What is the Comprehensive Multi-agency
Juvenile Justice (CMJJ) Plan?

Developing the CMJJ Plan has been a primary function of the Juvenile Justice Coordinating Council (JJCC) since its formation in 1996

Per Welfare and Institutions Code (WIC) §749.22, each county shall be required to establish a multiagency juvenile justice coordinating council that shall develop and implement a continuum of county-based responses to juvenile crime.

As 2022 draws to a close, what is
the current state of the CMJJ Plan?

We have made a lot of progress. However,
some priorities have shifted due to:

- Passage of Senate Bill (SB) 823 which realigned youth from the Division of Juvenile Justice (DJJ)
- The pandemic
- A general decline in referrals

The 2020-2022 CMJJ Plan has seen extensive progress

Completed/Continuous	In Progress	Not Started
Created new policies and eligibility criteria for pre-file diversion based on the PACT	Enhance diversion partnerships with law enforcement, HSD, schools	Map funding streams to leverage community resources
Implemented a revised Detention Risk Assessment Instrument (DRAI) & policy, including training and data collection	Use the graduated response matrix to fidelity	One-stop assessment center
Implemented the Child-Family Team Meetings model at all points in continuum	Paid, bilingual position to navigate families through Probation process	Limit detention thru non-secure residential or community based alternatives
Expansion of CBO partnerships for reentry	Finalize DRAI QA for ongoing data collection & analysis	Mandatory family finding/kinship placement; no detention

What is next for the CMJJ Plan?

With a new JJCC, we have a lot of options:

- Continue work on the existing goals
- Review, prioritize, and remove goals that no longer are feasible
- Do a whole new assessment
- A hybrid – make a short list of priorities and do an assessment within that those goals, as needed
