Executive Summary

As a part of the 2017-2018 Audit Plan, the Internal Audit Division of the Sonoma County Auditor-Controller-Treasurer-Tax Collector's Office (ACTTC) has completed a compliance audit of the Sonoma County Advertising Fund Grant Recipients. The Sonoma County Advertising Fund disbursed \$1,666,286 to 63 community-based organizations and local governments for Fiscal Year 2016-17. The County Administrator's Office (CAO) and the Economic Development Board selected 9 recipients to be audited, which covered \$378,376, or 23% of the overall total disbursed.

All 9 entities listed in Appendix A complied with the terms of their respective grant agreements, except as follows:

1. We were not able to determine if \$25,735 of expenses submitted for reimbursement by Sonoma County Vintners AgGregate (SCVA) on behalf of the Sonoma County Winegrape Commission (SCWC) met the requirements of the grant agreement and/or the Advertising and Promotion policy of the County Board of Supervisors.
2. The Russian River Chamber of Commerce incorrectly classified \$2,562 in Advertising Fund revenue as membership dues collected. Since, based on the grant agreement, the County pays the grant recipients an amount equal to 10% of the membership dues they collect, Russian River Chamber of Commerce was over paid by \$256.

The above findings and the related recommendations are discussed in more detail beginning on page 5 of this report.

Introduction and Background

Introduction

The ACTTC completed an audit of selected Sonoma County Advertising Fund grant recipients for the Fiscal Year Ended June 30, 2017. We conducted our audit in accordance with the *International Standards for the Professional Practice of Internal Auditing (Standards)*. These Standards require that sufficient information and evidence to achieve our audit objectives are identified, evaluated, and documented. The evidence obtained provides a reasonable basis for the results, observations, and recommendations contained in our report.

The purpose of this audit report is to furnish management independent and objective analyses, recommendations, and other information concerning the activities reviewed. The audit report is a tool to help management identify and implement improvements.

Background

There were 63 agreements awarded and \$1,666,286 disbursed to community-based organizations and local governments from the Advertising Fund in the fiscal year ended June 30, 2017. Agreement amounts ranged from \$190 to \$175,000. The Advertising Fund recipients that were selected for review received a total of \$378,376, which represents approximately 23% of the total disbursed during our audit period.

Additional background information is provided in Appendix A.

The 9 Advertising Fund recipients included in our audit were either selected by the CAO, or the Economic Development Board.

We applied the procedures listed below to the selected grant recipients' Advertising Fund revenues and associated expenditures for the period covered by our audit. The grant recipient's advertising expenditures were reviewed for compliance with thresholds set forth in their agreements with the County and the Advertising and Promotions Policy for the 2017 fiscal year.

Appendix B contains the Advertising and Promotions Policy that was in effect for the fiscal year ending June 30, 2017. The Advertising and Promotions grants are funded by the transient occupancy tax (TOT). The Sonoma County TOT increased from 9% to 12% with the passing of Measure L which took effect January 1, 2017. This increase is not reflected in the Advertising and Promotions Policy presented in appendix B. Measure L addresses the impacts of tourists by investing in roads, emergency response, workforce housing for families and veterans, water quality protection, and other County services.

Objectives and Scope

Objectives

The objectives of this audit were to:

1. Confirm that Advertising Funds received from the County of Sonoma were deposited into the selected grant recipient's bank account and recorded in appropriate accounts in their general ledger.
2. Determine if the selected grant recipients had adequate controls in place to ensure compliance with Government Code Section 26100 as required by the Advertising and Promotions Policy found in Appendix B of this report and the terms of the grant agreements with the County.

Scope

The audit period covered the Advertising Fund grant agreements for the period from July 1, 2016 through June 30, 2017. The scope of our work included but was not limited to the following:

- A preliminary survey to update our knowledge of the operating environment
- Identify changes in laws and regulations, systems, personnel and organization structure
- A review and evaluation of internal controls designed to ensure compliance with the above requirements and to adequately reduce the risks identified

Our audit included inquiry, observation, and testing for assessing recipient's controls over its deposits and advertising disbursements.

Procedures and Staff Acknowledgment

Procedures

We performed the procedures outlined below for 9 recipients listed in Appendix A to achieve our audit objectives with respect to advertising funds received and disbursed.

- 1) For each entity we audited, we reconciled the amounts it claimed for reimbursement from the County with the deposit shown on its bank statement and with the total grant revenue recorded in its general ledger account. We verified that each entity's Advertising Fund revenue did not exceed the amount awarded.
- 2) We examined the General Ledger of the recipients to determine if expenditures meeting the grant requirements at least equaled the total grant amount. For a sample of grant related expenditures, we reviewed supporting documents to determine whether they met the funding category criteria, were recorded in the proper period and were properly classified as advertising expense.
- 3) We confirmed that staffing expenditures claimed agreed with the general ledger, employee timecards and payroll ledger.

Staff Acknowledgment

We appreciate the courtesy and cooperation extended to us by the CAO, Economic Development Board and the grant recipients. We would like to thank management and staff for their time, information, and cooperation throughout the audit.

Findings, Recommendations & Other Matters

We identified two items, as noted below, with a Risk Classification C: Control Findings, as a result of our procedures. For purposes of reporting our audit findings and recommendations, we classify audit report findings into three distinct categories to identify the perceived risk exposure. These categories are outlined in detail in Appendix C of this report.

FINDING 1

CONDITION:

SCVA submitted invoices totaling \$282,467 to support the \$174,324 in grant it was awarded for the period under audit. After reviewing a sample of invoices and finding a number of exceptions, we decided to review 100% of the invoices. We found that of the \$282,467 in invoices submitted, disbursements of \$148,589 clearly met the requirements of the grant agreement. Disbursements of \$25,735 were not conclusively eligible for reimbursement under the grant agreement.

The \$25,735 mentioned above includes invoices from SCWC totaling \$23,640 that have the description "Public Relations fee for services on your behalf for the month of June, July...". Based on that description we are not able to determine if the services provided are covered under the agreement between the County and SCVA entered into on June 15th, 2016. The remaining invoices covering \$2,095 in expenses from SCWC are for hosting dinners for members of the media. It is unclear if providing dinners to the media qualify as Advertising and Promotions activities covered by the contract.

CAUSE:

The language in the Advertising and Promotions Policy and the grant agreement is ambiguous making it difficult for the grant recipient staff to comply with and County staff to review for compliance with its terms.

CRITERIA:

The grant agreement, the Advertising and Promotions Policy and the applications completed by the entity, describe the nature of activities eligible for reimbursement. The following are the salient terms and conditions relating to qualified costs:

- 1) The agreement states that the grantee services are to be rendered as set forth in the submitted application, and additionally that any expenditures be in compliance with the Advertising and Promotions Policy.
- 2) Invoices and other documentation provided to the County to support the grant reimbursement claims should contain sufficient detail to determine what expenses were for, and that services or items received comply with the grant agreement and Advertising and Promotions Policy.
- 3) The Advertising and Promotions Policy states "“Advertising” shall be taken to mean the cost of advertisements in radio, television, newspapers and magazines, printing of newsletters, direct mail, posters and handbills, internet and other paid advertising, the purpose of which is to draw an increased attendance at an event”.
- 4) The Advertising and Promotions Policy states "“Promotions” shall be taken to mean costs of communication primarily directed outside of the County for which the purpose is the further recognition of Sonoma County

Findings, Recommendations & Other Matters

and/or regional areas, events and/or activities in order to achieve favorable media attention and/or large audience exposure”.

- 5) Examples of communication may include attendance at trade shows, public relations activities, in-county familiarization tours and marketing programs.
- 6) Public relations is defined as the business of inducing the public to have understanding for and goodwill toward a person, firm, or institution (i.e. the County).

EFFECT:

Grant funds may have been spent for purposes other than those approved by the County Board of Supervisors.

RECOMMENDATION:

- 1) The Community Investment Fund Policy (formerly the Advertising and Promotions Policy) and the grant agreement language should be made more clear and precise to assist in better identifying transactions that do not comply with the grant requirements.
- 2) Clear guidelines should be established for submitting documentation for reimbursement. All documentation submitted to support the grant reimbursement should comply with the grant agreement and/or the Community Investment Fund Policy.
- 3) We recommend that \$25,735 in grant funds disbursed to SCVA for SCWC either be refunded to the County or additional documentation be provided sufficient to support the expenditures.

MANAGEMENT RESPONSE:

Management concurs with the audit recommendations and plans to take the following actions.

- 1) Review the Community Investment Fund Policy and the grant agreement language to identify areas that need clarification and present recommended changes for approval by the Board of Supervisors.
- 2) Review and update the claim submission guidelines to include language that establishes clear expectations for supporting documents under each of the different grant categories. Additionally if promotional grants are continued in Fiscal Year 2019-2020, additional updates will be made to further clarify which transactions comply with the grant requirements.
- 3) Request additional documentation from SCVA to determine if the \$25,735 in grant funds were used in accordance to the Policy. If SCVA does not provide sufficient documentation, the CAO will request reimbursement.

Findings, Recommendations & Other Matters

FINDING 2

CONDITION:

New membership dues reported by the Russian River Chamber of Commerce were over stated by \$2,562 for the 2017 fiscal period.

CAUSE:

Russian River Chamber of Commerce staff incorrectly classified \$2,562 in prior period Advertising Fund reimbursements as new membership dues, and the County staff did not identify the error when processing the grant payment.

CRITERIA:

Funding may be provided to a Chamber of Commerce serving unincorporated areas of Sonoma County. Allocation of funds will be based upon an up to 10% match of membership dues and private cash contributions that are discretionary revenue to the chamber and are not associated with a particular event, function or position.

EFFECT:

The amount used to calculate new membership reimbursement due to the Russian River Chamber of Commerce was over stated by \$2,562 resulting in \$256 in over payment.

RECOMMENDATION:

The Russian River Chamber of Commerce should reimburse the County \$256. We recommend that claim submissions are reviewed for any miscoding of revenues or erroneous entries prior to reimbursement.

MANAGEMENT RESPONSE:

Management concurs with the audit recommendations and the CAO will request reimbursement of \$256 from the Russian River Chamber of Commerce.

OTHER MATTERS:

Some of the documentation submitted with the invoices for print or online promotional materials lacked evidence of the County of Sonoma logo and/or a statement indicating sponsorship as specified in the Advertising and Promotions Policy.

In certain instances it appears that only a few individual wineries participated in some of the media or public relations events and the documentation provided lacks information regarding how those wineries were selected.

Category C (Agricultural Promotion) claims included invoices from multiple agency's other than SCVA and do not specify which invoices submitted in the documentation are to be considered for reimbursement. The Advertising and Promotions Policy states that application requests that include multiple agency efforts will require

Findings, Recommendations & Other Matters

submission of agency budgets from all involved agencies. Budgets from other agencies were not submitted to the County.

The Advertising and Promotions Policy states that if county funds are redistributed to other agencies a Memorandum of Understanding (MOU) between agencies must be submitted with application. MOU's between SCVA and other agencies were not submitted to the County.

I. SOURCE OF FUNDS

The Transient Occupancy Tax (Hotel/Motel Tax or Bed Tax) is authorized under State Revenue and Taxation Code Section 7280 as an additional source of non-property tax revenue to local government. This tax is levied in Sonoma County at a rate of 9%. The code does not require any specific use of the Transient Occupancy Tax (TOT). Funds developed as a result of the TOT may be utilized for General Fund, Advertising Fund, or other purposes.

The Sonoma County Board of Supervisors has established a policy that 25% of the TOT funds are designated to the General Fund, and 75% of the funds will be used to finance advertising, promotional and other activities.

Activities performed utilizing Advertising Program grants provided to non-profit must also be consistent with Government Code Section 26100, which states that advertising funds may be utilized for the following purposes:

- A. Advertising, exploiting, and making known the resources of the county;
- B. Exhibiting or advertising the agricultural, horticultural, viticultural, mineral, industrial, commercial, climatic, educational, recreational, artistic, musical, cultural, and other resources or advantages of the county;
- C. Making plans and arrangements for a world's fair, trade fair, or other fair or exposition at which such resources may be exhibited;
- D. Doing any of such work in cooperation with or jointly by contract with other agencies, associations, or corporations.

For purposes of this policy:

- a. "Advertising" shall be taken to mean the cost of advertisements in radio, television, newspapers and magazines, printing of newsletters, direct mail, posters and handbills, internet and other paid advertising, the purpose of which is to draw an increased attendance at an event.
- b. "Promotions" shall be taken to mean costs of communication primarily directed outside of the County for which the purpose is the further recognition of Sonoma County and/or regional areas, events and/or activities in order to achieve favorable media attention and/or large audience exposure. Examples of communication may include attendance at trade shows, public relations activities, in-county familiarization tours and marketing programs.

II. POLICY STATEMENT

The Board of Supervisors wishes to encourage tourism, agriculture, and economic development in the County by supporting a series of promotional, community, and cultural, activities through the use of Advertising funds for: regional and national advertising, support of the community's spirit and its art/cultural programs, and promotion of other special events as deemed, by the Board, consistent with this Policy. Funding levels will be established annually based on collections.

Except where provided for differently, the Board has established the following general principles which shall govern the allocation of advertising funds:

Appendix B: Advertising and Promotions Policy

1. The Board may provide advertising funds to private non-profit organizations whose purpose is to promote cultural activities, historical preservation activities, promotional activities which enhance tourism and industry, and/or local community events which encourage a sense of community. For purposes of this policy, to qualify as a cultural or artistic organization, the organization must have an annual program consisting of a series of presentations and/or activities. The organization must also have subscriptions, season tickets, and/or non-exclusive memberships, which provides financial support for the organization.
2. Any event promoted by clubs, fraternal organizations, societies, human service organizations, and other similar type organizations, and for which the proceeds of the event will be used to fund other activities, are not eligible for Advertising funds.
3. Advertising fund grant awards will be based upon an evaluation of all application materials, with a focus on the return on investment and benefit to be gained, including potential tourism and business revenue, from providing financial support to the event/organization. Events and organizations who demonstrate ability to receive and/or contribute match funding or grants as the result of receipt of Advertising funds will be given priority consideration in the application review process and in consideration of amount of grant award.
4. Costs for staff salaries, overhead, travel expenses (such as transportation, lodging and/or meals) and fixed assets are not allowable advertising and promotions reimbursable expenses. (Economic Development, Historical Commission, and Departmental activities as indicated in section A.3, B, D, G and H are exempt from this provision.) Items provided for individual benefit are not allowed, such as t-shirts or wine glasses.
5. Entities will be required to include the County of Sonoma logo and/or statement indicating sponsorship and/or support on all printed and online promotional materials, unless otherwise requested or agreed upon with the County.
6. County funds are not to be used for individual business promotion or advertisement. Any business name mentioned in county funded materials must be a sponsor or direct participant in the event or promotional effort. Any listing of service or product providers or co-sponsors must be inclusive. Any advertising space or time purchased by an individual business must be clearly and separately identified as paid advertising.
7. Advertisers with multiple events are asked to submit only one (1) application per agency/IRS tax number. Advertisers may apply for grants for various events and under various categories within the single application. Each separate event or activity for which funds are requested must identify the category(s) under which the event qualifies and is applying for funds.

Appendix C: Report Item Risk Classification

For purposes of reporting audit findings and recommendations, audit report items are classified into three distinct categories to identify the perceived risk exposure:

- **Risk Classification A: Critical Control Weakness:**
Serious audit findings or a combination of Significant Control Weaknesses that represent critical exceptions to the audit objective(s), policies, and/or business goals of a department/agency or the County as a whole. Management is expected to address Critical Control Weaknesses brought to their attention immediately.

- **Risk Classification B: Significant Control Weakness:**
Audit findings or a combination of Control Findings that represent a significant deficiency in the design or operation of internal controls. Significant Control Weaknesses generally will require prompt corrective actions.

- **Risk Classification C: Control Findings:**
Audit findings concerning internal controls, compliance issues, or efficiency/effectiveness issues that require management's corrective action to implement or enhance processes and internal controls. Control Findings are expected to be addressed within our follow-up process.

The current status of implementation of recommendations will be followed up no later than the end of the second fiscal year after the report has been issued. Critical control weakness findings will be followed up between six months and one year of the date of the report.
