

Paid Candidate Statements

Statements are prepared by the candidate and are printed at the expense of the candidate unless otherwise determined by the governing body. Statements can be translated by a third party and printed in Spanish at an additional cost. Each candidate's statement is printed exactly as submitted by the candidate, including errors. A full list of candidates appears on the Sample Ballot, minus any qualified write-in candidates.

<p style="text-align: center;">Member of the State Assembly, 10th District</p> <hr/> <p>MARC LEVINE</p> <p>I am honored to represent the North Bay communities of Sonoma and Marin Counties from the Golden Gate to Santa Rosa and from Point Reyes to the San Pablo Wildlife Refuge. We live in an amazing place and I am proud to represent you in the State Assembly. Together, we've protected our treasured natural resources, made progress on building an economy that works for everyone, repaired California's failing roads, highways and bridges, increased wages and benefits for working families, and assured that underserved communities don't fall through the cracks.</p> <p>My guiding principles include advancing an informed and independent perspective in the Legislature. At a time when California is not getting the support or cooperation we deserve from the federal government on the environment, immigration or fiscal issues, I will fight for the values of Californians.</p> <p>Partnering with local leaders, nonprofit organizations and advocacy groups, I am proud that together we have advanced legislation to: Fight climate change, preserve open spaces, safeguard our communities from wildfires, better regulate PG&E, protect the human rights of immigrants, reinvest in our schools and universities, keep assault weapons off our streets, expand access to health care including mental health services, and make our public pension system solvent.</p> <p>There is only one California. The world often follows California's leadership in setting public policies that enhance our quality of life. I am honored to serve you in this process and respectfully ask for your vote.</p>	<p style="text-align: center;">Member of the State Assembly, 10th District</p> <hr/> <p>VERONICA "RONI" JACOBI</p> <p>We need bold optimal action for climate solutions now! As an engineer, mother, foster-mother, former Santa Rosa Councilwoman, bilingual and raised by immigrant grandparents, I have the passion, education, experience, heart, and grit to make wise use of our hard-earned tax dollars. I'm promising 25% of my Assembly salary to nonprofits.</p> <p>I've created the "California Good Jobs, Housing and Climate Plan" for our urgently needed changes. This includes interwoven affordable housing and food security, fire defense, forest management, drought readiness, carbon pollution fees, public banking, and carbon-farming incentives. We have what's needed to solve climate disruption, but we need political will. I have the will!</p> <p>I'll stand strong for clean water, air, and energy; youth-enriching schools; regenerative agriculture; gun control; and user-friendly transit. I'll safeguard neighborhoods, greenbelts, coastal areas, and parks. I'm committed to universal healthcare, government transparency, fiscal responsibility, campaign finance reform, and cost-effective infrastructure maintenance.</p> <p>I co-founded Sonoma County Water Coalition; founded OurGreenChallenge.org; served on executive boards: Sierra Club Sonoma Group, Sonoma County Conservation Council, National Women's Political Caucus; provided family eldercare; coached Special Olympics. I have been endorsed by Marsha Dupre and Matt Maguire, former Councilmembers; by Dan Monte and by many local leaders and residents, giving these reasons: integrity, intellect, leadership, energy engineering experience, accomplished civic record, listening skills, compassion, exceptional preparation, creativity, determination, multi-solutions systems thinking.</p> <p>Elect a community and environmental award-winner who's advanced climate progress for over 20 years. Together, let's champion solutions for our future! I respectfully request your vote. En Español: www.RoniJacobi.com 707-575-5594</p>
<p style="text-align: center;">Member of the State Assembly, 10th District</p> <hr/> <p>TED CABRAL</p> <p>As a native son of Petaluma with family roots reaching back to the 1850s, my love for our extraordinary region runs deep. From our breathtaking coastline to the many welcoming communities dotting our landscape, we live in perhaps one of the finest regions in the world.</p> <p>Unfortunately, we are starting to see signs of social and communal decline. Our society is forcing other humans to live without shelter. Healthcare costs are staggering to many in the middle class. Infrastructure is crumbling everywhere we turn and population growth is rarely being factored into our planning processes.</p> <p>As a community we have elected people to leadership positions who have repeatedly failed us. Many campaign pledges are made then broken, all while they chase financial donations instead of providing leadership and sound governmental services.</p> <p>Based on results, it's time for a new direction.</p> <p>I pledge to be fair. To utilize my leadership skillset and improve communication between the layers of government. I also pledge to be frugal with your tax dollars. As an example, my campaign has used technology to reduce expenses and keep within an extremely low budget. I will introduce bills to improve transportation and bicycle infrastructure. I will assemble a team of experts to find solutions for the homeless epidemic. I would produce a plan to reduce healthcare costs for the middle class.</p> <p>It's time to establish an inventive mindset in our government. To do this, I need your vote.</p>	<p style="text-align: center;">Miembro de la Asamblea Estatal, Distrito 10</p> <hr/> <p>TED CABRAL</p> <p>Como hijo nativo de Petaluma con raíces familiares que se remontan a la década de 1850, mi amor por nuestra extraordinaria región es muy profundo. Desde nuestra impresionante costa hasta las numerosas comunidades acogedoras que salpican nuestro paisaje, vivimos en quizás una de las mejores regiones del mundo.</p> <p>Lamentablemente, estamos comenzando a ver signos de declive social y comunitario. Nuestra sociedad está obligando a otras personas a vivir sin refugio. Los costos de la atención médica son abrumadores para muchas personas en la clase media. La infraestructura se está desmoronando en todas partes y el crecimiento de la población rara vez se tiene en cuenta en nuestros procesos de planificación.</p> <p>Como comunidad, hemos elegido a personas para cargos de liderazgo que nos han fallado repetidamente. Muchas promesas de campaña se hacen y luego se rompen, todo mientras persiguen donaciones financieras en lugar de proporcionar liderazgo y servicios gubernamentales sólidos.</p> <p>Según los resultados, es hora de una nueva dirección.</p> <p>Prometo ser justo. Utilizar mis habilidades de liderazgo y mejorar la comunicación entre las capas del gobierno. También prometo ser austero con sus dólares de impuestos. Como ejemplo, mi campaña ha utilizado la tecnología para reducir gastos y mantener un presupuesto extremadamente bajo. Presentaré proyectos de ley para mejorar la infraestructura de transporte y bicicletas. Reuniré un equipo de expertos para encontrar soluciones a la epidemia de personas sin hogar. Elaboraré un plan para reducir los costos de la atención médica para la clase media.</p> <p>Es hora de establecer una mentalidad inventiva en nuestro gobierno. Para hacer esto, necesito su voto.</p>
