2019 Countywide Assessment of Fair Housing

## Neighborhood Profile -

## Bellevue

Census Tract: 153200
The Bellevue neighborhood is a census tract in Sonoma County, in Supervisorial District 5. The neighborhood is significantly foreign born with nearly $20 \%$ identifying as foreign born. The median income is significantly lower than the rest of Sonoma county ( $\$ 30,577 / \mathrm{lyr}$ vs. $\$ 72,000 / \mathrm{yr}$ ), and the unemployment rate is more than twice that of the county, but the percentage of the
 population employed is slightly higher than that of the county. (64.1\% vs 6o.7\%)

The neighborhood has a significantly higher number of households who rent compared to the County at large. Households in the neighborhood have relatively normal rates of overcrowding but have slightly higher substandard living conditions. The homes face a lower cost burden than the county at large. The share of adults with a college education is slightly lower than that of the county, however, K-12 students in the neighborhood score slightly higher in English and significantly higher in math proficiency and have lower rates of truancy.

The neighborhood has very good air quality, but very low rates of high school enrollment, remarkably high rates of house overcrowding, and a relatively high severe housing cost burden for renters.
