trips during fiscal year 2018-19. Additionally, while paratransit services provided under this agreement serve qualified individuals of all ages, usage by seniors has been the primary demographic where increased demand for service is most evident.

Sonoma County Paratransit is operated with a fleet of 30 vehicles including: 20 minibuses, 4 accessible minivans, and 6 sedans. Eight new vehicles will replace eight retiring vehicles this spring. Vehicles are retired in accordance with Federal guidelines with regard to miles and years in service.

The proposed FY 2018-19 agreement permits an approximate 6.5% increase in paid service hours over the Volunteer Center’s FY 2017-18 agreement. A total of 59,904 paid driver hours (wheelchair accessible fleets) is budgeted, in addition to 4,500 volunteer driver hours (sedan fleet).

The proposed agreement provides for a maximum subsidy of \$2,333,292, reflecting a 5.71% increase over FY 2017-18’s agreement maximum of \$2,207,262. This is largely attributed to increased service hours and insurance costs associated with the new vehicles noted above. Sonoma County’s subsidy under this agreement compensates the Volunteer Center for its operating deficit. The operating deficit is the cost of services provided less passenger fares.

It should be noted that the Volunteer Center provides volunteer drivers to the County at no cost to support this service. Based on the Volunteer Center’s hourly rate, the annualized value of this volunteer service for FY 2018-19 is projected at \$110,160. Due to their scheduling flexibility, the Volunteer Center’s use of volunteer drivers has been a key contributor to achieving and maintaining a “no-denial” level of service. The ability to “right-size” the level of service each year due to changes in funding and/or passenger demand is a benefit of utilizing the Volunteer Center for this service.

The Volunteer Center is the preferred vendor based on their non-profit status, experience and that their use of volunteer drivers reduces the County’s overall operating costs and provides the back-up resources necessary to maintain the federally-required no-denial level of Americans with Disabilities Act paratransit service.

Prior Board Actions:

5/23/17 – Board approved agreement with Volunteer Center for FY 2017-18 Americans with Disabilities Act Paratransit Services in an amount not to exceed \$2,207,262. 05/24/16: Board approved Agreement with Volunteer Center for FY 2016/17 Americans with Disabilities Act Paratransit Services in an amount not to exceed \$1,917,115.

Strategic Plan Alignment Goal 1: Safe, Healthy, and Caring Community			
Provision of countywide Americans with Disabilities Act paratransit service, aligned with Sonoma County Transit's route network, provides local and intercity paratransit options for disabled persons residing and visiting Sonoma County.

2018-19 AGREEMENT BETWEEN THE COUNTY OF SONOMA AND VOLUNTEER CENTER OF SONOMA COUNTY FOR ADA PARATRANSIT SERVICES

The following is an Agreement, dated as of July 1, 2018 ("Effective Date"), made and entered into pursuant to the provisions of Section 99400(c) of the Public Utilities Code of the State of California, by and between the County of Sonoma, a political subdivision of the State of California, hereinafter referred to as "County," and Volunteer Center of Sonoma County, a nonprofit corporation, hereinafter referred to as "Center." For purposes of this Agreement, County and Center shall be jointly referred to as "Parties" or "the Parties" and singularly as "Party."

RECITALS

WHEREAS, Center and County wish to provide countywide ADA paratransit services on behalf of the Sonoma County Transit system.

NOW, THEREFORE, in consideration of the mutual covenants contained herein, the parties hereto agree as follows:

AGREEMENT

1. **SERVICES TO BE PROVIDED:** Center agrees to serve as the general Americans with Disabilities Act (ADA) paratransit operator for County and shall assume full responsibility and liability associated with ADA compliance as to such service. Paratransit service operated under this Agreement shall be referred to as "Sonoma County Paratransit", which will operate door-to-door demand-responsive paratransit services to ADA-eligible clients. This service is not meant to replace or compete with other public transportation services and will be coordinated with other providers as applicable.

Center will operate both a van and volunteer auto component which complement each other depending on demand and to obtain maximum operational efficiencies and effectiveness. The scope of services shall include:

- A. **"Base Agreement" Service Levels:** Center shall operate service during the same hours and days as Sonoma County Transit fixed-route service, except on holidays when no fixed-route service is provided (Easter, Thanksgiving Day, Christmas Day, New Year's Day, Memorial Day, Independence Day and Labor Day).

It is the goal to offer eligible clients pre-scheduled trips for up to seven days in advance with no trip denials. The budget anticipates the provision of approximately 64,404 hours of service (59,904 paid driver hours, 4,500 volunteer driver hours).

Unless additional services are authorized as allowed herein, Center shall provide services up to the "Base Agreement" amount stated herein.

- B. **Area Served:** The area served shall cover, at a minimum, the inter-city and intra-city corridors currently served by Sonoma County Transit throughout the County. This includes inter-city routes between the County's nine incorporated cities and local routes provided within Sebastopol, Rohnert Park, Cotati, Windsor, Healdsburg, Cloverdale, Sonoma Valley communities, and Monte Rio-Guerneville-Rio Nido. Demand responsive

services shall serve patrons within 3/4 of a mile on each side of these corridors and as otherwise required by the ADA.

- C. Center shall comply with all ADA requirements and regional requirements established by the Metropolitan Transportation Commission (MTC) as it pertains to the provision of ADA paratransit services. Eligibility for ridership, including that of accompanying individuals, shall be as determined by the ADA and regional MTC requirements, including certification from a qualified agency prior to making their first trip request.
- D. Discrimination: No form of discrimination shall be practiced by Center in determining the granting of services to eligible patrons. The system shall operate without preference to the type of trip requested. County residents as well as non-residents shall be eligible for service.
- E. Call Center Services: Center shall provide live telephone services weekdays from 8:00 a.m. to 5:00 p.m. and weekends from 9:00 a.m. to 5:00 p.m. Center shall provide a telephone answering system to record messages during off-hours..
- F. Driver Training and Licensing: Center shall provide drivers with appropriate training to provide safe, courteous, and ADA-compliant transportation. A copy of the training program and quarterly listing of drivers trained or retrained shall be provided to County. Paid drivers shall receive at least one hour of training per month and volunteer drivers must attend at least one training session per year to remain eligible as a driver. Center shall ensure that its full-time, paid drivers possess a valid Class B operator's license throughout the term of this Agreement. The preceding sentence notwithstanding, Center may hire and permit full-time, paid drivers with valid Class C licenses to operate vehicles requiring only a Class C license, provided that Center complies with each of the following requirements:
 - 1. Only those drivers in possession of valid Class B licenses are permitted to operate vehicles requiring a Class B license; and
 - 2. For a reasonable period of time following successful completion of a Class C-licensed drivers' "probationary" period with Center, Center shall provide reasonable assistance to enable said driver to obtain a valid Class B license.
- G. Trip Denial: It is the goal of this Agreement to provide a sufficient level of service such that all paratransit trips requested are provided. In the event a requested trip is denied (for any reason whatsoever) it shall be documented using the form contained in Exhibit "A" and emailed to Sonoma County Transit on the same day, or next business day should such a denial occur on a weekend day. Center shall not limit the number of trips granted to any eligible individual.
- H. Complaints: Complaints lodged to either party will be emailed to the respective party as soon as possible, utilizing the Complaint Form (Exhibit "B"). Center's publications shall include County's phone number (707) 585-7516 and indicate that complaints may be presented to County at this number.
- I. Waiting Lists and Reservations: The objective of this service is to provide demand-responsive services by no later than the next day after request. Center shall focus on

providing this type of response but may also offer subscription service up to 50% of the systems' capacity. Subscription services shall be defined as client reservations, on a regularly scheduled basis, taken for a period of up to seven (7) calendar days beyond the date of client's request for service.

Waiting lists are prohibited except for subscription services. If a trip cannot be fulfilled, it must be reported to County as a trip denial. Center shall, however, enforce a trip cancellation policy that requires scheduled clients to give adequate notice when cancellations are necessary, so that replacement trips can be scheduled.

Frequent client cancellations or unannounced cancellations may serve as grounds for eligibility suspension. Center shall inform County of any clients who are alleged to fall under this category.

- J. Coordination: Center shall coordinate with and accept transfers from other surrounding paratransit and fixed-route providers to facilitate expanded client travel options. County will work with Center to facilitate communication between operators in an effort to maximize operational efficiency and passenger convenience.
- K. Record Keeping: Center shall keep proper program records, including any required or requested by any funding or regulatory agency, and make them available for inspection. Records shall include, costs and ridership revenues reports, a description of actual services provided and results obtained. All operating costs must satisfy Transportation Development Act (TDA) eligibility and reporting requirements.
- L. Management: Center shall appoint a full-time Program Manager/Director to oversee, administer and maintain daily operations of services under this Agreement.
- M. Compliance: Center shall comply with all applicable federal, state, and local laws and regulations, including those associated with the TDA and State Transit Assistance (STA) programs as they pertain to the provision of public paratransit service. County has relied upon Center's representations regarding its professional ability and training as a material inducement to enter into this Agreement. Center hereby warrants that all its services will be performed in accordance with generally accepted professional practices and standards as well as the requirements of applicable federal, state, and local laws, it being understood that County's acceptance of Center's services shall not operate as a waiver or release.
- N. Safety Program: Center shall provide County with a written safety program that is provided to all Center's volunteers and employees. The safety program shall include safety policies and practices, accident prevention and reporting, and other training materials. Center is required to ensure that all drivers are properly trained and certified (as applicable), participate in the California Department of Motor Vehicles' Employer Pull Notice Program, and conduct driver safety training meetings (monthly for paid drivers, annually for volunteer drivers, at a minimum).
- O. Weekly Meetings: Center's Program Director will meet on a weekly basis to coordinate activities with County's Transit Systems Manager, or designee.

2. DUTIES OF COUNTY:

- A. Serve as lead agency in the administration of this Agreement.
 - B. Provide up to \$2,333,292 in funds, subject to the contingency described below (\$2,276,382 “Base Agreement” plus up to a 2.5% contingency (\$56,910) for additional services allowed under Section 7.)
 - C. Make payment in a timely manner as defined in this Agreement for all amounts due under this Agreement.
 - D. Prepare and submit to funding agencies the appropriate performance reports.
 - E. Assess the continuing need for the described service at least annually and evaluate the effectiveness and quality of services provided.
 - F. Monitor the performance of Center in meeting the terms of this Agreement.
 - G. Provide vehicle fuel, cleaning, and maintenance services at 355 West Robles Avenue, Santa Rosa (Sonoma County Bus Facility) to Center for all County-owned vehicles used in the provision of services under this Agreement.
 - H. Permit use of storage space at 355 West Robles Avenue, Santa Rosa (Sonoma County Bus Facility) for paratransit vehicles used in performance of this Agreement.
 - I. Maintain a client eligibility program.
 - J. Provide a computerized scheduling and dispatching system which shall be owned by County but maintained and operated by Center.
 - K. Meet with Center Program Manager on a weekly basis to coordinate activities.
 - L. Assist with acquisition of van fleet and provide temporary substitute vehicles if available and subject to additional terms as determined by County.
3. FUNDING FOR AGREEMENT: Center acknowledges that this Agreement is contingent on County obtaining required funds. Up to \$2,333,292 in County Article 8 TDA, STA, and local Measure M funds will be made available, subject to MTC and Sonoma County Transportation Authority approvals. **County’s and Center’s duties under this Agreement are contingent upon award of said funds.** No County General Fund monies will be made available under this Agreement.
4. COMPENSATION AND PAYMENT: Center will be paid an amount based on its operating deficit not to exceed the amounts stated herein. Operating deficit is defined as operating expense less the amount of fare and other non-TDA/STA/Measure M revenues. Operating expense is defined as the actual expenditure for the usual and customary expenses for the administration and operation of the service. Operating expense does not include any expense that is not eligible for reimbursement under the provisions of Section 99400(c) of the California Public Utilities Code and any related rules or regulations.

Up to the amount of the “Base Agreement” level of service described above, the following applies:

By the 15th day following the end of a calendar month, Center shall submit a Reimbursement Computation (Exhibit "C") to County for all services provided in the preceding month. A monthly management report containing the required elements contained in Exhibit "D", at a minimum, shall accompany the request for reimbursement, followed by a staff meeting on Wednesday of the following week to review the management report and any concerns with the payment request. Monthly payments will be based on a fixed fee of \$50,430 per month and additional variable reimbursement at the rate of \$24.48 per driver-hour of service.

The monthly fixed fee is exclusive of the Center's annual liability insurance premium for ADA paratransit services. Center shall bill separately, by July 15, 2018, for the annual liability insurance costs associated with this Agreement (estimated at \$205,000.)

Reimbursements for services provided under this Agreement shall be paid by County within fourteen (14) days of Center's delivery of an acceptable monthly management report and request for reimbursement as detailed above. Center recognizes that failure to file timely reports may delay payment.

All payments by County will be made in accordance with Sonoma County Board of Supervisors Resolution No. 62627, dated December 19, 1978.

Allowance for authorized additional services beyond the "Base Agreement" are defined in Section 7.

Payment of outstanding requests by Center may be withheld by County if required reports have not been submitted by Center in a complete and timely manner.

5. FARES: Passenger fares shall be collected at the rates set forth in Exhibit "E." Fares are based on criteria allowable under the Americans with Disabilities Act and are tied to Sonoma County Transit's fare structure for similar fixed-route services. Personal care attendants and eligible service animals ride free. Center shall accept County-developed and -issued passes in lieu of monetary fare. County will reimburse Center on a monthly basis for all County passes accepted.
6. FAREBOX RECOVERY RATIO: Center and County are expected to satisfy the TDA requirement that at least 10% of the operating cost be obtained from farebox revenues to qualify for the funds. It shall be a goal to obtain a greater than 10% recovery ratio.

Should Center not meet the 10% farebox recovery goal, County may request steps be taken within a reasonable period of time to comply. If County, after an analysis of all services funded through P.U.C. 99400(c) under contract with County, determines that failure by Center to comply will result in a farebox recovery of less than 10% for all services under P.U.C. 99400(c), County may require that Center adjust level of services accordingly such that a 10% recovery ratio can be achieved. All fare revenues shall be applied against operating expenses.

7. ADDITIONAL SERVICES: Additional services beyond the "Base Agreement" levels may be authorized.

County's Transit Systems Manager may authorize additional services up to 2.5% of this Agreement's maximum compensation, not to exceed \$56,910, if additional services are

necessary to assure that the federally required “no-denial” level of service is maintained if passenger demand increases beyond “base agreement” estimates. If additional services beyond 2.5% are necessary, a contract amendment will be prepared. It is understood that County is free to obtain additional services from sources other than Center if desired.

8. CHANGES IN SERVICE: Changes in service may be proposed by either Center or County. Such proposals will be reviewed by County to determine estimated cost and compatibility with County's overall public transit operations. The proposal will be put into effect only upon a statement in writing approved by representatives of both Parties. Other than as for additional services as permitted above, changes that affect the amount of compensation will require an amendment to this Agreement.
9. EMERGENCY PROCEDURES: In the event of a declared local emergency, upon the request of County’s Director of the Office of Emergency Services, Center shall make transportation and communication resources available to the degree possible for emergency assistance. Center shall follow instructions of the County’s Director of the Office of Emergency Services and inform County, as directed, of actions being taken. Emergency uses of transportation may include evacuation, transportation of injured, and movement of people to food and shelter. Center shall be reimbursed on the basis of fair, equitable, and prompt reimbursement of Center's actual costs. Reimbursement for such emergency services shall be permitted to exceed the “Base Agreement” amount.. Immediately after the emergency ceases, Center shall reinstitute normal transportation services. It is understood that operational funding provided in this Agreement cannot be expended to support emergency services.
10. CONFLICTING USE: Center shall not use any vehicle, equipment, personnel, or other facilities which are provided by County for performing services under this Agreement for any use whatsoever other than provided for in this Agreement, unless authorized by County Transit Systems Manager.
11. PERIOD OF SERVICE: Center shall provide ADA paratransit services as described herein as Sonoma County Paratransit from July 1, 2018, through June 30, 2019, unless terminated per the Termination provision of this Agreement.
12. REPORTS: Center will furnish County with the following reports:
 - A. A monthly management report will accompany the monthly payment request (Exhibit "D"). This report shall include Monthly Report - Summary Operating Data and a management review of performance indicating problems encountered and solutions considered, pertinent critiques and evaluation of system and service, training conducted, trends developing, staffing changes, budgetary concerns or other matters of importance. Performance measures shall be reviewed and a geographic presentation on where passenger ridership is occurring. This report will serve as basis for monthly meeting between Center and County staff.
 - B. Delivery of Trip Denial Forms (Exhibit "A") and Passenger Complaint Forms (Exhibit "B") as occurrences develop.
 - C. Center shall provide County copies of all incident and accident reports.

- D. Any special report requests of County such as patronage by time of day, daily trip reports, log of trip cancellations along with reasons, or other sampling surveys.
 - E. Copies of quarterly staffing report (Exhibit "F").
 - F. Driver trainer and driver certificates.
 - G. Provide quarterly drug and alcohol testing reports for the three-month period preceding September 30, December 31, March 31 and June 30. These reports are required, in addition to, an annual drug and alcohol testing report as detailed in Section 44.
13. INSURANCE: With respect to performance of work under this Agreement, Center shall maintain and shall require all its subcontractors to maintain insurance as described below:
- A. Workers' Compensation Insurance. Workers' compensation insurance with statutory limits as required by the Labor Code of the State of California. Said policy shall be endorsed with the following specific language:

"This policy shall not be canceled or materially changed without first giving thirty (30) days prior written notice to the County of Sonoma, Department of Transportation and Public Works."
 - B. General Liability Insurance. Commercial general liability insurance covering bodily injury and property damage utilizing an occurrence policy form, in an amount no less than \$2,000,000 combined single limit for each occurrence. Said commercial general liability insurance policy shall either be endorsed with the following specific language or contain equivalent language in the policy:
 - 1. "The County of Sonoma, its officers and employees, is named as additional insured for all liability arising out of the operations by or on behalf of the named insured in the performance of this Agreement."
 - 2. "The inclusion of more than one insured shall not operate to impair the rights of one insured against another insured, and the coverage afforded shall apply as though separate policies had been issued to each insured, but the inclusion of more than one insured shall not operate to increase the limits of the company's liability."
 - 3. "The insurance provided herein is primary coverage to the County of Sonoma with respect to any insurance or self-insurance programs maintained by County."
 - 4. "This policy shall not be canceled or materially changed without first giving thirty (30) days prior written notice to the County of Sonoma, Department of Transportation and Public Works."
 - C. Automobile Liability Insurance. Automobile liability insurance covering bodily injury and property damage in an amount no less than \$5,000,000 combined single limit for each occurrence. Said insurance shall include coverage for owned, hired, and non-owned vehicles. Said policy shall be endorsed with the following language:

"The County of Sonoma, its officers and employees, is named as additional insured for

liability arising out of the ownership, maintenance, use, loading or unloading of an automobile in the performance of this agreement.

The insurance provided to County is primary and non-contributory with respect to any insurance or self-insurance program maintained by County.

This policy shall not be cancelled or materially changed without first giving thirty (30) days prior written notice to the County of Sonoma, Department of Transportation and Public Works.”

- D. Automotive Physical Damage Insurance. Comprehensive and Collision insurance covering all transit vehicles provided by County under this agreement. Such coverage shall include a Loss Payable endorsement in favor of County. Center shall be responsible for payment of any deductible applicable to this insurance.
- E. Documentation. The following documentation shall be submitted to County:
1. Properly executed Certificates of Insurance clearly evidencing all coverages, limits, and endorsements required above. Said Certificates shall be submitted prior to the execution of this Agreement.
 2. Signed copies of specified endorsements for each policy. Said endorsement copies shall be submitted within thirty (30) days of execution of this Agreement.
 3. Upon County’s written request, certified copies of insurance policies. Said policy copies shall be submitted within thirty (30) days of County’s request.
 4. After the Agreement has been signed, signed Certificates of Insurance shall be submitted for any renewal or replacement of a policy that already exists, at least ten (10) days before expiration or other termination of the existing policy.
- F. Policy Obligations. Center’s indemnity and other obligations shall not be limited by the foregoing insurance requirements.
- G. Material Breach. If Center, for any reason, fails to maintain insurance coverage which is required pursuant to this Agreement, the same shall be deemed a material breach of contract. County, at its sole option, may terminate this Agreement and obtain damages from Center resulting from said breach. Alternatively, County may purchase such required insurance coverage, and without further notice to Center, County may deduct from sums due to Center any premium costs advanced by County for such insurance. These remedies shall be in addition to any other remedies available to the County.
14. VEHICLES: County will provide Center with transit vehicles necessary to operate these services. Any vehicles provided by County shall be owned by County but controlled by Center. When not in use by Center, vehicles will be made available to County for maximum use of this resource.

Center shall be responsible for any physical damages to said vehicles while under its control. Within 24 hours, Center shall provide copies of all vehicle accident reports to County’s maintenance contractor and other designated County persons. Center shall be responsible for

completing a Daily Bus Report (DBR) for each vehicle operated by Center under this Agreement. Completed DBRs shall be returned to County's dispatch office at the completion of each work shift.

Center shall only use such vehicles for purposes defined in this Agreement. It is understood that failure of Center to operate County vehicles as defined in this Agreement may result in return and denial of further use of County vehicles. Return of vehicles to County shall be made in accordance with the provisions of a written demand presented by County.

15. ASSIGNMENT AND SUBCONTRACTING: None of the Parties hereto shall assign, sublet, or transfer any interest in this Agreement without written consent of the other, and no assignment shall be of any force or effect whatsoever unless and until the other party shall have so consented in writing. No subcontracting of service delivery is permitted.
16. STATUS OF CENTER: The Parties intend that Center, in performing the services hereunder specified, shall act as an independent contractor and shall have control of the services and the manner in which it is performed. Center is not to be considered an agent or employee of County and is not entitled to participate in any pension plan, insurance, bonus, or similar benefits County provides its employees.
17. MUTUAL INDEMNITY: Each party shall indemnify, defend, protect, hold harmless, and release the other, its officers, agents, and employees, from and against any and all claims, loss, proceedings, damages, causes of action, liability, costs, or expense (including attorneys' fees and witness costs) arising from or in connection with, or caused by any act, omission, or negligence of such indemnifying party. This indemnification obligation shall not be limited in any way by any limitation on the amount or type of damages or compensation payable to or for the indemnifying party under workers' compensation action, disability benefit acts, or other employee benefit acts.
18. BREACHES AND DISPUTES:
 - A. Disputes - Disputes arising in the performance of this Agreement that are not resolved by agreement of the Parties shall be decided in writing by County Transit Systems Manager. This decision shall be final and conclusive unless within ten (10) days from the date of receipt of its copy Center mails or otherwise furnishes a written appeal to County's Director of Transportation and Public Works. In connection with any such appeal, Center shall be afforded an opportunity to be heard and to offer evidence in support of its position. The decision of the County's Director of Transportation and Public Works shall be binding upon Center and Center shall abide by the decision.
 - B. Performance During Dispute - Unless otherwise directed by County, Center shall continue performance under this Agreement while matters in dispute are being resolved. Center acknowledges that County, in executing this Agreement, is relying on Center as part of compliance with applicable ADA requirements.
 - C. Claims for Damages - Should either Party to the Agreement suffer injury or damage to person or property because of any act or omission of the Party or of any of its employees, agents or others for whose acts it is legally liable, a claim for damages therefore shall be

made in writing to such other Party within a reasonable time after the first observance of such injury of damage.

- D. Remedies - Unless this Agreement provides otherwise, all claims, counterclaims, disputes and other matters in question between County and Center arising out of or relating to this Agreement or its breach will be decided by arbitration if the Parties mutually agree, or in a court of competent jurisdiction within the State of California.
- E. Rights and Remedies - The duties and obligations imposed by this Agreement and the rights and remedies available hereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by County shall constitute a waiver of any right or duty afforded any of them under this Agreement, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

19. TERMINATION:

- A. Termination for Convenience: At any time, and without cause, County or Center shall have the right to terminate this Agreement by giving one hundred and twenty (120) days written notice to the other party. In the event of such termination, County shall pay Center for services rendered to the date of termination.
- B. Termination for Default: If Center fails to perform services specified in this Agreement or to comply with any provision of this Agreement, County may terminate this Agreement. Termination shall be effected by serving written notice of termination by County on Center, setting forth in detail the Center default. Center will only be paid for services and supplies delivered and accepted as performed in the manner set forth in this Agreement, and subject to the rates and amounts stated herein.

If it is later determined by County in its reasonable discretion that Center had an excusable reason for not performing, such as a strike, fire, or other events not the fault of or are beyond the control of Center, County, after setting up a new delivery of performance schedule, may allow Center to continue work or treat the termination as a termination for convenience.

- C. Opportunity to Cure: In the case of a termination for breach or default, County, in its sole discretion, may allow Center a set period of time, depending on default, in which to cure the defect. In such case, the notice of termination will specify, in detail, the manner of default or breach, the actions required to cure said default or breach, and will state the time period in which cure is permitted and other appropriate conditions. If a satisfactory remedy is not reached within the time period, County shall have the right to terminate without further obligation to Center. Any such termination for default shall not in any way operate to preclude County from also pursuing all available remedies against Center and its sureties for said breach or default.
- D. Waiver of Remedies for Any Breach: In the event that County elects to waive its remedies for any breach or default by Center of any covenant, term, or condition of this Agreement,

such waiver by County shall not limit County's remedies for any succeeding breach of that or of any other term, covenant, or condition of this Agreement.

20. METHOD AND PLACE OF GIVING NOTICE, SUBMITTING BILLS, AND MAKING PAYMENTS: All notices, bills and payments shall be made in writing and may be given by personal delivery or by U.S. mail or courier service. Notices, bills and payments should be addressed as follows:

COUNTY: Sonoma County Transit
Attention: Transit Systems Manager
355 West Robles Avenue Phone: (707) 585-7516
Santa Rosa, CA 95407 Fax: (707) 585-7713

CENTER: Volunteer Center
Attn: Executive Director
153 Stony Circle, Ste. 100 Phone: (707) 573-3377
Santa Rosa, CA 95401 Fax: (707) 579-2079

When a notice, bill or payment is given by a generally recognized overnight courier service, the notice, bill or payment shall be deemed received on the next business day. In all other instances, notices, bills and payments shall be effective upon receipt by the recipient. Changes may be made in the names and addresses of the person to whom notices are to be given by giving notice pursuant to this paragraph.

21. MERGER: This writing is intended both as the final expression of the Agreement between the Parties hereto with respect to the included terms and as a complete and exclusive statement of the terms of the Agreement, pursuant to Code of Civil Procedure Section 1856. No modification of this Agreement shall be effective unless and until such modification is evidenced by a writing signed by both parties.
22. RIGHT TO MONITOR AND AUDIT: County and its agents, and the regional governments, including the Metropolitan Transit Commission (MTC), shall have the right to monitor and audit all work performed under this Agreement. County will assess Center's performance on a quarterly basis per performance standards contained in Exhibit "H" of this Agreement.

County will notify Center in writing within thirty (30) days of any potential exception(s) discovered during such examination. Where such findings indicate that program requirements are not being met and funding agency participation in this program may be imperiled, such written notification will constitute County's intent to terminate this Agreement in the event that corrections are not accomplished by Center within sixty (60) days, or sooner if specified and depending on the urgency of the exception.

Center shall provide County within 120 days of the termination of this Agreement an unaudited statement of actual revenues and expenditures by budget item as defined in Exhibits "C" and "D."

Audits must comply with Transportation Development Act requirements and with Standards for Audit of Government Organizations, Programs, Activities, and Functions.

23. NO GOVERNMENT OBLIGATION TO THIRD PARTIES:

- A. County and Center acknowledge and agree that, notwithstanding any concurrence by the federal government in or approval of the solicitation or award of the underlying Agreement, absent the express written consent by the federal government, the federal government is not a party to this Agreement and shall not be subject to any obligations or liabilities to County, Center, or any other party (whether or not a party to that Agreement) pertaining to any matter resulting from the underlying Agreement.
- B. Center agrees to include the above clause in each subcontract financed in whole or in part with federal assistance provided by Federal Transit Administration (FTA). It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

24. NONDISCRIMINATION: The following requirements apply to the underlying Agreement:

- A. Nondiscrimination - In accordance with Title VI of the Civil Rights Act, as amended, 42 U.S.C. § 2000d, section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102, section 202 of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12132, and federal transit law at 49 U.S.C. § 5332, Center agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed, national origin, sex, age, or disability. In addition, Center agrees to comply with applicable federal implementing regulations and other implementing requirements FTA may issue.
- B. Equal Employment Opportunity - The following equal employment opportunity requirements apply to the underlying Agreement:
 - 1. Race, Color, Creed, National Origin, Sex - In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e, and federal transit laws at 49 U.S.C. § 5332, Center agrees to comply with all applicable equal employment opportunity requirements of U.S. Department of Labor (U.S. DOL) regulations, "Office of Federal Agreement Compliance Programs, Equal Employment Opportunity, Department of Labor," 41 C.F.R. Parts 60 et seq., (which implement Executive Order No. 11246, "Equal Employment Opportunity," as amended by Executive Order No. 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," 42 U.S.C. § 2000e note), and with any applicable Federal statutes, executive orders, regulations, and Federal policies that may in the future affect construction activities undertaken in the course of the project. Center agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, creed, national origin, sex, or age. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, Center agrees to comply with any implementing requirements FTA may issue.
 - 2. Age - In accordance with section 4 of the Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. § 623 and Federal transit law at 49 U.S.C. § 5332,

CENTER agrees to refrain from discrimination against present and prospective employees for reason of age. In addition, Center agrees to comply with any implementing requirements FTA may issue.

3. Disabilities - In accordance with section 102 of the Americans with Disabilities Act, as amended, 42 U.S.C. § 12112, Center agrees that it will comply with the requirements of U.S. Equal Employment Opportunity Commission, "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act," 29 C.F.R. Part 1630, pertaining to employment of persons with disabilities. In addition, Center agrees to comply with any implementing requirements FTA may issue.
- C. Center also agrees to include these requirements in each subcontract financed in whole or in part with federal assistance provided by FTA, modified only if necessary to identify the affected Parties.
25. RETENTION OF RECORDS: County and Center agree to retain all documents relevant to this Agreement for four years from the termination of the Agreement or until all federal/state audits are complete for this fiscal year, whichever is later. Upon request, Center shall make available these records to County, state, or federal government personnel.
 26. ACCESS TO RECORDS: The following access to records requirements apply to this Agreement:
 - A. Center agrees to provide County, the FTA Administrator, the Comptroller General of the United States or any of their authorized representatives access to any books, documents, papers and records of Center which are directly pertinent to this Agreement for the purposes of making audits, examinations, excerpts and transcriptions. Center also agrees, pursuant to 49 C.F.R. 633.17 to provide the FTA Administrator or his authorized representatives access to Center's records and construction sites pertaining to a major capital project, defined at 49 U.S.C. 5302(a)1, which is receiving federal financial assistance through the programs described at 49 U.S.C. 5307, 5309 or 5311.
 - B. Where County is the FTA recipient or a subgrantee of the FTA recipient in accordance with 49 C.F.R. 633.17, Center agrees to provide County, the FTA Administrator or his authorized representatives access to Center's records and construction sites pertaining to a major capital project, defined at 49 U.S.C. 5302(a)1, which is receiving federal financial assistance through the programs described at 49 U.S.C. 5307, 5309 or 5311. By definition, a major capital project excludes contracts of less than the simplified acquisition threshold currently set at \$100,000.
 - C. Where County enters into a negotiated agreement for other than a small purchase or under the simplified acquisition threshold and is an institution of higher education, a hospital or other nonprofit organization and is the FTA recipient or a subgrantee of the FTA recipient in accordance with 49 C.F.R. 19.48, Center agrees to provide County, FTA Administrator, the Comptroller General of the United States or any of their duly authorized representatives with access to any books, documents, papers and record of Center which are directly pertinent to this Agreement for the purposes of making audits, examinations, excerpts and transcriptions.

- D. Where any purchaser which is the FTA recipient or a subgrantee of the FTA recipient in accordance with 49 U.S.C. 5325(a) enters into an agreement for a capital project or improvement (defined at 49 U.S.C. 5302(a)1) through other than competitive bidding, Center shall make available records related to the agreement to County, the Secretary of Transportation and the Comptroller General or any authorized officer or employee of any of them for the purposes of conducting an audit and inspection.
 - E. Center agrees to permit any of the foregoing Parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.
 - F. Center agrees to maintain all books, records, accounts and reports required under this Agreement for a period of not less than three years after the date of termination or expiration of this Agreement, except in the event of litigation or settlement of claims arising from the performance of this Agreement, in which case Center agrees to maintain same until County, the FTA Administrator, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims or exceptions related thereto. Reference 49 CFR 18.39(i)(11).
 - G. FTA does not require the inclusion of these requirements in subcontracts.
27. PRIVACY ACT: The following requirements apply to Center and its employees that administer any system of records on behalf of the federal government under any agreement:
- A. Center agrees to comply with, and assures the compliance of its employees with, the information restrictions and other applicable requirements of the Privacy Act of 1974, 5 U.S.C. § 552a. Among other things, Center agrees to obtain the express consent of the federal government before Center or its employees operate a system of records on behalf of the federal government. Center understands that the requirements of the Privacy Act, including the civil and criminal penalties for violation of that Act, apply to those individuals involved, and that failure to comply with the terms of the Privacy Act may result in termination of the underlying Agreement.
 - B. Center also agrees to include these requirements in each subcontract to administer any system of records on behalf of the federal government financed in whole or in part with federal assistance provided by FTA.
28. COMPLIANCE WITH LAWS AND REGULATIONS: Center shall comply with any federal, state, and local laws and regulations or requirements of funding agencies such as FTA drug and alcohol testing, Americans with Disabilities Act, DMV Pull-Notice System for Drivers, and any other matters that impact eligibility for funding, risk exposure, safety, or other relevant area of endeavor.
29. PERFORMANCE: Each party to this Agreement undertakes the obligation that the other's expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arises with respect to the performance of either party, the other may, in writing demand adequate assurance of due performance and until he receives such assurance may, if commercially reasonable, suspend any performance for which the agreed return has not been received. Commercially reasonable includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with

Parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding 30 days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance.

30. CONFLICT OF INTEREST: Center covenants that it presently has no interest and that it will not acquire any interest, direct or indirect, that represents a financial conflict of interest under state law or that would otherwise conflict in any manner or degree with the performance of its services hereunder. Center further covenants that in the performance of this Agreement no person having any such interests shall be employed. In addition, if requested to do so by County, Center shall complete and file and shall require any other person doing work under this Agreement to complete and file a "Statement of Economic Interest" with County disclosing Center's or such other person's financial interests.
31. CONFLICT OF TRANSPORTATION INTERESTS: Center shall not divert any revenues, passengers, or other business from County's project to any other transportation operation of Center.
32. EXECUTION OF AGREEMENT: This Agreement shall not come into effect unless duly executed by County and Center.
33. 13(C) OBLIGATIONS: Center acknowledges that County is obligated, under the terms of certain capital assistance agreements with the federal government, to ensure that employees of Center are afforded certain labor protections per 49 U.S.C. section 5333(b) and U.S. DOL guidelines at 29 CFR Part 215. A copy of those labor protective arrangements is attached hereto as Exhibit "G" and incorporated herein by reference. Center agrees to comply with such labor protective requirements during the term of this transit service agreement, and any extension thereof. Center further agrees to take no action which would adversely impact its employees, during the term of this Agreement, in a manner which would cause 13(c) financial obligations to said employees. In the event such adverse impact is considered reasonable or unavoidable by Center, Center agrees to consult with County, to take reasonable steps to avoid or mitigate any adverse impacts, and assume financial responsibility.

Center shall have financial liability for any 13(c) claims or obligations that are created by acts or omissions of Center that are not specifically directed by County. In addition, Center shall cooperate with County (including the provision of payroll records and other information) in the resolution or defense of any 13(c) claims or disputes for which County has responsibility.

Center shall not assist or encourage any employee to file or otherwise pursue a 13(c) claim against County, or take any action which is contrary to the interests of County under 13(c) or its 13(c) agreements relating to the termination of services under this Agreement, any future transition from Center to another service provider, or any other action or event relating to this Agreement. If Center fails to comply with this obligation, Center shall be financially liable for all costs incurred by County (including attorney's fees) associated with any 13(c) claims or delays in the receipt of federal grants.

34. TRANSIT EMPLOYEE ARRANGEMENTS: Center agrees to comply with the applicable transit employee protective requirements as follows:

- A. General Transit Employee Protective Requirements - To the extent that FTA determines that transit operations are involved, Center agrees to carry out the transit operations work on the underlying agreement in compliance with terms and conditions determined by the U.S. Secretary of Labor to be fair and equitable to protect the interests of employees employed under this Agreement and to meet the employee protective requirements of 49 U.S.C. A 5333(b), and U.S. DOL guidelines at 29 C.F.R.B. Transit Employee Protective Requirements for Projects Authorized by 49 U.S.C. § 5310(a)(2) for Elderly Individuals and Individuals with Disabilities - If the agreement involves transit operations financed in whole or in part with federal assistance authorized by 49 U.S.C. § 5310(a)(2), and if the U.S. Secretary of Transportation has determined or determines in the future that the employee protective requirements of 49 U.S.C. § 5333(b) are necessary or appropriate for the state and the public body subrecipient for which work is performed on the underlying agreement, Center agrees to carry out the project in compliance with the terms and conditions determined by the U.S. Secretary of Labor to meet the requirements of 49 U.S.C. § 5333(b), U.S. DOL guidelines at 29 C.F.R. Part 215, and any amendments thereto. These terms and conditions are identified in the U.S. DOL's letter of certification to FTA, the date of which is set forth Grant Agreement or Cooperative Agreement with the state. Center agrees to perform transit operations in connection with the underlying agreement in compliance with the conditions stated in that U.S. DOL letter.
- C. Transit Employee Protective Requirements for Projects Authorized by 49 U.S.C. § 5311 in Non-urbanized Areas - If the agreement involves transit operations financed in whole or in part with federal assistance authorized by 49 U.S.C. § 5311, Center agrees to comply with the terms and conditions of the Special Warranty for the Non-urbanized Area Program agreed to by the U.S. Secretaries of Transportation and Labor, dated May 31, 1979, and the procedures implemented by U.S. DOL or any revision thereto.

Center also agrees to include any applicable requirements in each subcontract involving transit operations financed in whole or in part with federal assistance provided by FTA.

35. AMERICANS WITH DISABILITIES ACT (ADA) COMPLIANCE: Center agrees to serve as a general paratransit and ADA provider for County and shall assume full responsibility and liability associated with ADA compliance within the limits defined by this Agreement including Section 17 ("Mutual Indemnity," above). Any trip denials or other grievances shall be referred to County Transit Systems Manager within 24 hours after receipt on the same day or next business day such trip denial or grievance occur on a weekend day.

Center shall operate fully accessible paratransit services including wheelchair-loading devices, tie downs, communication systems, training, and related ADA requirements for paratransit providers and as defined in the scope of services outlined in Section 1 of this Agreement. County will assume no liability for failure by Center to satisfy these requirements. County has entered this Agreement with the understanding that Center will make every effort to fully comply with the ADA based on the resource limits established by this Agreement.

36. MODIFICATION OF AGREEMENT: This writing constitutes the entire agreement between the Parties relative to the subject matter of this Agreement and no modification hereof shall be effective unless and until such modification is evidenced by a writing signed by both Parties to this Agreement. There are no understandings, agreements, or conditions with respect to the subject matter of this Agreement except those contained in this writing.
37. DISADVANTAGED BUSINESS ENTERPRISE: Center agrees to take the following measures to facilitate participation by disadvantaged business enterprises (DBE) in the project:
- A. Center agrees to comply with section 1101(b) of TEA-21, 23 U.S.C. § 101 note, and U.S. DOT regulations, "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs," 49 C.F.R. Part 26.
 - B. Center agrees that it shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of any third Party Agreement, or subagreement supported with federal assistance derived from the U.S. DOT or in the administration of its DBE program or the requirements of 49 C.F.R. Part 26. Center agrees to take all necessary and reasonable steps set forth in 49 C.F.R. Part 26 to ensure nondiscrimination in the award and administration of all third party contracts and subagreements supported with federal assistance derived from the U.S. DOT. Center's DBE program, as required by 49 C.F.R. Part 26 and approved by the U.S. DOT, is incorporated by reference and made part of the Grant Agreement or Cooperative Agreement. Implementation of this DBE program is a legal obligation, and failure to carry out its terms shall be treated as a violation of the Grant Agreement or Master Agreement. Upon notification to Center of its failure to implement its approved DBE program, the U.S. DOT may impose sanctions as provided for under 49 C.F.R. Part 26 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. § 1001, and/or the Program Fraud Civil Remedies Act, 31 U.S.C. §§ 3801 *et seq.*
38. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY, AND VOLUNTARY EXCLUSION -- LOWER-TIER COVERED TRANSACTION:
- A. The prospective lower-tier participant certifies, by submission of this bid or proposal, that neither it nor its "principals" (as defined at 49 CFR □29.105[p]) debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
 - B. When the prospective lower-tier participant is unable to certify to the statements in this certification, such prospective participant shall attach an explanation to this proposal.
39. GOVERNMENT-WIDE DEBARMENT AND SUSPENSION (NON-PROCUREMENT): Center agrees to comply, and assures the compliance of each third party contractor and subcontractor at any tier, with Executive Orders Nos. 12549 and 12689, "Debarment and Suspension," 31 U.S.C. § 6101 note, and U.S. DOT regulations, "Government-wide Debarment and Suspension (Non-procurement)," within 49 C.F.R. Part 29.
40. LOBBYING: Center shall certify compliance with 49 CFR Part 20 as detailed in Exhibit "I"- Certification Regarding Lobbying.

41. LOBBYING RESTRICTIONS: Center agrees to:
- A. Refrain from using federal assistance funds to support lobbying,
 - B. Comply, and assure the compliance of each third party contractor at any tier and each subcontractor at any tier, with U.S. DOT regulations, "New Restrictions on Lobbying," 49 C.F.R. Part 20, modified as necessary by 31 U.S.C. § 1352.
 - C. Comply with federal statutory provisions to the extent applicable prohibiting the use of federal assistance funds for activities designed to influence Congress or a State legislature on legislation or appropriations, except through proper, official channels.
42. CHARTER BUS REQUIREMENTS: Center agrees to comply with 49 U.S.C. 5323(d) and 49 CFR Part 604, which provides that recipients and sub-recipients of FTA assistance are prohibited from providing charter service using federally funded equipment or facilities if there is at least one private charter operator willing and able to provide the service, except under one of the exceptions at 49 CFR 604.9. Any charter service provided under one of the exceptions must be "incidental," i.e., it must not interfere with or detract from the provision of mass transportation.
43. SCHOOL BUS REQUIREMENTS: Pursuant to 69 U.S.C. 5323(f) and 49 CFR Part 605, recipients and subrecipients of FTA assistance may not engage in school bus operations exclusively for the transportation of students and school personnel in competition with private school bus operators unless qualified under specified exemptions. When operating exclusive school bus service under an allowable exemption, recipients and subrecipients may not use federally funded equipment, vehicles, or facilities.
44. DRUG AND ALCOHOL TESTING:
- A. Center agrees to establish and implement a drug and alcohol testing program that complies with 49 CFR Part 655, produce any documentation necessary to establish its compliance with Part 655, and permit any authorized representative of the United States Department of Transportation or its operating administrations, the State Oversight Agency of California, or County, to inspect the facilities and records associated with the implementation of the drug and alcohol testing program as required under 49 CFR Part 655 and review the testing process. Center agrees further to certify annually its compliance with Part 655 before March 15 and to submit the Management Information System (MIS) reports before March 15 to COUNTY Transit Systems Manager and FTA Office of Safety and Security. To certify compliance, Center shall use the "Substance Abuse Certifications" in the "Annual List of Certifications and Assurances for Federal Transit Administration Grants and Cooperative Agreements," which is published annually in the Federal Register.
 - B. Center agrees to comply with the following federal substance abuse regulations:
 - 1. Drug-Free Workplace. U.S. DOT regulations, "Drug-Free Workplace Requirements (Grants)," 49 C.F.R. Part 29, Subpart F, as modified by 41 U.S.C. §§ 702 *et seq.*
 - 2. Alcohol Misuse and Prohibited Drug Use. FTA regulations, "Prevention of Alcohol Misuse and Prohibited Drug Use in Transit Operations," 49 CFR Part 655, to the

extent applicable. Center agrees to establish and implement a drug and alcohol testing program that complies with 49 CFR Part 655, produce any documentation necessary to establish its compliance with Part 655, and permit any authorized representative of the United States Department of Transportation or its operating administrations, the State Oversight Agency of California, or County, to inspect the facilities and records associated with the implementation of the drug and alcohol testing program as required under 49 CFR Part 655 and review the testing process. Center agrees further to certify annually its compliance with Part 655 before February 15 and to submit the Management Information System (MIS) reports before February 15 to Transit Systems Manager, 355 West Robles Avenue, Santa Rosa, CA 95407. To certify compliance Center shall use the "Substance Abuse Certifications" in the "Annual List of Certifications and Assurances for Federal Transit Administration Grants and Cooperative Agreements," which is published annually in the Federal Register.

3. Comply with USDOT updated Drug and Alcohol Testing Regulation (49 CFR Part 40), effective January 1, 2018.

45. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS:

- A. Center acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 *et seq.* and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying agreement, Center certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying agreement or the FTA-assisted project for which this Agreement work is being performed. In addition to other penalties that may be applicable, Center further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the federal government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on Center to the extent the federal government deems appropriate.
- B. Center also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the federal government under an agreement connected with a project that is financed in whole or in part with federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) on Center, to the extent the federal government deems appropriate.
- C. Center agrees to include the above two clauses in each subcontract financed in whole or in part with federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

46. ENERGY CONSERVATION: Center agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act, 42 U.S.C. §§ 6321 *et seq.*

47. CLEAN WATER:

- A. Center agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq. Center agrees to report each violation to County and understands and agrees that County will, in turn, report each violation as required to assure notification to FTA and the appropriate EPA Regional Office.
- B. Center also agrees to include these requirements in each subcontract exceeding \$100,000 financed in whole or in part with federal assistance provided by FTA.

48. CLEAN AIR:

- A. Center agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. §§ 7401 et seq. Center agrees to report each violation to County and understands and agrees that County will, in turn, report each violation as required to assure notification to FTA and the appropriate EPA Regional Office.
- B. Center also agrees to include these requirements in each subcontract exceeding \$100,000 financed in whole or in part with federal assistance provided by FTA.

49. RECYCLED PRODUCTS: To the extent applicable, Center agrees to comply with U.S. EPA regulations, "Comprehensive Procurement Guidelines for Products Containing Recovered Materials," 40 C.F.R. Part 247, implementing section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962, and otherwise provide a competitive preference for products and services that conserve natural resources and protect the environment and are energy efficient.

50. INCORPORATION OF FTA 4220.1E TERMS: The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding agreement provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, (revised March 18, 2013). are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA-mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. Center shall not perform any act, fail to perform any act, or refuse to comply with any County of Sonoma request, which would cause County to be in violation of the FTA terms and conditions.

51. FEDERAL CHANGES: Center shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Department of Transportation, Federal Transit Administration, Master Agreement (FTA MA (10) dated October, 2003), between Purchaser and FTA, as they may be amended or promulgated from time to time during the term of this Agreement. Center's failure to so comply shall constitute a material breach of this Agreement.

52. TERMINATION FOR NON-APPROPRIATION: County may terminate this Agreement at any time, upon giving Center thirty (30) days written notice, for any of the following reasons:

- A. County has exhausted all funds legally available for payments to become due under this Agreement;
 - B. Funds which have been appropriated for purposes of this Agreement are withheld and are not made available to County;
 - C. No appropriation of funds for payments has been made for purposes of this Agreement in the budget for the next fiscal year.
53. PROMPT PAYMENT OF WITHHELD FUNDS TO SUBCONTRACTORS: The Center shall return all moneys withheld in retention from the subcontractor within 30 days after receiving payment for work satisfactorily completed, even if the other contract work is not completed and has not been accepted. This requirement shall not be construed to limit or impair any contractual, administrative, or judicial remedies otherwise available to the Center or subcontractor in the event of a dispute involving late payment or nonpayment by the Center or deficient subcontract performance or noncompliance by a subcontractor.
54. Statutory Compliance/Living Wage Ordinance. Center agrees to comply, and to ensure compliance by its sub-consultants or subcontractors, with all applicable federal, state and local laws, regulations, statutes and policies, including but not limited to the County of Sonoma Living Wage Ordinance, applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Center expressly acknowledges and agrees that this Agreement may be subject to the provisions of Article XXVI of Chapter 2 of the Sonoma County Code, requiring payment of a living wage to covered employees. Noncompliance during the term of the Agreement will be considered a material breach and may result in termination of the Agreement or pursuit of other legal or administrative remedies.
55. PERFORMANCE STANDARDS: County is accountable to its funding agencies who demand that performance standards be established, monitored, and evaluated to assure maintenance and improvement of productivity and the best delivery of service for the tax dollars provided.

Center shall be accountable for and assist in reporting and operating in a manner that satisfies the following performance standards as outlined in Exhibit "H."

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement as of the Effective Date.

Regional Administrator
Federal Transit Administration
Region IX

San Francisco, California 94105

Re: FTA Application
Sonoma County Transit
Capitalized Preventive Maintenance, Non-
Fixed Route ADA Paratransit Service
CA-90-Y204 Revised

Dear Mr. Rogers:

This is in reply to the request from your office that we review the above-captioned application for a grant under Title 49 of the U.S. Code, Chapter 53.

Since there were no previously certified protective arrangements that could appropriately be applied to this grant, the Department of Labor proposed the attached arrangements for certification pursuant to Section 5333(b). Sonoma County Transit and the Service Employees International Union (SEIU), the Amalgamated Transit Union (ATU) Locals 1575 and 1700 and the International Association of Machinists (IAM), which represent transportation related employees in the service area of the project, have accepted the terms of the attached Operating Assistance Protective Arrangements dated July 25, 2003, and shall each be deemed a party to the Arrangements. These Arrangements provide to employees represented by the unions, protections satisfying the requirements of 49 U.S.C., Section 5333(b).

Accordingly, the Department of Labor makes the certification called for under the statute with respect to the instant project on condition that:

1. This letter and the terms and conditions of the attached *OPERATING ASSISTANCE PROTECTIVE ARRANGEMENT PURSUANT TO SECTION 5333(b) OF TITLE 49 OF THE U.S. CODE, CHAPTER 53*, For Sonoma County Transit and the SEIU, the ATU Locals 1575 and 1700 and the IAM, July 25, 2003, FTA Grant CA-90-Y204 Revised, shall be made applicable to the preventive maintenance and the non-fixed route ADA paratransit service portion of the instant project and made part of the contract of assistance, by reference;
2. The term "project" as used in the above referenced arrangements shall be deemed to cover and refer to the instant project;
3. Disputes over the interpretation, application, and enforcement of the terms and conditions of the protective arrangements certified by the Department of Labor, which include this letter of certification, shall be resolved in accordance with the provisions in the aforementioned arrangements for the resolution of such disputes; and
4. Employees of urban mass transportation carriers in the service area of the project, other than those represented by the local union which is a party to, or otherwise referenced in the protective arrangements, shall be afforded substantially the same levels of protection as are afforded to the employees represented by the union under the above-referenced arrangements and this certification. Such protections include procedural rights and remedies as well as protections for individual employees affected by the project.

Should a dispute remain after exhausting any available remedies under the protective arrangements and absent mutual agreement by the parties to utilize any other final and binding procedure for resolution of the dispute, the Secretary of Labor may designate a

neutral third party or appoint a staff member to serve as arbitrator and render a final and binding determination.

Sincerely,

Handwritten signature of Kelley Andrews in black ink.

FTA GRANT

CA-90-Y204

The following terms and conditions shall apply and shall be specified in any contract governing federal operating assistance to the recipient(s) referenced in the title of this arrangement ("Recipient"):

(1) The term "Project", as used in this arrangement, shall not be limited to the particular facility, service, or operation assisted by federal funds, but shall include any changes, whether organizational, operational, technological, or otherwise, which are a result of the assistance provided. The phrase "as a result of the Project" shall, when used in this arrangement, include events occurring in anticipation of, during, and subsequent to the Project and any program of efficiencies or economies related thereto; provided, however, that volume rises and falls of business, or changes in volume and character of employment brought about solely by causes other than the Project (including any economies or efficiencies unrelated to the Project) are not within the purview of this arrangement.

(2) The Project, as defined in paragraph (1) shall be performed and carried out in full compliance with the protective conditions described herein.

(3) All rights, privileges, and benefits (including pension rights and benefits) of employees covered by this arrangement (including employees having already retired) under existing collective bargaining agreements or otherwise, or under any revision or renewal thereof, shall be preserved and continued; provided, however, that such rights, privileges and benefits which are not foreclosed from further bargaining under applicable law or contract may be modified by collective bargaining and agreement by the Recipient and the union involved to substitute other rights, privileges and benefits. Unless otherwise provided, nothing in this arrangement shall be deemed to restrict any rights the Recipient may otherwise have to direct the working forces and manage its business as it deems best, in accordance with the applicable collective bargaining agreement.

(4) The collective bargaining rights of employees covered by this arrangement, including the right to arbitrate labor disputes and to maintain union security and checkoff arrangements, as provided by applicable laws, policies and/or existing collective bargaining agreements, shall be preserved and continued.* Provided, however, that this provision shall not be interpreted so as to require the Recipient to retain any such rights which exist by virtue of a collective bargaining agreement after such agreement is no longer in effect.

In the event that the Recipient and the union(s) referenced in the title to this protective arrangement have an established collective bargaining relationship, the Recipient agrees that it will bargain collectively with the union or otherwise arrange for the continuation of collective bargaining, and that it will enter into agreement with the union or arrange for such agreements to be entered into, relative to all subjects which are or may be proper subjects of collective bargaining. If, at any time, applicable law or contracts permit or grant to employees covered by this arrangement the right to utilize any economic measures, nothing in this arrangement shall be deemed to foreclose the exercise of such right.

(5) (a) In the event the Recipient contemplates any change in the organization or operation of its system which may result in the dismissal or displacement of employees, or rearrangement of the working forces covered by this arrangement, as a result of the Project, the Recipient shall do so only in accordance with the provisions of subparagraph (b) hereof. Provided, however, that changes which are not a result of the Project, but which grow out of the normal exercise of seniority rights occasioned by seasonal or other normal schedule changes and regular picking procedures under the applicable collective bargaining agreement, shall not be considered within the purview of this paragraph.

(b) The Recipient shall give to the unions representing the employees affected thereby, at least sixty (60) days' written notice of each proposed change, which may result in the dismissal or displacement of such employees or rearrangement of the working forces as a result of the Project, by sending

* As an addendum to this arrangement, there shall be attached where applicable the arbitration or other dispute settlement procedures or arrangements provided for in the existing collective bargaining agreements or any other existing agreements between the Recipient and the Union, subject to any changes in such agreements as may be agreed upon or determined by interest arbitration proceedings.

certified mail notice to the union representatives of such employees. Such notice shall contain a full and adequate statement of the proposed changes, including an estimate of the number of employees affected by the intended changes, and the number and classifications of any jobs within the jurisdiction and control of the Recipient, including those in the employment of any entity bound by this arrangement pursuant to paragraph (19) hereof, available to be filled by such affected employees.

At the request of either the Recipient or the representatives of the affected employees, negotiations for the purpose of reaching agreement with respect to application of the terms and conditions of this arrangement shall commence immediately. These negotiations shall include determining the selection of forces from among the employees of other urban mass transportation employers who may be affected as a result of the Project, to establish which such employees shall be offered employment for which they are qualified or can be trained; not, however, in contravention of collective bargaining agreements relating thereto. If no agreement is reached within twenty (20) days from the commencement of negotiations, any party to the dispute may submit it to arbitration in accordance with the procedures contained in paragraph (15) hereof. In any such arbitration, final decision must be reached within sixty (60) days after selection or appointment of the neutral arbitrator. In any such arbitration, the terms of this arrangement are to be interpreted and applied in favor of providing employee projections and benefits no less than those established pursuant to §11347 of Title 49 of the U.S. Code.

(6) (a) Whenever an employee, retained in service, recalled to service, or employed by the Recipient pursuant to paragraphs (5), (7)(e), or (18) hereof is placed in a worse position with respect to compensation as a result of the Project, he shall be considered a "displaced employee", and shall be paid a monthly "displacement allowance" to be determined in accordance with this paragraph. Said displacement allowance shall be paid each displaced employee during the protective period following the date on which he is first "displaced", and shall continue during the protective period so long as the employee is unable, in the exercise of his seniority rights, to obtain a position producing compensation equal to or exceeding the compensation he received in the position from which he was displaced, adjusted to reflect subsequent general wage adjustments, including cost of living adjustments where provided for.

(b) The displacement allowance shall be a monthly allowance determined

by computing the total compensation received by the employee, including vacation allowances and monthly compensation guarantees, and his total time paid for during the last twelve (12) months in which he performed compensated service more than fifty per centum of each such months, based upon his normal work schedule, immediately preceding the date of his displacement as a result of the Project, and by dividing separately the total compensation and the total time paid for by twelve, thereby producing the average monthly compensation and the average monthly time paid for. Such allowance shall be adjusted to reflect subsequent general wage adjustments, including cost of living adjustments where provided for. If the displaced employee's compensation in his current position is less in any month during his protective period than the aforesaid average compensation (adjusted to reflect subsequent general wage adjustments, including cost of living adjustments where provided for), he shall be paid the difference, less compensation for any time lost on account of voluntary absences to the extent that he is not available for service equivalent to his average monthly time, but he shall be compensated in addition thereto at the rate of the current position for any time worked in excess of the average monthly time paid for. If a displaced employee fails to exercise his seniority rights to secure another position to which he is entitled under the then existing collective bargaining agreement, and which carries a wage rate and compensation exceeding that of the position which he elects to retain, he shall thereafter be treated, for the purposes of this paragraph, as occupying the position he elects to decline.

(c) The displacement allowance shall cease prior to the expiration of the protective period in the event of the displaced employee's resignation, death, retirement, or dismissal for cause in accordance with any labor agreement applicable to his employment.

(7) (a) Whenever any employee is laid off or otherwise deprived of employment as a result of the Project, in accordance with any collective bargaining agreement applicable to his employment, he shall be considered a "dismissed employee" and shall be paid a monthly dismissal allowance to be determined in accordance with this paragraph. Said dismissal allowance shall first be paid each dismissed employee on the thirtieth (30th) day following the day on which he is "dismissed" and shall continue during the protective period, as follow:

<u>Employee's length of service prior to adverse effect</u>	<u>Period of protection equivalent period</u>
1 day to 6 years	6 years
6 years or more	6 years

The monthly dismissal allowance shall be equivalent to one-twelfth (1/12th) of the total compensation received by him in the last twelve (12) months of his employment in which he performed compensation service more than fifty per centum of each such months based on his normal work schedule to the date on which he was first deprived of employment as a result of the Project. Such allowance shall be adjusted to reflect subsequent general wage adjustments, including cost of living adjustments where provided for.

(b) An employee shall be regarded as deprived of employment and entitled to a dismissal allowance when the position he holds is abolished as a result of the Project, or when the position he holds is not abolished but he loses that position as a result of the exercise of seniority rights by an employee whose position is abolished as a result of the Project or as a result of the exercise of seniority rights by other employees brought about as a result of the Project, and he is unable to obtain another position, either by the exercise of his seniority rights, or through the Recipient, in accordance with subparagraph (e). In the absence of proper notice followed by an agreement or decision pursuant to paragraph (5) hereof, no employee who has been deprived of employment as a result of the Project shall be required to exercise his seniority rights to secure another position in order to qualify for a dismissal allowance hereunder.

(c) Each employee receiving a dismissal allowance shall keep the Recipient informed as to his current address and the current name and address of any other person by whom he may be regularly employed, or if he is self-employed.

(d) The dismissal allowance shall be paid to the regularly assigned incumbent of the position abolished. If the position of an employee is abolished when he is absent from service, he will be entitled to the dismissal allowance when he is available for service. The employee temporarily filling said position at the time it was abolished will be given a dismissal allowance on the basis of that position, until the regular employee is available for service, and thereafter shall revert to his previous status and will be given the protections of the arrangement in said position, if any are due him.

(e) An employee receiving a dismissal allowance shall be subject to call to return to service by his former employer after being notified in accordance with the terms of the then-existing collective bargaining agreement. Prior to such call to return to work by his employer, he may be required by the

Recipient to accept reasonably comparable employment for which he is physically and mentally qualified, or for which he can become qualified after a reasonable training or retraining period, provided it does not require a change in residence or infringe upon the employment rights of other employees under then-existing collective bargaining agreements.

(f) When an employee who is receiving a dismissal allowance again commences employment in accordance with subparagraph (e) above, said allowance shall cease while he is so reemployed, and the period of time during which he is so reemployed shall be deducted from the total period for which he is entitled to receive a dismissal allowance. During the time of such reemployment, he shall be entitled to the protections of this arrangement to the extent they are applicable.

(g) The dismissal allowance of any employee who is otherwise employed shall be reduced to the extent that his combined monthly earnings from such other employment or self-employment, any benefits received from any unemployment insurance law, and his dismissal allowance exceed the amount upon which his dismissal allowance is based. Such employee, or his union representative, and the Recipient shall agree upon a procedure by which the Recipient shall be kept currently informed of the earnings of such employee in employment other than with his former employer, including self-employment, and the benefits received.

(h) The dismissal allowance shall cease prior to the expiration of the protective period in the event of the failure of the employee without good cause to return to service in accordance with the applicable labor agreement, or to accept employment as provided under subparagraph (e) above, or in the event of his resignation, death, retirement, or dismissal for cause in accordance with any labor agreement applicable to his employment.

(i) A dismissed employee receiving a dismissal allowance shall actively seek and not refuse other reasonably comparable employment offered him for which he is physically and mentally qualified and does not require a change in his place of residence. Failure of the dismissed employee to comply with this obligation shall be grounds for discontinuance of his allowance; provided that said dismissal allowance shall not be discontinued until final determination is made either by agreement between the Recipient and the employee or his representative, or by final arbitration decision rendered in accordance with paragraph (15) of this arrangement that such employee did not comply with this obligation.

(8) In determining length of service of a displaced or dismissed employee for purposes of this arrangement, such employee shall be given full service credits in accordance with the records and labor agreements applicable to him and he shall be given additional service credits for each month in which he receives a dismissal or displacement allowance as if he were continuing to perform services in his former position.

(9) No employee shall be entitled to either a displacement or dismissal allowance under paragraphs (6) or (7) hereof because of the abolishment of a position to which, at some future time, he could have bid, been transferred, or promoted.

(10) No employee receiving a dismissal or displacement allowance shall be deprived, during his protected period, of any rights, privileges, or benefits attaching to his employment, including, without limitation, group life insurance, hospitalization and medical care, free transportation for himself and his family, sick leave, continued status and participation under any disability or retirement program, and such other employee benefits as Railroad Retirement, Social Security, Workmen's Compensation, and unemployment compensation, as well as any other benefits to which he may be entitled under the same conditions and so long as such benefits continue to be accorded to other employees of the bargaining unit, in active service or furloughed as the case may be.

(11) (a) Any employee covered by this arrangement who is retained in the service of his employer, or who is later restored to service after being entitled to receive a dismissal allowance, and who is required to change the point of his employment in order to retain or secure active employment with the Recipient in accordance with this arrangement, and who is required to move his place of residence, shall be reimbursed for all expenses of moving his household and other personal effects, for the traveling expenses for himself and members of his immediate family, including living expenses for himself and his immediate family, and for his own actual wage loss during the time necessary for such transfer and for a reasonable time thereafter, not to exceed five (5) working days. The exact extent of the responsibility of the Recipient under this paragraph, and the ways and means of transportation, shall be agreed upon in advance between the Recipient and the affected employee or his representatives.

(b) If any such employee is laid off within three (3) years after changing

his point of employment in accordance with paragraph (a) hereof, and elects to move his place of residence back to his original point of employment, the Recipient shall assume the expenses, losses and costs of moving to the same extent provided in subparagraph (a) of this paragraph (11) and paragraph (12)(a) hereof.

(c) No claim for reimbursement shall be paid under the provisions of this paragraph unless such claim is presented to the Recipient within ninety (90) days after the date on which the expenses were incurred.

(d) Except as otherwise provided in subparagraph (b), changes in place of residence, subsequent to the initial changes as a result of the Project, which are not a result of the Project but grow out of the normal exercise of seniority rights, shall not be considered within the purview of this paragraph.

(12) (a) The following conditions shall apply to the extent they are applicable in each instance to any employee who is retained in the service of the employer (or who is later restored to service after being entitled to receive a dismissal allowance), who is required to change the point of his employment as a result of the Project, and is thereby required to move his place of residence.

If the employee owns his own home in the locality from which he is required to move, he shall, at his option, be reimbursed by the Recipient for any loss suffered in the sale of his home for less than its fair market value, plus conventional fees and closing costs, such loss to be paid within thirty (30) days of settlement or closing on the sale of the home. In each case, the fair market value of the home in question shall be determined, as of a date sufficiently prior to the date of the Project, so as to be unaffected thereby. The Recipient shall, in each instance, be afforded an opportunity to purchase the home at such fair market value before it is sold by the employee to any other person and to reimburse the seller for his conventional fees and closing costs.

If the employee is under a contract to purchase his home, the Recipient shall protect him against loss under such contract, and in addition, shall relieve him from any further obligation thereunder.

If the employee holds an unexpired lease of a dwelling occupied by him as his home, the Recipient shall protect him from all loss and cost in securing the cancellation of said lease.

(b) No claim for loss shall be paid under the provisions of this paragraph

unless such claim is presented to the Recipient within one year after the effective date of the change in residence.

(c) Should a controversy arise in respect to the value of the home, the loss sustained in its sale, the loss under a contract for purchase, loss and cost in securing termination of a lease, or any other question in connection with these matters, it shall be decided through a joint conference between the employee, or his union, and the Recipient. In the event they are unable to agree, the dispute or controversy may be referred by the Recipient or the union to a board of competent real estate appraisers selected in the following manner: one (1) to be selected by the representatives of the employee, and one (1) by the Recipient, and these two, if unable to agree within thirty (30) days upon the valuation, shall endeavor by agreement within ten (10) days thereafter to select a third appraiser or to agree to a method by which a third appraiser shall be selected, and failing such agreement, either party may request the State or local Board of Real Estate Commissioners to designate within ten (10) days a third appraiser, whose designation will be binding upon the parties and whose jurisdiction shall be limited to determination of the issues raised in this paragraph only. A decision of a majority of the appraisers shall be required and said decision shall be final, binding, and conclusive. The compensation and expenses of the neutral appraiser including expenses of the appraisal board, shall be borne equally by the parties to the proceedings. All other expenses shall be paid by the party incurring them, including the compensation of the appraiser selected by such party.

(d) Except as otherwise provided in paragraph (11)(b) hereof, changes in place of residence, subsequent to the initial changes as a result of the Project, which are not a result of the Project but grow out of the normal exercise of seniority rights, shall not be considered within the purview of this paragraph.

(e) "Change in residence" means transfer to a work location which is either (A) outside a radius of twenty (20) miles of the employee's former work location and farther from his residence than was his former work location, or (B) is more than thirty (30) normal highway route miles from his residence and also farther from his residence than was his former work location.

(13) A dismissed employee entitled to protection under this arrangement may, at his option within twenty-one (21) days of his dismissal, resign and (in lieu of all other benefits and protections provided in this arrangement) accept a lump sum payment computed in accordance with section (9) of the Washington Job Protection Agreement of May 1936:

<u>Length of Service</u>	<u>Separation Allowance</u>
1 year and less than 2 years	3 months' pay
2 " " " " 3 "	6 " "
3 " " " " 5 "	9 " "
5 " " " " 10 "	12 " "
10 " " " " 15 "	12 " "
15 " " over	12 " "

In the case of an employee with less than one year's service, five days' pay, computed by multiplying by 5 the normal daily earnings (including regularly scheduled overtime, but excluding other overtime payments) received by the employee in the position last occupied, for each month in which he performed service, will be paid as the lump sum.

(a) Length of service shall be computed as provided in Section 7(b) of the Washington Job Protection Agreement, as follows:

For the purposes of this arrangement, the length of service of the employee shall be determined from the date he last acquired an employment status with the employing carrier and he shall be given credit for one month's service for each month in which he performed any service (in any capacity whatsoever) and twelve (12) such months shall be credited as one year's service.

The employment status of an employee shall not be interrupted by furlough in instances where the employee has a right to and does return to service when called. In determining length of service of an employee acting as an officer or other official representative of an employee organization, he will be given credit for performing service while so engaged on leave of absence from the service of a carrier.

(b) One month's pay shall be computed by multiplying by 30 the normal daily earnings (including regularly scheduled overtime, but excluding other overtime payments) received by the employee in the position last occupied prior to time of his dismissal as a result of the Project.

(14) Whenever used herein, unless the context requires otherwise, the term "protective period" means that period of time during which a displaced or dismissed employee is to be provided protection hereunder and extends from the date on which an employee is displaced or dismissed to the expiration of six

(6) years therefrom, provided, however, that the protective period for any particular employee during which he is entitled to receive the benefits of these provisions shall not continue for a longer period following the date he was displaced or dismissed than the employee's length of service, as shown by the records and labor agreements applicable to his employment prior to the date of his displacement or his dismissal.

(15) (a) In the event there arises any labor dispute with respect to the protection afforded by this arrangement, or with respect to the interpretation, application or enforcement of the provisions of this arrangement, not otherwise governed by Section (12)(c) hereof, the Labor-Management Relations Act, as amended, Railway Labor Act, as amended, or by impasse resolution provisions in a collective bargaining or protective arrangement involving the Recipient and the Union, which cannot be settled by the parties thereto within thirty (30) days after the dispute or controversy arises, it may be submitted at the written request of the Recipient or the union to a board of arbitration to be selected as hereinafter provided. One arbitrator is to be chosen by each interested party, and the arbitrators thus selected shall endeavor to select a neutral arbitrator who shall serve as chairman. Each party shall appoint its arbitrator within five (5) days after notice of submission to arbitration has been given. Should the arbitrators selected by the parties be unable to agree upon the selection of the neutral arbitrator within ten (10) days after notice of submission to arbitration has been given, then the arbitrator selected by any party may request the American Arbitration Association to furnish, from among members of the National Academy of Arbitrators who are then available to serve, five (5) arbitrators from which the neutral arbitrator shall be selected. The arbitrators appointed by the parties shall, within five (5) days after the receipt of such list, determine by lot the order of elimination and thereafter each shall, in that order, alternately eliminate one name until only one name remains. The remaining person on the list shall be the neutral arbitrator. If any party fails to select its arbitrator within the prescribed time limit, the highest officer of the Union or of the Recipient or their nominees, as the case may be, shall be deemed to be the selected arbitrator, and the board of arbitration shall then function and its decision shall have the same force and effect as though all parties had selected their arbitrators. Unless otherwise provided, in the case of arbitration proceedings, under paragraph (5) of this arrangement, the board of arbitration shall meet within fifteen (15) days after selection or appointment of the neutral arbitrator and shall render its decision within forty-five (45) days after the hearing of the dispute has been concluded and the record closed. The decision by majority vote of the arbitration board shall be final and binding as the decision of the arbitration board, except as provided in subparagraph (b)

below. All the conditions of the arrangement shall continue to be effective during the arbitration proceedings.

(b) In the case of any labor dispute otherwise covered by subparagraph (a) but involving multiple parties, or employees of urban mass transportation employers other than those of the Recipient, which cannot be settled by collective bargaining, such labor dispute may be submitted, at the written request of any of the parties to this arrangement involved in the dispute, to a single arbitrator who is mutually acceptable to the parties. Failing mutual agreement within ten (10) days as to the selection of an arbitrator, any of the parties involving may request the American Arbitration Association to furnish an impartial arbitrator from among members of the National Academy of Arbitrators who is then available to serve. Unless otherwise provided, in the case of arbitration proceedings under paragraph (5) of this arrangement, the arbitrator thus appointed shall convene the hearing within fifteen (15) days after his selection or appointment and shall render his decision within forty-five (45) days after the hearing of the dispute or controversy has been concluded and the record closed. The decision of the neutral arbitrator shall be conclusive upon all parties to the dispute. All the conditions of the arrangement shall continue to be effective during the arbitration proceeding. Authority of the arbitrator shall be limited to the determination of the dispute arising out of the interpretation, application, or operation of the provisions of this arrangement. The arbitrator shall not have any authority whatsoever to alter, amend, or modify any of the provisions of any collective bargaining agreement.

(c) The compensation and expenses of the neutral arbitrator, and any other jointly incurred expenses, shall be borne equally by the parties to the proceeding and all other expenses shall be paid by the party incurring them.

(d) In the event of any dispute as to whether or not a particular employee was affected by the Project, it shall be his obligation to identify the Project and specify the pertinent facts of the Project relied upon. It shall then be the Recipient's burden to prove that factors other than the Project affected the employee. The claiming employee shall prevail if it is established that the Project had an effect upon the employee even if other factors may also have affected the employee (Hodgson's Affidavit in Civil Action No. 825-71).

(e) Nothing in this arrangement shall be construed to enlarge or limit the right of any party to utilize, upon the expiration of any collective bargaining agreement or otherwise, any economic measures which are not inconsistent or

in conflict with applicable laws or this arrangement.

(16) Nothing in this arrangement shall be construed as depriving any employee of any rights or benefits which such employee may have under any existing job security or other protective conditions or arrangements by collective bargaining agreement or law where applicable, including P.L. 93-236, enacted January 2, 1974; provided that there shall be no duplication of benefits to any employees, and, provided further, that any benefit under the arrangement shall be construed to include the conditions, responsibilities, and obligations accompanying such benefits.

(17) The Recipient shall be financially responsible for the application of these conditions and will make the necessary arrangements so that any employee affected as a result of the Project may file a claim through his union representative with the Recipient within sixty (60) days of the date he is terminated or laid off as a result of the Project, or within eighteen (18) months of the date his position with respect to his employment is otherwise worsened as a result of the Project; provided, in the latter case, if the events giving rise to the claim have occurred over an extended period, the 18-month limitation shall be measured from the last such event; provided, further, that no benefits shall be payable for any period prior to six (6) months from the date of the filing of the claim. Unless such claims are filed with the Recipient within said time limitations, the Recipient shall thereafter be relieved of all liabilities and obligations related to said claims. The Recipient will fully honor the claim, making appropriate payments, or will give notice to the claimant and his representative of the basis for denying or modifying such claim, giving reasons therefor. In the event the Recipient fails to honor such claim, the Union may invoke the following procedures for further joint investigation of the claim by giving notice in writing of its desire to pursue such procedures. Within ten (10) days from the receipt of such notice, the parties shall exchange such factual material as may be requested of them relevant to the disposition of the claim and shall jointly take such steps as may be necessary or desirable to obtain from any third party such additional factual materials as may be relevant. In the event the claim is so rejected by the Recipient, the claim may be processed to arbitration as herein above provided by paragraph (15). Prior to the arbitration hearing, the parties shall exchange a list of intended witnesses. In conjunction with such proceedings, the impartial arbitrator shall have the power to subpoena witnesses upon the request of any party and to compel the production of documents and other information denied in the pre-arbitration period which is relevant to the disposition of the claim.

Nothing included herein as an obligation of the Recipient shall be construed to relieve any other urban mass transportation employer of the employees covered hereby of any obligations which it has under existing collective bargaining agreements, including but not limited to obligations arising from the benefits referred to in paragraph (10) hereof, nor make any such employer a third-party beneficiary of the Recipient's obligations contained herein, nor deprive the Recipient of any right of subrogation.

(18) During the employee's protective period, a dismissed employee shall, if he so requests, in writing, be granted priority of employment to fill any vacant position within the jurisdiction and control of the Recipient, including those in the employment of any entity bound by this arrangement pursuant to paragraph (19) hereof, which is reasonably comparable to that which he held when dismissed, for which he is, or by training or retraining can become, qualified; not, however, in contravention of collective bargaining agreements related thereto. In the event such employee requests such training or retraining to fill such vacant position, the Recipient shall provide for such training or re-training at no cost to the employee. The employee shall be paid the salary or hourly rate provided for in the applicable collective bargaining agreement for such position, plus any displacement allowance to which he may be otherwise entitled. If such dismissed employee who has made such request fails, without good cause, within ten (10) days to accept an offer of a position comparable to that which he held when dismissed for which he is qualified, or for which he has satisfactorily completed such training, he shall, effective at the expiration of such ten-day period, forfeit all rights and benefits under this arrangement.

As between employees who request employment pursuant to this paragraph, the following order where applicable shall prevail in hiring such employees:

(a) Employees in the craft or class of the vacancy shall be given priority over employees without seniority in such craft or class;

(b) As between employees having seniority in the craft or class of the vacancy, the senior employees, based upon their service in that craft or class, as shown on the appropriate seniority roster, shall prevail over junior employees;

(c) As between employees not having seniority in the craft or class of the vacancy, the senior employees, based upon their service in the crafts or classes

in which they do have seniority as shown on the appropriate seniority rosters, shall prevail over junior employees.

(19) This arrangement shall be binding upon the successors and assigns of the parties hereto, and no provisions, terms, or obligations herein contained shall be affected, modified, altered, or changed in any respect whatsoever by reason of the arrangements made by or for the Recipient to manage and operate the system.

Any person, enterprise, body, or agency, whether publicly - or privately-owned, which shall undertake the management, provision and/or operation of the Project services or the Recipient's transit system, or any part or portion thereof, under contractual arrangements of any form with the Recipient, its successors or assigns, shall agree to be bound by the terms of this arrangement and accept the responsibility with the Recipient for full performance of these conditions. As a condition precedent to any such contractual arrangements, the Recipient shall require such person, enterprise, body or agency to so agree.

(20) The employees covered by this arrangement shall continue to receive any applicable coverage under Social Security, Railroad Retirement, Workmen's Compensation, unemployment compensation, and the like. In no event shall these benefits be worsened as a result of the Project.

(21) In the event any provision of this arrangement is held to be invalid, or otherwise unenforceable under the federal, State, or local law, in the context of a particular Project, the remaining provisions of this arrangement shall not be affected and the invalid or unenforceable provision shall be renegotiated by the Recipient and the interested union representatives of the employees involved for purpose of adequate replacement under Section 5333(b). If such negotiation shall not result in mutually satisfactory agreement, any party may invoke the jurisdiction of the Secretary of Labor to determine substitute fair and equitable employee protective arrangements for application only to the particular Project, which shall be incorporated in this arrangement only as applied to that Project, and any other appropriate action, remedy, or relief.

(22) The designated Recipient, as hereinabove defined, signatory hereto, shall be the sole provider of mass transportation services to the Project and such services shall be provided exclusively by employees of the Recipient covered by this agreement, in accordance with this agreement and any applicable collective bargaining agreement. The parties recognize, however, that certain of the recipients signatory hereto, providing urban mass transportation services,

have heretofore provided such services through contracts by purchase, leasing, or other arrangements and hereby agree that such practices may continue. Whenever any other employer provides such services through contracts by purchase, leasing, or other arrangements with the Recipient, or on its behalf, the provisions of this agreement shall apply.

(23) An employee covered by this arrangement, who is not dismissed, displaced, or otherwise worsened in his position with regard to his employment as a result of the Project, but who is dismissed, displaced, or otherwise worsened solely because of the total or partial termination of the Project or exhaustion of Project funding, shall not be deemed eligible for a dismissal or displacement allowance within the meaning of paragraphs (6) and (7) of this arrangement.

(24) If any employer of the employees covered by this arrangement shall have rearranged or adjusted its forces in anticipation of the Project, with the effect of depriving an employee of benefits to which he should be entitled under this arrangement, the provisions of this arrangement shall apply to such employee as of the date when he was so affected.

(25) In the context of a particular Project, the Recipient and any union which is referenced in the title of this arrangement shall be deemed a party to this arrangement as applied to the Project.

(26) In the event any project to which this arrangement applies is approved for assistance, the foregoing terms and conditions shall be made part of the contract of assistance between the federal government and the applicant for federal funds and between the applicant and any recipient of federal funds; provided, however, that this arrangement shall not merge into the contract of assistance but shall be independently binding and enforceable by and upon the parties thereto, in accordance with its terms, nor shall any other employee protective arrangement nor any collective bargaining agreement merge into this agreement, but each shall be independently binding and enforceable by and upon the parties thereto, in accordance with its terms.

Contractor Performance Standards

Sonoma County Paratransit

Contractor Performance Standards Fiscal Year 2018

OVERVIEW

The performance standards detailed in this document were developed by Sonoma County staff to encourage its paratransit Contractor, to provide the highest quality of service. The guidelines described herein should be considered minimum standards of performance. Future contract extensions may be predicated on the Contractor's successful adherence to these standards.

County staff will issue quarterly performance evaluations based on the Contractor's monthly reports and the County's independent monitoring efforts. The purpose of these performance evaluations is to improve communication between County staff and the Contractor, as well as to document the Contractor's progress toward providing higher quality service. The Contractor may dispute any performance evaluation by submitting a written statement to the County within seven (7) days of the evaluation's issuance. County staff will meet with the Contractor to discuss the Contractor's concerns within seven (7) days after receiving the written dispute. The County Transit Systems Manager will make any final determinations regarding the dispute.

The standards, monitoring procedures and reporting procedures listed below are intended to support the following goal:

Sonoma County Paratransit, shall provide efficient, safe and professional quality service to its customers. The "customers" are the users of paratransit service as well as the agency of Sonoma County Transit.

1. Efficiency

Contractor shall implement scheduling practices to maximize service efficiency. Contractor shall maintain adequate staffing to ensure the following efficiency standards are met.

A. On-Time Performance

Standard 1.1: Contractor shall maintain 90% or greater on-time performance, defined as arrival at scheduled pick-up location within the thirty (30) minute scheduled pick-up window. At the time the reservation is made, the scheduler advise the customers of the half hour pick-up window for the scheduled pick-up time. Driver shall wait for a passenger for up to five minutes after vehicle arrives at the scheduled pick-up location and notifies customer of their presence, within the allotted window.

Monitoring Measure 1.1a: Contractor shall provide On-time Performance Reports generated from scheduling software on a monthly basis. All reports will have the following information recorded on a road supervision report:

- a) Date
- b) Vehicle Number
- c) Route Number
- d) Scheduled pick-up location (City)
- e) Scheduled departure time
- f) Actual departure time
- g) Difference between scheduled departure time and actual departure time

Monitoring Measure 1.1b: County staff may conduct its own road supervision to verify the on-time performance reported by the Contractor. Contractor may be asked to supply County staff with daily manifests for this purpose.

Standard 1.2: Trip duration shall not exceed the duration of the corresponding fixed route bus trip.

Monitoring Measure 1.2a: County will rely on Contractor reports and customer complaints to monitor this standard. Driver logs may be audited to verify Contractor reports.

B. Trip Denials

Standard 1.3: Contractor shall have a goal of zero ADA trip denials and. A "denial" is when the Contractor is unable to schedule a trip within one hour before or after the requested trip time due to a lack of capacity or when other capacity constraints prevent riders from scheduling trips.

Monitoring Measure 1.3a: Contractor shall keep a daily log of all trips requested in Novus.

Monitoring Measure 1.3b: Contractor shall record all denied trips. Contractor will fax daily trip denial reports to the County the same day the denial is recorded.

Monitoring Measure 1.3c: Contractor shall provide recommendations on a quarterly basis regarding planned operational changes to reduce overall trip denials.

C. Incoming Calls Wait Time

Standard 1.5: Contractor's goal shall be that 96% of all incoming calls shall be answered within five (5) minutes and a reservation for one (1) round trip should be completed within five (5) minutes.

Monitoring Measure 1.5a: Contractor shall include computerized call wait time reports in the Monthly Report

Monitoring Measure 1.5b: County staff will review customer complaints with regard to this standard.

D. Efficient Dispatching

Standard 1.6: The average number of passengers per vehicle revenue hour shall be at least 2.0.

Monitoring Measure 1.6a: The average number of passengers per vehicle revenue hour shall be included in the Monthly Report.

Standard 1.7: Contractor shall maximize efficient use of automated scheduling program.

Monitoring Measure 1.7a: Contractor shall report its training efforts with respect to this standard on a quarterly basis.

2. Safety

Contractor shall make every effort to operate Sonoma County Paratransit vehicles safely, to protect passengers and the public from injury, and to protect County property.

A. Accidents

Standard 2.1: Contractor shall achieve eighty thousand (100,000) average miles between preventable accidents. For the purposes of this standard, accidents shall be defined as events causing damage to any County-owned vehicle or property in excess of one hundred dollars (\$100). Contractor shall provide drivers with ongoing safety training, including monthly safety meetings for paid drivers and an annual meeting with volunteer drivers..

Monitoring 2.1a: Contractor shall report the dates and topic of safety meetings in its Monthly Management Reports, as well as an attendance record.

Standard 2.2: Contractor shall maintain drug testing procedures as prescribed in the Contract.

Monitoring 2.2a: Contractor shall document its drug testing procedures on a quarterly basis and provide this information in the Monthly Management Report.

Standard 2.3: Contractor shall keep the County informed of all accidents and incidents.

Monitoring Measure 2.3a: Contractor shall notify County staff and the Operations Contractor's Maintenance Manager of all accidents / incidents within twenty-four (24) hours or by 9:00 a.m. the following business day, whichever is sooner. A date-stamped report shall be submitted to the County within two (2) business days after the date of the accident or incident. This report may be the same report the Contractor submits to its insurance agency. The report shall include the following information:

- a) County vehicle identification number
- b) Date of accident / incident
- c) Time of accident / incident
- d) Name of driver
- e) Brief description of the accident
- f) Determination of whether the accident was preventable
- g) Names and phone numbers of authorities consulted
- h) Names of passengers on board
- i) Names and addresses of witnesses

A preventable accident is one that reasonably could have been avoided by the operator. The County Transit Systems Manager will make any final decisions regarding whether an accident is preventable or non-preventable.

An incident is any other unusual occurrence that disrupted service, did not incur monetary damage to County property and is unlikely to result in a claim against the County.

Monitoring Measure 2.3b: Contractor shall include a summary of accidents / incidents in the Monthly Management Report. County staff will verify the number of accidents / incidents reported in the Monthly Management Report with the actual accident reports submitted throughout the month.

B. Wheelchair Lift Cycling

Standard 2.4: Contractor shall cycle the wheelchair lift on all vehicles daily to ensure that each lift is functional prior to in-service use. Dispatch must be notified immediately of any in-service wheelchair lift failures.

Monitoring Measure 2.4a: Contractor shall report all in-service wheelchair lift failures in the Monthly Management Report.

Standard 2.5: In the event of an in-service wheelchair lift failure, Contractor shall ensure that the passenger utilizing a wheelchair is given adequate transportation to his/her destination.

Monitoring Measure 2.5a: County staff will review customer complaints with regard to this standard.

3. Professionalism

Contractor shall make every effort to provide uniformly professional quality service. Further development of training curricula may be needed.

A. Employee Conduct

Standard 3.1: Contractor shall provide employees who are likely to be in contact with the public with on-going sensitivity and customer service training, as well as an understanding of the Americans with Disabilities Act (ADA). Contractor shall train its employees to give customers accurate information regarding all Sonoma County Paratransit services. Employees also should have basic knowledge about Sonoma County Transit fixed route services. Additionally, paratransit drivers must conduct themselves in accordance with the following guidelines:

Customer Service

- a) Inform customers of driver's name upon the request of the customer;
- b) Verbally identify himself/herself to blind or visually impaired customers;
- c) Wear an identification badge on an outer garment during all service hours;
- d) Drivers shall present a common appearance including the uniform shirts issued with the Sonoma County Paratransit logo or other attire as approved by the Sonoma County Transit Systems Manager.
- e) Assist customers as needed and required by the Americans with Disabilities Act (ADA);
- f) Be aware of ADA requirements concerning service animals;

- g) Require all non-service animals to be contained while on-board;
- h) Be courteous and helpful to all customers and other persons encountered while on duty;
- i) Operate assigned vehicle in a safe and courteous manner;
- j) Do not use profane language;
- k) Do not allow soliciting on the vehicle;
- l) Do not accept monetary gratuities;
- m) Do not smoke aboard County vehicles;
- n) Do not eat or drink aboard County vehicles while there are passengers on-board;
- o) Do not play portable radios or wear headphones aboard vehicles whether moving or parked;
- p) Do not use cellular telephones while in the driver seat of the vehicle;
- q) Use vehicles only for assigned duties;

Operational Guidelines

- r) Keep a daily driver manifest of departure times and the number of customers boarding at pick-up areas;
- s) Complete a vehicle inspection report before checking out a vehicle and after turning in a vehicle;
- t) Follow the route manifest, maintain time schedules to the extent possible, and notify dispatcher if it becomes necessary to alter the order of pick-ups and drop-offs, or if a schedule cannot be maintained;
- u) Honor special passes, collect fares/tickets, issue bulletins and other materials, and perform occasional surveys or other actions as required by the County;
- v) Keep the vehicle clean and sanitary during the work shift;
- w) Secure all wheelchairs and scooters using a four point tie down;
- x) Immediately report any vehicle defects to supervisor or dispatcher;
- y) Refrain from speaking to anyone concerning an accident or incident unless it is to the police, County staff, or Contractor supervisory personnel. All information regarding an accident involving Sonoma County Paratransit is confidential.

Monitoring Measure 3.1a: Contractor shall include in the Monthly Management Report a narrative of ongoing driver training/retraining programs.

Standard 3.2: Schedulers shall give each caller their full attention and observe high standards of telephone etiquette. Schedulers shall not function as dispatchers while taking reservations over the telephone. (Calls can be put on hold while the radio is used.)

Monitoring Measure 3.2a: County staff will review customer complaints with regard to this standard. Any complaints received directly by County staff will be forwarded to the Program Director for review and remedy.

B. Complaints

Standard 3.3: The number of service-related complaints against the Contractor shall not exceed five (5) per month.

Monitoring Measure 3.3a: Contractor shall record all passenger complaints on the Customer Service Form in BaseCamp (or other software, as required), and copy all complaints to the County as soon as possible. The Contractor must respond with the results of their investigation, along with a customer follow-up within five (5) business days of receipt of the complaint.

Monitoring Measure 3.3b: Contractor shall provide a summary of passenger complaints in the Monthly Management Report and any written letters or responses sent to passengers by Contractor.

C. Public Relations

Standard 3.4: Contractor shall obtain approval from County staff prior to issuing press releases, including announcements in local newspapers, newsletters and marketing materials.

Monitoring Measure 3.4a: Publication of press releases without County approval shall be considered a violation of this standard.

4. Reporting

Standard 4.1: Contractor shall submit a Monthly Management Report by the 15th day of the following month as specified in the Contract. The Monthly Report should be in a standardized format and easily legible.

Standard 4.2: Contractor shall include the following information to the County in the **Monthly Report:**

Title: Transit Services Agreement – Mendocino Transit Authority

Recommended Actions:

Approve and authorize Chair to execute agreement with Mendocino Transit Authority to provide transit services in the northern coastal area of Sonoma County for a not-to-exceed amount of \$172,200 for the period of July 1, 2018 through June 30, 2019.

Executive Summary:

The Mendocino Transit Authority provides transit services on behalf of Sonoma County Transit for the coastal communities of Point Arena, Gualala, The Sea Ranch, Jenner, Bodega Bay and Bodega. The morning eastbound route begins in Point Arena and connects residents in these remote communities with destinations in Sebastopol and Santa Rosa, returning them home in the afternoon via the westbound route. The requested action provides for continuation of these services in fiscal year 2018-19.

Discussion:

The proposed agreement provides for continued support for Sonoma Coast transit services provided by Mendocino Transit Authority for fiscal year 2018-19. Mendocino Transit Authority's Route 95 provides daily service that originates in Point Arena and travels Highway 1 thru Gualala, The Sea Ranch, Jenner and Bodega Bay, then continues east to Bodega, Sebastopol and Santa Rosa, serving the Downtown Santa Rosa Transit Mall, Coddington Shopping Center and the Sonoma County Airport. Mendocino Transit Authority's Route 95 primarily serves coast area residents as it travels into Santa Rosa in the morning and returns to the coast in the afternoon.

The proposed agreement allows for reimbursement to Mendocino Transit Authority in a not-to-exceed amount of \$172,200. Both Sonoma and Mendocino counties contribute a percentage, based on respective ridership, of the operations deficit for Route 95. The operations deficit represents Mendocino Transit Authority's operating costs less passenger fares. Sonoma County's contribution percentage is 56%. Route 95 is a long established service that has been supported by Sonoma and Mendocino counties since the

1980's. Funding participation by the two counties provides for a cost-effective means of providing daily transit service within one of the most rural areas of Sonoma County.

The proposed FY 2018-19 budget remains unchanged from FY 2017-18 at \$172,200.

Funding for this agreement is included within the Recommended FY 2018-19 Transit Division budget and is consistent with Sonoma County Transit's FY 2018-19 Transportation Development Act/State Transit Assistance funding claim to the Metropolitan Transportation Commission.

Prior Board Actions:

05/09/17 – Board approved FY 2017-18 agreement in the amount of \$172,200.

Strategic Plan Alignment Goal 1: Safe, Healthy, and Caring Community

The provision of public transit services assists the County's goals of providing safe, healthy and caring community by providing low-cost mobility options that link all areas of Sonoma County and provide access to major medical, educational and commercial destinations.

**2018-19 AGREEMENT BETWEEN THE COUNTY OF SONOMA AND MENDOCINO
TRANSIT AUTHORITY**

The following is an Agreement, dated as of July 1, 2018 (“Effective Date”), by and between the County of Sonoma, a political subdivision of the State of California (hereinafter “County”), and Mendocino Transit Authority Joint Powers Agency (hereinafter “MTA”). For purposes of this Agreement, County and MTA shall be jointly referred to as “Parties” or “the Parties” and singularly as “Party.”

RECITALS

WHEREAS, California Public Utilities Code section 99288 authorizes the Parties to enter into this Agreement; and

WHEREAS, MTA represents that it operates a bus transit system in compliance with all relevant laws, regulations, and other applicable restrictions; and

WHEREAS, the Transportation Development Act requires that at least 10% of the Operating Cost be obtained from Farebox Revenue for transit operations to qualify for state funding; and

WHEREAS, MTA and County wish to continue providing transit service in the North Coastal area between Point Arena and the city of Santa Rosa, known as MTA Route 95.

NOW, THEREFORE, in consideration of the foregoing recitals and mutual covenants contained herein, the Parties hereto agree as follows:

AGREEMENT

1. Definitions. For purposes of this Agreement, the terms shall have the following meanings:

- (a) “Day” or “day” means calendar day.
- (b) “Farebox Revenue” means all revenues collected from fare-paying passengers for the transit service provided hereby (*i.e.*, Route 95), including in the form of cash and pass sales revenues.
- (c) “Local Fare” means the passenger fare paid to travel a “local” zone as illustrated in Exhibit “A.”
- (d) “Operating Costs” means total costs of operating a public transit route, including labor, fuel (and other consumable costs), insurance, maintenance, administration and depreciation.
- (e) “Route Costs” means the Operating Costs of operating a specific route within a transit system’s collection of routes.
- (f) “Route Deficit” means Operating Cost less all Farebox Revenue.

2. Service to be Provided. MTA agrees to provide general public and disabled-accessible transit service per the route and schedule set forth in Exhibit “A” attached hereto and incorporated herein by reference. MTA shall make available on all route vehicles a printed schedule which indicates that part of the service which is subsidized by County.

MTA shall provide daily round trip services every day, except for the following holidays: Thanksgiving Day (November 22, 2018), Christmas Day (December 25, 2018), and New Year’s Day (January 1, 2019).

3. Fares. A minimum Local fare within Sonoma County shall be at least \$1.50 for regular/adult; \$1.25 for youth (18 and under); and \$0.75 for senior and disabled. MTA shall honor transfers from Sonoma County Transit for satisfaction of a Local fare. Sonoma County Transit shall accept MTA transfers for satisfaction of a First-Zone (base) fare. Fares may only be changed by the written, mutual consent of all Parties to this Agreement.

4. Changes in Service. Any Party may propose a change in service. MTA shall review any proposed change in service to determine the estimated cost and compatibility of the proposed change with MTA's overall bus system operation. A change in service will be put into effect only upon the written approval of both Parties; except that MTA may, at its sole discretion, make such temporary changes as are required by conditions beyond the control of MTA or make minor operational changes in service that do not increase County's payment obligation. MTA shall promptly notify County, in writing, of temporary changes or operational changes in service.

5. Route Costs. The total Route Costs of this service shall be determined by MTA on an actual cost basis in accordance with generally accepted accounting procedures for public transit service. Route Costs shall not include any expense or charge which is not eligible for reimbursement under the provisions of California Public Utilities Code Section 99400 et seq. and any related rules or regulations.

County shall contribute to these Route Costs based on a residency survey of riders. County will be responsible for conducting the survey within Sonoma County.

6. Fare Distribution and Satisfaction of Farebox Requirement. All Farebox Revenue collected on this service shall be credited to that route.

7. Route Deficit. The Route Deficit shall be equal to the Route Costs less Farebox Revenue. The Parties shall split the Route Deficit as follows: 56% by County and 44% by MTA. The Parties agree that these percentages are based on previous ridership residency surveys and sufficiently reflect each jurisdiction's ridership on the service. In the event that the ridership survey determines different ridership by Sonoma County residents, these split rates shall be adjusted accordingly and summarized in writing by the Parties.

8. Payment Obligation; Funding Contingency. Subject to the funding contingency indicated below, County shall pay County's portion of the Route Deficit, in an amount as provided above. Notwithstanding, County's payment obligation shall not exceed 56% of the Route Deficit, and shall not exceed \$172,200 ("Maximum Obligation").

County will apply to Metropolitan Transportation Commission (MTC) for \$172,200 in Transportation Development Act (TDA) or State Transit Assistance (STA) funds for payment for services under this Agreement. County will notify MTA if County's TDA/STA request is denied by MTC.

Payment by County and MTA's obligations to provide service under this Agreement are **contingent** upon MTC's approval of County's TDA/STA claim and the availability of TDA/STA funds for this service. County shall incur no liability for or related to any failure to obtain TDA/STA or any other funding in support of this Agreement.

9. Reporting and Information Requirements. MTA shall provide a written report to County every month for the previous month. This report shall include the financial and operating data for all services provided under this Agreement and a detailed itemization of operating data, expenses, and revenues on the form shown as Exhibit "B." MTA shall also provide applicable back-up data

as requested. MTA shall provide this report to County within twenty (20) days following the end of each month. If MTA fails to timely file a monthly report or reports, County may, in its sole discretion, withhold any payment or payments required by this Agreement.

MTA shall also provide any other information or documents that may be required to comply with National Transit Database reporting requirements or the Transportation Development Act (as amended) or any related rules or regulations, including Title 21, Division 3, of the California Code of Regulations (as amended), to County within twenty (20) days of any County request.

10. Payment. County shall pay MTA as provided herein on or before the 15th day of each month, beginning July 2018 through June 2019. County's monthly payment shall not exceed \$14,350 and County's aggregate annual payment under this Agreement shall not exceed \$172,200. All County payments shall comport with Sonoma County Board of Supervisors' Resolution No. 62627, dated December 19, 1978.

11. Term. The term of this Agreement is July 1, 2018, through June 30, 2019. This Agreement shall automatically terminate at midnight on June 30, 2019.

12. Insurance. MTA shall maintain and shall require all its subcontractors to maintain insurance as described below:

A. Worker's Compensation Insurance. Worker's compensation insurance with statutory limits as required by the Labor Code of the State of California. Said policy shall be endorsed with the following specific language:

“This policy shall not be canceled or materially changed without first giving thirty (30) days' prior written notice to the County of Sonoma, Department of Transportation and Public Works.”

B. General Liability Insurance. Commercial general liability insurance covering bodily injury and property damage utilizing an occurrence policy form, in an amount no less than \$5,000,000 combined single limit for each occurrence. Said commercial general liability insurance policy shall either be endorsed with the following specific language or contain equivalent language in the policy:

(1) “The County of Sonoma, its officers and employees, is named as additional insured for all liability arising out of the operations by or on behalf of the named insured in the performance of this Agreement.”

(2) “The inclusion of more than one insured shall not operate to impair the rights of one insured against another insured, and the coverage afforded shall apply as though separate policies had been issued to each insured, but the inclusion of more than one insured shall not operate to increase the limits of the company's liability.”

(3) “The insurance provided herein is primary coverage to the County of Sonoma with respect to any insurance or self-insurance programs maintained by County.”

(4) “This policy shall not be canceled or materially changed without first giving thirty (30) days' prior written notice to the County of Sonoma, Department of Transportation and Public Works.”

C. Automobile Liability Insurance. Automobile liability insurance covering bodily injury and property damage in an amount no less than \$5,000,000 combined single limit for each

occurrence. Said insurance shall include coverage for owned, hired, and non-owned vehicles. Said policy shall be endorsed with the following language:

“The County of Sonoma, its officers and employees, is named as additional insured for liability arising out of the ownership, maintenance, use, loading or unloading of an automobile in the performance of this agreement.

The insurance provided to County is primary and non-contributory with respect to any insurance or self-insurance program maintained by County.

This policy shall not be cancelled or materially changed without first giving thirty (30) days prior written notice to the County of Sonoma, Department of Transportation and Public Works.”

D. Documentation. The following documentation shall be submitted to the County:

(1) Properly executed Certificates of Insurance clearly evidencing all coverages, limits, and endorsements required above. Said Certificates shall be submitted prior to the execution of this Agreement.

(2) Signed copies of specified endorsements for each policy. Said endorsement copies shall be submitted within thirty (30) days of execution of this Agreement.

(3) Upon County’s written request, certified copies of insurance policies. Said policy copies shall be submitted within thirty (30) days of County’s request.

(4) After the Agreement has been signed, signed Certificates of Insurance shall be submitted for any renewal or replacement of a policy that already exists, at least ten (10) days before expiration or other termination of the existing policy.

E. Policy Obligations. MTA's indemnity and other obligations shall not be limited by the foregoing insurance requirements.

F. Material Breach. If MTA, for any reason, fails to maintain insurance coverage which is required pursuant to this Agreement, the same shall be deemed a material breach of this Agreement. County, in its sole option, may terminate this Agreement and obtain damages from MTA resulting from said breach. Alternatively, County may purchase such required insurance coverage, and without further notice to MTA, County may deduct from sums due to MTA any premium costs advanced by County for such insurance. These remedies shall be in addition to any other remedies available to County.

13. Statutory Compliance/Living Wage Ordinance. MTA agrees to comply, and to ensure compliance by its sub-consultants or subcontractors, with all applicable federal, state and local laws, regulations, statutes and policies, including but not limited to the County of Sonoma Living Wage Ordinance, applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, MTA expressly acknowledges and agrees that this Agreement may be subject to the provisions of Article XXVI of Chapter 2 of the Sonoma County Code, requiring payment of a living wage to covered employees. Noncompliance during the term of the Agreement will be considered a material breach and may result in termination of the Agreement or pursuit of other legal or administrative remedies.

14. Substitute Vehicle(s). The County will not provide any vehicles to MTA for services provided under this Agreement. .

15. Indemnification. County agrees to accept all responsibility for loss or damage to any person or entity, and to defend, indemnify, hold harmless, and release MTA, its officers, agents, and employees, from and against any and all actions, claims, damages, disabilities, or expenses that may be asserted by any person or entity, including County, arising out of or in connection with the performance of County hereunder, but excluding liability due to the sole active negligence or sole willful misconduct of MTA. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for County or its agents under workers' compensation acts, disability benefits acts, or other employee benefit acts.

MTA agrees to accept all responsibility for loss or damage to any person or entity, and to defend, indemnify, hold harmless, and release County, its officers, agents, and employees, from and against any and all actions, claims, damages, disabilities, or expenses that may be asserted by any person or entity, including MTA and/or any passengers, arising out of or in connection with this Agreement and/or the services provided-for hereunder, but excluding liability due to the sole active negligence or sole willful misconduct of County. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for MTA or its agents under workers' compensation acts, disability benefits acts, or other employee benefit acts.

16. Assignment. No Party shall assign, sublet, or transfer any interest in this Agreement without written consent of the other, and no assignment shall be of any force or effect whatsoever unless and until the other Parties shall have so consented in writing.

MTA offers and agrees and shall assign to County, and agrees to require its subcontractors to offer and agree to assign to County, all rights, title, and interest in and to all causes of actions it may have under Section 4 of the Clayton Act (15 USC Section 15) or under the Cartwright Act (Chapter 2 [commencing with Section 16700] of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services or materials pursuant to this Agreement or any subcontracts entered into hereunder. This assignment shall be made and become effective at the time County tenders final payment to MTA, without further acknowledgement of the Parties.

17. Method and Place of Giving Notice, Submitting Bills and Making Payments. All notices, bills, and payments shall be made in writing and shall be given by personal delivery or by U.S. Mail or courier service. Notices, bills and payments shall be addressed as follows:

MTA: Mendocino Transit Authority
Attention: General Manager
241 Plant Road
Ukiah, CA 95482
PHONE: 707-462-5765
FAX: 707-462-1760

County: Sonoma County Transit
Attention: Transit Systems Manager
355 West Robles Avenue
Santa Rosa, CA 95407
PHONE: 707-585-7516
FAX: 707-585-7713

When a notice, bill or payment is given by a generally recognized overnight courier service, the notice, bill or payment shall be deemed received on the next business day. Notices, bills and payments shall be effective upon receipt by the recipient. Changes may be made in the names and addresses of the person to whom notices are to be given by giving notice pursuant to this section.

18. Merger. This writing is intended both as the final expression of the Agreement between the Parties hereto with respect to the included terms and as a complete and exclusive statement of the terms of the Agreement, pursuant to Code of Civil Procedure section 1856. No modification of this Agreement shall be effective unless and until such modification is evidenced by a writing signed by both Parties.

19. Nondiscrimination. MTA shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination because of race, color, ancestry, national origin, religion, sex, marital status, age, medical condition, pregnancy, disability, sexual orientation or other prohibited basis. All nondiscrimination rules or regulations required by law to be included in this Agreement are incorporated herein by reference.

MTA shall not engage in, tolerate or practice any form of discrimination in determining the grant of services to eligible patrons. The system shall operate on a first-come, first-served basis without preference to the type of trip (i.e., medical, social, work, or other). County residents as well as non-residents shall be equally eligible for service. No restrictions or priorities based on trip purpose will be permitted.

20. Right to Monitor and Audit. County and its agents and the regional governments, including the Metropolitan Transportation Commission (MTC, shall have the right to monitor and audit all performance under this Agreement.

County will notify MTA in writing within thirty (30) days of any potential exception(s) discovered during such examination. Where such findings indicate that program requirements are not being met and funding agency participation in this program may be imperiled, such written notification will constitute the County's intent to terminate this Agreement in the event that corrections are not accomplished by MTA within sixty (60) days.

21. Compliance with Laws and Regulations. MTA shall comply with all federal, state, and local laws, and all regulations or requirements of funding agencies, such as alcohol/drug testing, DMV Pull-Notice System for Drivers, and any other matters that impact eligibility for funding, risk exposure, safety, or other relevant area.

MTA shall indemnify, protect, defend, and hold harmless County and its officers, agents, and employees from all fines, penalties, and liabilities imposed or threatened to be imposed upon County under any such laws, rules, or regulations by any public agency, authority, or court having

jurisdiction, when the imposition or threat of same relates to the failure of MTA to keep fully informed and/or to comply with such laws, rules, or regulations.

22. Senior and Disabled Certification. MTA shall offer reduced fares to senior citizens and disabled persons. Fares for senior citizens and disabled persons shall not exceed 50% of the regular adult fare. MTA shall honor the federal Medicare identification card, the DMV senior citizen identification card, and the Regional Connection Discount Card.

23. Status of MTA. The Parties intend that MTA, in performing the services hereinafter specified, shall act as an independent contractor and shall have control of the work and the manner in which it is performed. MTA is not to be considered an agent or employee of County and is not entitled to participate in any pension plan, insurance, bonus, or similar benefits County provides its employees.

24. Right to Adequate Assurance of Performance. Each Party to this Agreement undertakes the obligation that the other's expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arise with respect to the performance of either Party, the other may, in writing, demand adequate assurance of due performance and until it receives such assurance may, if commercially reasonable, suspend any performance for which the agreed return has not been received. "Commercially reasonable" includes not only the conduct of a Party with respect to performance under this Agreement, but also conduct of a Party with respect to other Agreements with Parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding thirty (30) days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved Party's right to demand adequate assurance of future performance. Nothing in this Section 24 limits County's right to terminate this Agreement pursuant to Section 33.

25. Retention of Records. MTA and County agree to retain all documents relating to this Agreement for four years from the date of termination or until all federal/state audits are complete for the associated fiscal year, whichever is later, except in the event of litigation or settlement of claims arising from the performance of this Agreement, in which case MTA agrees to maintain same until County, the FTA Administrator, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims, or exceptions related thereto. Reference 49 CFR 18.39(i)(11). Upon request, MTA shall make available these records to County, state, or federal government personnel.

26. Conflict of Interest. MTA covenants that it presently has no interest and that it will not acquire any interest, direct or indirect, that represents a financial conflict of interest under state law or that would otherwise conflict in any manner or degree with the performance of its services hereunder. MTA further covenants that in the performance of this Agreement no person having any such interests will be employed. In addition, if requested to do so by County, MTA shall complete and file and shall require any other person doing work under this Agreement to complete and file a "Statement of Economic Interest" with the Sonoma County Clerk disclosing MTA's or such other person's financial interests.

27. Conflict of Transportation Interest. MTA shall not divert any revenues, passengers, or other business from services (Route 95) under this Agreement to any other transportation operation of MTA.

28. Americans with Disabilities Act (ADA) Compliance. MTA shall assume full responsibility and liability associated with ADA compliance associated with provision of this contracted service. It is the understanding of both Parties that this service is a limited intercity commute route, not requiring complementary paratransit services.

MTA shall provide a fully-accessible fixed-route service including well-maintained wheelchair devices, tiedowns, communication systems, training, and related requirements identified by the Federal Transit Administration. County will assume no liability for failure by MTA to satisfy these requirements. County has entered this Agreement with the understanding that MTA will fully comply with the ADA.

29. Public Information Services. MTA shall provide public telephone services Monday through Friday, between 8:00 AM and 5:00 PM in accessible formats. MTA shall also provide a telephone answering system to record messages on weekends and off-hours and to provide recorded information.

30. Emergency Procedures. In the event of a declared local emergency, upon the request of County's Director of the Office of Emergency Services, MTA shall make transportation and communication resources available to the degree possible for emergency assistance. MTA shall follow instructions of the County's Director of the Office of Emergency Services and inform County, as directed, of actions being taken. Emergency uses of transportation may include evacuation, transportation of injured, and movement of people to food and shelter. MTA shall be reimbursed on the basis of fair, equitable, and prompt reimbursement of MTA's actual costs. Reimbursement for such emergency services may exceed the "Maximum Obligation" of this Agreement. Immediately after the emergency ceases, MTA shall reinstitute normal transportation services. It is understood that operational funding provided in this Agreement cannot be expended to support emergency services.

31. Additional Services. Additional services outside the description and level of services indicated in this Agreement may be considered. Any additional services shall be authorized in writing and in advance of service delivery by MTA and County. Additional services will then be paid for by County on an individual occurrence (i.e., case-by-case) basis. The estimated number of service hours and related costs associated with any requested additional services shall be mutually determined prior to service performance and not be exceeded by MTA.

County's Transit Systems Manager is authorized to obtain additional services up to an aggregate of 10% of this Agreement's Maximum Obligation. Otherwise, an Agreement amendment must be approved by the Sonoma County Board of Supervisors. It is understood that County is free to obtain additional services in the subject service area from sources other than MTA, but only after consultation and negotiation with MTA.

32. Disputes. Except as otherwise provided in this Agreement, any dispute concerning a question of fact arising under this Agreement that is not disposed of by agreement shall be decided by the County Transportation and Public Works Director ("Director") or the Director's designee. The Director shall reduce his or her decision to writing and mail or otherwise furnish a copy thereof to MTA. The Director's decision shall be final and conclusive unless determined by a court of competent jurisdiction to have been fraudulent, or capricious, or arbitrary, or so grossly erroneous as necessarily to imply bad faith, or not supported by substantial evidence. In connection with any appeal or administrative or judicial proceeding under this clause, MTA shall be afforded an opportunity to be heard and to offer evidence in support of its appeal. Pending final decision of a

dispute hereunder, MTA shall proceed diligently with the performance of this Agreement and in accordance with the Director's decision.

This clause does not preclude consideration of law questions in connection with decisions provided for in this clause, provided that nothing in this Agreement shall be construed as making final the decision of administrative official, representative, or board on a question of law.

33. Termination.

A. Termination Without Cause. County shall have the right, in its sole discretion, to terminate this Agreement at any time and without cause, by giving ninety (90) days' written notice to MTA. In the event of termination without cause, County shall pay MTA for services rendered to that date.

B. Termination for Default. If MTA fails to deliver or perform services or to comply with any provision of this Agreement, County may terminate this Agreement. County shall serve a written notice of termination for cause on MTA, setting forth the MTA default. MTA will only be paid for services and supplies delivered and accepted as performed in the manner set forth in this Agreement, and in accordance with the Route Deficit and Maximum Obligation provisions herein.

If County subsequently determines that MTA had an excusable reason for not performing, such as a strike, fire, or other events not the fault of or are beyond the control of MTA, County, after setting up a new delivery of performance schedule, may allow MTA to continue work or treat the termination as a termination for convenience.

C. Opportunity to Cure. In the case of a termination for breach or default, County, in its sole discretion, may allow MTA a period of time in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions. If a satisfactory remedy is not reached within the time period, County shall have the right to terminate without further obligation to MTA. Any such termination for default shall not in any way operate to preclude County from also pursuing all available remedies against MTA and its sureties for said breach or default.

D. Waiver of Remedies for Any Breach. In the event that County elects to waive its remedies for any breach or default by MTA of any covenant, term, or condition of this Agreement, such waiver by County shall not limit County's remedies for any succeeding breach of that or of any other term, covenant, or condition of this Agreement.

34. 13(c) Obligations. MTA agrees to comply with the labor protection obligations of County pursuant to Section 13(c) of the Federal Transit Act (49 U.S.C. Section 5333(b)), as set forth in the 13(c) protective conditions attached to this Agreement as Exhibit "C." MTA shall be liable for any 13(c) claims or obligations that are created by acts or omissions of MTA that are not specifically directed by County. County will be responsible for 13(c) claims resulting from its acts or omissions, or actions taken by MTA pursuant to County's specific direction. MTA shall cooperate with County in the resolution or defense of 13(c) claims or disputes for which County has responsibility related to this Agreement and services.

MTA shall not take any action which is contrary to the interests of County under 13(c) or its 13(c) protective conditions relating to the termination of services under this Agreement, any future transition to another service provider, or any other action or event relating to this Agreement. If

MTA fails to comply with this obligation, MTA shall be liable for any costs incurred by County associated with any 13(c) claims or disputes.

35. Standard of Care. County has relied upon MTA's representations regarding its professional ability and training as a material inducement to enter into this Agreement. MTA hereby warrants that all its services will be performed in accordance with generally accepted professional practices and standards as well as the requirements of applicable federal, state, and local laws, it being understood that County's acceptance of MTA's services shall not operate as a waiver or release.

36. School Bus Operations. Pursuant to 69 U.S.C. 5323(f) and 49 CFR Part 205, recipients and subrecipients of FTA assistance may not engage in school bus operations exclusively for the transportation of students and school personnel in competition with private school bus operators unless qualified under specified exemptions. When operating exclusive school bus service under an allowable exemption, recipients and subrecipients may not use federally-funded equipment, vehicles, or facilities.

37. Drug and Alcohol Testing. MTA agrees to establish and implement a drug and alcohol testing program that complies with 49 CFR Part 655, produce any documentation necessary to establish its compliance with Part 655, and permit any authorized representative of the United States Department of Transportation or its operating administrations, the State Oversight Agency of California, or County, to inspect the facilities and records associated with the implementation of the drug and alcohol testing program as required under 49 CFR Part 655 and review the testing process. MTA agrees further to certify annually its compliance with Part 655 before March 15 and to submit the Management Information System (MIS) reports before March 15 to County Transit Systems Manager and FTA Office of Safety and Security. To certify compliance, MTA shall use the "Substance Abuse Certifications" in the "Annual List of Certifications and Assurances for Federal Transit Administration Grants and Cooperative Agreements," which is published annually in the Federal Register.

38. Binding Agreement. All Parties hereto acknowledge that it or they are represented by an attorney; that it or they have had an opportunity to discuss this Agreement with their attorney; and it or they are fully aware of the contents of this Agreement and acknowledge that it is a legal and binding agreement.

39. Further Acts. The Parties shall execute and perform all further acts that may be reasonably necessary to effectuate the provisions of this Agreement.

40. Applicable Law and Forum. This Agreement shall be construed and interpreted according to the substantive law of California, regardless of the law of conflicts to the contrary in any jurisdiction. Any action to enforce the terms of this Agreement or for the breach thereof shall be brought and tried in the forum nearest to the city of Santa Rosa, in the County of Sonoma.

41. Construction. To the fullest extent allowed by law, the provisions of this Agreement shall be construed and given effect in a manner that avoids any violation of statute, ordinance, regulation or law. The Parties covenant and agree that in the event that any provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated thereby. MTA and County acknowledge that they have each contributed to the making of this Agreement and that, in the event of a dispute over the interpretation of this Agreement, the language of the Agreement will not be construed against one party in favor of the

other. MTA and County acknowledge that they have each had an adequate opportunity to consult with counsel in the negotiation and preparation of this Agreement.

42. No Waiver. The waiver by County of any breach of any term or promise contained in this Agreement shall not be deemed to be a waiver of such term or provision or any subsequent breach of the same or any other term or promise contained in this Agreement.

43. Captions. The captions in this Agreement are solely for convenience of reference. They are not a part of this Agreement and shall have no effect on its construction or interpretation.

44. Time of Essence. Time is and shall be of the essence of this Agreement and every provision hereof.

45. Counterparts. This Agreement may be executed in counterparts or by facsimile.

46. Recitals. The Recitals set forth above are true and correct.

47. Incorporation of Exhibits. All Exhibits hereto are incorporated as if fully set forth herein by this reference.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement as of the Effective Date.

Re: FTA Application
Sonoma County Transit
Capitalized Preventive Maintenance, Non-
Fixed Route ADA Paratransit Service
CA-90-Y204 Revised

Dear Mr. Rogers:

This is in reply to the request from your office that we review the above-captioned application for a grant under Title 49 of the U.S. Code, Chapter 53.

Since there were no previously certified protective arrangements that could appropriately be applied to this grant, the Department of Labor proposed the attached arrangements for certification pursuant to Section 5333(b). Sonoma County Transit and the Service Employees International Union (SEIU), the Amalgamated Transit Union (ATU) Locals 1575 and 1700 and the International Association of Machinists (IAM), which represent transportation related employees in the service area of the project, have accepted the terms of the attached Operating Assistance Protective Arrangements dated July 25, 2003, and shall each be deemed a party to the Arrangements. These Arrangements provide to employees represented by the unions, protections satisfying the requirements of 49 U.S.C. Section 5333(b).

Accordingly, the Department of Labor makes the certification called for under the statute with respect to the instant project on condition that:

1. This letter and the terms and conditions of the attached *OPERATING ASSISTANCE PROTECTIVE ARRANGEMENT PURSUANT TO SECTION 5333(b) OF TITLE 49 OF THE U.S. CODE, CHAPTER 53*, For Sonoma County Transit and the SEIU, the ATU Locals 1575 and 1700 and the IAM, July 25, 2003, FTA Grant CA-90-Y204 Revised, shall be made applicable to the preventive maintenance and the non-fixed route ADA paratransit service portion of the instant project and made part of the contract of assistance, by reference;
2. The term "project" as used in the above referenced arrangements shall be deemed to cover and refer to the instant project;
3. Disputes over the interpretation, application, and enforcement of the terms and conditions of the protective arrangements certified by the Department of Labor, which include this letter of certification, shall be resolved in accordance with the provisions in the aforementioned arrangements for the resolution of such disputes; and
4. Employees of urban mass transportation carriers in the service area of the project, other than those represented by the local union which is a party to, or otherwise referenced in the protective arrangements, shall be afforded substantially the same levels of protection as are afforded to the employees represented by the union under the above-referenced arrangements and this certification. Such protections include procedural rights and remedies as well as protections for individual employees affected by the project.

Should a dispute remain after exhausting any available remedies under the protective arrangements and absent mutual agreement by the parties to utilize any other final and binding procedure for resolution of the dispute, the Secretary of Labor may designate a

neutral third party or appoint a staff member to serve as arbitrator and render a final and binding determination.

Sincerely,

FTA GRANT

CA-90-Y204

The following terms and conditions shall apply and shall be specified in any contract governing federal operating assistance to the recipient(s) referenced in the title of this arrangement ("Recipient"):

(1) The term "Project", as used in this arrangement, shall not be limited to the particular facility, service, or operation assisted by federal funds, but shall include any changes, whether organizational, operational, technological, or otherwise, which are a result of the assistance provided. The phrase "as a result of the Project" shall, when used in this arrangement, include events occurring in anticipation of, during, and subsequent to the Project and any program of efficiencies or economies related thereto; provided, however, that volume rises and falls of business, or changes in volume and character of employment brought about solely by causes other than the Project (including any economies or efficiencies unrelated to the Project) are not within the purview of this arrangement.

(2) The Project, as defined in paragraph (1) shall be performed and carried out in full compliance with the protective conditions described herein.

(3) All rights, privileges, and benefits (including pension rights and benefits) of employees covered by this arrangement (including employees having already retired) under existing collective bargaining agreements or otherwise, or under any revision or renewal thereof, shall be preserved and continued; provided, however, that such rights, privileges and benefits which are not foreclosed from further bargaining under applicable law or contract may be modified by collective bargaining and agreement by the Recipient and the union involved to substitute other rights, privileges and benefits. Unless otherwise provided, nothing in this arrangement shall be deemed to restrict any rights the Recipient may otherwise have to direct the working forces and manage its business as it deems best, in accordance with the applicable collective bargaining agreement.

(4) The collective bargaining rights of employees covered by this arrangement, including the right to arbitrate labor disputes and to maintain union security and checkoff arrangements, as provided by applicable laws, policies and/or existing collective bargaining agreements, shall be preserved and continued.* Provided, however, that this provision shall not be interpreted so as to require the Recipient to retain any such rights which exist by virtue of a collective bargaining agreement after such agreement is no longer in effect.

In the event that the Recipient and the union(s) referenced in the title to this protective arrangement have an established collective bargaining relationship, the Recipient agrees that it will bargain collectively with the union or otherwise arrange for the continuation of collective bargaining, and that it will enter into agreement with the union or arrange for such agreements to be entered into, relative to all subjects which are or may be proper subjects of collective bargaining. If, at any time, applicable law or contracts permit or grant to employees covered by this arrangement the right to utilize any economic measures, nothing in this arrangement shall be deemed to foreclose the exercise of such right.

(5) (a) In the event the Recipient contemplates any change in the organization or operation of its system which may result in the dismissal or displacement of employees, or rearrangement of the working forces covered by this arrangement, as a result of the Project, the Recipient shall do so only in accordance with the provisions of subparagraph (b) hereof. Provided, however, that changes which are not a result of the Project, but which grow out of the normal exercise of seniority rights occasioned by seasonal or other normal schedule changes and regular picking procedures under the applicable collective bargaining agreement, shall not be considered within the purview of this paragraph.

(b) The Recipient shall give to the unions representing the employees affected thereby, at least sixty (60) days' written notice of each proposed change, which may result in the dismissal or displacement of such employees or rearrangement of the working forces as a result of the Project, by sending

* As an addendum to this arrangement, there shall be attached where applicable the arbitration or other dispute settlement procedures or arrangements provided for in the existing collective bargaining agreements or any other existing agreements between the Recipient and the Union, subject to any changes in such agreements as may be agreed upon or determined by interest arbitration proceedings.

certified mail notice to the union representatives of such employees. Such notice shall contain a full and adequate statement of the proposed changes, including an estimate of the number of employees affected by the intended changes, and the number and classifications of any jobs within the jurisdiction and control of the Recipient, including those in the employment of any entity bound by this arrangement pursuant to paragraph (19) hereof, available to be filled by such affected employees.

At the request of either the Recipient or the representatives of the affected employees, negotiations for the purpose of reaching agreement with respect to application of the terms and conditions of this arrangement shall commence immediately. These negotiations shall include determining the selection of forces from among the employees of other urban mass transportation employers who may be affected as a result of the Project, to establish which such employees shall be offered employment for which they are qualified or can be trained; not, however, in contravention of collective bargaining agreements relating thereto. If no agreement is reached within twenty (20) days from the commencement of negotiations, any party to the dispute may submit it to arbitration in accordance with the procedures contained in paragraph (15) hereof. In any such arbitration, final decision must be reached within sixty (60) days after selection or appointment of the neutral arbitrator. In any such arbitration, the terms of this arrangement are to be interpreted and applied in favor of providing employee projections and benefits no less than those established pursuant to §11347 of Title 49 of the U.S. Code.

(6) (a) Whenever an employee, retained in service, recalled to service, or employed by the Recipient pursuant to paragraphs (5), (7)(e), or (18) hereof is placed in a worse position with respect to compensation as a result of the Project, he shall be considered a "displaced employee", and shall be paid a monthly "displacement allowance" to be determined in accordance with this paragraph. Said displacement allowance shall be paid each displaced employee during the protective period following the date on which he is first "displaced", and shall continue during the protective period so long as the employee is unable, in the exercise of his seniority rights, to obtain a position producing compensation equal to or exceeding the compensation he received in the position from which he was displaced, adjusted to reflect subsequent general wage adjustments, including cost of living adjustments where provided for.

(b) The displacement allowance shall be a monthly allowance determined

by computing the total compensation received by the employee, including vacation allowances and monthly compensation guarantees, and his total time paid for during the last twelve (12) months in which he performed compensated service more than fifty per centum of each such months, based upon his normal work schedule, immediately preceding the date of his displacement as a result of the Project, and by dividing separately the total compensation and the total time paid for by twelve, thereby producing the average monthly compensation and the average monthly time paid for. Such allowance shall be adjusted to reflect subsequent general wage adjustments, including cost of living adjustments where provided for. If the displaced employee's compensation in his current position is less in any month during his protective period than the aforesaid average compensation (adjusted to reflect subsequent general wage adjustments, including cost of living adjustments where provided for), he shall be paid the difference, less compensation for any time lost on account of voluntary absences to the extent that he is not available for service equivalent to his average monthly time, but he shall be compensated in addition thereto at the rate of the current position for any time worked in excess of the average monthly time paid for. If a displaced employee fails to exercise his seniority rights to secure another position to which he is entitled under the then existing collective bargaining agreement, and which carries a wage rate and compensation exceeding that of the position which he elects to retain, he shall thereafter be treated, for the purposes of this paragraph, as occupying the position he elects to decline.

(c) The displacement allowance shall cease prior to the expiration of the protective period in the event of the displaced employee's resignation, death, retirement, or dismissal for cause in accordance with any labor agreement applicable to his employment.

(7) (a) Whenever any employee is laid off or otherwise deprived of employment as a result of the Project, in accordance with any collective bargaining agreement applicable to his employment, he shall be considered a "dismissed employee" and shall be paid a monthly dismissal allowance to be determined in accordance with this paragraph. Said dismissal allowance shall first be paid each dismissed employee on the thirtieth (30th) day following the day on which he is "dismissed" and shall continue during the protective period, as follow:

<u>Employee's length of service</u>	<u>Period of protection</u>
<u>prior to adverse effect</u>	equivalent period
1 day to 6 years	6 years
6 years or more	

The monthly dismissal allowance shall be equivalent to one-twelfth (1/12th) of the total compensation received by him in the last twelve (12) months of his employment in which he performed compensation service more than fifty per centum of each such months based on his normal work schedule to the date on which he was first deprived of employment as a result of the Project. Such allowance shall be adjusted to reflect subsequent general wage adjustments, including cost of living adjustments where provided for.

(b) An employee shall be regarded as deprived of employment and entitled to a dismissal allowance when the position he holds is abolished as a result of the Project, or when the position he holds is not abolished but he loses that position as a result of the exercise of seniority rights by an employee whose position is abolished as a result of the Project or as a result of the exercise of seniority rights by other employees brought about as a result of the Project, and he is unable to obtain another position, either by the exercise of his seniority rights, or through the Recipient, in accordance with subparagraph (e). In the absence of proper notice followed by an agreement or decision pursuant to paragraph (5) hereof, no employee who has been deprived of employment as a result of the Project shall be required to exercise his seniority rights to secure another position in order to qualify for a dismissal allowance hereunder.

(c) Each employee receiving a dismissal allowance shall keep the Recipient informed as to his current address and the current name and address of any other person by whom he may be regularly employed, or if he is self-employed.

(d) The dismissal allowance shall be paid to the regularly assigned incumbent of the position abolished. If the position of an employee is abolished when he is absent from service, he will be entitled to the dismissal allowance when he is available for service. The employee temporarily filling said position at the time it was abolished will be given a dismissal allowance on the basis of that position, until the regular employee is available for service, and thereafter shall revert to his previous status and will be given the protections of the arrangement in said position, if any are due him.

(e) An employee receiving a dismissal allowance shall be subject to call to return to service by his former employer after being notified in accordance with the terms of the then-existing collective bargaining agreement. Prior to such call to return to work by his employer, he may be required by the

Recipient to accept reasonably comparable employment for which he is physically and mentally qualified, or for which he can become qualified after a reasonable training or retraining period, provided it does not require a change in residence or infringe upon the employment rights of other employees under then-existing collective bargaining agreements.

(f) When an employee who is receiving a dismissal allowance again commences employment in accordance with subparagraph (e) above, said allowance shall cease while he is so reemployed, and the period of time during which he is so reemployed shall be deducted from the total period for which he is entitled to receive a dismissal allowance. During the time of such reemployment, he shall be entitled to the protections of this arrangement to the extent they are applicable.

(g) The dismissal allowance of any employee who is otherwise employed shall be reduced to the extent that his combined monthly earnings from such other employment or self-employment, any benefits received from any unemployment insurance law, and his dismissal allowance exceed the amount upon which his dismissal allowance is based. Such employee, or his union representative, and the Recipient shall agree upon a procedure by which the Recipient shall be kept currently informed of the earnings of such employee in employment other than with his former employer, including self-employment, and the benefits received.

(h) The dismissal allowance shall cease prior to the expiration of the protective period in the event of the failure of the employee without good cause to return to service in accordance with the applicable labor agreement, or to accept employment as provided under subparagraph (e) above, or in the event of his resignation, death, retirement, or dismissal for cause in accordance with any labor agreement applicable to his employment.

(i) A dismissed employee receiving a dismissal allowance shall actively seek and not refuse other reasonably comparable employment offered him for which he is physically and mentally qualified and does not require a change in his place of residence. Failure of the dismissed employee to comply with this obligation shall be grounds for discontinuance of his allowance; provided that said dismissal allowance shall not be discontinued until final determination is made either by agreement between the Recipient and the employee or his representative, or by final arbitration decision rendered in accordance with paragraph (15) of this arrangement that such employee did not comply with this obligation.

(8) In determining length of service of a displaced or dismissed employee for purposes of this arrangement, such employee shall be given full service credits in accordance with the records and labor agreements applicable to him and he shall be given additional service credits for each month in which he receives a dismissal or displacement allowance as if he were continuing to perform services in his former position.

(9) No employee shall be entitled to either a displacement or dismissal allowance under paragraphs (6) or (7) hereof because of the abolishment of a position to which, at some future time, he could have bid, been transferred, or promoted.

(10) No employee receiving a dismissal or displacement allowance shall be deprived, during his protected period, of any rights, privileges, or benefits attaching to his employment, including, without limitation, group life insurance, hospitalization and medical care, free transportation for himself and his family, sick leave, continued status and participation under any disability or retirement program, and such other employee benefits as Railroad Retirement, Social Security, Workmen's Compensation, and unemployment compensation, as well as any other benefits to which he may be entitled under the same conditions and so long as such benefits continue to be accorded to other employees of the bargaining unit, in active service or furloughed as the case may be.

(11) (a) Any employee covered by this arrangement who is retained in the service of his employer, or who is later restored to service after being entitled to receive a dismissal allowance, and who is required to change the point of his employment in order to retain or secure active employment with the Recipient in accordance with this arrangement, and who is required to move his place of residence, shall be reimbursed for all expenses of moving his household and other personal effects, for the traveling expenses for himself and members of his immediate family, including living expenses for himself and his immediate family, and for his own actual wage loss during the time necessary for such transfer and for a reasonable time thereafter, not to exceed five (5) working days. The exact extent of the responsibility of the Recipient under this paragraph, and the ways and means of transportation, shall be agreed upon in advance between the Recipient and the affected employee or his representatives.

(b) If any such employee is laid off within three (3) years after changing

(e) Nothing in this arrangement shall be construed to enlarge or limit the right of any party to utilize, upon the expiration of any collective bargaining agreement or otherwise, any economic measures which are not inconsistent or

his point of employment in accordance with paragraph (a) hereof, and elects to move his place of residence back to his original point of employment, the Recipient shall assume the expenses, losses and costs of moving to the same extent provided in subparagraph (a) of this paragraph (11) and paragraph (12)(a) hereof.

(c) No claim for reimbursement shall be paid under the provisions of this paragraph unless such claim is presented to the Recipient within ninety (90) days after the date on which the expenses were incurred.

(d) Except as otherwise provided in subparagraph (b), changes in place of residence, subsequent to the initial changes as a result of the Project, which are not a result of the Project but grow out of the normal exercise of seniority rights, shall not be considered within the purview of this paragraph.

(12) (a) The following conditions shall apply to the extent they are applicable in each instance to any employee who is retained in the service of the employer (or who is later restored to service after being entitled to receive a dismissal allowance), who is required to change the point of his employment as a result of the Project, and is thereby required to move his place of residence.

If the employee owns his own home in the locality from which he is required to move, he shall, at his option, be reimbursed by the Recipient for any loss suffered in the sale of his home for less than its fair market value, plus conventional fees and closing costs, such loss to be paid within thirty (30) days of settlement or closing on the sale of the home. In each case, the fair market value of the home in question shall be determined, as of a date sufficiently prior to the date of the Project, so as to be unaffected thereby. The Recipient shall, in each instance, be afforded an opportunity to purchase the home at such fair market value before it is sold by the employee to any other person and to reimburse the seller for his conventional fees and closing costs.

If the employee is under a contract to purchase his home, the Recipient shall protect him against loss under such contract, and in addition, shall relieve him from any further obligation thereunder.

If the employee holds an unexpired lease of a dwelling occupied by him as his home, the Recipient shall protect him from all loss and cost in securing the cancellation of said lease.

(b) No claim for loss shall be paid under the provisions of this paragraph

unless such claim is presented to the Recipient within one year after the effective date of the change in residence.

(c) Should a controversy arise in respect to the value of the home, the loss sustained in its sale, the loss under a contract for purchase, loss and cost in securing termination of a lease, or any other question in connection with these matters, it shall be decided through a joint conference between the employee, or his union, and the Recipient. In the event they are unable to agree, the dispute or controversy may be referred by the Recipient or the union to a board of competent real estate appraisers selected in the following manner: one (1) to be selected by the representatives of the employee, and one (1) by the Recipient, and these two, if unable to agree within thirty (30) days upon the valuation, shall endeavor by agreement within ten (10) days thereafter to select a third appraiser or to agree to a method by which a third appraiser shall be selected, and failing such agreement, either party may request the State or local Board of Real Estate Commissioners to designate within ten (10) days a third appraiser, whose designation will be binding upon the parties and whose jurisdiction shall be limited to determination of the issues raised in this paragraph only. A decision of a majority of the appraisers shall be required and said decision shall be final, binding, and conclusive. The compensation and expenses of the neutral appraiser including expenses of the appraisal board, shall be borne equally by the parties to the proceedings. All other expenses shall be paid by the party incurring them, including the compensation of the appraiser selected by such party.

(d) Except as otherwise provided in paragraph (11)(b) hereof, changes in place of residence, subsequent to the initial changes as a result of the Project, which are not a result of the Project but grow out of the normal exercise of seniority rights, shall not be considered within the purview of this paragraph.

(e) "Change in residence" means transfer to a work location which is either (A) outside a radius of twenty (20) miles of the employee's former work location and farther from his residence than was his former work location, or (B) is more than thirty (30) normal highway route miles from his residence and also farther from his residence than was his former work location.

(13) A dismissed employee entitled to protection under this arrangement may, at his option within twenty-one (21) days of his dismissal, resign and (in lieu of all other benefits and protections provided in this arrangement) accept a lump sum payment computed in accordance with section (9) of the Washington Job Protection Agreement of May 1936:

<u>Length of Service</u>		<u>Separation Allowance</u>
1	year and less than 2 years	3 months' pay
2	" " " " 3 "	6 " "
3	" " " " 5 "	9 " "
5	" " " " 10 "	12 " "
10	" " " " 15 "	12 " "
15	" " over	12 " "

In the case of an employee with less than one year's service, five days' pay, computed by multiplying by 5 the normal daily earnings (including regularly scheduled overtime, but excluding other overtime payments) received by the employee in the position last occupied, for each month in which he performed service, will be paid as the lump sum.

(a) Length of service shall be computed as provided in Section 7(b) of the Washington Job Protection Agreement, as follows:

For the purposes of this arrangement, the length of service of the employee shall be determined from the date he last acquired an employment status with the employing carrier and he shall be given credit for one month's service for each month in which he performed any service (in any capacity whatsoever) and twelve (12) such months shall be credited as one year's service.

The employment status of an employee shall not be interrupted by furlough in instances where the employee has a right to and does return to service when called. In determining length of service of an employee acting as an officer or other official representative of an employee organization, he will be given credit for performing service while so engaged on leave of absence from the service of a carrier.

(b) One month's pay shall be computed by multiplying by 30 the normal daily earnings (including regularly scheduled overtime, but excluding other overtime payments) received by the employee in the position last occupied prior to time of his dismissal as a result of the Project.

(14) Whenever used herein, unless the context requires otherwise, the term "protective period" means that period of time during which a displaced or dismissed employee is to be provided protection hereunder and extends from the date on which an employee is displaced or dismissed to the expiration of six

(6) years therefrom, provided, however, that the protective period for any particular employee during which he is entitled to receive the benefits of these provisions shall not continue for a longer period following the date he was displaced or dismissed than the employee's length of service, as shown by the records and labor agreements applicable to his employment prior to the date of his displacement or his dismissal.

(15) (a) In the event there arises any labor dispute with respect to the protection afforded by this arrangement, or with respect to the interpretation, application or enforcement of the provisions of this arrangement, not otherwise governed by Section (12)(c) hereof, the Labor-Management Relations Act, as amended, Railway Labor Act, as amended, or by impasse resolution provisions in a collective bargaining or protective arrangement involving the Recipient and the Union, which cannot be settled by the parties thereto within thirty (30) days after the dispute or controversy arises, it may be submitted at the written request of the Recipient or the union to a board of arbitration to be selected as hereinafter provided. One arbitrator is to be chosen by each interested party, and the arbitrators thus selected shall endeavor to select a neutral arbitrator who shall serve as chairman. Each party shall appoint its arbitrator within five (5) days after notice of submission to arbitration has been given. Should the arbitrators selected by the parties be unable to agree upon the selection of the neutral arbitrator within ten (10) days after notice of submission to arbitration has been given, then the arbitrator selected by any party may request the American Arbitration Association to furnish, from among members of the National Academy of Arbitrators who are then available to serve, five (5) arbitrators from which the neutral arbitrator shall be selected. The arbitrators appointed by the parties shall, within five (5) days after the receipt of such list, determine by lot the order of elimination and thereafter each shall, in that order, alternately eliminate one name until only one name remains. The remaining person on the list shall be the neutral arbitrator. If any party fails to select its arbitrator within the prescribed time limit, the highest officer of the Union or of the Recipient or their nominees, as the case may be, shall be deemed to be the selected arbitrator, and the board of arbitration shall then function and its decision shall have the same force and effect as though all parties had selected their arbitrators. Unless otherwise provided, in the case of arbitration proceedings, under paragraph (5) of this arrangement, the board of arbitration shall meet within fifteen (15) days after selection or appointment of the neutral arbitrator and shall render its decision within forty-five (45) days after the hearing of the dispute has been concluded and the record closed. The decision by majority vote of the arbitration board shall be final and binding as the decision of the arbitration board, except as provided in subparagraph (b)

below. All the conditions of the arrangement shall continue to be effective during the arbitration proceedings.

(b) In the case of any labor dispute otherwise covered by subparagraph (a) but involving multiple parties, or employees of urban mass transportation employers other than those of the Recipient, which cannot be settled by collective bargaining, such labor dispute may be submitted, at the written request of any of the parties to this arrangement involved in the dispute, to a single arbitrator who is mutually acceptable to the parties. Failing mutual agreement within ten (10) days as to the selection of an arbitrator, any of the parties involving may request the American Arbitration Association to furnish an impartial arbitrator from among members of the National Academy of Arbitrators who is then available to serve. Unless otherwise provided, in the case of arbitration proceedings under paragraph (5) of this arrangement, the arbitrator thus appointed shall convene the hearing within fifteen (15) days after his selection or appointment and shall render his decision within forty-five (45) days after the hearing of the dispute or controversy has been concluded and the record closed. The decision of the neutral arbitrator shall be conclusive upon all parties to the dispute. All the conditions of the arrangement shall continue to be effective during the arbitration proceeding. Authority of the arbitrator shall be limited to the determination of the dispute arising out of the interpretation, application, or operation of the provisions of this arrangement. The arbitrator shall not have any authority whatsoever to alter, amend, or modify any of the provisions of any collective bargaining agreement.

(c) The compensation and expenses of the neutral arbitrator, and any other jointly incurred expenses, shall be borne equally by the parties to the proceeding and all other expenses shall be paid by the party incurring them.

(d) In the event of any dispute as to whether or not a particular employee was affected by the Project, it shall be his obligation to identify the Project and specify the pertinent facts of the Project relied upon. It shall then be the Recipient's burden to prove that factors other than the Project affected the employee. The claiming employee shall prevail if it is established that the Project had an effect upon the employee even if other factors may also have affected the employee (Hodgson's Affidavit in Civil Action No. 825-71).

(e) Nothing in this arrangement shall be construed to enlarge or limit the right of any party to utilize, upon the expiration of any collective bargaining agreement or otherwise, any economic measures which are not inconsistent or

in conflict with applicable laws or this arrangement.

(16) Nothing in this arrangement shall be construed as depriving any employee of any rights or benefits which such employee may have under any existing job security or other protective conditions or arrangements by collective bargaining agreement or law where applicable, including P.L. 93-236, enacted January 2, 1974; provided that there shall be no duplication of benefits to any employees, and, provided further, that any benefit under the arrangement shall be construed to include the conditions, responsibilities, and obligations accompanying such benefits.

(17) The Recipient shall be financially responsible for the application of these conditions and will make the necessary arrangements so that any employee affected as a result of the Project may file a claim through his union representative with the Recipient within sixty (60) days of the date he is terminated or laid off as a result of the Project, or within eighteen (18) months of the date his position with respect to his employment is otherwise worsened as a result of the Project; provided, in the latter case, if the events giving rise to the claim have occurred over an extended period, the 18-month limitation shall be measured from the last such event; provided, further, that no benefits shall be payable for any period prior to six (6) months from the date of the filing of the claim. Unless such claims are filed with the Recipient within said time limitations, the Recipient shall thereafter be relieved of all liabilities and obligations related to said claims. The Recipient will fully honor the claim, making appropriate payments, or will give notice to the claimant and his representative of the basis for denying or modifying such claim, giving reasons therefor. In the event the Recipient fails to honor such claim, the Union may invoke the following procedures for further joint investigation of the claim by giving notice in writing of its desire to pursue such procedures. Within ten (10) days from the receipt of such notice, the parties shall exchange such factual material as may be requested of them relevant to the disposition of the claim and shall jointly take such steps as may be necessary or desirable to obtain from any third party such additional factual materials as may be relevant. In the event the claim is so rejected by the Recipient, the claim may be processed to arbitration as herein above provided by paragraph (15). Prior to the arbitration hearing, the parties shall exchange a list of intended witnesses. In conjunction with such proceedings, the impartial arbitrator shall have the power to subpoena witnesses upon the request of any party and to compel the production of documents and other information denied in the pre-arbitration period which is relevant to the disposition of the claim.

Nothing included herein as an obligation of the Recipient shall be construed to relieve any other urban mass transportation employer of the employees covered hereby of any obligations which it has under existing collective bargaining agreements, including but not limited to obligations arising from the benefits referred to in paragraph (10) hereof, nor make any such employer a third-party beneficiary of the Recipient's obligations contained herein, nor deprive the Recipient of any right of subrogation.

(18) During the employee's protective period, a dismissed employee shall, if he so requests, in writing, be granted priority of employment to fill any vacant position within the jurisdiction and control of the Recipient, including those in the employment of any entity bound by this arrangement pursuant to paragraph (19) hereof, which is reasonably comparable to that which he held when dismissed, for which he is, or by training or retraining can become, qualified; not, however, in contravention of collective bargaining agreements related thereto. In the event such employee requests such training or re-training to fill such vacant position, the Recipient shall provide for such training or re-training at no cost to the employee. The employee shall be paid the salary or hourly rate provided for in the applicable collective bargaining agreement for such position, plus any displacement allowance to which he may be otherwise entitled. If such dismissed employee who has made such request fails, without good cause, within ten (10) days to accept an offer of a position comparable to that which he held when dismissed for which he is qualified, or for which he has satisfactorily completed such training, he shall, effective at the expiration of such ten-day period, forfeit all rights and benefits under this arrangement.

As between employees who request employment pursuant to this paragraph, the following order where applicable shall prevail in hiring such employees:

(a) Employees in the craft or class of the vacancy shall be given priority over employees without seniority in such craft or class;

(b) As between employees having seniority in the craft or class of the vacancy, the senior employees, based upon their service in that craft or class, as shown on the appropriate seniority roster, shall prevail over junior employees;

(c) As between employees not having seniority in the craft or class of the vacancy, the senior employees, based upon their service in the crafts or classes

in which they do have seniority as shown on the appropriate seniority rosters, shall prevail over junior employees.

(19) This arrangement shall be binding upon the successors and assigns of the parties hereto, and no provisions, terms, or obligations herein contained shall be affected, modified, altered, or changed in any respect whatsoever by reason of the arrangements made by or for the Recipient to manage and operate the system.

Any person, enterprise, body, or agency, whether publicly - or privately-owned, which shall undertake the management, provision and/or operation of the Project services or the Recipient's transit system, or any part or portion thereof, under contractual arrangements of any form with the Recipient, its successors or assigns, shall agree to be bound by the terms of this arrangement and accept the responsibility with the Recipient for full performance of these conditions. As a condition precedent to any such contractual arrangements, the Recipient shall require such person, enterprise, body or agency to so agree.

(20) The employees covered by this arrangement shall continue to receive any applicable coverage under Social Security, Railroad Retirement, Workmen's Compensation, unemployment compensation, and the like. In no event shall these benefits be worsened as a result of the Project.

(21) In the event any provision of this arrangement is held to be invalid, or otherwise unenforceable under the federal, State, or local law, in the context of a particular Project, the remaining provisions of this arrangement shall not be affected and the invalid or unenforceable provision shall be renegotiated by the Recipient and the interested union representatives of the employees involved for purpose of adequate replacement under Section 5333(b). If such negotiation shall not result in mutually satisfactory agreement, any party may invoke the jurisdiction of the Secretary of Labor to determine substitute fair and equitable employee protective arrangements for application only to the particular Project, which shall be incorporated in this arrangement only as applied to that Project, and any other appropriate action, remedy, or relief.

(22) The designated Recipient, as hereinabove defined, signatory hereto, shall be the sole provider of mass transportation services to the Project and such services shall be provided exclusively by employees of the Recipient covered by this agreement, in accordance with this agreement and any applicable collective bargaining agreement. The parties recognize, however, that certain of the recipients signatory hereto, providing urban mass transportation services,

have heretofore provided such services through contracts by purchase, leasing, or other arrangements and hereby agree that such practices may continue. Whenever any other employer provides such services through contracts by purchase, leasing, or other arrangements with the Recipient, or on its behalf, the provisions of this agreement shall apply.

(23) An employee covered by this arrangement, who is not dismissed, displaced, or otherwise worsened in his position with regard to his employment as a result of the Project, but who is dismissed, displaced, or otherwise worsened solely because of the total or partial termination of the Project or exhaustion of Project funding, shall not be deemed eligible for a dismissal or displacement allowance within the meaning of paragraphs (6) and (7) of this arrangement.

(24) If any employer of the employees covered by this arrangement shall have rearranged or adjusted its forces in anticipation of the Project, with the effect of depriving an employee of benefits to which he should be entitled under this arrangement, the provisions of this arrangement shall apply to such employee as of the date when he was so affected.

(25) In the context of a particular Project, the Recipient and any union which is referenced in the title of this arrangement shall be deemed a party to this arrangement as applied to the Project.

(26) In the event any project to which this arrangement applies is approved for assistance, the foregoing terms and conditions shall be made part of the contract of assistance between the federal government and the applicant for federal funds and between the applicant and any recipient of federal funds; provided, however, that this arrangement shall not merge into the contract of assistance but shall be independently binding and enforceable by and upon the parties thereto, in accordance with its terms, nor shall any other employee protective arrangement nor any collective bargaining agreement merge into this agreement, but each shall be independently binding and enforceable by and upon the parties thereto, in accordance with its terms.

Title: Sonoma County Transit - Lifeline Transportation Program Funding

Recommended Actions:

1. Adopt a resolution seeking Lifeline Transportation Program funding from the Metropolitan Transportation Commission (MTC) to continue providing weekday commute feeder bus service and assist with the purchase of one compressed natural gas (CNG)-powered replacement bus.
2. Authorize the Director of Transportation and Public Works to execute all required actions and documents, including any amendments thereto, with MTC as required to obtain Lifeline Transportation Program funding.

Executive Summary:

The Department of Transportation and Public Works is requesting that the Board authorize the County to submit an application for funding from the Lifeline Transportation Program to continue weekday commute feeder bus service serving the Healdsburg, Lower Russian River, and Sonoma Springs areas, and assist with the purchase of one 40 foot compressed natural gas (CNG)-powered replacement bus.

Discussion:

The regional Lifeline Transportation Funding Program supports projects that address mobility and accessibility needs in low-income communities throughout the nine-county Bay Area. The program is funded through the Metropolitan Transportation Commission (MTC) with a combination of federal and state funding sources including State Transit Assistance (STA) and the Jobs Access and Reverse Commute (JARC) federal funding program. For this funding cycle, Sonoma County Transit will be allocated an estimated \$803,616. MTC requires a 20% local funding match for all Lifeline Transportation Programs, which will come from existing transit funding sources.

Lifeline Transportation funding guidelines were established by MTC with the goal of supporting community-based transportation projects developed through a collaborative and inclusive process. Within Sonoma County Transit's service area, Community-Based Transportation Plans were developed by

the Sonoma County Transportation Authority and included locally-based transportation needs assessments for the Healdsburg, Lower Russian River, and Sonoma Springs areas.

The Community-Based Transportation Plans (CBTP's) identified the need for increased service frequency during weekday commute periods. In conjunction with the inauguration of SMART's passenger rail service in August 2017, Sonoma County Transit introduced routes 52, 53, 54 and 56, which serve low-income communities in the Healdsburg, Lower Russian River and Sonoma Springs CBTP areas. These routes provide feeder bus service to SMART and more frequent service to where jobs and services are located along the Highway 101 corridor. Lifeline Transportation Program funding through the State Transit Assistance program in the amount of \$579,621 will be requested to continue these feeder bus routes during weekday commute times serving low-income CBTP areas in the County.

In addition to the continuation of weekday commute feeder bus service, Lifeline Transportation Program funding in the amount of \$223,995 through the JARC federal transit funding program will be requested to assist with the purchase of one 40' CNG-powered replacement bus. The replacement bus will be deployed on routes primarily serving the respective CBTP areas to ensure the provision of reliable and convenient transit service to outlying low-income areas of the County.

MTC's program guidelines require the supporting resolution to acknowledge Sonoma County Transit's compliance with the California Environmental Quality Act (CEQA) with respect to the program for which it is requesting funding. The Department of Transportation and Public Works complies with CEQA in a variety of ways, including by undertaking review and filing applicable notices regarding continuing transit operations for each fiscal year as part of the annual claims process for state transit operations funding.

Prior Board Actions:

03/10/15: Resolution adopted by the Board of Supervisors approving resolution requesting Lifeline Transportation Program funding for to expand feeder bus service during weekday commute periods and assist with the purchase of CNG replacement buses. Resolution No. 15-0079.

05/08/12: Resolution adopted by the Board of Supervisors approving resolution requesting STA Lifeline Transportation Program funding to support Sonoma County Transit routes 20, 30 and 60, including adding capacity during peak commute times. Resolution No. 12-0221.

03/27/12: Resolution adopted by the Board of Supervisors approving resolution requesting Proposition 1B Lifeline Transportation Program funding for Sonoma County Transit's bus stop enhancements and CNG bus replacement projects. Resolution No. 12-0139.

Strategic Plan Alignment Goal 1: Safe, Healthy, and Caring Community

The use of regional Lifeline Transportation Program funding to continue peak commute feeder bus service and assist with the purchase of one 40 foot CNG-powered replacement bus will help ensure the provision of a safe, reliable, comfortable and cost-effective public transit system for residents and visitors.

Resolution Of The Board Of Supervisors Of The County Of Sonoma, State Of California, Authorizing The Filing Of Applications And Required Actions Necessary For Lifeline Transportation Program Funding From The Metropolitan Transportation Commission To Continue Feeder Bus Service During Weekday Commute Periods And Assist With The Purchase Of One 40-Foot Compressed Natural Gas-Powered Replacement Bus.

Whereas, the Metropolitan Transportation Commission (MTC) has established a Lifeline Transportation Program to assist in funding projects that 1) are intended to result in improved mobility for low-income residents of the nine San Francisco Bay Area counties, 2) are developed through a collaborative and inclusive planning process and 3) are proposed to address transportation needs identified through a substantive community-based transportation plan or are otherwise based on a documented assessment of needs; and

Whereas, MTC has adopted principles, pursuant to MTC Resolution No. 4309, to guide implementation of the Cycle 5 Lifeline Transportation Program for the two year period during Fiscal Year 2016-17 and Fiscal Year 2017-18, and designates a countywide entity in each of the nine bay area counties to help with recommending project selections and project administration; and

Whereas, the Sonoma County Transportation Authority (SCTA) has been designated by MTC as the Lifeline Transportation Program Administrator in Sonoma County on behalf of MTC; and

Whereas, SCTA conducted a competitive call for projects for the Lifeline Transportation Program in Sonoma County; and

Whereas, the County of Sonoma – Sonoma County Transit submitted projects in response to the SCTA's call for projects for the Lifeline Transportation Program; and

Whereas, SCTA has confirmed that the County of Sonoma – Sonoma County Transit's proposed projects to continue weekday commute feeder bus service and assist with the purchase of one 40-foot compressed natural gas-powered replacement bus is consistent with the Lifeline Transportation Program goals as set out in MTC Resolution No. 4309; and

Whereas, after review, SCTA recommends that the County of Sonoma – Sonoma County Transit’s proposed projects to continue weekday commute feeder bus service and assist with the purchase of one 40-foot compressed natural gas-powered replacement bus be funded, in part, under the Lifeline Transportation Program; and

Whereas, the County of Sonoma – Sonoma County Transit agrees to meet project delivery and obligation deadlines, comply with funding conditions placed on the receipt of funds allocated to the Lifeline Transportation Program, provide for the required local matching funds, and satisfy all other conditions set forth in MTC Resolution No. 4309; and

Whereas, the County of Sonoma - Sonoma County Transit certifies that the projects and purposes for which funds are being requested will comply with the requirements of the California Environmental Quality Act (Public Resources Code Section 21000 et seq.), the State’s Guidelines for Implementation (14 California Code of Regulations Sections 15000 et seq.) and any applicable National Environmental Policy Act (NEPA), 42 USC Section 4-1 et seq., requirements and regulations; and

Whereas, there is no legal impediment to the County of Sonoma – Sonoma County Transit making the funding request; and

Whereas, there is no pending or threatened litigation which might in any way adversely affect the ability of the County of Sonoma – Sonoma County Transit to deliver the proposed projects for which funds are being requested.

Now, Therefore, Be It Resolved, that the County of Sonoma – Sonoma County Transit is authorized to apply for MTC funds available under the Lifeline Transportation Program, in the amounts requested for which the County of Sonoma – Sonoma County Transit is eligible, to continue weekday commute feeder bus service and assist with the purchase of one 40-foot compressed natural gas-powered replacement bus.

Be It Further Resolved that the Director of the Department of Transportation and Public Works is authorized to execute all required actions and documents, including any amendments thereto, with MTC as required to obtain Lifeline Transportation Program funding.

Be it Further Resolved that staff of the County of Sonoma – Sonoma County Transit shall forward a copy of this Resolution, and such other information as may be required, to MTC, SCTA and such other agencies as may be appropriate.

Santa Rosa, CA 95403

The Sonoma County Department of Transportation and Public Works proposes to carry out the following project and, pursuant to Section 23A-11 of the Sonoma County Code, determines that this project is exempt from the requirements of the California Environmental Quality Act (CEQA):

PROJECT DESCRIPTION: The project calls for the continuation of Sonoma County Transit weekday commute feeder fixed-route service during FY 2018-19 and FY 2019-20.

REASON WHY THIS PROJECT IS EXEMPT: The project is exempt under 14 CFR 15061(b)(3) of the State CEQA Guidelines, the general rule that CEQA does not apply to a project when it can be seen with certainty that there will be no significant effect on the environment. The project calls for the continuation of Sonoma County Transit weekday commute feeder fixed-route service in existing areas. These actions will have no adverse effect on the environment.

This Notice of Exemption is filed pursuant to the provisions of Section 15062 of the State CEQA Guidelines.

Title: Sonoma County Transit – Purchase of One Thirty-Foot Replacement Transit Coach (BP-17B)

Recommended Actions:

Approve and authorize Chair to execute agreement with Creative Bus Sales Inc., for the purchase of One Thirty-Foot Heavy-Duty, Low-Floor, Natural Gas-powered transit coach from Creative Bus Sales Inc., not to exceed \$651,268.

Executive Summary:

This request seeks authorization for the purchase of one thirty-foot, low-floor, heavy-duty, compressed natural gas powered (CNG) El Dorado National EZ Rider II transit coach from Creative Bus Sales, Inc. The new bus will replace a similar CNG bus placed into service in 2004. The Federal Transit Administration permits use of federal transit funds to replace buses after 12 years of service.

The new vehicle will further the County's efforts to improve and modernize its transit fleet with clean fuel coaches. This replacement vehicle purchase will provide for a more comfortable riding experience for passengers, reduce operational maintenance costs and improve service reliability.

Discussion:

The 30-foot coach associated with this request will be funded, in part, with Federal Transit Administration Section 5311 (Rural Area) transit funds. These funds are administered by Caltrans and subject to Caltrans' procurement requirements unlike the purchase of three 40-foot transit coaches that are also being pursued by the Department. The 40-foot coaches are funded, in part, by federal formula funds that allow the use of an existing purchase agreement with Creative Bus Sales to purchase 40-foot coaches on an "option" basis.

To satisfy federal Section 5311 and Caltrans procurement requirements, Caltrans has established a procurement agreement through the California Association for Coordinated Transportation (CalACT) for the purchase of Section 5311-funded vehicles, of this type, through Creative Bus Sales, Inc. Based on Sonoma County Transit's grant application, Caltrans has authorized Sonoma County Transit's purchase of

the proposed replacement vehicle from Creative Bus Sales and has granted \$439,388 to assist with the purchase.

Creative Bus Sales has provided Sonoma County Transit a proposal to sell and deliver the desired vehicle for a total of \$592,062 (includes sales tax). The vehicle would be placed into service shortly after its anticipated delivery of July 2019. As with prior bus purchases, the proposed agreement includes a contingency (10% of contract price) to allow for regulatory changes and implementation of features, unforeseen at this time, to ensure up-to-date technologies at time of delivery.

The new bus will be from the same manufacturer and similar in appearance (both interior and exterior) to Sonoma County Transit newest 30 foot buses placed into service in May 2017.

This project has been included in Sonoma County Transit's FY 2018-19 requested budget.

Prior Board Actions:

08-30-2016 – Board approved and authorized Chair to execute agreement with Creative Bus Sales Inc., for the purchase of Two-30 foot Heavy-Duty, Low-Floor, Natural Gas-powered transit coaches, not to exceed \$1,183,831.

04-14-2015 – Board approved and authorized Chair to execute agreement with Creative Bus Sales Inc., for the purchase of Four-30 foot Heavy-Duty, Natural Gas-Powered transit coaches, not to exceed \$2,222,049.

Strategic Plan Alignment Goal 1: Safe, Healthy, and Caring Community

The purchase of new clean fuel transit coaches furthers the County's continuing efforts to improve public transit services, ADA accessibility and sustainability.

**COUNTY OF SONOMA PURCHASE AGREEMENT FOR ONE (1)
THRITY-FOOT (30') LOW-FLOOR, COMPRESSED NATURAL GAS
(CNG) TRANSIT COACH (BP-17B)**

The following is an Agreement, dated as of _____, 2018, by and between the County of Sonoma, hereinafter referred to as "COUNTY," and Creative Bus Sales Inc., hereinafter referred to as "CONTRACTOR."

WHEREAS, Caltrans has provided \$439,388 in Federal Section 5311 funds to assist with the purchase of replacement transit coaches for Sonoma County Transit (grant funding agreement 64BC17-00531).

WHEREAS, CONTRACTOR has been approved by Caltrans to provide desired vehicles to Sonoma County Transit in accordance its MTBA/CalACT Cooperative Bid # 12-03.

WHEREAS, on November 6, 2017, CONTRACTOR provided a proposal to COUNTY, in accordance with MTBA/CalACT Cooperative Bid #12-03, that provides vehicle specifications, meets COUNTY requirements, and is consistent with past bus purchases from CONTRACTOR, particularly COUNTY Bus Purchase 17A executed on August 30, 2016.

WHEREAS, combined with the aforementioned Federal Section 5311 funds, Sonoma County Transit has received sufficient other capital funding to support the purchase of one (1) – 30' low-floor, natural gas powered, transit coach per CONTRACTOR'S November 6, 2017 proposal.

WHEREAS, CONTRACTOR and COUNTY, for the consideration hereinafter named, agree as follows:

AGREEMENT

1. **SCOPE OF WORK** - CONTRACTOR shall provide and deliver a bus vehicle and perform all work and furnish all the labor, materials, tools, equipment, services and incidentals, in full accordance with its proposal provided to COUNTY, dated November 6, 2017 and contained in attachment "A." CONTRACTOR shall also warrant the subject bus vehicle pursuant to CONTRACTOR's standard new vehicle warranty.
2. **TIME OF PERFORMANCE** - CONTRACTOR shall complete all of the work called for under this Agreement, as more particularly described in Section 1 above, on or before July 31, 2019. Liquidated damages shall begin, per Section 11, on August 1, 2019.
3. **CONTRACT PRICE** - CONTRACTOR shall faithfully perform the work required under this Agreement for the sum of Five-Hundred and Ninety-Two Thousand, Sixty-Two Dollars (\$592,062). Price paid for the bus to be provided under this Agreement shall be based on the following:
 - a. Heavy-Duty Low-Floor 30' CNG Transit Coach \$ 497,019

b. Documentation Fees	\$ 80
c. ADA Related Equipment Installed in Vehicle (included in Item a, above.)	\$ 46,411
d. 8.125% State Sales Tax (items a & b, above)	\$ 40,389
e. CalACT Procurement Fee	\$ 8,151
f. Tire Fees	\$ 12
 Total price for delivered vehicle (exclusive of any permitted adjustments)	 \$ 592,062
 <u>Total:</u>	 <u>\$ 592,062</u>

4. CONTRACTOR shall invoice COUNTY for the bus following delivery. Any additions or subtractions from this Agreement sum shall be made only on written authority of authorized representatives of CONTRACTOR and COUNTY. COUNTY's Transit Systems Manager is designated as the authorized representative of COUNTY.

5. COMPONENT PARTS OF AGREEMENT FOR PURCHASE OF ONE LOW-FLOOR TRANSIT COACH - This Agreement shall consist of the following documents, each of which is on file in the office of the COUNTY Transit Systems Manager, and which are incorporated into and made a part of the Agreement:

- a. This Agreement.
- b. CONTRACTOR's Proposal to Sonoma County Transit dated November 6, 2017
- c. ENC Pre-Shipper (Production Order) for BP-17A

Exhibits attached to the documents listed above are included. To the maximum extent reasonable, the Agreement documents shall be interpreted so that the provisions in each document are harmonized and reconciled with the provisions in all other contract documents. However, in the event that there is a conflict among the Agreement documents that cannot be reasonably reconciled, the Agreement shall be interpreted so that the provision(s) in the Agreement document first listed above supersedes the conflicting provision(s) in the later-listed Agreement document above.

5. SERVICE OF NOTICE - Any notice required or permitted to be given under this Agreement shall be deemed given when personally delivered to recipient thereof or mailed by registered or certified mail, return receipt requested, postage prepaid, to the appropriate recipient thereof, addressed as follows:

CONTRACTOR:

6. **GOVERNING LAW** - This Agreement shall be governed and construed in accordance with the laws of the state of California. The parties agree that the venue for any court proceeding relating in any way to this Agreement shall lie in Santa Rosa, California. CONTRACTOR and COUNTY acknowledge that they have each contributed to the making of this Agreement and that, in the event of a dispute over the interpretation of this Agreement, the language of the Agreement will not be construed against one party in favor of the other. CONTRACTOR and COUNTY further acknowledge that they have each had an adequate opportunity to consult with counsel in the negotiation and preparation of this Agreement.
7. **STATUS OF CONTRACTOR** - The parties intend that CONTRACTOR, in performing the work hereinafter specified, shall act as an independent contractor and shall have control of the work and the manner in which it is performed. CONTRACTOR is not to be considered an agent or employee of COUNTY and is not entitled to participate in any pension plan, insurance, bonus, or similar benefits COUNTY provides its employees.
8. **PERFORMANCE** - Each party to this Agreement undertakes the obligation that the other's expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arises with respect to the performance of either party, the other may, in writing, demand adequate assurance of due performance; and until he receives such assurance may, if commercially reasonable, suspend any performance for which the agreed return has not been received. "Commercially reasonable" includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding thirty (30) days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance.
9. **NONDISCRIMINATION** - CONTRACTOR shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination in employment because of race creed, color, sex, age, marital status, physical or mental disability, national origin, or other prohibited basis. All nondiscrimination rules or regulations required by law to be included in this Agreement are incorporated by this reference.
10. **MERGER**- This writing and other documents referenced as part of this Agreement herein are intended both as the final expression of the Agreement between the parties hereto with respect to the included terms and as a complete and exclusive statement of the terms of the Agreement, pursuant to California Code of Civil Procedure §1856. No modification of this Agreement shall be effective unless and until such modification is evidenced by a writing signed by both parties. Provided the total funding level does not exceed the contract price

plus a ten percent (10%) contingency, COUNTY Transit Systems Manager and CONTRACTOR may agree, in writing, to changes in or additions to the work plan.

11. REASONABLE LIQUIDATED DAMAGES - COUNTY and CONTRACTOR agree that the sum of Two Hundred Dollars (\$200.00) shall be deducted from the CONTRACTOR's compensation as liquidated damages for each and every calendar day delay in the delivery of the bus beyond the time of delivery specified in this Agreement. For example, if one bus is delivered three weeks beyond the specified time of delivery, liquidated damages to be deducted amounts to \$4,200.00 (21 days late x \$200/ bus x 1 bus = \$4,200.00) COUNTY and CONTRACTOR acknowledge and agree that the specified sum per day is a reasonable estimate of the damages that COUNTY will suffer in the event of such a delay. COUNTY and CONTRACTOR agree that COUNTY may deduct any liquidated damages due COUNTY from the amounts otherwise due CONTRACTOR.

13. INDEMNIFICATION - CONTRACTOR agrees to accept all responsibility for loss or damage to any person or entity, and to defend, indemnify, hold harmless and release COUNTY, its officers, agents, and employees, from and against any and all actions, claims, damages, disabilities or expenses that may be asserted by any person or entity, including CONTRACTOR, arising out of or in connection with the performance of CONTRACTOR hereunder, whether or not there is concurrent negligence on the part of COUNTY, but excluding liability due to the sole active negligence or sole willful misconduct of COUNTY. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for CONTRACTOR or its agents under Workers' Compensation acts, disability benefits acts or other employee benefit acts.

14. Federal Certifications: CONTRACTOR agrees to execute the Federal Certifications contained in Attachment "B," as part of this agreement.

CONTRACTOR acknowledges that this purchase in part will be based on state and/or federal grant funding. CONTRACTOR shall comply with all state and federal grant requirements, including all applicable laws, regulations, rules, guidance, and orders. Such requirements may change based on changes in federal law, regulations or guidance, or in applicable grant funding requirements. All applicable provisions of FTA Circular 4220.1F (as may be amended) are hereby incorporated by reference and compliance with such shall be required. CONTRACTOR shall include all required federal provisions in its third party agreements as applicable to lower tier recipients.

15. No Suspension or Debarment. CONTRACTOR warrants that it is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in covered transactions by any federal department or agency. CONTRACTOR also warrants that it is not suspended or debarred from receiving federal funds as listed in the List of Parties Excluded from Federal Procurement or Non-procurement Programs issued by the General Services Administration. If CONTRACTOR becomes debarred, CONTRACTOR has the obligation to inform the COUNTY.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed as of the later date set forth below.

Title: Sonoma County Transit – Purchase of Three Forty-Foot Replacement Transit Coaches (BP-16C)

Recommended Actions:

Approve and authorize Chair to execute agreement with Creative Bus Sales for the purchase of three forty-foot low-floor, natural gas powered, heavy-duty transit coaches for Sonoma County Transit, not to exceed \$2,007,473.

Executive Summary:

This request seeks approval for the purchase of three option buses as provided for in the 2013 agreement between the County and Creative Bus Sales, not to exceed \$2,007,473. This replacement vehicle purchase will provide for a more comfortable riding experience for passengers, reduce operational maintenance costs and improve service reliability.

Discussion:

On June 4, 2013, the Board awarded a contract to Creative Bus Sales (CBS), for the purchase of nine 40-foot, natural gas powered, El Dorado National Axes buses to replace nine Sonoma County Transit buses that had met their federal retirement thresholds. The award followed a competitive procurement process that involved one other proposer. The nine-bus purchase also provided Sonoma County Transit the ability to purchase up to twenty-one option buses within a five-year period.

On March 10, 2015, the Board approved the purchase of three option buses that were placed into service in January 2016. On August 30, 2016, the Board approved the purchase of two option buses that were placed into service in May 2017.

This request seeks approval for the purchase of three option buses as provided for in the 2013 agreement between the County and Creative Bus Sales. The requested buses will replace similar buses purchased in 2005 that are eligible for replacement per Federal Transit Administration guidelines. This will be the final purchase under the 2013 agreement.

Per the June 2013 contract with Creative Bus Sales, pricing for vehicles purchased after the initial order are to be adjusted per the Producers Price Index (PPI). The PPI is recognized by the Federal Transit Administration as an allowable metric in which to adjust option prices for equipment procurements that occur over time. Adjusted for the PPI, the price for the buses associated with this action will be \$608,325 each, including sales tax, delivery and fees.

As with prior bus purchases, the proposed agreement includes a contingency (10%) to allow for regulatory changes and implementation of features, unforeseen at this time, to ensure up-to-date technologies at the time vehicles are delivered. The Agreement calls for delivery of the buses by no later than July 31, 2019.

This project has been included in Sonoma County Transit's FY 2018-19 requested budget.

Prior Board Actions:

08-30-2016 – Board approved and authorized Chair to execute agreement with Creative Bus Sales Inc., for the purchase of two 40-foot low-floor, natural gas powered, heavy-duty transit coaches for Sonoma County Transit, not to exceed \$1,266,135.

c.	ADA Related Equipment Installed in Vehicle	\$ 35,684
d.	8.125% State Sales Tax (items a & b, above)	\$ 43,495
e.	Tire Fees	\$ 12
	Total price for each delivered base vehicle (exclusive of any permitted adjustments)	\$ 608,325
	<u>Total for three (3) buses:</u>	<u>\$ 1,824,975</u>

4. CONTRACTOR shall invoice COUNTY for each bus separately following delivery. Any additions or subtractions from this Agreement sum shall be made only on written authority of authorized representatives of CONTRACTOR and COUNTY. COUNTY's Transit Systems Manager is designated as the authorized representative of COUNTY.
5. COMPONENT PARTS OF AGREEMENT FOR PURCHASE OF THREE LOW-FLOOR TRANSIT COACHES - This Agreement shall consist of the following documents, each of which is on file in the office of the COUNTY Transit Systems Manager, and which are incorporated into and made a part of the Agreement:
 - a. This Agreement.
 - b. CONTRACTOR'S Warranty clarification dated April 10, 2013.
 - c. CONTRACTOR's Best and Final Offer clarification dated March 26, 2013.
 - d. COUNTY's Best and Final Offer dated March 5, 2013.
 - e. CONTRACTOR's Technical Proposal submitted in response to the October 24, 2012, RFP.
 - f. COUNTY's RFP released October 24, 2012.
 - g. ENC Pre-Shipper (Production Order) for BP-16B

Exhibits attached to the documents listed above are included. To the maximum extent reasonable, the Agreement documents shall be interpreted so that the provisions in each document are harmonized and reconciled with the provisions in all other Agreement documents. However, in the event that there is a conflict among the Agreement documents that cannot be reasonably reconciled, the Agreement shall be interpreted so that the provision(s) in the Agreement document first listed above supersedes the conflicting provision(s) in the later-listed Agreement document above.

6. SERVICE OF NOTICE - Any notice required or permitted to be given under this Agreement shall be deemed given when personally delivered to recipient thereof or mailed by registered or certified mail, return receipt requested, postage prepaid, to the appropriate recipient thereof, addressed as follows:

7. **GOVERNING LAW** - This Agreement shall be governed and construed in accordance with the laws of the state of California. The parties agree that the venue for any court proceeding relating in any way to this Agreement shall lie in Santa Rosa, California. CONTRACTOR and COUNTY acknowledge that they have each contributed to the making of this Agreement and that, in the event of a dispute over the interpretation of this Agreement, the language of the Agreement will not be construed against one party in favor of the other. CONTRACTOR and COUNTY further acknowledge that they have each had an adequate opportunity to consult with counsel in the negotiation and preparation of this Agreement.
8. **STATUS OF CONTRACTOR** - The parties intend that CONTRACTOR, in performing the work hereinafter specified, shall act as an independent contractor and shall have control of the work and the manner in which it is performed. CONTRACTOR is not to be considered an agent or employee of COUNTY and is not entitled to participate in any pension plan, insurance, bonus, or similar benefits COUNTY provides its employees.
9. **PERFORMANCE** - Each party to this Agreement undertakes the obligation that the other's expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arises with respect to the performance of either party, the other may, in writing, demand adequate assurance of due performance; and until he receives such assurance may, if commercially reasonable, suspend any performance for which the agreed return has not been received. "Commercially reasonable" includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding thirty (30) days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance.
10. **NONDISCRIMINATION** - CONTRACTOR shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination in employment because of race creed, color, sex, age, marital status, physical or mental disability, national origin, or other prohibited basis. All nondiscrimination rules or regulations required by law to be included in this Agreement are incorporated by this reference.
11. **MERGER**- This writing and other documents referenced as part of this Agreement herein

are intended both as the final expression of the Agreement between the parties hereto with respect to the included terms and as a complete and exclusive statement of the terms of the Agreement, pursuant to California Code of Civil Procedure §1856. No modification of this Agreement shall be effective unless and until such modification is evidenced by a writing signed by both parties. Provided the total funding level does not exceed the contract price plus a ten percent (10%) contingency, COUNTY Transit Systems Manager and CONTRACTOR may agree, in writing, to changes in or additions to the work plan.

12. REASONABLE LIQUIDATED DAMAGES - COUNTY and CONTRACTOR agree that the sum of Two Hundred Dollars (\$200.00) per bus shall be deducted from the CONTRACTOR's compensation as liquidated damages for each and every calendar day delay in the delivery of the bus beyond the time of delivery specified in this Agreement. For example, if a bus is delivered three weeks beyond the specified time of delivery, liquidated damages to be deducted amounts to \$4,200.00 (21 days late x \$200/bus x 1 bus = \$4,200.00). COUNTY and CONTRACTOR acknowledge and agree that the sum per day is a reasonable estimate of the damages that COUNTY will suffer in the event of such a delay. COUNTY and CONTRACTOR agree that COUNTY may deduct any liquidated damages due COUNTY from the amounts otherwise due CONTRACTOR.
13. INDEMNIFICATION - CONTRACTOR agrees to accept all responsibility for loss or damage to any person or entity, and to defend, indemnify, hold harmless and release COUNTY, its officers, agents, and employees, from and against any and all actions, claims, damages, disabilities or expenses that may be asserted by any person or entity, including CONTRACTOR, arising out of or in connection with the performance of CONTRACTOR hereunder, whether or not there is concurrent negligence on the part of COUNTY, but excluding liability due to the sole active negligence or sole willful misconduct of COUNTY. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for CONTRACTOR or its agents under Workers' Compensation acts, disability benefits acts or other employee benefit acts.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed as of the later date set forth below.

Title: On-Call Agreements for Cultural Resources Services

Recommended Actions:

1. Authorize the Chair to execute On-Call Agreements with four (4) Cultural Resources Services consultants for a not-to-exceed amount of \$750,000 each and a combined not-to-exceed amount of \$3,000,000, with terms ending in April 2021;
2. Delegate to the Director the authority to execute on behalf of the County, individual Task Order(s) under the Agreement for any amount up to the not-to-exceed amounts for each Agreement; and
3. Delegate to the Director the authority to develop, amend and execute on behalf of the County, any documents necessary to administer the Agreement, including a form of Task Order; provided that such documents and any amendments thereto are in a form approved by County Counsel.

Executive Summary:

The Department of Transportation and Public Works (Department) is requesting the Board authorize the Chair to sign four (4) agreements with On-Call Cultural Resource Services Consultants to create a short list from which the Department can solicit and issue task orders for individual projects. The four consultants the Department recommends executing agreements with are (1) AECOM Technical Services, Inc.; (2) Alta Archeological Consulting, Inc., (3) LSA Associates, Inc., and (4) Mead & Hunt, Inc.

Consultants engaged through this shortlist will primarily work on bridge replacement projects. During the environmental study and permitting processes, the area of land affected by placement of the new bridge must be studied for sites of archeological or historical architectural significance. The Department works closely with the Permit Sonoma Environmental Section during this process and identifies sites that may need further studies.

Neither the Department nor Permit Sonoma have the necessary in-house expertise and certification to perform studies on identified sites and will solicit from and issue Task Orders to this shortlist of four Consultants when Caltrans Environmental or the State Historic Preservation Office mandate additional study as a condition of approval to proceed with an infrastructure project.

The Department currently has 14 bridges that are being designed and will be constructed by 2025. Even though these agreements have terms ending in April 2021, the Department anticipates this On-Call shortlist will provide capacity to respond to any cultural studies that may arise during this time.

Discussion:

When the Department hires a design consultant to produce plans, specifications, and estimates for a bridge replacement or major infrastructure improvement project, part of the scope of work is focused on the necessary environmental studies. As part of this scope, sites that have a known potential for archeological or historical architectural significance are identified and the consultant is required to perform the necessary studies.

In some cases, it is not possible to identify sites prior to the start of design work or the significance or scale of a site may not be possible to identify prior to beginning its investigation and regulatory agencies may mandate significantly more in-depth studies. In these cases the additional work falls outside the agreed scope of work for the design consultant already engaged by the Department.

While it is possible to amend an agreement with an existing design consultant to increase the scope of work, the Department also recognizes a benefit to having the flexibility to engage a separate consultant to complete the cultural resources work. There are two advantages to having a shortlist of Cultural Resource Services firms available to perform this work:

1. The majority of environmental studies and processes are overseen by Permit Sonoma's Environmental Section. In these instances they will act as the project managers, giving greater oversight and control of the work and reports produced by these consultants.
2. By using a shortlist, the Department is able to select consultants to work on specific projects based on proposal quality and cost. When amending an existing contract to increase a Design Consultant's Scope of Work, there is less flexibility and opportunity to negotiate cost.

While most of the work performed will be eligible for funding under the Federal Highway Bridge Program, there is also a local match required in some instances.

An example of where the cultural resources consultant on-call agreements could be used is the Frazier Creek Bridge Replacement Project. With the Frazier Creek project an extensive archeological site was identified after a design consultant had begun work. Additionally, the extent and importance of the site means that Caltrans has requested a more in-depth study prior to the acceptance of any new bridge design.

The Request for Qualifications was originally released by Permit Sonoma in May 2017 with 8 consultants responding. (See List of Proposals in Attachment 1). Consultant proposals were evaluated for qualifications and similar experience. Interviews were also conducted with all accepted proposers and a panel of three reviewers from the Department and Permit Sonoma, selected the four consultants the Department recommends executing agreements with (1) AECOM Technical Services, Inc.; (2) Alta Archeological Consulting, Inc., (3) LSA Associates, Inc., and (4) Mead & Hunt, Inc.

In September the Department agreed to accept responsibility for administering these contracts based on the Department's expertise in Caltrans compliant contracts. Completion of this procurement was further delayed by the October Wildfires and the process of obtaining approval of the contract from Caltrans Audit and Investigations.

Once the agreements are executed, the Department will solicit the four consultants on individual projects by issuing project specific Task Orders to the shortlisted firms. Responses to these Task Orders will be evaluated on a quality and cost basis and work will be awarded accordingly. The impact of not executing these agreements would cause a delay to delivering bridge replacement projects and potential cost increases that may not be covered by federal funds.

The Department recommends the Board authorize the Chair to execute these four (4) On-Call contracts.

AGREEMENT FOR [CONSULTING/PROFESSIONAL] SERVICES

This agreement ("Agreement"), dated as of _____, 20__ (“Effective Date”) is by and between the County of Sonoma, a political subdivision of the State of California (hereinafter "County"), and AECOM Technical Services Inc. (hereinafter "Consultant").

RECITALS

WHEREAS, Consultant represents that it is a duly qualified and licensed civil engineer, experienced in the preparation of Plans, Specifications and Estimates, and related services; and

WHEREAS, in the judgment of the County’s Department of Transportation & Public Works, it is necessary and desirable to employ the services of Consultant for On-Call Cultural Resources Consulting Services.

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual covenants contained herein, the parties hereto agree as follows:

AGREEMENT

I. Scope of Services.

1.1 Consultant's Specified Services.

Consultant shall perform the services, if any, described in the Request for Qualifications and as more particularly described in the applicable Task Order assigning the specific project, and within the times or by the dates provided for in , the applicable Task Order and pursuant to Article 7, Prosecution of Work.

1.2 Cooperation With County.

Consultant shall cooperate with County and County staff in the performance of all work hereunder.

1.3 Performance Standard.

Consultant shall perform all work hereunder in a manner consistent with the level of competency and standard of care normally observed by a person practicing in Consultant's profession. County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees to provide all services under this Agreement in accordance with generally accepted professional practices and standards of care, as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Contractor’s work by County shall not operate as a waiver or release. If County determines that any of Consultant's work is not in accordance with such level of competency and standard of care, County, in its sole discretion, shall have the right to do any or all of the following: (a) require

Consultant to meet with County to review the quality of the work and resolve matters of concern; (b) require Consultant to repeat the work at no additional charge until it is satisfactory; (c) terminate this Agreement pursuant to the provisions of Article 4; or (d) pursue any and all other remedies at law or in equity.

1.4 Assigned Personnel.

- 1.4.1 Consultant shall assign only competent personnel to perform work hereunder. In the event that at any time County, in its sole discretion, desires the removal of any person or persons assigned by Consultant to perform work hereunder, Consultant shall remove such person or persons immediately upon receiving written notice from County.
- 1.4.2 Any and all persons identified in this Agreement, any Exhibit or Attachment hereto, or any Task Order issued hereunder as the project manager, project team, or other professional performing work hereunder are deemed by County to be key personnel whose services were a material inducement to County to enter into this Agreement, and without whose services County would not have entered into this Agreement. Consultant shall not remove, replace, substitute, or otherwise change any key personnel without the prior written consent of County. With respect to performance under this Agreement, Consultant shall employ the following key personnel: Project Manager.
- 1.4.3 In the event that any of Consultant's personnel assigned to perform services under this Agreement become unavailable due to resignation, sickness or other factors outside of Consultant's control, Consultant shall be responsible for timely provision of adequately qualified replacements.

1.5 Consultant's Reports or Meetings.

- 1.5.1 Consultant shall submit progress reports on each specific project in accordance with the Task Order. These reports shall be submitted at least once a month. The report should be sufficiently detailed for County's Task Order Manager to determine, if Consultant is performing to expectations, or is on schedule; to provide communication of interim findings, and to sufficiently address any difficulties or special problems encountered, so remedies can be developed.
- 1.5.2 Consultant's Project Manager shall meet with County's Contract Administrator or Task Order Manager, as needed, to discuss progress on the project(s) or contract related issues.

2. Allowable Costs and Payments.

2.1 Method of payment.

Consultant will be reimbursed for hours worked at the hourly rates specified in Consultant's Cost Proposal (Attachment A). The specified hourly rates shall include direct salary costs, employee benefits, overhead, and fee. These rates are not adjustable for the performance period set forth in this Agreement.

In addition, Consultant will be reimbursed for incurred (actual) direct costs other than salary costs that are in the cost proposal and identified in the cost proposal and in the executed Task Order.

2.2 Task Orders.

- 2.2.1 Specific projects will be assigned to Consultant through issuance of Task Orders.
- 2.2.2 After a project to be performed under this Agreement is identified by County, County will prepare a draft Task Order; less the cost estimate. A draft Task Order will identify the scope of services, expected results, project deliverables, period of performance, project schedule and will designate a County's Task Order Manager. The draft Task Order will be delivered to Consultant for review. Consultant shall return the draft Task Order within ten (10) calendar days along with a Cost Estimate, including a written estimate of the number of hours and hourly rates per staff person, any anticipated reimbursable expenses, overhead, fee if any, and total dollar amount. After agreement has been reached on the negotiable items and total cost; the finalized Task Order shall be signed by both County and Consultant.
- 2.2.3 Task Orders may be negotiated for a lump sum (Firm Fixed Price) or for specific rates of compensation, both of which must be based on the labor and other rates set forth in Consultant's Cost Proposal.
- 2.2.4 Consultant shall not commence performance of work or services until this Agreement has been approved by County, and notification to proceed has been issued by County's Task Order Manager. No payment will be made prior to approval or for any work performed prior to approval of this Agreement.
- 2.2.5 A Task Order is of no force or effect until returned to County and signed by an authorized representative of County. No expenditures are authorized on a project and work shall not commence until a Task Order for that project has been executed by County.
- 2.2.6 The period of performance for Task Orders shall be in accordance with dates specified in the Task Order. No Task Order will be written which extends beyond the expiration date of this Agreement.
- 2.2.7 The total amount payable by County for an individual Task Order shall not exceed the amount agreed to in the Task Order, unless authorized by contract amendment.
- 2.2.8 If the Consultant fails to satisfactorily complete a deliverable according to the schedule set forth in a Task Order, no payment will be made until the deliverable has been satisfactorily completed.
- 2.2.9 Task Orders may not be used to amend this Agreement and may not exceed the scope of work under this Agreement

2.3 Transportation & Subsistence.

Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal.

2.4 Milestone Costs.

When milestone cost estimates are included in the approved Cost Proposal, Consultant shall obtain prior written approval for a revised milestone cost estimate from the County's Task Order Manager before exceeding such cost estimate.

2.5 Progress Payments.

Progress payments for each Task Order will be made monthly in arrears based on services provided and actual costs incurred.

2.6 [RESERVED]

2.7 Invoices.

2.7.1 Consultant will be reimbursed, as promptly as fiscal procedures will permit upon receipt by County's Contract Administrator of itemized invoices. Separate invoices itemizing all costs are required for all work performed under each Task Order. Invoices shall be submitted no later than 45 calendar days after the performance of work for which Consultant is billing, or upon completion of the Task Order. Invoices shall detail the work performed on each milestone, on each project as applicable. Invoices shall follow the format stipulated for the approved Cost Proposal and shall reference this Agreement number, project title and Task Order number. Credits due County that include any equipment purchased under the provisions of Article 13.13 Equipment Purchase of this Agreement, must be reimbursed by Consultant prior to the expiration or termination of this Agreement. Invoices shall be mailed to County's Contract Administrator at the following address:

David Cameron
2300 County Center Drive, Suite B-100
Santa Rosa, CA 95403

2.7.2 In addition to compliance with the requirements of this Article 2, including Article 2.7.1 above, Consultant shall submit its bills in arrears on a monthly basis in a form approved by County's Auditor and the Head of the County Department receiving the services. The bills shall show or include: (i) the task(s) performed; (ii) the time in quarter hours devoted to the task(s); (iii) the hourly rate or rates of the persons performing the task(s); and (iv) copies of receipts for reimbursable materials/expenses, if any. Expenses not expressly authorized by the Agreement shall not be reimbursed, including a copy of all invoices paid to subcontractors for work required included in the prime consultant's invoice. Consultant shall submit the Subcontractor Payment Declaration with each invoice.

2.7.3 Unless otherwise noted in this Agreement, payments shall be made within the normal course of County business after presentation of an invoice in a form approved by the County for services performed. Payments shall be made only upon the satisfactory completion of the services as determined by the County.

2.8 Contract Value/Not-to-Exceed Compensation.

The total amount payable by County for all Task Orders resulting from this Agreement shall not exceed \$750,000.00. It is understood and agreed that there is no guarantee, either expressed or implied that this dollar amount will be authorized under this Agreement through Task Orders.

2.9 Salary Increases.

Salary increases will be reimbursable if the new salary is within the salary range identified in the approved Cost Proposal and is approved by County's Contract Administrator.

For personnel subject to prevailing wage rates as described in the California Labor Code, all salary increases, which are the direct result of changes in the prevailing wage rates are reimbursable.

2.10 [RESERVED].

2.11 Taxes.

2.11.1 Consultant agrees to file federal and state tax returns and pay all applicable taxes on amounts paid pursuant to this Agreement and shall be solely liable and responsible to pay such taxes and other obligations, including, but not limited to, state and federal income and FICA taxes. Consultant agrees to indemnify and hold County harmless from any liability which it may incur to the United States or to the State of California as a consequence of Consultant's failure to pay, when due, all such taxes and obligations. In case County is audited for compliance regarding any withholding or other applicable taxes, Consultant agrees to furnish County with proof of payment of taxes on these earnings.

2.11.2 Pursuant to California Revenue and Taxation code (R&TC) Section 18662, the County shall withhold seven percent of the income paid to Consultant for services performed within the State of California under this agreement, for payment and reporting to the California Franchise Tax Board, if Consultant does not qualify as: (1) a corporation with its principal place of business in California, (2) an LLC or Partnership with a permanent place of business in California, (3) a corporation/LLC or Partnership qualified to do business in California by the Secretary of State, or (4) an individual with a permanent residence in the State of California.

If Consultant does not qualify, County requires that a completed and signed Form 587 be provided by the Consultant in order for payments to be made. If consultant is qualified, then the County requires a completed Form 590. Forms 587 and 590 remain valid for the duration of the Agreement provided there is no material change in facts. By signing either form, the contractor agrees to promptly notify the County of any changes in the facts. Forms should be sent to the County pursuant to Article 12. To reduce the amount withheld, Consultant has the option to provide County with either a full or partial waiver from the State of California.

3. Term of Agreement.

3.1 Term.

This contract shall go into effect on (_____) contingent upon approval by County, and Consultant shall commence work after notification to proceed by County's Contract Administrator. The contract shall end on (_____), unless extended by contract amendment.

3.2 Contract Execution.

Consultant is advised that any recommendation for contract award is not binding on County until the contract is fully executed and approved by County.

3.3 Task Order Term

The period of performance for each specific project shall be in accordance with the Task Order for that project. If work on a Task Order is in progress on the expiration date of this Agreement, the

terms of the Agreement shall be extended by contract amendment.

4. Termination

4.1. Notice Period.

County reserves the right to terminate this Agreement upon thirty (30) calendar days written notice to Consultant with the reasons for termination stated in the notice.

4.2 Grounds for Termination.

County may terminate this Agreement with Consultant should Consultant fail to perform the covenants herein contained at the time and in the manner herein provided. In the event of such termination, County may proceed with the work in any manner deemed proper by County. If County terminates this Agreement with Consultant, County shall pay Consultant the sum due to Consultant under this Agreement prior to termination, unless the cost of completion to County exceeds the funds remaining in the Agreement. In which case the overage shall be deducted from any sum due Consultant under this Agreement and the balance, if any, shall be paid to Consultant upon demand.

4.3 Liability.

The maximum amount for which the Government shall be liable if this Agreement is terminated is 975,000 dollars.

4.4 Authority to Terminate.

The Board of Supervisors has the authority to terminate this Agreement on behalf of the County. In addition, the Purchasing Agent or Department Head, in consultation with County Counsel, shall have the authority to terminate this Agreement on behalf of the County.

5. Indemnification.

Consultant agrees to accept all responsibility for loss or damage to any person or entity, including County, and to indemnify, hold harmless, and release County, its officers, agents, and employees, from and against any actions, claims, damages, liabilities, disabilities, or expenses, that may be asserted by any person or entity, including Consultant, that arise out of, pertain to, or relate to Consultant's or its agents', employees', contractors', subcontractors', or invitees' performance or obligations under this Agreement. Consultant agrees to provide a complete defense for any claim or action brought against County based upon a claim relating to such Consultant's or its agents', employees', contractors', subcontractors', or invitees' performance or obligations under this Agreement. Consultant's obligations under this Section apply whether or not there is concurrent or contributory negligence on County's part, but to the extent required by law, excluding liability due to County's conduct. County shall have the right to select its legal counsel at Consultant's expense, subject to Consultant's approval, which shall not be unreasonably withheld. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for Consultant or its agents under workers' compensation acts, disability benefits acts, or other employee benefit acts.

6. Insurance.

With respect to performance of work under this Agreement, Consultant shall maintain and shall require all of its subcontractors, consultants, and other agents to maintain, insurance as described in Attachment

B, which is attached hereto and incorporated herein by this reference.

7. Prosecution of Work.

The execution of this Agreement shall constitute Consultant's authority to proceed immediately with the performance of this Agreement. Performance of the services hereunder shall be completed within the time required herein, provided, however, that if the performance is delayed by earthquake, flood, high water, or other Act of God or by strike, lockout, or similar labor disturbances, the time for Consultant's performance of this Agreement shall be extended by a number of days equal to the number of days Consultant has been delayed.

8. Extra or Changed Work.

Extra or changed work or other changes to the Agreement may be authorized only by written amendment to this Agreement, signed by both parties. Minor changes, which do not increase the amount paid under the Agreement, and which do not significantly change the scope of work or significantly lengthen time schedules may be executed by the Department Head in a form approved by County Counsel. The Board of Supervisors/Purchasing Agent must authorize all other extra or changed work. The parties expressly recognize that, pursuant to Sonoma County Code Section 1-11, County personnel are without authorization to order extra or changed work or waive Agreement requirements. Failure of Consultant to secure such written authorization for extra or changed work shall constitute a waiver of any and all right to adjustment in the Agreement price or Agreement time due to such unauthorized work and thereafter Consultant shall be entitled to no compensation whatsoever for the performance of such work. Consultant further expressly waives any and all right or remedy by way of restitution and quantum meruit for any and all extra work performed without such express and prior written authorization of the County.

9. Representations of Consultant.

9.1 Standard of Care.

County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees that all its work will be performed and that its operations shall be conducted in accordance with generally accepted and applicable professional practices and standards as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Consultant's work by County shall not operate as a waiver or release.

9.2 Status of Consultant.

The parties intend that Consultant, in performing the services specified herein, shall act as an independent contractor and shall control the work and the manner in which it is performed. Consultant is not to be considered an agent or employee of County and is not entitled to participate in any pension plan, worker's compensation plan, insurance, bonus, or similar benefits County provides its employees. In the event County exercises its right to terminate this Agreement pursuant to Article 4, above, Consultant expressly agrees that it shall have no recourse or right of appeal under rules, regulations, ordinances, or laws applicable to employees.

9.3 No Suspension or Debarment.

Consultant's signature affixed herein, shall constitute a certification under penalty of perjury under

the laws of the State of California, that Consultant has complied with Title 2 CFR, Part 180, “OMB Guidelines to Agencies on Government wide Debarment and Suspension (nonprocurement)”, which certifies that he/she or any person associated therewith in the capacity of owner, partner, director, officer, or manager, is not currently under suspension, debarment, voluntary exclusion, or determination of ineligibility by any federal agency; has not been suspended, debarred, voluntarily excluded, or determined ineligible by any federal agency within the past three (3) years; does not have a proposed debarment pending; and has not been indicted, convicted, or had a civil judgment rendered against it by a court of competent jurisdiction in any matter involving fraud or official misconduct within the past three (3) years. Any exceptions to this certification must be disclosed to County.

Exceptions will not necessarily result in denial of recommendation for award, but will be considered in determining Consultant responsibility. Disclosures must indicate to whom exceptions apply, initiating agency, and dates of action.

Exceptions to the Federal Government Excluded Parties List System maintained by the General Services Administration are to be determined by the Federal highway Administration.

9.4 [RESERVED].

9.5 Records Maintenance.

In addition to other record retention and audit requirements set forth elsewhere in this Agreement, Consultant shall keep and maintain full and complete documentation and accounting records concerning all services performed that are compensable under this Agreement and shall make such documents and records available to County for inspection at any reasonable time. Consultant shall maintain such records for a period of four (4) years following completion of work hereunder.

9.6 Conflict of Interest.

- 9.6.1 Consultant shall disclose any financial, business, or other relationship with County that may have an impact upon the outcome of this contract, or any ensuing County construction project. Consultant shall also list current clients who may have a financial interest in the outcome of this contract, or any ensuing County construction project, which will follow.
- 9.6.2 Consultant hereby certifies that it does not now have, nor shall it acquire any financial or business interest that would conflict with the performance of services under this contract.
- 9.6.3 Consultant hereby certifies that neither Consultant, nor any firm affiliated with Consultant will bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting from this contract. An affiliated firm is one, which is subject to the control of the same persons through joint-ownership, or otherwise.
- 9.6.4 Except for subconsultants whose services are limited to providing surveying or materials testing information, no subconsultant who has provided design services in connection with this contract shall be eligible to bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting

from this contract.

9.7 Statutory Compliance.

Contractor agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly agrees, on behalf of itself and on behalf of all its agents, employees, subconsultants, and subcontractors, to comply with the federal contract requirements set forth in Article 13 herein.

9.8 Living Wage Ordinance.

9.8.1 Consultant agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies, including but not limited to the County of Sonoma Living Wage Ordinance, applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly acknowledges and agrees that this Agreement is subject to the provisions of Article XXVI of Chapter 2 of the Sonoma County Code, requiring payment of a living wage to covered employees. Noncompliance during the term of the Agreement will be considered a material breach and may result in termination of the Agreement or pursuit of other legal or administrative remedies.

9.8.2 Notwithstanding the requirement of section 9.8.1 that Consultant comply with the County of Sonoma Living Wage Ordinance (Sonoma County Code Chapter 2, Article XXVI), none of the Living Wage Ordinances local preference requirements shall be used to select or otherwise apply to Consultant.

9.9 Nondiscrimination.

Without limiting any other provision hereunder, Consultant shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination in employment because of race, color, ancestry, national origin, religion, sex, marital status, age, medical condition, pregnancy, disability, sexual orientation or other prohibited basis, including without limitation, the County's Non-Discrimination Policy. All nondiscrimination rules or regulations required by law to be included in this Agreement are incorporated herein by this reference.

9.10 Statement of Compliance.

9.10.1 Consultant's signature affixed herein, and dated, shall constitute a certification under penalty of perjury under the laws of the State of California that Consultant has, unless exempt, complied with, the nondiscrimination program requirements of Government Code Section 12990 and Title 2, California Administrative Code, Section 8103.

9.10.2 During the performance of this Contract, Consultant and its subconsultants shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, physical disability (including HIV and AIDS), mental disability, medical condition (e.g., cancer), age (over 40), marital status, and denial of family care leave. Consultant and subconsultants shall insure that the evaluation and treatment of their employees and

applicants for employment are free from such discrimination and harassment. Consultant and subconsultants shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code §12990 (a-f) et seq.) and the applicable regulations promulgated there under (California Code of Regulations, Title 2, Section 7285 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations, are incorporated into this Contract by reference and made a part hereof as if set forth in full. Consultant and its subconsultants shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.

- 9.10.3 The Consultant shall comply with regulations relative to Title VI (nondiscrimination in federally-assisted programs of the Department of Transportation – Title 49 Code of Federal Regulations, Part 21 - Effectuation of Title VI of the 1964 Civil Rights Act). Title VI provides that the recipients of federal assistance will implement and maintain a policy of nondiscrimination in which no person in the state of California shall, on the basis of race, color, national origin, religion, sex, age, disability, be excluded from participation in, denied the benefits of or subject to discrimination under any program or activity by the recipients of federal assistance or their assignees and successors in interest.
- 9.10.4 The Consultant, with regard to the work performed by it during the Agreement shall act in accordance with Title VI. Specifically, the Consultant shall not discriminate on the basis of race, color, national origin, religion, sex, age, or disability in the selection and retention of Subconsultants, including procurement of materials and leases of equipment. The Consultant shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the U.S. DOT's Regulations, including employment practices when the Agreement covers a program whose goal is employment.

9.11 AIDS Discrimination.

Consultant agrees to comply with the provisions of Chapter 19, Article II, of the Sonoma County Code prohibiting discrimination in housing, employment, and services because of AIDS or HIV infection during the term of this Agreement and any extensions of the term.

9.12 Assignment of Rights.

Consultant assigns to County all rights throughout the world in perpetuity in the nature of copyright, trademark, patent, right to ideas, in and to all versions of the plans and specifications, if any, now or later prepared by Consultant in connection with this Agreement. Consultant agrees to take such actions as are necessary to protect the rights assigned to County in this Agreement, and to refrain from taking any action which would impair those rights. Consultant's responsibilities under this provision include, but are not limited to, placing proper notice of copyright on all versions of the plans and specifications as County may direct, and refraining from disclosing any versions of the plans and specifications to any third party without first obtaining written permission of County.

Consultant shall not use or permit another to use the plans and specifications in connection with this or any other project without first obtaining written permission of County.

9.13 Ownership and Disclosure of Work Product.

All reports, original drawings, graphics, plans, studies, and other data or documents (“documents”), in whatever form or format, assembled or prepared by Consultant or Consultant’s subcontractors, consultants, and other agents in connection with this Agreement shall be the property of County. County shall be entitled to immediate possession of such documents upon completion of the work pursuant to this Agreement. Upon expiration or termination of this Agreement, Consultant shall promptly deliver to County all such documents, which have not already been provided to County in such form or format, as County deems appropriate. Such documents shall be and will remain the property of County without restriction or limitation. Consultant may retain copies of the above-described documents but agrees not to disclose or discuss any information gathered, discovered, or generated in any way through this Agreement without the express written permission of County.

9.14 Authority.

The undersigned hereby represents and warrants that he or she has authority to execute and deliver this Agreement on behalf of Consultant.

10. Demand for Assurance.

Each party to this Agreement undertakes the obligation that the other's expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arise with respect to the performance of either party, the other may in writing demand adequate assurance of due performance and until such assurance is received may, if commercially reasonable, suspend any performance for which the agreed return has not been received. "Commercially reasonable" includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding thirty (30) days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance. Nothing in this Article limits County’s right to terminate this Agreement pursuant to Article 4.

11. Assignment and Delegation.

Neither party hereto shall assign, delegate, sublet, or transfer any interest in or duty under this Agreement without the prior written consent of the other, and no such transfer shall be of any force or effect whatsoever unless and until the other party shall have so consented.

12. Method and Place of Giving Notice, Submitting Bills and Making Payments.

All notices, bills, and payments shall be made in writing and shall be given by personal delivery or by U.S. Mail or courier service. Notices, bills, and payments shall be addressed as follows:

To County:

Sonoma County Department of Transportation and Public Works

jeff.zimmerman@aecom.com

When a notice, bill or payment is given by a generally recognized overnight courier service, the notice, bill or payment shall be deemed received on the next business day. When a copy of a notice, bill or payment is sent by facsimile or email, the notice, bill or payment shall be deemed received upon transmission as long as (1) the original copy of the notice, bill or payment is promptly deposited in the U.S. mail and postmarked on the date of the facsimile or email (for a payment, on or before the due date), (2) the sender has a written confirmation of the facsimile transmission or email, and (3) the facsimile or email is transmitted before 5 p.m. (recipient's time). In all other instances, notices, bills and payments shall be effective upon receipt by the recipient. Changes may be made in the names and addresses of the person to whom notices are to be given by giving notice pursuant to this paragraph.

13. Federal Requirements.

13.1 Contract Assurance.

The consultant, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The consultant shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted agreements. Failure by the consultant to carry out these requirements is a material breach of this agreement, which may result in the termination of this agreement or such other remedy as the recipient deems appropriate, which may include, but is not limited to: (1) Withholding monthly progress payments; (2) Assessing sanctions; (3) Liquidated damages; and/or (4) Disqualifying the contractor from future bidding as non-responsible.

13.2 Prompt Progress Payments to Subcontractors.

Attention is directed to Section 7108.5 of the California Business and Professions Code, which requires a prime contractor or subcontractor to pay any subcontractor not later than ten (10) days of receipt of each progress payment, unless otherwise agreed to in writing. In addition, federal regulations (Title 49 Code of Federal Regulations Part 26.29) require a prime contractor or subcontractor to pay a subcontractor no later than thirty (30) days of receipt of each payment, unless any delay or postponement of payment among the parties takes place only for good cause and with the prior written approval of County. Section 7108.5 of the California Business and Professions Code also contains enforcement actions and penalties. The requirements apply to both Disadvantaged Business Entities ("DBE") and non-DBE subcontractors. Consultant shall include the foregoing progress payment requirements in every subcontract entered into by Consultant in the performance of its obligations under this Agreement

13.3 Prompt Payment of Withheld Funds to Subcontractors.

No retainage will be held by the County from progress payments due the prime consultant. Any retainage held by the prime consultant or subconsultants from progress payments due subconsultants shall be promptly paid in full to subconsultants within 30 days after the subconsultant's work is satisfactorily completed. Federal law (49 CFR 26.29) requires that any delay or postponement of payment over the 30 days may take place only for good cause and with the Agency's prior written approval. Any violation of this provision shall subject the violating prime consultant or subconsultant to the penalties, sanctions and other remedies specified in Section 7108.5 of the Business and Professions Code. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to the prime consultant or subconsultant in the event of a dispute involving late payment or nonpayment by the prime consultant, deficient subconsultant performance, or noncompliance by a subconsultant. This provision applies to both DBE and non-DBE prime consultant and subconsultants.

13.4 Disadvantaged Business Enterprise (DBE) Participation.

- 13.4.1 This contract is subject to 49 CFR, Part 26 entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs". Consultants who obtain DBE participation on this contract will assist Caltrans in meeting its federally mandated statewide overall DBE goal.
- 13.4.2 A DBE participation goal will be established for each Task Order. Participation by DBE consultant or subconsultants shall be in accordance with information contained in the Consultant Proposal DBE Commitment (Exhibit 10-O1), or in the Consultant Contract DBE Information (Exhibit 10-O2) attached hereto and incorporated as part of the Contract. If a DBE subconsultant is unable to perform, Consultant must make a good faith effort to replace him/her with another DBE subconsultant, if the goal is not otherwise met.
- 13.4.3 DBEs and other small businesses, as defined in 49 CFR, Part 26 are encouraged to participate in the performance of contracts financed in whole or in part with federal funds. Consultant or subconsultant shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. Consultant shall carry out applicable requirements of 49 CFR, Part 26 in the award and administration of US DOT-assisted agreements. Failure by Consultant to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as County deems appropriate.
- 13.4.4 Any subcontract entered into as a result of this contract shall contain all of the provisions of this section.
- 13.4.5 A DBE firm may be terminated only with prior written approval from County and only for the reasons specified in 49 CFR 26.53(f). Prior to requesting County consent for the termination, Consultant must meet the procedural requirements specified in 49 CFR 26.53(f).
- 13.4.6 A DBE performs a Commercially Useful Function (CUF) when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a CUF, the DBE must also be responsible with respect to materials and supplies used

on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a CUF, evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the, contract is commensurate with the work it is actually performing, and other relevant factors.

- 13.4.7 A DBE does not perform a CUF if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, examine similar transactions, particularly those in which DBEs do not participate.
- 13.4.8 If a DBE does not perform or exercise responsibility for at least thirty percent (30%) of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of the contract than would be expected on the basis of normal industry practice for the type of work involved, it will be presumed that it is not performing a CUF.
- 13.4.9 Consultant shall maintain records of materials purchased or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE or vendor and the total dollar amount actually paid each DBE or vendor, regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE prime consultants shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.
- 13.4.10 Upon completion of the Contract, a summary of these records shall be prepared and submitted on the form entitled, "Final Report-Utilization of Disadvantaged Business Enterprise (DBE), First-Tier Subconsultants" CEM-2402F [Exhibit 17-F, of the LAPM], certified correct by Consultant or Consultant's authorized representative and shall be furnished to the Contract Administrator with the final invoice. Failure to provide the summary of DBE payments with the final invoice will result in twenty-five percent (25%) of the dollar value of the invoice being withheld from payment until the form is submitted. The amount will be returned to Consultant when a satisfactory "Final Report-Utilization of Disadvantaged Business Enterprises (DBE), First-Tier Subconsultants" is submitted to the Contract Administrator.
- 13.4.11 If a DBE subconsultant is decertified during the life of the contract, the decertified subconsultant shall notify Consultant in writing with the date of decertification. If a subconsultant becomes a certified DBE during the life of the Contract, the subconsultant shall notify Consultant in writing with the date of certification. Any changes should be reported to County's Contract Administrator within 30 days.

13.5 Prevailing Wage.

- 13.5.1 Consultant shall comply with the State of California's General Prevailing Wage Rate requirements in accordance with California Labor Code, Section 1770, and all Federal, State, and local laws and ordinances applicable to the work.

13.5.2 Any subcontract entered into as a result of this contract, if for more than \$25,000 for public works construction or more than \$15,000 for the alteration, demolition, repair, or maintenance of public works, shall contain all of the provisions of this Article, unless the awarding agency has an approved labor compliance program by the Director of Industrial Relations.

13.5.3 When prevailing wages apply to the services described in the scope of work, transportation and subsistence costs shall be reimbursed at the minimum rates set by the Department of Industrial Relations (DIR) as outlined in the applicable Prevailing Wage Determination. See <http://www.dir.ca.gov>.

Note: The Federal "Payment of Predetermined Minimum Wage" applies only to federal-aid construction contracts.

13.6 Text Messaging While Driving.

In accordance with Executive Order 13513, Federal Leadership on Reducing Text Messaging While Driving, and Department of Transportation Order 3902.10, Text Messaging While Driving, text messaging while driving is prohibited in the performance of any duties included in this agreement for both consultant and any sub-consultants hired for performance of duties under this Agreement. Consultant shall include a provision prohibiting texting while driving in all sub-consultant agreements entered into related to the performance of its obligations under this Agreement.

Definitions. The following definitions are to be used in conjunction with this section. "Driving":

- 1) Means operating a motor vehicle on a roadway, including while temporarily stationary because of traffic, a traffic light, stop sign, or otherwise.
- 2) It does not include being in your vehicle (with or without the motor running) in a location off the roadway where it is safe and legal to remain stationary.

"Text Messaging" means reading from or entering data into any handheld or other electronic device, including for the purpose of short message service texting, e-mailing, instant messaging, obtaining navigational information, or engaging in any other form of electronic data retrieval or electronic data communication.

13.7 Buy America.

Furnish Steel and iron materials to be incorporated into the work with certificates of compliance. Steel and iron materials must be produced in the U.S. except:

- 1) Foreign pig iron and processed, pelletized, and reduced iron ore may be used in the domestic production of the steel and iron materials [60 Fed Reg 15478(3/24/1995)];
- 2) If the total combine cost of the materials does not exceed the great of 0.1 percent of the total bid or \$2,500, materials produced outside the U. S. may be used.

Production includes:

- 1) Processing steel and iron materials, including smelting or other processes that alter the physical form or shape (such as rolling, extruding, machining, bending, grinding, and drilling) or chemical composition;
- 2) Coating application, including epoxy coating, galvanizing, and painting, that protects or enhances the value of steel and iron materials.

13.8 Prohibition of Expending Local Agency, State or Federal funds for Lobbying.

13.8.1 Consultant certifies to the best of his or her knowledge and belief that:

- 1) No state, federal or County appropriated funds have been paid, or will be paid by- or-on behalf of Consultant to any person for influencing or attempting to influence an officer or employee of any state or federal agency; a Member of the State Legislature or United States Congress; an officer or employee of the Legislature or Congress; or any employee of a Member of the Legislature or Congress, in connection with the awarding of any state or federal contract; the making of any state or federal grant; the making of any state or federal loan; the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any state or federal contract, grant, loan, or cooperative agreement.
- 2) If any funds other than federal appropriated funds have been paid, or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency; a Member of Congress; an officer or employee of Congress, or an employee of a Member of Congress; in connection with this federal contract, grant, loan, or cooperative agreement; Consultant shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.

13.8.2 This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

13.8.3 Consultant also agrees by signing this document that he or she shall require that the language of this certification be included in all lower-tier subcontracts, which exceed \$100,000 and that all such sub recipients shall certify and disclose accordingly.

13.9 Cost Principles and Administrative Requirements.

13.9.1 Consultant agrees that the Contract Cost Principles and Procedures, 48 CFR, Federal Acquisition Regulations System, Chapter 1, Part 31.000 *et seq.*, shall be used to determine the cost allowability of individual items.

13.9.2 Consultant also agrees to comply with federal procedures in accordance with 2 CFR, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

- 13.9.3 Any costs for which payment has been made to CONSULTANT that are determined by subsequent audit to be unallowable under 2 CFR, Part 200 and 48 CFR, Federal Acquisition Regulations System, Chapter 1, Part 31.000 *et seq.*, are subject to repayment by Consultant to County.

13.10 Retention of Records/Audit.

For the purpose of determining compliance with Public Contract Code 10115, *et seq.* and Title 21, California Code of Regulations, Chapter 21, Section 2500 *et seq.*, when applicable and other matters connected with the performance of the contract pursuant to Government Code 8546.7; Consultant, subconsultants, and County shall maintain and make available for inspection all books, documents, papers, accounting records, and other evidence pertaining to the performance of the contract, including but not limited to, the costs of administering the contract. All parties shall make such materials available at their respective offices at all reasonable times during the contract period and for three years from the date of final payment under the contract. The state, State Auditor, County, FHWA, or any duly authorized representative of the Federal Government shall have access to any books, records, and documents of Consultant and its certified public accountants (CPA) work papers that are pertinent to the contract and indirect cost rates (ICR) for audit, examinations, excerpts, and transactions, and copies thereof shall be furnished if requested.

13.11 Audit Review Procedures.

- 13.11.1 Any dispute concerning a question of fact arising under an interim or post audit of this contract that is not disposed of by agreement, shall be reviewed by County's Chief Financial Officer.
- 13.11.2 Not later than 30 days after issuance of the final audit report, Consultant may request a review by County's Chief Financial Officer of unresolved audit issues. The request for review will be submitted in writing.
- 13.11.3 Neither the pendency of a dispute nor its consideration by County will excuse Consultant from full and timely performance, in accordance with the terms of this contract.
- 13.11.4 Consultant and subconsultant contracts, including cost proposals and ICR, are subject to audits or reviews such as, but not limited to, a contract audit, an incurred cost audit, an ICR Audit, or a CPA ICR audit work paper review. If selected for audit or review, the contract, cost proposal and ICR and related work papers, if applicable, will be reviewed to verify compliance with 48 CFR, Part 31 and other related laws and regulations. In the instances of a CPA ICR audit work paper review it is Consultant's responsibility to ensure federal, state, or local government officials are allowed full access to the CPA's work papers including making copies as necessary. The contract, cost proposal, and ICR shall be adjusted by Consultant and approved by County contract manager to conform to the audit or review recommendations. Consultant agrees that individual terms of costs identified in the audit report shall be incorporated into the contract by this reference if directed by County at its sole discretion. Refusal by Consultant to incorporate audit or review recommendations, or to ensure that the federal, state or local governments have access to CPA work papers, will be considered a breach of contract terms and cause for termination of the contract and disallowance

of prior reimbursed costs.

13.12 Subcontracting.

- 13.12.1 Nothing contained in this contract or otherwise, shall create any contractual relation between County and any subconsultant(s), and no subcontract shall relieve Consultant of its responsibilities and obligations hereunder. Consultant agrees to be as fully responsible to County for the acts and omissions of its subconsultant(s) and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by Consultant. CONSULTANT's obligation to pay its subconsultant(s) is an independent obligation from County's obligation to make payments to the Consultant.
- 13.12.2 Consultant shall perform the work contemplated with resources available within its own organization and no portion of the work pertinent to this contract shall be subcontracted without written authorization by County's Contract Administrator, except that, which is expressly identified in the approved Cost Proposal.
- 13.12.3 Consultant shall pay its subconsultants within ten (10) calendar days from receipt of each payment made to Consultant by County.
- 13.12.4 All subcontracts entered into as a result of this contract shall contain all the provisions stipulated in this contract to be applicable to subconsultants.
- 13.12.5 Any substitution of subconsultant(s) must be approved in writing by County's Contract Administrator prior to the start of work by the subconsultant(s).

13.13 Equipment Purchase.

- 13.13.1 Prior authorization in writing, by County's Contract Administrator shall be required before Consultant enters into any unbudgeted purchase order, or subcontract exceeding \$5,000 for supplies, equipment, or Consultant services. Consultant shall provide an evaluation of the necessity or desirability of incurring such costs.
- 13.13.2 For purchase of any item, service or consulting work not covered in Consultant's Cost Proposal and exceeding \$5,000 prior authorization by County's Contract Administrator; three competitive quotations must be submitted with the request, or the absence of bidding must be adequately justified.
- 13.13.3 Any equipment purchased as a result of this contract is subject to the following: "Consultant shall maintain an inventory of all nonexpendable property. Nonexpendable property is defined as having a useful life of at least two years and an acquisition cost of \$5,000 or more. If the purchased equipment needs replacement and is sold or traded in, County shall receive a proper refund or credit at the conclusion of the contract, or if the contract is terminated, Consultant may either keep the equipment and credit County in an amount equal to its fair market value, or sell such equipment at the best price obtainable at a public or private sale, in accordance with established County procedures; and credit County in an amount equal to the sales price. If Consultant elects to keep the equipment, fair market value shall be determined at Consultant expense, on the basis of a competent independent appraisal of such equipment. Appraisals shall be obtained from an appraiser mutually agreeable to by County and Consultant, if it is determined to sell

the equipment, the terms and conditions of such sale must be approved in advance by County.” 49 CFR, Part 18 requires a credit to Federal funds when participating equipment with a fair market value greater than \$5,000 is credited to the project.

14. Miscellaneous Provisions.

14.1 No Waiver of Breach.

The waiver by County of any breach of any term or promise contained in this Agreement shall not be deemed to be a waiver of such term or provision or any subsequent breach of the same or any other term or promise contained in this Agreement.

14.2 Construction.

To the fullest extent allowed by law, the provisions of this Agreement shall be construed and given effect in a manner that avoids any violation of statute, ordinance, regulation, or law. The parties covenant and agree that in the event that any provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated thereby. Consultant and County acknowledge that they have each contributed to the making of this Agreement and that, in the event of a dispute over the interpretation of this Agreement, the language of the Agreement will not be construed against one party in favor of the other. Consultant and County acknowledge that they have each had an adequate opportunity to consult with counsel in the negotiation and preparation of this Agreement.

14.3 Consent.

Wherever in this Agreement the consent or approval of one party is required to an act of the other party, such consent or approval shall not be unreasonably withheld or delayed.

14.4 No Third Party Beneficiaries.

Nothing contained in this Agreement shall be construed to create and the parties do not intend to create any rights in third parties.

14.5 Applicable Law and Forum.

This Agreement shall be construed and interpreted according to the substantive law of California, regardless of the law of conflicts to the contrary in any jurisdiction. Any action to enforce the terms of this Agreement or for the breach thereof shall be brought and tried in Santa Rosa or the forum nearest to the city of Santa Rosa, in the County of Sonoma.

14.6 Captions.

The captions in this Agreement are solely for convenience of reference. They are not a part of this Agreement and shall have no effect on its construction or interpretation.

14.7 Merger.

This writing is intended both as the final expression of the Agreement between the parties hereto with respect to the included terms and as a complete and exclusive statement of the terms of the Agreement, pursuant to Code of Civil Procedure Section 1856. No modification of this Agreement shall be effective unless and until such modification is evidenced by a writing signed

by both parties.

14.8 Survival of Terms.

All express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

14.9 Time of Essence.

Time is and shall be of the essence of this Agreement and every provision hereof.

14.10 Rebates, Kickback or Other Unlawful Consideration.

Consultant warrants that this contract was not obtained or secured through rebates kickbacks or other unlawful consideration, either promised or paid to any County employee. For breach or violation of this warranty, County shall have the right in its discretion; to terminate the contract without liability; to pay only for the value of the work actually performed; or to deduct from the contract price; or otherwise recover the full amount of such rebate, kickback or other unlawful consideration.

14.11 Funding Requirements.

14.11.1 It is mutually understood between the parties that this contract may have been written before ascertaining the availability of funds or appropriation of funds, for the mutual benefit of both parties, in order to avoid program and fiscal delays that would occur if the contract were executed after that determination was made.

14.11.2 This contract is valid and enforceable only, if sufficient funds are made available to County for the purpose of this contract. In addition, this contract is subject to any additional restrictions, limitations, conditions, or any statute enacted by the Congress, State Legislature, or County Board of Supervisors that may affect the provisions, terms, or funding of this contract in any manner.

14.11.3 It is mutually agreed that if sufficient funds are not appropriated, this contract may be amended to reflect any reduction in funds.

14.11.4 County has the option to void the contract under the 30-day termination clause pursuant to Article 4, or by mutual agreement to amend the contract to reflect any reduction of funds.

14.12 Evaluation of Consultant.

Consultant's performance will be evaluated by County. A copy of the evaluation will be sent to Consultant for comments. The evaluation together with the comments shall be retained as part of the contract record.

14.13 Claims Filed by County's Construction Contractor.

14.13.1 If claims are filed by County's construction contractor relating to work performed by Consultant's personnel, and additional information or assistance from Consultant's personnel is required in order to evaluate or defend against such claims; Consultant agrees to make its personnel available for consultation with County's construction contract administration and legal staff and for testimony, if necessary, at depositions and

at trial or arbitration proceedings.

- 14.13.2 Consultant's personnel that County considers essential to assist in defending against construction contractor claims will be made available on reasonable notice from County. Consultation or testimony will be reimbursed at the same rates, including travel costs that are being paid for Consultant's personnel services under this contract.
- 14.13.3 Services of Consultant's personnel in connection with County's construction contractor claims will be performed pursuant to a written contract amendment, if necessary, extending the termination date of this contract in order to resolve the construction claims.
- 14.13.4 Any subcontract in excess of \$25,000 entered into as a result of this contract, shall contain all of the provisions of this Article.

14.14 National Labor Relations Board Certification.

In accordance with Public Contract Code Section 10296, Consultant hereby states under penalty of perjury that no more than one final unappealable finding of contempt of court by a federal court has been issued against Consultant within the immediately preceding two-year period, because of Consultant's failure to comply with an order of a federal court that orders Consultant to comply with an order of the National Labor Relations Board.

14.15 Retention of Funds.

- 14.15.1 Any subcontract entered into as a result of this Contract shall contain all of the provisions of this section.
- 14.15.2 No retainage will be held by the County from progress payments due the prime consultant. Any retainage held by the prime consultant or subconsultants from progress payments due subconsultants shall be promptly paid in full to subconsultants within 30 days after the subconsultant's work is satisfactorily completed. Federal law (49 CFR 26.29) requires that any delay or postponement of payment over the 30 days may take place only for good cause and with the County's prior written approval. Any violation of this provision shall subject the violating prime consultant or subconsultant to the penalties, sanctions and other remedies specified in Section 7108.5 of the Business and Professions Code. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to the prime consultant or subconsultant in the event of a dispute involving late payment or nonpayment by the prime consultant, deficient subconsultant performance, or noncompliance by a subconsultant. This provision applies to both DBE and non-DBE prime consultant and subconsultants.

14.16 Contingent Fee.

Consultant warrants, by execution of this contract that no person or selling agency has been employed, or retained, to solicit or secure this contract upon an agreement or understanding, for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees, or bona fide established commercial or selling agencies maintained by Consultant for the purpose of securing business. For breach or violation of this warranty, County has the right to annul this contract without liability; pay only for the value of the work actually performed, or in its discretion to deduct from the contract price or consideration, or otherwise recover the full amount of such

commission, percentage, brokerage, or contingent fee.

14.17 Inspection of Work.

Consultant and any subconsultant shall permit County, the state, and the FHWA if federal participating funds are used in this contract; to review and inspect the project activities and files at all reasonable times during the performance period of this contract including review and inspection on a daily basis.

14.18 Safety.

14.18.1 Consultant shall comply with OSHA regulations applicable to Consultant regarding necessary safety equipment or procedures. Consultant shall comply with safety instructions issued by County Safety Officer and other County representatives. Consultant personnel shall wear hard hats and safety vests at all times while working on the construction project site.

14.18.2 Pursuant to the authority contained in Section 591 of the Vehicle Code, County has determined that such areas are within the limits of the project and are open to public traffic. Consultant shall comply with all of the requirements set forth in Divisions 11, 12, 13, 14, and 15 of the Vehicle Code. Consultant shall take all reasonably necessary precautions for safe operation of its vehicles and the protection of the traveling public from injury and damage from such vehicles

14.18.3 Any subcontract entered into as a result of this contract, shall contain all of the provisions of this Article.

On-Call Cultural Resources Consulting Services

AGREEMENT FOR [CONSULTING/PROFESSIONAL] SERVICES

This agreement ("Agreement"), dated as of _____, 20__ (“Effective Date”) is by and between the County of Sonoma, a political subdivision of the State of California (hereinafter "County"), and Alta Archeological Consulting LLC (hereinafter "Consultant").

RECITALS

WHEREAS, Consultant represents that it is a duly qualified and licensed civil engineer, experienced in the preparation of Plans, Specifications and Estimates, and related services; and

WHEREAS, in the judgment of the County’s Department of Transportation & Public Works, it is necessary and desirable to employ the services of Consultant for On-Call Cultural Resources Consulting Services.

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual covenants contained herein, the parties hereto agree as follows:

AGREEMENT

I. Scope of Services.

1.1 Consultant's Specified Services.

Consultant shall perform the services, if any, described in the Request for Qualifications and as more particularly described in the applicable Task Order assigning the specific project, and within the times or by the dates provided for in , the applicable Task Order and pursuant to Article 7, Prosecution of Work.

1.2 Cooperation With County.

Consultant shall cooperate with County and County staff in the performance of all work hereunder.

1.3 Performance Standard.

Consultant shall perform all work hereunder in a manner consistent with the level of competency and standard of care normally observed by a person practicing in Consultant's profession. County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees to provide all services under this Agreement in accordance with generally accepted professional practices and standards of care, as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Contractor’s work by County shall not operate as a waiver or release. If County determines that any of Consultant's work is not in accordance with such level of competency and standard of care, County, in its sole discretion, shall have the right to do any or all of the following: (a) require

Consultant to meet with County to review the quality of the work and resolve matters of concern; (b) require Consultant to repeat the work at no additional charge until it is satisfactory; (c) terminate this Agreement pursuant to the provisions of Article 4; or (d) pursue any and all other remedies at law or in equity.

1.4 Assigned Personnel.

- 1.4.1 Consultant shall assign only competent personnel to perform work hereunder. In the event that at any time County, in its sole discretion, desires the removal of any person or persons assigned by Consultant to perform work hereunder, Consultant shall remove such person or persons immediately upon receiving written notice from County.
- 1.4.2 Any and all persons identified in this Agreement, any Exhibit or Attachment hereto, or any Task Order issued hereunder as the project manager, project team, or other professional performing work hereunder are deemed by County to be key personnel whose services were a material inducement to County to enter into this Agreement, and without whose services County would not have entered into this Agreement. Consultant shall not remove, replace, substitute, or otherwise change any key personnel without the prior written consent of County. With respect to performance under this Agreement, Consultant shall employ the following key personnel: Project Manager.
- 1.4.3 In the event that any of Consultant's personnel assigned to perform services under this Agreement become unavailable due to resignation, sickness or other factors outside of Consultant's control, Consultant shall be responsible for timely provision of adequately qualified replacements.

1.5 Consultant's Reports or Meetings.

- 1.5.1 Consultant shall submit progress reports on each specific project in accordance with the Task Order. These reports shall be submitted at least once a month. The report should be sufficiently detailed for County's Task Order Manager to determine, if Consultant is performing to expectations, or is on schedule; to provide communication of interim findings, and to sufficiently address any difficulties or special problems encountered, so remedies can be developed.
- 1.5.2 Consultant's Project Manager shall meet with County's Contract Administrator or Task Order Manager, as needed, to discuss progress on the project(s) or contract related issues.

2. Allowable Costs and Payments.

2.1 Method of payment.

Consultant will be reimbursed for hours worked at the hourly rates specified in Consultant's Cost Proposal (Attachment A). The specified hourly rates shall include direct salary costs, employee benefits, overhead, and fee. These rates are not adjustable for the performance period set forth in this Agreement.

In addition, Consultant will be reimbursed for incurred (actual) direct costs other than salary costs that are in the cost proposal and identified in the cost proposal and in the executed Task Order.

2.2 Task Orders.

- 2.2.1 Specific projects will be assigned to Consultant through issuance of Task Orders.
- 2.2.2 After a project to be performed under this Agreement is identified by County, County will prepare a draft Task Order; less the cost estimate. A draft Task Order will identify the scope of services, expected results, project deliverables, period of performance, project schedule and will designate a County's Task Order Manager. The draft Task Order will be delivered to Consultant for review. Consultant shall return the draft Task Order within ten (10) calendar days along with a Cost Estimate, including a written estimate of the number of hours and hourly rates per staff person, any anticipated reimbursable expenses, overhead, fee if any, and total dollar amount. After agreement has been reached on the negotiable items and total cost; the finalized Task Order shall be signed by both County and Consultant.
- 2.2.3 Task Orders may be negotiated for a lump sum (Firm Fixed Price) or for specific rates of compensation, both of which must be based on the labor and other rates set forth in Consultant's Cost Proposal.
- 2.2.4 Consultant shall not commence performance of work or services until this Agreement has been approved by County, and notification to proceed has been issued by County's Task Order Manager. No payment will be made prior to approval or for any work performed prior to approval of this Agreement.
- 2.2.5 A Task Order is of no force or effect until returned to County and signed by an authorized representative of County. No expenditures are authorized on a project and work shall not commence until a Task Order for that project has been executed by County.
- 2.2.6 The period of performance for Task Orders shall be in accordance with dates specified in the Task Order. No Task Order will be written which extends beyond the expiration date of this Agreement.
- 2.2.7 The total amount payable by County for an individual Task Order shall not exceed the amount agreed to in the Task Order, unless authorized by contract amendment.
- 2.2.8 If the Consultant fails to satisfactorily complete a deliverable according to the schedule set forth in a Task Order, no payment will be made until the deliverable has been satisfactorily completed.
- 2.2.9 Task Orders may not be used to amend this Agreement and may not exceed the scope of work under this Agreement

2.3 Transportation & Subsistence.

Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal.

2.4 Milestone Costs.

When milestone cost estimates are included in the approved Cost Proposal, Consultant shall obtain prior written approval for a revised milestone cost estimate from the County's Task Order Manager before exceeding such cost estimate.

2.5 Progress Payments.

Progress payments for each Task Order will be made monthly in arrears based on services provided and actual costs incurred.

2.6 [RESERVED]

2.7 Invoices.

2.7.1 Consultant will be reimbursed, as promptly as fiscal procedures will permit upon receipt by County's Contract Administrator of itemized invoices. Separate invoices itemizing all costs are required for all work performed under each Task Order. Invoices shall be submitted no later than 45 calendar days after the performance of work for which Consultant is billing, or upon completion of the Task Order. Invoices shall detail the work performed on each milestone, on each project as applicable. Invoices shall follow the format stipulated for the approved Cost Proposal and shall reference this Agreement number, project title and Task Order number. Credits due County that include any equipment purchased under the provisions of Article 13.13 Equipment Purchase of this Agreement, must be reimbursed by Consultant prior to the expiration or termination of this Agreement. Invoices shall be mailed to County's Contract Administrator at the following address:

David Cameron
2300 County Center Drive, Suite B-100
Santa Rosa, CA 95403

2.7.2 In addition to compliance with the requirements of this Article 2, including Article 2.7.1 above, Consultant shall submit its bills in arrears on a monthly basis in a form approved by County's Auditor and the Head of the County Department receiving the services. The bills shall show or include: (i) the task(s) performed; (ii) the time in quarter hours devoted to the task(s); (iii) the hourly rate or rates of the persons performing the task(s); and (iv) copies of receipts for reimbursable materials/expenses, if any. Expenses not expressly authorized by the Agreement shall not be reimbursed, including a copy of all invoices paid to subcontractors for work required included in the prime consultant's invoice. Consultant shall submit the Subcontractor Payment Declaration with each invoice.

2.7.3 Unless otherwise noted in this Agreement, payments shall be made within the normal course of County business after presentation of an invoice in a form approved by the County for services performed. Payments shall be made only upon the satisfactory completion of the services as determined by the County.

2.8 Contract Value/Not-to-Exceed Compensation.

The total amount payable by County for all Task Orders resulting from this Agreement shall not exceed \$750,000.00. It is understood and agreed that there is no guarantee, either expressed or implied that this dollar amount will be authorized under this Agreement through Task Orders.

2.9 Salary Increases.

Salary increases will be reimbursable if the new salary is within the salary range identified in the approved Cost Proposal and is approved by County's Contract Administrator.

For personnel subject to prevailing wage rates as described in the California Labor Code, all salary increases, which are the direct result of changes in the prevailing wage rates are reimbursable.

2.10 [RESERVED].

2.11 Taxes.

2.11.1 Consultant agrees to file federal and state tax returns and pay all applicable taxes on amounts paid pursuant to this Agreement and shall be solely liable and responsible to pay such taxes and other obligations, including, but not limited to, state and federal income and FICA taxes. Consultant agrees to indemnify and hold County harmless from any liability which it may incur to the United States or to the State of California as a consequence of Consultant's failure to pay, when due, all such taxes and obligations. In case County is audited for compliance regarding any withholding or other applicable taxes, Consultant agrees to furnish County with proof of payment of taxes on these earnings.

2.11.2 Pursuant to California Revenue and Taxation code (R&TC) Section 18662, the County shall withhold seven percent of the income paid to Consultant for services performed within the State of California under this agreement, for payment and reporting to the California Franchise Tax Board, if Consultant does not qualify as: (1) a corporation with its principal place of business in California, (2) an LLC or Partnership with a permanent place of business in California, (3) a corporation/LLC or Partnership qualified to do business in California by the Secretary of State, or (4) an individual with a permanent residence in the State of California.

If Consultant does not qualify, County requires that a completed and signed Form 587 be provided by the Consultant in order for payments to be made. If consultant is qualified, then the County requires a completed Form 590. Forms 587 and 590 remain valid for the duration of the Agreement provided there is no material change in facts. By signing either form, the contractor agrees to promptly notify the County of any changes in the facts. Forms should be sent to the County pursuant to Article 12. To reduce the amount withheld, Consultant has the option to provide County with either a full or partial waiver from the State of California.

3. Term of Agreement.

3.1 Term.

This contract shall go into effect on (_____) contingent upon approval by County, and Consultant shall commence work after notification to proceed by County's Contract Administrator. The contract shall end on (_____), unless extended by contract amendment.

3.2 Contract Execution.

Consultant is advised that any recommendation for contract award is not binding on County until the contract is fully executed and approved by County.

3.3 Task Order Term

The period of performance for each specific project shall be in accordance with the Task Order for that project. If work on a Task Order is in progress on the expiration date of this Agreement, the

terms of the Agreement shall be extended by contract amendment.

4. Termination

4.1. Notice Period.

County reserves the right to terminate this Agreement upon thirty (30) calendar days written notice to Consultant with the reasons for termination stated in the notice.

4.2 Grounds for Termination.

County may terminate this Agreement with Consultant should Consultant fail to perform the covenants herein contained at the time and in the manner herein provided. In the event of such termination, County may proceed with the work in any manner deemed proper by County. If County terminates this Agreement with Consultant, County shall pay Consultant the sum due to Consultant under this Agreement prior to termination, unless the cost of completion to County exceeds the funds remaining in the Agreement. In which case the overage shall be deducted from any sum due Consultant under this Agreement and the balance, if any, shall be paid to Consultant upon demand.

4.3 Liability.

The maximum amount for which the Government shall be liable if this Agreement is terminated is 975,000 dollars.

4.4 Authority to Terminate.

The Board of Supervisors has the authority to terminate this Agreement on behalf of the County. In addition, the Purchasing Agent or Department Head, in consultation with County Counsel, shall have the authority to terminate this Agreement on behalf of the County.

5. Indemnification.

Consultant agrees to accept all responsibility for loss or damage to any person or entity, including County, and to indemnify, hold harmless, and release County, its officers, agents, and employees, from and against any actions, claims, damages, liabilities, disabilities, or expenses, that may be asserted by any person or entity, including Consultant, that arise out of, pertain to, or relate to Consultant's or its agents', employees', contractors', subcontractors', or invitees' performance or obligations under this Agreement. Consultant agrees to provide a complete defense for any claim or action brought against County based upon a claim relating to such Consultant's or its agents', employees', contractors', subcontractors', or invitees' performance or obligations under this Agreement. Consultant's obligations under this Section apply whether or not there is concurrent or contributory negligence on County's part, but to the extent required by law, excluding liability due to County's conduct. County shall have the right to select its legal counsel at Consultant's expense, subject to Consultant's approval, which shall not be unreasonably withheld. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for Consultant or its agents under workers' compensation acts, disability benefits acts, or other employee benefit acts.

6. Insurance.

With respect to performance of work under this Agreement, Consultant shall maintain and shall require all of its subcontractors, consultants, and other agents to maintain, insurance as described in Attachment

B, which is attached hereto and incorporated herein by this reference.

7. Prosecution of Work.

The execution of this Agreement shall constitute Consultant's authority to proceed immediately with the performance of this Agreement. Performance of the services hereunder shall be completed within the time required herein, provided, however, that if the performance is delayed by earthquake, flood, high water, or other Act of God or by strike, lockout, or similar labor disturbances, the time for Consultant's performance of this Agreement shall be extended by a number of days equal to the number of days Consultant has been delayed.

8. Extra or Changed Work.

Extra or changed work or other changes to the Agreement may be authorized only by written amendment to this Agreement, signed by both parties. Minor changes, which do not increase the amount paid under the Agreement, and which do not significantly change the scope of work or significantly lengthen time schedules may be executed by the Department Head in a form approved by County Counsel. The Board of Supervisors/Purchasing Agent must authorize all other extra or changed work. The parties expressly recognize that, pursuant to Sonoma County Code Section 1-11, County personnel are without authorization to order extra or changed work or waive Agreement requirements. Failure of Consultant to secure such written authorization for extra or changed work shall constitute a waiver of any and all right to adjustment in the Agreement price or Agreement time due to such unauthorized work and thereafter Consultant shall be entitled to no compensation whatsoever for the performance of such work. Consultant further expressly waives any and all right or remedy by way of restitution and quantum meruit for any and all extra work performed without such express and prior written authorization of the County.

9. Representations of Consultant.

9.1 Standard of Care.

County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees that all its work will be performed and that its operations shall be conducted in accordance with generally accepted and applicable professional practices and standards as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Consultant's work by County shall not operate as a waiver or release.

9.2 Status of Consultant.

The parties intend that Consultant, in performing the services specified herein, shall act as an independent contractor and shall control the work and the manner in which it is performed. Consultant is not to be considered an agent or employee of County and is not entitled to participate in any pension plan, worker's compensation plan, insurance, bonus, or similar benefits County provides its employees. In the event County exercises its right to terminate this Agreement pursuant to Article 4, above, Consultant expressly agrees that it shall have no recourse or right of appeal under rules, regulations, ordinances, or laws applicable to employees.

9.3 No Suspension or Debarment.

Consultant's signature affixed herein, shall constitute a certification under penalty of perjury under

the laws of the State of California, that Consultant has complied with Title 2 CFR, Part 180, “OMB Guidelines to Agencies on Government wide Debarment and Suspension (nonprocurement)”, which certifies that he/she or any person associated therewith in the capacity of owner, partner, director, officer, or manager, is not currently under suspension, debarment, voluntary exclusion, or determination of ineligibility by any federal agency; has not been suspended, debarred, voluntarily excluded, or determined ineligible by any federal agency within the past three (3) years; does not have a proposed debarment pending; and has not been indicted, convicted, or had a civil judgment rendered against it by a court of competent jurisdiction in any matter involving fraud or official misconduct within the past three (3) years. Any exceptions to this certification must be disclosed to County.

Exceptions will not necessarily result in denial of recommendation for award, but will be considered in determining Consultant responsibility. Disclosures must indicate to whom exceptions apply, initiating agency, and dates of action.

Exceptions to the Federal Government Excluded Parties List System maintained by the General Services Administration are to be determined by the Federal highway Administration.

9.4 [RESERVED].

9.5 Records Maintenance.

In addition to other record retention and audit requirements set forth elsewhere in this Agreement, Consultant shall keep and maintain full and complete documentation and accounting records concerning all services performed that are compensable under this Agreement and shall make such documents and records available to County for inspection at any reasonable time. Consultant shall maintain such records for a period of four (4) years following completion of work hereunder.

9.6 Conflict of Interest.

- 9.6.1 Consultant shall disclose any financial, business, or other relationship with County that may have an impact upon the outcome of this contract, or any ensuing County construction project. Consultant shall also list current clients who may have a financial interest in the outcome of this contract, or any ensuing County construction project, which will follow.
- 9.6.2 Consultant hereby certifies that it does not now have, nor shall it acquire any financial or business interest that would conflict with the performance of services under this contract.
- 9.6.3 Consultant hereby certifies that neither Consultant, nor any firm affiliated with Consultant will bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting from this contract. An affiliated firm is one, which is subject to the control of the same persons through joint-ownership, or otherwise.
- 9.6.4 Except for subconsultants whose services are limited to providing surveying or materials testing information, no subconsultant who has provided design services in connection with this contract shall be eligible to bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting

from this contract.

9.7 Statutory Compliance.

Contractor agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly agrees, on behalf of itself and on behalf of all its agents, employees, subconsultants, and subcontractors, to comply with the federal contract requirements set forth in Article 13 herein.

9.8 Living Wage Ordinance.

9.8.1 Consultant agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies, including but not limited to the County of Sonoma Living Wage Ordinance, applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly acknowledges and agrees that this Agreement is subject to the provisions of Article XXVI of Chapter 2 of the Sonoma County Code, requiring payment of a living wage to covered employees. Noncompliance during the term of the Agreement will be considered a material breach and may result in termination of the Agreement or pursuit of other legal or administrative remedies.

9.8.2 Notwithstanding the requirement of section 9.8.1 that Consultant comply with the County of Sonoma Living Wage Ordinance (Sonoma County Code Chapter 2, Article XXVI), none of the Living Wage Ordinances local preference requirements shall be used to select or otherwise apply to Consultant.

9.9 Nondiscrimination.

Without limiting any other provision hereunder, Consultant shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination in employment because of race, color, ancestry, national origin, religion, sex, marital status, age, medical condition, pregnancy, disability, sexual orientation or other prohibited basis, including without limitation, the County's Non-Discrimination Policy. All nondiscrimination rules or regulations required by law to be included in this Agreement are incorporated herein by this reference.

9.10 Statement of Compliance.

9.10.1 Consultant's signature affixed herein, and dated, shall constitute a certification under penalty of perjury under the laws of the State of California that Consultant has, unless exempt, complied with, the nondiscrimination program requirements of Government Code Section 12990 and Title 2, California Administrative Code, Section 8103.

9.10.2 During the performance of this Contract, Consultant and its subconsultants shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, physical disability (including HIV and AIDS), mental disability, medical condition (e.g., cancer), age (over 40), marital status, and denial of family care leave. Consultant and subconsultants shall insure that the evaluation and treatment of their employees and

applicants for employment are free from such discrimination and harassment. Consultant and subconsultants shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code §12990 (a-f) et seq.) and the applicable regulations promulgated there under (California Code of Regulations, Title 2, Section 7285 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations, are incorporated into this Contract by reference and made a part hereof as if set forth in full. Consultant and its subconsultants shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.

- 9.10.3 The Consultant shall comply with regulations relative to Title VI (nondiscrimination in federally-assisted programs of the Department of Transportation – Title 49 Code of Federal Regulations, Part 21 - Effectuation of Title VI of the 1964 Civil Rights Act). Title VI provides that the recipients of federal assistance will implement and maintain a policy of nondiscrimination in which no person in the state of California shall, on the basis of race, color, national origin, religion, sex, age, disability, be excluded from participation in, denied the benefits of or subject to discrimination under any program or activity by the recipients of federal assistance or their assignees and successors in interest.
- 9.10.4 The Consultant, with regard to the work performed by it during the Agreement shall act in accordance with Title VI. Specifically, the Consultant shall not discriminate on the basis of race, color, national origin, religion, sex, age, or disability in the selection and retention of Subconsultants, including procurement of materials and leases of equipment. The Consultant shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the U.S. DOT's Regulations, including employment practices when the Agreement covers a program whose goal is employment.

9.11 AIDS Discrimination.

Consultant agrees to comply with the provisions of Chapter 19, Article II, of the Sonoma County Code prohibiting discrimination in housing, employment, and services because of AIDS or HIV infection during the term of this Agreement and any extensions of the term.

9.12 Assignment of Rights.

Consultant assigns to County all rights throughout the world in perpetuity in the nature of copyright, trademark, patent, right to ideas, in and to all versions of the plans and specifications, if any, now or later prepared by Consultant in connection with this Agreement. Consultant agrees to take such actions as are necessary to protect the rights assigned to County in this Agreement, and to refrain from taking any action which would impair those rights. Consultant's responsibilities under this provision include, but are not limited to, placing proper notice of copyright on all versions of the plans and specifications as County may direct, and refraining from disclosing any versions of the plans and specifications to any third party without first obtaining written permission of County.

Consultant shall not use or permit another to use the plans and specifications in connection with this or any other project without first obtaining written permission of County.

9.13 Ownership and Disclosure of Work Product.

All reports, original drawings, graphics, plans, studies, and other data or documents (“documents”), in whatever form or format, assembled or prepared by Consultant or Consultant’s subcontractors, consultants, and other agents in connection with this Agreement shall be the property of County. County shall be entitled to immediate possession of such documents upon completion of the work pursuant to this Agreement. Upon expiration or termination of this Agreement, Consultant shall promptly deliver to County all such documents, which have not already been provided to County in such form or format, as County deems appropriate. Such documents shall be and will remain the property of County without restriction or limitation. Consultant may retain copies of the above-described documents but agrees not to disclose or discuss any information gathered, discovered, or generated in any way through this Agreement without the express written permission of County.

9.14 Authority.

The undersigned hereby represents and warrants that he or she has authority to execute and deliver this Agreement on behalf of Consultant.

10. Demand for Assurance.

Each party to this Agreement undertakes the obligation that the other's expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arise with respect to the performance of either party, the other may in writing demand adequate assurance of due performance and until such assurance is received may, if commercially reasonable, suspend any performance for which the agreed return has not been received. "Commercially reasonable" includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding thirty (30) days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance. Nothing in this Article limits County’s right to terminate this Agreement pursuant to Article 4.

11. Assignment and Delegation.

Neither party hereto shall assign, delegate, sublet, or transfer any interest in or duty under this Agreement without the prior written consent of the other, and no such transfer shall be of any force or effect whatsoever unless and until the other party shall have so consented.

12. Method and Place of Giving Notice, Submitting Bills and Making Payments.

All notices, bills, and payments shall be made in writing and shall be given by personal delivery or by U.S. Mail or courier service. Notices, bills, and payments shall be addressed as follows:

To County:

When a notice, bill or payment is given by a generally recognized overnight courier service, the notice, bill or payment shall be deemed received on the next business day. When a copy of a notice, bill or payment is sent by facsimile or email, the notice, bill or payment shall be deemed received upon transmission as long as (1) the original copy of the notice, bill or payment is promptly deposited in the U.S. mail and postmarked on the date of the facsimile or email (for a payment, on or before the due date), (2) the sender has a written confirmation of the facsimile transmission or email, and (3) the facsimile or email is transmitted before 5 p.m. (recipient's time). In all other instances, notices, bills and payments shall be effective upon receipt by the recipient. Changes may be made in the names and addresses of the person to whom notices are to be given by giving notice pursuant to this paragraph.

13. Federal Requirements.

13.1 Contract Assurance.

The consultant, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The consultant shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted agreements. Failure by the consultant to carry out these requirements is a material breach of this agreement, which may result in the termination of this agreement or such other remedy as the recipient deems appropriate, which may include, but is not limited to: (1) Withholding monthly progress payments; (2) Assessing sanctions; (3) Liquidated damages; and/or (4) Disqualifying the contractor from future bidding as non-responsible.

13.2 Prompt Progress Payments to Subcontractors.

Attention is directed to Section 7108.5 of the California Business and Professions Code, which requires a prime contractor or subcontractor to pay any subcontractor not later than ten (10) days of receipt of each progress payment, unless otherwise agreed to in writing. In addition, federal regulations (Title 49 Code of Federal Regulations Part 26.29) require a prime contractor or subcontractor to pay a subcontractor no later than thirty (30) days of receipt of each payment, unless any delay or postponement of payment among the parties takes place only for good cause and with the prior written approval of County. Section 7108.5 of the California Business and Professions Code also contains enforcement actions and penalties. The requirements apply to both Disadvantaged Business Entities ("DBE") and non-DBE subcontractors. Consultant shall include the foregoing progress payment requirements in every subcontract entered into by Consultant in the performance of its obligations under this Agreement

13.3 Prompt Payment of Withheld Funds to Subcontractors.

No retainage will be held by the County from progress payments due the prime consultant. Any retainage held by the prime consultant or subconsultants from progress payments due subconsultants shall be promptly paid in full to subconsultants within 30 days after the subconsultant's work is satisfactorily completed. Federal law (49 CFR 26.29) requires that any delay or postponement of payment over the 30 days may take place only for good cause and with the Agency's prior written approval. Any violation of this provision shall subject the violating prime consultant or subconsultant to the penalties, sanctions and other remedies specified in Section 7108.5 of the Business and Professions Code. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to the prime consultant or subconsultant in the event of a dispute involving late payment or nonpayment by the prime consultant, deficient subconsultant performance, or noncompliance by a subconsultant. This provision applies to both DBE and non-DBE prime consultant and subconsultants.

13.4 Disadvantaged Business Enterprise (DBE) Participation.

- 13.4.1 This contract is subject to 49 CFR, Part 26 entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs". Consultants who obtain DBE participation on this contract will assist Caltrans in meeting its federally mandated statewide overall DBE goal.
- 13.4.2 A DBE participation goal will be established for each Task Order. Participation by DBE consultant or subconsultants shall be in accordance with information contained in the Consultant Proposal DBE Commitment (Exhibit 10-O1), or in the Consultant Contract DBE Information (Exhibit 10-O2) attached hereto and incorporated as part of the Contract. If a DBE subconsultant is unable to perform, Consultant must make a good faith effort to replace him/her with another DBE subconsultant, if the goal is not otherwise met.
- 13.4.3 DBEs and other small businesses, as defined in 49 CFR, Part 26 are encouraged to participate in the performance of contracts financed in whole or in part with federal funds. Consultant or subconsultant shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. Consultant shall carry out applicable requirements of 49 CFR, Part 26 in the award and administration of US DOT-assisted agreements. Failure by Consultant to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as County deems appropriate.
- 13.4.4 Any subcontract entered into as a result of this contract shall contain all of the provisions of this section.
- 13.4.5 A DBE firm may be terminated only with prior written approval from County and only for the reasons specified in 49 CFR 26.53(f). Prior to requesting County consent for the termination, Consultant must meet the procedural requirements specified in 49 CFR 26.53(f).
- 13.4.6 A DBE performs a Commercially Useful Function (CUF) when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a CUF, the DBE must also be responsible with respect to materials and supplies used

on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a CUF, evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the, contract is commensurate with the work it is actually performing, and other relevant factors.

- 13.4.7 A DBE does not perform a CUF if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, examine similar transactions, particularly those in which DBEs do not participate.
- 13.4.8 If a DBE does not perform or exercise responsibility for at least thirty percent (30%) of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of the contract than would be expected on the basis of normal industry practice for the type of work involved, it will be presumed that it is not performing a CUF.
- 13.4.9 Consultant shall maintain records of materials purchased or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE or vendor and the total dollar amount actually paid each DBE or vendor, regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE prime consultants shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.
- 13.4.10 Upon completion of the Contract, a summary of these records shall be prepared and submitted on the form entitled, "Final Report-Utilization of Disadvantaged Business Enterprise (DBE), First-Tier Subconsultants" CEM-2402F [Exhibit 17-F, of the LAPM], certified correct by Consultant or Consultant's authorized representative and shall be furnished to the Contract Administrator with the final invoice. Failure to provide the summary of DBE payments with the final invoice will result in twenty-five percent (25%) of the dollar value of the invoice being withheld from payment until the form is submitted. The amount will be returned to Consultant when a satisfactory "Final Report-Utilization of Disadvantaged Business Enterprises (DBE), First-Tier Subconsultants" is submitted to the Contract Administrator.
- 13.4.11 If a DBE subconsultant is decertified during the life of the contract, the decertified subconsultant shall notify Consultant in writing with the date of decertification. If a subconsultant becomes a certified DBE during the life of the Contract, the subconsultant shall notify Consultant in writing with the date of certification. Any changes should be reported to County's Contract Administrator within 30 days.

13.5 Prevailing Wage.

- 13.5.1 Consultant shall comply with the State of California's General Prevailing Wage Rate requirements in accordance with California Labor Code, Section 1770, and all Federal, State, and local laws and ordinances applicable to the work.

13.5.2 Any subcontract entered into as a result of this contract, if for more than \$25,000 for public works construction or more than \$15,000 for the alteration, demolition, repair, or maintenance of public works, shall contain all of the provisions of this Article, unless the awarding agency has an approved labor compliance program by the Director of Industrial Relations.

13.5.3 When prevailing wages apply to the services described in the scope of work, transportation and subsistence costs shall be reimbursed at the minimum rates set by the Department of Industrial Relations (DIR) as outlined in the applicable Prevailing Wage Determination. See <http://www.dir.ca.gov>.

Note: The Federal “Payment of Predetermined Minimum Wage” applies only to federal-aid construction contracts.

13.6 Text Messaging While Driving.

In accordance with Executive Order 13513, Federal Leadership on Reducing Text Messaging While Driving, and Department of Transportation Order 3902.10, Text Messaging While Driving, text messaging while driving is prohibited in the performance of any duties included in this agreement for both consultant and any sub-consultants hired for performance of duties under this Agreement. Consultant shall include a provision prohibiting texting while driving in all sub-consultant agreements entered into related to the performance of its obligations under this Agreement.

Definitions. The following definitions are to be used in conjunction with this section. “Driving”:

- 1) Means operating a motor vehicle on a roadway, including while temporarily stationary because of traffic, a traffic light, stop sign, or otherwise.
- 2) It does not include being in your vehicle (with or without the motor running) in a location off the roadway where it is safe and legal to remain stationary.

“Text Messaging” means reading from or entering data into any handheld or other electronic device, including for the purpose of short message service texting, e-mailing, instant messaging, obtaining navigational information, or engaging in any other form of electronic data retrieval or electronic data communication.

13.7 Buy America.

Furnish Steel and iron materials to be incorporated into the work with certificates of compliance. Steel and iron materials must be produced in the U.S. except:

- 1) Foreign pig iron and processed, pelletized, and reduced iron ore may be used in the domestic production of the steel and iron materials [60 Fed Reg 15478(3/24/1995)];
- 2) If the total combine cost of the materials does not exceed the great of 0.1 percent of the total bid or \$2,500, materials produced outside the U. S. may be used.

Production includes:

- 1) Processing steel and iron materials, including smelting or other processes that alter the physical form or shape (such as rolling, extruding, machining, bending, grinding, and drilling) or chemical composition;
- 2) Coating application, including epoxy coating, galvanizing, and painting, that protects or enhances the value of steel and iron materials.

13.8 Prohibition of Expending Local Agency, State or Federal funds for Lobbying.

13.8.1 Consultant certifies to the best of his or her knowledge and belief that:

- 1) No state, federal or County appropriated funds have been paid, or will be paid by- or-on behalf of Consultant to any person for influencing or attempting to influence an officer or employee of any state or federal agency; a Member of the State Legislature or United States Congress; an officer or employee of the Legislature or Congress; or any employee of a Member of the Legislature or Congress, in connection with the awarding of any state or federal contract; the making of any state or federal grant; the making of any state or federal loan; the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any state or federal contract, grant, loan, or cooperative agreement.
- 2) If any funds other than federal appropriated funds have been paid, or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency; a Member of Congress; an officer or employee of Congress, or an employee of a Member of Congress; in connection with this federal contract, grant, loan, or cooperative agreement; Consultant shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.

13.8.2 This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

13.8.3 Consultant also agrees by signing this document that he or she shall require that the language of this certification be included in all lower-tier subcontracts, which exceed \$100,000 and that all such sub recipients shall certify and disclose accordingly.

13.9 Cost Principles and Administrative Requirements.

13.9.1 Consultant agrees that the Contract Cost Principles and Procedures, 48 CFR, Federal Acquisition Regulations System, Chapter 1, Part 31.000 *et seq.*, shall be used to determine the cost allowability of individual items.

13.9.2 Consultant also agrees to comply with federal procedures in accordance with 2 CFR, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

- 13.9.3 Any costs for which payment has been made to CONSULTANT that are determined by subsequent audit to be unallowable under 2 CFR, Part 200 and 48 CFR, Federal Acquisition Regulations System, Chapter 1, Part 31.000 *et seq.*, are subject to repayment by Consultant to County.

13.10 Retention of Records/Audit.

For the purpose of determining compliance with Public Contract Code 10115, *et seq.* and Title 21, California Code of Regulations, Chapter 21, Section 2500 *et seq.*, when applicable and other matters connected with the performance of the contract pursuant to Government Code 8546.7; Consultant, subconsultants, and County shall maintain and make available for inspection all books, documents, papers, accounting records, and other evidence pertaining to the performance of the contract, including but not limited to, the costs of administering the contract. All parties shall make such materials available at their respective offices at all reasonable times during the contract period and for three years from the date of final payment under the contract. The state, State Auditor, County, FHWA, or any duly authorized representative of the Federal Government shall have access to any books, records, and documents of Consultant and its certified public accountants (CPA) work papers that are pertinent to the contract and indirect cost rates (ICR) for audit, examinations, excerpts, and transactions, and copies thereof shall be furnished if requested.

13.11 Audit Review Procedures.

- 13.11.1 Any dispute concerning a question of fact arising under an interim or post audit of this contract that is not disposed of by agreement, shall be reviewed by County's Chief Financial Officer.
- 13.11.2 Not later than 30 days after issuance of the final audit report, Consultant may request a review by County's Chief Financial Officer of unresolved audit issues. The request for review will be submitted in writing.
- 13.11.3 Neither the pendency of a dispute nor its consideration by County will excuse Consultant from full and timely performance, in accordance with the terms of this contract.
- 13.11.4 Consultant and subconsultant contracts, including cost proposals and ICR, are subject to audits or reviews such as, but not limited to, a contract audit, an incurred cost audit, an ICR Audit, or a CPA ICR audit work paper review. If selected for audit or review, the contract, cost proposal and ICR and related work papers, if applicable, will be reviewed to verify compliance with 48 CFR, Part 31 and other related laws and regulations. In the instances of a CPA ICR audit work paper review it is Consultant's responsibility to ensure federal, state, or local government officials are allowed full access to the CPA's work papers including making copies as necessary. The contract, cost proposal, and ICR shall be adjusted by Consultant and approved by County contract manager to conform to the audit or review recommendations. Consultant agrees that individual terms of costs identified in the audit report shall be incorporated into the contract by this reference if directed by County at its sole discretion. Refusal by Consultant to incorporate audit or review recommendations, or to ensure that the federal, state or local governments have access to CPA work papers, will be considered a breach of contract terms and cause for termination of the contract and disallowance

of prior reimbursed costs.

13.12 Subcontracting.

- 13.12.1 Nothing contained in this contract or otherwise, shall create any contractual relation between County and any subconsultant(s), and no subcontract shall relieve Consultant of its responsibilities and obligations hereunder. Consultant agrees to be as fully responsible to County for the acts and omissions of its subconsultant(s) and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by Consultant. CONSULTANT's obligation to pay its subconsultant(s) is an independent obligation from County's obligation to make payments to the Consultant.
- 13.12.2 Consultant shall perform the work contemplated with resources available within its own organization and no portion of the work pertinent to this contract shall be subcontracted without written authorization by County's Contract Administrator, except that, which is expressly identified in the approved Cost Proposal.
- 13.12.3 Consultant shall pay its subconsultants within ten (10) calendar days from receipt of each payment made to Consultant by County.
- 13.12.4 All subcontracts entered into as a result of this contract shall contain all the provisions stipulated in this contract to be applicable to subconsultants.
- 13.12.5 Any substitution of subconsultant(s) must be approved in writing by County's Contract Administrator prior to the start of work by the subconsultant(s).

13.13 Equipment Purchase.

- 13.13.1 Prior authorization in writing, by County's Contract Administrator shall be required before Consultant enters into any unbudgeted purchase order, or subcontract exceeding \$5,000 for supplies, equipment, or Consultant services. Consultant shall provide an evaluation of the necessity or desirability of incurring such costs.
- 13.13.2 For purchase of any item, service or consulting work not covered in Consultant's Cost Proposal and exceeding \$5,000 prior authorization by County's Contract Administrator; three competitive quotations must be submitted with the request, or the absence of bidding must be adequately justified.
- 13.13.3 Any equipment purchased as a result of this contract is subject to the following: "Consultant shall maintain an inventory of all nonexpendable property. Nonexpendable property is defined as having a useful life of at least two years and an acquisition cost of \$5,000 or more. If the purchased equipment needs replacement and is sold or traded in, County shall receive a proper refund or credit at the conclusion of the contract, or if the contract is terminated, Consultant may either keep the equipment and credit County in an amount equal to its fair market value, or sell such equipment at the best price obtainable at a public or private sale, in accordance with established County procedures; and credit County in an amount equal to the sales price. If Consultant elects to keep the equipment, fair market value shall be determined at Consultant expense, on the basis of a competent independent appraisal of such equipment. Appraisals shall be obtained from an appraiser mutually agreeable to by County and Consultant, if it is determined to sell

the equipment, the terms and conditions of such sale must be approved in advance by County.” 49 CFR, Part 18 requires a credit to Federal funds when participating equipment with a fair market value greater than \$5,000 is credited to the project.

14. Miscellaneous Provisions.

14.1 No Waiver of Breach.

The waiver by County of any breach of any term or promise contained in this Agreement shall not be deemed to be a waiver of such term or provision or any subsequent breach of the same or any other term or promise contained in this Agreement.

14.2 Construction.

To the fullest extent allowed by law, the provisions of this Agreement shall be construed and given effect in a manner that avoids any violation of statute, ordinance, regulation, or law. The parties covenant and agree that in the event that any provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated thereby. Consultant and County acknowledge that they have each contributed to the making of this Agreement and that, in the event of a dispute over the interpretation of this Agreement, the language of the Agreement will not be construed against one party in favor of the other. Consultant and County acknowledge that they have each had an adequate opportunity to consult with counsel in the negotiation and preparation of this Agreement.

14.3 Consent.

Wherever in this Agreement the consent or approval of one party is required to an act of the other party, such consent or approval shall not be unreasonably withheld or delayed.

14.4 No Third Party Beneficiaries.

Nothing contained in this Agreement shall be construed to create and the parties do not intend to create any rights in third parties.

14.5 Applicable Law and Forum.

This Agreement shall be construed and interpreted according to the substantive law of California, regardless of the law of conflicts to the contrary in any jurisdiction. Any action to enforce the terms of this Agreement or for the breach thereof shall be brought and tried in Santa Rosa or the forum nearest to the city of Santa Rosa, in the County of Sonoma.

14.6 Captions.

The captions in this Agreement are solely for convenience of reference. They are not a part of this Agreement and shall have no effect on its construction or interpretation.

14.7 Merger.

This writing is intended both as the final expression of the Agreement between the parties hereto with respect to the included terms and as a complete and exclusive statement of the terms of the Agreement, pursuant to Code of Civil Procedure Section 1856. No modification of this Agreement shall be effective unless and until such modification is evidenced by a writing signed

by both parties.

14.8 Survival of Terms.

All express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

14.9 Time of Essence.

Time is and shall be of the essence of this Agreement and every provision hereof.

14.10 Rebates, Kickback or Other Unlawful Consideration.

Consultant warrants that this contract was not obtained or secured through rebates kickbacks or other unlawful consideration, either promised or paid to any County employee. For breach or violation of this warranty, County shall have the right in its discretion; to terminate the contract without liability; to pay only for the value of the work actually performed; or to deduct from the contract price; or otherwise recover the full amount of such rebate, kickback or other unlawful consideration.

14.11 Funding Requirements.

14.11.1 It is mutually understood between the parties that this contract may have been written before ascertaining the availability of funds or appropriation of funds, for the mutual benefit of both parties, in order to avoid program and fiscal delays that would occur if the contract were executed after that determination was made.

14.11.2 This contract is valid and enforceable only, if sufficient funds are made available to County for the purpose of this contract. In addition, this contract is subject to any additional restrictions, limitations, conditions, or any statute enacted by the Congress, State Legislature, or County Board of Supervisors that may affect the provisions, terms, or funding of this contract in any manner.

14.11.3 It is mutually agreed that if sufficient funds are not appropriated, this contract may be amended to reflect any reduction in funds.

14.11.4 County has the option to void the contract under the 30-day termination clause pursuant to Article 4, or by mutual agreement to amend the contract to reflect any reduction of funds.

14.12 Evaluation of Consultant.

Consultant's performance will be evaluated by County. A copy of the evaluation will be sent to Consultant for comments. The evaluation together with the comments shall be retained as part of the contract record.

14.13 Claims Filed by County's Construction Contractor.

14.13.1 If claims are filed by County's construction contractor relating to work performed by Consultant's personnel, and additional information or assistance from Consultant's personnel is required in order to evaluate or defend against such claims; Consultant agrees to make its personnel available for consultation with County's construction contract administration and legal staff and for testimony, if necessary, at depositions and

at trial or arbitration proceedings.

- 14.13.2 Consultant's personnel that County considers essential to assist in defending against construction contractor claims will be made available on reasonable notice from County. Consultation or testimony will be reimbursed at the same rates, including travel costs that are being paid for Consultant's personnel services under this contract.
- 14.13.3 Services of Consultant's personnel in connection with County's construction contractor claims will be performed pursuant to a written contract amendment, if necessary, extending the termination date of this contract in order to resolve the construction claims.
- 14.13.4 Any subcontract in excess of \$25,000 entered into as a result of this contract, shall contain all of the provisions of this Article.

14.14 National Labor Relations Board Certification.

In accordance with Public Contract Code Section 10296, Consultant hereby states under penalty of perjury that no more than one final unappealable finding of contempt of court by a federal court has been issued against Consultant within the immediately preceding two-year period, because of Consultant's failure to comply with an order of a federal court that orders Consultant to comply with an order of the National Labor Relations Board.

14.15 Retention of Funds.

- 14.15.1 Any subcontract entered into as a result of this Contract shall contain all of the provisions of this section.
- 14.15.2 No retainage will be held by the County from progress payments due the prime consultant. Any retainage held by the prime consultant or subconsultants from progress payments due subconsultants shall be promptly paid in full to subconsultants within 30 days after the subconsultant's work is satisfactorily completed. Federal law (49 CFR 26.29) requires that any delay or postponement of payment over the 30 days may take place only for good cause and with the County's prior written approval. Any violation of this provision shall subject the violating prime consultant or subconsultant to the penalties, sanctions and other remedies specified in Section 7108.5 of the Business and Professions Code. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to the prime consultant or subconsultant in the event of a dispute involving late payment or nonpayment by the prime consultant, deficient subconsultant performance, or noncompliance by a subconsultant. This provision applies to both DBE and non-DBE prime consultant and subconsultants.

14.16 Contingent Fee.

Consultant warrants, by execution of this contract that no person or selling agency has been employed, or retained, to solicit or secure this contract upon an agreement or understanding, for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees, or bona fide established commercial or selling agencies maintained by Consultant for the purpose of securing business. For breach or violation of this warranty, County has the right to annul this contract without liability; pay only for the value of the work actually performed, or in its discretion to deduct from the contract price or consideration, or otherwise recover the full amount of such

commission, percentage, brokerage, or contingent fee.

14.17 Inspection of Work.

Consultant and any subconsultant shall permit County, the state, and the FHWA if federal participating funds are used in this contract; to review and inspect the project activities and files at all reasonable times during the performance period of this contract including review and inspection on a daily basis.

14.18 Safety.

14.18.1 Consultant shall comply with OSHA regulations applicable to Consultant regarding necessary safety equipment or procedures. Consultant shall comply with safety instructions issued by County Safety Officer and other County representatives. Consultant personnel shall wear hard hats and safety vests at all times while working on the construction project site.

14.18.2 Pursuant to the authority contained in Section 591 of the Vehicle Code, County has determined that such areas are within the limits of the project and are open to public traffic. Consultant shall comply with all of the requirements set forth in Divisions 11, 12, 13, 14, and 15 of the Vehicle Code. Consultant shall take all reasonably necessary precautions for safe operation of its vehicles and the protection of the traveling public from injury and damage from such vehicles

14.18.3 Any subcontract entered into as a result of this contract, shall contain all of the provisions of this Article.

AGREEMENT FOR [CONSULTING/PROFESSIONAL] SERVICES

This agreement ("Agreement"), dated as of _____, 20__ (“Effective Date”) is by and between the County of Sonoma, a political subdivision of the State of California (hereinafter "County"), and LSA Associates Inc. (hereinafter "Consultant").

RECITALS

WHEREAS, Consultant represents that it is a duly qualified and licensed civil engineer, experienced in the preparation of Plans, Specifications and Estimates, and related services; and

WHEREAS, in the judgment of the County’s Department of Transportation & Public Works, it is necessary and desirable to employ the services of Consultant for On-Call Cultural Resources Consulting Services.

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual covenants contained herein, the parties hereto agree as follows:

AGREEMENT

I. Scope of Services.

1.1 Consultant's Specified Services.

Consultant shall perform the services, if any, described in the Request for Qualifications and as more particularly described in the applicable Task Order assigning the specific project, and within the times or by the dates provided for in , the applicable Task Order and pursuant to Article 7, Prosecution of Work.

1.2 Cooperation With County.

Consultant shall cooperate with County and County staff in the performance of all work hereunder.

1.3 Performance Standard.

Consultant shall perform all work hereunder in a manner consistent with the level of competency and standard of care normally observed by a person practicing in Consultant's profession. County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees to provide all services under this Agreement in accordance with generally accepted professional practices and standards of care, as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Contractor’s work by County shall not operate as a waiver or release. If County determines that any of Consultant's work is not in accordance with such level of competency and standard of care, County, in its sole discretion, shall have the right to do any or all of the following: (a) require

Consultant to meet with County to review the quality of the work and resolve matters of concern; (b) require Consultant to repeat the work at no additional charge until it is satisfactory; (c) terminate this Agreement pursuant to the provisions of Article 4; or (d) pursue any and all other remedies at law or in equity.

1.4 Assigned Personnel.

- 1.4.1 Consultant shall assign only competent personnel to perform work hereunder. In the event that at any time County, in its sole discretion, desires the removal of any person or persons assigned by Consultant to perform work hereunder, Consultant shall remove such person or persons immediately upon receiving written notice from County.
- 1.4.2 Any and all persons identified in this Agreement, any Exhibit or Attachment hereto, or any Task Order issued hereunder as the project manager, project team, or other professional performing work hereunder are deemed by County to be key personnel whose services were a material inducement to County to enter into this Agreement, and without whose services County would not have entered into this Agreement. Consultant shall not remove, replace, substitute, or otherwise change any key personnel without the prior written consent of County. With respect to performance under this Agreement, Consultant shall employ the following key personnel: Project Manager.
- 1.4.3 In the event that any of Consultant's personnel assigned to perform services under this Agreement become unavailable due to resignation, sickness or other factors outside of Consultant's control, Consultant shall be responsible for timely provision of adequately qualified replacements.

1.5 Consultant's Reports or Meetings.

- 1.5.1 Consultant shall submit progress reports on each specific project in accordance with the Task Order. These reports shall be submitted at least once a month. The report should be sufficiently detailed for County's Task Order Manager to determine, if Consultant is performing to expectations, or is on schedule; to provide communication of interim findings, and to sufficiently address any difficulties or special problems encountered, so remedies can be developed.
- 1.5.2 Consultant's Project Manager shall meet with County's Contract Administrator or Task Order Manager, as needed, to discuss progress on the project(s) or contract related issues.

2. Allowable Costs and Payments.

2.1 Method of payment.

Consultant will be reimbursed for hours worked at the hourly rates specified in Consultant's Cost Proposal (Attachment A). The specified hourly rates shall include direct salary costs, employee benefits, overhead, and fee. These rates are not adjustable for the performance period set forth in this Agreement.

In addition, Consultant will be reimbursed for incurred (actual) direct costs other than salary costs that are in the cost proposal and identified in the cost proposal and in the executed Task Order.

2.2 Task Orders.

- 2.2.1 Specific projects will be assigned to Consultant through issuance of Task Orders.
- 2.2.2 After a project to be performed under this Agreement is identified by County, County will prepare a draft Task Order; less the cost estimate. A draft Task Order will identify the scope of services, expected results, project deliverables, period of performance, project schedule and will designate a County's Task Order Manager. The draft Task Order will be delivered to Consultant for review. Consultant shall return the draft Task Order within ten (10) calendar days along with a Cost Estimate, including a written estimate of the number of hours and hourly rates per staff person, any anticipated reimbursable expenses, overhead, fee if any, and total dollar amount. After agreement has been reached on the negotiable items and total cost; the finalized Task Order shall be signed by both County and Consultant.
- 2.2.3 Task Orders may be negotiated for a lump sum (Firm Fixed Price) or for specific rates of compensation, both of which must be based on the labor and other rates set forth in Consultant's Cost Proposal.
- 2.2.4 Consultant shall not commence performance of work or services until this Agreement has been approved by County, and notification to proceed has been issued by County's Task Order Manager. No payment will be made prior to approval or for any work performed prior to approval of this Agreement.
- 2.2.5 A Task Order is of no force or effect until returned to County and signed by an authorized representative of County. No expenditures are authorized on a project and work shall not commence until a Task Order for that project has been executed by County.
- 2.2.6 The period of performance for Task Orders shall be in accordance with dates specified in the Task Order. No Task Order will be written which extends beyond the expiration date of this Agreement.
- 2.2.7 The total amount payable by County for an individual Task Order shall not exceed the amount agreed to in the Task Order, unless authorized by contract amendment.
- 2.2.8 If the Consultant fails to satisfactorily complete a deliverable according to the schedule set forth in a Task Order, no payment will be made until the deliverable has been satisfactorily completed.
- 2.2.9 Task Orders may not be used to amend this Agreement and may not exceed the scope of work under this Agreement

2.3 Transportation & Subsistence.

Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal.

2.4 Milestone Costs.

When milestone cost estimates are included in the approved Cost Proposal, Consultant shall obtain prior written approval for a revised milestone cost estimate from the County's Task Order Manager before exceeding such cost estimate.

2.5 Progress Payments.

Progress payments for each Task Order will be made monthly in arrears based on services provided and actual costs incurred.

2.6 [RESERVED]

2.7 Invoices.

2.7.1 Consultant will be reimbursed, as promptly as fiscal procedures will permit upon receipt by County's Contract Administrator of itemized invoices. Separate invoices itemizing all costs are required for all work performed under each Task Order. Invoices shall be submitted no later than 45 calendar days after the performance of work for which Consultant is billing, or upon completion of the Task Order. Invoices shall detail the work performed on each milestone, on each project as applicable. Invoices shall follow the format stipulated for the approved Cost Proposal and shall reference this Agreement number, project title and Task Order number. Credits due County that include any equipment purchased under the provisions of Article 13.13 Equipment Purchase of this Agreement, must be reimbursed by Consultant prior to the expiration or termination of this Agreement. Invoices shall be mailed to County's Contract Administrator at the following address:

David Cameron
2300 County Center Drive, Suite B-100
Santa Rosa, CA 95403

2.7.2 In addition to compliance with the requirements of this Article 2, including Article 2.7.1 above, Consultant shall submit its bills in arrears on a monthly basis in a form approved by County's Auditor and the Head of the County Department receiving the services. The bills shall show or include: (i) the task(s) performed; (ii) the time in quarter hours devoted to the task(s); (iii) the hourly rate or rates of the persons performing the task(s); and (iv) copies of receipts for reimbursable materials/expenses, if any. Expenses not expressly authorized by the Agreement shall not be reimbursed, including a copy of all invoices paid to subcontractors for work required included in the prime consultant's invoice. Consultant shall submit the Subcontractor Payment Declaration with each invoice.

2.7.3 Unless otherwise noted in this Agreement, payments shall be made within the normal course of County business after presentation of an invoice in a form approved by the County for services performed. Payments shall be made only upon the satisfactory completion of the services as determined by the County.

2.8 Contract Value/Not-to-Exceed Compensation.

The total amount payable by County for all Task Orders resulting from this Agreement shall not exceed \$750,000.00. It is understood and agreed that there is no guarantee, either expressed or implied that this dollar amount will be authorized under this Agreement through Task Orders.

2.9 Salary Increases.

Salary increases will be reimbursable if the new salary is within the salary range identified in the approved Cost Proposal and is approved by County's Contract Administrator.

For personnel subject to prevailing wage rates as described in the California Labor Code, all salary increases, which are the direct result of changes in the prevailing wage rates are reimbursable.

2.10 [RESERVED].

2.11 Taxes.

2.11.1 Consultant agrees to file federal and state tax returns and pay all applicable taxes on amounts paid pursuant to this Agreement and shall be solely liable and responsible to pay such taxes and other obligations, including, but not limited to, state and federal income and FICA taxes. Consultant agrees to indemnify and hold County harmless from any liability which it may incur to the United States or to the State of California as a consequence of Consultant's failure to pay, when due, all such taxes and obligations. In case County is audited for compliance regarding any withholding or other applicable taxes, Consultant agrees to furnish County with proof of payment of taxes on these earnings.

2.11.2 Pursuant to California Revenue and Taxation code (R&TC) Section 18662, the County shall withhold seven percent of the income paid to Consultant for services performed within the State of California under this agreement, for payment and reporting to the California Franchise Tax Board, if Consultant does not qualify as: (1) a corporation with its principal place of business in California, (2) an LLC or Partnership with a permanent place of business in California, (3) a corporation/LLC or Partnership qualified to do business in California by the Secretary of State, or (4) an individual with a permanent residence in the State of California.

If Consultant does not qualify, County requires that a completed and signed Form 587 be provided by the Consultant in order for payments to be made. If consultant is qualified, then the County requires a completed Form 590. Forms 587 and 590 remain valid for the duration of the Agreement provided there is no material change in facts. By signing either form, the contractor agrees to promptly notify the County of any changes in the facts. Forms should be sent to the County pursuant to Article 12. To reduce the amount withheld, Consultant has the option to provide County with either a full or partial waiver from the State of California.

3. Term of Agreement.

3.1 Term.

This contract shall go into effect on (_____) contingent upon approval by County, and Consultant shall commence work after notification to proceed by County's Contract Administrator. The contract shall end on (_____), unless extended by contract amendment.

3.2 Contract Execution.

Consultant is advised that any recommendation for contract award is not binding on County until the contract is fully executed and approved by County.

3.3 Task Order Term

The period of performance for each specific project shall be in accordance with the Task Order for that project. If work on a Task Order is in progress on the expiration date of this Agreement, the

terms of the Agreement shall be extended by contract amendment.

4. Termination

4.1. Notice Period.

County reserves the right to terminate this Agreement upon thirty (30) calendar days written notice to Consultant with the reasons for termination stated in the notice.

4.2 Grounds for Termination.

County may terminate this Agreement with Consultant should Consultant fail to perform the covenants herein contained at the time and in the manner herein provided. In the event of such termination, County may proceed with the work in any manner deemed proper by County. If County terminates this Agreement with Consultant, County shall pay Consultant the sum due to Consultant under this Agreement prior to termination, unless the cost of completion to County exceeds the funds remaining in the Agreement. In which case the overage shall be deducted from any sum due Consultant under this Agreement and the balance, if any, shall be paid to Consultant upon demand.

4.3 Liability.

The maximum amount for which the Government shall be liable if this Agreement is terminated is 975,000 dollars.

4.4 Authority to Terminate.

The Board of Supervisors has the authority to terminate this Agreement on behalf of the County. In addition, the Purchasing Agent or Department Head, in consultation with County Counsel, shall have the authority to terminate this Agreement on behalf of the County.

5. Indemnification.

Consultant agrees to accept all responsibility for loss or damage to any person or entity, including County, and to indemnify, hold harmless, and release County, its officers, agents, and employees, from and against any actions, claims, damages, liabilities, disabilities, or expenses, that may be asserted by any person or entity, including Consultant, that arise out of, pertain to, or relate to Consultant's or its agents', employees', contractors', subcontractors', or invitees' performance or obligations under this Agreement. Consultant agrees to provide a complete defense for any claim or action brought against County based upon a claim relating to such Consultant's or its agents', employees', contractors', subcontractors', or invitees' performance or obligations under this Agreement. Consultant's obligations under this Section apply whether or not there is concurrent or contributory negligence on County's part, but to the extent required by law, excluding liability due to County's conduct. County shall have the right to select its legal counsel at Consultant's expense, subject to Consultant's approval, which shall not be unreasonably withheld. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for Consultant or its agents under workers' compensation acts, disability benefits acts, or other employee benefit acts.

6. Insurance.

With respect to performance of work under this Agreement, Consultant shall maintain and shall require all of its subcontractors, consultants, and other agents to maintain, insurance as described in Attachment

B, which is attached hereto and incorporated herein by this reference.

7. Prosecution of Work.

The execution of this Agreement shall constitute Consultant's authority to proceed immediately with the performance of this Agreement. Performance of the services hereunder shall be completed within the time required herein, provided, however, that if the performance is delayed by earthquake, flood, high water, or other Act of God or by strike, lockout, or similar labor disturbances, the time for Consultant's performance of this Agreement shall be extended by a number of days equal to the number of days Consultant has been delayed.

8. Extra or Changed Work.

Extra or changed work or other changes to the Agreement may be authorized only by written amendment to this Agreement, signed by both parties. Minor changes, which do not increase the amount paid under the Agreement, and which do not significantly change the scope of work or significantly lengthen time schedules may be executed by the Department Head in a form approved by County Counsel. The Board of Supervisors/Purchasing Agent must authorize all other extra or changed work. The parties expressly recognize that, pursuant to Sonoma County Code Section 1-11, County personnel are without authorization to order extra or changed work or waive Agreement requirements. Failure of Consultant to secure such written authorization for extra or changed work shall constitute a waiver of any and all right to adjustment in the Agreement price or Agreement time due to such unauthorized work and thereafter Consultant shall be entitled to no compensation whatsoever for the performance of such work. Consultant further expressly waives any and all right or remedy by way of restitution and quantum meruit for any and all extra work performed without such express and prior written authorization of the County.

9. Representations of Consultant.

9.1 Standard of Care.

County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees that all its work will be performed and that its operations shall be conducted in accordance with generally accepted and applicable professional practices and standards as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Consultant's work by County shall not operate as a waiver or release.

9.2 Status of Consultant.

The parties intend that Consultant, in performing the services specified herein, shall act as an independent contractor and shall control the work and the manner in which it is performed. Consultant is not to be considered an agent or employee of County and is not entitled to participate in any pension plan, worker's compensation plan, insurance, bonus, or similar benefits County provides its employees. In the event County exercises its right to terminate this Agreement pursuant to Article 4, above, Consultant expressly agrees that it shall have no recourse or right of appeal under rules, regulations, ordinances, or laws applicable to employees.

9.3 No Suspension or Debarment.

Consultant's signature affixed herein, shall constitute a certification under penalty of perjury under

the laws of the State of California, that Consultant has complied with Title 2 CFR, Part 180, “OMB Guidelines to Agencies on Government wide Debarment and Suspension (nonprocurement)”, which certifies that he/she or any person associated therewith in the capacity of owner, partner, director, officer, or manager, is not currently under suspension, debarment, voluntary exclusion, or determination of ineligibility by any federal agency; has not been suspended, debarred, voluntarily excluded, or determined ineligible by any federal agency within the past three (3) years; does not have a proposed debarment pending; and has not been indicted, convicted, or had a civil judgment rendered against it by a court of competent jurisdiction in any matter involving fraud or official misconduct within the past three (3) years. Any exceptions to this certification must be disclosed to County.

Exceptions will not necessarily result in denial of recommendation for award, but will be considered in determining Consultant responsibility. Disclosures must indicate to whom exceptions apply, initiating agency, and dates of action.

Exceptions to the Federal Government Excluded Parties List System maintained by the General Services Administration are to be determined by the Federal highway Administration.

9.4 [RESERVED].

9.5 Records Maintenance.

In addition to other record retention and audit requirements set forth elsewhere in this Agreement, Consultant shall keep and maintain full and complete documentation and accounting records concerning all services performed that are compensable under this Agreement and shall make such documents and records available to County for inspection at any reasonable time. Consultant shall maintain such records for a period of four (4) years following completion of work hereunder.

9.6 Conflict of Interest.

- 9.6.1 Consultant shall disclose any financial, business, or other relationship with County that may have an impact upon the outcome of this contract, or any ensuing County construction project. Consultant shall also list current clients who may have a financial interest in the outcome of this contract, or any ensuing County construction project, which will follow.
- 9.6.2 Consultant hereby certifies that it does not now have, nor shall it acquire any financial or business interest that would conflict with the performance of services under this contract.
- 9.6.3 Consultant hereby certifies that neither Consultant, nor any firm affiliated with Consultant will bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting from this contract. An affiliated firm is one, which is subject to the control of the same persons through joint-ownership, or otherwise.
- 9.6.4 Except for subconsultants whose services are limited to providing surveying or materials testing information, no subconsultant who has provided design services in connection with this contract shall be eligible to bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting

from this contract.

9.7 Statutory Compliance.

Contractor agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly agrees, on behalf of itself and on behalf of all its agents, employees, subconsultants, and subcontractors, to comply with the federal contract requirements set forth in Article 13 herein.

9.8 Living Wage Ordinance.

9.8.1 Consultant agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies, including but not limited to the County of Sonoma Living Wage Ordinance, applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly acknowledges and agrees that this Agreement is subject to the provisions of Article XXVI of Chapter 2 of the Sonoma County Code, requiring payment of a living wage to covered employees. Noncompliance during the term of the Agreement will be considered a material breach and may result in termination of the Agreement or pursuit of other legal or administrative remedies.

9.8.2 Notwithstanding the requirement of section 9.8.1 that Consultant comply with the County of Sonoma Living Wage Ordinance (Sonoma County Code Chapter 2, Article XXVI), none of the Living Wage Ordinances local preference requirements shall be used to select or otherwise apply to Consultant.

9.9 Nondiscrimination.

Without limiting any other provision hereunder, Consultant shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination in employment because of race, color, ancestry, national origin, religion, sex, marital status, age, medical condition, pregnancy, disability, sexual orientation or other prohibited basis, including without limitation, the County's Non-Discrimination Policy. All nondiscrimination rules or regulations required by law to be included in this Agreement are incorporated herein by this reference.

9.10 Statement of Compliance.

9.10.1 Consultant's signature affixed herein, and dated, shall constitute a certification under penalty of perjury under the laws of the State of California that Consultant has, unless exempt, complied with, the nondiscrimination program requirements of Government Code Section 12990 and Title 2, California Administrative Code, Section 8103.

9.10.2 During the performance of this Contract, Consultant and its subconsultants shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, physical disability (including HIV and AIDS), mental disability, medical condition (e.g., cancer), age (over 40), marital status, and denial of family care leave. Consultant and subconsultants shall insure that the evaluation and treatment of their employees and

applicants for employment are free from such discrimination and harassment. Consultant and subconsultants shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code §12990 (a-f) et seq.) and the applicable regulations promulgated there under (California Code of Regulations, Title 2, Section 7285 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations, are incorporated into this Contract by reference and made a part hereof as if set forth in full. Consultant and its subconsultants shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.

- 9.10.3 The Consultant shall comply with regulations relative to Title VI (nondiscrimination in federally-assisted programs of the Department of Transportation – Title 49 Code of Federal Regulations, Part 21 - Effectuation of Title VI of the 1964 Civil Rights Act). Title VI provides that the recipients of federal assistance will implement and maintain a policy of nondiscrimination in which no person in the state of California shall, on the basis of race, color, national origin, religion, sex, age, disability, be excluded from participation in, denied the benefits of or subject to discrimination under any program or activity by the recipients of federal assistance or their assignees and successors in interest.
- 9.10.4 The Consultant, with regard to the work performed by it during the Agreement shall act in accordance with Title VI. Specifically, the Consultant shall not discriminate on the basis of race, color, national origin, religion, sex, age, or disability in the selection and retention of Subconsultants, including procurement of materials and leases of equipment. The Consultant shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the U.S. DOT's Regulations, including employment practices when the Agreement covers a program whose goal is employment.

9.11 AIDS Discrimination.

Consultant agrees to comply with the provisions of Chapter 19, Article II, of the Sonoma County Code prohibiting discrimination in housing, employment, and services because of AIDS or HIV infection during the term of this Agreement and any extensions of the term.

9.12 Assignment of Rights.

Consultant assigns to County all rights throughout the world in perpetuity in the nature of copyright, trademark, patent, right to ideas, in and to all versions of the plans and specifications, if any, now or later prepared by Consultant in connection with this Agreement. Consultant agrees to take such actions as are necessary to protect the rights assigned to County in this Agreement, and to refrain from taking any action which would impair those rights. Consultant's responsibilities under this provision include, but are not limited to, placing proper notice of copyright on all versions of the plans and specifications as County may direct, and refraining from disclosing any versions of the plans and specifications to any third party without first obtaining written permission of County.

Consultant shall not use or permit another to use the plans and specifications in connection with this or any other project without first obtaining written permission of County.

9.13 Ownership and Disclosure of Work Product.

All reports, original drawings, graphics, plans, studies, and other data or documents (“documents”), in whatever form or format, assembled or prepared by Consultant or Consultant’s subcontractors, consultants, and other agents in connection with this Agreement shall be the property of County. County shall be entitled to immediate possession of such documents upon completion of the work pursuant to this Agreement. Upon expiration or termination of this Agreement, Consultant shall promptly deliver to County all such documents, which have not already been provided to County in such form or format, as County deems appropriate. Such documents shall be and will remain the property of County without restriction or limitation. Consultant may retain copies of the above-described documents but agrees not to disclose or discuss any information gathered, discovered, or generated in any way through this Agreement without the express written permission of County.

9.14 Authority.

The undersigned hereby represents and warrants that he or she has authority to execute and deliver this Agreement on behalf of Consultant.

10. Demand for Assurance.

Each party to this Agreement undertakes the obligation that the other's expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arise with respect to the performance of either party, the other may in writing demand adequate assurance of due performance and until such assurance is received may, if commercially reasonable, suspend any performance for which the agreed return has not been received. "Commercially reasonable" includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding thirty (30) days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance. Nothing in this Article limits County's right to terminate this Agreement pursuant to Article 4.

11. Assignment and Delegation.

Neither party hereto shall assign, delegate, sublet, or transfer any interest in or duty under this Agreement without the prior written consent of the other, and no such transfer shall be of any force or effect whatsoever unless and until the other party shall have so consented.

12. Method and Place of Giving Notice, Submitting Bills and Making Payments.

All notices, bills, and payments shall be made in writing and shall be given by personal delivery or by U.S. Mail or courier service. Notices, bills, and payments shall be addressed as follows:

When a notice, bill or payment is given by a generally recognized overnight courier service, the notice, bill or payment shall be deemed received on the next business day. When a copy of a notice, bill or payment is sent by facsimile or email, the notice, bill or payment shall be deemed received upon transmission as long as (1) the original copy of the notice, bill or payment is promptly deposited in the U.S. mail and postmarked on the date of the facsimile or email (for a payment, on or before the due date), (2) the sender has a written confirmation of the facsimile transmission or email, and (3) the facsimile or email is transmitted before 5 p.m. (recipient's time). In all other instances, notices, bills and payments shall be effective upon receipt by the recipient. Changes may be made in the names and addresses of the person to whom notices are to be given by giving notice pursuant to this paragraph.

13. Federal Requirements.

13.1 Contract Assurance.

The consultant, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The consultant shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted agreements. Failure by the consultant to carry out these requirements is a material breach of this agreement, which may result in the termination of this agreement or such other remedy as the recipient deems appropriate, which may include, but is not limited to: (1) Withholding monthly progress payments; (2) Assessing sanctions; (3) Liquidated damages; and/or (4) Disqualifying the contractor from future bidding as non-responsible.

13.2 Prompt Progress Payments to Subcontractors.

Attention is directed to Section 7108.5 of the California Business and Professions Code, which requires a prime contractor or subcontractor to pay any subcontractor not later than ten (10) days of receipt of each progress payment, unless otherwise agreed to in writing. In addition, federal regulations (Title 49 Code of Federal Regulations Part 26.29) require a prime contractor or subcontractor to pay a subcontractor no later than thirty (30) days of receipt of each payment, unless any delay or postponement of payment among the parties takes place only for good cause and with the prior written approval of County. Section 7108.5 of the California Business and Professions Code also contains enforcement actions and penalties. The requirements apply to both Disadvantaged Business Entities ("DBE") and non-DBE subcontractors. Consultant shall include the foregoing progress payment requirements in every subcontract entered into by Consultant in the performance of its obligations under this Agreement

13.3 Prompt Payment of Withheld Funds to Subcontractors.

No retainage will be held by the County from progress payments due the prime consultant. Any retainage held by the prime consultant or subconsultants from progress payments due subconsultants shall be promptly paid in full to subconsultants within 30 days after the subconsultant's work is satisfactorily completed. Federal law (49 CFR 26.29) requires that any delay or postponement of payment over the 30 days may take place only for good cause and with the Agency's prior written approval. Any violation of this provision shall subject the violating prime consultant or subconsultant to the penalties, sanctions and other remedies specified in Section 7108.5 of the Business and Professions Code. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to the prime consultant or subconsultant in the event of a dispute involving late payment or nonpayment by the prime consultant, deficient subconsultant performance, or noncompliance by a subconsultant. This provision applies to both DBE and non-DBE prime consultant and subconsultants.

13.4 Disadvantaged Business Enterprise (DBE) Participation.

- 13.4.1 This contract is subject to 49 CFR, Part 26 entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs". Consultants who obtain DBE participation on this contract will assist Caltrans in meeting its federally mandated statewide overall DBE goal.
- 13.4.2 A DBE participation goal will be established for each Task Order. Participation by DBE consultant or subconsultants shall be in accordance with information contained in the Consultant Proposal DBE Commitment (Exhibit 10-O1), or in the Consultant Contract DBE Information (Exhibit 10-O2) attached hereto and incorporated as part of the Contract. If a DBE subconsultant is unable to perform, Consultant must make a good faith effort to replace him/her with another DBE subconsultant, if the goal is not otherwise met.
- 13.4.3 DBEs and other small businesses, as defined in 49 CFR, Part 26 are encouraged to participate in the performance of contracts financed in whole or in part with federal funds. Consultant or subconsultant shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. Consultant shall carry out applicable requirements of 49 CFR, Part 26 in the award and administration of US DOT-assisted agreements. Failure by Consultant to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as County deems appropriate.
- 13.4.4 Any subcontract entered into as a result of this contract shall contain all of the provisions of this section.
- 13.4.5 A DBE firm may be terminated only with prior written approval from County and only for the reasons specified in 49 CFR 26.53(f). Prior to requesting County consent for the termination, Consultant must meet the procedural requirements specified in 49 CFR 26.53(f).
- 13.4.6 A DBE performs a Commercially Useful Function (CUF) when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a CUF, the DBE must also be responsible with respect to materials and supplies used

on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a CUF, evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the, contract is commensurate with the work it is actually performing, and other relevant factors.

- 13.4.7 A DBE does not perform a CUF if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, examine similar transactions, particularly those in which DBEs do not participate.
- 13.4.8 If a DBE does not perform or exercise responsibility for at least thirty percent (30%) of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of the contract than would be expected on the basis of normal industry practice for the type of work involved, it will be presumed that it is not performing a CUF.
- 13.4.9 Consultant shall maintain records of materials purchased or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE or vendor and the total dollar amount actually paid each DBE or vendor, regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE prime consultants shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.
- 13.4.10 Upon completion of the Contract, a summary of these records shall be prepared and submitted on the form entitled, "Final Report-Utilization of Disadvantaged Business Enterprise (DBE), First-Tier Subconsultants" CEM-2402F [Exhibit 17-F, of the LAPM], certified correct by Consultant or Consultant's authorized representative and shall be furnished to the Contract Administrator with the final invoice. Failure to provide the summary of DBE payments with the final invoice will result in twenty-five percent (25%) of the dollar value of the invoice being withheld from payment until the form is submitted. The amount will be returned to Consultant when a satisfactory "Final Report-Utilization of Disadvantaged Business Enterprises (DBE), First-Tier Subconsultants" is submitted to the Contract Administrator.
- 13.4.11 If a DBE subconsultant is decertified during the life of the contract, the decertified subconsultant shall notify Consultant in writing with the date of decertification. If a subconsultant becomes a certified DBE during the life of the Contract, the subconsultant shall notify Consultant in writing with the date of certification. Any changes should be reported to County's Contract Administrator within 30 days.

13.5 Prevailing Wage.

- 13.5.1 Consultant shall comply with the State of California's General Prevailing Wage Rate requirements in accordance with California Labor Code, Section 1770, and all Federal, State, and local laws and ordinances applicable to the work.

13.5.2 Any subcontract entered into as a result of this contract, if for more than \$25,000 for public works construction or more than \$15,000 for the alteration, demolition, repair, or maintenance of public works, shall contain all of the provisions of this Article, unless the awarding agency has an approved labor compliance program by the Director of Industrial Relations.

13.5.3 When prevailing wages apply to the services described in the scope of work, transportation and subsistence costs shall be reimbursed at the minimum rates set by the Department of Industrial Relations (DIR) as outlined in the applicable Prevailing Wage Determination. See <http://www.dir.ca.gov>.

Note: The Federal "Payment of Predetermined Minimum Wage" applies only to federal-aid construction contracts.

13.6 Text Messaging While Driving.

In accordance with Executive Order 13513, Federal Leadership on Reducing Text Messaging While Driving, and Department of Transportation Order 3902.10, Text Messaging While Driving, text messaging while driving is prohibited in the performance of any duties included in this agreement for both consultant and any sub-consultants hired for performance of duties under this Agreement. Consultant shall include a provision prohibiting texting while driving in all sub-consultant agreements entered into related to the performance of its obligations under this Agreement.

Definitions. The following definitions are to be used in conjunction with this section. "Driving":

- 1) Means operating a motor vehicle on a roadway, including while temporarily stationary because of traffic, a traffic light, stop sign, or otherwise.
- 2) It does not include being in your vehicle (with or without the motor running) in a location off the roadway where it is safe and legal to remain stationary.

"Text Messaging" means reading from or entering data into any handheld or other electronic device, including for the purpose of short message service texting, e-mailing, instant messaging, obtaining navigational information, or engaging in any other form of electronic data retrieval or electronic data communication.

13.7 Buy America.

Furnish Steel and iron materials to be incorporated into the work with certificates of compliance. Steel and iron materials must be produced in the U.S. except:

- 1) Foreign pig iron and processed, pelletized, and reduced iron ore may be used in the domestic production of the steel and iron materials [60 Fed Reg 15478(3/24/1995)];
- 2) If the total combine cost of the materials does not exceed the great of 0.1 percent of the total bid or \$2,500, materials produced outside the U. S. may be used.

Production includes:

- 1) Processing steel and iron materials, including smelting or other processes that alter the physical form or shape (such as rolling, extruding, machining, bending, grinding, and drilling) or chemical composition;
- 2) Coating application, including epoxy coating, galvanizing, and painting, that protects or enhances the value of steel and iron materials.

13.8 Prohibition of Expending Local Agency, State or Federal funds for Lobbying.

13.8.1 Consultant certifies to the best of his or her knowledge and belief that:

- 1) No state, federal or County appropriated funds have been paid, or will be paid by- or-on behalf of Consultant to any person for influencing or attempting to influence an officer or employee of any state or federal agency; a Member of the State Legislature or United States Congress; an officer or employee of the Legislature or Congress; or any employee of a Member of the Legislature or Congress, in connection with the awarding of any state or federal contract; the making of any state or federal grant; the making of any state or federal loan; the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any state or federal contract, grant, loan, or cooperative agreement.
- 2) If any funds other than federal appropriated funds have been paid, or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency; a Member of Congress; an officer or employee of Congress, or an employee of a Member of Congress; in connection with this federal contract, grant, loan, or cooperative agreement; Consultant shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.

13.8.2 This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

13.8.3 Consultant also agrees by signing this document that he or she shall require that the language of this certification be included in all lower-tier subcontracts, which exceed \$100,000 and that all such sub recipients shall certify and disclose accordingly.

13.9 Cost Principles and Administrative Requirements.

13.9.1 Consultant agrees that the Contract Cost Principles and Procedures, 48 CFR, Federal Acquisition Regulations System, Chapter 1, Part 31.000 *et seq.*, shall be used to determine the cost allowability of individual items.

13.9.2 Consultant also agrees to comply with federal procedures in accordance with 2 CFR, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

- 13.9.3 Any costs for which payment has been made to CONSULTANT that are determined by subsequent audit to be unallowable under 2 CFR, Part 200 and 48 CFR, Federal Acquisition Regulations System, Chapter 1, Part 31.000 *et seq.*, are subject to repayment by Consultant to County.

13.10 Retention of Records/Audit.

For the purpose of determining compliance with Public Contract Code 10115, *et seq.* and Title 21, California Code of Regulations, Chapter 21, Section 2500 *et seq.*, when applicable and other matters connected with the performance of the contract pursuant to Government Code 8546.7; Consultant, subconsultants, and County shall maintain and make available for inspection all books, documents, papers, accounting records, and other evidence pertaining to the performance of the contract, including but not limited to, the costs of administering the contract. All parties shall make such materials available at their respective offices at all reasonable times during the contract period and for three years from the date of final payment under the contract. The state, State Auditor, County, FHWA, or any duly authorized representative of the Federal Government shall have access to any books, records, and documents of Consultant and its certified public accountants (CPA) work papers that are pertinent to the contract and indirect cost rates (ICR) for audit, examinations, excerpts, and transactions, and copies thereof shall be furnished if requested.

13.11 Audit Review Procedures.

- 13.11.1 Any dispute concerning a question of fact arising under an interim or post audit of this contract that is not disposed of by agreement, shall be reviewed by County's Chief Financial Officer.
- 13.11.2 Not later than 30 days after issuance of the final audit report, Consultant may request a review by County's Chief Financial Officer of unresolved audit issues. The request for review will be submitted in writing.
- 13.11.3 Neither the pendency of a dispute nor its consideration by County will excuse Consultant from full and timely performance, in accordance with the terms of this contract.
- 13.11.4 Consultant and subconsultant contracts, including cost proposals and ICR, are subject to audits or reviews such as, but not limited to, a contract audit, an incurred cost audit, an ICR Audit, or a CPA ICR audit work paper review. If selected for audit or review, the contract, cost proposal and ICR and related work papers, if applicable, will be reviewed to verify compliance with 48 CFR, Part 31 and other related laws and regulations. In the instances of a CPA ICR audit work paper review it is Consultant's responsibility to ensure federal, state, or local government officials are allowed full access to the CPA's work papers including making copies as necessary. The contract, cost proposal, and ICR shall be adjusted by Consultant and approved by County contract manager to conform to the audit or review recommendations. Consultant agrees that individual terms of costs identified in the audit report shall be incorporated into the contract by this reference if directed by County at its sole discretion. Refusal by Consultant to incorporate audit or review recommendations, or to ensure that the federal, state or local governments have access to CPA work papers, will be considered a breach of contract terms and cause for termination of the contract and disallowance

of prior reimbursed costs.

13.12 Subcontracting.

- 13.12.1 Nothing contained in this contract or otherwise, shall create any contractual relation between County and any subconsultant(s), and no subcontract shall relieve Consultant of its responsibilities and obligations hereunder. Consultant agrees to be as fully responsible to County for the acts and omissions of its subconsultant(s) and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by Consultant. CONSULTANT's obligation to pay its subconsultant(s) is an independent obligation from County's obligation to make payments to the Consultant.
- 13.12.2 Consultant shall perform the work contemplated with resources available within its own organization and no portion of the work pertinent to this contract shall be subcontracted without written authorization by County's Contract Administrator, except that, which is expressly identified in the approved Cost Proposal.
- 13.12.3 Consultant shall pay its subconsultants within ten (10) calendar days from receipt of each payment made to Consultant by County.
- 13.12.4 All subcontracts entered into as a result of this contract shall contain all the provisions stipulated in this contract to be applicable to subconsultants.
- 13.12.5 Any substitution of subconsultant(s) must be approved in writing by County's Contract Administrator prior to the start of work by the subconsultant(s).

13.13 Equipment Purchase.

- 13.13.1 Prior authorization in writing, by County's Contract Administrator shall be required before Consultant enters into any unbudgeted purchase order, or subcontract exceeding \$5,000 for supplies, equipment, or Consultant services. Consultant shall provide an evaluation of the necessity or desirability of incurring such costs.
- 13.13.2 For purchase of any item, service or consulting work not covered in Consultant's Cost Proposal and exceeding \$5,000 prior authorization by County's Contract Administrator; three competitive quotations must be submitted with the request, or the absence of bidding must be adequately justified.
- 13.13.3 Any equipment purchased as a result of this contract is subject to the following: "Consultant shall maintain an inventory of all nonexpendable property. Nonexpendable property is defined as having a useful life of at least two years and an acquisition cost of \$5,000 or more. If the purchased equipment needs replacement and is sold or traded in, County shall receive a proper refund or credit at the conclusion of the contract, or if the contract is terminated, Consultant may either keep the equipment and credit County in an amount equal to its fair market value, or sell such equipment at the best price obtainable at a public or private sale, in accordance with established County procedures; and credit County in an amount equal to the sales price. If Consultant elects to keep the equipment, fair market value shall be determined at Consultant expense, on the basis of a competent independent appraisal of such equipment. Appraisals shall be obtained from an appraiser mutually agreeable to by County and Consultant, if it is determined to sell

the equipment, the terms and conditions of such sale must be approved in advance by County.” 49 CFR, Part 18 requires a credit to Federal funds when participating equipment with a fair market value greater than \$5,000 is credited to the project.

14. Miscellaneous Provisions.

14.1 No Waiver of Breach.

The waiver by County of any breach of any term or promise contained in this Agreement shall not be deemed to be a waiver of such term or provision or any subsequent breach of the same or any other term or promise contained in this Agreement.

14.2 Construction.

To the fullest extent allowed by law, the provisions of this Agreement shall be construed and given effect in a manner that avoids any violation of statute, ordinance, regulation, or law. The parties covenant and agree that in the event that any provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated thereby. Consultant and County acknowledge that they have each contributed to the making of this Agreement and that, in the event of a dispute over the interpretation of this Agreement, the language of the Agreement will not be construed against one party in favor of the other. Consultant and County acknowledge that they have each had an adequate opportunity to consult with counsel in the negotiation and preparation of this Agreement.

14.3 Consent.

Wherever in this Agreement the consent or approval of one party is required to an act of the other party, such consent or approval shall not be unreasonably withheld or delayed.

14.4 No Third Party Beneficiaries.

Nothing contained in this Agreement shall be construed to create and the parties do not intend to create any rights in third parties.

14.5 Applicable Law and Forum.

This Agreement shall be construed and interpreted according to the substantive law of California, regardless of the law of conflicts to the contrary in any jurisdiction. Any action to enforce the terms of this Agreement or for the breach thereof shall be brought and tried in Santa Rosa or the forum nearest to the city of Santa Rosa, in the County of Sonoma.

14.6 Captions.

The captions in this Agreement are solely for convenience of reference. They are not a part of this Agreement and shall have no effect on its construction or interpretation.

14.7 Merger.

This writing is intended both as the final expression of the Agreement between the parties hereto with respect to the included terms and as a complete and exclusive statement of the terms of the Agreement, pursuant to Code of Civil Procedure Section 1856. No modification of this Agreement shall be effective unless and until such modification is evidenced by a writing signed

by both parties.

14.8 Survival of Terms.

All express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

14.9 Time of Essence.

Time is and shall be of the essence of this Agreement and every provision hereof.

14.10 Rebates, Kickback or Other Unlawful Consideration.

Consultant warrants that this contract was not obtained or secured through rebates kickbacks or other unlawful consideration, either promised or paid to any County employee. For breach or violation of this warranty, County shall have the right in its discretion; to terminate the contract without liability; to pay only for the value of the work actually performed; or to deduct from the contract price; or otherwise recover the full amount of such rebate, kickback or other unlawful consideration.

14.11 Funding Requirements.

14.11.1 It is mutually understood between the parties that this contract may have been written before ascertaining the availability of funds or appropriation of funds, for the mutual benefit of both parties, in order to avoid program and fiscal delays that would occur if the contract were executed after that determination was made.

14.11.2 This contract is valid and enforceable only, if sufficient funds are made available to County for the purpose of this contract. In addition, this contract is subject to any additional restrictions, limitations, conditions, or any statute enacted by the Congress, State Legislature, or County Board of Supervisors that may affect the provisions, terms, or funding of this contract in any manner.

14.11.3 It is mutually agreed that if sufficient funds are not appropriated, this contract may be amended to reflect any reduction in funds.

14.11.4 County has the option to void the contract under the 30-day termination clause pursuant to Article 4, or by mutual agreement to amend the contract to reflect any reduction of funds.

14.12 Evaluation of Consultant.

Consultant's performance will be evaluated by County. A copy of the evaluation will be sent to Consultant for comments. The evaluation together with the comments shall be retained as part of the contract record.

14.13 Claims Filed by County's Construction Contractor.

14.13.1 If claims are filed by County's construction contractor relating to work performed by Consultant's personnel, and additional information or assistance from Consultant's personnel is required in order to evaluate or defend against such claims; Consultant agrees to make its personnel available for consultation with County's construction contract administration and legal staff and for testimony, if necessary, at depositions and

at trial or arbitration proceedings.

- 14.13.2 Consultant's personnel that County considers essential to assist in defending against construction contractor claims will be made available on reasonable notice from County. Consultation or testimony will be reimbursed at the same rates, including travel costs that are being paid for Consultant's personnel services under this contract.
- 14.13.3 Services of Consultant's personnel in connection with County's construction contractor claims will be performed pursuant to a written contract amendment, if necessary, extending the termination date of this contract in order to resolve the construction claims.
- 14.13.4 Any subcontract in excess of \$25,000 entered into as a result of this contract, shall contain all of the provisions of this Article.

14.14 National Labor Relations Board Certification.

In accordance with Public Contract Code Section 10296, Consultant hereby states under penalty of perjury that no more than one final unappealable finding of contempt of court by a federal court has been issued against Consultant within the immediately preceding two-year period, because of Consultant's failure to comply with an order of a federal court that orders Consultant to comply with an order of the National Labor Relations Board.

14.15 Retention of Funds.

- 14.15.1 Any subcontract entered into as a result of this Contract shall contain all of the provisions of this section.
- 14.15.2 No retainage will be held by the County from progress payments due the prime consultant. Any retainage held by the prime consultant or subconsultants from progress payments due subconsultants shall be promptly paid in full to subconsultants within 30 days after the subconsultant's work is satisfactorily completed. Federal law (49 CFR 26.29) requires that any delay or postponement of payment over the 30 days may take place only for good cause and with the County's prior written approval. Any violation of this provision shall subject the violating prime consultant or subconsultant to the penalties, sanctions and other remedies specified in Section 7108.5 of the Business and Professions Code. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to the prime consultant or subconsultant in the event of a dispute involving late payment or nonpayment by the prime consultant, deficient subconsultant performance, or noncompliance by a subconsultant. This provision applies to both DBE and non-DBE prime consultant and subconsultants.

14.16 Contingent Fee.

Consultant warrants, by execution of this contract that no person or selling agency has been employed, or retained, to solicit or secure this contract upon an agreement or understanding, for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees, or bona fide established commercial or selling agencies maintained by Consultant for the purpose of securing business. For breach or violation of this warranty, County has the right to annul this contract without liability; pay only for the value of the work actually performed, or in its discretion to deduct from the contract price or consideration, or otherwise recover the full amount of such

commission, percentage, brokerage, or contingent fee.

14.17 Inspection of Work.

Consultant and any subconsultant shall permit County, the state, and the FHWA if federal participating funds are used in this contract; to review and inspect the project activities and files at all reasonable times during the performance period of this contract including review and inspection on a daily basis.

14.18 Safety.

14.18.1 Consultant shall comply with OSHA regulations applicable to Consultant regarding necessary safety equipment or procedures. Consultant shall comply with safety instructions issued by County Safety Officer and other County representatives. Consultant personnel shall wear hard hats and safety vests at all times while working on the construction project site.

14.18.2 Pursuant to the authority contained in Section 591 of the Vehicle Code, County has determined that such areas are within the limits of the project and are open to public traffic. Consultant shall comply with all of the requirements set forth in Divisions 11, 12, 13, 14, and 15 of the Vehicle Code. Consultant shall take all reasonably necessary precautions for safe operation of its vehicles and the protection of the traveling public from injury and damage from such vehicles

14.18.3 Any subcontract entered into as a result of this contract, shall contain all of the provisions of this Article.

15. Attachments & Exhibits.

The following Attachments appended to this Agreement are hereby incorporated by reference as if fully set forth herein.

15.1 List of Attachments.

AGREEMENT FOR [CONSULTING/PROFESSIONAL] SERVICES

This agreement ("Agreement"), dated as of _____, 20__ (“Effective Date”) is by and between the County of Sonoma, a political subdivision of the State of California (hereinafter "County"), and Mead & Hunt Inc. (hereinafter "Consultant").

RECITALS

WHEREAS, Consultant represents that it is a duly qualified professional architectural historian; and

WHEREAS, in the judgment of the County’s Department of Transportation & Public Works, it is necessary and desirable to employ the services of Consultant for On-Call Cultural Resources Consulting Services.

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual covenants contained herein, the parties hereto agree as follows:

AGREEMENT

I. Scope of Services.

1.1 Consultant's Specified Services.

Consultant shall perform the services, if any, described in the Request for Qualifications and as more particularly described in the applicable Task Order assigning the specific project, and within the times or by the dates provided for in , the applicable Task Order and pursuant to Article 7, Prosecution of Work.

1.2 Cooperation With County.

Consultant shall cooperate with County and County staff in the performance of all work hereunder.

1.3 Performance Standard.

Consultant shall perform all work hereunder in a manner consistent with the level of competency and standard of care normally observed by a person practicing in Consultant's profession. County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees to provide all services under this Agreement in accordance with generally accepted professional practices and standards of care, as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Contractor’s work by County shall not operate as a waiver or release. If County determines that any of Consultant's work is not in accordance with such level of competency and standard of care, County, in its sole discretion, shall have the right to do any or all of the following: (a) require

Consultant to meet with County to review the quality of the work and resolve matters of concern; (b) require Consultant to repeat the work at no additional charge until it is satisfactory; (c) terminate this Agreement pursuant to the provisions of Article 4; or (d) pursue any and all other remedies at law or in equity.

1.4 Assigned Personnel.

- 1.4.1 Consultant shall assign only competent personnel to perform work hereunder. In the event that at any time County, in its sole discretion, desires the removal of any person or persons assigned by Consultant to perform work hereunder, Consultant shall remove such person or persons immediately upon receiving written notice from County.
- 1.4.2 Any and all persons identified in this Agreement, any Exhibit or Attachment hereto, or any Task Order issued hereunder as the project manager, project team, or other professional performing work hereunder are deemed by County to be key personnel whose services were a material inducement to County to enter into this Agreement, and without whose services County would not have entered into this Agreement. Consultant shall not remove, replace, substitute, or otherwise change any key personnel without the prior written consent of County. With respect to performance under this Agreement, Consultant shall employ the following key personnel: Project Manager.
- 1.4.3 In the event that any of Consultant's personnel assigned to perform services under this Agreement become unavailable due to resignation, sickness or other factors outside of Consultant's control, Consultant shall be responsible for timely provision of adequately qualified replacements.

1.5 Consultant's Reports or Meetings.

- 1.5.1 Consultant shall submit progress reports on each specific project in accordance with the Task Order. These reports shall be submitted at least once a month. The report should be sufficiently detailed for County's Task Order Manager to determine, if Consultant is performing to expectations, or is on schedule; to provide communication of interim findings, and to sufficiently address any difficulties or special problems encountered, so remedies can be developed.
- 1.5.2 Consultant's Project Manager shall meet with County's Contract Administrator or Task Order Manager, as needed, to discuss progress on the project(s) or contract related issues.

2. Allowable Costs and Payments.

2.1 Method of payment.

Consultant will be reimbursed for hours worked at the hourly rates specified in Consultant's Cost Proposal (Attachment A). The specified hourly rates shall include direct salary costs, employee benefits, overhead, and fee. These rates are not adjustable for the performance period set forth in this Agreement.

In addition, Consultant will be reimbursed for incurred (actual) direct costs other than salary costs that are in the cost proposal and identified in the cost proposal and in the executed Task Order.

2.2 Task Orders.

- 2.2.1 Specific projects will be assigned to Consultant through issuance of Task Orders.
- 2.2.2 After a project to be performed under this Agreement is identified by County, County will prepare a draft Task Order; less the cost estimate. A draft Task Order will identify the scope of services, expected results, project deliverables, period of performance, project schedule and will designate a County's Task Order Manager. The draft Task Order will be delivered to Consultant for review. Consultant shall return the draft Task Order within ten (10) calendar days along with a Cost Estimate, including a written estimate of the number of hours and hourly rates per staff person, any anticipated reimbursable expenses, overhead, fee if any, and total dollar amount. After agreement has been reached on the negotiable items and total cost; the finalized Task Order shall be signed by both County and Consultant.
- 2.2.3 Task Orders may be negotiated for a lump sum (Firm Fixed Price) or for specific rates of compensation, both of which must be based on the labor and other rates set forth in Consultant's Cost Proposal.
- 2.2.4 Consultant shall not commence performance of work or services until this Agreement has been approved by County, and notification to proceed has been issued by County's Task Order Manager. No payment will be made prior to approval or for any work performed prior to approval of this Agreement.
- 2.2.5 A Task Order is of no force or effect until returned to County and signed by an authorized representative of County. No expenditures are authorized on a project and work shall not commence until a Task Order for that project has been executed by County.
- 2.2.6 The period of performance for Task Orders shall be in accordance with dates specified in the Task Order. No Task Order will be written which extends beyond the expiration date of this Agreement.
- 2.2.7 The total amount payable by County for an individual Task Order shall not exceed the amount agreed to in the Task Order, unless authorized by contract amendment.
- 2.2.8 If the Consultant fails to satisfactorily complete a deliverable according to the schedule set forth in a Task Order, no payment will be made until the deliverable has been satisfactorily completed.
- 2.2.9 Task Orders may not be used to amend this Agreement and may not exceed the scope of work under this Agreement

2.3 Transportation & Subsistence.

Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal.

2.4 Milestone Costs.

When milestone cost estimates are included in the approved Cost Proposal, Consultant shall obtain prior written approval for a revised milestone cost estimate from the County's Task Order Manager before exceeding such cost estimate.

2.5 Progress Payments.

Progress payments for each Task Order will be made monthly in arrears based on services provided and actual costs incurred.

2.6 [RESERVED]

2.7 Invoices.

2.7.1 Consultant will be reimbursed, as promptly as fiscal procedures will permit upon receipt by County's Contract Administrator of itemized invoices. Separate invoices itemizing all costs are required for all work performed under each Task Order. Invoices shall be submitted no later than 45 calendar days after the performance of work for which Consultant is billing, or upon completion of the Task Order. Invoices shall detail the work performed on each milestone, on each project as applicable. Invoices shall follow the format stipulated for the approved Cost Proposal and shall reference this Agreement number, project title and Task Order number. Credits due County that include any equipment purchased under the provisions of Article 13.13 Equipment Purchase of this Agreement, must be reimbursed by Consultant prior to the expiration or termination of this Agreement. Invoices shall be mailed to County's Contract Administrator at the following address:

David Cameron
2300 County Center Drive, Suite B-100
Santa Rosa, CA 95403

2.7.2 In addition to compliance with the requirements of this Article 2, including Article 2.7.1 above, Consultant shall submit its bills in arrears on a monthly basis in a form approved by County's Auditor and the Head of the County Department receiving the services. The bills shall show or include: (i) the task(s) performed; (ii) the time in quarter hours devoted to the task(s); (iii) the hourly rate or rates of the persons performing the task(s); and (iv) copies of receipts for reimbursable materials/expenses, if any. Expenses not expressly authorized by the Agreement shall not be reimbursed, including a copy of all invoices paid to subcontractors for work required included in the prime consultant's invoice. Consultant shall submit the Subcontractor Payment Declaration with each invoice.

2.7.3 Unless otherwise noted in this Agreement, payments shall be made within the normal course of County business after presentation of an invoice in a form approved by the County for services performed. Payments shall be made only upon the satisfactory completion of the services as determined by the County.

2.8 Contract Value/Not-to-Exceed Compensation.

The total amount payable by County for all Task Orders resulting from this Agreement shall not exceed \$750,000.00. It is understood and agreed that there is no guarantee, either expressed or implied that this dollar amount will be authorized under this Agreement through Task Orders.

2.9 Salary Increases.

Salary increases will be reimbursable if the new salary is within the salary range identified in the approved Cost Proposal and is approved by County's Contract Administrator.

For personnel subject to prevailing wage rates as described in the California Labor Code, all salary increases, which are the direct result of changes in the prevailing wage rates are reimbursable.

2.10 [RESERVED].

2.11 Taxes.

2.11.1 Consultant agrees to file federal and state tax returns and pay all applicable taxes on amounts paid pursuant to this Agreement and shall be solely liable and responsible to pay such taxes and other obligations, including, but not limited to, state and federal income and FICA taxes. Consultant agrees to indemnify and hold County harmless from any liability which it may incur to the United States or to the State of California as a consequence of Consultant's failure to pay, when due, all such taxes and obligations. In case County is audited for compliance regarding any withholding or other applicable taxes, Consultant agrees to furnish County with proof of payment of taxes on these earnings.

2.11.2 Pursuant to California Revenue and Taxation code (R&TC) Section 18662, the County shall withhold seven percent of the income paid to Consultant for services performed within the State of California under this agreement, for payment and reporting to the California Franchise Tax Board, if Consultant does not qualify as: (1) a corporation with its principal place of business in California, (2) an LLC or Partnership with a permanent place of business in California, (3) a corporation/LLC or Partnership qualified to do business in California by the Secretary of State, or (4) an individual with a permanent residence in the State of California.

If Consultant does not qualify, County requires that a completed and signed Form 587 be provided by the Consultant in order for payments to be made. If consultant is qualified, then the County requires a completed Form 590. Forms 587 and 590 remain valid for the duration of the Agreement provided there is no material change in facts. By signing either form, the contractor agrees to promptly notify the County of any changes in the facts. Forms should be sent to the County pursuant to Article 12. To reduce the amount withheld, Consultant has the option to provide County with either a full or partial waiver from the State of California.

3. Term of Agreement.

3.1 Term.

This contract shall go into effect on (_____) contingent upon approval by County, and Consultant shall commence work after notification to proceed by County's Contract Administrator. The contract shall end on (_____), unless extended by contract amendment.

3.2 Contract Execution.

Consultant is advised that any recommendation for contract award is not binding on County until the contract is fully executed and approved by County.

3.3 Task Order Term

The period of performance for each specific project shall be in accordance with the Task Order for that project. If work on a Task Order is in progress on the expiration date of this Agreement, the

terms of the Agreement shall be extended by contract amendment.

4. Termination

4.1. Notice Period.

County reserves the right to terminate this Agreement upon thirty (30) calendar days written notice to Consultant with the reasons for termination stated in the notice.

4.2 Grounds for Termination.

County may terminate this Agreement with Consultant should Consultant fail to perform the covenants herein contained at the time and in the manner herein provided. In the event of such termination, County may proceed with the work in any manner deemed proper by County. If County terminates this Agreement with Consultant, County shall pay Consultant the sum due to Consultant under this Agreement prior to termination, unless the cost of completion to County exceeds the funds remaining in the Agreement. In which case the overage shall be deducted from any sum due Consultant under this Agreement and the balance, if any, shall be paid to Consultant upon demand.

4.3 Liability.

The maximum amount for which the Government shall be liable if this Agreement is terminated is 975,000 dollars.

4.4 Authority to Terminate.

The Board of Supervisors has the authority to terminate this Agreement on behalf of the County. In addition, the Purchasing Agent or Department Head, in consultation with County Counsel, shall have the authority to terminate this Agreement on behalf of the County.

5. Indemnification.

Consultant agrees to accept all responsibility for loss or damage to any person or entity, including County, and to indemnify, hold harmless, and release County, its officers, agents, and employees, from and against any actions, claims, damages, liabilities, disabilities, or expenses, that may be asserted by any person or entity, including Consultant, that arise out of, pertain to, or relate to Consultant's or its agents', employees', contractors', subcontractors', or invitees' performance or obligations under this Agreement. Consultant agrees to provide a complete defense for any claim or action brought against County based upon a claim relating to such Consultant's or its agents', employees', contractors', subcontractors', or invitees' performance or obligations under this Agreement. Consultant's obligations under this Section apply whether or not there is concurrent or contributory negligence on County's part, but to the extent required by law, excluding liability due to County's conduct. County shall have the right to select its legal counsel at Consultant's expense, subject to Consultant's approval, which shall not be unreasonably withheld. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for Consultant or its agents under workers' compensation acts, disability benefits acts, or other employee benefit acts.

6. Insurance.

With respect to performance of work under this Agreement, Consultant shall maintain and shall require all of its subcontractors, consultants, and other agents to maintain, insurance as described in Attachment

B, which is attached hereto and incorporated herein by this reference.

7. Prosecution of Work.

The execution of this Agreement shall constitute Consultant's authority to proceed immediately with the performance of this Agreement. Performance of the services hereunder shall be completed within the time required herein, provided, however, that if the performance is delayed by earthquake, flood, high water, or other Act of God or by strike, lockout, or similar labor disturbances, the time for Consultant's performance of this Agreement shall be extended by a number of days equal to the number of days Consultant has been delayed.

8. Extra or Changed Work.

Extra or changed work or other changes to the Agreement may be authorized only by written amendment to this Agreement, signed by both parties. Minor changes, which do not increase the amount paid under the Agreement, and which do not significantly change the scope of work or significantly lengthen time schedules may be executed by the Department Head in a form approved by County Counsel. The Board of Supervisors/Purchasing Agent must authorize all other extra or changed work. The parties expressly recognize that, pursuant to Sonoma County Code Section 1-11, County personnel are without authorization to order extra or changed work or waive Agreement requirements. Failure of Consultant to secure such written authorization for extra or changed work shall constitute a waiver of any and all right to adjustment in the Agreement price or Agreement time due to such unauthorized work and thereafter Consultant shall be entitled to no compensation whatsoever for the performance of such work. Consultant further expressly waives any and all right or remedy by way of restitution and quantum meruit for any and all extra work performed without such express and prior written authorization of the County.

9. Representations of Consultant.

9.1 Standard of Care.

County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees that all its work will be performed and that its operations shall be conducted in accordance with generally accepted and applicable professional practices and standards as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Consultant's work by County shall not operate as a waiver or release.

9.2 Status of Consultant.

The parties intend that Consultant, in performing the services specified herein, shall act as an independent contractor and shall control the work and the manner in which it is performed. Consultant is not to be considered an agent or employee of County and is not entitled to participate in any pension plan, worker's compensation plan, insurance, bonus, or similar benefits County provides its employees. In the event County exercises its right to terminate this Agreement pursuant to Article 4, above, Consultant expressly agrees that it shall have no recourse or right of appeal under rules, regulations, ordinances, or laws applicable to employees.

9.3 No Suspension or Debarment.

Consultant's signature affixed herein, shall constitute a certification under penalty of perjury under

the laws of the State of California, that Consultant has complied with Title 2 CFR, Part 180, “OMB Guidelines to Agencies on Government wide Debarment and Suspension (nonprocurement)”, which certifies that he/she or any person associated therewith in the capacity of owner, partner, director, officer, or manager, is not currently under suspension, debarment, voluntary exclusion, or determination of ineligibility by any federal agency; has not been suspended, debarred, voluntarily excluded, or determined ineligible by any federal agency within the past three (3) years; does not have a proposed debarment pending; and has not been indicted, convicted, or had a civil judgment rendered against it by a court of competent jurisdiction in any matter involving fraud or official misconduct within the past three (3) years. Any exceptions to this certification must be disclosed to County.

Exceptions will not necessarily result in denial of recommendation for award, but will be considered in determining Consultant responsibility. Disclosures must indicate to whom exceptions apply, initiating agency, and dates of action.

Exceptions to the Federal Government Excluded Parties List System maintained by the General Services Administration are to be determined by the Federal highway Administration.

9.4 [RESERVED].

9.5 Records Maintenance.

In addition to other record retention and audit requirements set forth elsewhere in this Agreement, Consultant shall keep and maintain full and complete documentation and accounting records concerning all services performed that are compensable under this Agreement and shall make such documents and records available to County for inspection at any reasonable time. Consultant shall maintain such records for a period of four (4) years following completion of work hereunder.

9.6 Conflict of Interest.

- 9.6.1 Consultant shall disclose any financial, business, or other relationship with County that may have an impact upon the outcome of this contract, or any ensuing County construction project. Consultant shall also list current clients who may have a financial interest in the outcome of this contract, or any ensuing County construction project, which will follow.
- 9.6.2 Consultant hereby certifies that it does not now have, nor shall it acquire any financial or business interest that would conflict with the performance of services under this contract.
- 9.6.3 Consultant hereby certifies that neither Consultant, nor any firm affiliated with Consultant will bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting from this contract. An affiliated firm is one, which is subject to the control of the same persons through joint-ownership, or otherwise.
- 9.6.4 Except for subconsultants whose services are limited to providing surveying or materials testing information, no subconsultant who has provided design services in connection with this contract shall be eligible to bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting

from this contract.

9.7 Statutory Compliance.

Contractor agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly agrees, on behalf of itself and on behalf of all its agents, employees, subconsultants, and subcontractors, to comply with the federal contract requirements set forth in Article 13 herein.

9.8 Living Wage Ordinance.

9.8.1 Consultant agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies, including but not limited to the County of Sonoma Living Wage Ordinance, applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly acknowledges and agrees that this Agreement is subject to the provisions of Article XXVI of Chapter 2 of the Sonoma County Code, requiring payment of a living wage to covered employees. Noncompliance during the term of the Agreement will be considered a material breach and may result in termination of the Agreement or pursuit of other legal or administrative remedies.

9.8.2 Notwithstanding the requirement of section 9.8.1 that Consultant comply with the County of Sonoma Living Wage Ordinance (Sonoma County Code Chapter 2, Article XXVI), none of the Living Wage Ordinances local preference requirements shall be used to select or otherwise apply to Consultant.

9.9 Nondiscrimination.

Without limiting any other provision hereunder, Consultant shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination in employment because of race, color, ancestry, national origin, religion, sex, marital status, age, medical condition, pregnancy, disability, sexual orientation or other prohibited basis, including without limitation, the County's Non-Discrimination Policy. All nondiscrimination rules or regulations required by law to be included in this Agreement are incorporated herein by this reference.

9.10 Statement of Compliance.

9.10.1 Consultant's signature affixed herein, and dated, shall constitute a certification under penalty of perjury under the laws of the State of California that Consultant has, unless exempt, complied with, the nondiscrimination program requirements of Government Code Section 12990 and Title 2, California Administrative Code, Section 8103.

9.10.2 During the performance of this Contract, Consultant and its subconsultants shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, physical disability (including HIV and AIDS), mental disability, medical condition (e.g., cancer), age (over 40), marital status, and denial of family care leave. Consultant and subconsultants shall insure that the evaluation and treatment of their employees and

applicants for employment are free from such discrimination and harassment. Consultant and subconsultants shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code §12990 (a-f) et seq.) and the applicable regulations promulgated there under (California Code of Regulations, Title 2, Section 7285 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations, are incorporated into this Contract by reference and made a part hereof as if set forth in full. Consultant and its subconsultants shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.

- 9.10.3 The Consultant shall comply with regulations relative to Title VI (nondiscrimination in federally-assisted programs of the Department of Transportation – Title 49 Code of Federal Regulations, Part 21 - Effectuation of Title VI of the 1964 Civil Rights Act). Title VI provides that the recipients of federal assistance will implement and maintain a policy of nondiscrimination in which no person in the state of California shall, on the basis of race, color, national origin, religion, sex, age, disability, be excluded from participation in, denied the benefits of or subject to discrimination under any program or activity by the recipients of federal assistance or their assignees and successors in interest.
- 9.10.4 The Consultant, with regard to the work performed by it during the Agreement shall act in accordance with Title VI. Specifically, the Consultant shall not discriminate on the basis of race, color, national origin, religion, sex, age, or disability in the selection and retention of Subconsultants, including procurement of materials and leases of equipment. The Consultant shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the U.S. DOT's Regulations, including employment practices when the Agreement covers a program whose goal is employment.

9.11 AIDS Discrimination.

Consultant agrees to comply with the provisions of Chapter 19, Article II, of the Sonoma County Code prohibiting discrimination in housing, employment, and services because of AIDS or HIV infection during the term of this Agreement and any extensions of the term.

9.12 Assignment of Rights.

Consultant assigns to County all rights throughout the world in perpetuity in the nature of copyright, trademark, patent, right to ideas, in and to all versions of the plans and specifications, if any, now or later prepared by Consultant in connection with this Agreement. Consultant agrees to take such actions as are necessary to protect the rights assigned to County in this Agreement, and to refrain from taking any action which would impair those rights. Consultant's responsibilities under this provision include, but are not limited to, placing proper notice of copyright on all versions of the plans and specifications as County may direct, and refraining from disclosing any versions of the plans and specifications to any third party without first obtaining written permission of County.

Consultant shall not use or permit another to use the plans and specifications in connection with this or any other project without first obtaining written permission of County.

9.13 Ownership and Disclosure of Work Product.

All reports, original drawings, graphics, plans, studies, and other data or documents (“documents”), in whatever form or format, assembled or prepared by Consultant or Consultant’s subcontractors, consultants, and other agents in connection with this Agreement shall be the property of County. County shall be entitled to immediate possession of such documents upon completion of the work pursuant to this Agreement. Upon expiration or termination of this Agreement, Consultant shall promptly deliver to County all such documents, which have not already been provided to County in such form or format, as County deems appropriate. Such documents shall be and will remain the property of County without restriction or limitation. Consultant may retain copies of the above-described documents but agrees not to disclose or discuss any information gathered, discovered, or generated in any way through this Agreement without the express written permission of County.

9.14 Authority.

The undersigned hereby represents and warrants that he or she has authority to execute and deliver this Agreement on behalf of Consultant.

10. Demand for Assurance.

Each party to this Agreement undertakes the obligation that the other's expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arise with respect to the performance of either party, the other may in writing demand adequate assurance of due performance and until such assurance is received may, if commercially reasonable, suspend any performance for which the agreed return has not been received. "Commercially reasonable" includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding thirty (30) days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance. Nothing in this Article limits County's right to terminate this Agreement pursuant to Article 4.

11. Assignment and Delegation.

Neither party hereto shall assign, delegate, sublet, or transfer any interest in or duty under this Agreement without the prior written consent of the other, and no such transfer shall be of any force or effect whatsoever unless and until the other party shall have so consented.

12. Method and Place of Giving Notice, Submitting Bills and Making Payments.

All notices, bills, and payments shall be made in writing and shall be given by personal delivery or by U.S. Mail or courier service. Notices, bills, and payments shall be addressed as follows:

To County:

When a notice, bill or payment is given by a generally recognized overnight courier service, the notice, bill or payment shall be deemed received on the next business day. When a copy of a notice, bill or payment is sent by facsimile or email, the notice, bill or payment shall be deemed received upon transmission as long as (1) the original copy of the notice, bill or payment is promptly deposited in the U.S. mail and postmarked on the date of the facsimile or email (for a payment, on or before the due date), (2) the sender has a written confirmation of the facsimile transmission or email, and (3) the facsimile or email is transmitted before 5 p.m. (recipient's time). In all other instances, notices, bills and payments shall be effective upon receipt by the recipient. Changes may be made in the names and addresses of the person to whom notices are to be given by giving notice pursuant to this paragraph.

13. Federal Requirements.

13.1 Contract Assurance.

The consultant, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The consultant shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted agreements. Failure by the consultant to carry out these requirements is a material breach of this agreement, which may result in the termination of this agreement or such other remedy as the recipient deems appropriate, which may include, but is not limited to: (1) Withholding monthly progress payments; (2) Assessing sanctions; (3) Liquidated damages; and/or (4) Disqualifying the contractor from future bidding as non-responsible.

13.2 Prompt Progress Payments to Subcontractors.

Attention is directed to Section 7108.5 of the California Business and Professions Code, which requires a prime contractor or subcontractor to pay any subcontractor not later than ten (10) days of receipt of each progress payment, unless otherwise agreed to in writing. In addition, federal regulations (Title 49 Code of Federal Regulations Part 26.29) require a prime contractor or subcontractor to pay a subcontractor no later than thirty (30) days of receipt of each payment, unless any delay or postponement of payment among the parties takes place only for good cause and with the prior written approval of County. Section 7108.5 of the California Business and Professions Code also contains enforcement actions and penalties. The requirements apply to both Disadvantaged Business Entities ("DBE") and non-DBE subcontractors. Consultant shall include the foregoing progress payment requirements in every subcontract entered into by Consultant in the performance of its obligations under this Agreement

13.3 Prompt Payment of Withheld Funds to Subcontractors.

No retainage will be held by the County from progress payments due the prime consultant. Any retainage held by the prime consultant or subconsultants from progress payments due subconsultants shall be promptly paid in full to subconsultants within 30 days after the subconsultant's work is satisfactorily completed. Federal law (49 CFR 26.29) requires that any delay or postponement of payment over the 30 days may take place only for good cause and with the Agency's prior written approval. Any violation of this provision shall subject the violating prime consultant or subconsultant to the penalties, sanctions and other remedies specified in Section 7108.5 of the Business and Professions Code. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to the prime consultant or subconsultant in the event of a dispute involving late payment or nonpayment by the prime consultant, deficient subconsultant performance, or noncompliance by a subconsultant. This provision applies to both DBE and non-DBE prime consultant and subconsultants.

13.4 Disadvantaged Business Enterprise (DBE) Participation.

- 13.4.1 This contract is subject to 49 CFR, Part 26 entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs". Consultants who obtain DBE participation on this contract will assist Caltrans in meeting its federally mandated statewide overall DBE goal.
- 13.4.2 A DBE participation goal will be established for each Task Order. Participation by DBE consultant or subconsultants shall be in accordance with information contained in the Consultant Proposal DBE Commitment (Exhibit 10-O1), or in the Consultant Contract DBE Information (Exhibit 10-O2) attached hereto and incorporated as part of the Contract. If a DBE subconsultant is unable to perform, Consultant must make a good faith effort to replace him/her with another DBE subconsultant, if the goal is not otherwise met.
- 13.4.3 DBEs and other small businesses, as defined in 49 CFR, Part 26 are encouraged to participate in the performance of contracts financed in whole or in part with federal funds. Consultant or subconsultant shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. Consultant shall carry out applicable requirements of 49 CFR, Part 26 in the award and administration of US DOT-assisted agreements. Failure by Consultant to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as County deems appropriate.
- 13.4.4 Any subcontract entered into as a result of this contract shall contain all of the provisions of this section.
- 13.4.5 A DBE firm may be terminated only with prior written approval from County and only for the reasons specified in 49 CFR 26.53(f). Prior to requesting County consent for the termination, Consultant must meet the procedural requirements specified in 49 CFR 26.53(f).
- 13.4.6 A DBE performs a Commercially Useful Function (CUF) when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a CUF, the DBE must also be responsible with respect to materials and supplies used

on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a CUF, evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the, contract is commensurate with the work it is actually performing, and other relevant factors.

- 13.4.7 A DBE does not perform a CUF if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, examine similar transactions, particularly those in which DBEs do not participate.
- 13.4.8 If a DBE does not perform or exercise responsibility for at least thirty percent (30%) of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of the contract than would be expected on the basis of normal industry practice for the type of work involved, it will be presumed that it is not performing a CUF.
- 13.4.9 Consultant shall maintain records of materials purchased or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE or vendor and the total dollar amount actually paid each DBE or vendor, regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE prime consultants shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.
- 13.4.10 Upon completion of the Contract, a summary of these records shall be prepared and submitted on the form entitled, "Final Report-Utilization of Disadvantaged Business Enterprise (DBE), First-Tier Subconsultants" CEM-2402F [Exhibit 17-F, of the LAPM], certified correct by Consultant or Consultant's authorized representative and shall be furnished to the Contract Administrator with the final invoice. Failure to provide the summary of DBE payments with the final invoice will result in twenty-five percent (25%) of the dollar value of the invoice being withheld from payment until the form is submitted. The amount will be returned to Consultant when a satisfactory "Final Report-Utilization of Disadvantaged Business Enterprises (DBE), First-Tier Subconsultants" is submitted to the Contract Administrator.
- 13.4.11 If a DBE subconsultant is decertified during the life of the contract, the decertified subconsultant shall notify Consultant in writing with the date of decertification. If a subconsultant becomes a certified DBE during the life of the Contract, the subconsultant shall notify Consultant in writing with the date of certification. Any changes should be reported to County's Contract Administrator within 30 days.

13.5 Prevailing Wage.

- 13.5.1 Consultant shall comply with the State of California's General Prevailing Wage Rate requirements in accordance with California Labor Code, Section 1770, and all Federal, State, and local laws and ordinances applicable to the work.

13.5.2 Any subcontract entered into as a result of this contract, if for more than \$25,000 for public works construction or more than \$15,000 for the alteration, demolition, repair, or maintenance of public works, shall contain all of the provisions of this Article, unless the awarding agency has an approved labor compliance program by the Director of Industrial Relations.

13.5.3 When prevailing wages apply to the services described in the scope of work, transportation and subsistence costs shall be reimbursed at the minimum rates set by the Department of Industrial Relations (DIR) as outlined in the applicable Prevailing Wage Determination. See <http://www.dir.ca.gov>.

Note: The Federal “Payment of Predetermined Minimum Wage” applies only to federal-aid construction contracts.

13.6 Text Messaging While Driving.

In accordance with Executive Order 13513, Federal Leadership on Reducing Text Messaging While Driving, and Department of Transportation Order 3902.10, Text Messaging While Driving, text messaging while driving is prohibited in the performance of any duties included in this agreement for both consultant and any sub-consultants hired for performance of duties under this Agreement. Consultant shall include a provision prohibiting texting while driving in all sub-consultant agreements entered into related to the performance of its obligations under this Agreement.

Definitions. The following definitions are to be used in conjunction with this section. “Driving”:

- 1) Means operating a motor vehicle on a roadway, including while temporarily stationary because of traffic, a traffic light, stop sign, or otherwise.
- 2) It does not include being in your vehicle (with or without the motor running) in a location off the roadway where it is safe and legal to remain stationary.

“Text Messaging” means reading from or entering data into any handheld or other electronic device, including for the purpose of short message service texting, e-mailing, instant messaging, obtaining navigational information, or engaging in any other form of electronic data retrieval or electronic data communication.

13.7 Buy America.

Furnish Steel and iron materials to be incorporated into the work with certificates of compliance. Steel and iron materials must be produced in the U.S. except:

- 1) Foreign pig iron and processed, pelletized, and reduced iron ore may be used in the domestic production of the steel and iron materials [60 Fed Reg 15478(3/24/1995)];
- 2) If the total combine cost of the materials does not exceed the great of 0.1 percent of the total bid or \$2,500, materials produced outside the U. S. may be used.

Production includes:

- 1) Processing steel and iron materials, including smelting or other processes that alter the physical form or shape (such as rolling, extruding, machining, bending, grinding, and drilling) or chemical composition;
- 2) Coating application, including epoxy coating, galvanizing, and painting, that protects or enhances the value of steel and iron materials.

13.8 Prohibition of Expending Local Agency, State or Federal funds for Lobbying.

13.8.1 Consultant certifies to the best of his or her knowledge and belief that:

- 1) No state, federal or County appropriated funds have been paid, or will be paid by- or-on behalf of Consultant to any person for influencing or attempting to influence an officer or employee of any state or federal agency; a Member of the State Legislature or United States Congress; an officer or employee of the Legislature or Congress; or any employee of a Member of the Legislature or Congress, in connection with the awarding of any state or federal contract; the making of any state or federal grant; the making of any state or federal loan; the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any state or federal contract, grant, loan, or cooperative agreement.
- 2) If any funds other than federal appropriated funds have been paid, or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency; a Member of Congress; an officer or employee of Congress, or an employee of a Member of Congress; in connection with this federal contract, grant, loan, or cooperative agreement; Consultant shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.

13.8.2 This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

13.8.3 Consultant also agrees by signing this document that he or she shall require that the language of this certification be included in all lower-tier subcontracts, which exceed \$100,000 and that all such sub recipients shall certify and disclose accordingly.

13.9 Cost Principles and Administrative Requirements.

13.9.1 Consultant agrees that the Contract Cost Principles and Procedures, 48 CFR, Federal Acquisition Regulations System, Chapter 1, Part 31.000 *et seq.*, shall be used to determine the cost allowability of individual items.

13.9.2 Consultant also agrees to comply with federal procedures in accordance with 2 CFR, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

- 13.9.3 Any costs for which payment has been made to CONSULTANT that are determined by subsequent audit to be unallowable under 2 CFR, Part 200 and 48 CFR, Federal Acquisition Regulations System, Chapter 1, Part 31.000 *et seq.*, are subject to repayment by Consultant to County.

13.10 Retention of Records/Audit.

For the purpose of determining compliance with Public Contract Code 10115, *et seq.* and Title 21, California Code of Regulations, Chapter 21, Section 2500 *et seq.*, when applicable and other matters connected with the performance of the contract pursuant to Government Code 8546.7; Consultant, subconsultants, and County shall maintain and make available for inspection all books, documents, papers, accounting records, and other evidence pertaining to the performance of the contract, including but not limited to, the costs of administering the contract. All parties shall make such materials available at their respective offices at all reasonable times during the contract period and for three years from the date of final payment under the contract. The state, State Auditor, County, FHWA, or any duly authorized representative of the Federal Government shall have access to any books, records, and documents of Consultant and its certified public accountants (CPA) work papers that are pertinent to the contract and indirect cost rates (ICR) for audit, examinations, excerpts, and transactions, and copies thereof shall be furnished if requested.

13.11 Audit Review Procedures.

- 13.11.1 Any dispute concerning a question of fact arising under an interim or post audit of this contract that is not disposed of by agreement, shall be reviewed by County's Chief Financial Officer.
- 13.11.2 Not later than 30 days after issuance of the final audit report, Consultant may request a review by County's Chief Financial Officer of unresolved audit issues. The request for review will be submitted in writing.
- 13.11.3 Neither the pendency of a dispute nor its consideration by County will excuse Consultant from full and timely performance, in accordance with the terms of this contract.
- 13.11.4 Consultant and subconsultant contracts, including cost proposals and ICR, are subject to audits or reviews such as, but not limited to, a contract audit, an incurred cost audit, an ICR Audit, or a CPA ICR audit work paper review. If selected for audit or review, the contract, cost proposal and ICR and related work papers, if applicable, will be reviewed to verify compliance with 48 CFR, Part 31 and other related laws and regulations. In the instances of a CPA ICR audit work paper review it is Consultant's responsibility to ensure federal, state, or local government officials are allowed full access to the CPA's work papers including making copies as necessary. The contract, cost proposal, and ICR shall be adjusted by Consultant and approved by County contract manager to conform to the audit or review recommendations. Consultant agrees that individual terms of costs identified in the audit report shall be incorporated into the contract by this reference if directed by County at its sole discretion. Refusal by Consultant to incorporate audit or review recommendations, or to ensure that the federal, state or local governments have access to CPA work papers, will be considered a breach of contract terms and cause for termination of the contract and disallowance

of prior reimbursed costs.

13.12 Subcontracting.

- 13.12.1 Nothing contained in this contract or otherwise, shall create any contractual relation between County and any subconsultant(s), and no subcontract shall relieve Consultant of its responsibilities and obligations hereunder. Consultant agrees to be as fully responsible to County for the acts and omissions of its subconsultant(s) and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by Consultant. CONSULTANT's obligation to pay its subconsultant(s) is an independent obligation from County's obligation to make payments to the Consultant.
- 13.12.2 Consultant shall perform the work contemplated with resources available within its own organization and no portion of the work pertinent to this contract shall be subcontracted without written authorization by County's Contract Administrator, except that, which is expressly identified in the approved Cost Proposal.
- 13.12.3 Consultant shall pay its subconsultants within ten (10) calendar days from receipt of each payment made to Consultant by County.
- 13.12.4 All subcontracts entered into as a result of this contract shall contain all the provisions stipulated in this contract to be applicable to subconsultants.
- 13.12.5 Any substitution of subconsultant(s) must be approved in writing by County's Contract Administrator prior to the start of work by the subconsultant(s).

13.13 Equipment Purchase.

- 13.13.1 Prior authorization in writing, by County's Contract Administrator shall be required before Consultant enters into any unbudgeted purchase order, or subcontract exceeding \$5,000 for supplies, equipment, or Consultant services. Consultant shall provide an evaluation of the necessity or desirability of incurring such costs.
- 13.13.2 For purchase of any item, service or consulting work not covered in Consultant's Cost Proposal and exceeding \$5,000 prior authorization by County's Contract Administrator; three competitive quotations must be submitted with the request, or the absence of bidding must be adequately justified.
- 13.13.3 Any equipment purchased as a result of this contract is subject to the following: "Consultant shall maintain an inventory of all nonexpendable property. Nonexpendable property is defined as having a useful life of at least two years and an acquisition cost of \$5,000 or more. If the purchased equipment needs replacement and is sold or traded in, County shall receive a proper refund or credit at the conclusion of the contract, or if the contract is terminated, Consultant may either keep the equipment and credit County in an amount equal to its fair market value, or sell such equipment at the best price obtainable at a public or private sale, in accordance with established County procedures; and credit County in an amount equal to the sales price. If Consultant elects to keep the equipment, fair market value shall be determined at Consultant expense, on the basis of a competent independent appraisal of such equipment. Appraisals shall be obtained from an appraiser mutually agreeable to by County and Consultant, if it is determined to sell

the equipment, the terms and conditions of such sale must be approved in advance by County.” 49 CFR, Part 18 requires a credit to Federal funds when participating equipment with a fair market value greater than \$5,000 is credited to the project.

14. Miscellaneous Provisions.

14.1 No Waiver of Breach.

The waiver by County of any breach of any term or promise contained in this Agreement shall not be deemed to be a waiver of such term or provision or any subsequent breach of the same or any other term or promise contained in this Agreement.

14.2 Construction.

To the fullest extent allowed by law, the provisions of this Agreement shall be construed and given effect in a manner that avoids any violation of statute, ordinance, regulation, or law. The parties covenant and agree that in the event that any provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated thereby. Consultant and County acknowledge that they have each contributed to the making of this Agreement and that, in the event of a dispute over the interpretation of this Agreement, the language of the Agreement will not be construed against one party in favor of the other. Consultant and County acknowledge that they have each had an adequate opportunity to consult with counsel in the negotiation and preparation of this Agreement.

14.3 Consent.

Wherever in this Agreement the consent or approval of one party is required to an act of the other party, such consent or approval shall not be unreasonably withheld or delayed.

14.4 No Third Party Beneficiaries.

Nothing contained in this Agreement shall be construed to create and the parties do not intend to create any rights in third parties.

14.5 Applicable Law and Forum.

This Agreement shall be construed and interpreted according to the substantive law of California, regardless of the law of conflicts to the contrary in any jurisdiction. Any action to enforce the terms of this Agreement or for the breach thereof shall be brought and tried in Santa Rosa or the forum nearest to the city of Santa Rosa, in the County of Sonoma.

14.6 Captions.

The captions in this Agreement are solely for convenience of reference. They are not a part of this Agreement and shall have no effect on its construction or interpretation.

14.7 Merger.

This writing is intended both as the final expression of the Agreement between the parties hereto with respect to the included terms and as a complete and exclusive statement of the terms of the Agreement, pursuant to Code of Civil Procedure Section 1856. No modification of this Agreement shall be effective unless and until such modification is evidenced by a writing signed

by both parties.

14.8 Survival of Terms.

All express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

14.9 Time of Essence.

Time is and shall be of the essence of this Agreement and every provision hereof.

14.10 Rebates, Kickback or Other Unlawful Consideration.

Consultant warrants that this contract was not obtained or secured through rebates kickbacks or other unlawful consideration, either promised or paid to any County employee. For breach or violation of this warranty, County shall have the right in its discretion; to terminate the contract without liability; to pay only for the value of the work actually performed; or to deduct from the contract price; or otherwise recover the full amount of such rebate, kickback or other unlawful consideration.

14.11 Funding Requirements.

14.11.1 It is mutually understood between the parties that this contract may have been written before ascertaining the availability of funds or appropriation of funds, for the mutual benefit of both parties, in order to avoid program and fiscal delays that would occur if the contract were executed after that determination was made.

14.11.2 This contract is valid and enforceable only, if sufficient funds are made available to County for the purpose of this contract. In addition, this contract is subject to any additional restrictions, limitations, conditions, or any statute enacted by the Congress, State Legislature, or County Board of Supervisors that may affect the provisions, terms, or funding of this contract in any manner.

14.11.3 It is mutually agreed that if sufficient funds are not appropriated, this contract may be amended to reflect any reduction in funds.

14.11.4 County has the option to void the contract under the 30-day termination clause pursuant to Article 4, or by mutual agreement to amend the contract to reflect any reduction of funds.

14.12 Evaluation of Consultant.

Consultant's performance will be evaluated by County. A copy of the evaluation will be sent to Consultant for comments. The evaluation together with the comments shall be retained as part of the contract record.

14.13 Claims Filed by County's Construction Contractor.

14.13.1 If claims are filed by County's construction contractor relating to work performed by Consultant's personnel, and additional information or assistance from Consultant's personnel is required in order to evaluate or defend against such claims; Consultant agrees to make its personnel available for consultation with County's construction contract administration and legal staff and for testimony, if necessary, at depositions and

at trial or arbitration proceedings.

- 14.13.2 Consultant's personnel that County considers essential to assist in defending against construction contractor claims will be made available on reasonable notice from County. Consultation or testimony will be reimbursed at the same rates, including travel costs that are being paid for Consultant's personnel services under this contract.
- 14.13.3 Services of Consultant's personnel in connection with County's construction contractor claims will be performed pursuant to a written contract amendment, if necessary, extending the termination date of this contract in order to resolve the construction claims.
- 14.13.4 Any subcontract in excess of \$25,000 entered into as a result of this contract, shall contain all of the provisions of this Article.

14.14 National Labor Relations Board Certification.

In accordance with Public Contract Code Section 10296, Consultant hereby states under penalty of perjury that no more than one final unappealable finding of contempt of court by a federal court has been issued against Consultant within the immediately preceding two-year period, because of Consultant's failure to comply with an order of a federal court that orders Consultant to comply with an order of the National Labor Relations Board.

14.15 Retention of Funds.

- 14.15.1 Any subcontract entered into as a result of this Contract shall contain all of the provisions of this section.
- 14.15.2 No retainage will be held by the County from progress payments due the prime consultant. Any retainage held by the prime consultant or subconsultants from progress payments due subconsultants shall be promptly paid in full to subconsultants within 30 days after the subconsultant's work is satisfactorily completed. Federal law (49 CFR 26.29) requires that any delay or postponement of payment over the 30 days may take place only for good cause and with the County's prior written approval. Any violation of this provision shall subject the violating prime consultant or subconsultant to the penalties, sanctions and other remedies specified in Section 7108.5 of the Business and Professions Code. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to the prime consultant or subconsultant in the event of a dispute involving late payment or nonpayment by the prime consultant, deficient subconsultant performance, or noncompliance by a subconsultant. This provision applies to both DBE and non-DBE prime consultant and subconsultants.

14.16 Contingent Fee.

Consultant warrants, by execution of this contract that no person or selling agency has been employed, or retained, to solicit or secure this contract upon an agreement or understanding, for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees, or bona fide established commercial or selling agencies maintained by Consultant for the purpose of securing business. For breach or violation of this warranty, County has the right to annul this contract without liability; pay only for the value of the work actually performed, or in its discretion to deduct from the contract price or consideration, or otherwise recover the full amount of such

commission, percentage, brokerage, or contingent fee.

14.17 Inspection of Work.

Consultant and any subconsultant shall permit County, the state, and the FHWA if federal participating funds are used in this contract; to review and inspect the project activities and files at all reasonable times during the performance period of this contract including review and inspection on a daily basis.

14.18 Safety.

14.18.1 Consultant shall comply with OSHA regulations applicable to Consultant regarding necessary safety equipment or procedures. Consultant shall comply with safety instructions issued by County Safety Officer and other County representatives. Consultant personnel shall wear hard hats and safety vests at all times while working on the construction project site.

14.18.2 Pursuant to the authority contained in Section 591 of the Vehicle Code, County has determined that such areas are within the limits of the project and are open to public traffic. Consultant shall comply with all of the requirements set forth in Divisions 11, 12, 13, 14, and 15 of the Vehicle Code. Consultant shall take all reasonably necessary precautions for safe operation of its vehicles and the protection of the traveling public from injury and damage from such vehicles

14.18.3 Any subcontract entered into as a result of this contract, shall contain all of the provisions of this Article.

Title: Out-of-State Travel Request – Airport Manager

Recommended Actions:

Approve out-of-state travel request – Airport Manager

Executive Summary:

The Department of Transportation and Public Works is seeking approval for one (1) out-of-state trip by the Airport Manager for Airport business for FY 17-18.

Discussion:

Pursuant to the Travel and Meal Reimbursement Policy (Administrative Policy #3-2) Department Heads are authorized to approve the first two (2) out-of-state trips and the County Administrator may approve a third out-of-state travel in a fiscal year. Subsequent out-of-state trips require Board of Supervisor's approval.

The Airport Manager is authorized for five (5) out-of-state trips for FY 17-18.

The Director of Transportation and Public Works authorized two out-of-state trips:

One trip to Las Vegas, NV to attend the American Association of Airport Executives Board Meeting and National Airports Conference to represent the Southwest Chapter of the American Association of Airport Executives from September 29-October 2, 2017; and

Two, a trip to Seattle, WA to attend meetings with route planners and the marketing department with Alaska Airlines to discuss schedule plans for 2018 from November 1-2, 2017.

The County Administrator authorized a third combined trip in Minneapolis, MN to meet with Sun Country Airlines and to Chicago, IL to meet with United Airlines at their headquarters to attend air service planning meetings to discuss schedules and plans for 2018 and to promote Denver service from November 27-29, 2017.

On December 12th, 2017, the Board of Supervisor's authorized two (2) additional trips for FY 17-18:

One trip to the American Association of Airport Executives Board of Directors meeting and Aviation Issues Conference in Kona, Hawaii, January 7-11, 2018 to fulfill the duties as President of the Southwest Chapter of the American Association of Airport Executives on the American Association of Airport Executives Board of Directors; and

A second trip to Washington, DC on March 19-22, 2018, to attend the American Association of Airport Executives Chapter Officers meeting and Legislative Conference. Also fulfilling duties as the President of the Southwest Chapter of the American Association of Airport Executives at the annual Chapter officers meeting, and to attend the Legislative conference to learn about legislative agenda for the coming year.

Although it is not uncommon for the Airport Manager to travel out-of-state during the course of business, this is an exceptionally high year for travel since the County now has four airlines and one-on-one meetings with individual airlines are essential to maintain good communications and to promote the Airport and market opportunities for service enhancements in Sonoma County. In addition, the Airport Manager is the President of the Southwest Chapter of the American Association of Airport Executives representing airports in California, Arizona, Nevada and Hawaii and in that role represents the Chapter at Chapter board meetings and conferences, national conferences, and American Association of Airport Executives board meetings. While the Airport Manager is traveling, he is available by phone and email and other Airport staff are available to handle on-site issues as they arise.

The Department of Transportation and Public Works is requesting that the Airport Manager be allowed one (1) additional out-of-state trip at the end of this fiscal year for the following purpose:

Attend the Airports Council International Jumpstart 2018 Conference in Cleveland, OH June 3 to 7, 2018. This conference will allow the Airport to secure up to ten (10) one-on-one meetings to develop and maintain relationships with current and potential airlines promoting market opportunities in Sonoma County.

Prior Board Actions:

12/12/17: Board authorized out-of-state travel for Airport Manager
12/13/16: Board authorized out-of-state travel for Airport Manager
10/4/16: Board authorized out-of-state travel for Airport Manager
3/15/16: Board authorized out-of-state travel for Airport Manager in FY 15-16

Strategic Plan Alignment Goal 2: Economic and Environmental Stewardship

Provides opportunities to meet with airlines on a one-to-one basis to discuss potential service opportunities and to gain the most recent industry information and discuss Airport needs with Federal officials. Also provides opportunities to promote Sonoma County tourism and businesses.

Title: Charles M. Schulz – Sonoma County Airport Consent to Lease Assignment

Recommended Actions:

Authorize the Chair to: (1) execute the consent to assignment by Cornerstone Properties II S, LLC, a California limited liability company assignment of its 1976 Lease for the property with borders west of N. Laughlin Rd, south of Airport Blvd and east of Flightline Dr. including three buildings and associated parking lot, to its affiliate, CPSA – Airport Industrial Park, LLC, a California limited liability company; and (2) authorize the Director of Transportation and Public Works to execute any other documents reasonably required to effect said consent to lease assignment.

Executive Summary:

Cornerstone Properties II S, LLC, a California limited liability company (“Assignor”) desires to assign to CPSA – Airport Industrial Park, LLC, a California limited liability company (“Assignee”) all of its right, title and interest in, to, and under the original lease dated October 20, 1976, which will be effective as of the date the Board of Supervisors consents to the assignment and assumption of the lease between the County and the Assignor. The Assignor and the Assignee are affiliated and this assignment does not involve a significant change of ownership. California Government Code §25537 establishes that the Board of Supervisors is the authority to execute leases (including amendments and assignments) of this duration and amount.

Discussion:

The County and National Controls, Inc., a Delaware corporation, entered into an Amended Airport Industrial Park Lease, dated November 18, 1977 (to correct and clarify the original Airport Park Lease dated October 20, 1976). The Lease was amended on March 7, 1978 and again on April 25, 1978, and was assigned by the lessee to American Property Investors VI, a Colorado limited partnership, later to American Real Estate Holdings Limited Partnership, a Delaware limited partnership. The final prior assignment of the lease was by American Real Estate Holdings Limited Partnership to Cornerstone

Properties II S, LLC, a California limited partnership. The lease was amended a third time on September 12, 2006 ("Lease"), which is the currently operative form of the agreement.

Cornerstone Properties II S, LLC, a California limited liability company desires to assign to CPSA – Airport Industrial Park, LLC, a California limited liability company all of its right, title and interest in, to, and under the current Lease and the Leased Premises. Under the terms of the document, the Assignment of Leasehold Interest will be effective as of the date the Board of Supervisors consents to the assignment and assumption of the lease.

The transfer of the lease requires the Consent of the County to be effective. County staff has reviewed the proposed assignment and determined that the transfer will not negatively impact the County's rights under the lease. The parties to this transfer are affiliates and this transfer does not involve a significant change of ownership. Accordingly, staff recommends the Board approve the proposed transfer and authorize the Chair to execute the consent to assignment, and authorize the Director of the Department of Transportation and Public Works to execute any additional documents necessary to complete the transfer.

CONSENT TO ASSIGNMENT AGREEMENT

This Consent to Assignment Agreement ("Consent") is made as of _____, 2018, by and among the COUNTY OF SONOMA, a political subdivision of the State of California ("County"), CORNERSTONE PROPERTIES II S, LLC, a California limited liability company ("Assignor"), and CPSA – AIRPORT INDUSTRIAL PARK, LLC, a California limited liability company ("Assignee"). County, Assignor and Assignee are sometimes collectively referred to herein as the "parties" and singularly, as "party."

RECITALS

This Consent is made with regard to the following facts:

A. County and National Controls, Inc., a Delaware corporation, entered into an Amended Airport Industrial Park Lease, dated November 18, 1977 (to correct and clarify the original Airport Park Lease dated October 20, 1976) and then entered in to an Amendment to Airport Industrial Park Lease, dated March 7, 1978, between County and National Controls, Inc., and then entered into a Second Amendment to Amended Airport Industrial Park Lease dated April 25, 1978, and as assigned by National Controls, Inc. to American Property Investors VI, a Colorado limited partnership, and as assigned by American Property Investors VI to American Real Estate Holdings Limited Partnership, a Delaware limited partnership, and as assigned by American Real Estate Holdings Limited Partnership to Cornerstone Properties II S, LLC, a California limited partnership and then entered into a Third Amendment to Amended Airport Industrial Lease, dated September 12, 2006 ("Lease"), for real property located at the Charles M. Schulz-Sonoma County Airport ("Airport") as more particularly described in Exhibit "A" attached hereto and hereafter referred to as the "Leased Premises."

B. Assignor desires to assign to Assignee all of its right, title, and interest in, to, and under the Lease and the Leased Premises under the provisions of the Assignment of Leasehold Interest effective as of the date the Board of Supervisors consents to the assignment and assumption of the lease contemplated herein, between Assignor and Assignee ("Assignment"), a copy of which is attached to this Consent as Exhibit "B".

C. Assignor and Assignee are affiliated and this transfer does not involve a significant change of ownership.

D. Assignor and Assignee desire to obtain County's consent to the Assignment and County is willing to consent to the Assignment on the following terms and conditions.

NOW, THEREFORE, in consideration of the mutual covenants contained in this Consent, and for valuable consideration, the receipt and sufficiency of which are acknowledged by the parties, the parties agree as follows.

AGREEMENT

1. Assumption and Limitation on Release. Except as provided below, effective on the date of Assignment, Assignee expressly assumes and agrees for the benefit of County to be bound by, and to perform and comply with, every obligation of Assignor under the Lease. Assignor hereby acknowledges and agrees that it continues to be liable for obligations arising under the Lease prior to the Assignment date.

2. Subsequent Assignments; Recapture. This Consent does not constitute consent to any subsequent subletting or assignment and does not relieve Assignee or any person claiming under or through Assignee of the obligation to obtain the consent of County of the Lease to any future assignment or sublease. Notwithstanding the foregoing, County may consent to subsequent sublettings and assignments of the Lease, or amend the Lease without notifying Assignor or anyone else liable under the Lease, including any guarantor of the Lease, and without obtaining their consent, and that action by County will not relieve those persons of liability.

3. Default under the Lease. In the event of any default of Assignee under the Lease, County may proceed directly against Assignee, any guarantors, or anyone else liable under the Lease without first exhausting County's remedies against any other person or entity liable under the Lease to County. Notwithstanding the foregoing, no act or omission of Assignee or anyone claiming under or through Assignee that violates any of the provisions of the Lease will be deemed a default under the Lease by Assignor.

4. General Provisions.

4.1 Assignment Conditioned on Accuracy of Provided Documents. In requesting County approval of the assignment, Assignor and Assignee have provided documents regarding Assignee's structure and assets, including, but not limited to, incorporation documents and an operating agreement. The Consent herein is conditioned on the accuracy and legitimacy of these documents and such Consent will be inoperative if these documents are substantially found to be materially false.

4.2 Consideration for Assignment. Assignor and Assignee represent and warrant that there are no additional payments of rent or any other monetary consideration of any type which has been paid or is payable by Assignee to Assignor in connection with the Assignment or the Premises,.

4.3 Brokerage Commission. Assignor and Assignee agree that County will not be liable for any brokerage commission or finder's fee in connection with the consummation of the Assignment or this Consent, Assignor and Assignee will protect, defend, indemnify and hold County harmless from any brokerage commission or finder's fee in connection with the consummation of the Assignment or this Consent, and from any cost or expense (including attorney fees) incurred by County in resisting any claim for any such brokerage commission or finder's fee. The provisions of this Section 4.3

shall survive the expiration or earlier termination of both the Assignment and this Consent.

4.4 Controlling Law. The terms and provisions of this Consent will be construed in accordance with and will be governed by the laws of the State of California.

4.5 Captions. Captions to the sections in this Consent are included for convenience only and do not modify any of the terms of this Consent.

4.6 Entire Agreement; Waiver. This Consent constitutes the final, complete and exclusive statement between the parties to this Consent pertaining to the terms of County's consent to the Assignment, supersedes all prior and contemporaneous understandings or agreements of the parties, and is binding on and inures to the benefit of their respective heirs, representatives, successors and assigns. No party has been induced to enter into this Consent by, nor is any party relying on, any representation or warranty outside those expressly set forth in this Consent. Any agreement made after the date of this Consent is ineffective to modify, waive, or terminate this Consent in whole or in part, unless that agreement is in writing, is signed by the parties to this Consent, and specifically states that agreement modifies this Consent.

4.7 Attorney Fees. If any party commences litigation against any other party for the specific performance of this Consent, for damages for the breach hereof or otherwise for enforcement of any remedy hereunder, the prevailing party shall be entitled to recover from the applicable party such costs and reasonable attorney fees as may have been incurred.

4.8 Waiver. Except as explicitly stated in this Consent, nothing contained in this Consent will be deemed or construed to modify, waive, impair, or affect any of the covenants, agreements, terms, provisions, or conditions contained in the Lease. In addition, the acceptance of rents by County from Assignee or anyone else liable under the Lease will not be deemed a waiver by County of any provisions of the Lease.

4.9 Notice. Any notice that may or must be given by any party under this Consent will be delivered (i) personally, (ii) by certified mail, return receipt requested, or (iii) by a nationally recognized overnight courier, addressed to the party to whom it is intended. Any notice given to County, Assignor or Assignee shall be sent to the respective address set forth below, or to such other address as that party may designate for service of notice by a notice given in accordance with the provisions of this provisions of this Section 4.9.

ASSIGNMENT AND ASSUMPTION AGREEMENT

9/14/2016

THIS ASSIGNMENT AND ASSUMPTION AGREEMENT dated _____ (the "Assignment"), is entered into by and between CORNERSTONE PROPERTIES II S, LLC, a California limited liability company ("Assignor"), and CPSA – AIRPORT INDUSTRIAL PARK, LLC, a California limited liability company ("Assignee").

WITNESSETH:

WHEREAS, Assignor is the tenant under that certain Amended Airport Industrial Park Lease dated November 18, 1977, as amended by that certain Amendment to Airport Industrial Park Lease dated March 7, 1978, as amended by that certain Second Amendment to Amended Airport Industrial Park Lease dated April 25, 1978, as amended by that certain Third Amendment to Amended Airport Industrial Park Lease dated September 12, 2006 (the "Ground Lease") between the County of Sonoma, a political subdivision of the State of California ("Landlord") and Assignor; and

WHEREAS, Assignor desires to assign its interest as tenant in the Ground Lease to Assignee, and Assignee desires to accept the assignment thereof.

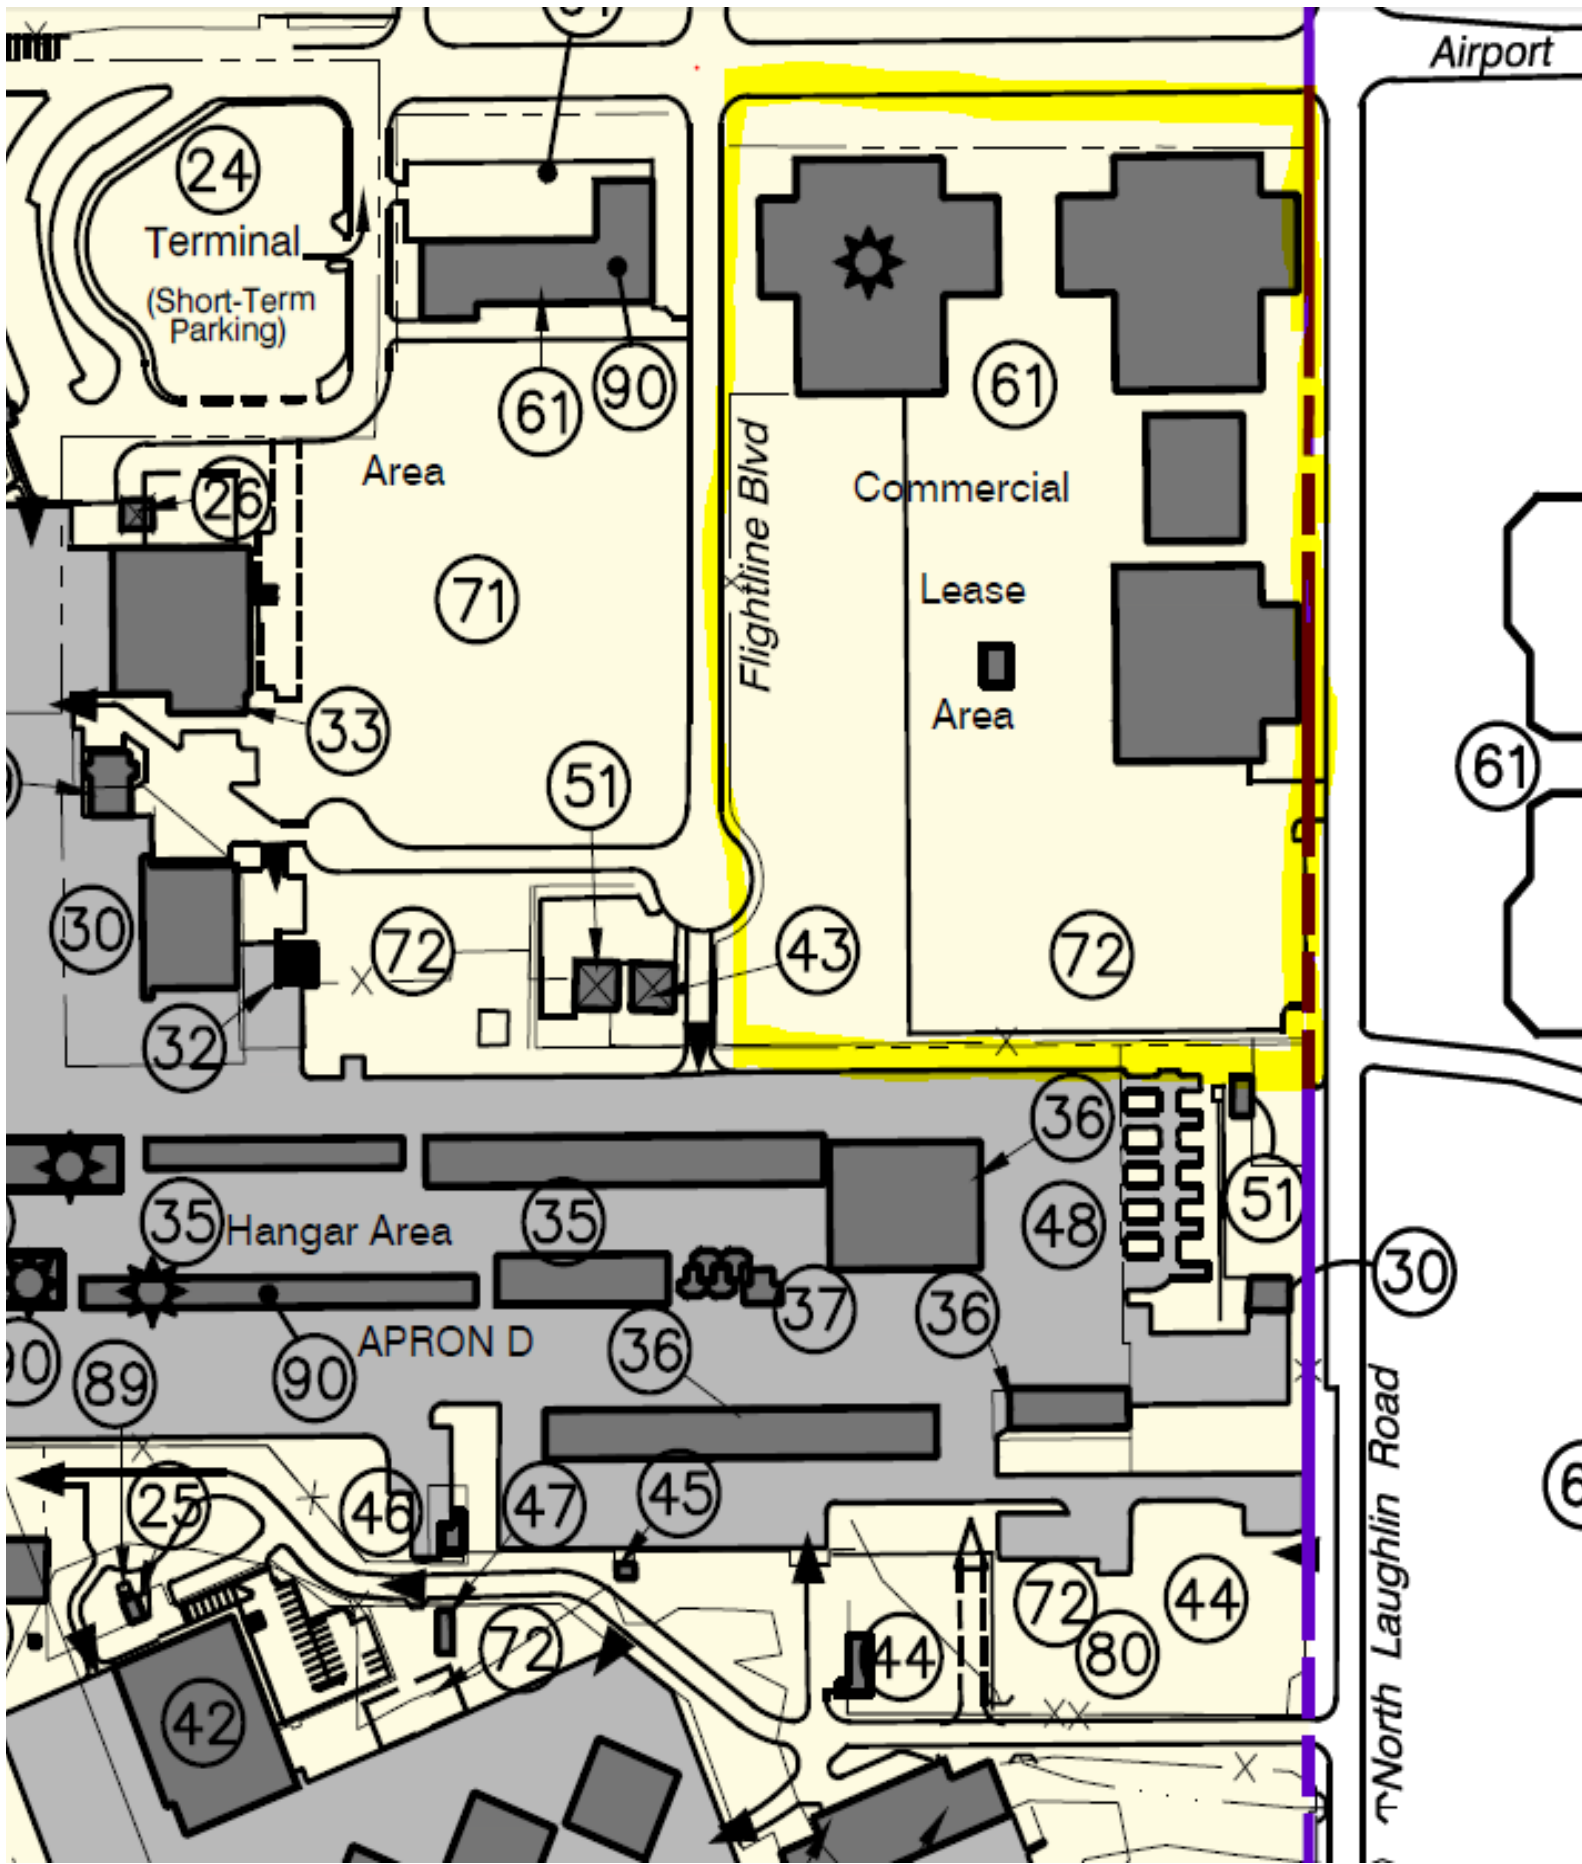

NOW, THEREFORE, in consideration of the promises and conditions contained herein, the parties hereby agree as follows:

1. Assignor hereby assigns to Assignee all of its right, title and interest in and to the Ground Lease.
2. Assignor represents and warrants, to the best of Assignor's knowledge, that, as of the date hereof:
 - (a) There are no current assignments of or agreements to assign the Ground Lease to any other party.
 - (b) The Ground Lease is in full force and effect and there exist no defaults on the part of Assignor thereunder, nor does Assignor have any actual knowledge of any defaults or any acts or events which with the passage of time or the giving of notice could become defaults thereunder on the part of the Landlord thereunder.
3. Assignor hereby agrees to indemnify Assignee against and hold Assignee harmless from any and all cost, liability, loss, damage or expense, including without limitation, reasonable attorneys' fees, originating prior to the date hereof and arising out of the failure of Assignor, prior to the date hereof, to perform Assignor's obligations under the Ground Lease.
4. Assignee hereby agrees to indemnify Assignor against and hold Assignor harmless from any and all cost, liability, loss, damage, expense, claims or causes of action (including but not limited to reasonable attorneys' fees), incurred by Assignor and originating as of or after the date of this Assignment and arising out of Assignee's failure to fully perform any and

all obligations and responsibilities under the Ground Lease, including but not limited to payment of rent.

5. This Assignment shall be binding on and inure to the benefit of the parties to it, their heirs, executors, administrators, successors in interest, and assigns.
6. If any term or provision of this Assignment shall be held invalid or unenforceable, the remainder of this Assignment shall not be affected.
7. No waiver or breach of any covenant or provision shall be deemed a waiver of any other covenant or provision, and no waiver shall be valid unless in writing and executed by the waiving party.
8. The singular form shall include the plural and vice versa. This Assignment shall not be construed as if it had been prepared by one of the parties, but rather as if both parties have prepared it. Unless otherwise indicated, all references to sections are to this Assignment.
9. This Assignment may be executed in one or more counterparts, each of which shall be deemed an original and all of which taken together shall constitute one and the same instrument.
10. This Assignment may not be amended or altered except by a written instrument executed by Assignor and Assignee.
11. Whenever requested to do so by the other party, each party shall execute, acknowledge, and deliver any further conveyances, assignments, confirmations, satisfactions, releases, powers of attorney, instruments of further assurance, approvals, consents, and any further instruments or documents that are necessary, expedient, or proper to complete any conveyances, transfers, sales, and assignments contemplated by this Assignment. In addition, each party shall do any other acts and execute, acknowledge, and deliver any requested documents in order to carry out the intent and purpose of this Assignment.
12. In the event of any litigation between Assignor and Assignee arising out of the obligations of the parties under this Assignment or concerning the meaning or interpretation of any provision contained herein, the losing party shall pay the prevailing party's costs and expenses of such litigation, including, without limitation, reasonable attorneys' fees.
13. Nothing in this Assignment, express or implied, is intended to confer upon any person, other than the parties and their respective successors and assigns, any rights or remedies.
14. This Assignment shall be governed and construed in accordance with California law.

Title: Award of Contract for the Charles M. Schulz – Sonoma County Airport Apron D Rehabilitation & Pavement Preservation

Recommended Actions:

1. Approve plans and specifications for the Airports Apron D Rehabilitation and Pavement Preservation
2. Award and authorize the Chair to execute a construction contract to the lowest responsible bidder, VSS International, Inc. in the amount of \$181,120 for Apron D Rehabilitation and Pavement Preservation within the Air Operations Area at the Charles M. Schulz – Sonoma County Airport, 2290 Airport Blvd, Santa Rosa.

Executive Summary:

Apron D and the Apron D Taxilane, situated in the Air Operations Area of Charles M. Schulz – Sonoma County Airport are an essential component of the Airport's day to day functions providing access for aircraft from Apron D to the Airport's main Taxiway. The effective life of the composition pavement of Apron D and its supporting Taxilane is more than 10 years old, which is the recommended life span of this pavement. The Apron D Rehabilitation and Pavement Preservation project would extend the life of the current Apron D composition another 5 or more years.

Discussion:

Airport Aprons serve multiple essential airport functions such as loading/unloading passengers, loading/unloading of cargo, refueling aircraft, parking aircraft, and aircraft maintenance. There are six aircraft parking aprons designated A through F at the Charles M. Schulz – Sonoma County Airport. Apron D is located on the south-east corner of the airport, north of Becker Blvd. and provides storage hangars (e.g., portable, shade, box, executive/corporate) primarily for general aviation aircraft domiciled at the Sonoma County Airport. Apron D has a corresponding Taxilane extending out to the main Airport Taxiway. Taxilanes are the portions of the aircraft parking area used for access between the Apron and the main Taxiways for landing and take-off.

Airport apron and taxilane composition pavements are constructed to support the extensive weight loads of aircraft and to guarantee a firm, stable, smooth, all-year, all-weather base surface. To ensure

the composition pavement's stability, the pavement must be adequate quality and thickness that it will not fail beneath the load of landed aircraft.

The average life of the Airport apron and taxilane pavement is approximately 10 years. Apron D and its corresponding Taxilane are already past their 10-year lifespan. In a February 2016 Airport Pavement Management System report, prepared by the Airport's primary civil engineering firm, Mead & Hunt, the pavement condition of Apron D was rated "Very Poor". By completing the Apron D Rehabilitation and Pavement Preservation project, the Airport will prevent potential catastrophic failure of the pavement and extend its useful life by another 5 years.

The Apron D Rehabilitation and Pavement Preservations project was advertised for bids from September 5th 2017 until October 16th, 2017. Along with posting the bid publicly, 41 bid invitations were sent to firms and builders exchanges. The bid request for this project included a Base Bid for Apron D pavement repair, surface preparation, and a combination microsurface seal/fog seal and pavement marking application. An Alternate Bid for the Apron D/Taxilane surface preparation, microsurface seal and pavement marking application was also included as part of the bid request.

One bid was received in response to the bid process from VSS International, Inc., located at 3785 Channel Dr., West Sacramento, CA. Total bid amount submitted was \$181,120. VSS International confirmed that their total quote of \$181,120 included both the Apron D Rehabilitation and Pavement Preservations Base Bid as well as the Alternate Bid for the Taxilane surface preparation, microsurface seal and pavement markings.

The engineer's estimate for the cost of the entire project including Base Bid (\$149,980) and the Alternate Bid (\$34,909.50) was \$184,889. VSS International, Inc. was the sole responsive bidder at \$181,120 (included both the Base Bid and Alternate Bids) which was \$3,769 below the engineer's estimate. Based on the amount and the fact that VSS International was the sole bidder, the Airport recommends awarding the contract to VSS International, Inc. The time lapse between bid opening and award was caused by the 2017 Complex Fires and the Contractor has agreed to hold the prices on the bid as submitted.

Once the Board has approved the contract award, the Apron D Rehabilitation and Pavement Preservation project should be completed within 3 weeks.

Strategic Plan Alignment Goal 3: Invest in the Future

This action supports the Airport's mission to successfully manage a key component of the County's transportation infrastructure and continue to be a significant contributor to a strong and diverse economy that supports job growth and job retention for Sonoma County. This action advocates for a well maintained transportation and facility network that promotes mobility, health and safety, connectivity and convenience.

Title: On-Call Engineering Design Services Agreements for Road and Bridge Infrastructure Improvement Projects

Recommended Actions:

1. Authorize the Chair to execute On-Call Agreements with 16 shortlisted Engineering Design Services consultants with a not-to-exceed amount of \$975,000 per Consultant and a combined not-to-exceed amount of \$15,600,000, with terms ending three years from the executed date.
2. Delegate to the Director the authority to execute on behalf of the County, individual Task Order(s) under the Agreement for any amount up to the not-to-exceed amounts for each Agreement; and
3. Delegate to the Director the authority to develop, amend and execute on behalf of the County, any documents necessary to administer the Agreement, including a form of Task Order; if such documents and any amendments thereto are in a form approved by County Counsel.

Executive Summary:

The storm events in January and February 2017 and fires in October 2017 caused considerable damage to County roads and roadway facilities. While the Department's Road Maintenance and Engineering Divisions responded admirably to these disasters, the Department does not have the staffing capacity to accommodate the multiple design projects that form part of the long-term recovery from these events. In addition these contracts will increase the Department's capacity to rapidly respond to future need. The Department may not use the full dollar amount of all contracts, and the request for Qualifications and Professional Services Agreement contain articles stating there is no guaranteed minimum quantity of work.

The Department of Transportation and Public Works (Department) is requesting the Board authorize the Chair to sign 32 on-call agreements with a shortlist of 16 Engineering Design consultants. There are 32 agreements for 16 consultants because each of the 16 consultants will sign two on-call agreements; one for work funded by Federal Highway dollars, and the other for work funded by FEMA:

1. Federal Highway Authority On-Call Agreement: The first agreement will be used for work funded locally, by the state, or by the Federal Highway Authority (FHWA).

2. Federal Emergency Management Agency (FEMA) On-Call Agreement: The second agreement will be used for work funded by Federal Emergency Management Agency (FEMA).

The not-to-exceed dollar amount of work that any one consultant can perform is \$975,000 total, regardless of whether the work proceeds under the FHWA on-call agreement or the FEMA on-call agreement. It was necessary to use two agreements and separate work funded by the Federal Highway Authority (FHWA) and FEMA to avoid potential conflict between competing regulations and requirements associated with the different sources of funding (FHWA and FEMA). Neither the FHWA version of the on-call agreement, nor the FEMA version of the on-call agreement guarantee any specific amount of work or dollar amount to any of the 16 consultants on the shortlist.

Discussion:

The Request for Qualifications to Provide On-Call Engineering Design Services was originally released on September 29, 2017 however, completion of the procurement process was heavily delayed by the October Wildfires. The modified schedule required proposals to be submitted by the end of November with the intent to evaluate and notify the shortlist by the end of December. The Department received 23 proposals and from these selected the 16 most qualified firms based on their past experience and qualifications, to be placed on the On-Call shortlist. A list of firms who submitted proposals, along with identification of those 16 proposers recommended is included with this Summary as "Attachment 1."

There were four main reasons behind the decision to seek an On-Call List of this nature:

1. Rapid response to disaster recovery: The January and February 2017 storms caused significant damage to county roads including slip-outs on roads such as Cazadero Highway, Old Cazadero Road, and Old Monte Rio Road.
2. Building long term capacity and resilience: Creation of this shortlist allows the Department to design infrastructure improvements and design local construction standards which increases capacity to respond to future needs, including emergencies. For example, having pre-approved, local construction standards will decrease the time it takes to design a slide repair for a specific road in Sonoma County and therefore shorten the time that the public has to wait for repairs to be made.
3. Delivering current infrastructure projects: Following the October Wildfires, the Board restated their commitment to delivering the much-needed road improvements that they began in 2012 and have so far committed \$67.4 million of General Fund and one-time dollars to pavement preservation, as well as, the ongoing bridge replacement program that will see 14 bridges retrofitted or replaced by 2023. The ongoing work to deliver this commitment requires the full capacity of the Department's road and bridge design sections. The additional focus on disaster recovery and resilience projects requires a rapid increase in the Department's staffing capacity, to work in these areas.
4. Additional technical expertise: The Department currently has several areas of technical expertise that are not available in-house. These include traffic engineering, hydrologic engineering and transportation planning. Several of the firms on the shortlist are experts in these specific fields and will supplement the Department's skillset.

The Request for Qualifications was prepared in accordance with the California Department of Transportation's (Caltrans) "Two-step" method. This means the procurement includes a general scope of duties from which firms write a proposal and develop a cost estimate.

Should the Board approve the execution of the on-call agreements as recommended, the Department will solicit individual projects from the shortlist using project-specific “Task Orders.” These Task Orders contain a specific scope of work and each shortlisted firm will have the opportunity to provide a detailed cost estimate based on the rates of compensation established in their original proposal. After reviewing responses from shortlisted firms, the Department will select a proposer and execute the individual Task Order for the project.

Though this method is time intensive at the beginning, it allows the Department to react quickly once the shortlist is established. A Request for Proposals can take from four to six months to go from proposal to executed contract however, a Task Order can be advertised and awarded in as little as two weeks. As an example, the Department estimates that this could make the difference between completing an emergency slide repair within 18 months of occurrence as opposed to a possible period of 3-5 months.

The Department anticipates that the first Task Orders will all relate to the FEMA funded sites from the January and February 2017 storms. FEMA funding for repair of these sites is time-limited and in order to meet their deadlines, the On-Call Design Services Agreements provide the Department with the necessary capacity, in lieu of in-house staff availability.

While the Department may not use the full \$15.6 million value of these agreements, they will provide critical capacity to deliver the infrastructure and recovery projects currently committed to, as well as for future disaster recovery efforts. If these agreements are not approved, timely completion of current and future FEMA-funded projects could be jeopardized.

Strategic Plan Alignment Goal 3: Invest in the Future

These agreements invest in the future by increasing the Department’s capacity to deliver current infrastructure improvements as well as delivering disaster recovery projects.

AGREEMENT FOR [CONSULTING/PROFESSIONAL] SERVICES

This agreement ("Agreement"), dated as of _____, 20__ (“Effective Date”) is by and between the County of Sonoma, a political subdivision of the State of California (hereinafter "County"), and Biggs Cardosa Associates Inc. (hereinafter "Consultant").

RECITALS

WHEREAS, Consultant represents that it is a duly qualified and licensed civil engineer, experienced in the preparation of Plans, Specifications and Estimates, and related services; and

WHEREAS, in the judgment of the Department of Transportation & Public Works, it is necessary and desirable to employ the services of Consultant for On-Call Engineering Design Services.

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual covenants contained herein, the parties hereto agree as follows:

AGREEMENT

I. Scope of Services.

1.1 Consultant's Specified Services.

Consultant shall perform the services, if any, described in Attachment “A,” attached hereto and incorporated herein by this reference (hereinafter "Cost Proposal"), and as more particularly described in the applicable Task Order assigning the specific project, and within the times or by the dates provided for in Attachment “A”, the applicable Task Order and pursuant to Article 7, Prosecution of Work.

1.2 Cooperation With County.

Consultant shall cooperate with County and County staff in the performance of all work hereunder.

1.3 Performance Standard.

Consultant shall perform all work hereunder in a manner consistent with the level of competency and standard of care normally observed by a person practicing in Consultant's profession. County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees to provide all services under this Agreement in accordance with generally accepted professional practices and standards of care, as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Contractor’s work by County shall not operate as a waiver or release. If County determines that any of Consultant's work is not in accordance with such level of competency and standard of care, County, in its sole discretion, shall have the right to do any or all of the following: (a) require

Consultant to meet with County to review the quality of the work and resolve matters of concern; (b) require Consultant to repeat the work at no additional charge until it is satisfactory; (c) terminate this Agreement pursuant to the provisions of Article 4; or (d) pursue any and all other remedies at law or in equity.

1.4 Assigned Personnel.

- 1.4.1 Consultant shall assign only competent personnel to perform work hereunder. In the event that at any time County, in its sole discretion, desires the removal of any person or persons assigned by Consultant to perform work hereunder, Consultant shall remove such person or persons immediately upon receiving written notice from County.
- 1.4.2 Any and all persons identified in this Agreement, any Exhibit or Attachment hereto, or any Task Order issued hereunder as the project manager, project team, or other professional performing work hereunder are deemed by County to be key personnel whose services were a material inducement to County to enter into this Agreement, and without whose services County would not have entered into this Agreement. Consultant shall not remove, replace, substitute, or otherwise change any key personnel without the prior written consent of County.
- 1.4.3 In the event that any of Consultant's personnel assigned to perform services under this Agreement become unavailable due to resignation, sickness or other factors outside of Consultant's control, Consultant shall be responsible for timely provision of adequately qualified replacements.

1.5 Consultant's Reports or Meetings.

- 1.5.1 Consultant shall submit progress reports on each specific project in accordance with the Task Order. These reports shall be submitted at least once a month. The report should be sufficiently detailed for County's Task Order Manager to determine, if Consultant is performing to expectations, or is on schedule; to provide communication of interim findings, and to sufficiently address any difficulties or special problems encountered, so remedies can be developed.
- 1.5.2 Consultant's Project Manager shall meet with County's Contract Administrator or Task Order Manager, as needed, to discuss progress on the project(s) or contract related issues.

1.6 Federal Requirements.

Task Orders under this Agreement may be funded by The Federal Emergency Management Agency (FEMA). Consultant shall comply with all applicable Federal Requirements attached hereto as Exhibit "A" – Federal Provisions.

2. Allowable Costs and Payments.

2.1 Method of payment.

Consultant will be reimbursed for hours worked at the hourly rates specified in Consultant's Cost Proposal (Attachment A). The specified hourly rates shall include direct salary costs, employee benefits, overhead, and fee. These rates are not adjustable for the performance period set forth in

this Agreement.

In addition, Consultant will be reimbursed for incurred (actual) direct costs other than salary costs that are in the cost proposal and identified in the cost proposal and in the executed Task Order.

2.2 Task Orders.

- 2.2.1 Specific projects will be assigned to Consultant through issuance of Task Orders.
- 2.2.2 After a project to be performed under this Agreement is identified by County, County will prepare a draft Task Order; less the cost estimate. A draft Task Order will identify the scope of services, expected results, project deliverables, period of performance, project schedule and will designate a County's Task Order Manager. The draft Task Order will be delivered to Consultant for review. Consultant shall return the draft Task Order within ten (10) calendar days along with a Cost Estimate, including a written estimate of the number of hours and hourly rates per staff person, any anticipated reimbursable expenses, overhead, fee if any, and total dollar amount. After agreement has been reached on the negotiable items and total cost; the finalized Task Order shall be signed by both County and Consultant.
- 2.2.3 Task Orders may be negotiated for a lump sum (Firm Fixed Price) or for specific rates of compensation, both of which must be based on the labor and other rates set forth in Consultant's Cost Proposal.
- 2.2.4 Consultant shall not commence performance of work or services until this Agreement has been approved by County, and notification to proceed has been issued by County's Task Order Manager. No payment will be made prior to approval or for any work performed prior to approval of this Agreement.
- 2.2.5 A Task Order is of no force or effect until returned to County and signed by an authorized representative of County. No expenditures are authorized on a project and work shall not commence until a Task Order for that project has been executed by County.
- 2.2.6 The period of performance for Task Orders shall be in accordance with dates specified in the Task Order. No Task Order will be written which extends beyond the expiration date of this Agreement.
- 2.2.7 The total amount payable by County for an individual Task Order shall not exceed the amount agreed to in the Task Order, unless authorized by contract amendment.
- 2.2.8 If the Consultant fails to satisfactorily complete a deliverable according to the schedule set forth in a Task Order, no payment will be made until the deliverable has been satisfactorily completed.
- 2.2.9 Task Orders may not be used to amend this Agreement and may not exceed the scope of work under this Agreement

2.3 Transportation & Subsistence.

Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal.

2.4 Milestone Costs.

When milestone cost estimates are included in the approved Cost Proposal, Consultant shall obtain prior written approval for a revised milestone cost estimate from the County's Task Order Manager before exceeding such cost estimate.

2.5 Progress Payments.

Progress payments for each Task Order will be made monthly in arrears based on services provided and actual costs incurred.

2.6 [RESERVED].

2.7 Invoices.

2.7.1 Consultant will be reimbursed, as promptly as fiscal procedures will permit upon receipt by County's Contract Administrator of itemized invoices. Separate invoices itemizing all costs are required for all work performed under each Task Order. Invoices shall be submitted no later than 45 calendar days after the performance of work for which Consultant is billing, or upon completion of the Task Order. Invoices shall detail the work performed on each milestone, on each project as applicable. Invoices shall follow the format stipulated for the approved Cost Proposal and shall reference this Agreement number, project title and Task Order number. Credits due County that include any equipment purchased under the provisions of Article 13.13 Equipment Purchase of this Agreement, must be reimbursed by Consultant prior to the expiration or termination of this Agreement. Invoices shall be mailed to County's Contract Administrator at the following address:

David Cameron
2300 County Center Drive, Suite B-100
Santa Rosa, CA 95403

2.7.2 In addition to compliance with the requirements of this Article 2, including Article 2.7.1 above, Consultant shall submit its bills in arrears on a monthly basis in a form approved by County's Auditor and the Head of the County Department receiving the services. The bills shall show or include: (i) the task(s) performed; (ii) the time in quarter hours devoted to the task(s); (iii) the hourly rate or rates of the persons performing the task(s); and (iv) copies of receipts for reimbursable materials/expenses, if any. Expenses not expressly authorized by the Agreement shall not be reimbursed, including a copy of all invoices paid to subcontractors for work required included in the prime consultant's invoice. Consultant shall submit the Subcontractor Payment Declaration with each invoice.

2.7.3 Unless otherwise noted in this Agreement, payments shall be made within the normal course of County business after presentation of an invoice in a form approved by the County for services performed. Payments shall be made only upon the satisfactory completion of the services as determined by the County.

2.8 Contract Value/Not-to-Exceed Compensation.

2.8.1 The total amount payable by County for all Task Orders issued under this Agreement shall not exceed \$975,000.00.

- 2.8.2 The not-to-exceed amount of \$975,000 set forth in section 2.8.1 is an aggregate not-to-exceed amount across this Agreement and an Agreement No. OC18-D1 with Consultant. Any compensation expended by County to pay Consultant under Agreement No. OC18-D1 will reduce the not-to-exceed amount set forth in section 2.8.1 of this Agreement by the same amount.
- 2.8.3 This Agreement and Agreement No. OC18-D1 will be administered by the County's Transportation and Public Works department to ensure that the total aggregate amount of compensation to Consultant across this Agreement and Agreement No. OC18-D1 does not exceed the amount set forth in section 2.8.1.
- 2.8.5 Consultant acknowledges, understands and agrees that there is no guarantee, either expressed or implied that the dollar amount set forth in section 2.8.1 or any portion thereof will be authorized under this Agreement through Task Orders.

2.9 Salary Increases.

Salary increases will be reimbursable if the new salary is within the salary range identified in the approved Cost Proposal and is approved by County's Contract Administrator.

For personnel subject to prevailing wage rates as described in the California Labor Code, all salary increases, which are the direct result of changes in the prevailing wage rates are reimbursable.

2.10 [RESERVED].

2.11 Taxes.

- 2.11.1 Consultant agrees to file federal and state tax returns and pay all applicable taxes on amounts paid pursuant to this Agreement and shall be solely liable and responsible to pay such taxes and other obligations, including, but not limited to, state and federal income and FICA taxes. Consultant agrees to indemnify and hold County harmless from any liability which it may incur to the United States or to the State of California as a consequence of Consultant's failure to pay, when due, all such taxes and obligations. In case County is audited for compliance regarding any withholding or other applicable taxes, Consultant agrees to furnish County with proof of payment of taxes on these earnings.
- 2.11.2 Pursuant to California Revenue and Taxation code (R&TC) Section 18662, the County shall withhold seven percent of the income paid to Consultant for services performed within the State of California under this agreement, for payment and reporting to the California Franchise Tax Board, if Consultant does not qualify as: (1) a corporation with its principal place of business in California, (2) an LLC or Partnership with a permanent place of business in California, (3) a corporation/LLC or Partnership qualified to do business in California by the Secretary of State, or (4) an individual with a permanent residence in the State of California.
- 2.11.3 If Consultant does not qualify, County requires that a completed and signed Form 587 be provided by the Consultant in order for payments to be made. If consultant is qualified, then the County requires a completed Form 590. Forms 587 and 590 remain valid for the duration of the Agreement provided there is no material change in facts. By signing either form, the contractor agrees to promptly notify the County of any changes in the

facts. Forms should be sent to the County pursuant to Article 12. To reduce the amount withheld, Consultant has the option to provide County with either a full or partial waiver from the State of California.

3. Term of Agreement.

3.1 Term.

This Agreement shall go into effect on (_____)contingent upon approval by County, and Consultant shall commence work after notification to proceed by County's Contract Administrator. The Agreement shall end on (_____), unless extended by amendment.

3.2 Task Order Term

The period of performance for each specific project shall be in accordance with the Task Order for that project. If work on a Task Order is in progress on the expiration date of this Agreement, the terms of the Agreement shall be extended by contract amendment.

4. Termination

4.1 Termination Without Cause

Notwithstanding any other provision of this Agreement, at any time and without cause, County shall have the right, in its sole discretion, to terminate this Agreement by giving 30 days written notice to Consultant.

4.2 Termination for Cause

Notwithstanding any other provision of this Agreement, should Consultant fail to perform any of its obligations hereunder, within the time and in the manner herein provided, or otherwise violate any of the terms of this Agreement, County may immediately terminate this Agreement by giving Consultant written notice of such termination, stating the reason for termination.

4.3 Delivery of Work Product and Final Payment Upon Termination

In the event of termination, Consultant, within 14 days following the date of termination, shall deliver to County all reports, original drawings, graphics, plans, studies, and other data or documents, in whatever form or format, assembled or prepared by Consultant or Consultant's subconsultants, consultants, and other agents in connection with this Agreement and shall submit to County an invoice showing the services performed, hours worked, and copies of receipts for reimbursable expenses up to the date of termination.

4.4 Payment Upon Termination.

Upon termination of this Agreement by County, Consultant shall be entitled to receive as full payment for all services satisfactorily rendered and reimbursable expenses properly incurred hereunder, an amount which bears the same ratio to the total payment specified in the Agreement as the services satisfactorily rendered hereunder by Consultant bear to the total services otherwise required to be performed for such total payment; provided, however, that if services which have been satisfactorily rendered are to be paid on a per-hour or per-day basis, Consultant shall be entitled to receive as full payment an amount equal to the number of hours or days actually worked

prior to the termination times the applicable hourly or daily rate; and further provided, however, that if County terminates the Agreement for cause pursuant to Section 4.2, County shall deduct from such amount the amount of damage, if any, sustained by County by virtue of the breach of the Agreement by Consultant.

4.5 Authority to Terminate

The Board of Supervisors has the authority to terminate this Agreement on behalf of the County. In addition, the County Counsel, shall have the authority to terminate this Agreement on behalf of the County.

5. Indemnification.

Consultant agrees to accept responsibility for loss or damage to any person or entity, including County, and to defend, indemnify, hold harmless, and release County, its officers, agents, and employees, from and against any actions, claims, damages, liabilities, disabilities, or expenses, that may be asserted by any person or entity, including Consultant, that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of Consultant or its agents, employees, contractors, subcontractors, or invitees hereunder, whether or not there is concurrent or contributory negligence on County's part, but, to the extent required by law, excluding liability due to County's conduct. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for Consultant or its agents, employees, contractors, subcontractors, or invitees under workers' compensation acts, disability benefits acts, or other employee benefit acts.

6. Insurance.

With respect to performance of work under this Agreement, Consultant shall maintain and shall require all of its subcontractors, consultants, and other agents to maintain, insurance as described in Attachment B, which is attached hereto and incorporated herein by this reference.

7. Prosecution of Work.

The execution of this Agreement shall constitute Consultant's authority to proceed immediately with the performance of this Agreement. Performance of the services hereunder shall be completed within the time required herein, provided, however, that if the performance is delayed by earthquake, flood, high water, or other Act of God or by strike, lockout, or similar labor disturbances, the time for Consultant's performance of this Agreement shall be extended by a number of days equal to the number of days Consultant has been delayed.

8. Extra or Changed Work.

Extra or changed work or other changes to the Agreement may be authorized only by written amendment to this Agreement, signed by both parties. Minor changes, which do not increase the amount paid under the Agreement, and which do not significantly change the scope of work or significantly lengthen time schedules may be executed by the Department Head in a form approved by County Counsel. The Board of Supervisors/Purchasing Agent must authorize all other extra or changed work. The parties expressly recognize that, pursuant to Sonoma County Code Section 1-11, County personnel are without authorization to order extra or changed work or waive Agreement requirements. Failure of Consultant to secure such written authorization for extra or changed work shall constitute a waiver of any and all right

to adjustment in the Agreement price or Agreement time due to such unauthorized work and thereafter Consultant shall be entitled to no compensation whatsoever for the performance of such work. Consultant further expressly waives any and all right or remedy by way of restitution and quantum meruit for any and all extra work performed without such express and prior written authorization of the County.

9. Representations of Consultant.

9.1 Standard of Care.

County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees that all its work will be performed and that its operations shall be conducted in accordance with generally accepted and applicable professional practices and standards as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Consultant's work by County shall not operate as a waiver or release.

9.2 Status of Consultant.

The parties intend that Consultant, in performing the services specified herein, shall act as an independent contractor and shall control the work and the manner in which it is performed. Consultant is not to be considered an agent or employee of County and is not entitled to participate in any pension plan, worker's compensation plan, insurance, bonus, or similar benefits County provides its employees. In the event County exercises its right to terminate this Agreement pursuant to Article 4, above, Consultant expressly agrees that it shall have no recourse or right of appeal under rules, regulations, ordinances, or laws applicable to employees.

9.3 No Suspension or Debarment. In addition to the requirements set forth in Exhibit "A" (Federal Requirements) and without limiting Consultant's obligation to fully comply with the requirements of Exhibit "A" (Federal Requirements), including the "Department and Suspension" requirements set forth in Section IV and Exhibit "A1" (Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Contractors), Consultant warrants that it is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in covered transactions by any federal department or agency. Consultant also warrants that it is not suspended or debarred from receiving federal funds as listed in the List of Parties Excluded from Federal Procurement or Non-procurement Programs issued by the General Services Administration. If the Consultant becomes debarred, consultant has the obligation to inform the County.

9.4 [RESERVED]

9.5 Records Maintenance.

In addition to the requirements set forth in Exhibit "A" (Federal Requirements) and without limiting Consultant's obligation to fully comply with the requirements of Exhibit "A" (Federal Requirements), including the "Access to Records" requirements set forth in Section III, Consultant shall keep and maintain full and complete documentation and accounting records concerning all services performed that are compensable under this Agreement and shall make such documents and records available to County for inspection at any reasonable time. Consultant shall maintain such records for a period of four (4) years following completion of work hereunder.

9.6 Conflict of Interest.

- 9.6.1 Consultant shall disclose any financial, business, or other relationship with County that may have an impact upon the outcome of this contract, or any ensuing County construction project. Consultant shall also list current clients who may have a financial interest in the outcome of this contract, or any ensuing County construction project, which will follow.
- 9.6.2 Consultant hereby certifies and covenants that it presently has no interest and that it will not acquire any interest, direct or indirect, that represents a financial conflict of interest under state law or that would otherwise conflict in any manner or degree with the performance of its services hereunder. Consultant further covenants that in the performance of this Agreement no person having any such interests shall be employed. In addition, if requested to do so by County, Consultant shall complete and file and shall require any other person doing work under this Agreement to complete and file a "Statement of Economic Interest" with County disclosing Consultant's or such other person's financial interests..
- 9.6.3 Consultant hereby certifies that neither Consultant, nor any firm affiliated with Consultant will bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting from this contract. An affiliated firm is one, which is subject to the control of the same persons through joint-ownership, or otherwise.
- 9.6.4 Except for subconsultants whose services are limited to providing surveying or materials testing information, no subconsultant who has provided design services in connection with this contract shall be eligible to bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting from this contract.

9.7 Statutory Compliance.

Contractor agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly agrees, on behalf of itself and on behalf of all its agents, employees, subconsultants, and subcontractors, to comply with the federal requirements set forth in Exhibit "A" (Federal Requirements) attached to this Agreement..

9.8 Living Wage Ordinance.

- 9.8.1 Consultant agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies, including but not limited to the County of Sonoma Living Wage Ordinance, applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly acknowledges and agrees that this Agreement is subject to the provisions of Article XXVI of Chapter 2 of the Sonoma County Code, requiring payment of a living wage to covered employees. Noncompliance during the term of the Agreement will be considered a material breach and may result in termination of the Agreement or pursuit of other legal or administrative remedies.

9.8.2 Notwithstanding the requirement of section 9.8.1 that Consultant comply with the County of Sonoma Living Wage Ordinance (Sonoma County Code Chapter 2, Article XXVI), none of the Living Wage Ordinance's local preference requirements shall be used to select or otherwise apply to Consultant.

9.9 Nondiscrimination.

In addition to the requirements set forth in Exhibit "A" (Federal Requirements) and without limiting Consultant's obligation to fully comply with the requirements of Exhibit "A" (Federal Requirements), including the "Equal Employment Opportunity Compliance" requirements set forth in Section VI, and without limiting any other provision in this Agreement, Consultant shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination in employment because of race, color, ancestry, national origin, religion, sex, marital status, age, medical condition, pregnancy, disability, sexual orientation or other prohibited basis, including without limitation, the County's Non-Discrimination Policy. All nondiscrimination rules or regulations required by law to be included in this Agreement are incorporated herein by this reference.

9.10 [RESERVED]

9.11 AIDS Discrimination.

Consultant agrees to comply with the provisions of Chapter 19, Article II, of the Sonoma County Code prohibiting discrimination in housing, employment, and services because of AIDS or HIV infection during the term of this Agreement and any extensions of the term.

9.12 Assignment of Rights.

In addition to the requirements and rights afforded to FEMA set forth in Exhibit "A" (Federal Requirements) and without limiting Consultant's obligation to fully comply with the requirements of Exhibit "A" (Federal Requirements) and to afford FEMA such rights, including the "Notice of Requirements Pertaining to Copyrights" set forth in Section XI and the "Patent Rights" set forth in Section XII, Consultant assigns to County all rights throughout the world in perpetuity in the nature of copyright, trademark, patent, right to ideas, in and to all versions of the plans and specifications, if any, now or later prepared by Consultant in connection with this Agreement. Consultant agrees to take such actions as are necessary to protect the rights assigned to County in this Agreement, and to refrain from taking any action which would impair those rights. Consultant's responsibilities under this provision include, but are not limited to, placing proper notice of copyright on all versions of the plans and specifications as County may direct, and refraining from disclosing any versions of the plans and specifications to any third party without first obtaining written permission of County.

Consultant shall not use or permit another to use the plans and specifications in connection with this or any other project without first obtaining written permission of County.

9.13 Ownership and Disclosure of Work Product.

All reports, original drawings, graphics, plans, studies, and other data or documents ("documents"), in whatever form or format, assembled or prepared by Consultant or Consultant's subcontractors, consultants, and other agents in connection with this Agreement shall be the property of County. County shall be entitled to immediate possession of such documents upon completion of the work pursuant to this Agreement. Upon expiration or termination of this

Agreement, Consultant shall promptly deliver to County all such documents, which have not already been provided to County in such form or format, as County deems appropriate. Such documents shall be and will remain the property of County without restriction or limitation. Consultant may retain copies of the above- described documents but agrees not to disclose or discuss any information gathered, discovered, or generated in any way through this Agreement without the express written permission of County.

9.14 Authority.

The undersigned hereby represents and warrants that he or she has authority to execute and deliver this Agreement on behalf of Consultant.

9.15 Prevailing Wage.

- 9.15.1 Consultant shall comply with the State of California's General Prevailing Wage Rate requirements in accordance with California Labor Code, Section 1770, and all Federal, State, and local laws and ordinances applicable to the work.
- 9.15.2 Any subcontract entered into as a result of this contract, if for more than \$25,000 for public works construction or more than \$15,000 for the alteration, demolition, repair, or maintenance of public works, shall contain all of the provisions of this Article, unless the awarding agency has an approved labor compliance program by the Director of Industrial Relations.
- 9.15.3 When prevailing wages apply to the services described in the scope of work, transportation and subsistence costs shall be reimbursed at the minimum rates set by the Department of Industrial Relations (DIR) as outlined in the applicable Prevailing Wage Determination. See <http://www.dir.ca.gov>.

10. Demand for Assurance.

Each party to this Agreement undertakes the obligation that the other's expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arise with respect to the performance of either party, the other may in writing demand adequate assurance of due performance and until such assurance is received may, if commercially reasonable, suspend any performance for which the agreed return has not been received. "Commercially reasonable" includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding thirty (30) days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance. Nothing in this Article limits County's right to terminate this Agreement pursuant to Article 4.

11. Assignment and Delegation.

Neither party hereto shall assign, delegate, sublet, or transfer any interest in or duty under this Agreement without the prior written consent of the other, and no such transfer shall be of any force or effect whatsoever unless and until the other party shall have so consented.

12. Method and Place of Giving Notice, Submitting Bills and Making Payments.

All notices, bills, and payments shall be made in writing and shall be given by personal delivery or by U.S. Mail or courier service. Notices, bills, and payments shall be addressed as follows:

To County:

Sonoma County Department of Transportation and Public Works
Attn: David Cameron
2300 County Center Drive, Suite B-100 Santa Rosa, CA 95403
(707) 565-2231

When a notice, bill or payment is given by a generally recognized overnight courier service, the notice, bill or payment shall be deemed received on the next business day. When a copy of a notice, bill or payment is sent by facsimile or email, the notice, bill or payment shall be deemed received upon transmission as long as (1) the original copy of the notice, bill or payment is promptly deposited in the U.S. mail and postmarked on the date of the facsimile or email (for a payment, on or before the due date), (2) the sender has a written confirmation of the facsimile transmission or email, and (3) the facsimile or email is transmitted before 5 p.m. (recipient's time). In all other instances, notices, bills and payments shall be effective upon receipt by the recipient. Changes may be made in the names and addresses of the person to whom notices are to be given by giving notice pursuant to this paragraph.

13. Miscellaneous Provisions.

13.1 No Waiver of Breach.

The waiver by County of any breach of any term or promise contained in this Agreement shall not be deemed to be a waiver of such term or provision or any subsequent breach of the same or any other term or promise contained in this Agreement.

13.2 Construction.

To the fullest extent allowed by law, the provisions of this Agreement shall be construed and given effect in a manner that avoids any violation of statute, ordinance, regulation, or law. The parties covenant and agree that in the event that any provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated thereby. Consultant and County acknowledge that they have each contributed to the making of this Agreement and that, in the event of a dispute over the interpretation of this Agreement, the language of the Agreement will not be construed against one party in favor of the other.

Consultant and County acknowledge that they have each had an adequate opportunity to consult with counsel in the negotiation and preparation of this Agreement.

13.3 Consent.

Wherever in this Agreement the consent or approval of one party is required to an act of the other party, such consent or approval shall not be unreasonably withheld or delayed.

13.4 No Third Party Beneficiaries.

Nothing contained in this Agreement shall be construed to create and the parties do not intend to create any rights in third parties.

13.5 Applicable Law and Forum.

This Agreement shall be construed and interpreted according to the substantive law of California, regardless of the law of conflicts to the contrary in any jurisdiction. Any action to enforce the terms of this Agreement or for the breach thereof shall be brought and tried in Santa Rosa or the forum nearest to the city of Santa Rosa, in the County of Sonoma.

13.6 Captions.

The captions in this Agreement are solely for convenience of reference. They are not a part of this Agreement and shall have no effect on its construction or interpretation.

13.7 Merger.

This writing is intended both as the final expression of the Agreement between the parties hereto with respect to the included terms and as a complete and exclusive statement of the terms of the Agreement, pursuant to Code of Civil Procedure Section 1856. No modification of this Agreement shall be effective unless and until such modification is evidenced by a writing signed by both parties.

13.8 Survival of Terms.

All express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

13.9 Time of Essence.

Time is and shall be of the essence of this Agreement and every provision hereof.

13.10 Claims Filed by County's Construction Contractor.

13.10.1 If claims are filed by County's construction contractor relating to work performed by Consultant's personnel, and additional information or assistance from Consultant's personnel is required in order to evaluate or defend against such claims; Consultant agrees to make its personnel available for consultation with County's construction contract administration and legal staff and for testimony, if necessary, at depositions and at trial or arbitration proceedings.

13.10.2 Consultant's personnel that County considers essential to assist in defending against construction contractor claims will be made available on reasonable notice from County. Consultation or testimony will be reimbursed at the same rates, including travel costs that

are being paid for Consultant's personnel services under this contract.

13.10.3 Services of Consultant's personnel in connection with County's construction contractor claims will be performed pursuant to a written contract amendment, if necessary, extending the termination date of this contract in order to resolve the construction claims.

13.10.4 Any subcontract in excess of \$25,000 entered into as a result of this contract, shall contain all of the provisions of this Article.

14. Attachments & Exhibits.

The following Attachments and Exhibits appended to this Agreement are hereby incorporated by reference as if fully set forth herein.

14.1 List of Attachments.

Attachment A – Cost Proposal

Attachment B – Insurance Requirements

Exhibit A – Federal Requirements

14.2 Order of Precedence.

In the event of any conflict between the Attachments and this Agreement, the Agreement shall control. Notwithstanding the foregoing, in the event of any conflict between the Agreement and the Federal Requirements set forth in Exhibit "A", the Federal Requirements set forth in Exhibit "A" shall control.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the Effective Date.

Exhibit “A”
FEDERAL PROVISIONS

I. DEFINITIONS

- A. Government** means the United States of America and any executive department or agency thereof.
- B. FEMA** means the Federal Emergency Management Agency.
- C. Third Party Subcontract** means a subcontract at any tier entered into by Consultant or subconsultant, financed in whole or in part with Federal assistance originally derived from the Federal Emergency Management Agency.

II. FEDERAL REQUIREMENTS AND CHANGES

- A.** This is an acknowledgement that FEMA financial assistance will be used to fund the contract only. The consultant will comply with all applicable federal law, regulations, executive orders , FEMA policies, procedures, and directives.
- B.** Consultant shall at all times comply with all applicable regulations, policies, procedures, and FEMA Directives as they may be amended or promulgated from time to time during the term of this Agreement, including but not limited to those requirements of 2 CFR 200.317 through 200.326 and more fully set forth in Appendix II to Part 200—Contract Provisions for non–Federal Entity Contracts Under Federal Awards, which is included herein by reference. Consultant's failure to so comply shall constitute a material breach of this contract.
- C.** The Consultant agrees to include the above clause in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

III. ACCESS TO RECORDS

- A.** The Consultant agrees to provide the County, FEMA, the Comptroller General of the United States or any their authorized representatives access to any books, documents, papers, and records of the Consultant which are directly pertinent to this Agreement for the purposes of making audits, examinations, excerpts, and transcriptions.
- B.** The Consultant agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.
- C.** The Consultant agrees to maintain all books, records, accounts, and reports required under this Agreement for a period of not less than three years after the later of: (a) the date of termination or expiration of this Agreement or (b) the date County makes final payment under this Agreement, except in the event of litigation or settlement of claims arising from the performance of this Agreement, in which case, Consultant agrees to maintain same until the County, FEMA, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims, or exceptions related thereto.
- D.** The requirements set for in paragraphs A, B, and C above are all in addition to, and should not be considered to be in lieu of, those requirements set forth in Section 21 of the Agreement.

IV. DEBARMENT AND SUSPENSION

- A.** This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the Consultant is required to verify that none of the Consultant, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).
- B.** Consultant represents and warrants that it is not debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, "Debarment and Suspension" or on the USEPA's List of Violating Facilities. Consultant agrees that neither Consultant nor any of its third party subconsultants shall enter into any third party subcontracts for any of the work under this Agreement with a third party subconsultant who is debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs under executive Order 12549 or on the USEPA's List of Violating Facilities. Gov. Code § 4477.
- C.** The Consultant must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into. Consultant agrees to the provisions of Exhibit A1, Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion— Lower Tier Covered Transactions, attached hereto and incorporated herein. For purposes of this Agreement and Exhibit A1, Consultant is the "prospective lower tier participant."
- D.** The Consultant agrees to include paragraphs A and B above in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the paragraphs shall not be modified, except to identify the subconsultant who will be subject to its provisions.
- E.** This certification is a material representation of fact relied upon by County. If it is later determined that the Consultant did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the State of California, the County, and the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.
- F.** The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions."

V. NO FEDERAL GOVERNMENT OBLIGATIONS TO CONSULTANT

- A.** The County and Consultant acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Government, the Government is not a party to this contract and shall not be subject to any obligations or liabilities to the County, Consultant, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.
- B.** The Consultant agrees to include the above clause in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

VI. EQUAL EMPLOYMENT OPPORTUNITY COMPLIANCE (applicable to all construction contracts awarded meeting the definition of “federally assisted construction contract” under 41 CFR 61-1.3)

Consultant agrees to comply with Executive Order 11246 of September 24, 1965, entitled “Equal Employment Opportunity,” as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR Part 60). 41 CFR 60.14 is hereby incorporated by reference.

- A.** Consultants and subconsultants shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, sexual orientation, physical disability (including HIV and AIDS), mental disability, medical condition (cancer), age (over 40), marital status, and denial of family care leave.
- B.** Consultants, and subconsultants shall ensure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment.
- C.** Consultants and subconsultants shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code, § 12990 (a-f) et seq.) and the applicable regulations promulgated thereunder (California Code of Regulations, Title 2, Section 7285 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations, are incorporated into this Agreement by reference and made a part hereof as if set forth in full.
- D.** Consultants, and subconsultants shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.

VII. ANTI-KICKBACK ACT COMPLIANCE (applicable to all contracts and subgrants for construction or repair; 44 CFR §13.36(i)(4))

Consultant agrees to comply with the Copeland “Anti-Kickback” Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 3).

VIII. DAVIS-BACON ACT COMPLIANCE (applicable to construction contracts in excess of \$2,000 awarded by grantees and subgrantees when required by Federal grant program legislation;)

To the extent required by any Federal grant programs applicable to expected funding or reimbursement of County’s expenses incurred in connection with the services provided under this Agreement, Consultant agrees to comply with the Davis-Bacon Act (40 U.S.C. 276a to 276a-7) as supplemented by Department of Labor regulations (29 CFR Part 5) as set forth below. These requirements are in addition to the requirements set forth in Section 19(b) of the Agreement.

- A.** The Consultant shall be bound to the provisions of the Davis-Bacon Act, and agrees to be bound by all the provisions of Labor Code section 1771 regarding prevailing wages. All labor on this project shall be paid neither less than the greater of the minimum wage rates established by the U.S. Secretary of Labor (Federal Wage Rates), or by the State of

California Director of Department of Industrial Relations (State Wage Rates). Current DIR requirements may be found at <http://www.dir.ca.gov/lcp.asp>.

- B. The general prevailing wage rates may be accessed at the Department of Labor Home Page at www.wdol.gov. Under the Davis Bacon heading, click on “Selecting DBA WDs.” In the drop down menu for State, select, “California.” In the drop down menu for County, select “Sonoma.” In the drop down menu for Construction Type, make the appropriate selection. Then, click Search.

IX. CONTRACT WORK HOURS AND SAFETY STANDARDS (applicable to all contracts in excess of \$100,000 that involve the employment of mechanics or laborers, but not to purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence)

- A. **Compliance:** Consultant agrees that it shall comply with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–330) as supplemented by Department of Labor regulations (29 CFR Part 5), which are incorporated herein.
- B. **Overtime:** No Consultant or subconsultant contracting for any part of the work under this Agreement which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
- C. **Violation; liability for unpaid wages; liquidated damages:** In the event of any violation of the provisions of Paragraph B, the Consultant and any subconsultant responsible therefore shall be liable to any affected employee for his unpaid wages. In additions, such Consultant and subconsultant shall be liable to the United States for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic employed in violation of the provisions of paragraph B in the sum of \$10 for each calendar day on which such employee was required or permitted to be employed on such work in excess of eight hours or in excess of his standard workweek of forty hours without payment of the overtime wages required by paragraph B.
- D. **Withholding for unpaid wages and liquidated damages:** The County shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Consultant or subconsultant under any such contract or any other Federal contract with the same prime Consultant, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Consultant, such sums as may be determined to be necessary to satisfy any liabilities of such Consultant or subconsultant for unpaid wages and liquidated damages as provided in the clause set for in paragraph C of this section.
- E. **Subcontracts:** The Consultant or subconsultant shall insert in any subcontracts the clauses set forth in paragraphs A through D of this section and also a clause requiring the subconsultants to include these clauses in any lower tier subcontracts. The prime Consultant shall be responsible for compliance by any subconsultant or lower tier subconsultant with the clauses set forth in paragraphs A through D of this section.

X. NOTICE OF REPORTING REQUIREMENTS

- A. Consultant acknowledges that it has read and understands the reporting requirements of FEMA in Part III of Chapter 11 of the United States Department of Justice’s Office of Justice Programs Financial Guide, and agrees to comply with any such applicable requirements.
- B. The Consultant agrees to include the above clause in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

 - 2) Any rights of copyright to which Consultant purchases ownership with the assistance of funds provided under this Agreement.
- B. The Consultant agrees to include paragraph A above in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

XII. PATENT RIGHTS (applicable to contracts for experimental, research, or development projects financed by FEMA; 44 CFR §13.36(i)(8))

- A. General. If any invention, improvement, or discovery is conceived or first actually reduced to practice in the course of or under this Agreement, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the County and Consultant agree to take actions necessary to provide immediate notice and a detailed report to FEMA.
- B. Unless the Government later makes a contrary determination in writing, irrespective of Consultant's status (a large business, small business, state government or state instrumentality, local government, nonprofit organization, institution of higher education, individual), the County and Consultant agree to take the necessary actions to provide, through FEMA, those rights in that invention due the Federal Government as described in U.S. Department of Commerce regulations, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” 37 CFR, Part 401.
- C. The Consultant agrees to include paragraphs A and B above in each third party subcontract for experimental, developmental, or research work financed in whole or in part with Federal assistance provided by FEMA.

XIII. ENERGY CONSERVATION REQUIREMENTS

- A. The Consultant agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 USC 6201).

B. The Consultant agrees to include paragraph A above in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

XIV. CLEAN AIR AND WATER REQUIREMENTS (applicable to all contracts and subcontracts in excess \$100,000, including indefinite quantities where the amount is expected to exceed \$100,000 in any year)

A. Consultant agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387), and will report violations to FEMA and the Regional Office of the Environmental Protection Agency (EPA).

B. Consultant agrees to report each violation of these requirements to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to FEMA and the appropriate EPA regional office.

C. The Consultant agrees to include paragraph A and B above in each third party subcontract exceeding \$100,000 financed in whole or in part with Federal assistance provided by FEMA.

XV. TERMINATION FOR CONVENIENCE OF COUNTY (applicable to all contracts in excess of \$10,000)

See Paragraph 4.1 of the Agreement.

XVI. TERMINATION FOR DEFAULT (applicable to all contracts in excess of \$10,000)

Consultant's failure to perform or observe any term, covenant or condition of this Agreement shall constitute an event of default under this Agreement. See Paragraph 4.2 of the Agreement.

XVII. CHANGES.

See Paragraph 8 of the Agreement.

XVIII. LOBBYING (Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended).)

A. Consultant shall not use or pay any funds received under this Agreement to influence or attempt to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

B. Consultant agrees to the provisions of Exhibit A2, Certification Regarding Lobbying, attached hereto and incorporated herein (applicable for contracts or subcontracts in excess of \$100,000).

- C. Consultant agrees to include paragraphs A and B above in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

XIX. MBE / WBE REQUIREMENTS

The County intends to seek reimbursement of its costs incurred in connection with this project from FEMA. Accordingly, the CONSULTANT shall make every effort to procure Minority and Women's Business Enterprises ("DBEs") through the "Good Faith Effort" process as required in 2 CFR 200.321. Failure to perform the "Good Faith Effort" process and submit the forms listed below with the bid shall be cause for a bid to be rejected as non-responsive and/or be considered as a material breach of the contract.

PRIME CONSULTANT RESPONSIBILITIES

All recipients of this grant funding, as well as their prime Consultants and subconsultants, must take all affirmative steps to assure that minority firms, women's business enterprises, and labor surplus area firms are used when possible make every effort to solicit bids from eligible DBEs. This information must be documented and reported.

"GOOD FAITH" EFFORT PROCESS

Any public or private entity receiving federal funds must demonstrate that efforts were made to attract MBE/WBEs. The process to attract MBE/WBEs is referred to as the "Good Faith" effort. This effort requires the recipient, prime Consultant and any subconsultants to take the steps listed below to assure that MBE/WBEs are used whenever possible as sources of supplies, construction, equipment, or services. If a CONSULTANT fails to take the steps outlined below shall cause the bid to be rejected as non-responsive and/or be deemed a material breach of the contract.

- A. Place qualified small and minority businesses and women's business enterprises on solicitation lists;
- B. Assure that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
- C. Divide total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;
- D. Establish delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises; and
- E. Use the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce.
- F. If subcontracts are to be let, Consultant shall take the affirmative steps listed in 2 CFR 200.321.

XX. PROCUREMENT OF RECOVERED MATERIALS (2 CFR 200.322)

Consultant shall comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

XXI. INCORPORATION OF UNIFORM ADMINISTRATIVE REQUIREMENTS

The preceding provisions include, in part, certain standard terms and conditions required by FEMA, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by FEMA are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FEMA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. Consultant shall not perform any act, fail to perform any act, or refuse to comply with any County requests that would cause County to be in violation of the FEMA terms and conditions.

XXII. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS.

The Consultant acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Consultant's actions pertaining to this contract.

XXIII. DHS SEAL, LOGO, AND FLAGS.

The Consultant shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

Exhibit A1

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION – LOWER TIER COVERED TRANSACTIONS

(Lower Tier refers to the agency or Consultant receiving Federal funds, as well as any subconsultants that the agency or Consultant enters into contract with using those funds)

As required by Executive Order 12549, Debarment and Suspension, as defined at 44 CFR Part 17, County may not enter into contract with any entity that is debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by the Federal Government from participating in transactions involving Federal funds. Consultant is required to sign the certification below which specifies that neither Consultant nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by the Federal agency. It also certifies that Consultant will not use, directly or indirectly, any of these funds to employ, award contracts to, engage the services of, or fund any Consultant that is debarred, suspended, or ineligible under 44 CFR Part 17.

Instruction for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definition and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this agreement that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification Regarding Debarment, Suspension, Ineligibility an Voluntary Exclusion – Lower Tier Covered Transactions

1. The prospective lower tier participant certifies, by submission of its proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loan, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Professional Services Agreement (“PSA”)
On-Call Design Services FHWA Agreement – OC18-D1

AGREEMENT FOR [CONSULTING/PROFESSIONAL] SERVICES

This agreement ("Agreement"), dated as of _____, 20__ (“Effective Date”) is by and between the County of Sonoma, a political subdivision of the State of California (hereinafter "County"), and Biggs Cardosa Associates Inc. (hereinafter "Consultant").

RECITALS

WHEREAS, Consultant represents that it is a duly qualified and licensed civil engineer, experienced in the preparation of Plans, Specifications and Estimates, and related services; and

WHEREAS, in the judgment of the County’s Department of Transportation & Public Works, it is necessary and desirable to employ the services of Consultant for On-Call Engineering Design Services.

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual covenants contained herein, the parties hereto agree as follows:

AGREEMENT

I. Scope of Services.

1.1 Consultant's Specified Services.

Consultant shall perform the services, if any, described in the Request for Qualifications and as more particularly described in the applicable Task Order assigning the specific project, and within the times or by the dates provided for in , the applicable Task Order and pursuant to Article 7, Prosecution of Work.

1.2 Cooperation With County.

Consultant shall cooperate with County and County staff in the performance of all work hereunder.

1.3 Performance Standard.

Consultant shall perform all work hereunder in a manner consistent with the level of competency and standard of care normally observed by a person practicing in Consultant's profession. County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees to provide all services under this Agreement in accordance with generally accepted professional practices and standards of care, as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Contractor’s work by County shall not operate as a waiver or release. If County determines that any of Consultant's work is not in accordance with such level of competency and standard of care, County, in its sole discretion, shall have the right to do any or all of the following: (a) require Consultant to meet with County to review the quality of the work and resolve matters of concern;

(b) require Consultant to repeat the work at no additional charge until it is satisfactory; (c) terminate this Agreement pursuant to the provisions of Article 4; or (d) pursue any and all other remedies at law or in equity.

1.4 Assigned Personnel.

- 1.4.1 Consultant shall assign only competent personnel to perform work hereunder. In the event that at any time County, in its sole discretion, desires the removal of any person or persons assigned by Consultant to perform work hereunder, Consultant shall remove such person or persons immediately upon receiving written notice from County.
- 1.4.2 Any and all persons identified in this Agreement, any Exhibit or Attachment hereto, or any Task Order issued hereunder as the project manager, project team, or other professional performing work hereunder are deemed by County to be key personnel whose services were a material inducement to County to enter into this Agreement, and without whose services County would not have entered into this Agreement. Consultant shall not remove, replace, substitute, or otherwise change any key personnel without the prior written consent of County. With respect to performance under this Agreement, Consultant shall employ the following key personnel: Project Manager.
- 1.4.3 In the event that any of Consultant's personnel assigned to perform services under this Agreement become unavailable due to resignation, sickness or other factors outside of Consultant's control, Consultant shall be responsible for timely provision of adequately qualified replacements.

1.5 Consultant's Reports or Meetings.

- 1.5.1 Consultant shall submit progress reports on each specific project in accordance with the Task Order. These reports shall be submitted at least once a month. The report should be sufficiently detailed for County's Task Order Manager to determine, if Consultant is performing to expectations, or is on schedule; to provide communication of interim findings, and to sufficiently address any difficulties or special problems encountered, so remedies can be developed.
- 1.5.2 Consultant's Project Manager shall meet with County's Contract Administrator or Task Order Manager, as needed, to discuss progress on the project(s) or contract related issues.

2. Allowable Costs and Payments.

2.1 Method of payment.

Consultant will be reimbursed for hours worked at the hourly rates specified in Consultant's Cost Proposal (Attachment A). The specified hourly rates shall include direct salary costs, employee benefits, overhead, and fee. These rates are not adjustable for the performance period set forth in this Agreement.

In addition, Consultant will be reimbursed for incurred (actual) direct costs other than salary costs that are in the cost proposal and identified in the cost proposal and in the executed Task Order.

2.2 Task Orders.

- 2.2.1 Specific projects will be assigned to Consultant through issuance of Task Orders.
- 2.2.2 After a project to be performed under this Agreement is identified by County, County will prepare a draft Task Order; less the cost estimate. A draft Task Order will identify the scope of services, expected results, project deliverables, period of performance, project schedule and will designate a County's Task Order Manager. The draft Task Order will be delivered to Consultant for review. Consultant shall return the draft Task Order within ten (10) calendar days along with a Cost Estimate, including a written estimate of the number of hours and hourly rates per staff person, any anticipated reimbursable expenses, overhead, fee if any, and total dollar amount. After agreement has been reached on the negotiable items and total cost; the finalized Task Order shall be signed by both County and Consultant.
- 2.2.3 Task Orders may be negotiated for a lump sum (Firm Fixed Price) or for specific rates of compensation, both of which must be based on the labor and other rates set forth in Consultant's Cost Proposal.
- 2.2.4 Consultant shall not commence performance of work or services until this Agreement has been approved by County, and notification to proceed has been issued by County's Task Order Manager. No payment will be made prior to approval or for any work performed prior to approval of this Agreement.
- 2.2.5 A Task Order is of no force or effect until returned to County and signed by an authorized representative of County. No expenditures are authorized on a project and work shall not commence until a Task Order for that project has been executed by County.
- 2.2.6 The period of performance for Task Orders shall be in accordance with dates specified in the Task Order. No Task Order will be written which extends beyond the expiration date of this Agreement.
- 2.2.7 The total amount payable by County for an individual Task Order shall not exceed the amount agreed to in the Task Order, unless authorized by contract amendment.
- 2.2.8 If the Consultant fails to satisfactorily complete a deliverable according to the schedule set forth in a Task Order, no payment will be made until the deliverable has been satisfactorily completed.
- 2.2.9 Task Orders may not be used to amend this Agreement and may not exceed the scope of work under this Agreement

2.3 Transportation & Subsistence.

Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal.

2.4 Milestone Costs.

When milestone cost estimates are included in the approved Cost Proposal, Consultant shall obtain prior written approval for a revised milestone cost estimate from the County's Task Order Manager before exceeding such cost estimate.

2.5 Progress Payments.

Progress payments for each Task Order will be made monthly in arrears based on services provided and actual costs incurred.

2.6 [RESERVED]

2.7 Invoices.

2.7.1 Consultant will be reimbursed, as promptly as fiscal procedures will permit upon receipt by County's Contract Administrator of itemized invoices. Separate invoices itemizing all costs are required for all work performed under each Task Order. Invoices shall be submitted no later than 45 calendar days after the performance of work for which Consultant is billing, or upon completion of the Task Order. Invoices shall detail the work performed on each milestone, on each project as applicable. Invoices shall follow the format stipulated for the approved Cost Proposal and shall reference this Agreement number, project title and Task Order number. Credits due County that include any equipment purchased under the provisions of Article 13.13 Equipment Purchase of this Agreement, must be reimbursed by Consultant prior to the expiration or termination of this Agreement. Invoices shall be mailed to County's Contract Administrator at the following address:

David Cameron
2300 County Center Drive, Suite B-100
Santa Rosa, CA 95403

2.7.2 In addition to compliance with the requirements of this Article 2, including Article 2.7.1 above, Consultant shall submit its bills in arrears on a monthly basis in a form approved by County's Auditor and the Head of the County Department receiving the services. The bills shall show or include: (i) the task(s) performed; (ii) the time in quarter hours devoted to the task(s); (iii) the hourly rate or rates of the persons performing the task(s); and (iv) copies of receipts for reimbursable materials/expenses, if any. Expenses not expressly authorized by the Agreement shall not be reimbursed, including a copy of all invoices paid to subcontractors for work required included in the prime consultant's invoice. Consultant shall submit the Subcontractor Payment Declaration with each invoice.

2.7.3 Unless otherwise noted in this Agreement, payments shall be made within the normal course of County business after presentation of an invoice in a form approved by the County for services performed. Payments shall be made only upon the satisfactory completion of the services as determined by the County.

2.8 Contract Value/Not-to-Exceed Compensation.

The total amount payable by County for all Task Orders resulting from this Agreement shall not exceed \$975,000.00. It is understood and agreed that there is no guarantee, either expressed or implied that this dollar amount will be authorized under this Agreement through Task Orders.

2.9 Salary Increases.

Salary increases will be reimbursable if the new salary is within the salary range identified in the approved Cost Proposal and is approved by County's Contract Administrator.

For personnel subject to prevailing wage rates as described in the California Labor Code, all salary increases, which are the direct result of changes in the prevailing wage rates are reimbursable.

2.10 [RESERVED].

2.11 Taxes.

2.11.1 Consultant agrees to file federal and state tax returns and pay all applicable taxes on amounts paid pursuant to this Agreement and shall be solely liable and responsible to pay such taxes and other obligations, including, but not limited to, state and federal income and FICA taxes. Consultant agrees to indemnify and hold County harmless from any liability which it may incur to the United States or to the State of California as a consequence of Consultant's failure to pay, when due, all such taxes and obligations. In case County is audited for compliance regarding any withholding or other applicable taxes, Consultant agrees to furnish County with proof of payment of taxes on these earnings.

2.11.2 Pursuant to California Revenue and Taxation code (R&TC) Section 18662, the County shall withhold seven percent of the income paid to Consultant for services performed within the State of California under this agreement, for payment and reporting to the California Franchise Tax Board, if Consultant does not qualify as: (1) a corporation with its principal place of business in California, (2) an LLC or Partnership with a permanent place of business in California, (3) a corporation/LLC or Partnership qualified to do business in California by the Secretary of State, or (4) an individual with a permanent residence in the State of California.

If Consultant does not qualify, County requires that a completed and signed Form 587 be provided by the Consultant in order for payments to be made. If consultant is qualified, then the County requires a completed Form 590. Forms 587 and 590 remain valid for the duration of the Agreement provided there is no material change in facts. By signing either form, the contractor agrees to promptly notify the County of any changes in the facts. Forms should be sent to the County pursuant to Article 12. To reduce the amount withheld, Consultant has the option to provide County with either a full or partial waiver from the State of California.

3. Term of Agreement.

3.1 Term.

This contract shall go into effect on (_____) contingent upon approval by County, and Consultant shall commence work after notification to proceed by County's Contract Administrator. The contract shall end on (_____), unless extended by contract amendment.

3.2 Contract Execution.

Consultant is advised that any recommendation for contract award is not binding on County until the contract is fully executed and approved by County.

3.3 Task Order Term

The period of performance for each specific project shall be in accordance with the Task Order for that project. If work on a Task Order is in progress on the expiration date of this Agreement, the

terms of the Agreement shall be extended by contract amendment.

4. Termination

4.1. Notice Period.

County reserves the right to terminate this Agreement upon thirty (30) calendar days written notice to Consultant with the reasons for termination stated in the notice.

4.2 Grounds for Termination.

County may terminate this Agreement with Consultant should Consultant fail to perform the covenants herein contained at the time and in the manner herein provided. In the event of such termination, County may proceed with the work in any manner deemed proper by County. If County terminates this Agreement with Consultant, County shall pay Consultant the sum due to Consultant under this Agreement prior to termination, unless the cost of completion to County exceeds the funds remaining in the Agreement. In which case the overage shall be deducted from any sum due Consultant under this Agreement and the balance, if any, shall be paid to Consultant upon demand.

4.3 Liability.

The maximum amount for which the Government shall be liable if this Agreement is terminated is 975,000 dollars.

4.4 Authority to Terminate.

The Board of Supervisors has the authority to terminate this Agreement on behalf of the County. In addition, the Purchasing Agent or Department Head, in consultation with County Counsel, shall have the authority to terminate this Agreement on behalf of the County.

5. Indemnification.

Consultant agrees to accept responsibility for loss or damage to any person or entity, including County, and to defend, indemnify, hold harmless, and release County, its officers, agents, and employees, from and against any actions, claims, damages, liabilities, disabilities, or expenses, that may be asserted by any person or entity, including Consultant, that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of Consultant or its agents, employees, contractors, subcontractors, or invitees hereunder, whether or not there is concurrent or contributory negligence on County's part, but, to the extent required by law, excluding liability due to County's conduct. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for Consultant or its agents, employees, contractors, subcontractors, or invitees under workers' compensation acts, disability benefits acts, or other employee benefit acts.

6. Insurance.

With respect to performance of work under this Agreement, Consultant shall maintain and shall require all of its subcontractors, consultants, and other agents to maintain, insurance as described in Attachment B, which is attached hereto and incorporated herein by this reference.

7. Prosecution of Work.

The execution of this Agreement shall constitute Consultant's authority to proceed immediately with the performance of this Agreement. Performance of the services hereunder shall be completed within the time required herein, provided, however, that if the performance is delayed by earthquake, flood, high water, or other Act of God or by strike, lockout, or similar labor disturbances, the time for Consultant's performance of this Agreement shall be extended by a number of days equal to the number of days Consultant has been delayed.

8. Extra or Changed Work.

Extra or changed work or other changes to the Agreement may be authorized only by written amendment to this Agreement, signed by both parties. Minor changes, which do not increase the amount paid under the Agreement, and which do not significantly change the scope of work or significantly lengthen time schedules may be executed by the Department Head in a form approved by County Counsel. The Board of Supervisors/Purchasing Agent must authorize all other extra or changed work. The parties expressly recognize that, pursuant to Sonoma County Code Section 1-11, County personnel are without authorization to order extra or changed work or waive Agreement requirements. Failure of Consultant to secure such written authorization for extra or changed work shall constitute a waiver of any and all right to adjustment in the Agreement price or Agreement time due to such unauthorized work and thereafter Consultant shall be entitled to no compensation whatsoever for the performance of such work. Consultant further expressly waives any and all right or remedy by way of restitution and quantum meruit for any and all extra work performed without such express and prior written authorization of the County.

9. Representations of Consultant.

9.1 Standard of Care.

County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees that all its work will be performed and that its operations shall be conducted in accordance with generally accepted and applicable professional practices and standards as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Consultant's work by County shall not operate as a waiver or release.

9.2 Status of Consultant.

The parties intend that Consultant, in performing the services specified herein, shall act as an independent contractor and shall control the work and the manner in which it is performed. Consultant is not to be considered an agent or employee of County and is not entitled to participate in any pension plan, worker's compensation plan, insurance, bonus, or similar benefits County provides its employees. In the event County exercises its right to terminate this Agreement pursuant to Article 4, above, Consultant expressly agrees that it shall have no recourse or right of appeal under rules, regulations, ordinances, or laws applicable to employees.

9.3 No Suspension or Debarment.

Consultant's signature affixed herein, shall constitute a certification under penalty of perjury under the laws of the State of California, that Consultant has complied with Title 2 CFR, Part 180, "OMB Guidelines to Agencies on Government wide Debarment and Suspension (nonprocurement)", which certifies that he/she or any person associated therewith in the capacity of owner, partner, director, officer, or manager, is not currently under suspension, debarment, voluntary exclusion,

or determination of ineligibility by any federal agency; has not been suspended, debarred, voluntarily excluded, or determined ineligible by any federal agency within the past three (3) years; does not have a proposed debarment pending; and has not been indicted, convicted, or had a civil judgment rendered against it by a court of competent jurisdiction in any matter involving fraud or official misconduct within the past three (3) years. Any exceptions to this certification must be disclosed to County.

Exceptions will not necessarily result in denial of recommendation for award, but will be considered in determining Consultant responsibility. Disclosures must indicate to whom exceptions apply, initiating agency, and dates of action.

Exceptions to the Federal Government Excluded Parties List System maintained by the General Services Administration are to be determined by the Federal highway Administration.

9.4 [RESERVED].

9.5 Records Maintenance.

In addition to other record retention and audit requirements set forth elsewhere in this Agreement, Consultant shall keep and maintain full and complete documentation and accounting records concerning all services performed that are compensable under this Agreement and shall make such documents and records available to County for inspection at any reasonable time. Consultant shall maintain such records for a period of four (4) years following completion of work hereunder.

9.6 Conflict of Interest.

9.6.1 Consultant shall disclose any financial, business, or other relationship with County that may have an impact upon the outcome of this contract, or any ensuing County construction project. Consultant shall also list current clients who may have a financial interest in the outcome of this contract, or any ensuing County construction project, which will follow.

9.6.2 Consultant hereby certifies that it does not now have, nor shall it acquire any financial or business interest that would conflict with the performance of services under this contract.

9.6.3 Consultant hereby certifies that neither Consultant, nor any firm affiliated with Consultant will bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting from this contract. An affiliated firm is one, which is subject to the control of the same persons through joint-ownership, or otherwise.

9.6.4 Except for subconsultants whose services are limited to providing surveying or materials testing information, no subconsultant who has provided design services in connection with this contract shall be eligible to bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting from this contract.

9.7 Statutory Compliance.

Contractor agrees to comply with all applicable federal, state and local laws, regulations, statutes

and policies applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly agrees, on behalf of itself and on behalf of all its agents, employees, subconsultants, and subcontractors, to comply with the federal contract requirements set forth in Article 13 herein.

9.8 Living Wage Ordinance.

9.8.1 Consultant agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies, including but not limited to the County of Sonoma Living Wage Ordinance, applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly acknowledges and agrees that this Agreement is subject to the provisions of Article XXVI of Chapter 2 of the Sonoma County Code, requiring payment of a living wage to covered employees. Noncompliance during the term of the Agreement will be considered a material breach and may result in termination of the Agreement or pursuit of other legal or administrative remedies.

9.8.2 Notwithstanding the requirement of section 9.8.1 that Consultant comply with the County of Sonoma Living Wage Ordinance (Sonoma County Code Chapter 2, Article XXVI), none of the Living Wage Ordinances local preference requirements shall be used to select or otherwise apply to Consultant.–

9.9 Nondiscrimination.

Without limiting any other provision hereunder, Consultant shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination in employment because of race, color, ancestry, national origin, religion, sex, marital status, age, medical condition, pregnancy, disability, sexual orientation or other prohibited basis, including without limitation, the County's Non-Discrimination Policy. All nondiscrimination rules or regulations required by law to be included in this Agreement are incorporated herein by this reference.

9.10 Statement of Compliance.

9.10.1 Consultant's signature affixed herein, and dated, shall constitute a certification under penalty of perjury under the laws of the State of California that Consultant has, unless exempt, complied with, the nondiscrimination program requirements of Government Code Section 12990 and Title 2, California Administrative Code, Section 8103.

9.10.2 During the performance of this Contract, Consultant and its subconsultants shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, physical disability (including HIV and AIDS), mental disability, medical condition (e.g., cancer), age (over 40), marital status, and denial of family care leave. Consultant and subconsultants shall insure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. Consultant and subconsultants shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code §12990 (a-f) et seq.) and the applicable regulations promulgated there under (California Code of Regulations, Title 2, Section 7285 et seq.). The

applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations, are incorporated into this Contract by reference and made a part hereof as if set forth in full. Consultant and its subconsultants shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.

9.10.3 The Consultant shall comply with regulations relative to Title VI (nondiscrimination in federally-assisted programs of the Department of Transportation – Title 49 Code of Federal Regulations, Part 21 - Effectuation of Title VI of the 1964 Civil Rights Act). Title VI provides that the recipients of federal assistance will implement and maintain a policy of nondiscrimination in which no person in the state of California shall, on the basis of race, color, national origin, religion, sex, age, disability, be excluded from participation in, denied the benefits of or subject to discrimination under any program or activity by the recipients of federal assistance or their assignees and successors in interest.

9.10.4 The Consultant, with regard to the work performed by it during the Agreement shall act in accordance with Title VI. Specifically, the Consultant shall not discriminate on the basis of race, color, national origin, religion, sex, age, or disability in the selection and retention of Subconsultants, including procurement of materials and leases of equipment. The Consultant shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the U.S. DOT's Regulations, including employment practices when the Agreement covers a program whose goal is employment.

9.11 AIDS Discrimination.

Consultant agrees to comply with the provisions of Chapter 19, Article II, of the Sonoma County Code prohibiting discrimination in housing, employment, and services because of AIDS or HIV infection during the term of this Agreement and any extensions of the term.

9.12 Assignment of Rights.

Consultant assigns to County all rights throughout the world in perpetuity in the nature of copyright, trademark, patent, right to ideas, in and to all versions of the plans and specifications, if any, now or later prepared by Consultant in connection with this Agreement. Consultant agrees to take such actions as are necessary to protect the rights assigned to County in this Agreement, and to refrain from taking any action which would impair those rights. Consultant's responsibilities under this provision include, but are not limited to, placing proper notice of copyright on all versions of the plans and specifications as County may direct, and refraining from disclosing any versions of the plans and specifications to any third party without first obtaining written permission of County.

Consultant shall not use or permit another to use the plans and specifications in connection with this or any other project without first obtaining written permission of County.

9.13 Ownership and Disclosure of Work Product.

All reports, original drawings, graphics, plans, studies, and other data or documents ("documents"), in whatever form or format, assembled or prepared by Consultant or Consultant's subcontractors, consultants, and other agents in connection with this Agreement shall be the property of County. County shall be entitled to immediate possession of such documents upon

completion of the work pursuant to this Agreement. Upon expiration or termination of this Agreement, Consultant shall promptly deliver to County all such documents, which have not already been provided to County in such form or format, as County deems appropriate. Such documents shall be and will remain the property of County without restriction or limitation. Consultant may retain copies of the above-described documents but agrees not to disclose or discuss any information gathered, discovered, or generated in any way through this Agreement without the express written permission of County.

9.14 Authority.

The undersigned hereby represents and warrants that he or she has authority to execute and deliver this Agreement on behalf of Consultant.

10. Demand for Assurance.

Each party to this Agreement undertakes the obligation that the other's expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arise with respect to the performance of either party, the other may in writing demand adequate assurance of due performance and until such assurance is received may, if commercially reasonable, suspend any performance for which the agreed return has not been received. "Commercially reasonable" includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding thirty (30) days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance. Nothing in this Article limits County's right to terminate this Agreement pursuant to Article 4.

11. Assignment and Delegation.

Neither party hereto shall assign, delegate, sublet, or transfer any interest in or duty under this Agreement without the prior written consent of the other, and no such transfer shall be of any force or effect whatsoever unless and until the other party shall have so consented.

12. Method and Place of Giving Notice, Submitting Bills and Making Payments.

All notices, bills, and payments shall be made in writing and shall be given by personal delivery or by U.S. Mail or courier service. Notices, bills, and payments shall be addressed as follows:

To County:

Sonoma County Department of Transportation and Public Works
Attn: David Cameron
2300 County Center Drive, Suite B-100 Santa Rosa, CA 95403
(707) 565-2231

When a notice, bill or payment is given by a generally recognized overnight courier service, the notice, bill or payment shall be deemed received on the next business day. When a copy of a notice, bill or payment is sent by facsimile or email, the notice, bill or payment shall be deemed received upon transmission as long as (1) the original copy of the notice, bill or payment is promptly deposited in the U.S. mail and postmarked on the date of the facsimile or email (for a payment, on or before the due date), (2) the sender has a written confirmation of the facsimile transmission or email, and (3) the facsimile or email is transmitted before 5 p.m. (recipient's time). In all other instances, notices, bills and payments shall be effective upon receipt by the recipient. Changes may be made in the names and addresses of the person to whom notices are to be given by giving notice pursuant to this paragraph.

13. Federal Requirements.

13.1 Contract Assurance.

The consultant, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The consultant shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted agreements. Failure by the consultant to carry out these requirements is a material breach of this agreement, which may result in the termination of this agreement or such other remedy as the recipient deems appropriate, which may include, but is not limited to: (1) Withholding monthly progress payments; (2) Assessing sanctions; (3) Liquidated damages; and/or (4) Disqualifying the contractor from future bidding as non-responsible.

13.2 Prompt Progress Payments to Subcontractors.

Attention is directed to Section 7108.5 of the California Business and Professions Code, which requires a prime contractor or subcontractor to pay any subcontractor not later than ten (10) days of receipt of each progress payment, unless otherwise agreed to in writing. In addition, federal regulations (Title 49 Code of Federal Regulations Part 26.29) require a prime contractor or subcontractor to pay a subcontractor no later than thirty (30) days of receipt of each payment, unless any delay or postponement of payment among the parties takes place only for good cause and with the prior written approval of County. Section 7108.5 of the California Business and Professions Code also contains enforcement actions and penalties. The requirements apply to both Disadvantaged Business Entities ("DBE") and non-DBE subcontractors. Consultant shall include the foregoing progress payment requirements in every subcontract entered into by Consultant in the performance of its obligations under this Agreement

13.3 Prompt Payment of Withheld Funds to Subcontractors.

No retainage will be held by the County from progress payments due the prime consultant. Any retainage held by the prime consultant or subconsultants from progress payments due subconsultants shall be promptly paid in full to subconsultants within 30 days after the subconsultant's work is satisfactorily completed. Federal law (49 CFR 26.29) requires that any

delay or postponement of payment over the 30 days may take place only for good cause and with the Agency's prior written approval. Any violation of this provision shall subject the violating prime consultant or subconsultant to the penalties, sanctions and other remedies specified in Section 7108.5 of the Business and Professions Code. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to the prime consultant or subconsultant in the event of a dispute involving late payment or nonpayment by the prime consultant, deficient subconsultant performance, or noncompliance by a subconsultant. This provision applies to both DBE and non-DBE prime consultant and subconsultants.

13.4 Disadvantaged Business Enterprise (DBE) Participation.

- 13.4.1 This contract is subject to 49 CFR, Part 26 entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs". Consultants who obtain DBE participation on this contract will assist Caltrans in meeting its federally mandated statewide overall DBE goal.
- 13.4.2 A DBE participation goal will be established for each Task Order. Participation by DBE consultant or subconsultants shall be in accordance with information contained in the Consultant Proposal DBE Commitment (Exhibit 10-O1), or in the Consultant Contract DBE Information (Exhibit 10-O2) attached hereto and incorporated as part of the Contract. If a DBE subconsultant is unable to perform, Consultant must make a good faith effort to replace him/her with another DBE subconsultant, if the goal is not otherwise met.
- 13.4.3 DBEs and other small businesses, as defined in 49 CFR, Part 26 are encouraged to participate in the performance of contracts financed in whole or in part with federal funds. Consultant or subconsultant shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. Consultant shall carry out applicable requirements of 49 CFR, Part 26 in the award and administration of US DOT-assisted agreements. Failure by Consultant to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as County deems appropriate.
- 13.4.4 Any subcontract entered into as a result of this contract shall contain all of the provisions of this section.
- 13.4.5 A DBE firm may be terminated only with prior written approval from County and only for the reasons specified in 49 CFR 26.53(f). Prior to requesting County consent for the termination, Consultant must meet the procedural requirements specified in 49 CFR 26.53(f).
- 13.4.6 A DBE performs a Commercially Useful Function (CUF) when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a CUF, the DBE must also be responsible with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a CUF, evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under

the, contract is commensurate with the work it is actually performing, and other relevant factors.

- 13.4.7 A DBE does not perform a CUF if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, examine similar transactions, particularly those in which DBEs do not participate.
- 13.4.8 If a DBE does not perform or exercise responsibility for at least thirty percent (30%) of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of the contract than would be expected on the basis of normal industry practice for the type of work involved, it will be presumed that it is not performing a CUF.
- 13.4.9 Consultant shall maintain records of materials purchased or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE or vendor and the total dollar amount actually paid each DBE or vendor, regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE prime consultants shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.
- 13.4.10 Upon completion of the Contract, a summary of these records shall be prepared and submitted on the form entitled, "Final Report-Utilization of Disadvantaged Business Enterprise (DBE), First-Tier Subconsultants" CEM-2402F [Exhibit 17-F, of the LAPM], certified correct by Consultant or Consultant's authorized representative and shall be furnished to the Contract Administrator with the final invoice. Failure to provide the summary of DBE payments with the final invoice will result in twenty-five percent (25%) of the dollar value of the invoice being withheld from payment until the form is submitted. The amount will be returned to Consultant when a satisfactory "Final Report-Utilization of Disadvantaged Business Enterprises (DBE), First-Tier Subconsultants" is submitted to the Contract Administrator.
- 13.4.11 If a DBE subconsultant is decertified during the life of the contract, the decertified subconsultant shall notify Consultant in writing with the date of decertification. If a subconsultant becomes a certified DBE during the life of the Contract, the subconsultant shall notify Consultant in writing with the date of certification. Any changes should be reported to County's Contract Administrator within 30 days.

13.5 Prevailing Wage.

- 13.5.1 Consultant shall comply with the State of California's General Prevailing Wage Rate requirements in accordance with California Labor Code, Section 1770, and all Federal, State, and local laws and ordinances applicable to the work.
- 13.5.2 Any subcontract entered into as a result of this contract, if for more than \$25,000 for public works construction or more than \$15,000 for the alteration, demolition, repair, or maintenance of public works, shall contain all of the provisions of this Article, unless

the awarding agency has an approved labor compliance program by the Director of Industrial Relations.

- 13.5.3 When prevailing wages apply to the services described in the scope of work, transportation and subsistence costs shall be reimbursed at the minimum rates set by the Department of Industrial Relations (DIR) as outlined in the applicable Prevailing Wage Determination. See <http://www.dir.ca.gov>.

Note: The Federal "Payment of Predetermined Minimum Wage" applies only to federal-aid construction contracts.

13.6 Text Messaging While Driving.

In accordance with Executive Order 13513, Federal Leadership on Reducing Text Messaging While Driving, and Department of Transportation Order 3902.10, Text Messaging While Driving, text messaging while driving is prohibited in the performance of any duties included in this agreement for both consultant and any sub-consultants hired for performance of duties under this Agreement. Consultant shall include a provision prohibiting texting while driving in all sub-consultant agreements entered into related to the performance of its obligations under this Agreement.

Definitions. The following definitions are to be used in conjunction with this section. "Driving":

- 1) Means operating a motor vehicle on a roadway, including while temporarily stationary because of traffic, a traffic light, stop sign, or otherwise.
- 2) It does not include being in your vehicle (with or without the motor running) in a location off the roadway where it is safe and legal to remain stationary.

"Text Messaging" means reading from or entering data into any handheld or other electronic device, including for the purpose of short message service texting, e-mailing, instant messaging, obtaining navigational information, or engaging in any other form of electronic data retrieval or electronic data communication.

13.7 Buy America.

Furnish Steel and iron materials to be incorporated into the work with certificates of compliance. Steel and iron materials must be produced in the U.S. except:

- 1) Foreign pig iron and processed, pelletized, and reduced iron ore may be used in the domestic production of the steel and iron materials [60 Fed Reg 15478(3/24/1995)];
- 2) If the total combine cost of the materials does not exceed the great of 0.1 percent of the total bid or \$2,500, materials produced outside the U. S. may be used.

Production includes:

- 1) Processing steel and iron materials, including smelting or other processes that alter the physical form or shape (such as rolling, extruding, machining, bending,

grinding, and drilling or chemical composition;

- 2) Coating application, including epoxy coating, galvanizing, and painting, that protects or enhances the value of steel and iron materials.

13.8 Prohibition of Expending Local Agency, State or Federal funds for Lobbying.

13.8.1 Consultant certifies to the best of his or her knowledge and belief that:

- 1) No state, federal or County appropriated funds have been paid, or will be paid by or on behalf of Consultant to any person for influencing or attempting to influence an officer or employee of any state or federal agency; a Member of the State Legislature or United States Congress; an officer or employee of the Legislature or Congress; or any employee of a Member of the Legislature or Congress, in connection with the awarding of any state or federal contract; the making of any state or federal grant; the making of any state or federal loan; the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any state or federal contract, grant, loan, or cooperative agreement.
- 2) If any funds other than federal appropriated funds have been paid, or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency; a Member of Congress; an officer or employee of Congress, or an employee of a Member of Congress; in connection with this federal contract, grant, loan, or cooperative agreement; Consultant shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.

13.8.2 This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

13.8.3 Consultant also agrees by signing this document that he or she shall require that the language of this certification be included in all lower-tier subcontracts, which exceed \$100,000 and that all such sub recipients shall certify and disclose accordingly.

13.9 Cost Principles and Administrative Requirements.

13.9.1 Consultant agrees that the Contract Cost Principles and Procedures, 48 CFR, Federal Acquisition Regulations System, Chapter 1, Part 31.000 *et seq.*, shall be used to determine the cost allowability of individual items.

13.9.2 Consultant also agrees to comply with federal procedures in accordance with 2 CFR, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

13.9.3 Any costs for which payment has been made to CONSULTANT that are determined by subsequent audit to be unallowable under 2 CFR, Part 200 and 48 CFR, Federal

Acquisition Regulations System, Chapter 1, Part 31.000 *et seq.*, are subject to repayment by Consultant to County.

13.10 Retention of Records/Audit.

For the purpose of determining compliance with Public Contract Code 10115, *et seq.* and Title 21, California Code of Regulations, Chapter 21, Section 2500 *et seq.*, when applicable and other matters connected with the performance of the contract pursuant to Government Code 8546.7; Consultant, subconsultants, and County shall maintain and make available for inspection all books, documents, papers, accounting records, and other evidence pertaining to the performance of the contract, including but not limited to, the costs of administering the contract. All parties shall make such materials available at their respective offices at all reasonable times during the contract period and for three years from the date of final payment under the contract. The state, State Auditor, County, FHWA, or any duly authorized representative of the Federal Government shall have access to any books, records, and documents of Consultant and its certified public accountants (CPA) work papers that are pertinent to the contract and indirect cost rates (ICR) for audit, examinations, excerpts, and transactions, and copies thereof shall be furnished if requested.

13.11 Audit Review Procedures.

- 13.11.1 Any dispute concerning a question of fact arising under an interim or post audit of this contract that is not disposed of by agreement, shall be reviewed by County's Chief Financial Officer.
- 13.11.2 Not later than 30 days after issuance of the final audit report, Consultant may request a review by County's Chief Financial Officer of unresolved audit issues. The request for review will be submitted in writing.
- 13.11.3 Neither the pendency of a dispute nor its consideration by County will excuse Consultant from full and timely performance, in accordance with the terms of this contract.
- 13.11.4 Consultant and subconsultant contracts, including cost proposals and ICR, are subject to audits or reviews such as, but not limited to, a contract audit, an incurred cost audit, an ICR Audit, or a CPA ICR audit work paper review. If selected for audit or review, the contract, cost proposal and ICR and related work papers, if applicable, will be reviewed to verify compliance with 48 CFR, Part 31 and other related laws and regulations. In the instances of a CPA ICR audit work paper review it is Consultant's responsibility to ensure federal, state, or local government officials are allowed full access to the CPA's work papers including making copies as necessary. The contract, cost proposal, and ICR shall be adjusted by Consultant and approved by County contract manager to conform to the audit or review recommendations. Consultant agrees that individual terms of costs identified in the audit report shall be incorporated into the contract by this reference if directed by County at its sole discretion. Refusal by Consultant to incorporate audit or review recommendations, or to ensure that the federal, state or local governments have access to CPA work papers, will be considered a breach of contract terms and cause for termination of the contract and disallowance of prior reimbursed costs.

13.12 Subcontracting.

- 13.12.1 Nothing contained in this contract or otherwise, shall create any contractual relation between County and any subconsultant(s), and no subcontract shall relieve Consultant of its responsibilities and obligations hereunder. Consultant agrees to be as fully responsible to County for the acts and omissions of its subconsultant(s) and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by Consultant. CONSULTANT's obligation to pay its subconsultant(s) is an independent obligation from County's obligation to make payments to the Consultant.
- 13.12.2 Consultant shall perform the work contemplated with resources available within its own organization and no portion of the work pertinent to this contract shall be subcontracted without written authorization by County's Contract Administrator, except that, which is expressly identified in the approved Cost Proposal.
- 13.12.3 Consultant shall pay its subconsultants within ten (10) calendar days from receipt of each payment made to Consultant by County.
- 13.12.4 All subcontracts entered into as a result of this contract shall contain all the provisions stipulated in this contract to be applicable to subconsultants.
- 13.12.5 Any substitution of subconsultant(s) must be approved in writing by County's Contract Administrator prior to the start of work by the subconsultant(s).

13.13 Equipment Purchase.

- 13.13.1 Prior authorization in writing, by County's Contract Administrator shall be required before Consultant enters into any unbudgeted purchase order, or subcontract exceeding \$5,000 for supplies, equipment, or Consultant services. Consultant shall provide an evaluation of the necessity or desirability of incurring such costs.
- 13.13.2 For purchase of any item, service or consulting work not covered in Consultant's Cost Proposal and exceeding \$5,000 prior authorization by County's Contract Administrator; three competitive quotations must be submitted with the request, or the absence of bidding must be adequately justified.
- 13.13.3 Any equipment purchased as a result of this contract is subject to the following: "Consultant shall maintain an inventory of all nonexpendable property. Nonexpendable property is defined as having a useful life of at least two years and an acquisition cost of \$5,000 or more. If the purchased equipment needs replacement and is sold or traded in, County shall receive a proper refund or credit at the conclusion of the contract, or if the contract is terminated, Consultant may either keep the equipment and credit County in an amount equal to its fair market value, or sell such equipment at the best price obtainable at a public or private sale, in accordance with established County procedures; and credit County in an amount equal to the sales price. If Consultant elects to keep the equipment, fair market value shall be determined at Consultant expense, on the basis of a competent independent appraisal of such equipment. Appraisals shall be obtained from an appraiser mutually agreeable to by County and Consultant, if it is determined to sell the equipment, the terms and conditions of such sale must be approved in advance by County." 49 CFR, Part 18 requires a credit to Federal funds when participating equipment

with a fair market value greater than \$5,000 is credited to the project.

14. Miscellaneous Provisions.

14.1 No Waiver of Breach.

The waiver by County of any breach of any term or promise contained in this Agreement shall not be deemed to be a waiver of such term or provision or any subsequent breach of the same or any other term or promise contained in this Agreement.

14.2 Construction.

To the fullest extent allowed by law, the provisions of this Agreement shall be construed and given effect in a manner that avoids any violation of statute, ordinance, regulation, or law. The parties covenant and agree that in the event that any provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated thereby. Consultant and County acknowledge that they have each contributed to the making of this Agreement and that, in the event of a dispute over the interpretation of this Agreement, the language of the Agreement will not be construed against one party in favor of the other. Consultant and County acknowledge that they have each had an adequate opportunity to consult with counsel in the negotiation and preparation of this Agreement.

14.3 Consent.

Wherever in this Agreement the consent or approval of one party is required to an act of the other party, such consent or approval shall not be unreasonably withheld or delayed.

14.4 No Third Party Beneficiaries.

Nothing contained in this Agreement shall be construed to create and the parties do not intend to create any rights in third parties.

14.5 Applicable Law and Forum.

This Agreement shall be construed and interpreted according to the substantive law of California, regardless of the law of conflicts to the contrary in any jurisdiction. Any action to enforce the terms of this Agreement or for the breach thereof shall be brought and tried in Santa Rosa or the forum nearest to the city of Santa Rosa, in the County of Sonoma.

14.6 Captions.

The captions in this Agreement are solely for convenience of reference. They are not a part of this Agreement and shall have no effect on its construction or interpretation.

14.7 Merger.

This writing is intended both as the final expression of the Agreement between the parties hereto with respect to the included terms and as a complete and exclusive statement of the terms of the Agreement, pursuant to Code of Civil Procedure Section 1856. No modification of this Agreement shall be effective unless and until such modification is evidenced by a writing signed by both parties.

14.8 Survival of Terms.

All express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

14.9 Time of Essence.

Time is and shall be of the essence of this Agreement and every provision hereof.

14.10 Rebates, Kickback or Other Unlawful Consideration.

Consultant warrants that this contract was not obtained or secured through rebates kickbacks or other unlawful consideration, either promised or paid to any County employee. For breach or violation of this warranty, County shall have the right in its discretion; to terminate the contract without liability; to pay only for the value of the work actually performed; or to deduct from the contract price; or otherwise recover the full amount of such rebate, kickback or other unlawful consideration.

14.11 Funding Requirements.

14.11.1 It is mutually understood between the parties that this contract may have been written before ascertaining the availability of funds or appropriation of funds, for the mutual benefit of both parties, in order to avoid program and fiscal delays that would occur if the contract were executed after that determination was made.

14.11.2 This contract is valid and enforceable only, if sufficient funds are made available to County for the purpose of this contract. In addition, this contract is subject to any additional restrictions, limitations, conditions, or any statute enacted by the Congress, State Legislature, or County Board of Supervisors that may affect the provisions, terms, or funding of this contract in any manner.

14.11.3 It is mutually agreed that if sufficient funds are not appropriated, this contract may be amended to reflect any reduction in funds.

14.11.4 County has the option to void the contract under the 30-day termination clause pursuant to Article 4, or by mutual agreement to amend the contract to reflect any reduction of funds.

14.12 Evaluation of Consultant.

Consultant's performance will be evaluated by County. A copy of the evaluation will be sent to Consultant for comments. The evaluation together with the comments shall be retained as part of the contract record.

14.13 Claims Filed by County's Construction Contractor.

14.13.1 If claims are filed by County's construction contractor relating to work performed by Consultant's personnel, and additional information or assistance from Consultant's personnel is required in order to evaluate or defend against such claims; Consultant agrees to make its personnel available for consultation with County's construction contract administration and legal staff and for testimony, if necessary, at depositions and at trial or arbitration proceedings.

- 14.13.2 Consultant's personnel that County considers essential to assist in defending against construction contractor claims will be made available on reasonable notice from County. Consultation or testimony will be reimbursed at the same rates, including travel costs that are being paid for Consultant's personnel services under this contract.
- 14.13.3 Services of Consultant's personnel in connection with County's construction contractor claims will be performed pursuant to a written contract amendment, if necessary, extending the termination date of this contract in order to resolve the construction claims.
- 14.13.4 Any subcontract in excess of \$25,000 entered into as a result of this contract, shall contain all of the provisions of this Article.

14.14 National Labor Relations Board Certification.

In accordance with Public Contract Code Section 10296, Consultant hereby states under penalty of perjury that no more than one final unappealable finding of contempt of court by a federal court has been issued against Consultant within the immediately preceding two-year period, because of Consultant's failure to comply with an order of a federal court that orders Consultant to comply with an order of the National Labor Relations Board.

14.15 Retention of Funds.

- 14.15.1 Any subcontract entered into as a result of this Contract shall contain all of the provisions of this section.
- 14.15.2 No retainage will be held by the County from progress payments due the prime consultant. Any retainage held by the prime consultant or subconsultants from progress payments due subconsultants shall be promptly paid in full to subconsultants within 30 days after the subconsultant's work is satisfactorily completed. Federal law (49 CFR 26.29) requires that any delay or postponement of payment over the 30 days may take place only for good cause and with the County's prior written approval. Any violation of this provision shall subject the violating prime consultant or subconsultant to the penalties, sanctions and other remedies specified in Section 7108.5 of the Business and Professions Code. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to the prime consultant or subconsultant in the event of a dispute involving late payment or nonpayment by the prime consultant, deficient subconsultant performance, or noncompliance by a subconsultant. This provision applies to both DBE and non-DBE prime consultant and subconsultants.

14.16 Contingent Fee.

Consultant warrants, by execution of this contract that no person or selling agency has been employed, or retained, to solicit or secure this contract upon an agreement or understanding, for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees, or bona fide established commercial or selling agencies maintained by Consultant for the purpose of securing business. For breach or violation of this warranty, County has the right to annul this contract without liability; pay only for the value of the work actually performed, or in its discretion to deduct from the contract price or consideration, or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee.

14.17 Inspection of Work.

Consultant and any subconsultant shall permit County, the state, and the FHWA if federal participating funds are used in this contract; to review and inspect the project activities and files at all reasonable times during the performance period of this contract including review and inspection on a daily basis.

14.18 Safety.

14.18.1 Consultant shall comply with OSHA regulations applicable to Consultant regarding necessary safety equipment or procedures. Consultant shall comply with safety instructions issued by County Safety Officer and other County representatives. Consultant personnel shall wear hard hats and safety vests at all times while working on the construction project site.

14.18.2 Pursuant to the authority contained in Section 591 of the Vehicle Code, County has determined that such areas are within the limits of the project and are open to public traffic. Consultant shall comply with all of the requirements set forth in Divisions 11, 12, 13, 14, and 15 of the Vehicle Code. Consultant shall take all reasonably necessary precautions for safe operation of its vehicles and the protection of the traveling public from injury and damage from such vehicles

14.18.3 Any subcontract entered into as a result of this contract, shall contain all of the provisions of this Article.

AGREEMENT FOR [CONSULTING/PROFESSIONAL] SERVICES

This agreement ("Agreement"), dated as of _____, 20__ (“Effective Date”) is by and between the County of Sonoma, a political subdivision of the State of California (hereinafter "County"), and Cinquini & Passarino Inc. (hereinafter "Consultant").

RECITALS

WHEREAS, Consultant represents that it is a duly qualified and licensed civil engineer, experienced in the preparation of Plans, Specifications and Estimates, and related services; and

WHEREAS, in the judgment of the Department of Transportation & Public Works, it is necessary and desirable to employ the services of Consultant for On-Call Engineering Design Services.

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual covenants contained herein, the parties hereto agree as follows:

AGREEMENT

I. Scope of Services.

1.1 Consultant's Specified Services.

Consultant shall perform the services, if any, described in Attachment “A,” attached hereto and incorporated herein by this reference (hereinafter "Cost Proposal"), and as more particularly described in the applicable Task Order assigning the specific project, and within the times or by the dates provided for in Attachment “A”, the applicable Task Order and pursuant to Article 7, Prosecution of Work.

1.2 Cooperation With County.

Consultant shall cooperate with County and County staff in the performance of all work hereunder.

1.3 Performance Standard.

Consultant shall perform all work hereunder in a manner consistent with the level of competency and standard of care normally observed by a person practicing in Consultant's profession. County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees to provide all services under this Agreement in accordance with generally accepted professional practices and standards of care, as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Contractor’s work by County shall not operate as a waiver or release. If County determines that any of Consultant's work is not in accordance with such level of competency and standard of care, County, in its sole discretion, shall have the right to do any or all of the following: (a) require

Consultant to meet with County to review the quality of the work and resolve matters of concern; (b) require Consultant to repeat the work at no additional charge until it is satisfactory; (c) terminate this Agreement pursuant to the provisions of Article 4; or (d) pursue any and all other remedies at law or in equity.

1.4 Assigned Personnel.

- 1.4.1 Consultant shall assign only competent personnel to perform work hereunder. In the event that at any time County, in its sole discretion, desires the removal of any person or persons assigned by Consultant to perform work hereunder, Consultant shall remove such person or persons immediately upon receiving written notice from County.
- 1.4.2 Any and all persons identified in this Agreement, any Exhibit or Attachment hereto, or any Task Order issued hereunder as the project manager, project team, or other professional performing work hereunder are deemed by County to be key personnel whose services were a material inducement to County to enter into this Agreement, and without whose services County would not have entered into this Agreement. Consultant shall not remove, replace, substitute, or otherwise change any key personnel without the prior written consent of County.
- 1.4.3 In the event that any of Consultant's personnel assigned to perform services under this Agreement become unavailable due to resignation, sickness or other factors outside of Consultant's control, Consultant shall be responsible for timely provision of adequately qualified replacements.

1.5 Consultant's Reports or Meetings.

- 1.5.1 Consultant shall submit progress reports on each specific project in accordance with the Task Order. These reports shall be submitted at least once a month. The report should be sufficiently detailed for County's Task Order Manager to determine, if Consultant is performing to expectations, or is on schedule; to provide communication of interim findings, and to sufficiently address any difficulties or special problems encountered, so remedies can be developed.
- 1.5.2 Consultant's Project Manager shall meet with County's Contract Administrator or Task Order Manager, as needed, to discuss progress on the project(s) or contract related issues.

1.6 Federal Requirements.

Task Orders under this Agreement may be funded by The Federal Emergency Management Agency (FEMA). Consultant shall comply with all applicable Federal Requirements attached hereto as Exhibit "A" – Federal Provisions.

2. Allowable Costs and Payments.

2.1 Method of payment.

Consultant will be reimbursed for hours worked at the hourly rates specified in Consultant's Cost Proposal (Attachment A). The specified hourly rates shall include direct salary costs, employee benefits, overhead, and fee. These rates are not adjustable for the performance period set forth in

this Agreement.

In addition, Consultant will be reimbursed for incurred (actual) direct costs other than salary costs that are in the cost proposal and identified in the cost proposal and in the executed Task Order.

2.2 Task Orders.

- 2.2.1 Specific projects will be assigned to Consultant through issuance of Task Orders.
- 2.2.2 After a project to be performed under this Agreement is identified by County, County will prepare a draft Task Order; less the cost estimate. A draft Task Order will identify the scope of services, expected results, project deliverables, period of performance, project schedule and will designate a County's Task Order Manager. The draft Task Order will be delivered to Consultant for review. Consultant shall return the draft Task Order within ten (10) calendar days along with a Cost Estimate, including a written estimate of the number of hours and hourly rates per staff person, any anticipated reimbursable expenses, overhead, fee if any, and total dollar amount. After agreement has been reached on the negotiable items and total cost; the finalized Task Order shall be signed by both County and Consultant.
- 2.2.3 Task Orders may be negotiated for a lump sum (Firm Fixed Price) or for specific rates of compensation, both of which must be based on the labor and other rates set forth in Consultant's Cost Proposal.
- 2.2.4 Consultant shall not commence performance of work or services until this Agreement has been approved by County, and notification to proceed has been issued by County's Task Order Manager. No payment will be made prior to approval or for any work performed prior to approval of this Agreement.
- 2.2.5 A Task Order is of no force or effect until returned to County and signed by an authorized representative of County. No expenditures are authorized on a project and work shall not commence until a Task Order for that project has been executed by County.
- 2.2.6 The period of performance for Task Orders shall be in accordance with dates specified in the Task Order. No Task Order will be written which extends beyond the expiration date of this Agreement.
- 2.2.7 The total amount payable by County for an individual Task Order shall not exceed the amount agreed to in the Task Order, unless authorized by contract amendment.
- 2.2.8 If the Consultant fails to satisfactorily complete a deliverable according to the schedule set forth in a Task Order, no payment will be made until the deliverable has been satisfactorily completed.
- 2.2.9 Task Orders may not be used to amend this Agreement and may not exceed the scope of work under this Agreement

2.3 Transportation & Subsistence.

Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal.

2.4 Milestone Costs.

When milestone cost estimates are included in the approved Cost Proposal, Consultant shall obtain prior written approval for a revised milestone cost estimate from the County's Task Order Manager before exceeding such cost estimate.

2.5 Progress Payments.

Progress payments for each Task Order will be made monthly in arrears based on services provided and actual costs incurred.

2.6 [RESERVED].

2.7 Invoices.

2.7.1 Consultant will be reimbursed, as promptly as fiscal procedures will permit upon receipt by County's Contract Administrator of itemized invoices. Separate invoices itemizing all costs are required for all work performed under each Task Order. Invoices shall be submitted no later than 45 calendar days after the performance of work for which Consultant is billing, or upon completion of the Task Order. Invoices shall detail the work performed on each milestone, on each project as applicable. Invoices shall follow the format stipulated for the approved Cost Proposal and shall reference this Agreement number, project title and Task Order number. Credits due County that include any equipment purchased under the provisions of Article 13.13 Equipment Purchase of this Agreement, must be reimbursed by Consultant prior to the expiration or termination of this Agreement. Invoices shall be mailed to County's Contract Administrator at the following address:

David Cameron
2300 County Center Drive, Suite B-100
Santa Rosa, CA 95403

2.7.2 In addition to compliance with the requirements of this Article 2, including Article 2.7.1 above, Consultant shall submit its bills in arrears on a monthly basis in a form approved by County's Auditor and the Head of the County Department receiving the services. The bills shall show or include: (i) the task(s) performed; (ii) the time in quarter hours devoted to the task(s); (iii) the hourly rate or rates of the persons performing the task(s); and (iv) copies of receipts for reimbursable materials/expenses, if any. Expenses not expressly authorized by the Agreement shall not be reimbursed, including a copy of all invoices paid to subcontractors for work required included in the prime consultant's invoice. Consultant shall submit the Subcontractor Payment Declaration with each invoice.

2.7.3 Unless otherwise noted in this Agreement, payments shall be made within the normal course of County business after presentation of an invoice in a form approved by the County for services performed. Payments shall be made only upon the satisfactory completion of the services as determined by the County.

2.8 Contract Value/Not-to-Exceed Compensation.

2.8.1 The total amount payable by County for all Task Orders issued under this Agreement shall not exceed \$975,000.00.

- 2.8.2 The not-to-exceed amount of \$975,000 set forth in section 2.8.1 is an aggregate not-to-exceed amount across this Agreement and an Agreement No. OC18-D1 with Consultant. Any compensation expended by County to pay Consultant under Agreement No. OC18-D1 will reduce the not-to-exceed amount set forth in section 2.8.1 of this Agreement by the same amount.
- 2.8.3 This Agreement and Agreement No. OC18-D1 will be administered by the County's Transportation and Public Works department to ensure that the total aggregate amount of compensation to Consultant across this Agreement and Agreement No. OC18-D1 does not exceed the amount set forth in section 2.8.1.
- 2.8.5 Consultant acknowledges, understands and agrees that there is no guarantee, either expressed or implied that the dollar amount set forth in section 2.8.1 or any portion thereof will be authorized under this Agreement through Task Orders.

2.9 Salary Increases.

Salary increases will be reimbursable if the new salary is within the salary range identified in the approved Cost Proposal and is approved by County's Contract Administrator.

For personnel subject to prevailing wage rates as described in the California Labor Code, all salary increases, which are the direct result of changes in the prevailing wage rates are reimbursable.

2.10 [RESERVED].

2.11 Taxes.

- 2.11.1 Consultant agrees to file federal and state tax returns and pay all applicable taxes on amounts paid pursuant to this Agreement and shall be solely liable and responsible to pay such taxes and other obligations, including, but not limited to, state and federal income and FICA taxes. Consultant agrees to indemnify and hold County harmless from any liability which it may incur to the United States or to the State of California as a consequence of Consultant's failure to pay, when due, all such taxes and obligations. In case County is audited for compliance regarding any withholding or other applicable taxes, Consultant agrees to furnish County with proof of payment of taxes on these earnings.
- 2.11.2 Pursuant to California Revenue and Taxation code (R&TC) Section 18662, the County shall withhold seven percent of the income paid to Consultant for services performed within the State of California under this agreement, for payment and reporting to the California Franchise Tax Board, if Consultant does not qualify as: (1) a corporation with its principal place of business in California, (2) an LLC or Partnership with a permanent place of business in California, (3) a corporation/LLC or Partnership qualified to do business in California by the Secretary of State, or (4) an individual with a permanent residence in the State of California.
- 2.11.3 If Consultant does not qualify, County requires that a completed and signed Form 587 be provided by the Consultant in order for payments to be made. If consultant is qualified, then the County requires a completed Form 590. Forms 587 and 590 remain valid for the duration of the Agreement provided there is no material change in facts. By signing either form, the contractor agrees to promptly notify the County of any changes in the

facts. Forms should be sent to the County pursuant to Article 12. To reduce the amount withheld, Consultant has the option to provide County with either a full or partial waiver from the State of California.

3. Term of Agreement.

3.1 Term.

This Agreement shall go into effect on (_____)contingent upon approval by County, and Consultant shall commence work after notification to proceed by County's Contract Administrator. The Agreement shall end on (_____), unless extended by amendment.

3.2 Task Order Term

The period of performance for each specific project shall be in accordance with the Task Order for that project. If work on a Task Order is in progress on the expiration date of this Agreement, the terms of the Agreement shall be extended by contract amendment.

4. Termination

4.1 Termination Without Cause

Notwithstanding any other provision of this Agreement, at any time and without cause, County shall have the right, in its sole discretion, to terminate this Agreement by giving 30 days written notice to Consultant.

4.2 Termination for Cause

Notwithstanding any other provision of this Agreement, should Consultant fail to perform any of its obligations hereunder, within the time and in the manner herein provided, or otherwise violate any of the terms of this Agreement, County may immediately terminate this Agreement by giving Consultant written notice of such termination, stating the reason for termination.

4.3 Delivery of Work Product and Final Payment Upon Termination

In the event of termination, Consultant, within 14 days following the date of termination, shall deliver to County all reports, original drawings, graphics, plans, studies, and other data or documents, in whatever form or format, assembled or prepared by Consultant or Consultant's subconsultants, consultants, and other agents in connection with this Agreement and shall submit to County an invoice showing the services performed, hours worked, and copies of receipts for reimbursable expenses up to the date of termination.

4.4 Payment Upon Termination.

Upon termination of this Agreement by County, Consultant shall be entitled to receive as full payment for all services satisfactorily rendered and reimbursable expenses properly incurred hereunder, an amount which bears the same ratio to the total payment specified in the Agreement as the services satisfactorily rendered hereunder by Consultant bear to the total services otherwise required to be performed for such total payment; provided, however, that if services which have been satisfactorily rendered are to be paid on a per-hour or per-day basis, Consultant shall be entitled to receive as full payment an amount equal to the number of hours or days actually worked

prior to the termination times the applicable hourly or daily rate; and further provided, however, that if County terminates the Agreement for cause pursuant to Section 4.2, County shall deduct from such amount the amount of damage, if any, sustained by County by virtue of the breach of the Agreement by Consultant.

4.5 Authority to Terminate

The Board of Supervisors has the authority to terminate this Agreement on behalf of the County. In addition, the County Counsel, shall have the authority to terminate this Agreement on behalf of the County.

5. Indemnification.

Consultant agrees to accept responsibility for loss or damage to any person or entity, including County, and to defend, indemnify, hold harmless, and release County, its officers, agents, and employees, from and against any actions, claims, damages, liabilities, disabilities, or expenses, that may be asserted by any person or entity, including Consultant, that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of Consultant or its agents, employees, contractors, subcontractors, or invitees hereunder, whether or not there is concurrent or contributory negligence on County's part, but, to the extent required by law, excluding liability due to County's conduct. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for Consultant or its agents, employees, contractors, subcontractors, or invitees under workers' compensation acts, disability benefits acts, or other employee benefit acts.

6. Insurance.

With respect to performance of work under this Agreement, Consultant shall maintain and shall require all of its subcontractors, consultants, and other agents to maintain, insurance as described in Attachment B, which is attached hereto and incorporated herein by this reference.

7. Prosecution of Work.

The execution of this Agreement shall constitute Consultant's authority to proceed immediately with the performance of this Agreement. Performance of the services hereunder shall be completed within the time required herein, provided, however, that if the performance is delayed by earthquake, flood, high water, or other Act of God or by strike, lockout, or similar labor disturbances, the time for Consultant's performance of this Agreement shall be extended by a number of days equal to the number of days Consultant has been delayed.

8. Extra or Changed Work.

Extra or changed work or other changes to the Agreement may be authorized only by written amendment to this Agreement, signed by both parties. Minor changes, which do not increase the amount paid under the Agreement, and which do not significantly change the scope of work or significantly lengthen time schedules may be executed by the Department Head in a form approved by County Counsel. The Board of Supervisors/Purchasing Agent must authorize all other extra or changed work. The parties expressly recognize that, pursuant to Sonoma County Code Section 1-11, County personnel are without authorization to order extra or changed work or waive Agreement requirements. Failure of Consultant to secure such written authorization for extra or changed work shall constitute a waiver of any and all right

to adjustment in the Agreement price or Agreement time due to such unauthorized work and thereafter Consultant shall be entitled to no compensation whatsoever for the performance of such work. Consultant further expressly waives any and all right or remedy by way of restitution and quantum meruit for any and all extra work performed without such express and prior written authorization of the County.

9. Representations of Consultant.

9.1 Standard of Care.

County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees that all its work will be performed and that its operations shall be conducted in accordance with generally accepted and applicable professional practices and standards as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Consultant's work by County shall not operate as a waiver or release.

9.2 Status of Consultant.

The parties intend that Consultant, in performing the services specified herein, shall act as an independent contractor and shall control the work and the manner in which it is performed. Consultant is not to be considered an agent or employee of County and is not entitled to participate in any pension plan, worker's compensation plan, insurance, bonus, or similar benefits County provides its employees. In the event County exercises its right to terminate this Agreement pursuant to Article 4, above, Consultant expressly agrees that it shall have no recourse or right of appeal under rules, regulations, ordinances, or laws applicable to employees.

9.3 No Suspension or Debarment. In addition to the requirements set forth in Exhibit "A" (Federal Requirements) and without limiting Consultant's obligation to fully comply with the requirements of Exhibit "A" (Federal Requirements), including the "Department and Suspension" requirements set forth in Section IV and Exhibit "A1" (Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Contractors), Consultant warrants that it is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in covered transactions by any federal department or agency. Consultant also warrants that it is not suspended or debarred from receiving federal funds as listed in the List of Parties Excluded from Federal Procurement or Non-procurement Programs issued by the General Services Administration. If the Consultant becomes debarred, consultant has the obligation to inform the County.

9.4 [RESERVED]

9.5 Records Maintenance.

In addition to the requirements set forth in Exhibit "A" (Federal Requirements) and without limiting Consultant's obligation to fully comply with the requirements of Exhibit "A" (Federal Requirements), including the "Access to Records" requirements set forth in Section III, Consultant shall keep and maintain full and complete documentation and accounting records concerning all services performed that are compensable under this Agreement and shall make such documents and records available to County for inspection at any reasonable time. Consultant shall maintain such records for a period of four (4) years following completion of work hereunder.

9.6 Conflict of Interest.

- 9.6.1 Consultant shall disclose any financial, business, or other relationship with County that may have an impact upon the outcome of this contract, or any ensuing County construction project. Consultant shall also list current clients who may have a financial interest in the outcome of this contract, or any ensuing County construction project, which will follow.
- 9.6.2 Consultant hereby certifies and covenants that it presently has no interest and that it will not acquire any interest, direct or indirect, that represents a financial conflict of interest under state law or that would otherwise conflict in any manner or degree with the performance of its services hereunder. Consultant further covenants that in the performance of this Agreement no person having any such interests shall be employed. In addition, if requested to do so by County, Consultant shall complete and file and shall require any other person doing work under this Agreement to complete and file a "Statement of Economic Interest" with County disclosing Consultant's or such other person's financial interests..
- 9.6.3 Consultant hereby certifies that neither Consultant, nor any firm affiliated with Consultant will bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting from this contract. An affiliated firm is one, which is subject to the control of the same persons through joint-ownership, or otherwise.
- 9.6.4 Except for subconsultants whose services are limited to providing surveying or materials testing information, no subconsultant who has provided design services in connection with this contract shall be eligible to bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting from this contract.

9.7 Statutory Compliance.

Contractor agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly agrees, on behalf of itself and on behalf of all its agents, employees, subconsultants, and subcontractors, to comply with the federal requirements set forth in Exhibit "A" (Federal Requirements) attached to this Agreement..

9.8 Living Wage Ordinance.

- 9.8.1 Consultant agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies, including but not limited to the County of Sonoma Living Wage Ordinance, applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly acknowledges and agrees that this Agreement is subject to the provisions of Article XXVI of Chapter 2 of the Sonoma County Code, requiring payment of a living wage to covered employees. Noncompliance during the term of the Agreement will be considered a material breach and may result in termination of the Agreement or pursuit of other legal or administrative remedies.

9.8.2 Notwithstanding the requirement of section 9.8.1 that Consultant comply with the County of Sonoma Living Wage Ordinance (Sonoma County Code Chapter 2, Article XXVI), none of the Living Wage Ordinance's local preference requirements shall be used to select or otherwise apply to Consultant.

9.9 Nondiscrimination.

In addition to the requirements set forth in Exhibit "A" (Federal Requirements) and without limiting Consultant's obligation to fully comply with the requirements of Exhibit "A" (Federal Requirements), including the "Equal Employment Opportunity Compliance" requirements set forth in Section VI, and without limiting any other provision in this Agreement, Consultant shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination in employment because of race, color, ancestry, national origin, religion, sex, marital status, age, medical condition, pregnancy, disability, sexual orientation or other prohibited basis, including without limitation, the County's Non-Discrimination Policy. All nondiscrimination rules or regulations required by law to be included in this Agreement are incorporated herein by this reference.

9.10 [RESERVED]

9.11 AIDS Discrimination.

Consultant agrees to comply with the provisions of Chapter 19, Article II, of the Sonoma County Code prohibiting discrimination in housing, employment, and services because of AIDS or HIV infection during the term of this Agreement and any extensions of the term.

9.12 Assignment of Rights.

In addition to the requirements and rights afforded to FEMA set forth in Exhibit "A" (Federal Requirements) and without limiting Consultant's obligation to fully comply with the requirements of Exhibit "A" (Federal Requirements) and to afford FEMA such rights, including the "Notice of Requirements Pertaining to Copyrights" set forth in Section XI and the "Patent Rights" set forth in Section XII, Consultant assigns to County all rights throughout the world in perpetuity in the nature of copyright, trademark, patent, right to ideas, in and to all versions of the plans and specifications, if any, now or later prepared by Consultant in connection with this Agreement. Consultant agrees to take such actions as are necessary to protect the rights assigned to County in this Agreement, and to refrain from taking any action which would impair those rights. Consultant's responsibilities under this provision include, but are not limited to, placing proper notice of copyright on all versions of the plans and specifications as County may direct, and refraining from disclosing any versions of the plans and specifications to any third party without first obtaining written permission of County.

Consultant shall not use or permit another to use the plans and specifications in connection with this or any other project without first obtaining written permission of County.

9.13 Ownership and Disclosure of Work Product.

All reports, original drawings, graphics, plans, studies, and other data or documents ("documents"), in whatever form or format, assembled or prepared by Consultant or Consultant's subcontractors, consultants, and other agents in connection with this Agreement shall be the property of County. County shall be entitled to immediate possession of such documents upon completion of the work pursuant to this Agreement. Upon expiration or termination of this

Agreement, Consultant shall promptly deliver to County all such documents, which have not already been provided to County in such form or format, as County deems appropriate. Such documents shall be and will remain the property of County without restriction or limitation. Consultant may retain copies of the above- described documents but agrees not to disclose or discuss any information gathered, discovered, or generated in any way through this Agreement without the express written permission of County.

9.14 Authority.

The undersigned hereby represents and warrants that he or she has authority to execute and deliver this Agreement on behalf of Consultant.

9.15 Prevailing Wage.

- 9.15.1 Consultant shall comply with the State of California's General Prevailing Wage Rate requirements in accordance with California Labor Code, Section 1770, and all Federal, State, and local laws and ordinances applicable to the work.
- 9.15.2 Any subcontract entered into as a result of this contract, if for more than \$25,000 for public works construction or more than \$15,000 for the alteration, demolition, repair, or maintenance of public works, shall contain all of the provisions of this Article, unless the awarding agency has an approved labor compliance program by the Director of Industrial Relations.
- 9.15.3 When prevailing wages apply to the services described in the scope of work, transportation and subsistence costs shall be reimbursed at the minimum rates set by the Department of Industrial Relations (DIR) as outlined in the applicable Prevailing Wage Determination. See <http://www.dir.ca.gov>.

10. Demand for Assurance.

Each party to this Agreement undertakes the obligation that the other's expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arise with respect to the performance of either party, the other may in writing demand adequate assurance of due performance and until such assurance is received may, if commercially reasonable, suspend any performance for which the agreed return has not been received. "Commercially reasonable" includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding thirty (30) days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance. Nothing in this Article limits County's right to terminate this Agreement pursuant to Article 4.

11. Assignment and Delegation.

Neither party hereto shall assign, delegate, sublet, or transfer any interest in or duty under this Agreement without the prior written consent of the other, and no such transfer shall be of any force or effect whatsoever unless and until the other party shall have so consented.

12. Method and Place of Giving Notice, Submitting Bills and Making Payments.

All notices, bills, and payments shall be made in writing and shall be given by personal delivery or by U.S. Mail or courier service. Notices, bills, and payments shall be addressed as follows:

To County:

Sonoma County Department of Transportation and Public Works
Attn: David Cameron
2300 County Center Drive, Suite B-100 Santa Rosa, CA 95403

When a notice, bill or payment is given by a generally recognized overnight courier service, the notice, bill or payment shall be deemed received on the next business day. When a copy of a notice, bill or payment is sent by facsimile or email, the notice, bill or payment shall be deemed received upon transmission as long as (1) the original copy of the notice, bill or payment is promptly deposited in the U.S. mail and postmarked on the date of the facsimile or email (for a payment, on or before the due date), (2) the sender has a written confirmation of the facsimile transmission or email, and (3) the facsimile or email is transmitted before 5 p.m. (recipient's time). In all other instances, notices, bills and payments shall be effective upon receipt by the recipient. Changes may be made in the names and addresses of the person to whom notices are to be given by giving notice pursuant to this paragraph.

13. Miscellaneous Provisions.

13.1 No Waiver of Breach.

The waiver by County of any breach of any term or promise contained in this Agreement shall not be deemed to be a waiver of such term or provision or any subsequent breach of the same or any other term or promise contained in this Agreement.

13.2 Construction.

To the fullest extent allowed by law, the provisions of this Agreement shall be construed and given effect in a manner that avoids any violation of statute, ordinance, regulation, or law. The parties covenant and agree that in the event that any provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated thereby. Consultant and County acknowledge that they have each contributed to the making of this Agreement and that, in the event of a dispute over the interpretation of this Agreement, the language of the Agreement will not be construed against one party in favor of the other.

Consultant and County acknowledge that they have each had an adequate opportunity to consult with counsel in the negotiation and preparation of this Agreement.

13.3 Consent.

Wherever in this Agreement the consent or approval of one party is required to an act of the other party, such consent or approval shall not be unreasonably withheld or delayed.

13.4 No Third Party Beneficiaries.

Nothing contained in this Agreement shall be construed to create and the parties do not intend to create any rights in third parties.

13.5 Applicable Law and Forum.

This Agreement shall be construed and interpreted according to the substantive law of California, regardless of the law of conflicts to the contrary in any jurisdiction. Any action to enforce the terms of this Agreement or for the breach thereof shall be brought and tried in Santa Rosa or the forum nearest to the city of Santa Rosa, in the County of Sonoma.

13.6 Captions.

The captions in this Agreement are solely for convenience of reference. They are not a part of this Agreement and shall have no effect on its construction or interpretation.

13.7 Merger.

This writing is intended both as the final expression of the Agreement between the parties hereto with respect to the included terms and as a complete and exclusive statement of the terms of the Agreement, pursuant to Code of Civil Procedure Section 1856. No modification of this Agreement shall be effective unless and until such modification is evidenced by a writing signed by both parties.

13.8 Survival of Terms.

All express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

13.9 Time of Essence.

Time is and shall be of the essence of this Agreement and every provision hereof.

13.10 Claims Filed by County's Construction Contractor.

13.10.1 If claims are filed by County's construction contractor relating to work performed by Consultant's personnel, and additional information or assistance from Consultant's personnel is required in order to evaluate or defend against such claims; Consultant agrees to make its personnel available for consultation with County's construction contract administration and legal staff and for testimony, if necessary, at depositions and at trial or arbitration proceedings.

13.10.2 Consultant's personnel that County considers essential to assist in defending against construction contractor claims will be made available on reasonable notice from County. Consultation or testimony will be reimbursed at the same rates, including travel costs that

are being paid for Consultant's personnel services under this contract.

13.10.3 Services of Consultant's personnel in connection with County's construction contractor claims will be performed pursuant to a written contract amendment, if necessary, extending the termination date of this contract in order to resolve the construction claims.

13.10.4 Any subcontract in excess of \$25,000 entered into as a result of this contract, shall contain all of the provisions of this Article.

14. Attachments & Exhibits.

The following Attachments and Exhibits appended to this Agreement are hereby incorporated by reference as if fully set forth herein.

14.1 List of Attachments.

Attachment A – Cost Proposal

Attachment B – Insurance Requirements

Exhibit A – Federal Requirements

14.2 Order of Precedence.

In the event of any conflict between the Attachments and this Agreement, the Agreement shall control. Notwithstanding the foregoing, in the event of any conflict between the Agreement and the Federal Requirements set forth in Exhibit "A", the Federal Requirements set forth in Exhibit "A" shall control.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the Effective Date.

Exhibit “A”
FEDERAL PROVISIONS

I. DEFINITIONS

- A. Government** means the United States of America and any executive department or agency thereof.
- B. FEMA** means the Federal Emergency Management Agency.
- C. Third Party Subcontract** means a subcontract at any tier entered into by Consultant or subconsultant, financed in whole or in part with Federal assistance originally derived from the Federal Emergency Management Agency.

II. FEDERAL REQUIREMENTS AND CHANGES

- A.** This is an acknowledgement that FEMA financial assistance will be used to fund the contract only. The consultant will comply with all applicable federal law, regulations, executive orders , FEMA policies, procedures, and directives.
- B.** Consultant shall at all times comply with all applicable regulations, policies, procedures, and FEMA Directives as they may be amended or promulgated from time to time during the term of this Agreement, including but not limited to those requirements of 2 CFR 200.317 through 200.326 and more fully set forth in Appendix II to Part 200—Contract Provisions for non–Federal Entity Contracts Under Federal Awards, which is included herein by reference. Consultant's failure to so comply shall constitute a material breach of this contract.
- C.** The Consultant agrees to include the above clause in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

III. ACCESS TO RECORDS

- A.** The Consultant agrees to provide the County, FEMA, the Comptroller General of the United States or any their authorized representatives access to any books, documents, papers, and records of the Consultant which are directly pertinent to this Agreement for the purposes of making audits, examinations, excerpts, and transcriptions.
- B.** The Consultant agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.
- C.** The Consultant agrees to maintain all books, records, accounts, and reports required under this Agreement for a period of not less than three years after the later of: (a) the date of termination or expiration of this Agreement or (b) the date County makes final payment under this Agreement, except in the event of litigation or settlement of claims arising from the performance of this Agreement, in which case, Consultant agrees to maintain same until the County, FEMA, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims, or exceptions related thereto.
- D.** The requirements set for in paragraphs A, B, and C above are all in addition to, and should not be considered to be in lieu of, those requirements set forth in Section 21 of the Agreement.

IV. DEBARMENT AND SUSPENSION

- A.** This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the Consultant is required to verify that none of the Consultant, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).
- B.** Consultant represents and warrants that it is not debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, "Debarment and Suspension" or on the USEPA's List of Violating Facilities. Consultant agrees that neither Consultant nor any of its third party subconsultants shall enter into any third party subcontracts for any of the work under this Agreement with a third party subconsultant who is debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs under executive Order 12549 or on the USEPA's List of Violating Facilities. Gov. Code § 4477.
- C.** The Consultant must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into. Consultant agrees to the provisions of Exhibit A1, Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion— Lower Tier Covered Transactions, attached hereto and incorporated herein. For purposes of this Agreement and Exhibit A1, Consultant is the "prospective lower tier participant."
- D.** The Consultant agrees to include paragraphs A and B above in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the paragraphs shall not be modified, except to identify the subconsultant who will be subject to its provisions.
- E.** This certification is a material representation of fact relied upon by County. If it is later determined that the Consultant did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the State of California, the County, and the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.
- F.** The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions."

V. NO FEDERAL GOVERNMENT OBLIGATIONS TO CONSULTANT

- A.** The County and Consultant acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Government, the Government is not a party to this contract and shall not be subject to any obligations or liabilities to the County, Consultant, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.
- B.** The Consultant agrees to include the above clause in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

VI. EQUAL EMPLOYMENT OPPORTUNITY COMPLIANCE (applicable to all construction contracts awarded meeting the definition of “federally assisted construction contract” under 41 CFR 61-1.3)

Consultant agrees to comply with Executive Order 11246 of September 24, 1965, entitled “Equal Employment Opportunity,” as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR Part 60). 41 CFR 60.14 is hereby incorporated by reference.

- A.** Consultants and subconsultants shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, sexual orientation, physical disability (including HIV and AIDS), mental disability, medical condition (cancer), age (over 40), marital status, and denial of family care leave.
- B.** Consultants, and subconsultants shall ensure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment.
- C.** Consultants and subconsultants shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code, § 12990 (a-f) et seq.) and the applicable regulations promulgated thereunder (California Code of Regulations, Title 2, Section 7285 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations, are incorporated into this Agreement by reference and made a part hereof as if set forth in full.
- D.** Consultants, and subconsultants shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.

VII. ANTI-KICKBACK ACT COMPLIANCE (applicable to all contracts and subgrants for construction or repair; 44 CFR §13.36(i)(4))

Consultant agrees to comply with the Copeland “Anti-Kickback” Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 3).

VIII. DAVIS-BACON ACT COMPLIANCE (applicable to construction contracts in excess of \$2,000 awarded by grantees and subgrantees when required by Federal grant program legislation;)

To the extent required by any Federal grant programs applicable to expected funding or reimbursement of County’s expenses incurred in connection with the services provided under this Agreement, Consultant agrees to comply with the Davis-Bacon Act (40 U.S.C. 276a to 276a-7) as supplemented by Department of Labor regulations (29 CFR Part 5) as set forth below. These requirements are in addition to the requirements set forth in Section 19(b) of the Agreement.

- A.** The Consultant shall be bound to the provisions of the Davis-Bacon Act, and agrees to be bound by all the provisions of Labor Code section 1771 regarding prevailing wages. All labor on this project shall be paid neither less than the greater of the minimum wage rates established by the U.S. Secretary of Labor (Federal Wage Rates), or by the State of

California Director of Department of Industrial Relations (State Wage Rates). Current DIR requirements may be found at <http://www.dir.ca.gov/lcp.asp>.

- B. The general prevailing wage rates may be accessed at the Department of Labor Home Page at www.wdol.gov. Under the Davis Bacon heading, click on “Selecting DBA WDs.” In the drop down menu for State, select, “California.” In the drop down menu for County, select “Sonoma.” In the drop down menu for Construction Type, make the appropriate selection. Then, click Search.

IX. CONTRACT WORK HOURS AND SAFETY STANDARDS (applicable to all contracts in excess of \$100,000 that involve the employment of mechanics or laborers, but not to purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence)

- A. **Compliance:** Consultant agrees that it shall comply with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–330) as supplemented by Department of Labor regulations (29 CFR Part 5), which are incorporated herein.
- B. **Overtime:** No Consultant or subconsultant contracting for any part of the work under this Agreement which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
- C. **Violation; liability for unpaid wages; liquidated damages:** In the event of any violation of the provisions of Paragraph B, the Consultant and any subconsultant responsible therefore shall be liable to any affected employee for his unpaid wages. In additions, such Consultant and subconsultant shall be liable to the United States for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic employed in violation of the provisions of paragraph B in the sum of \$10 for each calendar day on which such employee was required or permitted to be employed on such work in excess of eight hours or in excess of his standard workweek of forty hours without payment of the overtime wages required by paragraph B.
- D. **Withholding for unpaid wages and liquidated damages:** The County shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Consultant or subconsultant under any such contract or any other Federal contract with the same prime Consultant, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Consultant, such sums as may be determined to be necessary to satisfy any liabilities of such Consultant or subconsultant for unpaid wages and liquidated damages as provided in the clause set for in paragraph C of this section.
- E. **Subcontracts:** The Consultant or subconsultant shall insert in any subcontracts the clauses set forth in paragraphs A through D of this section and also a clause requiring the subconsultants to include these clauses in any lower tier subcontracts. The prime Consultant shall be responsible for compliance by any subconsultant or lower tier subconsultant with the clauses set forth in paragraphs A through D of this section.

X. NOTICE OF REPORTING REQUIREMENTS

- A.** Consultant acknowledges that it has read and understands the reporting requirements of FEMA in Part III of Chapter 11 of the United States Department of Justice’s Office of Justice Programs Financial Guide, and agrees to comply with any such applicable requirements.
- B.** The Consultant agrees to include the above clause in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

XI. NOTICE OF REQUIREMENTS PERTAINING TO COPYRIGHTS

- A.** Consultant agrees that FEMA shall have a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for government purposes:
 - 1) The copyright in any work developed with the assistance of funds provided under this Agreement;
 - 2) Any rights of copyright to which Consultant purchases ownership with the assistance of funds provided under this Agreement.
- B.** The Consultant agrees to include paragraph A above in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

XII. PATENT RIGHTS (applicable to contracts for experimental, research, or development projects financed by FEMA; 44 CFR §13.36(i)(8))

- A. General.** If any invention, improvement, or discovery is conceived or first actually reduced to practice in the course of or under this Agreement, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the County and Consultant agree to take actions necessary to provide immediate notice and a detailed report to FEMA.
- B.** Unless the Government later makes a contrary determination in writing, irrespective of Consultant's status (a large business, small business, state government or state instrumentality, local government, nonprofit organization, institution of higher education, individual), the County and Consultant agree to take the necessary actions to provide, through FEMA, those rights in that invention due the Federal Government as described in U.S. Department of Commerce regulations, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” 37 CFR, Part 401.

Consultant agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387), and will report violations to FEMA and the Regional Office of the Environmental Protection Agency (EPA).

B. Consultant agrees to report each violation of these requirements to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to FEMA and the appropriate EPA regional office.

C. The Consultant agrees to include paragraph A and B above in each third party subcontract exceeding \$100,000 financed in whole or in part with Federal assistance provided by FEMA.

XV. TERMINATION FOR CONVENIENCE OF COUNTY (applicable to all contracts in excess of \$10,000)

See Paragraph 4.1 of the Agreement.

XVI. TERMINATION FOR DEFAULT (applicable to all contracts in excess of \$10,000)

Consultant's failure to perform or observe any term, covenant or condition of this Agreement shall constitute an event of default under this Agreement. See Paragraph 4.2 of the Agreement.

XVII. CHANGES.

See Paragraph 8 of the Agreement.

XVIII. LOBBYING (Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended).)

A. Consultant shall not use or pay any funds received under this Agreement to influence or attempt to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

B. Consultant agrees to the provisions of Exhibit A2, Certification Regarding Lobbying, attached hereto and incorporated herein (applicable for contracts or subcontracts in excess of \$100,000).

- C. Consultant agrees to include paragraphs A and B above in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

XIX. MBE / WBE REQUIREMENTS

The County intends to seek reimbursement of its costs incurred in connection with this project from FEMA. Accordingly, the CONSULTANT shall make every effort to procure Minority and Women's Business Enterprises ("DBEs") through the "Good Faith Effort" process as required in 2 CFR 200.321. Failure to perform the "Good Faith Effort" process and submit the forms listed below with the bid shall be cause for a bid to be rejected as non-responsive and/or be considered as a material breach of the contract.

PRIME CONSULTANT RESPONSIBILITIES

All recipients of this grant funding, as well as their prime Consultants and subconsultants, must take all affirmative steps to assure that minority firms, women's business enterprises, and labor surplus area firms are used when possible make every effort to solicit bids from eligible DBEs. This information must be documented and reported.

"GOOD FAITH" EFFORT PROCESS

Any public or private entity receiving federal funds must demonstrate that efforts were made to attract MBE/WBEs. The process to attract MBE/WBEs is referred to as the "Good Faith" effort. This effort requires the recipient, prime Consultant and any subconsultants to take the steps listed below to assure that MBE/WBEs are used whenever possible as sources of supplies, construction, equipment, or services. If a CONSULTANT fails to take the steps outlined below shall cause the bid to be rejected as non-responsive and/or be deemed a material breach of the contract.

- A. Place qualified small and minority businesses and women's business enterprises on solicitation lists;
- B. Assure that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
- C. Divide total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;
- D. Establish delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises; and
- E. Use the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce.
- F. If subcontracts are to be let, Consultant shall take the affirmative steps listed in 2 CFR 200.321.

XX. PROCUREMENT OF RECOVERED MATERIALS (2 CFR 200.322)

Consultant shall comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

XXI. INCORPORATION OF UNIFORM ADMINISTRATIVE REQUIREMENTS

The preceding provisions include, in part, certain standard terms and conditions required by FEMA, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by FEMA are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FEMA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. Consultant shall not perform any act, fail to perform any act, or refuse to comply with any County requests that would cause County to be in violation of the FEMA terms and conditions.

XXII. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS.

The Consultant acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Consultant's actions pertaining to this contract.

XXIII. DHS SEAL, LOGO, AND FLAGS.

The Consultant shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

Exhibit A1

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION – LOWER TIER COVERED TRANSACTIONS

(Lower Tier refers to the agency or Consultant receiving Federal funds, as well as any subconsultants that the agency or Consultant enters into contract with using those funds)

As required by Executive Order 12549, Debarment and Suspension, as defined at 44 CFR Part 17, County may not enter into contract with any entity that is debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by the Federal Government from participating in transactions involving Federal funds. Consultant is required to sign the certification below which specifies that neither Consultant nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by the Federal agency. It also certifies that Consultant will not use, directly or indirectly, any of these funds to employ, award contracts to, engage the services of, or fund any Consultant that is debarred, suspended, or ineligible under 44 CFR Part 17.

Instruction for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definition and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this agreement that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification Regarding Debarment, Suspension, Ineligibility an Voluntary Exclusion – Lower Tier Covered Transactions

1. The prospective lower tier participant certifies, by submission of its proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loan, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Professional Services Agreement (“PSA”)
On-Call Design Services FHWA Agreement – OC18-D1

AGREEMENT FOR [CONSULTING/PROFESSIONAL] SERVICES

This agreement ("Agreement"), dated as of _____, 20__ (“Effective Date”) is by and between the County of Sonoma, a political subdivision of the State of California (hereinafter "County"), and Cinquini & Passarino Inc. (hereinafter "Consultant").

RECITALS

WHEREAS, Consultant represents that it is a duly qualified and licensed civil engineer, experienced in the preparation of Plans, Specifications and Estimates, and related services; and

WHEREAS, in the judgment of the County’s Department of Transportation & Public Works, it is necessary and desirable to employ the services of Consultant for On-Call Engineering Design Services.

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual covenants contained herein, the parties hereto agree as follows:

AGREEMENT

I. Scope of Services.

1.1 Consultant's Specified Services.

Consultant shall perform the services, if any, described in the Request for Qualifications and as more particularly described in the applicable Task Order assigning the specific project, and within the times or by the dates provided for in , the applicable Task Order and pursuant to Article 7, Prosecution of Work.

1.2 Cooperation With County.

Consultant shall cooperate with County and County staff in the performance of all work hereunder.

1.3 Performance Standard.

Consultant shall perform all work hereunder in a manner consistent with the level of competency and standard of care normally observed by a person practicing in Consultant's profession. County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees to provide all services under this Agreement in accordance with generally accepted professional practices and standards of care, as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Contractor’s work by County shall not operate as a waiver or release. If County determines that any of Consultant's work is not in accordance with such level of competency and standard of care, County, in its sole discretion, shall have the right to do any or all of the following: (a) require Consultant to meet with County to review the quality of the work and resolve matters of concern;

(b) require Consultant to repeat the work at no additional charge until it is satisfactory; (c) terminate this Agreement pursuant to the provisions of Article 4; or (d) pursue any and all other remedies at law or in equity.

1.4 Assigned Personnel.

- 1.4.1 Consultant shall assign only competent personnel to perform work hereunder. In the event that at any time County, in its sole discretion, desires the removal of any person or persons assigned by Consultant to perform work hereunder, Consultant shall remove such person or persons immediately upon receiving written notice from County.
- 1.4.2 Any and all persons identified in this Agreement, any Exhibit or Attachment hereto, or any Task Order issued hereunder as the project manager, project team, or other professional performing work hereunder are deemed by County to be key personnel whose services were a material inducement to County to enter into this Agreement, and without whose services County would not have entered into this Agreement. Consultant shall not remove, replace, substitute, or otherwise change any key personnel without the prior written consent of County. With respect to performance under this Agreement, Consultant shall employ the following key personnel: Project Manager.
- 1.4.3 In the event that any of Consultant's personnel assigned to perform services under this Agreement become unavailable due to resignation, sickness or other factors outside of Consultant's control, Consultant shall be responsible for timely provision of adequately qualified replacements.

1.5 Consultant's Reports or Meetings.

- 1.5.1 Consultant shall submit progress reports on each specific project in accordance with the Task Order. These reports shall be submitted at least once a month. The report should be sufficiently detailed for County's Task Order Manager to determine, if Consultant is performing to expectations, or is on schedule; to provide communication of interim findings, and to sufficiently address any difficulties or special problems encountered, so remedies can be developed.
- 1.5.2 Consultant's Project Manager shall meet with County's Contract Administrator or Task Order Manager, as needed, to discuss progress on the project(s) or contract related issues.

2. Allowable Costs and Payments.

2.1 Method of payment.

Consultant will be reimbursed for hours worked at the hourly rates specified in Consultant's Cost Proposal (Attachment A). The specified hourly rates shall include direct salary costs, employee benefits, overhead, and fee. These rates are not adjustable for the performance period set forth in this Agreement.

In addition, Consultant will be reimbursed for incurred (actual) direct costs other than salary costs that are in the cost proposal and identified in the cost proposal and in the executed Task Order.

2.2 Task Orders.

- 2.2.1 Specific projects will be assigned to Consultant through issuance of Task Orders.
- 2.2.2 After a project to be performed under this Agreement is identified by County, County will prepare a draft Task Order; less the cost estimate. A draft Task Order will identify the scope of services, expected results, project deliverables, period of performance, project schedule and will designate a County's Task Order Manager. The draft Task Order will be delivered to Consultant for review. Consultant shall return the draft Task Order within ten (10) calendar days along with a Cost Estimate, including a written estimate of the number of hours and hourly rates per staff person, any anticipated reimbursable expenses, overhead, fee if any, and total dollar amount. After agreement has been reached on the negotiable items and total cost; the finalized Task Order shall be signed by both County and Consultant.
- 2.2.3 Task Orders may be negotiated for a lump sum (Firm Fixed Price) or for specific rates of compensation, both of which must be based on the labor and other rates set forth in Consultant's Cost Proposal.
- 2.2.4 Consultant shall not commence performance of work or services until this Agreement has been approved by County, and notification to proceed has been issued by County's Task Order Manager. No payment will be made prior to approval or for any work performed prior to approval of this Agreement.
- 2.2.5 A Task Order is of no force or effect until returned to County and signed by an authorized representative of County. No expenditures are authorized on a project and work shall not commence until a Task Order for that project has been executed by County.
- 2.2.6 The period of performance for Task Orders shall be in accordance with dates specified in the Task Order. No Task Order will be written which extends beyond the expiration date of this Agreement.
- 2.2.7 The total amount payable by County for an individual Task Order shall not exceed the amount agreed to in the Task Order, unless authorized by contract amendment.
- 2.2.8 If the Consultant fails to satisfactorily complete a deliverable according to the schedule set forth in a Task Order, no payment will be made until the deliverable has been satisfactorily completed.
- 2.2.9 Task Orders may not be used to amend this Agreement and may not exceed the scope of work under this Agreement

2.3 Transportation & Subsistence.

Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal.

2.4 Milestone Costs.

When milestone cost estimates are included in the approved Cost Proposal, Consultant shall obtain prior written approval for a revised milestone cost estimate from the County's Task Order Manager before exceeding such cost estimate.

2.5 Progress Payments.

Progress payments for each Task Order will be made monthly in arrears based on services provided and actual costs incurred.

2.6 [RESERVED]

2.7 Invoices.

2.7.1 Consultant will be reimbursed, as promptly as fiscal procedures will permit upon receipt by County's Contract Administrator of itemized invoices. Separate invoices itemizing all costs are required for all work performed under each Task Order. Invoices shall be submitted no later than 45 calendar days after the performance of work for which Consultant is billing, or upon completion of the Task Order. Invoices shall detail the work performed on each milestone, on each project as applicable. Invoices shall follow the format stipulated for the approved Cost Proposal and shall reference this Agreement number, project title and Task Order number. Credits due County that include any equipment purchased under the provisions of Article 13.13 Equipment Purchase of this Agreement, must be reimbursed by Consultant prior to the expiration or termination of this Agreement. Invoices shall be mailed to County's Contract Administrator at the following address:

David Cameron
2300 County Center Drive, Suite B-100
Santa Rosa, CA 95403

2.7.2 In addition to compliance with the requirements of this Article 2, including Article 2.7.1 above, Consultant shall submit its bills in arrears on a monthly basis in a form approved by County's Auditor and the Head of the County Department receiving the services. The bills shall show or include: (i) the task(s) performed; (ii) the time in quarter hours devoted to the task(s); (iii) the hourly rate or rates of the persons performing the task(s); and (iv) copies of receipts for reimbursable materials/expenses, if any. Expenses not expressly authorized by the Agreement shall not be reimbursed, including a copy of all invoices paid to subcontractors for work required included in the prime consultant's invoice. Consultant shall submit the Subcontractor Payment Declaration with each invoice.

2.7.3 Unless otherwise noted in this Agreement, payments shall be made within the normal course of County business after presentation of an invoice in a form approved by the County for services performed. Payments shall be made only upon the satisfactory completion of the services as determined by the County.

2.8 Contract Value/Not-to-Exceed Compensation.

The total amount payable by County for all Task Orders resulting from this Agreement shall not exceed \$975,000.00. It is understood and agreed that there is no guarantee, either expressed or implied that this dollar amount will be authorized under this Agreement through Task Orders.

2.9 Salary Increases.

Salary increases will be reimbursable if the new salary is within the salary range identified in the approved Cost Proposal and is approved by County's Contract Administrator.

For personnel subject to prevailing wage rates as described in the California Labor Code, all salary increases, which are the direct result of changes in the prevailing wage rates are reimbursable.

2.10 [RESERVED].

2.11 Taxes.

2.11.1 Consultant agrees to file federal and state tax returns and pay all applicable taxes on amounts paid pursuant to this Agreement and shall be solely liable and responsible to pay such taxes and other obligations, including, but not limited to, state and federal income and FICA taxes. Consultant agrees to indemnify and hold County harmless from any liability which it may incur to the United States or to the State of California as a consequence of Consultant's failure to pay, when due, all such taxes and obligations. In case County is audited for compliance regarding any withholding or other applicable taxes, Consultant agrees to furnish County with proof of payment of taxes on these earnings.

2.11.2 Pursuant to California Revenue and Taxation code (R&TC) Section 18662, the County shall withhold seven percent of the income paid to Consultant for services performed within the State of California under this agreement, for payment and reporting to the California Franchise Tax Board, if Consultant does not qualify as: (1) a corporation with its principal place of business in California, (2) an LLC or Partnership with a permanent place of business in California, (3) a corporation/LLC or Partnership qualified to do business in California by the Secretary of State, or (4) an individual with a permanent residence in the State of California.

If Consultant does not qualify, County requires that a completed and signed Form 587 be provided by the Consultant in order for payments to be made. If consultant is qualified, then the County requires a completed Form 590. Forms 587 and 590 remain valid for the duration of the Agreement provided there is no material change in facts. By signing either form, the contractor agrees to promptly notify the County of any changes in the facts. Forms should be sent to the County pursuant to Article 12. To reduce the amount withheld, Consultant has the option to provide County with either a full or partial waiver from the State of California.

3. Term of Agreement.

3.1 Term.

This contract shall go into effect on (_____) contingent upon approval by County, and Consultant shall commence work after notification to proceed by County's Contract Administrator. The contract shall end on (_____), unless extended by contract amendment.

3.2 Contract Execution.

Consultant is advised that any recommendation for contract award is not binding on County until the contract is fully executed and approved by County.

3.3 Task Order Term

The period of performance for each specific project shall be in accordance with the Task Order for that project. If work on a Task Order is in progress on the expiration date of this Agreement, the

terms of the Agreement shall be extended by contract amendment.

4. Termination

4.1. Notice Period.

County reserves the right to terminate this Agreement upon thirty (30) calendar days written notice to Consultant with the reasons for termination stated in the notice.

4.2 Grounds for Termination.

County may terminate this Agreement with Consultant should Consultant fail to perform the covenants herein contained at the time and in the manner herein provided. In the event of such termination, County may proceed with the work in any manner deemed proper by County. If County terminates this Agreement with Consultant, County shall pay Consultant the sum due to Consultant under this Agreement prior to termination, unless the cost of completion to County exceeds the funds remaining in the Agreement. In which case the overage shall be deducted from any sum due Consultant under this Agreement and the balance, if any, shall be paid to Consultant upon demand.

4.3 Liability.

The maximum amount for which the Government shall be liable if this Agreement is terminated is 975,000 dollars.

4.4 Authority to Terminate.

The Board of Supervisors has the authority to terminate this Agreement on behalf of the County. In addition, the Purchasing Agent or Department Head, in consultation with County Counsel, shall have the authority to terminate this Agreement on behalf of the County.

5. Indemnification.

Consultant agrees to accept responsibility for loss or damage to any person or entity, including County, and to defend, indemnify, hold harmless, and release County, its officers, agents, and employees, from and against any actions, claims, damages, liabilities, disabilities, or expenses, that may be asserted by any person or entity, including Consultant, that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of Consultant or its agents, employees, contractors, subcontractors, or invitees hereunder, whether or not there is concurrent or contributory negligence on County's part, but, to the extent required by law, excluding liability due to County's conduct. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for Consultant or its agents, employees, contractors, subcontractors, or invitees under workers' compensation acts, disability benefits acts, or other employee benefit acts.

6. Insurance.

With respect to performance of work under this Agreement, Consultant shall maintain and shall require all of its subcontractors, consultants, and other agents to maintain, insurance as described in Attachment B, which is attached hereto and incorporated herein by this reference.

7. Prosecution of Work.

The execution of this Agreement shall constitute Consultant's authority to proceed immediately with the performance of this Agreement. Performance of the services hereunder shall be completed within the time required herein, provided, however, that if the performance is delayed by earthquake, flood, high water, or other Act of God or by strike, lockout, or similar labor disturbances, the time for Consultant's performance of this Agreement shall be extended by a number of days equal to the number of days Consultant has been delayed.

8. Extra or Changed Work.

Extra or changed work or other changes to the Agreement may be authorized only by written amendment to this Agreement, signed by both parties. Minor changes, which do not increase the amount paid under the Agreement, and which do not significantly change the scope of work or significantly lengthen time schedules may be executed by the Department Head in a form approved by County Counsel. The Board of Supervisors/Purchasing Agent must authorize all other extra or changed work. The parties expressly recognize that, pursuant to Sonoma County Code Section 1-11, County personnel are without authorization to order extra or changed work or waive Agreement requirements. Failure of Consultant to secure such written authorization for extra or changed work shall constitute a waiver of any and all right to adjustment in the Agreement price or Agreement time due to such unauthorized work and thereafter Consultant shall be entitled to no compensation whatsoever for the performance of such work. Consultant further expressly waives any and all right or remedy by way of restitution and quantum meruit for any and all extra work performed without such express and prior written authorization of the County.

9. Representations of Consultant.

9.1 Standard of Care.

County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees that all its work will be performed and that its operations shall be conducted in accordance with generally accepted and applicable professional practices and standards as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Consultant's work by County shall not operate as a waiver or release.

9.2 Status of Consultant.

The parties intend that Consultant, in performing the services specified herein, shall act as an independent contractor and shall control the work and the manner in which it is performed. Consultant is not to be considered an agent or employee of County and is not entitled to participate in any pension plan, worker's compensation plan, insurance, bonus, or similar benefits County provides its employees. In the event County exercises its right to terminate this Agreement pursuant to Article 4, above, Consultant expressly agrees that it shall have no recourse or right of appeal under rules, regulations, ordinances, or laws applicable to employees.

9.3 No Suspension or Debarment.

Consultant's signature affixed herein, shall constitute a certification under penalty of perjury under the laws of the State of California, that Consultant has complied with Title 2 CFR, Part 180, "OMB Guidelines to Agencies on Government wide Debarment and Suspension (nonprocurement)", which certifies that he/she or any person associated therewith in the capacity of owner, partner, director, officer, or manager, is not currently under suspension, debarment, voluntary exclusion,

or determination of ineligibility by any federal agency; has not been suspended, debarred, voluntarily excluded, or determined ineligible by any federal agency within the past three (3) years; does not have a proposed debarment pending; and has not been indicted, convicted, or had a civil judgment rendered against it by a court of competent jurisdiction in any matter involving fraud or official misconduct within the past three (3) years. Any exceptions to this certification must be disclosed to County.

Exceptions will not necessarily result in denial of recommendation for award, but will be considered in determining Consultant responsibility. Disclosures must indicate to whom exceptions apply, initiating agency, and dates of action.

Exceptions to the Federal Government Excluded Parties List System maintained by the General Services Administration are to be determined by the Federal highway Administration.

9.4 [RESERVED].

9.5 Records Maintenance.

In addition to other record retention and audit requirements set forth elsewhere in this Agreement, Consultant shall keep and maintain full and complete documentation and accounting records concerning all services performed that are compensable under this Agreement and shall make such documents and records available to County for inspection at any reasonable time. Consultant shall maintain such records for a period of four (4) years following completion of work hereunder.

9.6 Conflict of Interest.

9.6.1 Consultant shall disclose any financial, business, or other relationship with County that may have an impact upon the outcome of this contract, or any ensuing County construction project. Consultant shall also list current clients who may have a financial interest in the outcome of this contract, or any ensuing County construction project, which will follow.

9.6.2 Consultant hereby certifies that it does not now have, nor shall it acquire any financial or business interest that would conflict with the performance of services under this contract.

9.6.3 Consultant hereby certifies that neither Consultant, nor any firm affiliated with Consultant will bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting from this contract. An affiliated firm is one, which is subject to the control of the same persons through joint-ownership, or otherwise.

9.6.4 Except for subconsultants whose services are limited to providing surveying or materials testing information, no subconsultant who has provided design services in connection with this contract shall be eligible to bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting from this contract.

9.7 Statutory Compliance.

Contractor agrees to comply with all applicable federal, state and local laws, regulations, statutes

and policies applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly agrees, on behalf of itself and on behalf of all its agents, employees, subconsultants, and subcontractors, to comply with the federal contract requirements set forth in Article 13 herein.

9.8 Living Wage Ordinance.

9.8.1 Consultant agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies, including but not limited to the County of Sonoma Living Wage Ordinance, applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly acknowledges and agrees that this Agreement is subject to the provisions of Article XXVI of Chapter 2 of the Sonoma County Code, requiring payment of a living wage to covered employees. Noncompliance during the term of the Agreement will be considered a material breach and may result in termination of the Agreement or pursuit of other legal or administrative remedies.

9.8.2 Notwithstanding the requirement of section 9.8.1 that Consultant comply with the County of Sonoma Living Wage Ordinance (Sonoma County Code Chapter 2, Article XXVI), none of the Living Wage Ordinances local preference requirements shall be used to select or otherwise apply to Consultant.–

9.9 Nondiscrimination.

Without limiting any other provision hereunder, Consultant shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination in employment because of race, color, ancestry, national origin, religion, sex, marital status, age, medical condition, pregnancy, disability, sexual orientation or other prohibited basis, including without limitation, the County's Non-Discrimination Policy. All nondiscrimination rules or regulations required by law to be included in this Agreement are incorporated herein by this reference.

9.10 Statement of Compliance.

9.10.1 Consultant's signature affixed herein, and dated, shall constitute a certification under penalty of perjury under the laws of the State of California that Consultant has, unless exempt, complied with, the nondiscrimination program requirements of Government Code Section 12990 and Title 2, California Administrative Code, Section 8103.

9.10.2 During the performance of this Contract, Consultant and its subconsultants shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, physical disability (including HIV and AIDS), mental disability, medical condition (e.g., cancer), age (over 40), marital status, and denial of family care leave. Consultant and subconsultants shall insure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. Consultant and subconsultants shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code §12990 (a-f) et seq.) and the applicable regulations promulgated there under (California Code of Regulations, Title 2, Section 7285 et seq.). The

applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations, are incorporated into this Contract by reference and made a part hereof as if set forth in full. Consultant and its subconsultants shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.

9.10.3 The Consultant shall comply with regulations relative to Title VI (nondiscrimination in federally-assisted programs of the Department of Transportation – Title 49 Code of Federal Regulations, Part 21 - Effectuation of Title VI of the 1964 Civil Rights Act). Title VI provides that the recipients of federal assistance will implement and maintain a policy of nondiscrimination in which no person in the state of California shall, on the basis of race, color, national origin, religion, sex, age, disability, be excluded from participation in, denied the benefits of or subject to discrimination under any program or activity by the recipients of federal assistance or their assignees and successors in interest.

9.10.4 The Consultant, with regard to the work performed by it during the Agreement shall act in accordance with Title VI. Specifically, the Consultant shall not discriminate on the basis of race, color, national origin, religion, sex, age, or disability in the selection and retention of Subconsultants, including procurement of materials and leases of equipment. The Consultant shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the U.S. DOT's Regulations, including employment practices when the Agreement covers a program whose goal is employment.

9.11 AIDS Discrimination.

Consultant agrees to comply with the provisions of Chapter 19, Article II, of the Sonoma County Code prohibiting discrimination in housing, employment, and services because of AIDS or HIV infection during the term of this Agreement and any extensions of the term.

9.12 Assignment of Rights.

Consultant assigns to County all rights throughout the world in perpetuity in the nature of copyright, trademark, patent, right to ideas, in and to all versions of the plans and specifications, if any, now or later prepared by Consultant in connection with this Agreement. Consultant agrees to take such actions as are necessary to protect the rights assigned to County in this Agreement, and to refrain from taking any action which would impair those rights. Consultant's responsibilities under this provision include, but are not limited to, placing proper notice of copyright on all versions of the plans and specifications as County may direct, and refraining from disclosing any versions of the plans and specifications to any third party without first obtaining written permission of County.

Consultant shall not use or permit another to use the plans and specifications in connection with this or any other project without first obtaining written permission of County.

9.13 Ownership and Disclosure of Work Product.

All reports, original drawings, graphics, plans, studies, and other data or documents ("documents"), in whatever form or format, assembled or prepared by Consultant or Consultant's subcontractors, consultants, and other agents in connection with this Agreement shall be the property of County. County shall be entitled to immediate possession of such documents upon

completion of the work pursuant to this Agreement. Upon expiration or termination of this Agreement, Consultant shall promptly deliver to County all such documents, which have not already been provided to County in such form or format, as County deems appropriate. Such documents shall be and will remain the property of County without restriction or limitation. Consultant may retain copies of the above-described documents but agrees not to disclose or discuss any information gathered, discovered, or generated in any way through this Agreement without the express written permission of County.

9.14 Authority.

The undersigned hereby represents and warrants that he or she has authority to execute and deliver this Agreement on behalf of Consultant.

10. Demand for Assurance.

Each party to this Agreement undertakes the obligation that the other's expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arise with respect to the performance of either party, the other may in writing demand adequate assurance of due performance and until such assurance is received may, if commercially reasonable, suspend any performance for which the agreed return has not been received. "Commercially reasonable" includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding thirty (30) days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance. Nothing in this Article limits County's right to terminate this Agreement pursuant to Article 4.

11. Assignment and Delegation.

Neither party hereto shall assign, delegate, sublet, or transfer any interest in or duty under this Agreement without the prior written consent of the other, and no such transfer shall be of any force or effect whatsoever unless and until the other party shall have so consented.

12. Method and Place of Giving Notice, Submitting Bills and Making Payments.

All notices, bills, and payments shall be made in writing and shall be given by personal delivery or by U.S. Mail or courier service. Notices, bills, and payments shall be addressed as follows:

To County:

When a notice, bill or payment is given by a generally recognized overnight courier service, the notice, bill or payment shall be deemed received on the next business day. When a copy of a notice, bill or payment is sent by facsimile or email, the notice, bill or payment shall be deemed received upon transmission as long as (1) the original copy of the notice, bill or payment is promptly deposited in the U.S. mail and postmarked on the date of the facsimile or email (for a payment, on or before the due date), (2) the sender has a written confirmation of the facsimile transmission or email, and (3) the facsimile or email is transmitted before 5 p.m. (recipient's time). In all other instances, notices, bills and payments shall be effective upon receipt by the recipient. Changes may be made in the names and addresses of the person to whom notices are to be given by giving notice pursuant to this paragraph.

13. Federal Requirements.

13.1 Contract Assurance.

The consultant, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The consultant shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted agreements. Failure by the consultant to carry out these requirements is a material breach of this agreement, which may result in the termination of this agreement or such other remedy as the recipient deems appropriate, which may include, but is not limited to: (1) Withholding monthly progress payments; (2) Assessing sanctions; (3) Liquidated damages; and/or (4) Disqualifying the contractor from future bidding as non-responsible.

13.2 Prompt Progress Payments to Subcontractors.

Attention is directed to Section 7108.5 of the California Business and Professions Code, which requires a prime contractor or subcontractor to pay any subcontractor not later than ten (10) days of receipt of each progress payment, unless otherwise agreed to in writing. In addition, federal regulations (Title 49 Code of Federal Regulations Part 26.29) require a prime contractor or subcontractor to pay a subcontractor no later than thirty (30) days of receipt of each payment, unless any delay or postponement of payment among the parties takes place only for good cause and with the prior written approval of County. Section 7108.5 of the California Business and Professions Code also contains enforcement actions and penalties. The requirements apply to both Disadvantaged Business Entities ("DBE") and non-DBE subcontractors. Consultant shall include the foregoing progress payment requirements in every subcontract entered into by Consultant in the performance of its obligations under this Agreement

13.3 Prompt Payment of Withheld Funds to Subcontractors.

No retainage will be held by the County from progress payments due the prime consultant. Any retainage held by the prime consultant or subconsultants from progress payments due subconsultants shall be promptly paid in full to subconsultants within 30 days after the subconsultant's work is satisfactorily completed. Federal law (49 CFR 26.29) requires that any

delay or postponement of payment over the 30 days may take place only for good cause and with the Agency's prior written approval. Any violation of this provision shall subject the violating prime consultant or subconsultant to the penalties, sanctions and other remedies specified in Section 7108.5 of the Business and Professions Code. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to the prime consultant or subconsultant in the event of a dispute involving late payment or nonpayment by the prime consultant, deficient subconsultant performance, or noncompliance by a subconsultant. This provision applies to both DBE and non-DBE prime consultant and subconsultants.

13.4 Disadvantaged Business Enterprise (DBE) Participation.

- 13.4.1 This contract is subject to 49 CFR, Part 26 entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs". Consultants who obtain DBE participation on this contract will assist Caltrans in meeting its federally mandated statewide overall DBE goal.
- 13.4.2 A DBE participation goal will be established for each Task Order. Participation by DBE consultant or subconsultants shall be in accordance with information contained in the Consultant Proposal DBE Commitment (Exhibit 10-O1), or in the Consultant Contract DBE Information (Exhibit 10-O2) attached hereto and incorporated as part of the Contract. If a DBE subconsultant is unable to perform, Consultant must make a good faith effort to replace him/her with another DBE subconsultant, if the goal is not otherwise met.
- 13.4.3 DBEs and other small businesses, as defined in 49 CFR, Part 26 are encouraged to participate in the performance of contracts financed in whole or in part with federal funds. Consultant or subconsultant shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. Consultant shall carry out applicable requirements of 49 CFR, Part 26 in the award and administration of US DOT-assisted agreements. Failure by Consultant to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as County deems appropriate.
- 13.4.4 Any subcontract entered into as a result of this contract shall contain all of the provisions of this section.
- 13.4.5 A DBE firm may be terminated only with prior written approval from County and only for the reasons specified in 49 CFR 26.53(f). Prior to requesting County consent for the termination, Consultant must meet the procedural requirements specified in 49 CFR 26.53(f).
- 13.4.6 A DBE performs a Commercially Useful Function (CUF) when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a CUF, the DBE must also be responsible with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a CUF, evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under

the, contract is commensurate with the work it is actually performing, and other relevant factors.

- 13.4.7 A DBE does not perform a CUF if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, examine similar transactions, particularly those in which DBEs do not participate.
- 13.4.8 If a DBE does not perform or exercise responsibility for at least thirty percent (30%) of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of the contract than would be expected on the basis of normal industry practice for the type of work involved, it will be presumed that it is not performing a CUF.
- 13.4.9 Consultant shall maintain records of materials purchased or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE or vendor and the total dollar amount actually paid each DBE or vendor, regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE prime consultants shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.
- 13.4.10 Upon completion of the Contract, a summary of these records shall be prepared and submitted on the form entitled, "Final Report-Utilization of Disadvantaged Business Enterprise (DBE), First-Tier Subconsultants" CEM-2402F [Exhibit 17-F, of the LAPM], certified correct by Consultant or Consultant's authorized representative and shall be furnished to the Contract Administrator with the final invoice. Failure to provide the summary of DBE payments with the final invoice will result in twenty-five percent (25%) of the dollar value of the invoice being withheld from payment until the form is submitted. The amount will be returned to Consultant when a satisfactory "Final Report-Utilization of Disadvantaged Business Enterprises (DBE), First-Tier Subconsultants" is submitted to the Contract Administrator.
- 13.4.11 If a DBE subconsultant is decertified during the life of the contract, the decertified subconsultant shall notify Consultant in writing with the date of decertification. If a subconsultant becomes a certified DBE during the life of the Contract, the subconsultant shall notify Consultant in writing with the date of certification. Any changes should be reported to County's Contract Administrator within 30 days.

13.5 Prevailing Wage.

- 13.5.1 Consultant shall comply with the State of California's General Prevailing Wage Rate requirements in accordance with California Labor Code, Section 1770, and all Federal, State, and local laws and ordinances applicable to the work.
- 13.5.2 Any subcontract entered into as a result of this contract, if for more than \$25,000 for public works construction or more than \$15,000 for the alteration, demolition, repair, or maintenance of public works, shall contain all of the provisions of this Article, unless

the awarding agency has an approved labor compliance program by the Director of Industrial Relations.

- 13.5.3 When prevailing wages apply to the services described in the scope of work, transportation and subsistence costs shall be reimbursed at the minimum rates set by the Department of Industrial Relations (DIR) as outlined in the applicable Prevailing Wage Determination. See <http://www.dir.ca.gov>.

Note: The Federal "Payment of Predetermined Minimum Wage" applies only to federal-aid construction contracts.

13.6 Text Messaging While Driving.

In accordance with Executive Order 13513, Federal Leadership on Reducing Text Messaging While Driving, and Department of Transportation Order 3902.10, Text Messaging While Driving, text messaging while driving is prohibited in the performance of any duties included in this agreement for both consultant and any sub-consultants hired for performance of duties under this Agreement. Consultant shall include a provision prohibiting texting while driving in all sub-consultant agreements entered into related to the performance of its obligations under this Agreement.

Definitions. The following definitions are to be used in conjunction with this section. "Driving":

- 1) Means operating a motor vehicle on a roadway, including while temporarily stationary because of traffic, a traffic light, stop sign, or otherwise.
- 2) It does not include being in your vehicle (with or without the motor running) in a location off the roadway where it is safe and legal to remain stationary.

"Text Messaging" means reading from or entering data into any handheld or other electronic device, including for the purpose of short message service texting, e-mailing, instant messaging, obtaining navigational information, or engaging in any other form of electronic data retrieval or electronic data communication.

13.7 Buy America.

Furnish Steel and iron materials to be incorporated into the work with certificates of compliance. Steel and iron materials must be produced in the U.S. except:

- 1) Foreign pig iron and processed, pelletized, and reduced iron ore may be used in the domestic production of the steel and iron materials [60 Fed Reg 15478(3/24/1995)];
- 2) If the total combine cost of the materials does not exceed the great of 0.1 percent of the total bid or \$2,500, materials produced outside the U. S. may be used.

Production includes:

- 1) Processing steel and iron materials, including smelting or other processes that alter the physical form or shape (such as rolling, extruding, machining, bending,

grinding, and drilling or chemical composition;

- 2) Coating application, including epoxy coating, galvanizing, and painting, that protects or enhances the value of steel and iron materials.

13.8 Prohibition of Expending Local Agency, State or Federal funds for Lobbying.

13.8.1 Consultant certifies to the best of his or her knowledge and belief that:

- 1) No state, federal or County appropriated funds have been paid, or will be paid by or on behalf of Consultant to any person for influencing or attempting to influence an officer or employee of any state or federal agency; a Member of the State Legislature or United States Congress; an officer or employee of the Legislature or Congress; or any employee of a Member of the Legislature or Congress, in connection with the awarding of any state or federal contract; the making of any state or federal grant; the making of any state or federal loan; the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any state or federal contract, grant, loan, or cooperative agreement.
- 2) If any funds other than federal appropriated funds have been paid, or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency; a Member of Congress; an officer or employee of Congress, or an employee of a Member of Congress; in connection with this federal contract, grant, loan, or cooperative agreement; Consultant shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.

13.8.2 This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

13.8.3 Consultant also agrees by signing this document that he or she shall require that the language of this certification be included in all lower-tier subcontracts, which exceed \$100,000 and that all such sub recipients shall certify and disclose accordingly.

13.9 Cost Principles and Administrative Requirements.

13.9.1 Consultant agrees that the Contract Cost Principles and Procedures, 48 CFR, Federal Acquisition Regulations System, Chapter 1, Part 31.000 *et seq.*, shall be used to determine the cost allowability of individual items.

13.9.2 Consultant also agrees to comply with federal procedures in accordance with 2 CFR, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

13.9.3 Any costs for which payment has been made to CONSULTANT that are determined by subsequent audit to be unallowable under 2 CFR, Part 200 and 48 CFR, Federal

Acquisition Regulations System, Chapter 1, Part 31.000 *et seq.*, are subject to repayment by Consultant to County.

13.10 Retention of Records/Audit.

For the purpose of determining compliance with Public Contract Code 10115, *et seq.* and Title 21, California Code of Regulations, Chapter 21, Section 2500 *et seq.*, when applicable and other matters connected with the performance of the contract pursuant to Government Code 8546.7; Consultant, subconsultants, and County shall maintain and make available for inspection all books, documents, papers, accounting records, and other evidence pertaining to the performance of the contract, including but not limited to, the costs of administering the contract. All parties shall make such materials available at their respective offices at all reasonable times during the contract period and for three years from the date of final payment under the contract. The state, State Auditor, County, FHWA, or any duly authorized representative of the Federal Government shall have access to any books, records, and documents of Consultant and its certified public accountants (CPA) work papers that are pertinent to the contract and indirect cost rates (ICR) for audit, examinations, excerpts, and transactions, and copies thereof shall be furnished if requested.

13.11 Audit Review Procedures.

- 13.11.1 Any dispute concerning a question of fact arising under an interim or post audit of this contract that is not disposed of by agreement, shall be reviewed by County's Chief Financial Officer.
- 13.11.2 Not later than 30 days after issuance of the final audit report, Consultant may request a review by County's Chief Financial Officer of unresolved audit issues. The request for review will be submitted in writing.
- 13.11.3 Neither the pendency of a dispute nor its consideration by County will excuse Consultant from full and timely performance, in accordance with the terms of this contract.
- 13.11.4 Consultant and subconsultant contracts, including cost proposals and ICR, are subject to audits or reviews such as, but not limited to, a contract audit, an incurred cost audit, an ICR Audit, or a CPA ICR audit work paper review. If selected for audit or review, the contract, cost proposal and ICR and related work papers, if applicable, will be reviewed to verify compliance with 48 CFR, Part 31 and other related laws and regulations. In the instances of a CPA ICR audit work paper review it is Consultant's responsibility to ensure federal, state, or local government officials are allowed full access to the CPA's work papers including making copies as necessary. The contract, cost proposal, and ICR shall be adjusted by Consultant and approved by County contract manager to conform to the audit or review recommendations. Consultant agrees that individual terms of costs identified in the audit report shall be incorporated into the contract by this reference if directed by County at its sole discretion. Refusal by Consultant to incorporate audit or review recommendations, or to ensure that the federal, state or local governments have access to CPA work papers, will be considered a breach of contract terms and cause for termination of the contract and disallowance of prior reimbursed costs.

13.12 Subcontracting.

- 13.12.1 Nothing contained in this contract or otherwise, shall create any contractual relation between County and any subconsultant(s), and no subcontract shall relieve Consultant of its responsibilities and obligations hereunder. Consultant agrees to be as fully responsible to County for the acts and omissions of its subconsultant(s) and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by Consultant. CONSULTANT's obligation to pay its subconsultant(s) is an independent obligation from County's obligation to make payments to the Consultant.
- 13.12.2 Consultant shall perform the work contemplated with resources available within its own organization and no portion of the work pertinent to this contract shall be subcontracted without written authorization by County's Contract Administrator, except that, which is expressly identified in the approved Cost Proposal.
- 13.12.3 Consultant shall pay its subconsultants within ten (10) calendar days from receipt of each payment made to Consultant by County.
- 13.12.4 All subcontracts entered into as a result of this contract shall contain all the provisions stipulated in this contract to be applicable to subconsultants.
- 13.12.5 Any substitution of subconsultant(s) must be approved in writing by County's Contract Administrator prior to the start of work by the subconsultant(s).

13.13 Equipment Purchase.

- 13.13.1 Prior authorization in writing, by County's Contract Administrator shall be required before Consultant enters into any unbudgeted purchase order, or subcontract exceeding \$5,000 for supplies, equipment, or Consultant services. Consultant shall provide an evaluation of the necessity or desirability of incurring such costs.
- 13.13.2 For purchase of any item, service or consulting work not covered in Consultant's Cost Proposal and exceeding \$5,000 prior authorization by County's Contract Administrator; three competitive quotations must be submitted with the request, or the absence of bidding must be adequately justified.
- 13.13.3 Any equipment purchased as a result of this contract is subject to the following: "Consultant shall maintain an inventory of all nonexpendable property. Nonexpendable property is defined as having a useful life of at least two years and an acquisition cost of \$5,000 or more. If the purchased equipment needs replacement and is sold or traded in, County shall receive a proper refund or credit at the conclusion of the contract, or if the contract is terminated, Consultant may either keep the equipment and credit County in an amount equal to its fair market value, or sell such equipment at the best price obtainable at a public or private sale, in accordance with established County procedures; and credit County in an amount equal to the sales price. If Consultant elects to keep the equipment, fair market value shall be determined at Consultant expense, on the basis of a competent independent appraisal of such equipment. Appraisals shall be obtained from an appraiser mutually agreeable to by County and Consultant, if it is determined to sell the equipment, the terms and conditions of such sale must be approved in advance by County." 49 CFR, Part 18 requires a credit to Federal funds when participating equipment

with a fair market value greater than \$5,000 is credited to the project.

14. Miscellaneous Provisions.

14.1 No Waiver of Breach.

The waiver by County of any breach of any term or promise contained in this Agreement shall not be deemed to be a waiver of such term or provision or any subsequent breach of the same or any other term or promise contained in this Agreement.

14.2 Construction.

To the fullest extent allowed by law, the provisions of this Agreement shall be construed and given effect in a manner that avoids any violation of statute, ordinance, regulation, or law. The parties covenant and agree that in the event that any provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated thereby. Consultant and County acknowledge that they have each contributed to the making of this Agreement and that, in the event of a dispute over the interpretation of this Agreement, the language of the Agreement will not be construed against one party in favor of the other. Consultant and County acknowledge that they have each had an adequate opportunity to consult with counsel in the negotiation and preparation of this Agreement.

14.3 Consent.

Wherever in this Agreement the consent or approval of one party is required to an act of the other party, such consent or approval shall not be unreasonably withheld or delayed.

14.4 No Third Party Beneficiaries.

Nothing contained in this Agreement shall be construed to create and the parties do not intend to create any rights in third parties.

14.5 Applicable Law and Forum.

This Agreement shall be construed and interpreted according to the substantive law of California, regardless of the law of conflicts to the contrary in any jurisdiction. Any action to enforce the terms of this Agreement or for the breach thereof shall be brought and tried in Santa Rosa or the forum nearest to the city of Santa Rosa, in the County of Sonoma.

14.6 Captions.

The captions in this Agreement are solely for convenience of reference. They are not a part of this Agreement and shall have no effect on its construction or interpretation.

14.7 Merger.

This writing is intended both as the final expression of the Agreement between the parties hereto with respect to the included terms and as a complete and exclusive statement of the terms of the Agreement, pursuant to Code of Civil Procedure Section 1856. No modification of this Agreement shall be effective unless and until such modification is evidenced by a writing signed by both parties.

14.8 Survival of Terms.

All express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

14.9 Time of Essence.

Time is and shall be of the essence of this Agreement and every provision hereof.

14.10 Rebates, Kickback or Other Unlawful Consideration.

Consultant warrants that this contract was not obtained or secured through rebates kickbacks or other unlawful consideration, either promised or paid to any County employee. For breach or violation of this warranty, County shall have the right in its discretion; to terminate the contract without liability; to pay only for the value of the work actually performed; or to deduct from the contract price; or otherwise recover the full amount of such rebate, kickback or other unlawful consideration.

14.11 Funding Requirements.

14.11.1 It is mutually understood between the parties that this contract may have been written before ascertaining the availability of funds or appropriation of funds, for the mutual benefit of both parties, in order to avoid program and fiscal delays that would occur if the contract were executed after that determination was made.

14.11.2 This contract is valid and enforceable only, if sufficient funds are made available to County for the purpose of this contract. In addition, this contract is subject to any additional restrictions, limitations, conditions, or any statute enacted by the Congress, State Legislature, or County Board of Supervisors that may affect the provisions, terms, or funding of this contract in any manner.

14.11.3 It is mutually agreed that if sufficient funds are not appropriated, this contract may be amended to reflect any reduction in funds.

14.11.4 County has the option to void the contract under the 30-day termination clause pursuant to Article 4, or by mutual agreement to amend the contract to reflect any reduction of funds.

14.12 Evaluation of Consultant.

Consultant's performance will be evaluated by County. A copy of the evaluation will be sent to Consultant for comments. The evaluation together with the comments shall be retained as part of the contract record.

14.13 Claims Filed by County's Construction Contractor.

14.13.1 If claims are filed by County's construction contractor relating to work performed by Consultant's personnel, and additional information or assistance from Consultant's personnel is required in order to evaluate or defend against such claims; Consultant agrees to make its personnel available for consultation with County's construction contract administration and legal staff and for testimony, if necessary, at depositions and at trial or arbitration proceedings.

- 14.13.2 Consultant's personnel that County considers essential to assist in defending against construction contractor claims will be made available on reasonable notice from County. Consultation or testimony will be reimbursed at the same rates, including travel costs that are being paid for Consultant's personnel services under this contract.
- 14.13.3 Services of Consultant's personnel in connection with County's construction contractor claims will be performed pursuant to a written contract amendment, if necessary, extending the termination date of this contract in order to resolve the construction claims.
- 14.13.4 Any subcontract in excess of \$25,000 entered into as a result of this contract, shall contain all of the provisions of this Article.

14.14 National Labor Relations Board Certification.

In accordance with Public Contract Code Section 10296, Consultant hereby states under penalty of perjury that no more than one final unappealable finding of contempt of court by a federal court has been issued against Consultant within the immediately preceding two-year period, because of Consultant's failure to comply with an order of a federal court that orders Consultant to comply with an order of the National Labor Relations Board.

14.15 Retention of Funds.

- 14.15.1 Any subcontract entered into as a result of this Contract shall contain all of the provisions of this section.
- 14.15.2 No retainage will be held by the County from progress payments due the prime consultant. Any retainage held by the prime consultant or subconsultants from progress payments due subconsultants shall be promptly paid in full to subconsultants within 30 days after the subconsultant's work is satisfactorily completed. Federal law (49 CFR 26.29) requires that any delay or postponement of payment over the 30 days may take place only for good cause and with the County's prior written approval. Any violation of this provision shall subject the violating prime consultant or subconsultant to the penalties, sanctions and other remedies specified in Section 7108.5 of the Business and Professions Code. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to the prime consultant or subconsultant in the event of a dispute involving late payment or nonpayment by the prime consultant, deficient subconsultant performance, or noncompliance by a subconsultant. This provision applies to both DBE and non-DBE prime consultant and subconsultants.

14.16 Contingent Fee.

Consultant warrants, by execution of this contract that no person or selling agency has been employed, or retained, to solicit or secure this contract upon an agreement or understanding, for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees, or bona fide established commercial or selling agencies maintained by Consultant for the purpose of securing business. For breach or violation of this warranty, County has the right to annul this contract without liability; pay only for the value of the work actually performed, or in its discretion to deduct from the contract price or consideration, or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee.

14.17 Inspection of Work.

Consultant and any subconsultant shall permit County, the state, and the FHWA if federal participating funds are used in this contract; to review and inspect the project activities and files at all reasonable times during the performance period of this contract including review and inspection on a daily basis.

14.18 Safety.

14.18.1 Consultant shall comply with OSHA regulations applicable to Consultant regarding necessary safety equipment or procedures. Consultant shall comply with safety instructions issued by County Safety Officer and other County representatives. Consultant personnel shall wear hard hats and safety vests at all times while working on the construction project site.

14.18.2 Pursuant to the authority contained in Section 591 of the Vehicle Code, County has determined that such areas are within the limits of the project and are open to public traffic. Consultant shall comply with all of the requirements set forth in Divisions 11, 12, 13, 14, and 15 of the Vehicle Code. Consultant shall take all reasonably necessary precautions for safe operation of its vehicles and the protection of the traveling public from injury and damage from such vehicles

14.18.3 Any subcontract entered into as a result of this contract, shall contain all of the provisions of this Article.

AGREEMENT FOR [CONSULTING/PROFESSIONAL] SERVICES

This agreement ("Agreement"), dated as of _____, 20__ (“Effective Date”) is by and between the County of Sonoma, a political subdivision of the State of California (hereinafter "County"), and Coastland Civil Engineering Inc. (hereinafter "Consultant").

RECITALS

WHEREAS, Consultant represents that it is a duly qualified and licensed civil engineer, experienced in the preparation of Plans, Specifications and Estimates, and related services; and

WHEREAS, in the judgment of the Department of Transportation & Public Works, it is necessary and desirable to employ the services of Consultant for On-Call Engineering Design Services.

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual covenants contained herein, the parties hereto agree as follows:

AGREEMENT

I. Scope of Services.

1.1 Consultant's Specified Services.

Consultant shall perform the services, if any, described in Attachment “A,” attached hereto and incorporated herein by this reference (hereinafter "Cost Proposal"), and as more particularly described in the applicable Task Order assigning the specific project, and within the times or by the dates provided for in Attachment “A”, the applicable Task Order and pursuant to Article 7, Prosecution of Work.

1.2 Cooperation With County.

Consultant shall cooperate with County and County staff in the performance of all work hereunder.

1.3 Performance Standard.

Consultant shall perform all work hereunder in a manner consistent with the level of competency and standard of care normally observed by a person practicing in Consultant's profession. County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees to provide all services under this Agreement in accordance with generally accepted professional practices and standards of care, as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Contractor’s work by County shall not operate as a waiver or release. If County determines that any of Consultant's work is not in accordance with such level of competency and standard of care, County, in its sole discretion, shall have the right to do any or all of the following: (a) require

Consultant to meet with County to review the quality of the work and resolve matters of concern; (b) require Consultant to repeat the work at no additional charge until it is satisfactory; (c) terminate this Agreement pursuant to the provisions of Article 4; or (d) pursue any and all other remedies at law or in equity.

1.4 Assigned Personnel.

- 1.4.1 Consultant shall assign only competent personnel to perform work hereunder. In the event that at any time County, in its sole discretion, desires the removal of any person or persons assigned by Consultant to perform work hereunder, Consultant shall remove such person or persons immediately upon receiving written notice from County.
- 1.4.2 Any and all persons identified in this Agreement, any Exhibit or Attachment hereto, or any Task Order issued hereunder as the project manager, project team, or other professional performing work hereunder are deemed by County to be key personnel whose services were a material inducement to County to enter into this Agreement, and without whose services County would not have entered into this Agreement. Consultant shall not remove, replace, substitute, or otherwise change any key personnel without the prior written consent of County.
- 1.4.3 In the event that any of Consultant's personnel assigned to perform services under this Agreement become unavailable due to resignation, sickness or other factors outside of Consultant's control, Consultant shall be responsible for timely provision of adequately qualified replacements.

1.5 Consultant's Reports or Meetings.

- 1.5.1 Consultant shall submit progress reports on each specific project in accordance with the Task Order. These reports shall be submitted at least once a month. The report should be sufficiently detailed for County's Task Order Manager to determine, if Consultant is performing to expectations, or is on schedule; to provide communication of interim findings, and to sufficiently address any difficulties or special problems encountered, so remedies can be developed.
- 1.5.2 Consultant's Project Manager shall meet with County's Contract Administrator or Task Order Manager, as needed, to discuss progress on the project(s) or contract related issues.

1.6 Federal Requirements.

Task Orders under this Agreement may be funded by The Federal Emergency Management Agency (FEMA). Consultant shall comply with all applicable Federal Requirements attached hereto as Exhibit "A" – Federal Provisions.

2. Allowable Costs and Payments.

2.1 Method of payment.

Consultant will be reimbursed for hours worked at the hourly rates specified in Consultant's Cost Proposal (Attachment A). The specified hourly rates shall include direct salary costs, employee benefits, overhead, and fee. These rates are not adjustable for the performance period set forth in

this Agreement.

In addition, Consultant will be reimbursed for incurred (actual) direct costs other than salary costs that are in the cost proposal and identified in the cost proposal and in the executed Task Order.

2.2 Task Orders.

- 2.2.1 Specific projects will be assigned to Consultant through issuance of Task Orders.
- 2.2.2 After a project to be performed under this Agreement is identified by County, County will prepare a draft Task Order; less the cost estimate. A draft Task Order will identify the scope of services, expected results, project deliverables, period of performance, project schedule and will designate a County's Task Order Manager. The draft Task Order will be delivered to Consultant for review. Consultant shall return the draft Task Order within ten (10) calendar days along with a Cost Estimate, including a written estimate of the number of hours and hourly rates per staff person, any anticipated reimbursable expenses, overhead, fee if any, and total dollar amount. After agreement has been reached on the negotiable items and total cost; the finalized Task Order shall be signed by both County and Consultant.
- 2.2.3 Task Orders may be negotiated for a lump sum (Firm Fixed Price) or for specific rates of compensation, both of which must be based on the labor and other rates set forth in Consultant's Cost Proposal.
- 2.2.4 Consultant shall not commence performance of work or services until this Agreement has been approved by County, and notification to proceed has been issued by County's Task Order Manager. No payment will be made prior to approval or for any work performed prior to approval of this Agreement.
- 2.2.5 A Task Order is of no force or effect until returned to County and signed by an authorized representative of County. No expenditures are authorized on a project and work shall not commence until a Task Order for that project has been executed by County.
- 2.2.6 The period of performance for Task Orders shall be in accordance with dates specified in the Task Order. No Task Order will be written which extends beyond the expiration date of this Agreement.
- 2.2.7 The total amount payable by County for an individual Task Order shall not exceed the amount agreed to in the Task Order, unless authorized by contract amendment.
- 2.2.8 If the Consultant fails to satisfactorily complete a deliverable according to the schedule set forth in a Task Order, no payment will be made until the deliverable has been satisfactorily completed.
- 2.2.9 Task Orders may not be used to amend this Agreement and may not exceed the scope of work under this Agreement

2.3 Transportation & Subsistence.

Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal.

2.4 Milestone Costs.

When milestone cost estimates are included in the approved Cost Proposal, Consultant shall obtain prior written approval for a revised milestone cost estimate from the County's Task Order Manager before exceeding such cost estimate.

2.5 Progress Payments.

Progress payments for each Task Order will be made monthly in arrears based on services provided and actual costs incurred.

2.6 [RESERVED].

2.7 Invoices.

2.7.1 Consultant will be reimbursed, as promptly as fiscal procedures will permit upon receipt by County's Contract Administrator of itemized invoices. Separate invoices itemizing all costs are required for all work performed under each Task Order. Invoices shall be submitted no later than 45 calendar days after the performance of work for which Consultant is billing, or upon completion of the Task Order. Invoices shall detail the work performed on each milestone, on each project as applicable. Invoices shall follow the format stipulated for the approved Cost Proposal and shall reference this Agreement number, project title and Task Order number. Credits due County that include any equipment purchased under the provisions of Article 13.13 Equipment Purchase of this Agreement, must be reimbursed by Consultant prior to the expiration or termination of this Agreement. Invoices shall be mailed to County's Contract Administrator at the following address:

David Cameron
2300 County Center Drive, Suite B-100
Santa Rosa, CA 95403

2.7.2 In addition to compliance with the requirements of this Article 2, including Article 2.7.1 above, Consultant shall submit its bills in arrears on a monthly basis in a form approved by County's Auditor and the Head of the County Department receiving the services. The bills shall show or include: (i) the task(s) performed; (ii) the time in quarter hours devoted to the task(s); (iii) the hourly rate or rates of the persons performing the task(s); and (iv) copies of receipts for reimbursable materials/expenses, if any. Expenses not expressly authorized by the Agreement shall not be reimbursed, including a copy of all invoices paid to subcontractors for work required included in the prime consultant's invoice. Consultant shall submit the Subcontractor Payment Declaration with each invoice.

2.7.3 Unless otherwise noted in this Agreement, payments shall be made within the normal course of County business after presentation of an invoice in a form approved by the County for services performed. Payments shall be made only upon the satisfactory completion of the services as determined by the County.

2.8 Contract Value/Not-to-Exceed Compensation.

2.8.1 The total amount payable by County for all Task Orders issued under this Agreement shall not exceed \$975,000.00.

- 2.8.2 The not-to-exceed amount of \$975,000 set forth in section 2.8.1 is an aggregate not-to-exceed amount across this Agreement and an Agreement No. OC18-D1 with Consultant. Any compensation expended by County to pay Consultant under Agreement No. OC18-D1 will reduce the not-to-exceed amount set forth in section 2.8.1 of this Agreement by the same amount.
- 2.8.3 This Agreement and Agreement No. OC18-D1 will be administered by the County's Transportation and Public Works department to ensure that the total aggregate amount of compensation to Consultant across this Agreement and Agreement No. OC18-D1 does not exceed the amount set forth in section 2.8.1.
- 2.8.5 Consultant acknowledges, understands and agrees that there is no guarantee, either expressed or implied that the dollar amount set forth in section 2.8.1 or any portion thereof will be authorized under this Agreement through Task Orders.

2.9 Salary Increases.

Salary increases will be reimbursable if the new salary is within the salary range identified in the approved Cost Proposal and is approved by County's Contract Administrator.

For personnel subject to prevailing wage rates as described in the California Labor Code, all salary increases, which are the direct result of changes in the prevailing wage rates are reimbursable.

2.10 [RESERVED].

2.11 Taxes.

- 2.11.1 Consultant agrees to file federal and state tax returns and pay all applicable taxes on amounts paid pursuant to this Agreement and shall be solely liable and responsible to pay such taxes and other obligations, including, but not limited to, state and federal income and FICA taxes. Consultant agrees to indemnify and hold County harmless from any liability which it may incur to the United States or to the State of California as a consequence of Consultant's failure to pay, when due, all such taxes and obligations. In case County is audited for compliance regarding any withholding or other applicable taxes, Consultant agrees to furnish County with proof of payment of taxes on these earnings.
- 2.11.2 Pursuant to California Revenue and Taxation code (R&TC) Section 18662, the County shall withhold seven percent of the income paid to Consultant for services performed within the State of California under this agreement, for payment and reporting to the California Franchise Tax Board, if Consultant does not qualify as: (1) a corporation with its principal place of business in California, (2) an LLC or Partnership with a permanent place of business in California, (3) a corporation/LLC or Partnership qualified to do business in California by the Secretary of State, or (4) an individual with a permanent residence in the State of California.
- 2.11.3 If Consultant does not qualify, County requires that a completed and signed Form 587 be provided by the Consultant in order for payments to be made. If consultant is qualified, then the County requires a completed Form 590. Forms 587 and 590 remain valid for the duration of the Agreement provided there is no material change in facts. By signing either form, the contractor agrees to promptly notify the County of any changes in the

facts. Forms should be sent to the County pursuant to Article 12. To reduce the amount withheld, Consultant has the option to provide County with either a full or partial waiver from the State of California.

3. Term of Agreement.

3.1 Term.

This Agreement shall go into effect on (_____)contingent upon approval by County, and Consultant shall commence work after notification to proceed by County's Contract Administrator. The Agreement shall end on (_____), unless extended by amendment.

3.2 Task Order Term

The period of performance for each specific project shall be in accordance with the Task Order for that project. If work on a Task Order is in progress on the expiration date of this Agreement, the terms of the Agreement shall be extended by contract amendment.

4. Termination

4.1 Termination Without Cause

Notwithstanding any other provision of this Agreement, at any time and without cause, County shall have the right, in its sole discretion, to terminate this Agreement by giving 30 days written notice to Consultant.

4.2 Termination for Cause

Notwithstanding any other provision of this Agreement, should Consultant fail to perform any of its obligations hereunder, within the time and in the manner herein provided, or otherwise violate any of the terms of this Agreement, County may immediately terminate this Agreement by giving Consultant written notice of such termination, stating the reason for termination.

4.3 Delivery of Work Product and Final Payment Upon Termination

In the event of termination, Consultant, within 14 days following the date of termination, shall deliver to County all reports, original drawings, graphics, plans, studies, and other data or documents, in whatever form or format, assembled or prepared by Consultant or Consultant's subconsultants, consultants, and other agents in connection with this Agreement and shall submit to County an invoice showing the services performed, hours worked, and copies of receipts for reimbursable expenses up to the date of termination.

4.4 Payment Upon Termination.

Upon termination of this Agreement by County, Consultant shall be entitled to receive as full payment for all services satisfactorily rendered and reimbursable expenses properly incurred hereunder, an amount which bears the same ratio to the total payment specified in the Agreement as the services satisfactorily rendered hereunder by Consultant bear to the total services otherwise required to be performed for such total payment; provided, however, that if services which have been satisfactorily rendered are to be paid on a per-hour or per-day basis, Consultant shall be entitled to receive as full payment an amount equal to the number of hours or days actually worked

prior to the termination times the applicable hourly or daily rate; and further provided, however, that if County terminates the Agreement for cause pursuant to Section 4.2, County shall deduct from such amount the amount of damage, if any, sustained by County by virtue of the breach of the Agreement by Consultant.

4.5 Authority to Terminate

The Board of Supervisors has the authority to terminate this Agreement on behalf of the County. In addition, the County Counsel, shall have the authority to terminate this Agreement on behalf of the County.

5. Indemnification.

Consultant agrees to accept responsibility for loss or damage to any person or entity, including County, and to defend, indemnify, hold harmless, and release County, its officers, agents, and employees, from and against any actions, claims, damages, liabilities, disabilities, or expenses, that may be asserted by any person or entity, including Consultant, that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of Consultant or its agents, employees, contractors, subcontractors, or invitees hereunder, whether or not there is concurrent or contributory negligence on County's part, but, to the extent required by law, excluding liability due to County's conduct. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for Consultant or its agents, employees, contractors, subcontractors, or invitees under workers' compensation acts, disability benefits acts, or other employee benefit acts.

6. Insurance.

With respect to performance of work under this Agreement, Consultant shall maintain and shall require all of its subcontractors, consultants, and other agents to maintain, insurance as described in Attachment B, which is attached hereto and incorporated herein by this reference.

7. Prosecution of Work.

The execution of this Agreement shall constitute Consultant's authority to proceed immediately with the performance of this Agreement. Performance of the services hereunder shall be completed within the time required herein, provided, however, that if the performance is delayed by earthquake, flood, high water, or other Act of God or by strike, lockout, or similar labor disturbances, the time for Consultant's performance of this Agreement shall be extended by a number of days equal to the number of days Consultant has been delayed.

8. Extra or Changed Work.

Extra or changed work or other changes to the Agreement may be authorized only by written amendment to this Agreement, signed by both parties. Minor changes, which do not increase the amount paid under the Agreement, and which do not significantly change the scope of work or significantly lengthen time schedules may be executed by the Department Head in a form approved by County Counsel. The Board of Supervisors/Purchasing Agent must authorize all other extra or changed work. The parties expressly recognize that, pursuant to Sonoma County Code Section 1-11, County personnel are without authorization to order extra or changed work or waive Agreement requirements. Failure of Consultant to secure such written authorization for extra or changed work shall constitute a waiver of any and all right

to adjustment in the Agreement price or Agreement time due to such unauthorized work and thereafter Consultant shall be entitled to no compensation whatsoever for the performance of such work. Consultant further expressly waives any and all right or remedy by way of restitution and quantum meruit for any and all extra work performed without such express and prior written authorization of the County.

9. Representations of Consultant.

9.1 Standard of Care.

County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees that all its work will be performed and that its operations shall be conducted in accordance with generally accepted and applicable professional practices and standards as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Consultant's work by County shall not operate as a waiver or release.

9.2 Status of Consultant.

The parties intend that Consultant, in performing the services specified herein, shall act as an independent contractor and shall control the work and the manner in which it is performed. Consultant is not to be considered an agent or employee of County and is not entitled to participate in any pension plan, worker's compensation plan, insurance, bonus, or similar benefits County provides its employees. In the event County exercises its right to terminate this Agreement pursuant to Article 4, above, Consultant expressly agrees that it shall have no recourse or right of appeal under rules, regulations, ordinances, or laws applicable to employees.

9.3 No Suspension or Debarment. In addition to the requirements set forth in Exhibit "A" (Federal Requirements) and without limiting Consultant's obligation to fully comply with the requirements of Exhibit "A" (Federal Requirements), including the "Department and Suspension" requirements set forth in Section IV and Exhibit "A1" (Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Contractors), Consultant warrants that it is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in covered transactions by any federal department or agency. Consultant also warrants that it is not suspended or debarred from receiving federal funds as listed in the List of Parties Excluded from Federal Procurement or Non-procurement Programs issued by the General Services Administration. If the Consultant becomes debarred, consultant has the obligation to inform the County.

9.4 [RESERVED]

9.5 Records Maintenance.

In addition to the requirements set forth in Exhibit "A" (Federal Requirements) and without limiting Consultant's obligation to fully comply with the requirements of Exhibit "A" (Federal Requirements), including the "Access to Records" requirements set forth in Section III, Consultant shall keep and maintain full and complete documentation and accounting records concerning all services performed that are compensable under this Agreement and shall make such documents and records available to County for inspection at any reasonable time. Consultant shall maintain such records for a period of four (4) years following completion of work hereunder.

9.6 Conflict of Interest.

- 9.6.1 Consultant shall disclose any financial, business, or other relationship with County that may have an impact upon the outcome of this contract, or any ensuing County construction project. Consultant shall also list current clients who may have a financial interest in the outcome of this contract, or any ensuing County construction project, which will follow.
- 9.6.2 Consultant hereby certifies and covenants that it presently has no interest and that it will not acquire any interest, direct or indirect, that represents a financial conflict of interest under state law or that would otherwise conflict in any manner or degree with the performance of its services hereunder. Consultant further covenants that in the performance of this Agreement no person having any such interests shall be employed. In addition, if requested to do so by County, Consultant shall complete and file and shall require any other person doing work under this Agreement to complete and file a "Statement of Economic Interest" with County disclosing Consultant's or such other person's financial interests..
- 9.6.3 Consultant hereby certifies that neither Consultant, nor any firm affiliated with Consultant will bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting from this contract. An affiliated firm is one, which is subject to the control of the same persons through joint-ownership, or otherwise.
- 9.6.4 Except for subconsultants whose services are limited to providing surveying or materials testing information, no subconsultant who has provided design services in connection with this contract shall be eligible to bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting from this contract.

9.7 Statutory Compliance.

Contractor agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly agrees, on behalf of itself and on behalf of all its agents, employees, subconsultants, and subcontractors, to comply with the federal requirements set forth in Exhibit "A" (Federal Requirements) attached to this Agreement..

9.8 Living Wage Ordinance.

- 9.8.1 Consultant agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies, including but not limited to the County of Sonoma Living Wage Ordinance, applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly acknowledges and agrees that this Agreement is subject to the provisions of Article XXVI of Chapter 2 of the Sonoma County Code, requiring payment of a living wage to covered employees. Noncompliance during the term of the Agreement will be considered a material breach and may result in termination of the Agreement or pursuit of other legal or administrative remedies.

9.8.2 Notwithstanding the requirement of section 9.8.1 that Consultant comply with the County of Sonoma Living Wage Ordinance (Sonoma County Code Chapter 2, Article XXVI), none of the Living Wage Ordinance's local preference requirements shall be used to select or otherwise apply to Consultant.

9.9 Nondiscrimination.

In addition to the requirements set forth in Exhibit "A" (Federal Requirements) and without limiting Consultant's obligation to fully comply with the requirements of Exhibit "A" (Federal Requirements), including the "Equal Employment Opportunity Compliance" requirements set forth in Section VI, and without limiting any other provision in this Agreement, Consultant shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination in employment because of race, color, ancestry, national origin, religion, sex, marital status, age, medical condition, pregnancy, disability, sexual orientation or other prohibited basis, including without limitation, the County's Non-Discrimination Policy. All nondiscrimination rules or regulations required by law to be included in this Agreement are incorporated herein by this reference.

9.10 [RESERVED]

9.11 AIDS Discrimination.

Consultant agrees to comply with the provisions of Chapter 19, Article II, of the Sonoma County Code prohibiting discrimination in housing, employment, and services because of AIDS or HIV infection during the term of this Agreement and any extensions of the term.

9.12 Assignment of Rights.

In addition to the requirements and rights afforded to FEMA set forth in Exhibit "A" (Federal Requirements) and without limiting Consultant's obligation to fully comply with the requirements of Exhibit "A" (Federal Requirements) and to afford FEMA such rights, including the "Notice of Requirements Pertaining to Copyrights" set forth in Section XI and the "Patent Rights" set forth in Section XII, Consultant assigns to County all rights throughout the world in perpetuity in the nature of copyright, trademark, patent, right to ideas, in and to all versions of the plans and specifications, if any, now or later prepared by Consultant in connection with this Agreement. Consultant agrees to take such actions as are necessary to protect the rights assigned to County in this Agreement, and to refrain from taking any action which would impair those rights. Consultant's responsibilities under this provision include, but are not limited to, placing proper notice of copyright on all versions of the plans and specifications as County may direct, and refraining from disclosing any versions of the plans and specifications to any third party without first obtaining written permission of County.

Consultant shall not use or permit another to use the plans and specifications in connection with this or any other project without first obtaining written permission of County.

9.13 Ownership and Disclosure of Work Product.

All reports, original drawings, graphics, plans, studies, and other data or documents ("documents"), in whatever form or format, assembled or prepared by Consultant or Consultant's subcontractors, consultants, and other agents in connection with this Agreement shall be the property of County. County shall be entitled to immediate possession of such documents upon completion of the work pursuant to this Agreement. Upon expiration or termination of this

Agreement, Consultant shall promptly deliver to County all such documents, which have not already been provided to County in such form or format, as County deems appropriate. Such documents shall be and will remain the property of County without restriction or limitation. Consultant may retain copies of the above-described documents but agrees not to disclose or discuss any information gathered, discovered, or generated in any way through this Agreement without the express written permission of County.

9.14 Authority.

The undersigned hereby represents and warrants that he or she has authority to execute and deliver this Agreement on behalf of Consultant.

9.15 Prevailing Wage.

- 9.15.1 Consultant shall comply with the State of California's General Prevailing Wage Rate requirements in accordance with California Labor Code, Section 1770, and all Federal, State, and local laws and ordinances applicable to the work.
- 9.15.2 Any subcontract entered into as a result of this contract, if for more than \$25,000 for public works construction or more than \$15,000 for the alteration, demolition, repair, or maintenance of public works, shall contain all of the provisions of this Article, unless the awarding agency has an approved labor compliance program by the Director of Industrial Relations.
- 9.15.3 When prevailing wages apply to the services described in the scope of work, transportation and subsistence costs shall be reimbursed at the minimum rates set by the Department of Industrial Relations (DIR) as outlined in the applicable Prevailing Wage Determination. See <http://www.dir.ca.gov>.

10. Demand for Assurance.

Each party to this Agreement undertakes the obligation that the other's expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arise with respect to the performance of either party, the other may in writing demand adequate assurance of due performance and until such assurance is received may, if commercially reasonable, suspend any performance for which the agreed return has not been received. "Commercially reasonable" includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding thirty (30) days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance. Nothing in this Article limits County's right to terminate this Agreement pursuant to Article 4.

11. Assignment and Delegation.

Neither party hereto shall assign, delegate, sublet, or transfer any interest in or duty under this Agreement without the prior written consent of the other, and no such transfer shall be of any force or effect whatsoever unless and until the other party shall have so consented.

12. Method and Place of Giving Notice, Submitting Bills and Making Payments.

All notices, bills, and payments shall be made in writing and shall be given by personal delivery or by U.S. Mail or courier service. Notices, bills, and payments shall be addressed as follows:

When a notice, bill or payment is given by a generally recognized overnight courier service, the notice, bill or payment shall be deemed received on the next business day. When a copy of a notice, bill or payment is sent by facsimile or email, the notice, bill or payment shall be deemed received upon transmission as long as (1) the original copy of the notice, bill or payment is promptly deposited in the U.S. mail and postmarked on the date of the facsimile or email (for a payment, on or before the due date), (2) the sender has a written confirmation of the facsimile transmission or email, and (3) the facsimile or email is transmitted before 5 p.m. (recipient's time). In all other instances, notices, bills and payments shall be effective upon receipt by the recipient. Changes may be made in the names and addresses of the person to whom notices are to be given by giving notice pursuant to this paragraph.

13. Miscellaneous Provisions.

13.1 No Waiver of Breach.

The waiver by County of any breach of any term or promise contained in this Agreement shall not be deemed to be a waiver of such term or provision or any subsequent breach of the same or any other term or promise contained in this Agreement.

13.2 Construction.

To the fullest extent allowed by law, the provisions of this Agreement shall be construed and given effect in a manner that avoids any violation of statute, ordinance, regulation, or law. The parties covenant and agree that in the event that any provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated thereby. Consultant and County acknowledge that they have each contributed to the making of this Agreement and that, in the event of a dispute over the interpretation of this Agreement, the language of the Agreement will not be construed against one party in favor of the other.

Consultant and County acknowledge that they have each had an adequate opportunity to consult with counsel in the negotiation and preparation of this Agreement.

13.3 Consent.

Wherever in this Agreement the consent or approval of one party is required to an act of the other party, such consent or approval shall not be unreasonably withheld or delayed.

13.4 No Third Party Beneficiaries.

Nothing contained in this Agreement shall be construed to create and the parties do not intend to create any rights in third parties.

13.5 Applicable Law and Forum.

This Agreement shall be construed and interpreted according to the substantive law of California, regardless of the law of conflicts to the contrary in any jurisdiction. Any action to enforce the terms of this Agreement or for the breach thereof shall be brought and tried in Santa Rosa or the forum nearest to the city of Santa Rosa, in the County of Sonoma.

13.6 Captions.

The captions in this Agreement are solely for convenience of reference. They are not a part of this Agreement and shall have no effect on its construction or interpretation.

13.7 Merger.

This writing is intended both as the final expression of the Agreement between the parties hereto with respect to the included terms and as a complete and exclusive statement of the terms of the Agreement, pursuant to Code of Civil Procedure Section 1856. No modification of this Agreement shall be effective unless and until such modification is evidenced by a writing signed by both parties.

13.8 Survival of Terms.

All express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

13.9 Time of Essence.

Time is and shall be of the essence of this Agreement and every provision hereof.

13.10 Claims Filed by County's Construction Contractor.

13.10.1 If claims are filed by County's construction contractor relating to work performed by Consultant's personnel, and additional information or assistance from Consultant's personnel is required in order to evaluate or defend against such claims; Consultant agrees to make its personnel available for consultation with County's construction contract administration and legal staff and for testimony, if necessary, at depositions and at trial or arbitration proceedings.

13.10.2 Consultant's personnel that County considers essential to assist in defending against construction contractor claims will be made available on reasonable notice from County. Consultation or testimony will be reimbursed at the same rates, including travel costs that

are being paid for Consultant's personnel services under this contract.

13.10.3 Services of Consultant's personnel in connection with County's construction contractor claims will be performed pursuant to a written contract amendment, if necessary, extending the termination date of this contract in order to resolve the construction claims.

13.10.4 Any subcontract in excess of \$25,000 entered into as a result of this contract, shall contain all of the provisions of this Article.

14. Attachments & Exhibits.

The following Attachments and Exhibits appended to this Agreement are hereby incorporated by reference as if fully set forth herein.

14.1 List of Attachments.

Attachment A – Cost Proposal

Attachment B – Insurance Requirements

Exhibit A – Federal Requirements

14.2 Order of Precedence.

In the event of any conflict between the Attachments and this Agreement, the Agreement shall control. Notwithstanding the foregoing, in the event of any conflict between the Agreement and the Federal Requirements set forth in Exhibit "A", the Federal Requirements set forth in Exhibit "A" shall control.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the Effective Date.

Exhibit “A”
FEDERAL PROVISIONS

I. DEFINITIONS

- A. Government** means the United States of America and any executive department or agency thereof.
- B. FEMA** means the Federal Emergency Management Agency.
- C. Third Party Subcontract** means a subcontract at any tier entered into by Consultant or subconsultant, financed in whole or in part with Federal assistance originally derived from the Federal Emergency Management Agency.

II. FEDERAL REQUIREMENTS AND CHANGES

- A.** This is an acknowledgement that FEMA financial assistance will be used to fund the contract only. The consultant will comply with all applicable federal law, regulations, executive orders , FEMA policies, procedures, and directives.
- B.** Consultant shall at all times comply with all applicable regulations, policies, procedures, and FEMA Directives as they may be amended or promulgated from time to time during the term of this Agreement, including but not limited to those requirements of 2 CFR 200.317 through 200.326 and more fully set forth in Appendix II to Part 200—Contract Provisions for non–Federal Entity Contracts Under Federal Awards, which is included herein by reference. Consultant's failure to so comply shall constitute a material breach of this contract.
- C.** The Consultant agrees to include the above clause in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

III. ACCESS TO RECORDS

- A.** The Consultant agrees to provide the County, FEMA, the Comptroller General of the United States or any their authorized representatives access to any books, documents, papers, and records of the Consultant which are directly pertinent to this Agreement for the purposes of making audits, examinations, excerpts, and transcriptions.
- B.** The Consultant agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.
- C.** The Consultant agrees to maintain all books, records, accounts, and reports required under this Agreement for a period of not less than three years after the later of: (a) the date of termination or expiration of this Agreement or (b) the date County makes final payment under this Agreement, except in the event of litigation or settlement of claims arising from the performance of this Agreement, in which case, Consultant agrees to maintain same until the County, FEMA, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims, or exceptions related thereto.
- D.** The requirements set for in paragraphs A, B, and C above are all in addition to, and should not be considered to be in lieu of, those requirements set forth in Section 21 of the Agreement.

IV. DEBARMENT AND SUSPENSION

- A.** This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the Consultant is required to verify that none of the Consultant, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).
- B.** Consultant represents and warrants that it is not debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, "Debarment and Suspension" or on the USEPA's List of Violating Facilities. Consultant agrees that neither Consultant nor any of its third party subconsultants shall enter into any third party subcontracts for any of the work under this Agreement with a third party subconsultant who is debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs under executive Order 12549 or on the USEPA's List of Violating Facilities. Gov. Code § 4477.
- C.** The Consultant must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into. Consultant agrees to the provisions of Exhibit A1, Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion— Lower Tier Covered Transactions, attached hereto and incorporated herein. For purposes of this Agreement and Exhibit A1, Consultant is the "prospective lower tier participant."
- D.** The Consultant agrees to include paragraphs A and B above in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the paragraphs shall not be modified, except to identify the subconsultant who will be subject to its provisions.
- E.** This certification is a material representation of fact relied upon by County. If it is later determined that the Consultant did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the State of California, the County, and the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.
- F.** The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions."

V. NO FEDERAL GOVERNMENT OBLIGATIONS TO CONSULTANT

- A.** The County and Consultant acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Government, the Government is not a party to this contract and shall not be subject to any obligations or liabilities to the County, Consultant, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.
- B.** The Consultant agrees to include the above clause in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

VI. EQUAL EMPLOYMENT OPPORTUNITY COMPLIANCE (applicable to all construction contracts awarded meeting the definition of “federally assisted construction contract” under 41 CFR 61-1.3)

Consultant agrees to comply with Executive Order 11246 of September 24, 1965, entitled “Equal Employment Opportunity,” as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR Part 60). 41 CFR 60.14 is hereby incorporated by reference.

- A.** Consultants and subconsultants shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, sexual orientation, physical disability (including HIV and AIDS), mental disability, medical condition (cancer), age (over 40), marital status, and denial of family care leave.
- B.** Consultants, and subconsultants shall ensure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment.
- C.** Consultants and subconsultants shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code, § 12990 (a-f) et seq.) and the applicable regulations promulgated thereunder (California Code of Regulations, Title 2, Section 7285 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations, are incorporated into this Agreement by reference and made a part hereof as if set forth in full.
- D.** Consultants, and subconsultants shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.

VII. ANTI-KICKBACK ACT COMPLIANCE (applicable to all contracts and subgrants for construction or repair; 44 CFR §13.36(i)(4))

Consultant agrees to comply with the Copeland “Anti-Kickback” Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 3).

VIII. DAVIS-BACON ACT COMPLIANCE (applicable to construction contracts in excess of \$2,000 awarded by grantees and subgrantees when required by Federal grant program legislation;)

To the extent required by any Federal grant programs applicable to expected funding or reimbursement of County’s expenses incurred in connection with the services provided under this Agreement, Consultant agrees to comply with the Davis-Bacon Act (40 U.S.C. 276a to 276a-7) as supplemented by Department of Labor regulations (29 CFR Part 5) as set forth below. These requirements are in addition to the requirements set forth in Section 19(b) of the Agreement.

- A.** The Consultant shall be bound to the provisions of the Davis-Bacon Act, and agrees to be bound by all the provisions of Labor Code section 1771 regarding prevailing wages. All labor on this project shall be paid neither less than the greater of the minimum wage rates established by the U.S. Secretary of Labor (Federal Wage Rates), or by the State of

California Director of Department of Industrial Relations (State Wage Rates). Current DIR requirements may be found at <http://www.dir.ca.gov/lcp.asp>.

- B. The general prevailing wage rates may be accessed at the Department of Labor Home Page at www.wdol.gov. Under the Davis Bacon heading, click on “Selecting DBA WDs.” In the drop down menu for State, select, “California.” In the drop down menu for County, select “Sonoma.” In the drop down menu for Construction Type, make the appropriate selection. Then, click Search.

IX. CONTRACT WORK HOURS AND SAFETY STANDARDS (applicable to all contracts in excess of \$100,000 that involve the employment of mechanics or laborers, but not to purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence)

- A. **Compliance:** Consultant agrees that it shall comply with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–330) as supplemented by Department of Labor regulations (29 CFR Part 5), which are incorporated herein.
- B. **Overtime:** No Consultant or subconsultant contracting for any part of the work under this Agreement which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
- C. **Violation; liability for unpaid wages; liquidated damages:** In the event of any violation of the provisions of Paragraph B, the Consultant and any subconsultant responsible therefore shall be liable to any affected employee for his unpaid wages. In additions, such Consultant and subconsultant shall be liable to the United States for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic employed in violation of the provisions of paragraph B in the sum of \$10 for each calendar day on which such employee was required or permitted to be employed on such work in excess of eight hours or in excess of his standard workweek of forty hours without payment of the overtime wages required by paragraph B.
- D. **Withholding for unpaid wages and liquidated damages:** The County shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Consultant or subconsultant under any such contract or any other Federal contract with the same prime Consultant, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Consultant, such sums as may be determined to be necessary to satisfy any liabilities of such Consultant or subconsultant for unpaid wages and liquidated damages as provided in the clause set for in paragraph C of this section.
- E. **Subcontracts:** The Consultant or subconsultant shall insert in any subcontracts the clauses set forth in paragraphs A through D of this section and also a clause requiring the subconsultants to include these clauses in any lower tier subcontracts. The prime Consultant shall be responsible for compliance by any subconsultant or lower tier subconsultant with the clauses set forth in paragraphs A through D of this section.

X. NOTICE OF REPORTING REQUIREMENTS

- A. Consultant acknowledges that it has read and understands the reporting requirements of FEMA in Part III of Chapter 11 of the United States Department of Justice’s Office of Justice Programs Financial Guide, and agrees to comply with any such applicable requirements.
- B. The Consultant agrees to include the above clause in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

XI. NOTICE OF REQUIREMENTS PERTAINING TO COPYRIGHTS

- A. Consultant agrees that FEMA shall have a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for government purposes:

 - 2) Any rights of copyright to which Consultant purchases ownership with the assistance of funds provided under this Agreement.
- B. The Consultant agrees to include paragraph A above in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

XII. PATENT RIGHTS (applicable to contracts for experimental, research, or development projects financed by FEMA; 44 CFR §13.36(i)(8))

- A. General. If any invention, improvement, or discovery is conceived or first actually reduced to practice in the course of or under this Agreement, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the County and Consultant agree to take actions necessary to provide immediate notice and a detailed report to FEMA.
- B. Unless the Government later makes a contrary determination in writing, irrespective of Consultant's status (a large business, small business, state government or state instrumentality, local government, nonprofit organization, institution of higher education, individual), the County and Consultant agree to take the necessary actions to provide, through FEMA, those rights in that invention due the Federal Government as described in U.S. Department of Commerce regulations, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” 37 CFR, Part 401.
- C. The Consultant agrees to include paragraphs A and B above in each third party subcontract for experimental, developmental, or research work financed in whole or in part with Federal assistance provided by FEMA.

XIII. ENERGY CONSERVATION REQUIREMENTS

- A. The Consultant agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 USC 6201).

B. The Consultant agrees to include paragraph A above in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

XIV. CLEAN AIR AND WATER REQUIREMENTS (applicable to all contracts and subcontracts in excess \$100,000, including indefinite quantities where the amount is expected to exceed \$100,000 in any year)

A. Consultant agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387), and will report violations to FEMA and the Regional Office of the Environmental Protection Agency (EPA).

B. Consultant agrees to report each violation of these requirements to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to FEMA and the appropriate EPA regional office.

C. The Consultant agrees to include paragraph A and B above in each third party subcontract exceeding \$100,000 financed in whole or in part with Federal assistance provided by FEMA.

XV. TERMINATION FOR CONVENIENCE OF COUNTY (applicable to all contracts in excess of \$10,000)

See Paragraph 4.1 of the Agreement.

XVI. TERMINATION FOR DEFAULT (applicable to all contracts in excess of \$10,000)

Consultant's failure to perform or observe any term, covenant or condition of this Agreement shall constitute an event of default under this Agreement. See Paragraph 4.2 of the Agreement.

XVII. CHANGES.

See Paragraph 8 of the Agreement.

XVIII. LOBBYING (Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended).)

A. Consultant shall not use or pay any funds received under this Agreement to influence or attempt to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

B. Consultant agrees to the provisions of Exhibit A2, Certification Regarding Lobbying, attached hereto and incorporated herein (applicable for contracts or subcontracts in excess of \$100,000).

- C. Consultant agrees to include paragraphs A and B above in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

XIX. MBE / WBE REQUIREMENTS

The County intends to seek reimbursement of its costs incurred in connection with this project from FEMA. Accordingly, the CONSULTANT shall make every effort to procure Minority and Women's Business Enterprises ("DBEs") through the "Good Faith Effort" process as required in 2 CFR 200.321. Failure to perform the "Good Faith Effort" process and submit the forms listed below with the bid shall be cause for a bid to be rejected as non-responsive and/or be considered as a material breach of the contract.

PRIME CONSULTANT RESPONSIBILITIES

All recipients of this grant funding, as well as their prime Consultants and subconsultants, must take all affirmative steps to assure that minority firms, women's business enterprises, and labor surplus area firms are used when possible make every effort to solicit bids from eligible DBEs. This information must be documented and reported.

"GOOD FAITH" EFFORT PROCESS

Any public or private entity receiving federal funds must demonstrate that efforts were made to attract MBE/WBEs. The process to attract MBE/WBEs is referred to as the "Good Faith" effort. This effort requires the recipient, prime Consultant and any subconsultants to take the steps listed below to assure that MBE/WBEs are used whenever possible as sources of supplies, construction, equipment, or services. If a CONSULTANT fails to take the steps outlined below shall cause the bid to be rejected as non-responsive and/or be deemed a material breach of the contract.

- A. Place qualified small and minority businesses and women's business enterprises on solicitation lists;
- B. Assure that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
- C. Divide total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;
- D. Establish delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises; and
- E. Use the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce.
- F. If subcontracts are to be let, Consultant shall take the affirmative steps listed in 2 CFR 200.321.

XX. PROCUREMENT OF RECOVERED MATERIALS (2 CFR 200.322)

Consultant shall comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

XXI. INCORPORATION OF UNIFORM ADMINISTRATIVE REQUIREMENTS

The preceding provisions include, in part, certain standard terms and conditions required by FEMA, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by FEMA are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FEMA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. Consultant shall not perform any act, fail to perform any act, or refuse to comply with any County requests that would cause County to be in violation of the FEMA terms and conditions.

XXII. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS.

The Consultant acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Consultant's actions pertaining to this contract.

XXIII. DHS SEAL, LOGO, AND FLAGS.

The Consultant shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

Exhibit A1

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION – LOWER TIER COVERED TRANSACTIONS

(Lower Tier refers to the agency or Consultant receiving Federal funds, as well as any subconsultants that the agency or Consultant enters into contract with using those funds)

As required by Executive Order 12549, Debarment and Suspension, as defined at 44 CFR Part 17, County may not enter into contract with any entity that is debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by the Federal Government from participating in transactions involving Federal funds. Consultant is required to sign the certification below which specifies that neither Consultant nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by the Federal agency. It also certifies that Consultant will not use, directly or indirectly, any of these funds to employ, award contracts to, engage the services of, or fund any Consultant that is debarred, suspended, or ineligible under 44 CFR Part 17.

Instruction for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definition and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this agreement that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification Regarding Debarment, Suspension, Ineligibility an Voluntary Exclusion – Lower Tier Covered Transactions

1. The prospective lower tier participant certifies, by submission of its proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loan, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

AGREEMENT FOR [CONSULTING/PROFESSIONAL] SERVICES

This agreement ("Agreement"), dated as of _____, 20__ (“Effective Date”) is by and between the County of Sonoma, a political subdivision of the State of California (hereinafter "County"), and Coastland Civil Engineering Inc. (hereinafter "Consultant").

RECITALS

WHEREAS, Consultant represents that it is a duly qualified and licensed civil engineer, experienced in the preparation of Plans, Specifications and Estimates, and related services; and

WHEREAS, in the judgment of the County’s Department of Transportation & Public Works, it is necessary and desirable to employ the services of Consultant for On-Call Engineering Design Services.

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual covenants contained herein, the parties hereto agree as follows:

AGREEMENT

I. Scope of Services.

1.1 Consultant's Specified Services.

Consultant shall perform the services, if any, described in the Request for Qualifications and as more particularly described in the applicable Task Order assigning the specific project, and within the times or by the dates provided for in , the applicable Task Order and pursuant to Article 7, Prosecution of Work.

1.2 Cooperation With County.

Consultant shall cooperate with County and County staff in the performance of all work hereunder.

1.3 Performance Standard.

Consultant shall perform all work hereunder in a manner consistent with the level of competency and standard of care normally observed by a person practicing in Consultant's profession. County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees to provide all services under this Agreement in accordance with generally accepted professional practices and standards of care, as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Contractor’s work by County shall not operate as a waiver or release. If County determines that any of Consultant's work is not in accordance with such level of competency and standard of care, County, in its sole discretion, shall have the right to do any or all of the following: (a) require

Consultant to meet with County to review the quality of the work and resolve matters of concern; (b) require Consultant to repeat the work at no additional charge until it is satisfactory; (c) terminate this Agreement pursuant to the provisions of Article 4; or (d) pursue any and all other remedies at law or in equity.

1.4 Assigned Personnel.

- 1.4.1 Consultant shall assign only competent personnel to perform work hereunder. In the event that at any time County, in its sole discretion, desires the removal of any person or persons assigned by Consultant to perform work hereunder, Consultant shall remove such person or persons immediately upon receiving written notice from County.
- 1.4.2 Any and all persons identified in this Agreement, any Exhibit or Attachment hereto, or any Task Order issued hereunder as the project manager, project team, or other professional performing work hereunder are deemed by County to be key personnel whose services were a material inducement to County to enter into this Agreement, and without whose services County would not have entered into this Agreement. Consultant shall not remove, replace, substitute, or otherwise change any key personnel without the prior written consent of County. With respect to performance under this Agreement, Consultant shall employ the following key personnel: Project Manager.
- 1.4.3 In the event that any of Consultant's personnel assigned to perform services under this Agreement become unavailable due to resignation, sickness or other factors outside of Consultant's control, Consultant shall be responsible for timely provision of adequately qualified replacements.

1.5 Consultant's Reports or Meetings.

- 1.5.1 Consultant shall submit progress reports on each specific project in accordance with the Task Order. These reports shall be submitted at least once a month. The report should be sufficiently detailed for County's Task Order Manager to determine, if Consultant is performing to expectations, or is on schedule; to provide communication of interim findings, and to sufficiently address any difficulties or special problems encountered, so remedies can be developed.
- 1.5.2 Consultant's Project Manager shall meet with County's Contract Administrator or Task Order Manager, as needed, to discuss progress on the project(s) or contract related issues.

2. Allowable Costs and Payments.

2.1 Method of payment.

Consultant will be reimbursed for hours worked at the hourly rates specified in Consultant's Cost Proposal (Attachment A). The specified hourly rates shall include direct salary costs, employee benefits, overhead, and fee. These rates are not adjustable for the performance period set forth in this Agreement.

In addition, Consultant will be reimbursed for incurred (actual) direct costs other than salary costs that are in the cost proposal and identified in the cost proposal and in the executed Task Order.

2.2 Task Orders.

- 2.2.1 Specific projects will be assigned to Consultant through issuance of Task Orders.
- 2.2.2 After a project to be performed under this Agreement is identified by County, County will prepare a draft Task Order; less the cost estimate. A draft Task Order will identify the scope of services, expected results, project deliverables, period of performance, project schedule and will designate a County's Task Order Manager. The draft Task Order will be delivered to Consultant for review. Consultant shall return the draft Task Order within ten (10) calendar days along with a Cost Estimate, including a written estimate of the number of hours and hourly rates per staff person, any anticipated reimbursable expenses, overhead, fee if any, and total dollar amount. After agreement has been reached on the negotiable items and total cost; the finalized Task Order shall be signed by both County and Consultant.
- 2.2.3 Task Orders may be negotiated for a lump sum (Firm Fixed Price) or for specific rates of compensation, both of which must be based on the labor and other rates set forth in Consultant's Cost Proposal.
- 2.2.4 Consultant shall not commence performance of work or services until this Agreement has been approved by County, and notification to proceed has been issued by County's Task Order Manager. No payment will be made prior to approval or for any work performed prior to approval of this Agreement.
- 2.2.5 A Task Order is of no force or effect until returned to County and signed by an authorized representative of County. No expenditures are authorized on a project and work shall not commence until a Task Order for that project has been executed by County.
- 2.2.6 The period of performance for Task Orders shall be in accordance with dates specified in the Task Order. No Task Order will be written which extends beyond the expiration date of this Agreement.
- 2.2.7 The total amount payable by County for an individual Task Order shall not exceed the amount agreed to in the Task Order, unless authorized by contract amendment.
- 2.2.8 If the Consultant fails to satisfactorily complete a deliverable according to the schedule set forth in a Task Order, no payment will be made until the deliverable has been satisfactorily completed.
- 2.2.9 Task Orders may not be used to amend this Agreement and may not exceed the scope of work under this Agreement

2.3 Transportation & Subsistence.

Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal.

2.4 Milestone Costs.

When milestone cost estimates are included in the approved Cost Proposal, Consultant shall obtain prior written approval for a revised milestone cost estimate from the County's Task Order Manager before exceeding such cost estimate.

2.5 Progress Payments.

Progress payments for each Task Order will be made monthly in arrears based on services provided and actual costs incurred.

2.6 [RESERVED]

2.7 Invoices.

2.7.1 Consultant will be reimbursed, as promptly as fiscal procedures will permit upon receipt by County's Contract Administrator of itemized invoices. Separate invoices itemizing all costs are required for all work performed under each Task Order. Invoices shall be submitted no later than 45 calendar days after the performance of work for which Consultant is billing, or upon completion of the Task Order. Invoices shall detail the work performed on each milestone, on each project as applicable. Invoices shall follow the format stipulated for the approved Cost Proposal and shall reference this Agreement number, project title and Task Order number. Credits due County that include any equipment purchased under the provisions of Article 13.13 Equipment Purchase of this Agreement, must be reimbursed by Consultant prior to the expiration or termination of this Agreement. Invoices shall be mailed to County's Contract Administrator at the following address:

David Cameron
2300 County Center Drive, Suite B-100
Santa Rosa, CA 95403

2.7.2 In addition to compliance with the requirements of this Article 2, including Article 2.7.1 above, Consultant shall submit its bills in arrears on a monthly basis in a form approved by County's Auditor and the Head of the County Department receiving the services. The bills shall show or include: (i) the task(s) performed; (ii) the time in quarter hours devoted to the task(s); (iii) the hourly rate or rates of the persons performing the task(s); and (iv) copies of receipts for reimbursable materials/expenses, if any. Expenses not expressly authorized by the Agreement shall not be reimbursed, including a copy of all invoices paid to subcontractors for work required included in the prime consultant's invoice. Consultant shall submit the Subcontractor Payment Declaration with each invoice.

2.7.3 Unless otherwise noted in this Agreement, payments shall be made within the normal course of County business after presentation of an invoice in a form approved by the County for services performed. Payments shall be made only upon the satisfactory completion of the services as determined by the County.

2.8 Contract Value/Not-to-Exceed Compensation.

The total amount payable by County for all Task Orders resulting from this Agreement shall not exceed \$975,000.00. It is understood and agreed that there is no guarantee, either expressed or implied that this dollar amount will be authorized under this Agreement through Task Orders.

2.9 Salary Increases.

Salary increases will be reimbursable if the new salary is within the salary range identified in the approved Cost Proposal and is approved by County's Contract Administrator.

For personnel subject to prevailing wage rates as described in the California Labor Code, all salary increases, which are the direct result of changes in the prevailing wage rates are reimbursable.

2.10 [RESERVED].

2.11 Taxes.

2.11.1 Consultant agrees to file federal and state tax returns and pay all applicable taxes on amounts paid pursuant to this Agreement and shall be solely liable and responsible to pay such taxes and other obligations, including, but not limited to, state and federal income and FICA taxes. Consultant agrees to indemnify and hold County harmless from any liability which it may incur to the United States or to the State of California as a consequence of Consultant's failure to pay, when due, all such taxes and obligations. In case County is audited for compliance regarding any withholding or other applicable taxes, Consultant agrees to furnish County with proof of payment of taxes on these earnings.

2.11.2 Pursuant to California Revenue and Taxation code (R&TC) Section 18662, the County shall withhold seven percent of the income paid to Consultant for services performed within the State of California under this agreement, for payment and reporting to the California Franchise Tax Board, if Consultant does not qualify as: (1) a corporation with its principal place of business in California, (2) an LLC or Partnership with a permanent place of business in California, (3) a corporation/LLC or Partnership qualified to do business in California by the Secretary of State, or (4) an individual with a permanent residence in the State of California.

If Consultant does not qualify, County requires that a completed and signed Form 587 be provided by the Consultant in order for payments to be made. If consultant is qualified, then the County requires a completed Form 590. Forms 587 and 590 remain valid for the duration of the Agreement provided there is no material change in facts. By signing either form, the contractor agrees to promptly notify the County of any changes in the facts. Forms should be sent to the County pursuant to Article 12. To reduce the amount withheld, Consultant has the option to provide County with either a full or partial waiver from the State of California.

3. Term of Agreement.

3.1 Term.

This contract shall go into effect on (_____) contingent upon approval by County, and Consultant shall commence work after notification to proceed by County's Contract Administrator. The contract shall end on (_____), unless extended by contract amendment.

3.2 Contract Execution.

Consultant is advised that any recommendation for contract award is not binding on County until the contract is fully executed and approved by County.

3.3 Task Order Term

The period of performance for each specific project shall be in accordance with the Task Order for that project. If work on a Task Order is in progress on the expiration date of this Agreement, the

terms of the Agreement shall be extended by contract amendment.

4. Termination

4.1. Notice Period.

County reserves the right to terminate this Agreement upon thirty (30) calendar days written notice to Consultant with the reasons for termination stated in the notice.

4.2 Grounds for Termination.

County may terminate this Agreement with Consultant should Consultant fail to perform the covenants herein contained at the time and in the manner herein provided. In the event of such termination, County may proceed with the work in any manner deemed proper by County. If County terminates this Agreement with Consultant, County shall pay Consultant the sum due to Consultant under this Agreement prior to termination, unless the cost of completion to County exceeds the funds remaining in the Agreement. In which case the overage shall be deducted from any sum due Consultant under this Agreement and the balance, if any, shall be paid to Consultant upon demand.

4.3 Liability.

The maximum amount for which the Government shall be liable if this Agreement is terminated is 975,000 dollars.

4.4 Authority to Terminate.

The Board of Supervisors has the authority to terminate this Agreement on behalf of the County. In addition, the Purchasing Agent or Department Head, in consultation with County Counsel, shall have the authority to terminate this Agreement on behalf of the County.

5. Indemnification.

Consultant agrees to accept responsibility for loss or damage to any person or entity, including County, and to defend, indemnify, hold harmless, and release County, its officers, agents, and employees, from and against any actions, claims, damages, liabilities, disabilities, or expenses, that may be asserted by any person or entity, including Consultant, that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of Consultant or its agents, employees, contractors, subcontractors, or invitees hereunder, whether or not there is concurrent or contributory negligence on County's part, but, to the extent required by law, excluding liability due to County's conduct. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for Consultant or its agents, employees, contractors, subcontractors, or invitees under workers' compensation acts, disability benefits acts, or other employee benefit acts.

6. Insurance.

With respect to performance of work under this Agreement, Consultant shall maintain and shall require all of its subcontractors, consultants, and other agents to maintain, insurance as described in Attachment B, which is attached hereto and incorporated herein by this reference.

7. Prosecution of Work.

The execution of this Agreement shall constitute Consultant's authority to proceed immediately with the performance of this Agreement. Performance of the services hereunder shall be completed within the time required herein, provided, however, that if the performance is delayed by earthquake, flood, high water, or other Act of God or by strike, lockout, or similar labor disturbances, the time for Consultant's performance of this Agreement shall be extended by a number of days equal to the number of days Consultant has been delayed.

8. Extra or Changed Work.

Extra or changed work or other changes to the Agreement may be authorized only by written amendment to this Agreement, signed by both parties. Minor changes, which do not increase the amount paid under the Agreement, and which do not significantly change the scope of work or significantly lengthen time schedules may be executed by the Department Head in a form approved by County Counsel. The Board of Supervisors/Purchasing Agent must authorize all other extra or changed work. The parties expressly recognize that, pursuant to Sonoma County Code Section 1-11, County personnel are without authorization to order extra or changed work or waive Agreement requirements. Failure of Consultant to secure such written authorization for extra or changed work shall constitute a waiver of any and all right to adjustment in the Agreement price or Agreement time due to such unauthorized work and thereafter Consultant shall be entitled to no compensation whatsoever for the performance of such work. Consultant further expressly waives any and all right or remedy by way of restitution and quantum meruit for any and all extra work performed without such express and prior written authorization of the County.

9. Representations of Consultant.

9.1 Standard of Care.

County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees that all its work will be performed and that its operations shall be conducted in accordance with generally accepted and applicable professional practices and standards as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Consultant's work by County shall not operate as a waiver or release.

9.2 Status of Consultant.

The parties intend that Consultant, in performing the services specified herein, shall act as an independent contractor and shall control the work and the manner in which it is performed. Consultant is not to be considered an agent or employee of County and is not entitled to participate in any pension plan, worker's compensation plan, insurance, bonus, or similar benefits County provides its employees. In the event County exercises its right to terminate this Agreement pursuant to Article 4, above, Consultant expressly agrees that it shall have no recourse or right of appeal under rules, regulations, ordinances, or laws applicable to employees.

9.3 No Suspension or Debarment.

Consultant's signature affixed herein, shall constitute a certification under penalty of perjury under the laws of the State of California, that Consultant has complied with Title 2 CFR, Part 180, "OMB Guidelines to Agencies on Government wide Debarment and Suspension (nonprocurement)", which certifies that he/she or any person associated therewith in the capacity of owner, partner, director, officer, or manager, is not currently under suspension, debarment, voluntary exclusion,

or determination of ineligibility by any federal agency; has not been suspended, debarred, voluntarily excluded, or determined ineligible by any federal agency within the past three (3) years; does not have a proposed debarment pending; and has not been indicted, convicted, or had a civil judgment rendered against it by a court of competent jurisdiction in any matter involving fraud or official misconduct within the past three (3) years. Any exceptions to this certification must be disclosed to County.

Exceptions will not necessarily result in denial of recommendation for award, but will be considered in determining Consultant responsibility. Disclosures must indicate to whom exceptions apply, initiating agency, and dates of action.

Exceptions to the Federal Government Excluded Parties List System maintained by the General Services Administration are to be determined by the Federal highway Administration.

9.4 [RESERVED].

9.5 Records Maintenance.

In addition to other record retention and audit requirements set forth elsewhere in this Agreement, Consultant shall keep and maintain full and complete documentation and accounting records concerning all services performed that are compensable under this Agreement and shall make such documents and records available to County for inspection at any reasonable time. Consultant shall maintain such records for a period of four (4) years following completion of work hereunder.

9.6 Conflict of Interest.

9.6.1 Consultant shall disclose any financial, business, or other relationship with County that may have an impact upon the outcome of this contract, or any ensuing County construction project. Consultant shall also list current clients who may have a financial interest in the outcome of this contract, or any ensuing County construction project, which will follow.

9.6.2 Consultant hereby certifies that it does not now have, nor shall it acquire any financial or business interest that would conflict with the performance of services under this contract.

9.6.3 Consultant hereby certifies that neither Consultant, nor any firm affiliated with Consultant will bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting from this contract. An affiliated firm is one, which is subject to the control of the same persons through joint-ownership, or otherwise.

9.6.4 Except for subconsultants whose services are limited to providing surveying or materials testing information, no subconsultant who has provided design services in connection with this contract shall be eligible to bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting from this contract.

9.7 Statutory Compliance.

Contractor agrees to comply with all applicable federal, state and local laws, regulations, statutes

and policies applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly agrees, on behalf of itself and on behalf of all its agents, employees, subconsultants, and subcontractors, to comply with the federal contract requirements set forth in Article 13 herein.

9.8 Living Wage Ordinance.

9.8.1 Consultant agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies, including but not limited to the County of Sonoma Living Wage Ordinance, applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly acknowledges and agrees that this Agreement is subject to the provisions of Article XXVI of Chapter 2 of the Sonoma County Code, requiring payment of a living wage to covered employees. Noncompliance during the term of the Agreement will be considered a material breach and may result in termination of the Agreement or pursuit of other legal or administrative remedies.

9.8.2 Notwithstanding the requirement of section 9.8.1 that Consultant comply with the County of Sonoma Living Wage Ordinance (Sonoma County Code Chapter 2, Article XXVI), none of the Living Wage Ordinances local preference requirements shall be used to select or otherwise apply to Consultant.–

9.9 Nondiscrimination.

Without limiting any other provision hereunder, Consultant shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination in employment because of race, color, ancestry, national origin, religion, sex, marital status, age, medical condition, pregnancy, disability, sexual orientation or other prohibited basis, including without limitation, the County's Non-Discrimination Policy. All nondiscrimination rules or regulations required by law to be included in this Agreement are incorporated herein by this reference.

9.10 Statement of Compliance.

9.10.1 Consultant's signature affixed herein, and dated, shall constitute a certification under penalty of perjury under the laws of the State of California that Consultant has, unless exempt, complied with, the nondiscrimination program requirements of Government Code Section 12990 and Title 2, California Administrative Code, Section 8103.

9.10.2 During the performance of this Contract, Consultant and its subconsultants shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, physical disability (including HIV and AIDS), mental disability, medical condition (e.g., cancer), age (over 40), marital status, and denial of family care leave. Consultant and subconsultants shall insure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. Consultant and subconsultants shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code §12990 (a-f) et seq.) and the applicable regulations promulgated there under (California Code of Regulations, Title 2, Section 7285 et seq.). The

applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations, are incorporated into this Contract by reference and made a part hereof as if set forth in full. Consultant and its subconsultants shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.

9.10.3 The Consultant shall comply with regulations relative to Title VI (nondiscrimination in federally-assisted programs of the Department of Transportation – Title 49 Code of Federal Regulations, Part 21 - Effectuation of Title VI of the 1964 Civil Rights Act). Title VI provides that the recipients of federal assistance will implement and maintain a policy of nondiscrimination in which no person in the state of California shall, on the basis of race, color, national origin, religion, sex, age, disability, be excluded from participation in, denied the benefits of or subject to discrimination under any program or activity by the recipients of federal assistance or their assignees and successors in interest.

9.10.4 The Consultant, with regard to the work performed by it during the Agreement shall act in accordance with Title VI. Specifically, the Consultant shall not discriminate on the basis of race, color, national origin, religion, sex, age, or disability in the selection and retention of Subconsultants, including procurement of materials and leases of equipment. The Consultant shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the U.S. DOT's Regulations, including employment practices when the Agreement covers a program whose goal is employment.

9.11 AIDS Discrimination.

Consultant agrees to comply with the provisions of Chapter 19, Article II, of the Sonoma County Code prohibiting discrimination in housing, employment, and services because of AIDS or HIV infection during the term of this Agreement and any extensions of the term.

9.12 Assignment of Rights.

Consultant assigns to County all rights throughout the world in perpetuity in the nature of copyright, trademark, patent, right to ideas, in and to all versions of the plans and specifications, if any, now or later prepared by Consultant in connection with this Agreement. Consultant agrees to take such actions as are necessary to protect the rights assigned to County in this Agreement, and to refrain from taking any action which would impair those rights. Consultant's responsibilities under this provision include, but are not limited to, placing proper notice of copyright on all versions of the plans and specifications as County may direct, and refraining from disclosing any versions of the plans and specifications to any third party without first obtaining written permission of County.

Consultant shall not use or permit another to use the plans and specifications in connection with this or any other project without first obtaining written permission of County.

9.13 Ownership and Disclosure of Work Product.

All reports, original drawings, graphics, plans, studies, and other data or documents ("documents"), in whatever form or format, assembled or prepared by Consultant or Consultant's subcontractors, consultants, and other agents in connection with this Agreement shall be the property of County. County shall be entitled to immediate possession of such documents upon

completion of the work pursuant to this Agreement. Upon expiration or termination of this Agreement, Consultant shall promptly deliver to County all such documents, which have not already been provided to County in such form or format, as County deems appropriate. Such documents shall be and will remain the property of County without restriction or limitation. Consultant may retain copies of the above-described documents but agrees not to disclose or discuss any information gathered, discovered, or generated in any way through this Agreement without the express written permission of County.

9.14 Authority.

The undersigned hereby represents and warrants that he or she has authority to execute and deliver this Agreement on behalf of Consultant.

10. Demand for Assurance.

Each party to this Agreement undertakes the obligation that the other's expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arise with respect to the performance of either party, the other may in writing demand adequate assurance of due performance and until such assurance is received may, if commercially reasonable, suspend any performance for which the agreed return has not been received. "Commercially reasonable" includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding thirty (30) days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance. Nothing in this Article limits County's right to terminate this Agreement pursuant to Article 4.

11. Assignment and Delegation.

Neither party hereto shall assign, delegate, sublet, or transfer any interest in or duty under this Agreement without the prior written consent of the other, and no such transfer shall be of any force or effect whatsoever unless and until the other party shall have so consented.

12. Method and Place of Giving Notice, Submitting Bills and Making Payments.

All notices, bills, and payments shall be made in writing and shall be given by personal delivery or by U.S. Mail or courier service. Notices, bills, and payments shall be addressed as follows:

To County:

When a notice, bill or payment is given by a generally recognized overnight courier service, the notice, bill or payment shall be deemed received on the next business day. When a copy of a notice, bill or payment is sent by facsimile or email, the notice, bill or payment shall be deemed received upon transmission as long as (1) the original copy of the notice, bill or payment is promptly deposited in the U.S. mail and postmarked on the date of the facsimile or email (for a payment, on or before the due date), (2) the sender has a written confirmation of the facsimile transmission or email, and (3) the facsimile or email is transmitted before 5 p.m. (recipient's time). In all other instances, notices, bills and payments shall be effective upon receipt by the recipient. Changes may be made in the names and addresses of the person to whom notices are to be given by giving notice pursuant to this paragraph.

13. Federal Requirements.

13.1 Contract Assurance.

The consultant, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The consultant shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted agreements. Failure by the consultant to carry out these requirements is a material breach of this agreement, which may result in the termination of this agreement or such other remedy as the recipient deems appropriate, which may include, but is not limited to: (1) Withholding monthly progress payments; (2) Assessing sanctions; (3) Liquidated damages; and/or (4) Disqualifying the contractor from future bidding as non-responsible.

13.2 Prompt Progress Payments to Subcontractors.

Attention is directed to Section 7108.5 of the California Business and Professions Code, which requires a prime contractor or subcontractor to pay any subcontractor not later than ten (10) days of receipt of each progress payment, unless otherwise agreed to in writing. In addition, federal regulations (Title 49 Code of Federal Regulations Part 26.29) require a prime contractor or subcontractor to pay a subcontractor no later than thirty (30) days of receipt of each payment, unless any delay or postponement of payment among the parties takes place only for good cause and with the prior written approval of County. Section 7108.5 of the California Business and Professions Code also contains enforcement actions and penalties. The requirements apply to both Disadvantaged Business Entities ("DBE") and non-DBE subcontractors. Consultant shall include the foregoing progress payment requirements in every subcontract entered into by Consultant in the performance of its obligations under this Agreement

13.3 Prompt Payment of Withheld Funds to Subcontractors.

No retainage will be held by the County from progress payments due the prime consultant. Any retainage held by the prime consultant or subconsultants from progress payments due subconsultants shall be promptly paid in full to subconsultants within 30 days after the subconsultant's work is satisfactorily completed. Federal law (49 CFR 26.29) requires that any

delay or postponement of payment over the 30 days may take place only for good cause and with the Agency's prior written approval. Any violation of this provision shall subject the violating prime consultant or subconsultant to the penalties, sanctions and other remedies specified in Section 7108.5 of the Business and Professions Code. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to the prime consultant or subconsultant in the event of a dispute involving late payment or nonpayment by the prime consultant, deficient subconsultant performance, or noncompliance by a subconsultant. This provision applies to both DBE and non-DBE prime consultant and subconsultants.

13.4 Disadvantaged Business Enterprise (DBE) Participation.

- 13.4.1 This contract is subject to 49 CFR, Part 26 entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs". Consultants who obtain DBE participation on this contract will assist Caltrans in meeting its federally mandated statewide overall DBE goal.
- 13.4.2 A DBE participation goal will be established for each Task Order. Participation by DBE consultant or subconsultants shall be in accordance with information contained in the Consultant Proposal DBE Commitment (Exhibit 10-O1), or in the Consultant Contract DBE Information (Exhibit 10-O2) attached hereto and incorporated as part of the Contract. If a DBE subconsultant is unable to perform, Consultant must make a good faith effort to replace him/her with another DBE subconsultant, if the goal is not otherwise met.
- 13.4.3 DBEs and other small businesses, as defined in 49 CFR, Part 26 are encouraged to participate in the performance of contracts financed in whole or in part with federal funds. Consultant or subconsultant shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. Consultant shall carry out applicable requirements of 49 CFR, Part 26 in the award and administration of US DOT-assisted agreements. Failure by Consultant to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as County deems appropriate.
- 13.4.4 Any subcontract entered into as a result of this contract shall contain all of the provisions of this section.
- 13.4.5 A DBE firm may be terminated only with prior written approval from County and only for the reasons specified in 49 CFR 26.53(f). Prior to requesting County consent for the termination, Consultant must meet the procedural requirements specified in 49 CFR 26.53(f).
- 13.4.6 A DBE performs a Commercially Useful Function (CUF) when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a CUF, the DBE must also be responsible with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a CUF, evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under

the, contract is commensurate with the work it is actually performing, and other relevant factors.

- 13.4.7 A DBE does not perform a CUF if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, examine similar transactions, particularly those in which DBEs do not participate.
- 13.4.8 If a DBE does not perform or exercise responsibility for at least thirty percent (30%) of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of the contract than would be expected on the basis of normal industry practice for the type of work involved, it will be presumed that it is not performing a CUF.
- 13.4.9 Consultant shall maintain records of materials purchased or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE or vendor and the total dollar amount actually paid each DBE or vendor, regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE prime consultants shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.
- 13.4.10 Upon completion of the Contract, a summary of these records shall be prepared and submitted on the form entitled, "Final Report-Utilization of Disadvantaged Business Enterprise (DBE), First-Tier Subconsultants" CEM-2402F [Exhibit 17-F, of the LAPM], certified correct by Consultant or Consultant's authorized representative and shall be furnished to the Contract Administrator with the final invoice. Failure to provide the summary of DBE payments with the final invoice will result in twenty-five percent (25%) of the dollar value of the invoice being withheld from payment until the form is submitted. The amount will be returned to Consultant when a satisfactory "Final Report-Utilization of Disadvantaged Business Enterprises (DBE), First-Tier Subconsultants" is submitted to the Contract Administrator.
- 13.4.11 If a DBE subconsultant is decertified during the life of the contract, the decertified subconsultant shall notify Consultant in writing with the date of decertification. If a subconsultant becomes a certified DBE during the life of the Contract, the subconsultant shall notify Consultant in writing with the date of certification. Any changes should be reported to County's Contract Administrator within 30 days.

13.5 Prevailing Wage.

- 13.5.1 Consultant shall comply with the State of California's General Prevailing Wage Rate requirements in accordance with California Labor Code, Section 1770, and all Federal, State, and local laws and ordinances applicable to the work.
- 13.5.2 Any subcontract entered into as a result of this contract, if for more than \$25,000 for public works construction or more than \$15,000 for the alteration, demolition, repair, or maintenance of public works, shall contain all of the provisions of this Article, unless

the awarding agency has an approved labor compliance program by the Director of Industrial Relations.

- 13.5.3 When prevailing wages apply to the services described in the scope of work, transportation and subsistence costs shall be reimbursed at the minimum rates set by the Department of Industrial Relations (DIR) as outlined in the applicable Prevailing Wage Determination. See <http://www.dir.ca.gov>.

Note: The Federal "Payment of Predetermined Minimum Wage" applies only to federal-aid construction contracts.

13.6 Text Messaging While Driving.

In accordance with Executive Order 13513, Federal Leadership on Reducing Text Messaging While Driving, and Department of Transportation Order 3902.10, Text Messaging While Driving, text messaging while driving is prohibited in the performance of any duties included in this agreement for both consultant and any sub-consultants hired for performance of duties under this Agreement. Consultant shall include a provision prohibiting texting while driving in all sub-consultant agreements entered into related to the performance of its obligations under this Agreement.

Definitions. The following definitions are to be used in conjunction with this section. "Driving":

- 1) Means operating a motor vehicle on a roadway, including while temporarily stationary because of traffic, a traffic light, stop sign, or otherwise.
- 2) It does not include being in your vehicle (with or without the motor running) in a location off the roadway where it is safe and legal to remain stationary.

"Text Messaging" means reading from or entering data into any handheld or other electronic device, including for the purpose of short message service texting, e-mailing, instant messaging, obtaining navigational information, or engaging in any other form of electronic data retrieval or electronic data communication.

13.7 Buy America.

Furnish Steel and iron materials to be incorporated into the work with certificates of compliance. Steel and iron materials must be produced in the U.S. except:

- 1) Foreign pig iron and processed, pelletized, and reduced iron ore may be used in the domestic production of the steel and iron materials [60 Fed Reg 15478(3/24/1995)];
- 2) If the total combine cost of the materials does not exceed the great of 0.1 percent of the total bid or \$2,500, materials produced outside the U. S. may be used.

Production includes:

- 1) Processing steel and iron materials, including smelting or other processes that alter the physical form or shape (such as rolling, extruding, machining, bending,

grinding, and drilling or chemical composition;

- 2) Coating application, including epoxy coating, galvanizing, and painting, that protects or enhances the value of steel and iron materials.

13.8 Prohibition of Expending Local Agency, State or Federal funds for Lobbying.

13.8.1 Consultant certifies to the best of his or her knowledge and belief that:

- 1) No state, federal or County appropriated funds have been paid, or will be paid by or on behalf of Consultant to any person for influencing or attempting to influence an officer or employee of any state or federal agency; a Member of the State Legislature or United States Congress; an officer or employee of the Legislature or Congress; or any employee of a Member of the Legislature or Congress, in connection with the awarding of any state or federal contract; the making of any state or federal grant; the making of any state or federal loan; the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any state or federal contract, grant, loan, or cooperative agreement.
- 2) If any funds other than federal appropriated funds have been paid, or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency; a Member of Congress; an officer or employee of Congress, or an employee of a Member of Congress; in connection with this federal contract, grant, loan, or cooperative agreement; Consultant shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.

13.8.2 This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

13.8.3 Consultant also agrees by signing this document that he or she shall require that the language of this certification be included in all lower-tier subcontracts, which exceed \$100,000 and that all such sub recipients shall certify and disclose accordingly.

13.9 Cost Principles and Administrative Requirements.

13.9.1 Consultant agrees that the Contract Cost Principles and Procedures, 48 CFR, Federal Acquisition Regulations System, Chapter 1, Part 31.000 *et seq.*, shall be used to determine the cost allowability of individual items.

13.9.2 Consultant also agrees to comply with federal procedures in accordance with 2 CFR, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

13.9.3 Any costs for which payment has been made to CONSULTANT that are determined by subsequent audit to be unallowable under 2 CFR, Part 200 and 48 CFR, Federal

Acquisition Regulations System, Chapter 1, Part 31.000 *et seq.*, are subject to repayment by Consultant to County.

13.10 Retention of Records/Audit.

For the purpose of determining compliance with Public Contract Code 10115, *et seq.* and Title 21, California Code of Regulations, Chapter 21, Section 2500 *et seq.*, when applicable and other matters connected with the performance of the contract pursuant to Government Code 8546.7; Consultant, subconsultants, and County shall maintain and make available for inspection all books, documents, papers, accounting records, and other evidence pertaining to the performance of the contract, including but not limited to, the costs of administering the contract. All parties shall make such materials available at their respective offices at all reasonable times during the contract period and for three years from the date of final payment under the contract. The state, State Auditor, County, FHWA, or any duly authorized representative of the Federal Government shall have access to any books, records, and documents of Consultant and its certified public accountants (CPA) work papers that are pertinent to the contract and indirect cost rates (ICR) for audit, examinations, excerpts, and transactions, and copies thereof shall be furnished if requested.

13.11 Audit Review Procedures.

- 13.11.1 Any dispute concerning a question of fact arising under an interim or post audit of this contract that is not disposed of by agreement, shall be reviewed by County's Chief Financial Officer.
- 13.11.2 Not later than 30 days after issuance of the final audit report, Consultant may request a review by County's Chief Financial Officer of unresolved audit issues. The request for review will be submitted in writing.
- 13.11.3 Neither the pendency of a dispute nor its consideration by County will excuse Consultant from full and timely performance, in accordance with the terms of this contract.
- 13.11.4 Consultant and subconsultant contracts, including cost proposals and ICR, are subject to audits or reviews such as, but not limited to, a contract audit, an incurred cost audit, an ICR Audit, or a CPA ICR audit work paper review. If selected for audit or review, the contract, cost proposal and ICR and related work papers, if applicable, will be reviewed to verify compliance with 48 CFR, Part 31 and other related laws and regulations. In the instances of a CPA ICR audit work paper review it is Consultant's responsibility to ensure federal, state, or local government officials are allowed full access to the CPA's work papers including making copies as necessary. The contract, cost proposal, and ICR shall be adjusted by Consultant and approved by County contract manager to conform to the audit or review recommendations. Consultant agrees that individual terms of costs identified in the audit report shall be incorporated into the contract by this reference if directed by County at its sole discretion. Refusal by Consultant to incorporate audit or review recommendations, or to ensure that the federal, state or local governments have access to CPA work papers, will be considered a breach of contract terms and cause for termination of the contract and disallowance of prior reimbursed costs.

13.12 Subcontracting.

- 13.12.1 Nothing contained in this contract or otherwise, shall create any contractual relation between County and any subconsultant(s), and no subcontract shall relieve Consultant of its responsibilities and obligations hereunder. Consultant agrees to be as fully responsible to County for the acts and omissions of its subconsultant(s) and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by Consultant. CONSULTANT's obligation to pay its subconsultant(s) is an independent obligation from County's obligation to make payments to the Consultant.
- 13.12.2 Consultant shall perform the work contemplated with resources available within its own organization and no portion of the work pertinent to this contract shall be subcontracted without written authorization by County's Contract Administrator, except that, which is expressly identified in the approved Cost Proposal.
- 13.12.3 Consultant shall pay its subconsultants within ten (10) calendar days from receipt of each payment made to Consultant by County.
- 13.12.4 All subcontracts entered into as a result of this contract shall contain all the provisions stipulated in this contract to be applicable to subconsultants.
- 13.12.5 Any substitution of subconsultant(s) must be approved in writing by County's Contract Administrator prior to the start of work by the subconsultant(s).

13.13 Equipment Purchase.

- 13.13.1 Prior authorization in writing, by County's Contract Administrator shall be required before Consultant enters into any unbudgeted purchase order, or subcontract exceeding \$5,000 for supplies, equipment, or Consultant services. Consultant shall provide an evaluation of the necessity or desirability of incurring such costs.
- 13.13.2 For purchase of any item, service or consulting work not covered in Consultant's Cost Proposal and exceeding \$5,000 prior authorization by County's Contract Administrator; three competitive quotations must be submitted with the request, or the absence of bidding must be adequately justified.
- 13.13.3 Any equipment purchased as a result of this contract is subject to the following: "Consultant shall maintain an inventory of all nonexpendable property. Nonexpendable property is defined as having a useful life of at least two years and an acquisition cost of \$5,000 or more. If the purchased equipment needs replacement and is sold or traded in, County shall receive a proper refund or credit at the conclusion of the contract, or if the contract is terminated, Consultant may either keep the equipment and credit County in an amount equal to its fair market value, or sell such equipment at the best price obtainable at a public or private sale, in accordance with established County procedures; and credit County in an amount equal to the sales price. If Consultant elects to keep the equipment, fair market value shall be determined at Consultant expense, on the basis of a competent independent appraisal of such equipment. Appraisals shall be obtained from an appraiser mutually agreeable to by County and Consultant, if it is determined to sell the equipment, the terms and conditions of such sale must be approved in advance by County." 49 CFR, Part 18 requires a credit to Federal funds when participating equipment

with a fair market value greater than \$5,000 is credited to the project.

14. Miscellaneous Provisions.

14.1 No Waiver of Breach.

The waiver by County of any breach of any term or promise contained in this Agreement shall not be deemed to be a waiver of such term or provision or any subsequent breach of the same or any other term or promise contained in this Agreement.

14.2 Construction.

To the fullest extent allowed by law, the provisions of this Agreement shall be construed and given effect in a manner that avoids any violation of statute, ordinance, regulation, or law. The parties covenant and agree that in the event that any provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated thereby. Consultant and County acknowledge that they have each contributed to the making of this Agreement and that, in the event of a dispute over the interpretation of this Agreement, the language of the Agreement will not be construed against one party in favor of the other. Consultant and County acknowledge that they have each had an adequate opportunity to consult with counsel in the negotiation and preparation of this Agreement.

14.3 Consent.

Wherever in this Agreement the consent or approval of one party is required to an act of the other party, such consent or approval shall not be unreasonably withheld or delayed.

14.4 No Third Party Beneficiaries.

Nothing contained in this Agreement shall be construed to create and the parties do not intend to create any rights in third parties.

14.5 Applicable Law and Forum.

This Agreement shall be construed and interpreted according to the substantive law of California, regardless of the law of conflicts to the contrary in any jurisdiction. Any action to enforce the terms of this Agreement or for the breach thereof shall be brought and tried in Santa Rosa or the forum nearest to the city of Santa Rosa, in the County of Sonoma.

14.6 Captions.

The captions in this Agreement are solely for convenience of reference. They are not a part of this Agreement and shall have no effect on its construction or interpretation.

14.7 Merger.

This writing is intended both as the final expression of the Agreement between the parties hereto with respect to the included terms and as a complete and exclusive statement of the terms of the Agreement, pursuant to Code of Civil Procedure Section 1856. No modification of this Agreement shall be effective unless and until such modification is evidenced by a writing signed by both parties.

14.8 Survival of Terms.

All express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

14.9 Time of Essence.

Time is and shall be of the essence of this Agreement and every provision hereof.

14.10 Rebates, Kickback or Other Unlawful Consideration.

Consultant warrants that this contract was not obtained or secured through rebates kickbacks or other unlawful consideration, either promised or paid to any County employee. For breach or violation of this warranty, County shall have the right in its discretion; to terminate the contract without liability; to pay only for the value of the work actually performed; or to deduct from the contract price; or otherwise recover the full amount of such rebate, kickback or other unlawful consideration.

14.11 Funding Requirements.

- 14.11.1 It is mutually understood between the parties that this contract may have been written before ascertaining the availability of funds or appropriation of funds, for the mutual benefit of both parties, in order to avoid program and fiscal delays that would occur if the contract were executed after that determination was made.
- 14.11.2 This contract is valid and enforceable only, if sufficient funds are made available to County for the purpose of this contract. In addition, this contract is subject to any additional restrictions, limitations, conditions, or any statute enacted by the Congress, State Legislature, or County Board of Supervisors that may affect the provisions, terms, or funding of this contract in any manner.
- 14.11.3 It is mutually agreed that if sufficient funds are not appropriated, this contract may be amended to reflect any reduction in funds.
- 14.11.4 County has the option to void the contract under the 30-day termination clause pursuant to Article 4, or by mutual agreement to amend the contract to reflect any reduction of funds.

14.12 Evaluation of Consultant.

Consultant's performance will be evaluated by County. A copy of the evaluation will be sent to Consultant for comments. The evaluation together with the comments shall be retained as part of the contract record.

14.13 Claims Filed by County's Construction Contractor.

- 14.13.1 If claims are filed by County's construction contractor relating to work performed by Consultant's personnel, and additional information or assistance from Consultant's personnel is required in order to evaluate or defend against such claims; Consultant agrees to make its personnel available for consultation with County's construction contract administration and legal staff and for testimony, if necessary, at depositions and at trial or arbitration proceedings.

- 14.13.2 Consultant's personnel that County considers essential to assist in defending against construction contractor claims will be made available on reasonable notice from County. Consultation or testimony will be reimbursed at the same rates, including travel costs that are being paid for Consultant's personnel services under this contract.
- 14.13.3 Services of Consultant's personnel in connection with County's construction contractor claims will be performed pursuant to a written contract amendment, if necessary, extending the termination date of this contract in order to resolve the construction claims.
- 14.13.4 Any subcontract in excess of \$25,000 entered into as a result of this contract, shall contain all of the provisions of this Article.

14.14 National Labor Relations Board Certification.

In accordance with Public Contract Code Section 10296, Consultant hereby states under penalty of perjury that no more than one final unappealable finding of contempt of court by a federal court has been issued against Consultant within the immediately preceding two-year period, because of Consultant's failure to comply with an order of a federal court that orders Consultant to comply with an order of the National Labor Relations Board.

14.15 Retention of Funds.

- 14.15.1 Any subcontract entered into as a result of this Contract shall contain all of the provisions of this section.
- 14.15.2 No retainage will be held by the County from progress payments due the prime consultant. Any retainage held by the prime consultant or subconsultants from progress payments due subconsultants shall be promptly paid in full to subconsultants within 30 days after the subconsultant's work is satisfactorily completed. Federal law (49 CFR 26.29) requires that any delay or postponement of payment over the 30 days may take place only for good cause and with the County's prior written approval. Any violation of this provision shall subject the violating prime consultant or subconsultant to the penalties, sanctions and other remedies specified in Section 7108.5 of the Business and Professions Code. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to the prime consultant or subconsultant in the event of a dispute involving late payment or nonpayment by the prime consultant, deficient subconsultant performance, or noncompliance by a subconsultant. This provision applies to both DBE and non-DBE prime consultant and subconsultants.

14.16 Contingent Fee.

Consultant warrants, by execution of this contract that no person or selling agency has been employed, or retained, to solicit or secure this contract upon an agreement or understanding, for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees, or bona fide established commercial or selling agencies maintained by Consultant for the purpose of securing business. For breach or violation of this warranty, County has the right to annul this contract without liability; pay only for the value of the work actually performed, or in its discretion to deduct from the contract price or consideration, or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee.

14.17 Inspection of Work.

Consultant and any subconsultant shall permit County, the state, and the FHWA if federal participating funds are used in this contract; to review and inspect the project activities and files at all reasonable times during the performance period of this contract including review and inspection on a daily basis.

14.18 Safety.

14.18.1 Consultant shall comply with OSHA regulations applicable to Consultant regarding necessary safety equipment or procedures. Consultant shall comply with safety instructions issued by County Safety Officer and other County representatives. Consultant personnel shall wear hard hats and safety vests at all times while working on the construction project site.

14.18.2 Pursuant to the authority contained in Section 591 of the Vehicle Code, County has determined that such areas are within the limits of the project and are open to public traffic. Consultant shall comply with all of the requirements set forth in Divisions 11, 12, 13, 14, and 15 of the Vehicle Code. Consultant shall take all reasonably necessary precautions for safe operation of its vehicles and the protection of the traveling public from injury and damage from such vehicles

14.18.3 Any subcontract entered into as a result of this contract, shall contain all of the provisions of this Article.

AGREEMENT FOR [CONSULTING/PROFESSIONAL] SERVICES

This agreement ("Agreement"), dated as of _____, 20__ (“Effective Date”) is by and between the County of Sonoma, a political subdivision of the State of California (hereinafter "County"), and Cornerstone Structural Engineering Group (hereinafter "Consultant").

RECITALS

WHEREAS, Consultant represents that it is a duly qualified and licensed civil engineer, experienced in the preparation of Plans, Specifications and Estimates, and related services; and

WHEREAS, in the judgment of the Department of Transportation & Public Works, it is necessary and desirable to employ the services of Consultant for On-Call Engineering Design Services.

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual covenants contained herein, the parties hereto agree as follows:

AGREEMENT

I. Scope of Services.

1.1 Consultant's Specified Services.

Consultant shall perform the services, if any, described in Attachment “A,” attached hereto and incorporated herein by this reference (hereinafter "Cost Proposal"), and as more particularly described in the applicable Task Order assigning the specific project, and within the times or by the dates provided for in Attachment “A”, the applicable Task Order and pursuant to Article 7, Prosecution of Work.

1.2 Cooperation With County.

Consultant shall cooperate with County and County staff in the performance of all work hereunder.

1.3 Performance Standard.

Consultant shall perform all work hereunder in a manner consistent with the level of competency and standard of care normally observed by a person practicing in Consultant's profession. County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees to provide all services under this Agreement in accordance with generally accepted professional practices and standards of care, as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Contractor’s work by County shall not operate as a waiver or release. If County determines that any of Consultant's work is not in accordance with such level of competency and standard of care, County, in its sole discretion, shall have the right to do any or all of the following: (a) require

Consultant to meet with County to review the quality of the work and resolve matters of concern; (b) require Consultant to repeat the work at no additional charge until it is satisfactory; (c) terminate this Agreement pursuant to the provisions of Article 4; or (d) pursue any and all other remedies at law or in equity.

1.4 Assigned Personnel.

- 1.4.1 Consultant shall assign only competent personnel to perform work hereunder. In the event that at any time County, in its sole discretion, desires the removal of any person or persons assigned by Consultant to perform work hereunder, Consultant shall remove such person or persons immediately upon receiving written notice from County.
- 1.4.2 Any and all persons identified in this Agreement, any Exhibit or Attachment hereto, or any Task Order issued hereunder as the project manager, project team, or other professional performing work hereunder are deemed by County to be key personnel whose services were a material inducement to County to enter into this Agreement, and without whose services County would not have entered into this Agreement. Consultant shall not remove, replace, substitute, or otherwise change any key personnel without the prior written consent of County.
- 1.4.3 In the event that any of Consultant's personnel assigned to perform services under this Agreement become unavailable due to resignation, sickness or other factors outside of Consultant's control, Consultant shall be responsible for timely provision of adequately qualified replacements.

1.5 Consultant's Reports or Meetings.

- 1.5.1 Consultant shall submit progress reports on each specific project in accordance with the Task Order. These reports shall be submitted at least once a month. The report should be sufficiently detailed for County's Task Order Manager to determine, if Consultant is performing to expectations, or is on schedule; to provide communication of interim findings, and to sufficiently address any difficulties or special problems encountered, so remedies can be developed.
- 1.5.2 Consultant's Project Manager shall meet with County's Contract Administrator or Task Order Manager, as needed, to discuss progress on the project(s) or contract related issues.

1.6 Federal Requirements.

Task Orders under this Agreement may be funded by The Federal Emergency Management Agency (FEMA). Consultant shall comply with all applicable Federal Requirements attached hereto as Exhibit "A" – Federal Provisions.

2. Allowable Costs and Payments.

2.1 Method of payment.

Consultant will be reimbursed for hours worked at the hourly rates specified in Consultant's Cost Proposal (Attachment A). The specified hourly rates shall include direct salary costs, employee benefits, overhead, and fee. These rates are not adjustable for the performance period set forth in

this Agreement.

In addition, Consultant will be reimbursed for incurred (actual) direct costs other than salary costs that are in the cost proposal and identified in the cost proposal and in the executed Task Order.

2.2 Task Orders.

- 2.2.1 Specific projects will be assigned to Consultant through issuance of Task Orders.
- 2.2.2 After a project to be performed under this Agreement is identified by County, County will prepare a draft Task Order; less the cost estimate. A draft Task Order will identify the scope of services, expected results, project deliverables, period of performance, project schedule and will designate a County's Task Order Manager. The draft Task Order will be delivered to Consultant for review. Consultant shall return the draft Task Order within ten (10) calendar days along with a Cost Estimate, including a written estimate of the number of hours and hourly rates per staff person, any anticipated reimbursable expenses, overhead, fee if any, and total dollar amount. After agreement has been reached on the negotiable items and total cost; the finalized Task Order shall be signed by both County and Consultant.
- 2.2.3 Task Orders may be negotiated for a lump sum (Firm Fixed Price) or for specific rates of compensation, both of which must be based on the labor and other rates set forth in Consultant's Cost Proposal.
- 2.2.4 Consultant shall not commence performance of work or services until this Agreement has been approved by County, and notification to proceed has been issued by County's Task Order Manager. No payment will be made prior to approval or for any work performed prior to approval of this Agreement.
- 2.2.5 A Task Order is of no force or effect until returned to County and signed by an authorized representative of County. No expenditures are authorized on a project and work shall not commence until a Task Order for that project has been executed by County.
- 2.2.6 The period of performance for Task Orders shall be in accordance with dates specified in the Task Order. No Task Order will be written which extends beyond the expiration date of this Agreement.
- 2.2.7 The total amount payable by County for an individual Task Order shall not exceed the amount agreed to in the Task Order, unless authorized by contract amendment.
- 2.2.8 If the Consultant fails to satisfactorily complete a deliverable according to the schedule set forth in a Task Order, no payment will be made until the deliverable has been satisfactorily completed.
- 2.2.9 Task Orders may not be used to amend this Agreement and may not exceed the scope of work under this Agreement

2.3 Transportation & Subsistence.

Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal.

2.4 Milestone Costs.

When milestone cost estimates are included in the approved Cost Proposal, Consultant shall obtain prior written approval for a revised milestone cost estimate from the County's Task Order Manager before exceeding such cost estimate.

2.5 Progress Payments.

Progress payments for each Task Order will be made monthly in arrears based on services provided and actual costs incurred.

2.6 [RESERVED].

2.7 Invoices.

2.7.1 Consultant will be reimbursed, as promptly as fiscal procedures will permit upon receipt by County's Contract Administrator of itemized invoices. Separate invoices itemizing all costs are required for all work performed under each Task Order. Invoices shall be submitted no later than 45 calendar days after the performance of work for which Consultant is billing, or upon completion of the Task Order. Invoices shall detail the work performed on each milestone, on each project as applicable. Invoices shall follow the format stipulated for the approved Cost Proposal and shall reference this Agreement number, project title and Task Order number. Credits due County that include any equipment purchased under the provisions of Article 13.13 Equipment Purchase of this Agreement, must be reimbursed by Consultant prior to the expiration or termination of this Agreement. Invoices shall be mailed to County's Contract Administrator at the following address:

David Cameron
2300 County Center Drive, Suite B-100
Santa Rosa, CA 95403

2.7.2 In addition to compliance with the requirements of this Article 2, including Article 2.7.1 above, Consultant shall submit its bills in arrears on a monthly basis in a form approved by County's Auditor and the Head of the County Department receiving the services. The bills shall show or include: (i) the task(s) performed; (ii) the time in quarter hours devoted to the task(s); (iii) the hourly rate or rates of the persons performing the task(s); and (iv) copies of receipts for reimbursable materials/expenses, if any. Expenses not expressly authorized by the Agreement shall not be reimbursed, including a copy of all invoices paid to subcontractors for work required included in the prime consultant's invoice. Consultant shall submit the Subcontractor Payment Declaration with each invoice.

2.7.3 Unless otherwise noted in this Agreement, payments shall be made within the normal course of County business after presentation of an invoice in a form approved by the County for services performed. Payments shall be made only upon the satisfactory completion of the services as determined by the County.

2.8 Contract Value/Not-to-Exceed Compensation.

2.8.1 The total amount payable by County for all Task Orders issued under this Agreement shall not exceed \$975,000.00.

- 2.8.2 The not-to-exceed amount of \$975,000 set forth in section 2.8.1 is an aggregate not-to-exceed amount across this Agreement and an Agreement No. OC18-D1 with Consultant. Any compensation expended by County to pay Consultant under Agreement No. OC18-D1 will reduce the not-to-exceed amount set forth in section 2.8.1 of this Agreement by the same amount.
- 2.8.3 This Agreement and Agreement No. OC18-D1 will be administered by the County's Transportation and Public Works department to ensure that the total aggregate amount of compensation to Consultant across this Agreement and Agreement No. OC18-D1 does not exceed the amount set forth in section 2.8.1.
- 2.8.5 Consultant acknowledges, understands and agrees that there is no guarantee, either expressed or implied that the dollar amount set forth in section 2.8.1 or any portion thereof will be authorized under this Agreement through Task Orders.

2.9 Salary Increases.

Salary increases will be reimbursable if the new salary is within the salary range identified in the approved Cost Proposal and is approved by County's Contract Administrator.

For personnel subject to prevailing wage rates as described in the California Labor Code, all salary increases, which are the direct result of changes in the prevailing wage rates are reimbursable.

2.10 [RESERVED].

2.11 Taxes.

- 2.11.1 Consultant agrees to file federal and state tax returns and pay all applicable taxes on amounts paid pursuant to this Agreement and shall be solely liable and responsible to pay such taxes and other obligations, including, but not limited to, state and federal income and FICA taxes. Consultant agrees to indemnify and hold County harmless from any liability which it may incur to the United States or to the State of California as a consequence of Consultant's failure to pay, when due, all such taxes and obligations. In case County is audited for compliance regarding any withholding or other applicable taxes, Consultant agrees to furnish County with proof of payment of taxes on these earnings.
- 2.11.2 Pursuant to California Revenue and Taxation code (R&TC) Section 18662, the County shall withhold seven percent of the income paid to Consultant for services performed within the State of California under this agreement, for payment and reporting to the California Franchise Tax Board, if Consultant does not qualify as: (1) a corporation with its principal place of business in California, (2) an LLC or Partnership with a permanent place of business in California, (3) a corporation/LLC or Partnership qualified to do business in California by the Secretary of State, or (4) an individual with a permanent residence in the State of California.
- 2.11.3 If Consultant does not qualify, County requires that a completed and signed Form 587 be provided by the Consultant in order for payments to be made. If consultant is qualified, then the County requires a completed Form 590. Forms 587 and 590 remain valid for the duration of the Agreement provided there is no material change in facts. By signing either form, the contractor agrees to promptly notify the County of any changes in the

facts. Forms should be sent to the County pursuant to Article 12. To reduce the amount withheld, Consultant has the option to provide County with either a full or partial waiver from the State of California.

3. Term of Agreement.

3.1 Term.

This Agreement shall go into effect on (_____)contingent upon approval by County, and Consultant shall commence work after notification to proceed by County's Contract Administrator. The Agreement shall end on (_____), unless extended by amendment.

3.2 Task Order Term

The period of performance for each specific project shall be in accordance with the Task Order for that project. If work on a Task Order is in progress on the expiration date of this Agreement, the terms of the Agreement shall be extended by contract amendment.

4. Termination

4.1 Termination Without Cause

Notwithstanding any other provision of this Agreement, at any time and without cause, County shall have the right, in its sole discretion, to terminate this Agreement by giving 30 days written notice to Consultant.

4.2 Termination for Cause

Notwithstanding any other provision of this Agreement, should Consultant fail to perform any of its obligations hereunder, within the time and in the manner herein provided, or otherwise violate any of the terms of this Agreement, County may immediately terminate this Agreement by giving Consultant written notice of such termination, stating the reason for termination.

4.3 Delivery of Work Product and Final Payment Upon Termination

In the event of termination, Consultant, within 14 days following the date of termination, shall deliver to County all reports, original drawings, graphics, plans, studies, and other data or documents, in whatever form or format, assembled or prepared by Consultant or Consultant's subconsultants, consultants, and other agents in connection with this Agreement and shall submit to County an invoice showing the services performed, hours worked, and copies of receipts for reimbursable expenses up to the date of termination.

4.4 Payment Upon Termination.

Upon termination of this Agreement by County, Consultant shall be entitled to receive as full payment for all services satisfactorily rendered and reimbursable expenses properly incurred hereunder, an amount which bears the same ratio to the total payment specified in the Agreement as the services satisfactorily rendered hereunder by Consultant bear to the total services otherwise required to be performed for such total payment; provided, however, that if services which have been satisfactorily rendered are to be paid on a per-hour or per-day basis, Consultant shall be entitled to receive as full payment an amount equal to the number of hours or days actually worked

prior to the termination times the applicable hourly or daily rate; and further provided, however, that if County terminates the Agreement for cause pursuant to Section 4.2, County shall deduct from such amount the amount of damage, if any, sustained by County by virtue of the breach of the Agreement by Consultant.

4.5 Authority to Terminate

The Board of Supervisors has the authority to terminate this Agreement on behalf of the County. In addition, the County Counsel, shall have the authority to terminate this Agreement on behalf of the County.

5. Indemnification.

Consultant agrees to accept responsibility for loss or damage to any person or entity, including County, and to defend, indemnify, hold harmless, and release County, its officers, agents, and employees, from and against any actions, claims, damages, liabilities, disabilities, or expenses, that may be asserted by any person or entity, including Consultant, that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of Consultant or its agents, employees, contractors, subcontractors, or invitees hereunder, whether or not there is concurrent or contributory negligence on County's part, but, to the extent required by law, excluding liability due to County's conduct. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for Consultant or its agents, employees, contractors, subcontractors, or invitees under workers' compensation acts, disability benefits acts, or other employee benefit acts.

6. Insurance.

With respect to performance of work under this Agreement, Consultant shall maintain and shall require all of its subcontractors, consultants, and other agents to maintain, insurance as described in Attachment B, which is attached hereto and incorporated herein by this reference.

7. Prosecution of Work.

The execution of this Agreement shall constitute Consultant's authority to proceed immediately with the performance of this Agreement. Performance of the services hereunder shall be completed within the time required herein, provided, however, that if the performance is delayed by earthquake, flood, high water, or other Act of God or by strike, lockout, or similar labor disturbances, the time for Consultant's performance of this Agreement shall be extended by a number of days equal to the number of days Consultant has been delayed.

8. Extra or Changed Work.

Extra or changed work or other changes to the Agreement may be authorized only by written amendment to this Agreement, signed by both parties. Minor changes, which do not increase the amount paid under the Agreement, and which do not significantly change the scope of work or significantly lengthen time schedules may be executed by the Department Head in a form approved by County Counsel. The Board of Supervisors/Purchasing Agent must authorize all other extra or changed work. The parties expressly recognize that, pursuant to Sonoma County Code Section 1-11, County personnel are without authorization to order extra or changed work or waive Agreement requirements. Failure of Consultant to secure such written authorization for extra or changed work shall constitute a waiver of any and all right

to adjustment in the Agreement price or Agreement time due to such unauthorized work and thereafter Consultant shall be entitled to no compensation whatsoever for the performance of such work. Consultant further expressly waives any and all right or remedy by way of restitution and quantum meruit for any and all extra work performed without such express and prior written authorization of the County.

9. Representations of Consultant.

9.1 Standard of Care.

County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees that all its work will be performed and that its operations shall be conducted in accordance with generally accepted and applicable professional practices and standards as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Consultant's work by County shall not operate as a waiver or release.

9.2 Status of Consultant.

The parties intend that Consultant, in performing the services specified herein, shall act as an independent contractor and shall control the work and the manner in which it is performed. Consultant is not to be considered an agent or employee of County and is not entitled to participate in any pension plan, worker's compensation plan, insurance, bonus, or similar benefits County provides its employees. In the event County exercises its right to terminate this Agreement pursuant to Article 4, above, Consultant expressly agrees that it shall have no recourse or right of appeal under rules, regulations, ordinances, or laws applicable to employees.

9.3 No Suspension or Debarment. In addition to the requirements set forth in Exhibit "A" (Federal Requirements) and without limiting Consultant's obligation to fully comply with the requirements of Exhibit "A" (Federal Requirements), including the "Department and Suspension" requirements set forth in Section IV and Exhibit "A1" (Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Contractors), Consultant warrants that it is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in covered transactions by any federal department or agency. Consultant also warrants that it is not suspended or debarred from receiving federal funds as listed in the List of Parties Excluded from Federal Procurement or Non-procurement Programs issued by the General Services Administration. If the Consultant becomes debarred, consultant has the obligation to inform the County.

9.4 [RESERVED]

9.5 Records Maintenance.

In addition to the requirements set forth in Exhibit "A" (Federal Requirements) and without limiting Consultant's obligation to fully comply with the requirements of Exhibit "A" (Federal Requirements), including the "Access to Records" requirements set forth in Section III, Consultant shall keep and maintain full and complete documentation and accounting records concerning all services performed that are compensable under this Agreement and shall make such documents and records available to County for inspection at any reasonable time. Consultant shall maintain such records for a period of four (4) years following completion of work hereunder.

9.6 Conflict of Interest.

- 9.6.1 Consultant shall disclose any financial, business, or other relationship with County that may have an impact upon the outcome of this contract, or any ensuing County construction project. Consultant shall also list current clients who may have a financial interest in the outcome of this contract, or any ensuing County construction project, which will follow.
- 9.6.2 Consultant hereby certifies and covenants that it presently has no interest and that it will not acquire any interest, direct or indirect, that represents a financial conflict of interest under state law or that would otherwise conflict in any manner or degree with the performance of its services hereunder. Consultant further covenants that in the performance of this Agreement no person having any such interests shall be employed. In addition, if requested to do so by County, Consultant shall complete and file and shall require any other person doing work under this Agreement to complete and file a "Statement of Economic Interest" with County disclosing Consultant's or such other person's financial interests..
- 9.6.3 Consultant hereby certifies that neither Consultant, nor any firm affiliated with Consultant will bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting from this contract. An affiliated firm is one, which is subject to the control of the same persons through joint-ownership, or otherwise.
- 9.6.4 Except for subconsultants whose services are limited to providing surveying or materials testing information, no subconsultant who has provided design services in connection with this contract shall be eligible to bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting from this contract.

9.7 Statutory Compliance.

Contractor agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly agrees, on behalf of itself and on behalf of all its agents, employees, subconsultants, and subcontractors, to comply with the federal requirements set forth in Exhibit "A" (Federal Requirements) attached to this Agreement..

9.8 Living Wage Ordinance.

- 9.8.1 Consultant agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies, including but not limited to the County of Sonoma Living Wage Ordinance, applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly acknowledges and agrees that this Agreement is subject to the provisions of Article XXVI of Chapter 2 of the Sonoma County Code, requiring payment of a living wage to covered employees. Noncompliance during the term of the Agreement will be considered a material breach and may result in termination of the Agreement or pursuit of other legal or administrative remedies.

9.8.2 Notwithstanding the requirement of section 9.8.1 that Consultant comply with the County of Sonoma Living Wage Ordinance (Sonoma County Code Chapter 2, Article XXVI), none of the Living Wage Ordinance's local preference requirements shall be used to select or otherwise apply to Consultant.

9.9 Nondiscrimination.

In addition to the requirements set forth in Exhibit "A" (Federal Requirements) and without limiting Consultant's obligation to fully comply with the requirements of Exhibit "A" (Federal Requirements), including the "Equal Employment Opportunity Compliance" requirements set forth in Section VI, and without limiting any other provision in this Agreement, Consultant shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination in employment because of race, color, ancestry, national origin, religion, sex, marital status, age, medical condition, pregnancy, disability, sexual orientation or other prohibited basis, including without limitation, the County's Non-Discrimination Policy. All nondiscrimination rules or regulations required by law to be included in this Agreement are incorporated herein by this reference.

9.10 [RESERVED]

9.11 AIDS Discrimination.

Consultant agrees to comply with the provisions of Chapter 19, Article II, of the Sonoma County Code prohibiting discrimination in housing, employment, and services because of AIDS or HIV infection during the term of this Agreement and any extensions of the term.

9.12 Assignment of Rights.

In addition to the requirements and rights afforded to FEMA set forth in Exhibit "A" (Federal Requirements) and without limiting Consultant's obligation to fully comply with the requirements of Exhibit "A" (Federal Requirements) and to afford FEMA such rights, including the "Notice of Requirements Pertaining to Copyrights" set forth in Section XI and the "Patent Rights" set forth in Section XII, Consultant assigns to County all rights throughout the world in perpetuity in the nature of copyright, trademark, patent, right to ideas, in and to all versions of the plans and specifications, if any, now or later prepared by Consultant in connection with this Agreement. Consultant agrees to take such actions as are necessary to protect the rights assigned to County in this Agreement, and to refrain from taking any action which would impair those rights. Consultant's responsibilities under this provision include, but are not limited to, placing proper notice of copyright on all versions of the plans and specifications as County may direct, and refraining from disclosing any versions of the plans and specifications to any third party without first obtaining written permission of County.

Consultant shall not use or permit another to use the plans and specifications in connection with this or any other project without first obtaining written permission of County.

9.13 Ownership and Disclosure of Work Product.

All reports, original drawings, graphics, plans, studies, and other data or documents ("documents"), in whatever form or format, assembled or prepared by Consultant or Consultant's subcontractors, consultants, and other agents in connection with this Agreement shall be the property of County. County shall be entitled to immediate possession of such documents upon completion of the work pursuant to this Agreement. Upon expiration or termination of this

Agreement, Consultant shall promptly deliver to County all such documents, which have not already been provided to County in such form or format, as County deems appropriate. Such documents shall be and will remain the property of County without restriction or limitation. Consultant may retain copies of the above- described documents but agrees not to disclose or discuss any information gathered, discovered, or generated in any way through this Agreement without the express written permission of County.

9.14 Authority.

The undersigned hereby represents and warrants that he or she has authority to execute and deliver this Agreement on behalf of Consultant.

9.15 Prevailing Wage.

- 9.15.1 Consultant shall comply with the State of California's General Prevailing Wage Rate requirements in accordance with California Labor Code, Section 1770, and all Federal, State, and local laws and ordinances applicable to the work.
- 9.15.2 Any subcontract entered into as a result of this contract, if for more than \$25,000 for public works construction or more than \$15,000 for the alteration, demolition, repair, or maintenance of public works, shall contain all of the provisions of this Article, unless the awarding agency has an approved labor compliance program by the Director of Industrial Relations.
- 9.15.3 When prevailing wages apply to the services described in the scope of work, transportation and subsistence costs shall be reimbursed at the minimum rates set by the Department of Industrial Relations (DIR) as outlined in the applicable Prevailing Wage Determination. See <http://www.dir.ca.gov>.

10. Demand for Assurance.

Each party to this Agreement undertakes the obligation that the other's expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arise with respect to the performance of either party, the other may in writing demand adequate assurance of due performance and until such assurance is received may, if commercially reasonable, suspend any performance for which the agreed return has not been received. "Commercially reasonable" includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding thirty (30) days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance. Nothing in this Article limits County's right to terminate this Agreement pursuant to Article 4.

11. Assignment and Delegation.

Neither party hereto shall assign, delegate, sublet, or transfer any interest in or duty under this Agreement without the prior written consent of the other, and no such transfer shall be of any force or effect whatsoever unless and until the other party shall have so consented.

12. Method and Place of Giving Notice, Submitting Bills and Making Payments.

All notices, bills, and payments shall be made in writing and shall be given by personal delivery or by U.S. Mail or courier service. Notices, bills, and payments shall be addressed as follows:

To County:

Sonoma County Department of Transportation and Public Works
Attn: David Cameron
2300 County Center Drive, Suite B-100 Santa Rosa, CA 95403
(707) 565-2231

986 West Alluvial Avenue, Suite 201
Fresno, CA 93711
(559) 320-3200
tgoolkasian@cseg.com

When a notice, bill or payment is given by a generally recognized overnight courier service, the notice, bill or payment shall be deemed received on the next business day. When a copy of a notice, bill or payment is sent by facsimile or email, the notice, bill or payment shall be deemed received upon transmission as long as (1) the original copy of the notice, bill or payment is promptly deposited in the U.S. mail and postmarked on the date of the facsimile or email (for a payment, on or before the due date), (2) the sender has a written confirmation of the facsimile transmission or email, and (3) the facsimile or email is transmitted before 5 p.m. (recipient's time). In all other instances, notices, bills and payments shall be effective upon receipt by the recipient. Changes may be made in the names and addresses of the person to whom notices are to be given by giving notice pursuant to this paragraph.

13. Miscellaneous Provisions.

13.1 No Waiver of Breach.

The waiver by County of any breach of any term or promise contained in this Agreement shall not be deemed to be a waiver of such term or provision or any subsequent breach of the same or any other term or promise contained in this Agreement.

13.2 Construction.

To the fullest extent allowed by law, the provisions of this Agreement shall be construed and given effect in a manner that avoids any violation of statute, ordinance, regulation, or law. The parties covenant and agree that in the event that any provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated thereby. Consultant and County acknowledge that they have each contributed to the making of this Agreement and that, in the event of a dispute over the interpretation of this Agreement, the language of the Agreement will not be construed against one party in favor of the other.

Consultant and County acknowledge that they have each had an adequate opportunity to consult with counsel in the negotiation and preparation of this Agreement.

13.3 Consent.

Wherever in this Agreement the consent or approval of one party is required to an act of the other party, such consent or approval shall not be unreasonably withheld or delayed.

13.4 No Third Party Beneficiaries.

Nothing contained in this Agreement shall be construed to create and the parties do not intend to create any rights in third parties.

13.5 Applicable Law and Forum.

This Agreement shall be construed and interpreted according to the substantive law of California, regardless of the law of conflicts to the contrary in any jurisdiction. Any action to enforce the terms of this Agreement or for the breach thereof shall be brought and tried in Santa Rosa or the forum nearest to the city of Santa Rosa, in the County of Sonoma.

13.6 Captions.

The captions in this Agreement are solely for convenience of reference. They are not a part of this Agreement and shall have no effect on its construction or interpretation.

13.7 Merger.

This writing is intended both as the final expression of the Agreement between the parties hereto with respect to the included terms and as a complete and exclusive statement of the terms of the Agreement, pursuant to Code of Civil Procedure Section 1856. No modification of this Agreement shall be effective unless and until such modification is evidenced by a writing signed by both parties.

13.8 Survival of Terms.

All express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

13.9 Time of Essence.

Time is and shall be of the essence of this Agreement and every provision hereof.

13.10 Claims Filed by County's Construction Contractor.

13.10.1 If claims are filed by County's construction contractor relating to work performed by Consultant's personnel, and additional information or assistance from Consultant's personnel is required in order to evaluate or defend against such claims; Consultant agrees to make its personnel available for consultation with County's construction contract administration and legal staff and for testimony, if necessary, at depositions and at trial or arbitration proceedings.

13.10.2 Consultant's personnel that County considers essential to assist in defending against construction contractor claims will be made available on reasonable notice from County. Consultation or testimony will be reimbursed at the same rates, including travel costs that

are being paid for Consultant's personnel services under this contract.

13.10.3 Services of Consultant's personnel in connection with County's construction contractor claims will be performed pursuant to a written contract amendment, if necessary, extending the termination date of this contract in order to resolve the construction claims.

13.10.4 Any subcontract in excess of \$25,000 entered into as a result of this contract, shall contain all of the provisions of this Article.

14. Attachments & Exhibits.

The following Attachments and Exhibits appended to this Agreement are hereby incorporated by reference as if fully set forth herein.

14.1 List of Attachments.

Attachment A – Cost Proposal

Attachment B – Insurance Requirements

Exhibit A – Federal Requirements

14.2 Order of Precedence.

In the event of any conflict between the Attachments and this Agreement, the Agreement shall control. Notwithstanding the foregoing, in the event of any conflict between the Agreement and the Federal Requirements set forth in Exhibit "A", the Federal Requirements set forth in Exhibit "A" shall control.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the Effective Date.

Exhibit “A”
FEDERAL PROVISIONS

I. DEFINITIONS

- A. Government** means the United States of America and any executive department or agency thereof.
- B. FEMA** means the Federal Emergency Management Agency.
- C. Third Party Subcontract** means a subcontract at any tier entered into by Consultant or subconsultant, financed in whole or in part with Federal assistance originally derived from the Federal Emergency Management Agency.

II. FEDERAL REQUIREMENTS AND CHANGES

- A.** This is an acknowledgement that FEMA financial assistance will be used to fund the contract only. The consultant will comply with all applicable federal law, regulations, executive orders , FEMA policies, procedures, and directives.
- B.** Consultant shall at all times comply with all applicable regulations, policies, procedures, and FEMA Directives as they may be amended or promulgated from time to time during the term of this Agreement, including but not limited to those requirements of 2 CFR 200.317 through 200.326 and more fully set forth in Appendix II to Part 200—Contract Provisions for non–Federal Entity Contracts Under Federal Awards, which is included herein by reference. Consultant's failure to so comply shall constitute a material breach of this contract.
- C.** The Consultant agrees to include the above clause in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

III. ACCESS TO RECORDS

- A.** The Consultant agrees to provide the County, FEMA, the Comptroller General of the United States or any their authorized representatives access to any books, documents, papers, and records of the Consultant which are directly pertinent to this Agreement for the purposes of making audits, examinations, excerpts, and transcriptions.
- B.** The Consultant agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.
- C.** The Consultant agrees to maintain all books, records, accounts, and reports required under this Agreement for a period of not less than three years after the later of: (a) the date of termination or expiration of this Agreement or (b) the date County makes final payment under this Agreement, except in the event of litigation or settlement of claims arising from the performance of this Agreement, in which case, Consultant agrees to maintain same until the County, FEMA, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims, or exceptions related thereto.
- D.** The requirements set for in paragraphs A, B, and C above are all in addition to, and should not be considered to be in lieu of, those requirements set forth in Section 21 of the Agreement.

IV. DEBARMENT AND SUSPENSION

- A.** This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the Consultant is required to verify that none of the Consultant, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).
- B.** Consultant represents and warrants that it is not debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, "Debarment and Suspension" or on the USEPA's List of Violating Facilities. Consultant agrees that neither Consultant nor any of its third party subconsultants shall enter into any third party subcontracts for any of the work under this Agreement with a third party subconsultant who is debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs under executive Order 12549 or on the USEPA's List of Violating Facilities. Gov. Code § 4477.
- C.** The Consultant must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into. Consultant agrees to the provisions of Exhibit A1, Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion— Lower Tier Covered Transactions, attached hereto and incorporated herein. For purposes of this Agreement and Exhibit A1, Consultant is the "prospective lower tier participant."
- D.** The Consultant agrees to include paragraphs A and B above in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the paragraphs shall not be modified, except to identify the subconsultant who will be subject to its provisions.
- E.** This certification is a material representation of fact relied upon by County. If it is later determined that the Consultant did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the State of California, the County, and the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.
- F.** The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions."

V. NO FEDERAL GOVERNMENT OBLIGATIONS TO CONSULTANT

- A.** The County and Consultant acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Government, the Government is not a party to this contract and shall not be subject to any obligations or liabilities to the County, Consultant, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.
- B.** The Consultant agrees to include the above clause in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

VI. EQUAL EMPLOYMENT OPPORTUNITY COMPLIANCE (applicable to all construction contracts awarded meeting the definition of “federally assisted construction contract” under 41 CFR 61-1.3)

Consultant agrees to comply with Executive Order 11246 of September 24, 1965, entitled “Equal Employment Opportunity,” as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR Part 60). 41 CFR 60.14 is hereby incorporated by reference.

- A.** Consultants and subconsultants shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, sexual orientation, physical disability (including HIV and AIDS), mental disability, medical condition (cancer), age (over 40), marital status, and denial of family care leave.
- B.** Consultants, and subconsultants shall ensure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment.
- C.** Consultants and subconsultants shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code, § 12990 (a-f) et seq.) and the applicable regulations promulgated thereunder (California Code of Regulations, Title 2, Section 7285 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations, are incorporated into this Agreement by reference and made a part hereof as if set forth in full.
- D.** Consultants, and subconsultants shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.

VII. ANTI-KICKBACK ACT COMPLIANCE (applicable to all contracts and subgrants for construction or repair; 44 CFR §13.36(i)(4))

Consultant agrees to comply with the Copeland “Anti-Kickback” Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 3).

VIII. DAVIS-BACON ACT COMPLIANCE (applicable to construction contracts in excess of \$2,000 awarded by grantees and subgrantees when required by Federal grant program legislation;)

To the extent required by any Federal grant programs applicable to expected funding or reimbursement of County’s expenses incurred in connection with the services provided under this Agreement, Consultant agrees to comply with the Davis-Bacon Act (40 U.S.C. 276a to 276a-7) as supplemented by Department of Labor regulations (29 CFR Part 5) as set forth below. These requirements are in addition to the requirements set forth in Section 19(b) of the Agreement.

- A.** The Consultant shall be bound to the provisions of the Davis-Bacon Act, and agrees to be bound by all the provisions of Labor Code section 1771 regarding prevailing wages. All labor on this project shall be paid neither less than the greater of the minimum wage rates established by the U.S. Secretary of Labor (Federal Wage Rates), or by the State of

California Director of Department of Industrial Relations (State Wage Rates). Current DIR requirements may be found at <http://www.dir.ca.gov/lcp.asp>.

- B. The general prevailing wage rates may be accessed at the Department of Labor Home Page at www.wdol.gov. Under the Davis Bacon heading, click on “Selecting DBA WDs.” In the drop down menu for State, select, “California.” In the drop down menu for County, select “Sonoma.” In the drop down menu for Construction Type, make the appropriate selection. Then, click Search.

IX. CONTRACT WORK HOURS AND SAFETY STANDARDS (applicable to all contracts in excess of \$100,000 that involve the employment of mechanics or laborers, but not to purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence)

- A. **Compliance:** Consultant agrees that it shall comply with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327–330) as supplemented by Department of Labor regulations (29 CFR Part 5), which are incorporated herein.
- B. **Overtime:** No Consultant or subconsultant contracting for any part of the work under this Agreement which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
- C. **Violation; liability for unpaid wages; liquidated damages:** In the event of any violation of the provisions of Paragraph B, the Consultant and any subconsultant responsible therefore shall be liable to any affected employee for his unpaid wages. In additions, such Consultant and subconsultant shall be liable to the United States for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic employed in violation of the provisions of paragraph B in the sum of \$10 for each calendar day on which such employee was required or permitted to be employed on such work in excess of eight hours or in excess of his standard workweek of forty hours without payment of the overtime wages required by paragraph B.
- D. **Withholding for unpaid wages and liquidated damages:** The County shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Consultant or subconsultant under any such contract or any other Federal contract with the same prime Consultant, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Consultant, such sums as may be determined to be necessary to satisfy any liabilities of such Consultant or subconsultant for unpaid wages and liquidated damages as provided in the clause set for in paragraph C of this section.
- E. **Subcontracts:** The Consultant or subconsultant shall insert in any subcontracts the clauses set forth in paragraphs A through D of this section and also a clause requiring the subconsultants to include these clauses in any lower tier subcontracts. The prime Consultant shall be responsible for compliance by any subconsultant or lower tier subconsultant with the clauses set forth in paragraphs A through D of this section.

- B. The Consultant agrees to include paragraph A above in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

XII. PATENT RIGHTS (applicable to contracts for experimental, research, or development projects financed by FEMA; 44 CFR §13.36(i)(8))

- A. General. If any invention, improvement, or discovery is conceived or first actually reduced to practice in the course of or under this Agreement, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the County and Consultant agree to take actions necessary to provide immediate notice and a detailed report to FEMA.
- B. Unless the Government later makes a contrary determination in writing, irrespective of Consultant's status (a large business, small business, state government or state instrumentality, local government, nonprofit organization, institution of higher education, individual), the County and Consultant agree to take the necessary actions to provide, through FEMA, those rights in that invention due the Federal Government as described in U.S. Department of Commerce regulations, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” 37 CFR, Part 401.
- C. The Consultant agrees to include paragraphs A and B above in each third party subcontract for experimental, developmental, or research work financed in whole or in part with Federal assistance provided by FEMA.

XIII. ENERGY CONSERVATION REQUIREMENTS

- A. The Consultant agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 USC 6201).

B. The Consultant agrees to include paragraph A above in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

XIV. CLEAN AIR AND WATER REQUIREMENTS (applicable to all contracts and subcontracts in excess \$100,000, including indefinite quantities where the amount is expected to exceed \$100,000 in any year)

A. Consultant agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387), and will report violations to FEMA and the Regional Office of the Environmental Protection Agency (EPA).

B. Consultant agrees to report each violation of these requirements to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to FEMA and the appropriate EPA regional office.

C. The Consultant agrees to include paragraph A and B above in each third party subcontract exceeding \$100,000 financed in whole or in part with Federal assistance provided by FEMA.

XV. TERMINATION FOR CONVENIENCE OF COUNTY (applicable to all contracts in excess of \$10,000)

See Paragraph 4.1 of the Agreement.

XVI. TERMINATION FOR DEFAULT (applicable to all contracts in excess of \$10,000)

Consultant's failure to perform or observe any term, covenant or condition of this Agreement shall constitute an event of default under this Agreement. See Paragraph 4.2 of the Agreement.

XVII. CHANGES.

See Paragraph 8 of the Agreement.

XVIII. LOBBYING (Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended).)

A. Consultant shall not use or pay any funds received under this Agreement to influence or attempt to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

B. Consultant agrees to the provisions of Exhibit A2, Certification Regarding Lobbying, attached hereto and incorporated herein (applicable for contracts or subcontracts in excess of \$100,000).

- C. Consultant agrees to include paragraphs A and B above in each third party subcontract financed in whole or in part with Federal assistance provided by FEMA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

XIX. MBE / WBE REQUIREMENTS

The County intends to seek reimbursement of its costs incurred in connection with this project from FEMA. Accordingly, the CONSULTANT shall make every effort to procure Minority and Women's Business Enterprises ("DBEs") through the "Good Faith Effort" process as required in 2 CFR 200.321. Failure to perform the "Good Faith Effort" process and submit the forms listed below with the bid shall be cause for a bid to be rejected as non-responsive and/or be considered as a material breach of the contract.

PRIME CONSULTANT RESPONSIBILITIES

All recipients of this grant funding, as well as their prime Consultants and subconsultants, must take all affirmative steps to assure that minority firms, women's business enterprises, and labor surplus area firms are used when possible make every effort to solicit bids from eligible DBEs. This information must be documented and reported.

"GOOD FAITH" EFFORT PROCESS

Any public or private entity receiving federal funds must demonstrate that efforts were made to attract MBE/WBEs. The process to attract MBE/WBEs is referred to as the "Good Faith" effort. This effort requires the recipient, prime Consultant and any subconsultants to take the steps listed below to assure that MBE/WBEs are used whenever possible as sources of supplies, construction, equipment, or services. If a CONSULTANT fails to take the steps outlined below shall cause the bid to be rejected as non-responsive and/or be deemed a material breach of the contract.

- A. Place qualified small and minority businesses and women's business enterprises on solicitation lists;
- B. Assure that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
- C. Divide total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;
- D. Establish delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises; and
- E. Use the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce.
- F. If subcontracts are to be let, Consultant shall take the affirmative steps listed in 2 CFR 200.321.

XX. PROCUREMENT OF RECOVERED MATERIALS (2 CFR 200.322)

Consultant shall comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

XXI. INCORPORATION OF UNIFORM ADMINISTRATIVE REQUIREMENTS

The preceding provisions include, in part, certain standard terms and conditions required by FEMA, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by FEMA are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FEMA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. Consultant shall not perform any act, fail to perform any act, or refuse to comply with any County requests that would cause County to be in violation of the FEMA terms and conditions.

XXII. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS.

The Consultant acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Consultant's actions pertaining to this contract.

XXIII. DHS SEAL, LOGO, AND FLAGS.

The Consultant shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

Exhibit A1

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION – LOWER TIER COVERED TRANSACTIONS

(Lower Tier refers to the agency or Consultant receiving Federal funds, as well as any subconsultants that the agency or Consultant enters into contract with using those funds)

As required by Executive Order 12549, Debarment and Suspension, as defined at 44 CFR Part 17, County may not enter into contract with any entity that is debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by the Federal Government from participating in transactions involving Federal funds. Consultant is required to sign the certification below which specifies that neither Consultant nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by the Federal agency. It also certifies that Consultant will not use, directly or indirectly, any of these funds to employ, award contracts to, engage the services of, or fund any Consultant that is debarred, suspended, or ineligible under 44 CFR Part 17.

Instruction for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definition and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this agreement that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification Regarding Debarment, Suspension, Ineligibility an Voluntary Exclusion – Lower Tier Covered Transactions

1. The prospective lower tier participant certifies, by submission of its proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loan, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Professional Services Agreement (“PSA”)
On-Call Design Services FHWA Agreement – OC18-D1

AGREEMENT FOR [CONSULTING/PROFESSIONAL] SERVICES

This agreement ("Agreement"), dated as of _____, 20__ (“Effective Date”) is by and between the County of Sonoma, a political subdivision of the State of California (hereinafter "County"), and Cornerstone Structural Engineering Group (hereinafter "Consultant").

RECITALS

WHEREAS, Consultant represents that it is a duly qualified and licensed civil engineer, experienced in the preparation of Plans, Specifications and Estimates, and related services; and

WHEREAS, in the judgment of the County’s Department of Transportation & Public Works, it is necessary and desirable to employ the services of Consultant for On-Call Engineering Design Services.

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual covenants contained herein, the parties hereto agree as follows:

AGREEMENT

I. Scope of Services.

1.1 Consultant's Specified Services.

Consultant shall perform the services, if any, described in the Request for Qualifications and as more particularly described in the applicable Task Order assigning the specific project, and within the times or by the dates provided for in , the applicable Task Order and pursuant to Article 7, Prosecution of Work.

1.2 Cooperation With County.

Consultant shall cooperate with County and County staff in the performance of all work hereunder.

1.3 Performance Standard.

Consultant shall perform all work hereunder in a manner consistent with the level of competency and standard of care normally observed by a person practicing in Consultant's profession. County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees to provide all services under this Agreement in accordance with generally accepted professional practices and standards of care, as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Contractor’s work by County shall not operate as a waiver or release. If County determines that any of Consultant's work is not in accordance with such level of competency and standard of care, County, in its sole discretion, shall have the right to do any or all of the following: (a) require

Consultant to meet with County to review the quality of the work and resolve matters of concern; (b) require Consultant to repeat the work at no additional charge until it is satisfactory; (c) terminate this Agreement pursuant to the provisions of Article 4; or (d) pursue any and all other remedies at law or in equity.

1.4 Assigned Personnel.

- 1.4.1 Consultant shall assign only competent personnel to perform work hereunder. In the event that at any time County, in its sole discretion, desires the removal of any person or persons assigned by Consultant to perform work hereunder, Consultant shall remove such person or persons immediately upon receiving written notice from County.
- 1.4.2 Any and all persons identified in this Agreement, any Exhibit or Attachment hereto, or any Task Order issued hereunder as the project manager, project team, or other professional performing work hereunder are deemed by County to be key personnel whose services were a material inducement to County to enter into this Agreement, and without whose services County would not have entered into this Agreement. Consultant shall not remove, replace, substitute, or otherwise change any key personnel without the prior written consent of County. With respect to performance under this Agreement, Consultant shall employ the following key personnel: Project Manager.
- 1.4.3 In the event that any of Consultant's personnel assigned to perform services under this Agreement become unavailable due to resignation, sickness or other factors outside of Consultant's control, Consultant shall be responsible for timely provision of adequately qualified replacements.

1.5 Consultant's Reports or Meetings.

- 1.5.1 Consultant shall submit progress reports on each specific project in accordance with the Task Order. These reports shall be submitted at least once a month. The report should be sufficiently detailed for County's Task Order Manager to determine, if Consultant is performing to expectations, or is on schedule; to provide communication of interim findings, and to sufficiently address any difficulties or special problems encountered, so remedies can be developed.
- 1.5.2 Consultant's Project Manager shall meet with County's Contract Administrator or Task Order Manager, as needed, to discuss progress on the project(s) or contract related issues.

2. Allowable Costs and Payments.

2.1 Method of payment.

Consultant will be reimbursed for hours worked at the hourly rates specified in Consultant's Cost Proposal (Attachment A). The specified hourly rates shall include direct salary costs, employee benefits, overhead, and fee. These rates are not adjustable for the performance period set forth in this Agreement.

In addition, Consultant will be reimbursed for incurred (actual) direct costs other than salary costs that are in the cost proposal and identified in the cost proposal and in the executed Task Order.

2.2 Task Orders.

- 2.2.1 Specific projects will be assigned to Consultant through issuance of Task Orders.
- 2.2.2 After a project to be performed under this Agreement is identified by County, County will prepare a draft Task Order; less the cost estimate. A draft Task Order will identify the scope of services, expected results, project deliverables, period of performance, project schedule and will designate a County's Task Order Manager. The draft Task Order will be delivered to Consultant for review. Consultant shall return the draft Task Order within ten (10) calendar days along with a Cost Estimate, including a written estimate of the number of hours and hourly rates per staff person, any anticipated reimbursable expenses, overhead, fee if any, and total dollar amount. After agreement has been reached on the negotiable items and total cost; the finalized Task Order shall be signed by both County and Consultant.
- 2.2.3 Task Orders may be negotiated for a lump sum (Firm Fixed Price) or for specific rates of compensation, both of which must be based on the labor and other rates set forth in Consultant's Cost Proposal.
- 2.2.4 Consultant shall not commence performance of work or services until this Agreement has been approved by County, and notification to proceed has been issued by County's Task Order Manager. No payment will be made prior to approval or for any work performed prior to approval of this Agreement.
- 2.2.5 A Task Order is of no force or effect until returned to County and signed by an authorized representative of County. No expenditures are authorized on a project and work shall not commence until a Task Order for that project has been executed by County.
- 2.2.6 The period of performance for Task Orders shall be in accordance with dates specified in the Task Order. No Task Order will be written which extends beyond the expiration date of this Agreement.
- 2.2.7 The total amount payable by County for an individual Task Order shall not exceed the amount agreed to in the Task Order, unless authorized by contract amendment.
- 2.2.8 If the Consultant fails to satisfactorily complete a deliverable according to the schedule set forth in a Task Order, no payment will be made until the deliverable has been satisfactorily completed.
- 2.2.9 Task Orders may not be used to amend this Agreement and may not exceed the scope of work under this Agreement

2.3 Transportation & Subsistence.

Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal.

2.4 Milestone Costs.

When milestone cost estimates are included in the approved Cost Proposal, Consultant shall obtain prior written approval for a revised milestone cost estimate from the County's Task Order Manager before exceeding such cost estimate.

2.5 Progress Payments.

Progress payments for each Task Order will be made monthly in arrears based on services provided and actual costs incurred.

2.6 [RESERVED]

2.7 Invoices.

2.7.1 Consultant will be reimbursed, as promptly as fiscal procedures will permit upon receipt by County's Contract Administrator of itemized invoices. Separate invoices itemizing all costs are required for all work performed under each Task Order. Invoices shall be submitted no later than 45 calendar days after the performance of work for which Consultant is billing, or upon completion of the Task Order. Invoices shall detail the work performed on each milestone, on each project as applicable. Invoices shall follow the format stipulated for the approved Cost Proposal and shall reference this Agreement number, project title and Task Order number. Credits due County that include any equipment purchased under the provisions of Article 13.13 Equipment Purchase of this Agreement, must be reimbursed by Consultant prior to the expiration or termination of this Agreement. Invoices shall be mailed to County's Contract Administrator at the following address:

David Cameron
2300 County Center Drive, Suite B-100
Santa Rosa, CA 95403

2.7.2 In addition to compliance with the requirements of this Article 2, including Article 2.7.1 above, Consultant shall submit its bills in arrears on a monthly basis in a form approved by County's Auditor and the Head of the County Department receiving the services. The bills shall show or include: (i) the task(s) performed; (ii) the time in quarter hours devoted to the task(s); (iii) the hourly rate or rates of the persons performing the task(s); and (iv) copies of receipts for reimbursable materials/expenses, if any. Expenses not expressly authorized by the Agreement shall not be reimbursed, including a copy of all invoices paid to subcontractors for work required included in the prime consultant's invoice. Consultant shall submit the Subcontractor Payment Declaration with each invoice.

2.7.3 Unless otherwise noted in this Agreement, payments shall be made within the normal course of County business after presentation of an invoice in a form approved by the County for services performed. Payments shall be made only upon the satisfactory completion of the services as determined by the County.

2.8 Contract Value/Not-to-Exceed Compensation.

The total amount payable by County for all Task Orders resulting from this Agreement shall not exceed \$975,000.00. It is understood and agreed that there is no guarantee, either expressed or implied that this dollar amount will be authorized under this Agreement through Task Orders.

2.9 Salary Increases.

Salary increases will be reimbursable if the new salary is within the salary range identified in the approved Cost Proposal and is approved by County's Contract Administrator.

For personnel subject to prevailing wage rates as described in the California Labor Code, all salary increases, which are the direct result of changes in the prevailing wage rates are reimbursable.

2.10 [RESERVED].

2.11 Taxes.

2.11.1 Consultant agrees to file federal and state tax returns and pay all applicable taxes on amounts paid pursuant to this Agreement and shall be solely liable and responsible to pay such taxes and other obligations, including, but not limited to, state and federal income and FICA taxes. Consultant agrees to indemnify and hold County harmless from any liability which it may incur to the United States or to the State of California as a consequence of Consultant's failure to pay, when due, all such taxes and obligations. In case County is audited for compliance regarding any withholding or other applicable taxes, Consultant agrees to furnish County with proof of payment of taxes on these earnings.

2.11.2 Pursuant to California Revenue and Taxation code (R&TC) Section 18662, the County shall withhold seven percent of the income paid to Consultant for services performed within the State of California under this agreement, for payment and reporting to the California Franchise Tax Board, if Consultant does not qualify as: (1) a corporation with its principal place of business in California, (2) an LLC or Partnership with a permanent place of business in California, (3) a corporation/LLC or Partnership qualified to do business in California by the Secretary of State, or (4) an individual with a permanent residence in the State of California.

If Consultant does not qualify, County requires that a completed and signed Form 587 be provided by the Consultant in order for payments to be made. If consultant is qualified, then the County requires a completed Form 590. Forms 587 and 590 remain valid for the duration of the Agreement provided there is no material change in facts. By signing either form, the contractor agrees to promptly notify the County of any changes in the facts. Forms should be sent to the County pursuant to Article 12. To reduce the amount withheld, Consultant has the option to provide County with either a full or partial waiver from the State of California.

3. Term of Agreement.

3.1 Term.

This contract shall go into effect on (_____) contingent upon approval by County, and Consultant shall commence work after notification to proceed by County's Contract Administrator. The contract shall end on (_____), unless extended by contract amendment.

3.2 Contract Execution.

Consultant is advised that any recommendation for contract award is not binding on County until the contract is fully executed and approved by County.

3.3 Task Order Term

The period of performance for each specific project shall be in accordance with the Task Order for that project. If work on a Task Order is in progress on the expiration date of this Agreement, the

terms of the Agreement shall be extended by contract amendment.

4. Termination

4.1. Notice Period.

County reserves the right to terminate this Agreement upon thirty (30) calendar days written notice to Consultant with the reasons for termination stated in the notice.

4.2 Grounds for Termination.

County may terminate this Agreement with Consultant should Consultant fail to perform the covenants herein contained at the time and in the manner herein provided. In the event of such termination, County may proceed with the work in any manner deemed proper by County. If County terminates this Agreement with Consultant, County shall pay Consultant the sum due to Consultant under this Agreement prior to termination, unless the cost of completion to County exceeds the funds remaining in the Agreement. In which case the overage shall be deducted from any sum due Consultant under this Agreement and the balance, if any, shall be paid to Consultant upon demand.

4.3 Liability.

The maximum amount for which the Government shall be liable if this Agreement is terminated is 975,000 dollars.

4.4 Authority to Terminate.

The Board of Supervisors has the authority to terminate this Agreement on behalf of the County. In addition, the Purchasing Agent or Department Head, in consultation with County Counsel, shall have the authority to terminate this Agreement on behalf of the County.

5. Indemnification.

Consultant agrees to accept responsibility for loss or damage to any person or entity, including County, and to defend, indemnify, hold harmless, and release County, its officers, agents, and employees, from and against any actions, claims, damages, liabilities, disabilities, or expenses, that may be asserted by any person or entity, including Consultant, that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of Consultant or its agents, employees, contractors, subcontractors, or invitees hereunder, whether or not there is concurrent or contributory negligence on County's part, but, to the extent required by law, excluding liability due to County's conduct. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for Consultant or its agents, employees, contractors, subcontractors, or invitees under workers' compensation acts, disability benefits acts, or other employee benefit acts.

6. Insurance.

With respect to performance of work under this Agreement, Consultant shall maintain and shall require all of its subcontractors, consultants, and other agents to maintain, insurance as described in Attachment B, which is attached hereto and incorporated herein by this reference.

7. Prosecution of Work.

The execution of this Agreement shall constitute Consultant's authority to proceed immediately with the performance of this Agreement. Performance of the services hereunder shall be completed within the time required herein, provided, however, that if the performance is delayed by earthquake, flood, high water, or other Act of God or by strike, lockout, or similar labor disturbances, the time for Consultant's performance of this Agreement shall be extended by a number of days equal to the number of days Consultant has been delayed.

8. Extra or Changed Work.

Extra or changed work or other changes to the Agreement may be authorized only by written amendment to this Agreement, signed by both parties. Minor changes, which do not increase the amount paid under the Agreement, and which do not significantly change the scope of work or significantly lengthen time schedules may be executed by the Department Head in a form approved by County Counsel. The Board of Supervisors/Purchasing Agent must authorize all other extra or changed work. The parties expressly recognize that, pursuant to Sonoma County Code Section 1-11, County personnel are without authorization to order extra or changed work or waive Agreement requirements. Failure of Consultant to secure such written authorization for extra or changed work shall constitute a waiver of any and all right to adjustment in the Agreement price or Agreement time due to such unauthorized work and thereafter Consultant shall be entitled to no compensation whatsoever for the performance of such work. Consultant further expressly waives any and all right or remedy by way of restitution and quantum meruit for any and all extra work performed without such express and prior written authorization of the County.

9. Representations of Consultant.

9.1 Standard of Care.

County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees that all its work will be performed and that its operations shall be conducted in accordance with generally accepted and applicable professional practices and standards as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Consultant's work by County shall not operate as a waiver or release.

9.2 Status of Consultant.

The parties intend that Consultant, in performing the services specified herein, shall act as an independent contractor and shall control the work and the manner in which it is performed. Consultant is not to be considered an agent or employee of County and is not entitled to participate in any pension plan, worker's compensation plan, insurance, bonus, or similar benefits County provides its employees. In the event County exercises its right to terminate this Agreement pursuant to Article 4, above, Consultant expressly agrees that it shall have no recourse or right of appeal under rules, regulations, ordinances, or laws applicable to employees.

9.3 No Suspension or Debarment.

Consultant's signature affixed herein, shall constitute a certification under penalty of perjury under the laws of the State of California, that Consultant has complied with Title 2 CFR, Part 180, "OMB Guidelines to Agencies on Government wide Debarment and Suspension (nonprocurement)", which certifies that he/she or any person associated therewith in the capacity of owner, partner, director, officer, or manager, is not currently under suspension, debarment, voluntary exclusion,

or determination of ineligibility by any federal agency; has not been suspended, debarred, voluntarily excluded, or determined ineligible by any federal agency within the past three (3) years; does not have a proposed debarment pending; and has not been indicted, convicted, or had a civil judgment rendered against it by a court of competent jurisdiction in any matter involving fraud or official misconduct within the past three (3) years. Any exceptions to this certification must be disclosed to County.

Exceptions will not necessarily result in denial of recommendation for award, but will be considered in determining Consultant responsibility. Disclosures must indicate to whom exceptions apply, initiating agency, and dates of action.

Exceptions to the Federal Government Excluded Parties List System maintained by the General Services Administration are to be determined by the Federal highway Administration.

9.4 [RESERVED].

9.5 Records Maintenance.

In addition to other record retention and audit requirements set forth elsewhere in this Agreement, Consultant shall keep and maintain full and complete documentation and accounting records concerning all services performed that are compensable under this Agreement and shall make such documents and records available to County for inspection at any reasonable time. Consultant shall maintain such records for a period of four (4) years following completion of work hereunder.

9.6 Conflict of Interest.

9.6.1 Consultant shall disclose any financial, business, or other relationship with County that may have an impact upon the outcome of this contract, or any ensuing County construction project. Consultant shall also list current clients who may have a financial interest in the outcome of this contract, or any ensuing County construction project, which will follow.

9.6.2 Consultant hereby certifies that it does not now have, nor shall it acquire any financial or business interest that would conflict with the performance of services under this contract.

9.6.3 Consultant hereby certifies that neither Consultant, nor any firm affiliated with Consultant will bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting from this contract. An affiliated firm is one, which is subject to the control of the same persons through joint-ownership, or otherwise.

9.6.4 Except for subconsultants whose services are limited to providing surveying or materials testing information, no subconsultant who has provided design services in connection with this contract shall be eligible to bid on any construction contract, or on any contract to provide construction inspection for any construction project resulting from this contract.

9.7 Statutory Compliance.

Contractor agrees to comply with all applicable federal, state and local laws, regulations, statutes

and policies applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly agrees, on behalf of itself and on behalf of all its agents, employees, subconsultants, and subcontractors, to comply with the federal contract requirements set forth in Article 13 herein.

9.8 Living Wage Ordinance.

9.8.1 Consultant agrees to comply with all applicable federal, state and local laws, regulations, statutes and policies, including but not limited to the County of Sonoma Living Wage Ordinance, applicable to the services provided under this Agreement as they exist now and as they are changed, amended or modified during the term of this Agreement. Without limiting the generality of the foregoing, Consultant expressly acknowledges and agrees that this Agreement is subject to the provisions of Article XXVI of Chapter 2 of the Sonoma County Code, requiring payment of a living wage to covered employees. Noncompliance during the term of the Agreement will be considered a material breach and may result in termination of the Agreement or pursuit of other legal or administrative remedies.

9.8.2 Notwithstanding the requirement of section 9.8.1 that Consultant comply with the County of Sonoma Living Wage Ordinance (Sonoma County Code Chapter 2, Article XXVI), none of the Living Wage Ordinances local preference requirements shall be used to select or otherwise apply to Consultant.–

9.9 Nondiscrimination.

Without limiting any other provision hereunder, Consultant shall comply with all applicable federal, state, and local laws, rules, and regulations in regard to nondiscrimination in employment because of race, color, ancestry, national origin, religion, sex, marital status, age, medical condition, pregnancy, disability, sexual orientation or other prohibited basis, including without limitation, the County's Non-Discrimination Policy. All nondiscrimination rules or regulations required by law to be included in this Agreement are incorporated herein by this reference.

9.10 Statement of Compliance.

9.10.1 Consultant's signature affixed herein, and dated, shall constitute a certification under penalty of perjury under the laws of the State of California that Consultant has, unless exempt, complied with, the nondiscrimination program requirements of Government Code Section 12990 and Title 2, California Administrative Code, Section 8103.

9.10.2 During the performance of this Contract, Consultant and its subconsultants shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, physical disability (including HIV and AIDS), mental disability, medical condition (e.g., cancer), age (over 40), marital status, and denial of family care leave. Consultant and subconsultants shall insure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. Consultant and subconsultants shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code §12990 (a-f) et seq.) and the applicable regulations promulgated there under (California Code of Regulations, Title 2, Section 7285 et seq.). The

applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations, are incorporated into this Contract by reference and made a part hereof as if set forth in full. Consultant and its subconsultants shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.

- 9.10.3 The Consultant shall comply with regulations relative to Title VI (nondiscrimination in federally-assisted programs of the Department of Transportation – Title 49 Code of Federal Regulations, Part 21 - Effectuation of Title VI of the 1964 Civil Rights Act). Title VI provides that the recipients of federal assistance will implement and maintain a policy of nondiscrimination in which no person in the state of California shall, on the basis of race, color, national origin, religion, sex, age, disability, be excluded from participation in, denied the benefits of or subject to discrimination under any program or activity by the recipients of federal assistance or their assignees and successors in interest.
- 9.10.4 The Consultant, with regard to the work performed by it during the Agreement shall act in accordance with Title VI. Specifically, the Consultant shall not discriminate on the basis of race, color, national origin, religion, sex, age, or disability in the selection and retention of Subconsultants, including procurement of materials and leases of equipment. The Consultant shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the U.S. DOT's Regulations, including employment practices when the Agreement covers a program whose goal is employment.

9.11 AIDS Discrimination.

Consultant agrees to comply with the provisions of Chapter 19, Article II, of the Sonoma County Code prohibiting discrimination in housing, employment, and services because of AIDS or HIV infection during the term of this Agreement and any extensions of the term.

9.12 Assignment of Rights.

Consultant assigns to County all rights throughout the world in perpetuity in the nature of copyright, trademark, patent, right to ideas, in and to all versions of the plans and specifications, if any, now or later prepared by Consultant in connection with this Agreement. Consultant agrees to take such actions as are necessary to protect the rights assigned to County in this Agreement, and to refrain from taking any action which would impair those rights. Consultant's responsibilities under this provision include, but are not limited to, placing proper notice of copyright on all versions of the plans and specifications as County may direct, and refraining from disclosing any versions of the plans and specifications to any third party without first obtaining written permission of County.

Consultant shall not use or permit another to use the plans and specifications in connection with this or any other project without first obtaining written permission of County.

9.13 Ownership and Disclosure of Work Product.

All reports, original drawings, graphics, plans, studies, and other data or documents ("documents"), in whatever form or format, assembled or prepared by Consultant or Consultant's subcontractors, consultants, and other agents in connection with this Agreement shall be the property of County. County shall be entitled to immediate possession of such documents upon

completion of the work pursuant to this Agreement. Upon expiration or termination of this Agreement, Consultant shall promptly deliver to County all such documents, which have not already been provided to County in such form or format, as County deems appropriate. Such documents shall be and will remain the property of County without restriction or limitation. Consultant may retain copies of the above-described documents but agrees not to disclose or discuss any information gathered, discovered, or generated in any way through this Agreement without the express written permission of County.

9.14 Authority.

The undersigned hereby represents and warrants that he or she has authority to execute and deliver this Agreement on behalf of Consultant.

10. Demand for Assurance.

Each party to this Agreement undertakes the obligation that the other's expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arise with respect to the performance of either party, the other may in writing demand adequate assurance of due performance and until such assurance is received may, if commercially reasonable, suspend any performance for which the agreed return has not been received. "Commercially reasonable" includes not only the conduct of a party with respect to performance under this Agreement, but also conduct with respect to other agreements with parties to this Agreement or others. After receipt of a justified demand, failure to provide within a reasonable time, but not exceeding thirty (30) days, such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of this Agreement. Acceptance of any improper delivery, service, or payment does not prejudice the aggrieved party's right to demand adequate assurance of future performance. Nothing in this Article limits County's right to terminate this Agreement pursuant to Article 4.

11. Assignment and Delegation.

Neither party hereto shall assign, delegate, sublet, or transfer any interest in or duty under this Agreement without the prior written consent of the other, and no such transfer shall be of any force or effect whatsoever unless and until the other party shall have so consented.

12. Method and Place of Giving Notice, Submitting Bills and Making Payments.

All notices, bills, and payments shall be made in writing and shall be given by personal delivery or by U.S. Mail or courier service. Notices, bills, and payments shall be addressed as follows:

To County:

Sonoma County Department of Transportation and Public Works

When a notice, bill or payment is given by a generally recognized overnight courier service, the notice, bill or payment shall be deemed received on the next business day. When a copy of a notice, bill or payment is sent by facsimile or email, the notice, bill or payment shall be deemed received upon transmission as long as (1) the original copy of the notice, bill or payment is promptly deposited in the U.S. mail and postmarked on the date of the facsimile or email (for a payment, on or before the due date), (2) the sender has a written confirmation of the facsimile transmission or email, and (3) the facsimile or email is transmitted before 5 p.m. (recipient's time). In all other instances, notices, bills and payments shall be effective upon receipt by the recipient. Changes may be made in the names and addresses of the person to whom notices are to be given by giving notice pursuant to this paragraph.

13. Federal Requirements.

13.1 Contract Assurance.

The consultant, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The consultant shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted agreements. Failure by the consultant to carry out these requirements is a material breach of this agreement, which may result in the termination of this agreement or such other remedy as the recipient deems appropriate, which may include, but is not limited to: (1) Withholding monthly progress payments; (2) Assessing sanctions; (3) Liquidated damages; and/or (4) Disqualifying the contractor from future bidding as non-responsible.

13.2 Prompt Progress Payments to Subcontractors.

Attention is directed to Section 7108.5 of the California Business and Professions Code, which requires a prime contractor or subcontractor to pay any subcontractor not later than ten (10) days of receipt of each progress payment, unless otherwise agreed to in writing. In addition, federal regulations (Title 49 Code of Federal Regulations Part 26.29) require a prime contractor or subcontractor to pay a subcontractor no later than thirty (30) days of receipt of each payment, unless any delay or postponement of payment among the parties takes place only for good cause and with the prior written approval of County. Section 7108.5 of the California Business and Professions Code also contains enforcement actions and penalties. The requirements apply to both Disadvantaged Business Entities ("DBE") and non-DBE subcontractors. Consultant shall include the foregoing progress payment requirements in every subcontract entered into by Consultant in the performance of its obligations under this Agreement

13.3 Prompt Payment of Withheld Funds to Subcontractors.

No retainage will be held by the County from progress payments due the prime consultant. Any retainage held by the prime consultant or subconsultants from progress payments due subconsultants shall be promptly paid in full to subconsultants within 30 days after the subconsultant's work is satisfactorily completed. Federal law (49 CFR 26.29) requires that any

delay or postponement of payment over the 30 days may take place only for good cause and with the Agency's prior written approval. Any violation of this provision shall subject the violating prime consultant or subconsultant to the penalties, sanctions and other remedies specified in Section 7108.5 of the Business and Professions Code. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to the prime consultant or subconsultant in the event of a dispute involving late payment or nonpayment by the prime consultant, deficient subconsultant performance, or noncompliance by a subconsultant. This provision applies to both DBE and non-DBE prime consultant and subconsultants.

13.4 Disadvantaged Business Enterprise (DBE) Participation.

- 13.4.1 This contract is subject to 49 CFR, Part 26 entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs". Consultants who obtain DBE participation on this contract will assist Caltrans in meeting its federally mandated statewide overall DBE goal.
- 13.4.2 A DBE participation goal will be established for each Task Order. Participation by DBE consultant or subconsultants shall be in accordance with information contained in the Consultant Proposal DBE Commitment (Exhibit 10-O1), or in the Consultant Contract DBE Information (Exhibit 10-O2) attached hereto and incorporated as part of the Contract. If a DBE subconsultant is unable to perform, Consultant must make a good faith effort to replace him/her with another DBE subconsultant, if the goal is not otherwise met.
- 13.4.3 DBEs and other small businesses, as defined in 49 CFR, Part 26 are encouraged to participate in the performance of contracts financed in whole or in part with federal funds. Consultant or subconsultant shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. Consultant shall carry out applicable requirements of 49 CFR, Part 26 in the award and administration of US DOT-assisted agreements. Failure by Consultant to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as County deems appropriate.
- 13.4.4 Any subcontract entered into as a result of this contract shall contain all of the provisions of this section.
- 13.4.5 A DBE firm may be terminated only with prior written approval from County and only for the reasons specified in 49 CFR 26.53(f). Prior to requesting County consent for the termination, Consultant must meet the procedural requirements specified in 49 CFR 26.53(f).
- 13.4.6 A DBE performs a Commercially Useful Function (CUF) when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a CUF, the DBE must also be responsible with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a CUF, evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under

the, contract is commensurate with the work it is actually performing, and other relevant factors.

- 13.4.7 A DBE does not perform a CUF if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, examine similar transactions, particularly those in which DBEs do not participate.
- 13.4.8 If a DBE does not perform or exercise responsibility for at least thirty percent (30%) of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of the contract than would be expected on the basis of normal industry practice for the type of work involved, it will be presumed that it is not performing a CUF.
- 13.4.9 Consultant shall maintain records of materials purchased or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE or vendor and the total dollar amount actually paid each DBE or vendor, regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE prime consultants shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.
- 13.4.10 Upon completion of the Contract, a summary of these records shall be prepared and submitted on the form entitled, "Final Report-Utilization of Disadvantaged Business Enterprise (DBE), First-Tier Subconsultants" CEM-2402F [Exhibit 17-F, of the LAPM], certified correct by Consultant or Consultant's authorized representative and shall be furnished to the Contract Administrator with the final invoice. Failure to provide the summary of DBE payments with the final invoice will result in twenty-five percent (25%) of the dollar value of the invoice being withheld from payment until the form is submitted. The amount will be returned to Consultant when a satisfactory "Final Report-Utilization of Disadvantaged Business Enterprises (DBE), First-Tier Subconsultants" is submitted to the Contract Administrator.
- 13.4.11 If a DBE subconsultant is decertified during the life of the contract, the decertified subconsultant shall notify Consultant in writing with the date of decertification. If a subconsultant becomes a certified DBE during the life of the Contract, the subconsultant shall notify Consultant in writing with the date of certification. Any changes should be reported to County's Contract Administrator within 30 days.

13.5 Prevailing Wage.

- 13.5.1 Consultant shall comply with the State of California's General Prevailing Wage Rate requirements in accordance with California Labor Code, Section 1770, and all Federal, State, and local laws and ordinances applicable to the work.
- 13.5.2 Any subcontract entered into as a result of this contract, if for more than \$25,000 for public works construction or more than \$15,000 for the alteration, demolition, repair, or maintenance of public works, shall contain all of the provisions of this Article, unless

the awarding agency has an approved labor compliance program by the Director of Industrial Relations.

- 13.5.3 When prevailing wages apply to the services described in the scope of work, transportation and subsistence costs shall be reimbursed at the minimum rates set by the Department of Industrial Relations (DIR) as outlined in the applicable Prevailing Wage Determination. See <http://www.dir.ca.gov>.

Note: The Federal "Payment of Predetermined Minimum Wage" applies only to federal-aid construction contracts.

13.6 Text Messaging While Driving.

In accordance with Executive Order 13513, Federal Leadership on Reducing Text Messaging While Driving, and Department of Transportation Order 3902.10, Text Messaging While Driving, text messaging while driving is prohibited in the performance of any duties included in this agreement for both consultant and any sub-consultants hired for performance of duties under this Agreement. Consultant shall include a provision prohibiting texting while driving in all sub-consultant agreements entered into related to the performance of its obligations under this Agreement.

Definitions. The following definitions are to be used in conjunction with this section. "Driving":

- 1) Means operating a motor vehicle on a roadway, including while temporarily stationary because of traffic, a traffic light, stop sign, or otherwise.
- 2) It does not include being in your vehicle (with or without the motor running) in a location off the roadway where it is safe and legal to remain stationary.

"Text Messaging" means reading from or entering data into any handheld or other electronic device, including for the purpose of short message service texting, e-mailing, instant messaging, obtaining navigational information, or engaging in any other form of electronic data retrieval or electronic data communication.

13.7 Buy America.

Furnish Steel and iron materials to be incorporated into the work with certificates of compliance. Steel and iron materials must be produced in the U.S. except:

- 1) Foreign pig iron and processed, pelletized, and reduced iron ore may be used in the domestic production of the steel and iron materials [60 Fed Reg 15478(3/24/1995)];
- 2) If the total combine cost of the materials does not exceed the great of 0.1 percent of the total bid or \$2,500, materials produced outside the U. S. may be used.

Production includes:

- 1) Processing steel and iron materials, including smelting or other processes that alter the physical form or shape (such as rolling, extruding, machining, bending,

grinding, and drilling or chemical composition;

- 2) Coating application, including epoxy coating, galvanizing, and painting, that protects or enhances the value of steel and iron materials.

13.8 Prohibition of Expending Local Agency, State or Federal funds for Lobbying.

13.8.1 Consultant certifies to the best of his or her knowledge and belief that:

- 1) No state, federal or County appropriated funds have been paid, or will be paid by or on behalf of Consultant to any person for influencing or attempting to influence an officer or employee of any state or federal agency; a Member of the State Legislature or United States Congress; an officer or employee of the Legislature or Congress; or any employee of a Member of the Legislature or Congress, in connection with the awarding of any state or federal contract; the making of any state or federal grant; the making of any state or federal loan; the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any state or federal contract, grant, loan, or cooperative agreement.
- 2) If any funds other than federal appropriated funds have been paid, or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency; a Member of Congress; an officer or employee of Congress, or an employee of a Member of Congress; in connection with this federal contract, grant, loan, or cooperative agreement; Consultant shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.

13.8.2 This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

13.8.3 Consultant also agrees by signing this document that he or she shall require that the language of this certification be included in all lower-tier subcontracts, which exceed \$100,000 and that all such sub recipients shall certify and disclose accordingly.

13.9 Cost Principles and Administrative Requirements.

13.9.1 Consultant agrees that the Contract Cost Principles and Procedures, 48 CFR, Federal Acquisition Regulations System, Chapter 1, Part 31.000 *et seq.*, shall be used to determine the cost allowability of individual items.

13.9.2 Consultant also agrees to comply with federal procedures in accordance with 2 CFR, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

13.9.3 Any costs for which payment has been made to CONSULTANT that are determined by subsequent audit to be unallowable under 2 CFR, Part 200 and 48 CFR, Federal

Acquisition Regulations System, Chapter 1, Part 31.000 *et seq.*, are subject to repayment by Consultant to County.

13.10 Retention of Records/Audit.

For the purpose of determining compliance with Public Contract Code 10115, *et seq.* and Title 21, California Code of Regulations, Chapter 21, Section 2500 *et seq.*, when applicable and other matters connected with the performance of the contract pursuant to Government Code 8546.7; Consultant, subconsultants, and County shall maintain and make available for inspection all books, documents, papers, accounting records, and other evidence pertaining to the performance of the contract, including but not limited to, the costs of administering the contract. All parties shall make such materials available at their respective offices at all reasonable times during the contract period and for three years from the date of final payment under the contract. The state, State Auditor, County, FHWA, or any duly authorized representative of the Federal Government shall have access to any books, records, and documents of Consultant and its certified public accountants (CPA) work papers that are pertinent to the contract and indirect cost rates (ICR) for audit, examinations, excerpts, and transactions, and copies thereof shall be furnished if requested.

13.11 Audit Review Procedures.

- 13.11.1 Any dispute concerning a question of fact arising under an interim or post audit of this contract that is not disposed of by agreement, shall be reviewed by County's Chief Financial Officer.
- 13.11.2 Not later than 30 days after issuance of the final audit report, Consultant may request a review by County's Chief Financial Officer of unresolved audit issues. The request for review will be submitted in writing.
- 13.11.3 Neither the pendency of a dispute nor its consideration by County will excuse Consultant from full and timely performance, in accordance with the terms of this contract.
- 13.11.4 Consultant and subconsultant contracts, including cost proposals and ICR, are subject to audits or reviews such as, but not limited to, a contract audit, an incurred cost audit, an ICR Audit, or a CPA ICR audit work paper review. If selected for audit or review, the contract, cost proposal and ICR and related work papers, if applicable, will be reviewed to verify compliance with 48 CFR, Part 31 and other related laws and regulations. In the instances of a CPA ICR audit work paper review it is Consultant's responsibility to ensure federal, state, or local government officials are allowed full access to the CPA's work papers including making copies as necessary. The contract, cost proposal, and ICR shall be adjusted by Consultant and approved by County contract manager to conform to the audit or review recommendations. Consultant agrees that individual terms of costs identified in the audit report shall be incorporated into the contract by this reference if directed by County at its sole discretion. Refusal by Consultant to incorporate audit or review recommendations, or to ensure that the federal, state or local governments have access to CPA work papers, will be considered a breach of contract terms and cause for termination of the contract and disallowance of prior reimbursed costs.

13.12 Subcontracting.

- 13.12.1 Nothing contained in this contract or otherwise, shall create any contractual relation between County and any subconsultant(s), and no subcontract shall relieve Consultant of its responsibilities and obligations hereunder. Consultant agrees to be as fully responsible to County for the acts and omissions of its subconsultant(s) and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by Consultant. CONSULTANT's obligation to pay its subconsultant(s) is an independent obligation from County's obligation to make payments to the Consultant.
- 13.12.2 Consultant shall perform the work contemplated with resources available within its own organization and no portion of the work pertinent to this contract shall be subcontracted without written authorization by County's Contract Administrator, except that, which is expressly identified in the approved Cost Proposal.
- 13.12.3 Consultant shall pay its subconsultants within ten (10) calendar days from receipt of each payment made to Consultant by County.
- 13.12.4 All subcontracts entered into as a result of this contract shall contain all the provisions stipulated in this contract to be applicable to subconsultants.
- 13.12.5 Any substitution of subconsultant(s) must be approved in writing by County's Contract Administrator prior to the start of work by the subconsultant(s).

13.13 Equipment Purchase.

- 13.13.1 Prior authorization in writing, by County's Contract Administrator shall be required before Consultant enters into any unbudgeted purchase order, or subcontract exceeding \$5,000 for supplies, equipment, or Consultant services. Consultant shall provide an evaluation of the necessity or desirability of incurring such costs.
- 13.13.2 For purchase of any item, service or consulting work not covered in Consultant's Cost Proposal and exceeding \$5,000 prior authorization by County's Contract Administrator; three competitive quotations must be submitted with the request, or the absence of bidding must be adequately justified.
- 13.13.3 Any equipment purchased as a result of this contract is subject to the following: "Consultant shall maintain an inventory of all nonexpendable property. Nonexpendable property is defined as having a useful life of at least two years and an acquisition cost of \$5,000 or more. If the purchased equipment needs replacement and is sold or traded in, County shall receive a proper refund or credit at the conclusion of the contract, or if the contract is terminated, Consultant may either keep the equipment and credit County in an amount equal to its fair market value, or sell such equipment at the best price obtainable at a public or private sale, in accordance with established County procedures; and credit County in an amount equal to the sales price. If Consultant elects to keep the equipment, fair market value shall be determined at Consultant expense, on the basis of a competent independent appraisal of such equipment. Appraisals shall be obtained from an appraiser mutually agreeable to by County and Consultant, if it is determined to sell the equipment, the terms and conditions of such sale must be approved in advance by County." 49 CFR, Part 18 requires a credit to Federal funds when participating equipment

with a fair market value greater than \$5,000 is credited to the project.

14. Miscellaneous Provisions.

14.1 No Waiver of Breach.

The waiver by County of any breach of any term or promise contained in this Agreement shall not be deemed to be a waiver of such term or provision or any subsequent breach of the same or any other term or promise contained in this Agreement.

14.2 Construction.

To the fullest extent allowed by law, the provisions of this Agreement shall be construed and given effect in a manner that avoids any violation of statute, ordinance, regulation, or law. The parties covenant and agree that in the event that any provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated thereby. Consultant and County acknowledge that they have each contributed to the making of this Agreement and that, in the event of a dispute over the interpretation of this Agreement, the language of the Agreement will not be construed against one party in favor of the other. Consultant and County acknowledge that they have each had an adequate opportunity to consult with counsel in the negotiation and preparation of this Agreement.

14.3 Consent.

Wherever in this Agreement the consent or approval of one party is required to an act of the other party, such consent or approval shall not be unreasonably withheld or delayed.

14.4 No Third Party Beneficiaries.

Nothing contained in this Agreement shall be construed to create and the parties do not intend to create any rights in third parties.

14.5 Applicable Law and Forum.

This Agreement shall be construed and interpreted according to the substantive law of California, regardless of the law of conflicts to the contrary in any jurisdiction. Any action to enforce the terms of this Agreement or for the breach thereof shall be brought and tried in Santa Rosa or the forum nearest to the city of Santa Rosa, in the County of Sonoma.

14.6 Captions.

The captions in this Agreement are solely for convenience of reference. They are not a part of this Agreement and shall have no effect on its construction or interpretation.

14.7 Merger.

This writing is intended both as the final expression of the Agreement between the parties hereto with respect to the included terms and as a complete and exclusive statement of the terms of the Agreement, pursuant to Code of Civil Procedure Section 1856. No modification of this Agreement shall be effective unless and until such modification is evidenced by a writing signed by both parties.

14.8 Survival of Terms.

All express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

14.9 Time of Essence.

Time is and shall be of the essence of this Agreement and every provision hereof.

14.10 Rebates, Kickback or Other Unlawful Consideration.

Consultant warrants that this contract was not obtained or secured through rebates kickbacks or other unlawful consideration, either promised or paid to any County employee. For breach or violation of this warranty, County shall have the right in its discretion; to terminate the contract without liability; to pay only for the value of the work actually performed; or to deduct from the contract price; or otherwise recover the full amount of such rebate, kickback or other unlawful consideration.

14.11 Funding Requirements.

14.11.1 It is mutually understood between the parties that this contract may have been written before ascertaining the availability of funds or appropriation of funds, for the mutual benefit of both parties, in order to avoid program and fiscal delays that would occur if the contract were executed after that determination was made.

14.11.2 This contract is valid and enforceable only, if sufficient funds are made available to County for the purpose of this contract. In addition, this contract is subject to any additional restrictions, limitations, conditions, or any statute enacted by the Congress, State Legislature, or County Board of Supervisors that may affect the provisions, terms, or funding of this contract in any manner.

14.11.3 It is mutually agreed that if sufficient funds are not appropriated, this contract may be amended to reflect any reduction in funds.

14.11.4 County has the option to void the contract under the 30-day termination clause pursuant to Article 4, or by mutual agreement to amend the contract to reflect any reduction of funds.

14.12 Evaluation of Consultant.

Consultant's performance will be evaluated by County. A copy of the evaluation will be sent to Consultant for comments. The evaluation together with the comments shall be retained as part of the contract record.

14.13 Claims Filed by County's Construction Contractor.

14.13.1 If claims are filed by County's construction contractor relating to work performed by Consultant's personnel, and additional information or assistance from Consultant's personnel is required in order to evaluate or defend against such claims; Consultant agrees to make its personnel available for consultation with County's construction contract administration and legal staff and for testimony, if necessary, at depositions and at trial or arbitration proceedings.

- 14.13.2 Consultant's personnel that County considers essential to assist in defending against construction contractor claims will be made available on reasonable notice from County. Consultation or testimony will be reimbursed at the same rates, including travel costs that are being paid for Consultant's personnel services under this contract.
- 14.13.3 Services of Consultant's personnel in connection with County's construction contractor claims will be performed pursuant to a written contract amendment, if necessary, extending the termination date of this contract in order to resolve the construction claims.
- 14.13.4 Any subcontract in excess of \$25,000 entered into as a result of this contract, shall contain all of the provisions of this Article.

14.14 National Labor Relations Board Certification.

In accordance with Public Contract Code Section 10296, Consultant hereby states under penalty of perjury that no more than one final unappealable finding of contempt of court by a federal court has been issued against Consultant within the immediately preceding two-year period, because of Consultant's failure to comply with an order of a federal court that orders Consultant to comply with an order of the National Labor Relations Board.

14.15 Retention of Funds.

- 14.15.1 Any subcontract entered into as a result of this Contract shall contain all of the provisions of this section.
- 14.15.2 No retainage will be held by the County from progress payments due the prime consultant. Any retainage held by the prime consultant or subconsultants from progress payments due subconsultants shall be promptly paid in full to subconsultants within 30 days after the subconsultant's work is satisfactorily completed. Federal law (49 CFR 26.29) requires that any delay or postponement of payment over the 30 days may take place only for good cause and with the County's prior written approval. Any violation of this provision shall subject the violating prime consultant or subconsultant to the penalties, sanctions and other remedies specified in Section 7108.5 of the Business and Professions Code. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to the prime consultant or subconsultant in the event of a dispute involving late payment or nonpayment by the prime consultant, deficient subconsultant performance, or noncompliance by a subconsultant. This provision applies to both DBE and non-DBE prime consultant and subconsultants.

14.16 Contingent Fee.

Consultant warrants, by execution of this contract that no person or selling agency has been employed, or retained, to solicit or secure this contract upon an agreement or understanding, for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees, or bona fide established commercial or selling agencies maintained by Consultant for the purpose of securing business. For breach or violation of this warranty, County has the right to annul this contract without liability; pay only for the value of the work actually performed, or in its discretion to deduct from the contract price or consideration, or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee.

14.17 Inspection of Work.

Consultant and any subconsultant shall permit County, the state, and the FHWA if federal participating funds are used in this contract; to review and inspect the project activities and files at all reasonable times during the performance period of this contract including review and inspection on a daily basis.

14.18 Safety.

14.18.1 Consultant shall comply with OSHA regulations applicable to Consultant regarding necessary safety equipment or procedures. Consultant shall comply with safety instructions issued by County Safety Officer and other County representatives. Consultant personnel shall wear hard hats and safety vests at all times while working on the construction project site.

14.18.2 Pursuant to the authority contained in Section 591 of the Vehicle Code, County has determined that such areas are within the limits of the project and are open to public traffic. Consultant shall comply with all of the requirements set forth in Divisions 11, 12, 13, 14, and 15 of the Vehicle Code. Consultant shall take all reasonably necessary precautions for safe operation of its vehicles and the protection of the traveling public from injury and damage from such vehicles

14.18.3 Any subcontract entered into as a result of this contract, shall contain all of the provisions of this Article.

AGREEMENT FOR [CONSULTING/PROFESSIONAL] SERVICES

This agreement ("Agreement"), dated as of _____, 20__ (“Effective Date”) is by and between the County of Sonoma, a political subdivision of the State of California (hereinafter "County"), and Drake Haglan and Associates (hereinafter "Consultant").

RECITALS

WHEREAS, Consultant represents that it is a duly qualified and licensed civil engineer, experienced in the preparation of Plans, Specifications and Estimates, and related services; and

WHEREAS, in the judgment of the Department of Transportation & Public Works, it is necessary and desirable to employ the services of Consultant for On-Call Engineering Design Services.

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual covenants contained herein, the parties hereto agree as follows:

AGREEMENT

I. Scope of Services.

1.1 Consultant's Specified Services.

Consultant shall perform the services, if any, described in Attachment “A,” attached hereto and incorporated herein by this reference (hereinafter "Cost Proposal"), and as more particularly described in the applicable Task Order assigning the specific project, and within the times or by the dates provided for in Attachment “A”, the applicable Task Order and pursuant to Article 7, Prosecution of Work.

1.2 Cooperation With County.

Consultant shall cooperate with County and County staff in the performance of all work hereunder.

1.3 Performance Standard.

Consultant shall perform all work hereunder in a manner consistent with the level of competency and standard of care normally observed by a person practicing in Consultant's profession. County has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby agrees to provide all services under this Agreement in accordance with generally accepted professional practices and standards of care, as well as the requirements of applicable federal, state and local laws, it being understood that acceptance of Contractor’s work by County shall not operate as a waiver or release. If County determines that any of Consultant's work is not in accordance with such level of competency and standard of care, County, in its sole discretion, shall have the right to do any or all of the following: (a) require

Consultant to meet with County to review the quality of the work and resolve matters of concern; (b) require Consultant to repeat the work at no additional charge until it is satisfactory; (c) terminate this Agreement pursuant to the provisions of Article 4; or (d) pursue any and all other remedies at law or in equity.

1.4 Assigned Personnel.

- 1.4.1 Consultant shall assign only competent personnel to perform work hereunder. In the event that at any time County, in its sole discretion, desires the removal of any person or persons assigned by Consultant to perform work hereunder, Consultant shall remove such person or persons immediately upon receiving written notice from County.
- 1.4.2 Any and all persons identified in this Agreement, any Exhibit or Attachment hereto, or any Task Order issued hereunder as the project manager, project team, or other professional performing work hereunder are deemed by County to be key personnel whose services were a material inducement to County to enter into this Agreement, and without whose services County would not have entered into this Agreement. Consultant shall not remove, replace, substitute, or otherwise change any key personnel without the prior written consent of County.
- 1.4.3 In the event that any of Consultant's personnel assigned to perform services under this Agreement become unavailable due to resignation, sickness or other factors outside of Consultant's control, Consultant shall be responsible for timely provision of adequately qualified replacements.

1.5 Consultant's Reports or Meetings.

- 1.5.1 Consultant shall submit progress reports on each specific project in accordance with the Task Order. These reports shall be submitted at least once a month. The report should be sufficiently detailed for County's Task Order Manager to determine, if Consultant is performing to expectations, or is on schedule; to provide communication of interim findings, and to sufficiently address any difficulties or special problems encountered, so remedies can be developed.
- 1.5.2 Consultant's Project Manager shall meet with County's Contract Administrator or Task Order Manager, as needed, to discuss progress on the project(s) or contract related issues.

1.6 Federal Requirements.

Task Orders under this Agreement may be funded by The Federal Emergency Management Agency (FEMA). Consultant shall comply with all applicable Federal Requirements attached hereto as Exhibit "A" – Federal Provisions.

2. Allowable Costs and Payments.

2.1 Method of payment.

Consultant will be reimbursed for hours worked at the hourly rates specified in Consultant's Cost Proposal (Attachment A). The specified hourly rates shall include direct salary costs, employee benefits, overhead, and fee. These rates are not adjustable for the performance period set forth in

this Agreement.

In addition, Consultant will be reimbursed for incurred (actual) direct costs other than salary costs that are in the cost proposal and identified in the cost proposal and in the executed Task Order.

2.2 Task Orders.

- 2.2.1 Specific projects will be assigned to Consultant through issuance of Task Orders.
- 2.2.2 After a project to be performed under this Agreement is identified by County, County will prepare a draft Task Order; less the cost estimate. A draft Task Order will identify the scope of services, expected results, project deliverables, period of performance, project schedule and will designate a County's Task Order Manager. The draft Task Order will be delivered to Consultant for review. Consultant shall return the draft Task Order within ten (10) calendar days along with a Cost Estimate, including a written estimate of the number of hours and hourly rates per staff person, any anticipated reimbursable expenses, overhead, fee if any, and total dollar amount. After agreement has been reached on the negotiable items and total cost; the finalized Task Order shall be signed by both County and Consultant.
- 2.2.3 Task Orders may be negotiated for a lump sum (Firm Fixed Price) or for specific rates of compensation, both of which must be based on the labor and other rates set forth in Consultant's Cost Proposal.
- 2.2.4 Consultant shall not commence performance of work or services until this Agreement has been approved by County, and notification to proceed has been issued by County's Task Order Manager. No payment will be made prior to approval or for any work performed prior to approval of this Agreement.
- 2.2.5 A Task Order is of no force or effect until returned to County and signed by an authorized representative of County. No expenditures are authorized on a project and work shall not commence until a Task Order for that project has been executed by County.
- 2.2.6 The period of performance for Task Orders shall be in accordance with dates specified in the Task Order. No Task Order will be written which extends beyond the expiration date of this Agreement.
- 2.2.7 The total amount payable by County for an individual Task Order shall not exceed the amount agreed to in the Task Order, unless authorized by contract amendment.
- 2.2.8 If the Consultant fails to satisfactorily complete a deliverable according to the schedule set forth in a Task Order, no payment will be made until the deliverable has been satisfactorily completed.
- 2.2.9 Task Orders may not be used to amend this Agreement and may not exceed the scope of work under this Agreement

2.3 Transportation & Subsistence.

Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal.

2.4 Milestone Costs.

When milestone cost estimates are included in the approved Cost Proposal, Consultant shall obtain prior written approval for a revised milestone cost estimate from the County's Task Order Manager before exceeding such cost estimate.

2.5 Progress Payments.

Progress payments for each Task Order will be made monthly in arrears based on services provided and actual costs incurred.

2.6 [RESERVED].

2.7 Invoices.

2.7.1 Consultant will be reimbursed, as promptly as fiscal procedures will permit upon receipt by County's Contract Administrator of itemized invoices. Separate invoices itemizing all costs are required for all work performed under each Task Order. Invoices shall be submitted no later than 45 calendar days after the performance of work for which Consultant is billing, or upon completion of the Task Order. Invoices shall detail the work performed on each milestone, on each project as applicable. Invoices shall follow the format stipulated for the approved Cost Proposal and shall reference this Agreement number, project title and Task Order number. Credits due County that include any equipment purchased under the provisions of Article 13.13 Equipment Purchase of this Agreement, must be reimbursed by Consultant prior to the expiration or termination of this Agreement. Invoices shall be mailed to County's Contract Administrator at the following address:

David Cameron
2300 County Center Drive, Suite B-100
Santa Rosa, CA 95403

2.7.2 In addition to compliance with the requirements of this Article 2, including Article 2.7.1 above, Consultant shall submit its bills in arrears on a monthly basis in a form approved by County's Auditor and the Head of the County Department receiving the services. The bills shall show or include: (i) the task(s) performed; (ii) the time in quarter hours devoted to the task(s); (iii) the hourly rate or rates of the persons performing the task(s); and (iv) copies of receipts for reimbursable materials/expenses, if any. Expenses not expressly authorized by the Agreement shall not be reimbursed, including a copy of all invoices paid to subcontractors for work required included in the prime consultant's invoice. Consultant shall submit the Subcontractor Payment Declaration with each invoice.

2.7.3 Unless otherwise noted in this Agreement, payments shall be made within the normal course of County business after presentation of an invoice in a form approved by the County for services performed. Payments shall be made only upon the satisfactory completion of the services as determined by the County.

2.8 Contract Value/Not-to-Exceed Compensation.

2.8.1 The total amount payable by County for all Task Orders issued under this Agreement shall not exceed \$975,000.00.

- 2.8.2 The not-to-exceed amount of \$975,000 set forth in section 2.8.1 is an aggregate not-to-exceed amount across this Agreement and an Agreement No. OC18-D1 with Consultant. Any compensation expended by County to pay Consultant under Agreement No. OC18-D1 will reduce the not-to-exceed amount set forth in section 2.8.1 of this Agreement by the same amount.
- 2.8.3 This Agreement and Agreement No. OC18-D1 will be administered by the County's Transportation and Public Works department to ensure that the total aggregate amount of compensation to Consultant across this Agreement and Agreement No. OC18-D1 does not exceed the amount set forth in section 2.8.1.
- 2.8.5 Consultant acknowledges, understands and agrees that there is no guarantee, either expressed or implied that the dollar amount set forth in section 2.8.1 or any portion thereof will be authorized under this Agreement through Task Orders.

2.9 Salary Increases.

Salary increases will be reimbursable if the new salary is within the salary range identified in the approved Cost Proposal and is approved by County's Contract Administrator.

For personnel subject to prevailing wage rates as described in the California Labor Code, all salary increases, which are the direct result of changes in the prevailing wage rates are reimbursable.

2.10 [RESERVED].

2.11 Taxes.

- 2.11.1 Consultant agrees to file federal and state tax returns and pay all applicable taxes on amounts paid pursuant to this Agreement and shall be solely liable and responsible to pay such taxes and other obligations, including, but not limited to, state and federal income and FICA taxes. Consultant agrees to indemnify and hold County harmless from any liability which it may incur to the United States or to the State of California as a consequence of Consultant's failure to pay, when due, all such taxes and obligations. In case County is audited for compliance regarding any withholding or other applicable taxes, Consultant agrees to furnish County with proof of payment of taxes on these earnings.
- 2.11.2 Pursuant to California Revenue and Taxation code (R&TC) Section 18662, the County shall withhold seven percent of the income paid to Consultant for services performed within the State of California under this agreement, for payment and reporting to the California Franchise Tax Board, if Consultant does not qualify as: (1) a corporation with its principal place of business in California, (2) an LLC or Partnership with a permanent place of business in California, (3) a corporation/LLC or Partnership qualified to do business in California by the Secretary of State, or (4) an individual with a permanent residence in the State of California.
- 2.11.3 If Consultant does not qualify, County requires that a completed and signed Form 587 be provided by the Consultant in order for payments to be made. If consultant is qualified, then the County requires a completed Form 590. Forms 587 and 590 remain valid for the duration of the Agreement provided there is no material change in facts. By signing either form, the contractor agrees to promptly notify the County of any changes in the

facts. Forms should be sent to the County pursuant to Article 12. To reduce the amount withheld, Consultant has the option to provide County with either a full or partial waiver from the State of California.

3. Term of Agreement.

3.1 Term.

This Agreement shall go into effect on (_____)contingent upon approval by County, and Consultant shall commence work after notification to proceed by County's Contract Administrator. The Agreement shall end on (_____), unless extended by amendment.

3.2 Task Order Term
