

April 2014

2013 / 2014 Disaster Programs Sign Up Open Now thru January 30, 2015.

Sonoma and Marin County Producers qualify and can now sign up for 2013 / 2014 Disaster Programs including the 2013 / 2014 Livestock Feed Program (LFP). Applications have been received and are ready for producers to come fill out an application.

We have our new conference room available for multiple sign ups at once. If you have farm changes you will probably be better off scheduling an appointment. If you have all your paperwork up to date, the process should be fairly easy.

New producers will need to have the most information to bring in and will require an appointment. However, you may come in to get general information and ask questions about the paperwork that you will need. Please call if you think you need an appointment 707-664-8593

Additionally look for announcements on Future Town Hall Meetings regarding more detailed information on these permanent programs. You can learn how they can be utilized in the future.

Remember to Bring:

Inventory of for 2013 / 2014 Animal numbers by weight / animals sold due to drought

Any new leases / deeds for land aquired and not in our files.

Acreage reports for 2013 / 2014.

Questions?

Please contact Lisa Velasquez, County Executive Director, at (707) 664-8593, lisa.velasquez@usda.gov or for Farm Loans, please contact FLO Karri Bartolomei, Farm Loan Officer, at (707) 468-9225.
