What do you like about the plan?

¿Qué es lo que le gusta acerca del plan?

- Covered picnic structure (#2) is great idea but it needs bigger area -
- improved Walkway is fantastic
- fact that existing layout is being reused is great idea - reduces overall costs.

What do you dislike about the plan, and what ideas do you have for improving it?

¿Qué es lo que no le gusta del plan, y que ideas tiene para mejorarlo?

- 1) Soccer natural turf: Can you please evaluate cost and savings for artificial turf - similar to Maxwell Park (can you piggyback on Maxwell park learnings?) - long term artificial is more cost/maintenance VS, upfront costs
- 2) more trees to block off 3+4 from (Hood) Houses
- 3) Shade for informal turf - ball field
So area can be used. Right now the players and families are using South side of area 1 for warmups because of the shady area (back)

④ toilets #9 → Please do study on Sunday morning soccer usage - How many people use the park and how many toilets are sufficient number. Currently, soccer players and families urinate in the trees south side of (#1 soccer pitch) - 2 stalls are Not enough for Sunday ams.

⑤ Keep art mural → make it.

What do you like about the plan?

¿Qué es lo que le gusta acerca del plan?

That it is going to be improved upon.

I think more money should be spent on

Larson and less on Andy Lopez Park.

What do you dislike about the plan, and what ideas do you have for improving it?

¿Qué es lo que no le gusta del plan, y que ideas tiene para mejorarlo?

Soccer field is way too big. And it's going to bring more traffic down DeChene Ave,

Bridge 19 should be bigger for

Strollers + bikes. Safety wise we

NEED 2 Bridges.

neighbor on De Chene - Samantha Chapin
on board - Jennifer Gray
neighbor who uses park - Robin Anderson
