Susan Gorin, Supervisor First District
County of Sonoma
575 Administration Drive
Room 100 A
Santa Rosa, CA 95403

Dear Supervisor Gorin,

The Springs Municipal Advisory Council (Springs MAC) would like to summarize our activities and accomplishments over the calendar year of 2020-2021 and cumulative updates for you and other members of the Board of Supervisors. Our summary is drawn from the complete record of activities extracted from our meeting minutes.

Monthly Meetings- The Springs MAC generally convenes the fourth Tuesday of every month at 6:30pm. Prior to March 2020, meetings were held in person at the Springs Community Hall. Currently meetings are held virtually via the Zoom platform.

Member History- The initial council was launched with the following members

Robin Anderson-deceased
Ellen Conlan-resigned February 2021
Avram Goldman
Maite Iturri (current Chair)
Ryan Lely-resigned January 2021
Iris Lombard
Omar Paz-resigned November 2020
John Wheatley-served one term
Ray Willett (current Vice Chair)

Current council-including newest members appointed July 2021 includes:
Jesus Yeuri Alcaraz

08.24.2021

Page 2

Joanne Brown (resigned)
Avram Goldman
Maite Iturri (current Chair)
Iris Lombard
Hannah Perot
Maricarmen Reyes
Ray Willett (current Vice Chair)
Vacant

Organizational year- The Springs MAC has been operational for three years. Since 2019 was the initial year following MAC formation, it was generally felt necessary by council members, staff and the chair to request key county department heads or designates to appear before the Council to introduce themselves and provide an overview of their departments' organization, mission and key objectives for Councilmembers.

Ad Hoc Committees

Emergency Preparedness (current June 2021)
Arts (current June 2021)
Fire Safe/Fire Wise (current June 2021)
Map Your Neighborhood (MYN)
Plaza
Survey
Communication
Outreach (Current July 2021)

Accomplishments

Review of potential shelters and Temporary Evacuations Point (TEP)
Development of Fire Safe/Fire Wise Council
CONEX Container to be place on Altimira Campus
Map Your Neighborhood (MYN)
Emergency Preparedness for Springs Community
Support of NeighborFest and Pop Up Vaccine Clinic
Review of traffic issues
Presentations of finances regarding incorporation and annexation

Communications

Social Media – Facebook
KSVY broadcasting

Presentations and Actions-We have received presentations from the following departments and community members in Sonoma County and Sonoma Valley:

EMERGENCY PREPAREDNESS and SAFETY

Nancy Brown, County of Sonoma Community Preparedness Program Manager: Community Disaster Preparedness Plan Development Resolution

Emergency Preparedness

The Springs MAC identified early on the urgent need for emergency preparedness particularly in the unincorporated area of Sonoma Valley (aka the Springs). The Ad Hoc committee has been busy educating ourselves and working collaboratively with City and County officials and departments to develop a plan for the Springs. Our focus includes fire safety as well as other emergencies.

We have collaborated with Supervisor Gorin, Karina Garcia, County Human Services, Emergency Management, SoCo Emergency and DEM, Red Cross, Sonoma Valley Unified School District (SVUSD), Rebuild NorthBay, Sonoma City Council, Fire Safe Council, Community Emergency Response Team, LISTOS CA and Map Your Neighborhood (MYN). As results to our efforts, we are preparing plans for the establishment of a Fire Safe Council for the Springs Area. In addition, Springs MAC members will be CERT trained and community members have been participating in LISTOS training. MYN work is beginning to take shape by prioritizing some of the higher need areas in the Springs.

The two areas of greatest need to date are the establishment of potential shelter locations and the supplies needed to support a shelter. During the fires of 2017, local volunteers and organizations provided meals, donations, information, and a safe harbor for hundreds of residents in need. We cannot rely alone on the kindness of our neighbors during catastrophic events.

We as community leaders we need to be prepared. As always, Sonoma community members will be ready to serve in any capacity necessary. However, everyone will rest a little easier knowing there is a plan in place.

As we approach the fourth anniversary of the 2017 fires, we are requesting support from the Sonoma County Board of Supervisors to create emergency supplies to be stored by SVUSD in the event of another natural disaster. The following itemized list will be stored in a mobile trailer for deployment to the identified shelter.

- The Sonoma County Department of Emergency Management to provide 20 cots (additional non-ARC cots and blankets will be included), Temporary Evacuation kit which includes: gloves, masks, hand sanitizer contactless thermometers, a shelter administrative kit, signage, sign-in sheets, ARC reference, Sonoma County Shelter handbook
- Two pallets hold 1,152 MRE's size is 48"x40" by 7.5', supplied in 1,152 MRE increments. Good for 5 years. As of April 2020, the shelf life is 4.5 years.

FIRE SAFE COUNCIL AD HOC

In September 2020, a resolution was passed by unanimous vote of the Spring's MAC Council members to form a Fire Safe Council within the footprint of the Spring's MAC. The Fire Safe Council Ad Hoc has had an up-tick in activity over the spring and early summer with the additions of Local Fire Agency representatives and Community members. Current members of the Ad Hoc are:

- John Wheatley, Local resident, former MAC member and Vice President, Insurance Services Redwood Credit Union
- Gary Johnson, Administrative Captain- Prevention Bureau Sonoma Valley Fire
- Lucas Patzek, Local resident and Executive Director, Napa County Resource Conservation District
- Sarah Szewczyk, Local resident

08.24.2021

Page 5

- Ray Willett, Local Resident, Springs MAC Vice-Chair, Local Architect

Over the past year the Ad Hoc has been engaged with the Sonoma Fire Safe Alliance, Fire Wise Sonoma, and local agencies. The Ad Hoc, at the suggestion of Fire Safe Sonoma, investigated the option of forming under the umbrella of Fire Wise Communities, however our community is ~7000 residences and certification for Fire Wise Communities is up to 2500 residences.

The Springs Community Fire Safe Council will need to determine if it can enter into an agreement with a Fiscal Sponsor or will form a 501C. Next steps are:

- Elect Board of Directors and Executive Board Members
- Committee Development
- Develop a Mission Statement
- Determine Overall Objectives
- Choose Fire Safe Council Name: Springs Community Fire Safe Council
- Discuss Projects Ideas and Determine Feasibility
- Assign Responsibility for Projects
- Target Future Members

The goals of the Springs Fire Safe Council (SFSC) are:

Increase the sustainability and thus the ability of the community to survive.

- Support grassroots Neighborhood organization for multi-hazard disaster response (Map Your Neighborhood, CERT, COAD, LISTOS, etc.)
- CWPP (Community Wildfire Prevention Plan): Initiate and maintain a CWPP for the Springs Community.
- Ongoing: Identify CWPP Projects and funding
- Identify Projects that increase the Resilience and Sustainable of the Community
- Secure Grant Funding and Funding Partners for Community Projects

EMERGENCY PREPAREDNESS AD HOC

The Emergency Preparedness Ad Hoc was formed at the January 2020 Springs MAC meeting. The COVID-19 epidemic quickly forced recognition that the necessity for social distancing and masking would complicate evacuation planning. Communication, Action, Shelter and Resources became the focus for the Ad Hoc. Exploration began to expose the complexities of preparing for multiple types of emergencies, including that of a combination of emergency situations. Conversations with the Red Cross started, as well as with other government and non-governmental organizations. Although hampered by COVID-19 closures, securing shelter locations and a place to stock emergency supplies has gone well.

Ad Hoc determines that the Map Your Neighborhood program would be a good fit for developing emergency preparedness in the Springs neighborhoods. The program was developed in Washington State and is utilized in locations in Sonoma County and the US. On the neighborhood level MYN is a slightly larger version of the connections Sonoma County neighbors made during the 2017 fires. On the macro level connections between neighborhoods facilitate the flow of information and ideas. The ability to reach out to neighbors has been hampered by COVID-19, but slow progress is being made.

Additionally, it is recognized that pandemics (COVID-19) and climate change are posing additional emergencies that will need to be and are being considered.

Accomplishments include:

Identifying challenges in the Spring's Community

Information distributed to the community:

- LISTOS training for individual/family preparedness (go bags)
- SoCoAlerts and CalAlerts
- COVID-19 testing and vaccination opportunities
- Food and financial assistance for those infected with COVID
- Participation in NeighborFest vaccination events with MYN information
- Distribution of "Evacuated" tags and information on use
- Grant (10K) acquired for MYN supplies and a temporary/part time employee. Applicant interviewed and Dana Bravo accepts position. Sonoma Ecology Center will administer.

Initiated review of locations for shelters in the Springs

- Potential sites identified in collaboration with Sonoma County and Red Cross. These include: Hanna Boys Center, Boys and Girls Club, Altimira, Flowery and El Verano Schools.
- CONEX trailer to be located at Altimira School for emergencies with supplies from Sonoma County, Red Cross and Catholic Charities

PLAZA AD HOC

The Plaza Ad Hoc committee consisted of three members, Chair Ellen Conlan, John Wheatley and Avram Goldman. Members Conlan and Wheatley have since resigned from the MAC.

The committee after extensive research on the history of the possibility of a Plaza and funding possibilities to pay for the Plaza developed a plan to move forward. The idea of a Plaza has been floated for over 20 years. The Springs Community Alliance developed a plan with the help of a local architect as to a design. The possibility of funding could potentially be found in the \$1.8 million dollars of funding left over from the Highway 12 sidewalk and lighting project.

Most recently with the purchase of the Boyes post office building by Ken Mattson, Supervisor Gorin said she is working with Mattson on some ideas for a future Plaza. She said the work of the Ad Hoc Committee has been suspended until further notice.

ART AD HOC

The Art Ad Hoc was initially inspired to beautify the Spring's with a public art campaign beginning with the PG&E boxes. We are investigating the possibilities of this option as well as others. ArtEscape is willing to partner in the work. Avram Goldman and Maite Iturri are leading the art campaign for the MAC. The work is in its infancy and we will continue to report as we progress forward.
